

Nurse Aide and the Nurse Aide Registry as well as the Nurse Aide Training and Competency Evaluation Program are regulated by the Federal Nursing Home Regulations and Code of Federal Regulations. State Nurse Aide, Nurse Aide Registry and Nurse Aide Training Programs are also regulated by Nebraska statutes and regulations. Other States follow the same Federal rules/regulations for Nursing Home Nurse Aides. Other States have similar regulations for Nurse Aides although the hours of training can vary but can't be less than 75 hours.
