

Regulation Comparison
Psychology

ASPPB Licensure Requirements per state: <https://www.asppb.net/page/psybook>

Nebraska psychology licensing requirements are consistent with the majority of states. The 6 states surrounding Nebraska, Colorado, Iowa, Kansas, Missouri, South Dakota and Wyoming, all require an APA accredited program or equivalent, completion of an internship, and 1500 - 1800 hour post doctorate supervised experience.

The Psychology Interjurisdictional Compact (PSYPACT) has been created to facilitate telehealth and temporary in-person, face-to-face practice of psychology across jurisdictional boundaries. PSYPACT is an interstate compact, which is an agreement between states to enact legislation and enter into a contract for a specific, limited purpose or address a particular policy issue.
