44-165 Financial conglomerate; supervision on consolidated basis; director; powers; duties; application fee; violation; enforcement powers; administrative penalty; unfair trade practice; criminal penalty; appeal; expenses of supervision.

(1)(a) A financial conglomerate may submit to the jurisdiction of the Director of Insurance for supervision on a consolidated basis under this section. Supervision under this section shall be in addition to all statutory and regulatory requirements imposed on domestic insurers and shall be for the purpose of determining how the operations of the financial conglomerate impact insurance operations.

(b) For purposes of this section:

(i) Control has the same meaning as in section 44-2121; and

(ii) Financial conglomerate means either an insurance company domiciled in Nebraska or a person established under the laws of the United States, any state, or the District of Columbia which directly or indirectly controls an insurance company domiciled in Nebraska. Financial conglomerate includes the person applying for supervision under this section and all entities, whether insurance companies or otherwise, to the extent the entities are controlled by such person.

(2) The director may approve any application for supervision under this section that meets the requirements of this section and the rules and regulations adopted and promulgated under this section.

(3)(a) The director may adopt and promulgate rules and regulations for supervision of a financial conglomerate, including all persons controlled by a financial conglomerate, that will permit the director to assess at the level of the financial conglomerate the financial situation of the financial conglomerate, including solvency, risk concentration, and intra-group transactions.

(b) Such rules and regulations shall require the financial conglomerate to:

(i) Have in place sufficient capital adequacy policies at the level of the financial conglomerate;

(ii) Report to the director at least annually any significant risk concentration at the level of the financial conglomerate;

(iii) Report to the director at least annually all significant intra-group transactions of regulated entities within a financial conglomerate. Such reporting shall be in addition to all reports required under any other provision of Chapter 44; and

(iv) Have in place at the level of the financial conglomerate adequate risk management processes and internal control mechanisms, including sound administrative and accounting procedures.

(c) In adopting and promulgating the rules and regulations, the director:

(i) Shall consider the rules and regulations that may be adopted by a member state of the European Union, the European Union, or any other country for the supervision of financial conglomerates;

(ii) Shall require the filing of such information as the director may determine;

(iii) Shall include standards and processes for effective qualitative group assessment, quantitative group assessment including capital adequacy, affiliate transaction, and risk concentration assessment, risks and internal capital assessments, disclosure requirements, and investigation and enforcement powers;

(iv) Shall state that supervision of financial conglomerates concerns how the operations of the financial conglomerate impact the insurance operations;

(v) Shall adopt an application fee in an amount not to exceed the amount necessary to recover the cost of review and analysis of the application; and

(vi) May verify information received under this section.

(4)(a) If it appears to the director that a financial conglomerate that submits to the jurisdiction of the director under this section, or any director, officer, employee, or agent thereof, willfully violates this section or the rules and regulations adopted and promulgated under this section, the director may order the financial conglomerate to cease and desist immediately any such activity. After notice and hearing, the director may order the financial conglomerate to void any contracts between the financial conglomerate and any of its affiliates or among affiliates of the financial conglomerate and restore the status quo if such action is in the best interest of policyholders, creditors, or the public.

(b) If it appears to the director that any financial conglomerate that submits to the jurisdiction of the director under this section, or any director, officer, employee, or agent thereof, has committed or is about to commit a violation of this section or the rules and regulations adopted and promulgated under this section, the director may apply to the district court of Lancaster County for an order enjoining such financial conglomerate, director, officer, employee, or agent from violating or continuing to violate this section or the rules and regulations adopted and promulgated under this section and for such other equitable relief as the nature of the case and the interest of the financial conglomerate's policyholders, creditors, or the public may require.

(c)(i) Any financial conglomerate that fails, without just cause, to provide information which may be required under the rules and regulations adopted and promulgated under this section may be required by the director, after notice and hearing, to pay an administrative penalty of one hundred dollars for each day's delay not to exceed an aggregate penalty of ten thousand dollars. The director may reduce the penalty if the financial conglomerate demonstrates to the director that the imposition of the penalty would constitute a financial hardship to the financial conglomerate.

(ii) Any financial conglomerate that fails to notify the director of any action for which such notification may be required under the rules and regulations adopted and promulgated under this section may be required by the director, after notice and hearing, to pay an administrative penalty of not more than two thousand five hundred dollars per violation.

(iii) Any violation of this section or the rules and regulations adopted and promulgated under this section shall be an unfair trade practice under the Unfair Insurance Trade Practices Act in addition to any other remedies and penalties available under the laws of this state.

(d) Any director or officer of a financial conglomerate that submits to the jurisdiction of the director under this section who knowingly violates or assents to any officer or agent of the financial conglomerate to violate this section or the rules and regulations adopted and promulgated under this section may be

required by the director, after notice and hearing, to pay in his or her individual capacity an administrative penalty of not more than five thousand dollars per violation. In determining the amount of the penalty, the director shall take into account the appropriateness of the penalty with respect to the gravity of the violation, the history of previous violations, and such other matters as justice may require.

(e) After notice and hearing, the director may terminate the supervision of any financial conglomerate under this section if it ceases to qualify as a financial conglomerate under this section or the rules and regulations adopted and promulgated under this section.

(f) If it appears to the director that any person has committed a violation of this section or the rules and regulations adopted and promulgated under this section which so impairs the financial condition of a domestic insurer that submits to the jurisdiction of the director under this section as to threaten insolvency or make the further transaction of business by such financial conglomerate hazardous to its policyholders or the public, the director may proceed as provided in the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act to take possession of the property of such domestic insurer and to conduct the business thereof.

(g) If it appears to the director that any person that submits to the jurisdiction of the director under this section has committed a violation of this section or the rules and regulations adopted and promulgated under this section which makes the continued operation of an insurer contrary to the interests of policyholders or the public, the director may, after giving notice and an opportunity to be heard, suspend, revoke, or refuse to renew such insurer's license or authority to do business in this state for such period as the director finds is required for the protection of policyholders or the public. Any such determination shall be accompanied by specific findings of fact and conclusions of law.

(h)(i) Any financial conglomerate that submits to the jurisdiction of the director under this section that willfully violates this section or the rules and regulations adopted and promulgated under this section shall be guilty of a Class IV felony.

(ii) Any director, officer, employee, or agent of a financial conglomerate that submits to the jurisdiction of the director under this section who willfully violates this section or the rules and regulations adopted and promulgated under this section or who willfully and knowingly subscribes to or makes or causes to be made any false statements, false reports, or false filings with the intent to deceive the director in the performance of his or her duties under this section or the rules and regulations adopted and promulgated under this section shall be guilty of a Class IV felony.

(iii) Any person aggrieved by any act, determination, order, or other action of the director pursuant to this section or the rules and regulations adopted and promulgated under this section may appeal. The appeal shall be in accordance with the Administrative Procedure Act.

(iv) Any person aggrieved by any failure of the director to act or make a determination required by this section or the rules and regulations adopted and promulgated under this section may petition the district court of Lancaster County for a writ in the nature of a mandamus or a peremptory mandamus directing the director to act or make such determination forthwith.

(i) The powers, remedies, procedures, and penalties governing financial conglomerates under this section shall be in addition to any other provisions provided by law.

(5)(a) The director may contract with such qualified persons as the director deems necessary to allow the director to perform any duties and responsibilities under this section.

(b) The reasonable expenses of supervision of a financial conglomerate under this section shall be fixed and determined by the director who shall collect the same from the supervised financial conglomerate. The financial conglomerate shall reimburse the amount upon presentation of a statement by the director. All money collected by the director for supervision of financial conglomerates pursuant to this section shall be remitted in accordance with section 44-116.

(c) All information, documents, and copies thereof obtained by or disclosed to the director pursuant to this section shall be held by the director in accordance with sections 44-154 and 44-2138.

44-231 Domestic company; articles of incorporation; amendment; procedure; exception.

Except as otherwise provided in the Insurers Demutualization Act, any domestic insurance company, association, or society, hereinafter called company, may amend its articles of incorporation from time to time without limitation so long as the articles as amended contain only such provisions as are authorized in original articles of incorporation under Chapter 44. Proposed amendments to the articles shall be made in the following manner:

(1) The board of directors of such company shall adopt, by a two-thirds vote of all of the directors thereof, the proposed amendments to the articles of incorporation;

(2) Prior to the meeting of the shareholders or members at which the proposed amendments are to be considered, the proposed amendments, with all matters relating thereto, shall be submitted to the Department of Insurance for examination. If satisfied that the interests of the policyholders of such company and all concerned are properly protected and that no reasonable objections exist to the proposed amendments to the articles, the department may approve the same or it may require change or modification prior to any approval, as it may deem best for the interest of those affected; and

(3) If the Department of Insurance requires any changes or modifications of the proposed amendments to the articles of incorporation, such amendments shall be in turn submitted to and be adopted by a two-thirds vote of all the

directors of such company. The proposed amendments to the articles of incorporation as originally adopted or readopted, as the case may be, shall then be submitted to the shareholders or members of the company entitled to vote for adoption at a regular meeting or a special meeting thereof.

Except as hereinafter provided, notice of such a special meeting together with a description of the proposed amendment to the articles of incorporation shall be given to each shareholder or member entitled to vote in the manner authorized or approved by the department at least thirty days prior thereto.

If the proposed amendments to the articles of incorporation are to be considered at a regular annual meeting of the members or shareholders, the Director of Insurance may, in his or her discretion, require the giving of the same notice as is required for a special meeting.

If the proposed amendments to the articles of incorporation are to be considered at a special meeting of the members of a mutual or assessment company or at a regular annual meeting thereof, notice of which has been required, the Director of Insurance may, upon application of the board of directors of such company, permit the company to exclude from the members entitled to notice those who in the opinion of the director are not reasonably ascertainable.

If the proposed amendments to the articles of incorporation are adopted by a two-thirds vote of all the stock, if a stock company, by a vote of two-thirds of the members voting at such meeting in person or by proxy, if a mutual or assessment company, or pursuant to the Insurers Demutualization Act, then they shall be filed in the same offices as original articles of incorporation as provided in section 44-205, and the same notice shall be published.

44-249 Plan of exchange; adoption.

Any domestic stock insurance company may adopt a plan providing for the exchange of its outstanding shares for the consideration designated in this section to be paid or provided by a corporation which is to acquire such shares in the manner provided in sections 44-248 to 44-255.

The plan of exchange may provide that the acquiring corporation, as consideration for the stock of the domestic corporation, (1) transfer shares of its stock, (2) transfer other securities issued by it, (3) pay cash therefor, (4) pay or provide other consideration, or (5) pay or provide any combination of the foregoing types of consideration.

Acquiring corporation, as used in sections 44-248 to 44-255, shall mean any corporation incorporated under the laws of the State of Nebraska, any foreign or alien corporation domesticated or qualified to do business in Nebraska, or any foreign or alien insurance company authorized to do business in Nebraska.

44-250 Plan of exchange; approval by directors.

The board of directors of each corporation which is a party to a plan of exchange shall by resolution upon a vote of two-thirds of all of its directors approve a plan of exchange setting forth:

(1) The names of the companies proposing to adopt a plan of exchange, and the names of the states or countries under which each of the companies is incorporated or organized;

(2) The terms and conditions of the proposed plan of exchange, and the mode of carrying the same into effect;

(3) The manner and basis of exchanging the shares of stock of the acquired company or other consideration involved in the plan of exchange; and

(4) Such other provisions with respect to the plan of exchange as are deemed necessary or advisable.

44-251 Plan of exchange; approval; submit to shareholders.

(1) Such plan of exchange shall then be submitted to the Director of Insurance for his or her approval after a hearing at which the shareholders of the company to be acquired shall have an opportunity to be heard upon at least ten days' notice to be given by the company to its shareholders of record at the time of mailing such notice. The director shall approve such plan within twenty days after such hearing unless he or she finds that the terms and conditions thereof for the issuance and exchange of securities or other consideration are unfair to the shareholders of the company to be acquired or if he or she finds that any of the conditions set forth in subsection (1) of section 44-2127 exist.

(2) After having obtained the approval of the Director of Insurance, the plan of exchange shall be submitted to a vote at a meeting of the shareholders of the company to be acquired. Such meeting may be either an annual or a special meeting. Notice shall be given not less than twenty days before such meeting to each shareholder of record as of the time of mailing such notice. Such notice shall be deemed to be delivered when deposited in the United States mail with postage prepaid, addressed to the shareholder at his or her address as it appears on the records of the company. A copy or summary of the plan of exchange shall be included in or enclosed with such notice. Each outstanding share of such company shall be entitled to vote on the proposed plan, whether or not such share has voting rights under the provisions of the articles of incorporation of such company. The affirmative vote of two-thirds of all of the outstanding shares, in person or by proxy, shall be necessary for the approval of any such plan by such shareholders.

44-252 Plan of exchange; effective; abandon; when.

Upon such approval of the plan by the shareholders, it shall be executed by the company acquired by its president or vice president and by its secretary or an assistant secretary and shall become effective without other action upon the filing thereof with the Director of Insurance along with a certification as to the number of shares outstanding entitled to vote and the number of shares voted for and against such plan respectively. At any time prior to the filing of the

same with the director with such certification, the plan of exchange may be abandoned pursuant to the provisions therefor, if any, set forth in the plan.

44-253 Plan of exchange; disapproval by shareholder; demand for payment; disagreement; action of shareholder; judgment; payment; effect.

Any shareholder of the company acquired may elect to exercise a right of dissent by filing with the company, prior to or at the meeting of shareholders at which such proposed plan is submitted to a vote, written objections to such proposed plan. If such proposed plan be approved by the required vote and such shareholder shall not have voted in favor thereof, such shareholder may, within ten days after the date on which the vote was taken, make written demand on the company for payment of the fair value of such shareholder's shares, and, if such proposed plan is effected, such company shall pay to such shareholder, upon surrender of the certificate or certificates representing such shares, the fair value thereof as of the day prior to the date on which the vote was taken approving the proposed plan, excluding any appreciation or depreciation in anticipation of such corporate action. Any shareholder failing to make demand within the ten-day period shall be bound by the terms of the proposed plan. If the proposed plan shall be abandoned or rescinded or the shareholder shall revoke the authority to effect such action, then the right of such shareholder to be paid the fair value of his shares shall cease.

Within twenty days after such plan is effected, the company so acquired shall give written notice thereof to each dissenting shareholder who has made demand as provided in this section, and shall make a written offer to each such shareholder to pay for his shares at a specified price deemed by such company to be the fair value thereof.

If within thirty days after the date on which such plan was effected the fair value of such shares is agreed upon between any such dissenting shareholder and the company, payment therefor shall be made within ninety days after the date on which such plan was effected, upon surrender of the certificate or certificates representing such shares. Upon payment of the agreed value, the dissenting shareholder shall cease to have any interest in such shares.

If within such period of thirty days the dissenting shareholder and the company do not agree, then the dissenting shareholder may, within sixty days after the expiration of the thirty-day period, file a petition in any court of competent jurisdiction in the county in which the registered office of the company is situated asking for a finding and determination of the fair value of such shares, and shall be entitled to a judgment against the company for the amount of such fair value as of the day prior to the date on which such vote was taken approving such plan, together with interest thereon at the rate of five percent per year to the date of such judgment. The action shall be prosecuted as an equitable action and the practice and procedure shall conform to the practice and procedure in equity cases. The judgment shall be payable only upon and simultaneously with the surrender to the company of the certificate or certificates representing such shares.

Upon payment of the judgment, the dissenting shareholder shall cease to have any interest in such shares. Unless the dissenting shareholder shall file such petition within the time limited by the provisions of this section, such

shareholder and all persons claiming under him shall be conclusively presumed to have approved and ratified the plan and shall be bound by the terms thereof.

Shares acquired by the company pursuant to payment of the agreed value therefor or payment of the judgment entered therefor, as provided in this section, shall stand canceled unless otherwise provided for in the plan of exchange.

A proceeding by a dissenting minority shareholder for a finding and determination of the fair value of his shares under this section is in essence similar to an inverse condemnation action. Becker v. Natl. American Ins. Co., 202 Neb. 545, 276 N.W.2d 202 (1979).

In a proceeding by a dissenting shareholder seeking a finding and determination of the fair value of shares of stock under the provisions of this section the statutory provisions as to a judgment against the insurance company for the fair value of the shares together with interest, are mandatory. Becker v. Natl. American Ins. Co., 202 Neb. 545, 276 N.W.2d 202 (1979).

44-254 Plan of exchange; transfer; effect.

(1) Upon a plan of exchange becoming effective, the exchange provided for therein shall be considered to have been consummated and each shareholder of the stock insurance company acquired shall cease to be a shareholder of such company. The ownership of all shares of the issued and outstanding stock of such company shall vest in the acquiring corporation automatically without any physical transfer or deposit of certificates representing such shares. The acquiring corporation thereupon shall become the sole shareholder of such stock insurance company and have all of the rights, privileges, immunities and powers and, except as otherwise provided in sections 44-248 to 44-255, be subject to all the duties and liabilities to the extent provided by law of a shareholder of an insurance company organized under the laws of this state.

(2) Certificates representing shares of a domestic insurance company to be acquired prior to the plan of exchange becoming effective shall, after the plan of exchange becomes effective, represent (a) shares of the issued and outstanding capital stock or other securities issued by the acquiring corporation and (b) the right, if any, to receive cash or other consideration upon such terms as are specified in the plan of exchange. The plan of exchange may specify that all such certificates shall after the plan of exchange becomes effective represent only the right to receive shares of stock or other securities issued by the acquiring corporation, or cash or other consideration or any combination thereof, upon such terms as are specified in the plan of exchange.

44-255 Plan of exchange; corporate status.

The stock company acquired under a plan of exchange and the acquiring corporation shall be in all respects separate and distinct corporations, with neither corporation having any liability to the creditors or policyholders, if any, or shareholders of the other for any acts or omissions of the officers, directors, or shareholders of either or both of such corporations.

(i) Delivery to an electronic mail address at which a party has consented to receive notices or documents; or

(ii) Posting on an electronic network or site accessible via the Internet, mobile application, computer, mobile device, tablet, or any other electronic device, together with separate notice of the posting which shall be provided by electronic mail to the address at which the party has consented to receive notices or documents or by any other delivery method that has been consented to by the party; and

(b) Party means any recipient of any notice or document required as part of a first-party insurance transaction, including, but not limited to, an applicant, an insured, or a policyholder.

(2) Subject to the requirements of this section, any notice to a party or any other document required under applicable law in an insurance transaction or that is to serve as evidence of insurance coverage may be delivered, stored, and presented by electronic means so long as it meets the requirements of the Uniform Electronic Transactions Act.

(3) Delivery of a notice or document in accordance with this section shall be considered equivalent to any delivery method required under applicable law, including delivery by first-class mail, registered mail, certified mail, certificate of mailing, or a commercial mail delivery service. In any instance in which proof of receipt is required for a mailing, the electronic delivery method used must provide for verification or acknowledgment of receipt.

(4) A notice or document may be delivered by electronic means by an insurer to a party under this section if:

(a) The party has affirmatively consented to such method of delivery and has not withdrawn the consent;

(b) The party, before giving consent, is provided with a clear and conspicuous statement informing the party of:

(i) The right of the party to withdraw consent to have a notice or document delivered by electronic means at any time;

(ii) Any conditions or consequences imposed in the event consent is withdrawn;

(iii) The transactions and types of notices and documents to which the party's consent would apply;

(iv) The right of a party to have a notice or document delivered in paper form by mail and the means, after consent is given, by which a party may obtain a paper copy of a notice or document delivered by electronic means; and

(v) The procedure a party must follow to withdraw consent to have a notice or document delivered by electronic means and to update the party's electronic mail address;

(c) The party:

(i) Before giving consent, is provided with a statement of the hardware and software requirements for access to and retention of a notice or document delivered by electronic means; and

(ii) Consents electronically, or confirms consent electronically, in a manner that reasonably demonstrates that the party can access information in the electronic form that will be used for notices or documents delivered by electronic means as to which the party has given consent; and

(d) After consent of the party is given, the insurer, in the event a change in the hardware or software requirements needed to access or retain a notice or document delivered by electronic means creates a material risk that the party will not be able to access or retain a subsequent notice or document to which the consent applies:

(i) Provides the party with a statement that describes:

(A) The revised hardware and software requirements for access to and retention of a notice or document delivered by electronic means; and

(B) The right of the party to withdraw consent without the imposition of any condition or consequence that was not disclosed at the time of initial consent; and

(ii) Complies with subdivision (4)(b) of this section.

(5) This section does not affect requirements related to content or timing of any notice or document required under applicable law.

(6) If any provision of Chapter 44 or any other applicable law requiring a notice or document to be provided to a party expressly requires verification or acknowledgment of receipt of the notice or document, the notice or document may be delivered by electronic means only if the method used provides for verification or acknowledgment of receipt.

(7) If verification or acknowledgment of receipt is not obtained, the notice or document shall be sent to the party by mail as prescribed by Chapter 44. If two or more electronic communications to the party are returned as undeliverable during a thirty-day period, all future communications shall be sent to the party by first-class or other mail as prescribed by law unless and until the party consents electronically, or confirms electronically, in a manner that reasonably demonstrates that the party can access information in the electronic form that

will be used for notices or documents delivered by electronic means as to which the party has given consent.

(8) A withdrawal of consent by a party does not affect the legal effectiveness, validity, or enforceability of a notice or document delivered by electronic means to the party before the withdrawal of consent is effective. A withdrawal of consent by a party is effective within a reasonable period of time after receipt of the withdrawal by the insurer. Failure by an insurer to comply with subdivision (4)(d) of this section may be treated, at the election of the party, as a withdrawal of consent for purposes of this section.

(9) This section does not apply to a notice or document delivered by an insurer in an electronic form before September 1, 2019, to a party who, before such date, has consented to receive notices or documents in an electronic form otherwise allowed by law.

(10) If the consent of a party to receive certain notices or documents in an electronic form is on file with an insurer before September 1, 2019, and pursuant to this section an insurer intends to deliver additional notices or documents to such party in an electronic form, then prior to delivering such additional notices or documents electronically, the insurer shall provide the party with a statement that describes:

(a) The notices or documents that will be delivered by electronic means under this section that were not previously delivered electronically; and

(b) The party's right to withdraw consent to have notices or documents delivered by electronic means without the imposition of any condition or consequence that was not disclosed at the time of initial consent.

(11) An insurer shall deliver a notice or document by any other delivery method permitted by law other than electronic means if:

(a) The insurer attempts to deliver the notice or document by electronic means and has a reasonable basis for believing that the notice or document has not been received by the party; or

(b) The insurer becomes aware that the electronic mail address provided by the party is no longer valid.

(12) A producer shall not be subject to civil liability for any harm or injury that occurs as a result of a party's election to receive any notice or document by electronic means or by the insurer's failure to deliver a notice or document by electronic means.

(13) This section shall not be construed to modify, limit, or supersede the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001 et seq., as such act existed on September 1, 2019.

(14) This section shall apply only to life insurance policies, annuity contracts, and property and casualty insurance policies.

Any loan permitted under this subsection shall be secured by a first trust deed or first mortgage and shall not exceed seventy-five percent of the market value of the property. 44-358 Policies; misrepresentations; warranties; conditions; effect.

1. Misrepresentation
2. Breach of condition
3. Miscellaneous

1. Misrepresentation

In Nebraska there is a common-law right to rescind or avoid insurance policies for material misrepresentations, which is recognized in and limited by this provision. This section has been interpreted to recognize the right to avoid a policy of insurance under certain circumstances in the case of material misrepresentations by the insured. An accident resulting in injury or damage to a third person does not destroy the right of an insurer to rescind an automobile liability insurance policy for fraud in the application. Glockel v. State Farm Mut. Auto. Ins. Co., 224 Neb. 598, 400 N.W.2d 250 (1987).

This section shall be read in pari materia with section 44-710.14. White v. Medico Life Ins. Co., 212 Neb. 901, 327 N.W.2d 606 (1982).

The exclusion of flight by pilot without medical certificate was not invalidated by this section. Omaha Sky Divers Parachute Club, Inc. v. Ranger Ins. Co., 189 Neb. 610, 204 N.W.2d 162 (1973).

Policy avoided where insured knowingly misrepresented condition of health with intent to deceive insurer to its injury. Vackiner v. Mutual of Omaha, 182 Neb. 611, 156 N.W.2d 163 (1968).

This section does not deprive an insurance company of the defense of fraud. Sorter v. Citizens Fund Mutual Fire Ins. Co., 151 Neb. 686, 39 N.W.2d 276 (1949).

Where a question in an application for insurance calls for an answer peculiarly within the knowledge of the applicant, an untrue answer relating to a matter material to the risk and relied upon by the insurer will avoid the policy. Gillan v. Equitable Life Assurance Society, 143 Neb. 647, 10 N.W.2d 693 (1943).

To defeat recovery on the ground of fraudulent representations, the insurance company must prove that the representations were untrue, were made by the insured knowingly with the fraudulent intent to deceive, and that they were material to the risk and were relied upon by the defendant. Carpenter v. Sun Indemnity Co., 138 Neb. 552, 293 N.W. 400 (1940).

The mere failure or omission to state the name of a physician and a treatment by him of some temporary indisposition or ailment will not avoid policy. McCleneghan v. London Guarantee & Accident Co., Ltd., 132 Neb. 131, 271 N.W. 276 (1937).

Untrue answers in application for disability benefit contract, attached to life insurance policy, will avoid the policy where, if truth had been told, contract would not have been issued. Scott v. New England Mutual Life Ins. Co., 126 Neb. 514, 253 N.W. 685 (1934).

Where false answer is inserted in application by agent of insurer, the applicant having made full and honest answers to agent's questions, the insurer cannot take advantage of such false statement to void the policy. Roth v. Employers Fire Ins. Co., 123 Neb. 300, 242 N.W. 612 (1932).

Defense of fraud in action to recover on policy is not precluded and right of such defense is not defeated by showing that false statement did not contribute to loss. Goodell v. Union Automobile Ins. Co., 111 Neb. 228, 196 N.W. 112 (1923); Muhlbach v. Illinois Bankers Life Assn., 108 Neb. 146, 187 N.W. 787 (1922).

Statements contained in application for insurance policy are not construed as warranties unless provisions of application and policy taken together leave no room for any other construction. Farmers Union Grain Co. v. U.S. Fidelity & Guaranty Co., 109 Neb. 142, 190 N.W. 221 (1922).

Misrepresentations made in an application for fire insurance will not bar recovery on the policy if the misrepresentations do not contribute to the loss or deceive the insurer to its injury. Central Granaries Co. v. Nebraska L. M. Ins. Assn., 106 Neb. 80, 182 N.W. 582 (1921).

Where the application for insurance did not correctly state the year in which the car was made, but did state facts from which the correct year could have been ascertained by the use of ordinary diligence, and where the car had been rebuilt, recovery on the policy is not barred as a matter of law by the insurer being deceived to its injury. Traynor v. Auto. Mut. Ins. Co., 105 Neb. 677, 181 N.W. 566 (1921).

2. Breach of condition

Maintaining proof of an insured's qualification to perform a covered activity is the type of condition subsequent that this section was intended to address. Devese v. Transguard Ins. Co., 281 Neb. 733, 798 N.W.2d 614 (2011).

The contribute-to-the-loss standard in this section applies to breaches of preloss conditions subsequent and continuing warranties that function as conditions subsequent. Regardless of an insurer's labeling, a clause in an insurance policy that requires an insured to avoid an increased hazard is a preloss condition subsequent for coverage. D & S Realty v. Markel Ins. Co., 280 Neb. 567, 789 N.W.2d 1 (2010).

This section was intended to limit an insurer's ability to avoid liability for breach of increased hazard conditions which are so broad that an insured's violation of them is not causally relevant to the loss. D & S Realty v. Markel Ins. Co., 280 Neb. 567, 789 N.W.2d 1 (2010).

This section does not relate to a breach of the terms of a policy which could arise only after the loss has occurred. This section relates to the question of a recoverable loss and not to the question of procedure to be followed in collecting for the loss. This section concerns warranties which are conditions precedent to the existence of an insurance contract, not with promissory warranties the fulfillment of which are conditions precedent to recovery. Coppi v. West Am. Ins. Co., 247 Neb. 1, 524 N.W.2d 804 (1994).

The second sentence of this section has no application to a breach which could only arise after a loss has occurred. Ach v. Farmers Mut. Ins. Co., 191 Neb. 407, 215 N.W.2d 518 (1974); Clark v. State Farmers Ins. Co., 142 Neb. 483, 7 N.W.2d 71 (1974).

Failure to give notice of replacement automobile is not a breach of contract under this section; rule regarding coverage under automatic insurance provisions for replacement automobiles stated. Christiansen v. Moore, 184 Neb. 818, 172 N.W.2d 620 (1969).

Taking out of additional insurance, in violation of terms of policy, does not avoid the policy or permit the insurer to avoid liability where the breach did not contribute to the loss. Slafter v. New Brunswick Fire Ins. Co., 142 Neb. 209, 5 N.W.2d 217 (1942).

Statutory provision that insured's breach of contract will not avail insurer to avoid liability unless it contributes to the loss, is by construction part of the insurance contract. Ware v. Home Mutual Ins. Assn., 135 Neb. 329, 281 N.W. 617 (1938).

Breach of promissory warranty in policy of insurance against loss by theft to the effect that in case of damage to property the insured would use due care to protect the property from loss by theft, will prevent recovery on such policy for loss by theft, when such breach existed at time of such loss and contributed to the loss. In allowing attorney's fee in action on automobile liability insurance policy, court may consider the amount involved, responsibility assumed, questions of law raised, time and labor required, results obtained, and professional diligence and skill. Andrews v. Commercial Casualty Ins. Co., 128 Neb. 496, 259 N.W. 653 (1935).

In fixing attorney's fee, court will consider nature of litigation, amount involved, result, time spent, attorney's standing, subject to exceptions and review. Allen v. Tallon, 120 Neb. 611, 234 N.W. 411 (1931).

Reasonableness of attorney's fee is question of fact. First Nat. Bank of Lincoln v. Lincoln Grain Co., 116 Neb. 809, 219 N.W. 192 (1928).

4. Allowance in federal courts

Attorney's fee may be recovered in federal court under Nebraska statute, but it is not costs in the ordinary sense, and not within the field of costs legislation covered by federal statutes. Henkel v. Chicago, St. P. M. & O. Ry. Co., 284 U.S. 444 (1932).

In suit on insurance policy in federal court in Nebraska, attorney's fees may be properly allowed as part of costs and included in judgment. People of Sioux County v. National Surety Co., 276 U.S. 238 (1928).

Attorney's fee was properly allowed on fidelity bond. Hartford Acc. & Ind. Co. v. Baldwin, 262 F.2d 202 (8th Cir. 1958).

Where district court allowed substantial attorney's fees, further allowance on appeal in federal court was not justified where reasonable ground for contesting liability existed. Travelers Mut. Cas. Co. v. Rector, 138 F.2d 396 (8th Cir. 1943).

Attorney's fee may be fixed by court without evidence. Globe Indemnity Co. v. Sulpho-Saline Bath Co., 299 F. 219 (8th Cir. 1924).

Machinery floater policies are not within the class of policies contemplated by this section. Babcock & Wilcox Co. v. Parsons Corp., 298 F.Supp. 898 (D. Neb. 1969).

Attorney's fee was allowance even though action was brought in federal court rather than state court. Baldwin v. Hartford Acc. & Ind. Co., 168 F.Supp. 86 (D. Neb. 1958).

5. Miscellaneous

Attorney fees are costs awarded to prevailing parties; attorney fees are not damages, either compensatory or punitive in nature. Brodersen v. Traders Ins. Co., 246 Neb. 688, 523 N.W.2d 24 (1994).

This section does not violate the equal protection clause. Farm Bureau Life Ins. Co. v. Luebbe, 218 Neb. 694, 358 N.W.2d 754 (1984).

Attorney's fees taxed as costs are considered no part of the judgment recovered, and should not be included in computing amount due attorney under contingent fee agreement. Solomon v. Farney, Inc., 136 Neb. 338, 286 N.W. 254 (1939).

Allowance of attorney's fees is subject to revisory action of Supreme Court in consideration of all of the facts disclosed by the record. Hemmer v. Metropolitan Life Ins. Co., 133 Neb. 470, 276 N.W. 153 (1937).

Allowance of proper attorney's fee for counsel engaged in addition to regular salaried city attorney was proper. City of Scottsbluff v. Southern Surety Co., 124 Neb. 260, 246 N.W. 346 (1933).

Attorney's fee taxed as costs is no part of judgment and is subject to exceptions and review in like manner as taxation of other costs. Wirtele v. Grand Lodge, A. O. U. W., 111 Neb. 302, 196 N.W. 510 (1923).

This section is procedural rather than substantive and will apply even if another state's law governs the contract. City of Carter Lake v. Aetna Cas. & Sur. Co., 604 F.2d 1052 (8th Cir. 1979).

Claim for attorney's fees, in suit on policy, if made in good faith, may be included as part of amount in controversy in determining jurisdiction of federal court. Mutual Ben. Health & Accident Assn. v. Bowman, 96 F.2d 7 (8th Cir. 1938).

44-360 Insurance companies; agreements affecting rates or lessening competition; prohibited; appeal.

If any insurance company authorized to transact business in this state or any agent or representative thereof shall, either within or outside this state, directly

or indirectly, enter into any contract, understanding, or combination with any other insurance company, agent, or representative thereof or with any association of such companies or agents, for the purpose of controlling the rates to be charged for insuring any risk or class or classes of risks in this state or for the purpose of, or that may have the tendency or effect of, preventing or lessening lawful competition in the transaction of the business of insurance in this state, the Department of Insurance shall forthwith revoke its license and the licenses of its agents, and no renewal of the license shall be granted until after the expiration of one year from the date of final revocation. 44-370 Life insurance policy; proceeds; payments; sale; surrender; pledge; change of beneficiary.

A life insurance company may provide that the amount to become due under a policy shall be paid in installments to a beneficiary therein named. If such beneficiary shall die before all said installments are paid, said policy may provide to whom the remaining ones shall be paid. Any person holding a policy in any such company may, without the consent of the beneficiary, unless the appointment of such beneficiary be irrevocable, either sell and surrender the same to the company, or pledge or assign the same as security for a debt, which, if due the company, shall be secured by said policy, whether it is in the possession of the company or not; or, with the consent of the company, he may change his beneficiary unless the appointment of such beneficiary be irrevocable.

The phrase ''person holding a policy,'' used in this section, describes the owner of the policy. creditors of the insured and of the beneficiary if related to the insured by blood or marriage, unless a written assignment to the contrary has been obtained by the claimant.

(b) Subdivision (1)(a) of this section shall not apply to:

(i) An individual's aggregate interests greater than one hundred thousand dollars in all loan values or cash values of all matured or unmatured life insurance contracts and in all proceeds, cash values, or benefits accruing under all annuity contracts owned by such individual; and

(ii) An individual's interest in all loan values or cash values of all matured or unmatured life insurance contracts and in all proceeds, cash values, or benefits accruing under all annuity contracts owned by such individual, to the extent that the loan values or cash values of any matured or unmatured life insurance contract or the proceeds, cash values, or benefits accruing under any annuity contract were established or increased through contributions, premiums, or any other payments made within three years prior to bankruptcy or within three years prior to entry against the individual of a money judgment which thereafter becomes final.

(c) An insurance company shall not be liable or responsible to any person to determine or ascertain the existence or identity of any such creditors prior to payment of any such loan values, cash values, proceeds, or benefits.

(2) Notwithstanding subsection (1) of this section, proceeds, cash values, and benefits accruing under any annuity contract or under any policy or certificate of life insurance payable upon the death of the insured to a beneficiary other than the estate of the insured shall not be exempt from attachment, garnishment, or other legal or equitable process by a judgment creditor of the beneficiary if the judgment against the beneficiary was based on, arose from, or was related to an act, transaction, or course of conduct for which the beneficiary has been convicted by any court of a crime punishable only by life imprisonment or death. No insurance company shall be liable or responsible to any person to determine or ascertain the existence or identity of any such judgment creditor prior to payment of any such proceeds, cash values, or benefits. 44-372 Life insurance; annuity; nonpayment of premium; effect.

Any policy containing a provision for a deferred annuity on the life of the insured only, unless paid for by a single premium, shall provide that in the event of the nonpayment of any premium after three full years' premium shall

44-386 Unincorporated mutual associations; business authorized; contributions; restrictions; exceptions.

Nothing in Chapter 44 shall be construed to prevent any number of persons, not to exceed two thousand five hundred, who are residents of this state from making mutual pledges and giving valid obligations to each other for their own

insurance from loss by fire, lightning, tornado, cyclone, windstorms, hail, death, or other cause for which insurance may be obtained under any of the laws of this state. Such association of persons shall in no case insure any property not owned by one of their number and no life except that of their number, nor shall the provisions of Chapter 44, article 3, or the Insurers Investment Act be applicable to such associations of persons except that the Department of Insurance may require such reports as it deems advisable. Such associations of persons shall receive no premiums, shall make no dividends, and shall not hire or compensate any agent, solicitors, adjusters, or appraisers. Officers and employees of such association shall be hired by the board of directors. All salaries of such officers and employees shall be approved by the board, but in no case shall such salaries exceed ten dollars per day. No such association of persons shall ever make any levies or collect any money from its members or prospective members except to pay for losses on property or lives insured and such expenses as are necessary and incidental to the operation of such association, except that one membership fee of not more than five dollars per person may be charged at the time of entrance for the purpose of providing a fund, which shall not be in excess of one hundred fifty percent of the average monthly disbursement during such calendar year at the end of each calendar year unless specifically approved by the director each year, out of which benefits may be paid pending assessment receipts and for the purpose of paying initial expenses. All fees and receipts shall be debited to the assets of the association and shall be expended as allowable for expenses, salaries, and benefits or distributed as provided in this section. No money shall be paid or donated to any organization or to any person except as a benefit or as an allowable salary or expense. All expenses including salaries shall not exceed twenty percent of all assessments, levies, and fees received. No surplus except that in the fund described in this section shall be maintained or allowed. Advance payments of assessments shall not be considered as surplus money for purposes of this section. All surplus money except that maintained in the fund and that allowed for expenses and salaries must be distributed to the members, except that if membership in such association is limited to the employees or former employees of a particular employer and such employer has contributed funds to such association to be used to pay benefits to the members in the period during which any such surplus fund was accumulated, then upon any distribution of such surplus, other than in payment of expenses, salaries, and benefits, whether upon the order of the Director of Insurance or otherwise, such distribution shall be equitably divided among the members in good standing on the date of such distribution and such employer in proportion to their respective contributions made in the period during which such surplus was accumulated. No such distribution shall be made until approved by the director.

A provision in an automobile liability policy or endorsement which is effective in this state and which grants the insurer the right of subrogation for payment of benefits under the medical payments coverage portion of the policy shall be valid and enforceable, except that if the claimant receives less than actual economic loss from all parties liable for the bodily injuries, subrogation of medical payments shall be allowed in the same proportion that the medical expenses bear to the total economic loss. For purposes of this section, it shall be conclusively presumed that any settlement or judgment which is less than the policy limits of any applicable liability insurance coverage constitutes complete recovery of actual economic loss.

The conclusive presumption found in this section does not violate due process because it does not impair a constitutionally protected right and it meets the standard of legislative reasonableness. Ploen v. Union Ins. Co., 253 Neb. 867, 573 N.W.2d 436 (1998).

44-3,129 Health care coverages or services; legislative intent.

The Legislature recognizes the increasing number of proposals to mandate or require the offering of health care coverages or services by insurance or otherwise, health care service contractors, and health maintenance organizations as a component of insurance policies or employee welfare benefit plans. Improved access to health care services by segments of the population which desire such services can provide beneficial social and health consequences which may be in the public interest.

The cost ramifications of expanding health care coverages and services are a growing concern. The structures of such coverages or services and the steps taken to create incentives to provide cost-effective services or to take advantage

of cost-offsetting features of services can significantly influence the cost impact of mandating particular coverages and services.

44-3,158 Workers' compensation insurance; assigned risk system; director; powers; certain actions of employer; effect.

(1) For purposes of this section:

(a) Assigned risk employer means a Nebraska employer that is in good faith entitled to, but is unable to obtain, workers' compensation insurance through ordinary methods; and

(b) Director means the Director of Insurance.

(2)(a) The director shall enter into an agreement with one or more workers' compensation insurers to provide workers' compensation insurance to assigned risk employers. In selecting an insurer to become an assigned risk insurer, the

director shall consider the cost of coverage to assigned risk employers, the loss control and claims handling services available from the workers' compensation insurer, the financial condition of the workers' compensation insurer, and any other relevant factors. An agreement entered into under this subsection may not exceed five years.

(b) If the director determines that the cost of workers' compensation insurance premiums for an insurer to provide assigned risk coverage pursuant to such an agreement would be unreasonably high, the director may enter into an agreement in which the assigned risk insurer covers a portion of the losses incurred by the assigned risk employer. Any agreement that involves an average rate level of less than two and one-half times the prospective loss costs approved for an advisory organization pursuant to section 44-7511 shall not be considered unreasonably high for the purposes of this section. Pursuant to any such agreement, remaining losses shall be assessed against all workers' compensation insurers writing workers' compensation insurance in this state and risk management pools created under the Intergovernmental Risk Management Act based on their workers' compensation premiums written in this state or contributions made to risk management pools. Assigned risk premiums shall be excluded from the basis for such assessments.

(c) If the assigned risk system described in subdivisions (2)(a) and (b) of this section ceases to be viable because no qualified insurer is willing to provide workers' compensation coverage at an average rate level of two and one-half times the prospective loss costs approved for an advisory organization pursuant to section 44-7511 without also requiring substantial sharing of losses with all other workers' compensation insurers writing workers' compensation insurance in this state and risk management pools created under the Intergovernmental Risk Management Act, then the director may, after consultation with insurers authorized to issue workers' compensation insurance policies in this state, create a reasonable alternative assigned risk system involving the sharing of premiums and losses for assigned risk employers among all such workers' compensation insurers writing workers' compensation insurance in this state and such risk management pools. If established, such alternative assigned risk system shall not utilize an average rate level of less than two and one-half times the prospective loss costs approved for an advisory organization pursuant to section 44-7511.

(3) The director may adopt and promulgate rules and regulations to carry out this section.

(4) An employer shall not be considered to be in good faith entitled to be covered by workers' compensation insurance under this section if:

(a) The employer is required to establish a safety committee pursuant to sections 48-443 to 48-445 and is not in compliance with such sections;

(b) The employer is in default on workers' compensation premiums;

(c) The employer has failed to reimburse an insurer for amounts to be repaid pursuant to workers' compensation insurance written on a policy with a deductible;

(d) The employer has failed to provide an insurer reasonable access to books and records necessary for a premium audit;

(e) The employer has defrauded or attempted to defraud an insurer; or

(f) The employer is found to have been owned or controlled by persons who owned or controlled a prior employer that is or would be ineligible for coverage pursuant to subdivisions (4)(b) through (e) of this section.

44-402.05 Variable life contracts; rules and regulations.

Notwithstanding any other provision of law, the Director of Insurance shall have the authority to adopt such reasonable rules and regulations as are appropriate and necessary to regulate the issuance and sale of variable life contracts. Such rules and regulations may relate to, but shall not be limited to, qualifications of foreign and domestic insurance companies and agents, required and prohibited policy provisions, the inapplicability of certain sections of Chapter 44, to variable life contracts, establishment and maintenance of separate accounts, filing of contracts and required reports, and examination of records. 44-403 Life insurance; standard of valuation; policies issued prior to operative date of law.

This section shall apply to only those policies and contracts issued prior to the operative date defined in section 44-407.07 (the Standard Nonforfeiture Law for Life Insurance). All such valuations made by the Department of Insurance, or by its authority, shall be according to the standard of valuation adopted by the company, which standard shall be stated in its annual report to the department. Such standard of valuation, whether on the net level premium, preliminary term, any modified preliminary term, or select and ultimate reserve basis, for all such policies issued after July 17, 1913, shall be according to the American Experience or Actuaries' Table of Mortality, with not less than three and not more than four percent compound interest. When the preliminary term basis is used it shall not exceed one year. Insurance against total and permanent mental or physical disability resulting from accident or disease, or against accidental death, combined with a policy of life insurance, shall be valued on the basis of the mean reserve, being one-half of the additional annual premium charged therefor. Except as otherwise provided in subsection (3) of section 44-8907 for all annuities and pure endowments purchased on or after the operative date of such subsection under group annuity and pure endowment contracts, the legal minimum standard for the valuation of annuities shall be McClintock's Table of Mortality Among Annuitants, or the American Experience Table of Mortality, with compound interest at three and one-half percent per annum for individual annuities and five percent per annum for group annuities, but annuities deferred ten or more years, and written in connection with life or term insurance, shall be valued on the same mortality table from which the consideration or premiums were computed, with compound interest not higher than three and one-half percent per annum. The legal standard for the valuation of industrial policies shall be the American Experience Table of Mortality, with compound interest at not less than three nor more than three and one-half percent per annum, except that any life insurance company may voluntarily

value its industrial policies written on the weekly payment plan according to the Standard Industrial Mortality Table or the Substandard Industrial Mortality Table. Reserves for all such policies and contracts may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this section.

44-406 Life insurance; nonforfeiture benefits.

This section shall apply only to policies of life insurance issued prior to the operative date defined in section 44-407.07 (the Standard Nonforfeiture Law). The nonforfeiture benefit referred to in provision (9) of section 44-502 shall be available to the owner of the policy, in event of default in premium payments after premiums shall have been paid for three years, and shall be a stipulated form of insurance, the net value of which shall be at least equal to the reserve, at the date of default on the policy, and on any dividend additions thereto, less a sum not more than two and one-half percent of the amount insured by the policy, and of any existing dividend additions thereto, and less any existing indebtedness to the company on the policy. The policy shall specify the mortality table and rate of interest adopted for computing such reserves and shall stipulate that it may be surrendered to the company at its home office within one month from date of default, for a specified cash value at least equal to the sum which would otherwise be available for the purchase of insurance as

44-407.01 Policies issued on or after operative date of law; provisions required.

In the case of policies issued on or after the operative date of this section, as defined in section 44-407.07, no policy of life insurance, except as stated in section 44-407.06, shall be delivered or issued for delivery in this state unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the Department of Insurance are at least as favorable to the defaulting or surrendering policyholder as are the minimum requirements specified in this section and are essentially in compliance with section 44-407.26: (a) That, in the event of default in any premium payment, the company will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such amount as may be hereinafter specified. In lieu of such stipulated paid-up nonforfeiture benefit, the company may substitute, upon proper request not later than sixty days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits. (b) That, upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified. (c) That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty days after the due date of the premium in default. (d) That, if the policy shall have become paid up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance, or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within thirty days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified. (e) In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate, and method used in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. In the case of all other policies, a statement of the mortality table and interest rate

used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary either during the first twenty policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy. (f) A statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance law of the state in which the policy is delivered; an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated therein, a statement that such method of computation has been filed with the insurance supervisory official of the state in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy. Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy. The company shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

44-407.02 Policies issued on or after operative date of law; default in premium payment on policy anniversary; cash surrender value.

Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by section 44-407.01, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (a) the then present value of the adjusted premiums as defined in sections 44-407.04, 44-407.08, 44-407.09, and 44-407.24, corresponding to premiums which would have fallen due on and after such anniversary, and (b) the amount of any indebtedness to the company on the policy. For any policy issued on or after the operative date of section 44-407.24 as defined therein, which provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium by rider or supplemental policy provision, the cash surrender value referred to in the first paragraph of this section shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such rider or supplemental policy provision and the cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such rider or supplemental policy provision.

For any family policy issued on or after the operative date of section 44-407.24 as defined therein, which defines a primary insured and provides

term insurance on the life of the spouse of the primary insured expiring before the spouse's age seventy-one, the cash surrender value referred to in the first paragraph of this section shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such term insurance on the life of the spouse and the cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such term insurance on the life of the spouse.

Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by section 44-407.01, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy.

44-407.03 Policies issued on or after operative date of law; default in premium payment on policy anniversary; paid-up nonforfeiture benefit.

Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by sections 44-407 to 44-407.09 and 44-407.24 to 44-407.26 in the absence of the condition that premiums shall have been paid for at least a specified period.

44-407.04 Policies issued on or after operative date of law; adjusted premiums; basis of calculation; exception.

(a) Except as provided in subsection (c) of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairments or special hazards, that the present value, at the date of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy, (ii) two percent of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy, (iii) forty percent of the adjusted premium for the first policy year, and (iv) twenty-five percent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less; *Provided,* that in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed four percent of the amount of insurance or uniform amount equivalent thereto. The date of a

policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(b) In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this section shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; *Provided*, that in the case of a policy providing a varying amount of insurance issued on the life of a child under age ten, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten were the amount provided by such policy at age ten.

(c) The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be equal to (1) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by (2) the adjusted premiums for such term insurance, the foregoing items (1) and (2) being calculated separately and as specified in subsections (a) and (b) of this section except that, for the purposes of (ii), (iii), and (iv) of subsection (a), the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in (2) shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in subdivision (1) of this subsection.

(d) Except as provided in sections 44-407.08 and 44-407.09, all adjusted premiums and present values referred to in sections 44-407 to 44-407.09 and 44-407.24 to 44-407.26, shall for all policies of ordinary insurance be calculated on the basis of the Commissioners 1941 Standard Ordinary Mortality Table and such calculations for all policies of industrial insurance shall be made on the basis of the 1941 Standard Industrial Mortality Table; *Provided*, that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured. All calculations shall be made on the basis of the rate of interest, not exceeding three and one-half percent per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits; *Provided*, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than one hundred and thirty percent of the rates of mortality according to such applicable table; *and provided further*, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the Department of Insurance.

This section shall not apply to policies issued on or after the operative date of section 44-407.24 as defined therein.

44-407.05 Policies issued on or after operative date of law; default in premium payment other than on policy anniversary; cash surrender value; paid-up nonforfeiture benefit.

Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in sections 44-407.02 to 44-407.04, 44-407.08, 44-407.09, and 44-407.24, may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the amounts used to provide such additions. Notwithstanding the provisions of section 44-407.02, additional benefits payable (a) in the event of death or dismemberment by accident or accidental means, (b) in the event of total and permanent disability, (c) as reversionary annuity or deferred reversionary annuity benefits, (d) as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, sections 44-407 to 44-407.09 and 44-407.24 to 44-407.26 would not apply, (e) as term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is twenty-six, is uniform in amount after the child's age is one, and has not become paid up by reason of the death of a parent of the child, and (f) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by said sections, and no such additional benefits shall be included in any paid-up nonforfeiture benefits unless specifically included by the terms of the policy.

benefit, at the beginning of any policy year, calculated as specified in sections 44-407.02 to 44-407.04, 44-407.08, 44-407.09, and 44-407.24, exceeds two and one-half percent of the amount of insurance at the beginning of the same policy year, or (8) policy which shall be delivered outside this state through an agent or other representative of the company issuing the policy.

For purposes of determining the applicability of sections 44-407 to 44-407.09 and 44-407.24 to 44-407.26, the age of expiry for a joint term life insurance policy shall be the age at expiry of the oldest life.

44-407.11 Contracts issued on or after operative date of law; provisions required.

In the case of contracts issued on or after the operative date of this act, no contract of annuity, except as stated in subsection (2) of section 44-407.10, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the Department of Insurance are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract:

(1) That, upon cessation of payment of considerations under a contract or upon the written request of the contract owner, the company shall grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in sections 44-407.16 to 44-407.19 and 44-407.21;

(2) If a contract provides for a lump-sum settlement at maturity, or at any other time, that, upon surrender of the contract at or prior to the commencement of any annuity payments, the company shall pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in sections 44-407.16, 44-407.17, 44-407.19, and 44-407.21. The company shall reserve the right to defer the payment of such cash surrender benefit for a period not to exceed six months after demand therefor with surrender of the contract after making written request and receiving written approval of the director. The request shall address the necessity and equitability to all policyholders of the deferral;

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender, or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits; and

(4) A statement that any paid-up annuity, cash surrender, or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract,

44-407.12 Deferred annuity contract; company; terminate; cash payment.

Notwithstanding the requirements of section 44-407.11, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

44-407.14 Minimum nonforfeiture amount; how computed.

(1)(a) The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at rates of interest as set forth in subsection (2) of this section of the net considerations paid prior to such time, decreased by the sum of subdivisions (1)(a)(i) through (iv) of this section:

(i) Any prior withdrawals from or partial surrenders of the contract, accumulated at rates of interest as set forth in subsection (2) of this section;

(ii) An annual contract charge of fifty dollars, accumulated at rates of interest as set forth in subsection (2) of this section;

(iii) Any premium tax paid by the company for the contract, accumulated at rates of interest as set forth in subsection (2) of this section; and

(iv) The amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract.

(b) The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount equal to eighty-seven and one-half percent of the gross consideration credited to the contract during that contract year.

(2) The interest rate used in determining the minimum nonforfeiture amount shall be an annual rate of interest determined as the lesser of three percent per

annum and the following, which shall be specified in the contract if the interest rate will be reset:

(a) The five-year Constant Maturity Treasury Rate reported by the Federal Reserve as of a date, or average over a period, rounded to the nearest one-twentieth of one percent, specified in the contract no longer than fifteen months prior to the contract issue date or redetermination date under subdivision (2)(d) of this section;

(b) Reduced by one hundred twenty-five basis points;

(c) The resulting interest rate shall not be less than fifteen basis points; and

(d) The interest rate shall apply for an initial period and may be redetermined for additional periods. The redetermination date, basis, and period, if any, shall be stated in the contract. The basis is the date or average over a specified period that produces the value of the five-year Constant Maturity Treasury Rate to be used at each redetermination date.

(3) During the period or term that a contract provides substantive participation in an equity indexed benefit, it may increase the reduction described in subdivision (2)(b) of this section by up to an additional one hundred basis points to reflect the value of the equity index benefit. The present value at the contract issue date, and at each redetermination date thereafter, of the additional reduction shall not exceed the market value of the benefit. The director may require a demonstration that the present value of the additional reduction does not exceed the market value of the benefit. Lacking such a demonstration that is acceptable to the director, the director may disallow or limit the additional reduction.

(4) The director may adopt rules to implement the provisions of subsection (3) of this section and to provide for further adjustments to the calculation of minimum nonforfeiture amounts for contracts that provide substantive participation in an equity index benefit and for other contracts that the director determines adjustments are justified.

44-407.16 Paid-up annuity benefit; present value; how computed.

Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rates specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

44-407.17 Cash surrender benefits; present value; determination.

For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising

from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

44-407.18 Contracts without cash surrender benefits; certain death benefit contracts; present value; determination.

For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. In no event shall the present value of paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

44-407.19 Contracts; maturity date; determination.

For the purpose of determining the benefits calculated under sections 44-407.17 and 44-407.18, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

44-407.22 Contract which provides excess benefits; additional benefits; how treated.

For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of sections 44-407.16 to 44-407.19 and 44-407.21, additional benefits payable (1) in the event of total and permanent disability, (2) as reversionary annuity or deferred reversionary annuity benefits, or (3) as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by sections 44-407.10 to 44-407.22. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

44-407.23 Company; when subject to law.

(1) After August 24, 1979, any company may file with the Department of Insurance a written notice of its election to comply with the provisions of sections 44-403, 44-407.08 to 44-407.23, and 44-8907 after a specified date before the second anniversary of August 24, 1979. After the filing of such notice, such specified date shall be the operative date of this act for such company. Annuity contracts thereafter issued by such company shall comply with such sections. If a company makes no such election, the operative date of this act for such company shall be the second anniversary of August 24, 1979.

(2) After July 16, 2004, a company may elect to apply sections 44-407.08 to 44-407.23 to annuity contracts on a contract-form-by-contract-form basis before the second anniversary of July 16, 2004. In all other instances, sections 44-407.08 to 44-407.23 shall become operative with respect to annuity contracts issued by the company after the second anniversary of July 16, 2004.

44-407.24 Policies issued on or after operative date of law; adjusted premiums; present values; how calculated; filing of election.

(1) This section shall apply to all policies issued on or after the operative date of this section as defined herein. Except as provided in subsection (7) of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of (a) the then present value of the future guaranteed benefits provided for by the policy; (b) one percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years; and (c) one hundred twenty-five percent of the nonforfeiture net level premium as defined in this section. In applying the percentage specified in (c) above no nonforfeiture net level premium shall be deemed to exceed four percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years. The date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(2) The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy divided by the present value, at the date of issue of the policy, of an annuity of one percent per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due.

(3) In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums the future adjusted premium, nonforfeiture net level premiums and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

(4) Except as otherwise provided in subsection (7) of this section, the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of (a) the sum of (i) the then present value of the then future guaranteed benefits provided for by the policy and (ii) the additional expense

allowance, if any, over (b) the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

(5) The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of (a) one percent of the excess, if positive, of the average amount of insurance at the beginning of each of the first ten policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first ten policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy; and (b) one hundred twenty-five percent of the increase, if positive, in the nonforfeiture net level premium.

(6) The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (a) by (b), where (a) equals the sum of (i) the nonforfeiture net level premium applicable prior to the change times the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred, and (ii) the present value of the increase in future guaranteed benefits provided for by the policy; and (b) equals the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due.

(7) Notwithstanding any other provisions of this section to the contrary, in the case of a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis.

(8) All adjusted premiums and present values referred to in sections 44-407 to 44-409 shall for all policies of ordinary insurance be calculated on the basis of (a) the Commissioners 1980 Standard Ordinary Mortality Table or (b) at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; shall for all policies of industrial insurance be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table; and shall for all policies issued in a particular calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this section for policies issued in that calendar year.

At the option of the company, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this section, for policies issued in the immediately preceding calendar year. Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available whether or not required by section 44-407.01, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any. A company may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest rate no lower than that specified in the policy for calculat-

ing cash surrender values. In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1980 Extended Term Insurance Table for policies of ordinary insurance and not more than the Commissioners 1961 Industrial Extended Term Insurance Table for policies of industrial insurance. For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of such tables. For policies issued prior to the operative date of the valuation manual designated in subsection (2) of section 44-8908, any Commissioners Standard ordinary mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by regulation promulgated by the Department of Insurance for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table. For policies issued on or after the operative date of the valuation manual designated in subsection (2) of section 44-8908, the valuation manual shall provide the Commissioners Standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table. If the Department of Insurance approves by rule and regulation any commissioners standard ordinary mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual designated in subsection (2) of section 44-8908, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual. For policies issued prior to the operative date of the valuation manual designated in subsection (2) of section 44-8908, any commissioners standard industrial mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by regulation promulgated by the Department of Insurance for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table. For policies issued on or after the operative date of the valuation manual designated in subsection (2) of section 44-8908, the valuation manual shall provide the commissioners standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table. If the Department of Insurance approves by rule and regulation any commissioners standard industrial mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual designated in subsection (2) of section 44-8908, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.

(9) For policies issued before the operative date of the valuation manual designated in subsection (2) of section 44-8908, the nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to one hundred and twenty-five percent of the calendar year statutory valuation

interest rate for such policy as defined in section 44-8907, rounded to the nearer one-quarter of one percent, except that the nonforfeiture interest rate shall not be less than four percent. For policies issued on and after the operative date of the valuation manual designated in subsection (2) of section 44-8908, the nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be provided by the valuation manual.

(10) Notwithstanding any other provision in sections 44-407 to 44-407.06, 44-407.08, 44-407.09, 44-407.24 to 44-407.26, and 44-8907 to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

(11) After the effective date of this section any company may file with the Department of Insurance a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1989, which shall be the operative date of this section for such company. If a company makes no such election, the operative date of this section for such company shall be January 1, 1989, except that the Director of Insurance may advance the operative date of this section for such a company after investigating and finding that (a) it is in the best interests of the policyholders of such company to do so, and (b) a majority of states in which such company is doing business have adopted legislation similar to sections 44-407 to 44-407.06, 44-407.08, 44-407.09, 44-407.24 to 44-407.26, and 44-8907.

44-407.25 Life insurance; future premiums; benefits; approval of plan by department.

In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance which is of such a nature that minimum values cannot be determined by the methods described in sections 44-407.01 to 44-407.04, 44-407.08, 44-407.09, and 44-407.24, then:

(a) The Department of Insurance must be satisfied that the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by sections 44-407.01 to 44-407.04, 44-407.08, 44-407.09, and 44-407.24;

(b) The Department of Insurance must be satisfied that the benefits and the pattern of premiums of that plan are not such as to mislead prospective policyholders or insureds;

(c) The cash surrender values and paid-up nonforfeiture benefits provided by such plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of the Standard Nonforfeiture Law for Life Insurance, as determined by regulations promulgated by the Department of Insurance;

(d) Notwithstanding any other provision in the laws of this state, any policy, contract, or certificate providing life insurance under any such plan must be

affirmatively approved by the Department of Insurance before it can be marketed, issued, delivered, or used in this state.

44-407.26 Policies issued on or after January 1, 1985; cash surrender value; nonforfeiture benefits; determination.

This section, in addition to all other applicable provisions of sections 44-407 to 44-407.06, 44-407.08, 44-407.09, 44-407.24 to 44-407.26, and 44-8907, shall apply to all policies issued on or after January 1, 1985. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ by more than two-tenths of one percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years, from the sum of (a) the greater of zero and the basic cash value specified in this section and (b) the present value of any existing paid-up additions less the amount of any indebtedness to the company under the policy.

The basic cash value shall be equal to the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the company, if there had been no default, less the then present value of the nonforfeiture factors, as hereinafter defined, corresponding to premiums which would have fallen due on and after such anniversary; *Provided, however,* that the effects on the basic cash value of supplemental life insurance or annuity benefits or of family coverage, as described in section 44-407.02 or 44-407.04, whichever is applicable, shall be the same as are the effects specified in section 44-407.02 or 44-407.04, whichever is applicable, on the cash surrender values defined in that section.

The nonforfeiture factor for each policy year shall be an amount equal to a percentage of the adjusted premium for the policy year, as defined in section 44-407.04 or 44-407.24, whichever is applicable. Except as is required by the next succeeding sentence of this paragraph, such percentage (a) must be the same percentage for each policy year between the second policy anniversary and the later of (i) the fifth policy anniversary and (ii) the first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting any indebtedness, of at least two-tenths of one percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years, and (b) must be such that no percentage after the later of the two policy anniversaries specified in the preceding item (a) may apply to fewer than five consecutive policy years. No basic cash value may be less than the value which would be obtained if the adjusted premiums for the policy, as defined in section 44-407.04 or 44-407.24, whichever is applicable, were substituted for the nonforfeiture factors in the calculation of the basic cash value.

All adjusted premiums and present values referred to in this section shall for a particular policy be calculated on the same mortality and interest bases as are used in demonstrating the policy's compliance with the other sections of this Standard Nonforfeiture Law for Life Insurance. The cash surrender values

referred to in this section shall include any endowment benefits provided for by the policy.

Any cash surrender value available other than in the event of default in a premium payment due on a policy anniversary, and the amount of any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment shall be determined in manners consistent with the manners specified for determining the analogous minimum amounts in sections 44-407.01 to 44-407.03, 44-407.05, and 44-407.24. The amounts of any cash surrender values and of any paid-up nonforfeiture benefits granted in connection with additional benefits such as those listed in section 44-407.05 shall conform with the principles of this section.

44-416.06 Credit for reinsurance; when allowed; suspension or revocation of accreditation or certification; director; powers; duties; notice; hearing; insurer duties.

(1) Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a reduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of subsection (2), (3), (4), (5), (6), (7), or (8) of this section and any additional requirements contained in rules and regulations adopted and promulgated by the Director of Insurance pursuant to subsection (2) of section 44-416.09 relating to or setting forth (a) the valuation of assets or reserve credits, (b) the amount and form of security supporting reinsurance arrangements, or (c) the circumstances pursuant to which credit will be reduced or eliminated. Except as otherwise provided in section 44-224.11, credit shall be allowed under subsection (2), (3), or (4) of this section only for cessions of those kinds or classes of business which the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile or, in the case of a United States branch of an alien assuming insurer, in the state through which it is entered and licensed to transact insurance or reinsurance. Credit shall be allowed under subsection (4) or (5) of this section only if the applicable requirements of subsection (9) of this section have been satisfied.

(2) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is licensed to transact insurance in this state.

(3) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited by the Director of Insurance as a reinsurer in this state. In order to be eligible for accreditation, a reinsurer must:

(a) File with the director evidence of its submission to this state's jurisdiction;

(b) Submit to this state's authority to examine its books and records;

(c) Be licensed to transact insurance or reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer, be entered through and licensed to transact insurance or reinsurance in at least one state;

(d) File annually with the director a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and

(e) Demonstrate to the satisfaction of the director that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers. An assuming insurer is deemed to meet this requirement as of the time of its application if it maintains a surplus as regards policyholders in an amount not less than twenty million dollars and its accreditation has not been denied by the director within ninety days after submission of its application.

(4)(a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is domiciled in, or in the case of a United States branch of an alien assuming insurer is entered through, a state that employs standards regarding credit for reinsurance substantially similar to those applicable under this section and the assuming insurer or United States branch of an alien assuming insurer:

(i) Maintains a surplus as regards policyholders in an amount not less than twenty million dollars; and

(ii) Submits to the authority of this state to examine its books and records.

(b) The requirement of subdivision (4)(a)(i) of this section does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system.

(5)(a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution for the payment of the valid claims of its United States ceding insurers and their assigns and successors in interest. To enable the director to determine the sufficiency of the trust fund, the assuming insurer shall report annually to the director information substantially the same as that required to be reported on the National Association of Insurance Commissioners Annual Statement form by licensed insurers. The assuming insurer shall submit to examination of its books and records by the director and bear the expense of examination.

(b)(i) Credit for reinsurance shall not be granted under this subsection unless the form of the trust and any amendments to the trust have been approved by:

(A) The commissioner of the state where the trust is domiciled; or

(B) The commissioner of another state who, pursuant to the terms of the trust instrument, has accepted principal regulatory oversight of the trust.

(ii) The form of the trust and any trust amendments also shall be filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in its trustees for the benefit of the assuming insurer's United States ceding insurers, their assigns, and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the director.

(iii) The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. No later than February 28 of each year the trustee of the trust shall report to the director in writing the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust will not expire prior to the following December 31.

(c) The following requirements apply to the following categories of assuming insurer:

(i) The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers and, in addition, the assuming insurer shall maintain a trusteed surplus of not less than twenty million dollars except as provided in subdivision (5)(c)(ii) of this section;

(ii) At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trusteed surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including when applicable the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trusteed surplus may not be reduced to an amount less than thirty percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust; and

(iii)(A) In the case of a group including incorporated and individual unincorporated underwriters:

(I) For reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after January 1, 1993, the trust shall consist of a trusteed account in an amount not less than the respective underwriters' several liabilities attributable to business ceded by United States domiciled ceding insurers to any underwriter of the group;

(II) For reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992, and not amended or renewed after that date, notwithstanding the other provisions of sections 44-416.05 to 44-416.10, the trust shall consist of a trusteed account in an amount not less than the respective underwriters' several insurance and reinsurance liabilities attributable to business written in the United States; and

(III) In addition to these trusts, the group shall maintain in trust a trusteed surplus of which one hundred million dollars shall be held jointly for the benefit of the United States domiciled ceding insurers of any member of the group for all years of account;

(B) The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members; and

(C) Within ninety days after its financial statements are due to be filed with the group's domiciliary regulator, the group shall provide to the director an annual certification by the group's domiciliary regulator of the solvency of each underwriter member, or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the group.

(6)(a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that has been certified by the director as a reinsurer in this state and secures its obligations in accordance with the requirements of this subsection.

(b) In order to be eligible for certification, the assuming insurer shall meet the following requirements:

(i) The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the director pursuant to subdivision (6)(d) of this section;

(ii) The assuming insurer must maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the director pursuant to rules and regulations;

(iii) The assuming insurer must maintain financial strength ratings from two or more rating agencies deemed acceptable by the director pursuant to rules and regulations;

(iv) The assuming insurer must agree to submit to the jurisdiction of this state, appoint the director as its agent for service of process in this state, and agree to provide security for one hundred percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment;

(v) The assuming insurer must agree to meet applicable information filing requirements as determined by the director, both with respect to an initial application for certification and on an ongoing basis; and

(vi) The assuming insurer must satisfy any other requirements for certification deemed relevant by the director.

(c) An association including incorporated and individual unincorporated underwriters may be a certified reinsurer. In order to be eligible for certification, in addition to satisfying requirements of subdivision (6)(b) of this section:

(i) The association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents, net of liabilities, of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the director to provide adequate protection;

(ii) The incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

(iii) Within ninety days after its financial statements are due to be filed with the association's domiciliary regulator, the association shall provide to the director an annual certification by the association's domiciliary regulator of the solvency of each underwriter member or, if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the association.

(d)(i) The director shall create and publish a list of qualified jurisdictions under which an assuming insurer licensed and domiciled in such jurisdiction is eligible to be considered for certification by the director as a certified reinsurer.

(ii) In order to determine whether the domiciliary jurisdiction of a non-United-States assuming insurer is eligible to be recognized as a qualified jurisdiction, the director shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the non-United-States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction must agree to share information and cooperate with the director with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction may not be recognized as a qualified jurisdiction if the director has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered in the discretion of the director.

(iii) A list of qualified jurisdictions shall be published through the National Association of Insurance Commissioners committee process. The director shall consider this list in determining qualified jurisdictions. If the director approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the director shall provide thoroughly documented justification in accordance with criteria to be developed under rules and regulations.

(iv) United States jurisdictions that meet the requirement for accreditation under the National Association of Insurance Commissioners financial standards and accreditation program shall be recognized as qualified jurisdictions.

(v) If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the director has the discretion to suspend the reinsurer's certification indefinitely, in lieu of revocation.

(e) The director shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the director pursuant to rules and regulations. The director shall publish a list of all certified reinsurers and their ratings.

(f)(i) A certified reinsurer shall secure obligations assumed from United States ceding insurers under this subsection at a level consistent with its rating, as specified in rules and regulations adopted and promulgated by the director.

(ii) In order for a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the director and consistent with the provisions of section 44-416.07 or in a multibeneficiary trust in accordance with subsection (5) of this section, except as otherwise provided in this subsection.

(iii) If a certified reinsurer maintains a trust to fully secure its obligations subject to subsection (5) of this section and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this subsection or comparable laws of other United States jurisdictions and for its obligations subject to subsection (5) of this section. It shall be a condition to the grant of certification under this subsection that the certified reinsurer shall have bound itself, by the language

of the trust and agreement with the commissioner with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust any deficiency of any other such trust account.

(iv) The minimum trusteed surplus requirements provided in subsection (5) of this section are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this subsection, except that such trust shall maintain a minimum trusteed surplus of ten million dollars.

(v) With respect to obligations incurred by a certified reinsurer under this subsection, if the security is insufficient, the director shall reduce the allowable credit by an amount proportionate to the deficiency and has the discretion to impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.

(vi)(A) For purposes of this subsection, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure one hundred percent of its obligations.

(B) As used in subdivision (6)(f)(vi)(A) of this section, the term ''terminated'' refers to revocation, suspension, voluntary surrender, and inactive status.

(C) If the director continues to assign a higher rating as permitted by other provisions of this section, the requirement in subdivision (6)(f)(vi)(A) of this section does not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

(g) If an applicant for certification has been certified as a reinsurer in a National Association of Insurance Commissioners-accredited jurisdiction, the director has the discretion to defer to that jurisdiction's certification and has the discretion to defer to the rating assigned by that jurisdiction, and such assuming insurer shall be considered to be a certified reinsurer in this state.

(h) A certified reinsurer that ceases to assume new business in this state may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection, and the director shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

(7)(a) Credit shall be allowed when reinsurance is ceded to an assuming insurer meeting each of the conditions set forth below:

(i) Such assuming insurer shall have its head office or be domiciled in, as applicable, and be licensed in a reciprocal jurisdiction. A reciprocal jurisdiction is a jurisdiction that meets one of the following:

(A) A jurisdiction, other than a jurisdiction of the United States, that is subject to an in-force covered agreement with the United States, each within its legal authority, or, in the case of a covered agreement between the United States and European Union, is a member state of the European Union. For purposes of this subsection, a covered agreement is an agreement entered into pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, 31 U.S.C. 313 and 314, as such sections existed on January 1, 2020, that is currently in effect or in a period of provisional application and that addresses the elimination, under specified conditions, of collateral requirements as a

condition for entering into any reinsurance agreement with a ceding insurer domiciled in this state or for allowing the ceding insurer to recognize credit for reinsurance;

(B) A jurisdiction of the United States that meets the requirements for accreditation under the National Association of Insurance Commissioners financial standards and accreditation program; or

(C) A qualified jurisdiction as determined by the director pursuant to subdivision (6)(d)(i) of this section that is not otherwise described in subdivision (7)(a)(i)(A) or (B) of this section and that meets certain additional requirements, consistent with the terms and conditions of in-force covered agreements, as specified in rules and regulations adopted and promulgated by the director pursuant to section 44-416.09;

(ii) Such assuming insurer shall have and maintain, on an ongoing basis, the minimum capital and surplus or the equivalent, calculated according to the methodology of its domiciliary jurisdiction, as set forth in rules and regulations adopted and promulgated by the director pursuant to section 44-416.09. If such assuming insurer is an association, including an incorporated or individual unincorporated underwriter, such assuming insurer shall have and maintain, on an ongoing basis, minimum capital and surplus equivalents, net of liabilities and calculated according to the methodology of its domiciliary jurisdiction, and a central fund containing a minimum balance as set forth in the rules and regulations adopted and promulgated by the director pursuant to section 44-416.09;

(iii) Such assuming insurer shall have and maintain, on an ongoing basis, the minimum solvency or capital ratio, as applicable, as set forth in rules and regulations adopted and promulgated by the director pursuant to section 44-416.09. If such assuming insurer is an association, including incorporated and individual unincorporated underwriters, such assuming insurer shall have and maintain, on an ongoing basis, a minimum solvency or capital ratio in the reciprocal jurisdiction where such assuming insurer has its head office or is domiciled, as applicable, and is also licensed;

(iv) Such assuming insurer shall agree and provide adequate assurance to the director, in a form specified pursuant to rules and regulations adopted and promulgated by the director pursuant to section 44-416.09, as follows:

(A) Such assuming insurer shall provide prompt written notice and explanation to the director if such assuming insurer falls below the minimum requirements set forth in subdivisions (7)(a)(ii) and (iii) of this section or if any regulatory action is taken against such assuming insurer for serious noncompliance with applicable law;

(B) Such assuming insurer shall consent in writing to the jurisdiction of the courts of this state and to the appointment of the director as the agent for service of process. The director may require that consent for service of process be provided to the director and included in each reinsurance agreement. Nothing in this subdivision shall limit, or in any way alter, the capacity of parties to a reinsurance agreement to agree to alternative dispute resolution mechanisms except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws;

(C) Such assuming insurer shall consent in writing to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer or its legal

successor, that have been declared enforceable in the jurisdiction where the judgment was obtained;

(D) Each reinsurance agreement shall include a provision requiring such assuming insurer to provide security in an amount equal to one hundred percent of such assuming insurer's liabilities attributable to reinsurance ceded pursuant to such agreement if such assuming insurer resists enforcement of a final judgment that is enforceable under the law of the jurisdiction in which such judgment was obtained or a properly enforceable arbitration award, whether obtained by the ceding insurer or by its legal successor on behalf of its resolution estate; and

(E) Such assuming insurer shall confirm that such assuming insurer is not presently participating in any solvent scheme of arrangement that involves this state's ceding insurers and agree to notify the ceding insurer and the director and to provide security in an amount equal to one hundred percent of such assuming insurer's liabilities to the ceding insurer if such assuming insurer enters into such a solvent scheme of arrangement. Such security shall be in a form consistent with the provisions of subsection (6) of this section and section 44-416.07 and as specified in rules and regulations adopted and promulgated by the director pursuant to section 44-416.09;

(v) Such assuming insurer or its legal successor shall provide, if requested by the director, on behalf of itself and any legal predecessors, certain documentation to the director as specified in rules and regulations adopted and promulgated by the director pursuant to section 44-416.09;

(vi) Such assuming insurer shall maintain a practice of prompt payment of claims under reinsurance agreements pursuant to criteria set forth in rules and regulations adopted and promulgated by the director pursuant to section 44-416.09; and

(vii) Such assuming insurer's supervisory authority shall confirm to the director on an annual basis, as of the preceding December 31 or at the annual date otherwise statutorily reported to the reciprocal jurisdiction, that such assuming insurer complies with the requirements set forth in subdivisions (7)(a)(ii) and (iii) of this section.

(b) Nothing in this subsection precludes an assuming insurer from providing the director with information on a voluntary basis.

(c)(i) The director shall timely create and publish a list of reciprocal jurisdictions.

(ii) The director's list shall include any reciprocal jurisdiction as defined under subdivisions (7)(a)(i)(A) and (B) of this section, and the director shall consider including any other reciprocal jurisdiction included on the most current list published through the National Association of Insurance Commissioners' committee process. The director may approve a jurisdiction that does not appear on the National Association of Insurance Commissioners' list of reciprocal jurisdictions in accordance with criteria developed under rules and regulations adopted and promulgated by the director pursuant to section 44-416.09.

(iii) The director may remove a jurisdiction from the list of reciprocal jurisdictions upon a determination that the jurisdiction no longer meets the requirements of a reciprocal jurisdiction in accordance with the process set forth in rules and regulations adopted and promulgated by the director pursu-

ant to section 44-416.09, except that the director shall not remove a reciprocal jurisdiction as defined under subdivision (7)(a)(i)(A) or (B) of this section from such list. Upon removal of a reciprocal jurisdiction from the list, credit for reinsurance ceded to an assuming insurer that has its home office or is domiciled in such jurisdiction shall be allowed if otherwise allowed pursuant to sections 44-416.05 to 44-416.10.

(d) The director shall timely create and publish a list of assuming insurers that have satisfied the conditions set forth in this subsection and to which cessions shall be granted credit in accordance with this subsection. The director may add an assuming insurer to such list if a jurisdiction accredited by the National Association of Insurance Commissioners pursuant to accreditation standards has added such assuming insurer to such jurisdiction's list of assuming insurers or if, upon initial eligibility, such assuming insurer submits the information to the director as required under subdivision (7)(a)(iv) of this section and complies with any additional requirements that the director may impose by rules and regulations adopted and promulgated by the director pursuant to section 44-416.09 except to the extent that any such rules and regulations conflict with an applicable covered agreement.

(e)(i) If the director determines that an assuming insurer no longer meets one or more of the requirements under this subsection, the director may revoke or suspend the eligibility of such assuming insurer for recognition as an assuming insurer under this subsection in accordance with procedures set forth in rules and regulations adopted and promulgated by the director pursuant to section 44-416.09.

(ii) While an assuming insurer's eligibility is suspended, no reinsurance agreement issued, amended, or renewed after the effective date of the suspension qualifies for credit except to the extent that such assuming insurer's obligations under the contract are secured in accordance with section 44-416.07.

(iii) If an assuming insurer's eligibility is revoked, no credit for reinsurance may be granted after the effective date of the revocation with respect to any reinsurance agreements entered into by such assuming insurer, including reinsurance agreements entered into prior to the date of revocation, except to the extent that such assuming insurer's obligations under the contract are secured in a form acceptable to the director and consistent with the provisions of section 44-416.07.

(f) If subject to a legal process of rehabilitation, liquidation, or conservation, as applicable, the ceding insurer or its representative may seek and, if determined appropriate by the court in which the proceedings are pending, may obtain an order requiring that such assuming insurer post security for all outstanding ceded liabilities.

(g) Nothing in this subsection shall limit or in any way alter the capacity of parties to a reinsurance agreement to agree on requirements for security or other terms in such reinsurance agreement except as expressly prohibited by sections 44-416.05 to 44-416.10 or other applicable law or rules and regulations.

(h) Credit may be taken under this subsection only for reinsurance agreements entered into, amended, or renewed on or after November 14, 2020, and only with respect to losses incurred and reserves reported on or after the later of the date on which such assuming insurer has met all eligibility requirements

pursuant to subdivision (7)(a) of this section or the effective date of such reinsurance agreement, amendment, or renewal.

(i) This subdivision (7)(h) does not alter or impair a ceding insurer's right to take credit for reinsurance to the extent that credit is not available under this subdivision (7)(h) and the reinsurance qualifies for credit under any other applicable provision of sections 44-416.05 to 44-416.10.

(ii) Nothing in this subdivision (7)(h) shall authorize an assuming insurer to withdraw or reduce the security provided under any reinsurance agreement except as permitted by the terms of such agreement.

(iii) Nothing in this subdivision (7)(h) shall limit, or in any way alter, the capacity of parties to any reinsurance agreement to renegotiate such agreement.

(8) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subsection (2), (3), (4), (5), (6), or (7) of this section, but only as to the insurance of risks located in jurisdictions where the reinsurance is required by applicable law or regulation of that jurisdiction.

(9) If the assuming insurer is not licensed, accredited, or certified to transact insurance or reinsurance in this state, the credit permitted by subsections (4) and (5) of this section shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(a)(i) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, will comply with all requirements necessary to give the court jurisdiction, and will abide by the final decision of the court or of any appellate court in the event of an appeal; and

(ii) To designate the director or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding insurer.

(b) This subsection is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement.

(10) If the assuming insurer does not meet the requirements of subsection (2), (3), (4), or (7) of this section, the credit permitted by subsection (5) or (6) of this section shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(a) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subdivision (5)(c) of this section, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the state insurance commissioner with regulatory oversight all of the assets of the trust fund;

(b) The assets shall be distributed by and claims shall be filed with and valued by the state insurance commissioner with regulatory oversight in accordance

with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) If the state insurance commissioner with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the state insurance commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this provision.

(11)(a) If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the director may suspend or revoke the reinsurer's accreditation or certification.

(b) The director must give the reinsurer notice and opportunity for hearing. The suspension or revocation may not take effect until after the director's order on hearing unless:

(i) The reinsurer waives its right to hearing;

(ii) The director's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under subdivision (6)(g) of this section; or

(iii) The director finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the director's action.

(c) While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with section 44-416.07. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with subdivision (6)(f) of this section or section 44-416.07.

(12)(a) A ceding insurer shall take steps to manage its reinsurance recoverables proportionate to its own book of business. A domestic ceding insurer shall notify the director within thirty days after reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, exceeds fifty percent of the domestic ceding insurer's last reported surplus to policyholders, or after it is determined that reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

(b) A ceding insurer shall take steps to diversify its reinsurance program. A domestic ceding insurer shall notify the director within thirty days after ceding to any single assuming insurer, or group of affiliated assuming insurers, more than twenty percent of the ceding insurer's gross written premium in the prior calendar year, or after it has determined that the reinsurance ceded to any single assuming insurer, or group of affiliated assuming insurers, is likely to

exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

44-416.07 Asset or reduction from liability for reinsurance; limitations; security required.

An asset or a reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of section 44-416.06 shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer subject to any additional requirements contained in rules and regulations adopted and promulgated by the Director of Insurance pursuant to subsection (2) of section 44-416.09 relating to or setting forth the valuation of assets or reserve credits, the amount and form of security supporting reinsurance arrangements, or the circumstances pursuant to which credit will be reduced or eliminated. The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with the assuming insurer as security for the payment of obligations thereunder, if the security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer, or, in the case of a trust, held in a qualified United States financial institution. This security may be in the form of:

(1) Cash;

(2) Securities approved by the Director of Insurance. The director may use the list of securities furnished by the Securities Valuation Office of the National Association of Insurance Commissioners, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office, and qualifying as admitted assets;

(3)(a) Clean, irrevocable, unconditional letters of credit, issued or confirmed by a qualified United States financial institution effective no later than December 31 of the year for which the filing is being made, and in the possession of, or in trust for, the ceding insurer on or before the filing date of its annual statement; or

(b) Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation shall, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification, or amendment, whichever first occurs; or

(4) Any other form of security acceptable to the director.

44-417 Credit for reinsurance; conditions.

No credits specified in sections 44-416.05 to 44-416.10 shall be made or allowed as an admitted asset or deduction from liability to any ceding insurer for reinsurance unless the contract of reinsurance provides in substance that, in the event of the insolvency of the ceding insurer, the portion of any risk or obligation assumed by the reinsurer, when such portion is ascertained, shall be payable by the assuming insurer on the basis of the liability of the ceding insurer under the contract or contracts reinsured without diminution because of the insolvency of the ceding insurer. Such payments shall be made directly to the ceding insurer or to its domiciliary liquidator except (1) when the contract or other written agreement specifically provides another payee of such reinsurance in the event of the insolvency of the ceding insurer or (2) when the assuming insurer, with the consent of the direct insured, has assumed such policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under such policies and in substitution for the obligations of the ceding insurer to such payees. The reinsurance agreement may provide that the domiciliary liquidator, receiver, or legal successor of an insolvent ceding insurer shall give written notice of the pendency of a claim against the insolvent ceding insurer on the policy or bond reinsured, within a reasonable time after such claim is filed in the insolvency proceeding, and that during the pendency of such claim, any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding in which such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its liquidator, receiver, or legal successor. The expense thus incurred by the assuming insurer may be filed as a claim against the insolvent ceding insurer as part of the expense of liquidation, to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer.

When two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose a defense to such claim, the expense shall be apportioned subject to court approval, in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

(3) The opinion shall be based on standards adopted from time to time by the Actuarial Standards Board and on such additional standards as the director may prescribe;

44-425 Actuarial opinions; supporting memorandum; confidentiality.

Every opinion required by section 44-421 shall be governed by the following provisions in addition to the provisions of section 44-424:

(1) A memorandum, in form and substance acceptable to the director, shall be prepared to support each actuarial opinion and made available to the director upon request;

(2) If the insurance company fails to provide a supporting memorandum at the request of the director within a period specified by rule or regulation or the director determines that the supporting memorandum provided by the insurance company fails to meet the standards prescribed or is otherwise unacceptable to the director, the director may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare such supporting memorandum as is required by the director;

(3) Except as provided in subdivisions (4) and (5) of this section, any memorandum in support of the opinion, and any other material provided by the company to the director in connection with the opinion, shall be kept confidential by the director and shall not be made public and shall not be subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of any action required by this section or by rules and regulations adopted and promulgated hereunder, except that the memorandum or other material may otherwise be released by the director (a) with the written consent of the company or (b) to the American Academy of Actuaries upon request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the director for preserving the confidentiality of the memorandum or other material. Once any portion of the confidential memorandum is

released by the company to the news media or other governmental agency other than a state insurance department or is cited by the company in its marketing, all portions of the memorandum become public information and are no longer confidential;

(4) The director may provide the memorandum in support of the opinion, and any other material provided by the company to the director in connection with the opinion, to other state, federal, foreign, and international regulatory and law enforcement agencies and the National Association of Insurance Commissioners and its affiliates and subsidiaries if the recipient agrees in writing to maintain the confidentiality of the information, documents, and copies; and

(5) The director may receive memorandums in support of an opinion, and any other material provided by the company to the director in connection with an opinion, from other state, federal, foreign, or international regulatory and law enforcement agencies and from the National Association of Insurance Commissioners and its affiliates and subsidiaries. The director shall maintain information received pursuant to this subdivision as confidential or privileged if received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the information. Such information shall not be a public record subject to disclosure by the director pursuant to sections 84-712 to 84-712.09, subject to subpoena, subject to discovery, or admissible in evidence in any private civil action, except that the director may use such information in any regulatory or legal action brought by the director. Section

44-501 Fire insurance policies; form; contents.

No policy or contract of fire and lightning insurance, including a renewal thereof, shall be made, issued, used, or delivered by any insurer or by any insurance producer or representative of an insurer on property within this state other than such as shall conform as nearly as practicable to blanks, size of type, context, provisions, agreements, and conditions with the 1943 Standard Fire Insurance Policy of the State of New York, a copy of which shall be filed in the office of the Director of Insurance as standard policy for this state, and no other or different provision, agreement, condition, or clause shall in any manner be made a part of such contract or policy or be endorsed thereon or delivered therewith except as provided in subdivisions (1) through (11) of this section.

(1) The name of the company, its location and place of business, the date of its incorporation or organization, the state or country under which such company is organized, the amount of paid-up capital stock, whether it is a stock, mutual, reciprocal, or assessment company, the names of its officers, the number and date of the policy, and appropriate company emblems may be printed on policies issued on property in this state. Any insurer organized under special charter provisions may so indicate upon its policy and may add a statement of the plan under which it operates in this state.

In lieu of the facsimile signatures of the president and secretary of the insurer on such policy, there may appear the signature or signatures of such persons as are duly authorized by the insurer to execute the contract. No such policy shall be void if the facsimile signature or signatures of any officer of the company shall not correspond with the actual persons who are such officers at the inception of the contract if such policy is countersigned by a duly authorized agent of the insurer.

(2) Printed or written forms of description and specifications or schedules of the property covered by any particular policy and any other matter necessary to express clearly all the facts and conditions of insurance on any particular risk, which facts or conditions shall in no case be inconsistent with or a waiver of any of the provisions or conditions of the standard policy herein provided for, may be written upon or attached or appended to any policy issued on property in this state. Appropriate forms of supplemental contracts, contracts, or endorsements, whereby the interest in the property described in such policy shall be insured against one or more of the perils which insurer is empowered to assume, may be used in connection with the standard policy. Such forms of contracts, supplemental contracts, or endorsements attached or printed thereon may contain provisions and stipulations inconsistent with the standard policy if applicable only to such other perils. The pages of the standard policy may be renumbered and rearranged for convenience in the preparation of individual contracts and to provide space for the listing of rates and premiums for coverages insured thereunder or under endorsements attached or printed thereon and such other data as may be included for duplication on daily reports for office records.

(3) A company, corporation, or association organized or incorporated under and in pursuance of the laws of this state or elsewhere, if entitled to do business in this state, may with the approval of the Director of Insurance, if the same is not already included in the standard form as filed in the office of the Department of Insurance, print on its policies any provision which it is required by law to insert therein if the provision is not in conflict with the laws of this state or the United States or with the provisions of the standard form provided for in this section, but such provision shall be printed apart from the other provisions, agreements, or conditions of the policy and in type not smaller than the body of the policy and a separate title, as follows: Provisions required by law to be stated in this policy, and be a part of the policy.

(4) There may be endorsed on the outside of any policy provided for in this section for the name, with the words insurance producer and place of business, of any insurance producer, either by writing, printing, stamping, or otherwise. There may also be added, with the approval of the Director of Insurance, a statement of the group of companies with which the company is financially affiliated and the usual company medallion.

(5) When two or more companies, each having previously complied with the laws of this state, unite to issue a joint policy, there may be expressed in the headline of each policy the fact of the severalty of the contract and also the proportion of premiums to be paid to each company and the proportion of liability which each company agrees to assume. In the printed conditions of such policy, the necessary change may be made from the singular to plural number when reference is made to the companies issuing such policy.

(6) This section shall not apply to motor vehicle, inland marine, or ocean marine insurance, reinsurance contracts between insurance companies, or insurance that does not cover risks of a personal nature. An insurer may file with the director, pursuant to the Property and Casualty Insurance Rate and Form Act, any form of policy which includes coverage against the peril of fire and substantial coverage against other perils without complying with the provisions of this section if such policy with respect to the peril of fire includes provisions which are the substantial equivalent of the minimum provisions of the standard policy provided for in this section and if the policy is complete as to all its terms without reference to any other document.

(7) If the policy is made by a mutual assessment or other company having special regulations lawfully applicable to its organization, membership, policies, or contracts of insurance, such regulations shall apply to and form a part of the policy as the same may be written or printed upon or attached or appended thereto.

(8) Assessment associations may issue policies with such modifications as shall be filed with the director pursuant to the Property and Casualty Insurance Rate and Form Act.

(9) Any other coverage which a company is authorized to write under the laws of this state may be written in combination with a fire insurance policy.

(10) The policy shall provide that claims involving total loss situations shall be paid in accordance with section 44-501.02.

(11) Notwithstanding any other provision of this section, an insurer may file, pursuant to the Property and Casualty Insurance Rate and Form Act, any form of policy with variations in terms and conditions from the standard policy provided for in this section.

1. New York form

Absent legislative intent to the contrary, the subsections of this section must be read in pari materia to authorize the Director of Insurance to approve fire insurance policy forms differing from the 1943 New York Standard Fire Insurance Policy only if the provisions are the substantial equivalent of the minimum provisions of the 1943 New York Standard Fire Insurance Policy. Volquardson v. Hartford Ins. Co., 264 Neb. 337, 647 N.W.2d 599 (2002).

Under this section, an insured's recovery on a fire insurance policy is limited by the provisions of the policy as written in

conformity with the 1943 Standard Fire Insurance Policy of New York and former section 44-380, now section 44-501.02, is not applicable. Insurance Co. of North America v. County of Hall, 188 Neb. 609, 198 N.W.2d 490 (1972).

New York form of fire insurance policy is in force in this state. Rhodes v. Continental Ins. Co., 180 Neb. 10, 141 N.W.2d 415 (1966).

Fire insurance is required to be written on forms prescribed by the Department of Insurance as nearly as practicable in the form known as the New York standard form. Leisy v. Farmers Mut. Home Ins. Co., 128 Neb. 278, 258 N.W. 481 (1935).

New York form should be adopted as the basis of the insurance contract but, in construing as nearly as practicable, all provisions of New York form should be omitted which are in conflict with provisions of the code. State ex rel. Martin v. Howard, 96 Neb. 278, 147 N.W. 689 (1914).

2. Valued policy

Recovery limited to actual value of property rather than amount of insurance where policy was issued and loss occurred before section 44-501 was amended in 1973 to reinstate ''valued policy'' provisions in former section 44-380, now section 44-501.02. Zweygardt v. Farmers Mut. Ins. Co., 195 Neb. 811, 241 N.W.2d 323 (1976).

Provision in fire insurance policy limiting recovery to the cost of repair or replacement is applicable to losses not covered by Valued Policy Law, and is a limitation on what otherwise might be recovered under the policy. Voges v. Mechanics Ins. Co., 119 Neb. 553, 230 N.W. 105 (1930).

Provision that it should be optional with insurer to replace destroyed property is invalid in case of total loss, as in conflict with Valued Policy Law. Fadanelli v. National Security Fire Ins. Co., 113 Neb. 830, 205 N.W. 642 (1925).

3. Burden of proof

Once a policy holder presents evidence through the introduction of the 1943 Standard Fire Insurance Policy of the State of New York that an exclusion clause fails to comply with this section, the insurer has the burden to show that the exclusion was approved by the Director of Insurance for the State of Nebraska. Spulak v. Tower Ins. Co., 251 Neb. 784, 559 N.W.2d 197 (1997).

4. Miscellaneous

Although this section precludes evidence of the actual value of the insured premises for the purpose of voiding a fire insurance policy on the basis it was procured fraudulently or for the purpose of showing that a proof of loss statement was executed with fraudulent intent, evidence of actual value may nonetheless be admitted as bearing on the insured's motive to commit arson. Heady v. Farmers Mut. Ins. Co., 217 Neb. 172, 349 N.W.2d 366 (1984).

This statute requires an ''open policy'', providing recovery for the actual value of the loss, with the amount stated in the policy being a limitation on recovery. Clemon v. Occidental Fire & Cas. Co., 200 Neb. 469, 264 N.W.2d 192 (1978).

This section by its terms is confined to fire and lightning insurance; also policy expressly waived one year statute of limitations so as to comply with Nebraska five year statute of limitations. Wulf v. Farm Bureau Ins. Co., 190 Neb. 34, 205 N.W.2d 640 (1973).

Issue of unconstitutionality of this section was not properly raised in trial court. Rhodes v. Continental Ins. Co., 180 Neb. 794, 146 N.W.2d 66 (1966).

The description of the property insured is a matter of contract between the parties, and whether the property injured was covered by the policy is a matter of construction of the words used to describe the property insured. Norfolk Packing Co. v. American Ins. Co. of Newark, 120 Neb. 19, 231 N.W. 148 (1930).

Oral agreement to insure is enforceable, but same must be definite as to all of material terms of contract. Glatfelter v. Security Ins. Co., 102 Neb. 464, 167 N.W. 572 (1918).

This section did not require use of loss payable clause under which insured's misconduct would not preclude recovery by mortgagee. State Securities Co. v. Federated Mut. Imp. & Hard. Ins. Co., 204 F.Supp. 207 (D. Neb. 1960).

44-501.01 Fire insurance policies; statement as to coverage of loss by nuclear reaction, nuclear radiation, or radioactive contamination.

Insurers issuing the standard policy pursuant to section 44-501 are hereby authorized to affix thereto or include therein, subject to the approval of the Director of Insurance, a written statement that the policy does not cover loss or damage caused by nuclear reaction, nuclear radiation or radioactive contamination, all whether directly or indirectly resulting from an insured peril under said policy; *Provided,* that nothing herein contained shall be construed to prohibit the attachment to any such policy of an endorsement or endorsements specifically assuming coverage for loss or damage caused by nuclear reaction or nuclear radiation or radioactive contamination.

44-501.02 Fire insurance; valued policies.

Whenever any policy of insurance is written to insure any real property in this state against loss by fire, tornado, windstorm, lightning, or explosion and the property insured is wholly destroyed without criminal fault on the part of the insured or his or her assignee, the amount of the insurance written in such policy shall be taken conclusively to be the true value of the property insured and the true amount of loss and measure of damages.

Grain elevator is real estate and within protection of statute though erected under lease, for definite term, containing stipulation for removal by tenant at termination thereof. Calnon v. Fidelity-Phenix Fire Ins. Co., 114 Neb. 194, 206 N.W. 765 (1925).

3. Valuation

Insurer accepting insured's valuation of dwelling, without investigation, cannot thereafter plead that there was a fraudulent overvaluation. United States Fire Ins. Co. v. Sullivan, 25 F.2d 40 (8th Cir. 1928).

4. Stipulations in policy

This section has no application to a stipulation in policy that insured may apply up to ten percent of amount of policy to cover private structures appertaining to and located on premises described. Morris v. American & Foreign Ins. Co., 150 Neb. 765, 35 N.W.2d 832 (1949).

An insurer may lawfully contract in the policy that it is a condition of the policy that the total insurance shall not exceed a sum named, and where there is other valid prior insurance on the property in a greater amount than the total permitted by the policy, the latter policy does not take effect as a policy of insurance. Quisenberry v. National Fire Ins. Co., 132 Neb. 793, 273 N.W. 197 (1937).

Valued Policy Law fixes worth of property insured conclusively at valuation written in policy, and, in case of total loss, that sum is measure of recovery. Leisy v. Farmers Mut. Home Ins. Co., 128 Neb. 278, 258 N.W. 481 (1935).

As a result of two fires, measure of recovery for final loss is amount written in contract less amounts paid in settlement of previous losses. Fadanelli v. National Sec. Fire Ins. Co., 113 Neb. 830, 205 N.W. 642 (1925); Lancashire Ins. Co. v. Bush, 60 Neb. 116, 82 N.W. 313 (1900).

5. Miscellaneous

The statute applies only to total losses in real property. Clemon v. Occidental Fire & Cas. Co., 200 Neb. 469, 264 N.W.2d 192 (1978).

Recovery limited to actual value of property rather than amount of insurance where policy was issued and loss occurred before section 44-501 was amended in 1973 to reinstate ''valued policy'' provisions in section 44-380. Zweygardt v. Farmers Mut. Ins. Co., 195 Neb. 811, 241 N.W.2d 323 (1976).

Under section 44-501, R.R.S.1943, an insured's recovery on a fire insurance policy is limited by the provisions of the policy as written in conformity with the 1943 Standard Fire Insurance Policy of New York and this section is not applicable. Insurance Co. of North America v. County of Hall, 188 Neb. 609, 198 N.W.2d 490 (1972).

In action on fire insurance policy where, if insured was entitled to recover at all, it was for the full amount of the policy, the trial court properly refused to instruct the jury that the value of insured's house was its value on the open market and not the cost of replacement. Getty v. North River Ins. Co., 136 Neb. 369, 286 N.W. 271 (1939).

Where the insured recovered the face amount of insurance under the Valued Policy Law on a policy insuring against loss by tornado, the insured has no right to recover on a policy on the same building for the same amount insuring against fire or lightning because the claims are inconsistent and the first action is an election. Brady v. State Ins. Co., 100 Neb. 497, 160 N.W. 882 (1916).

44-502 Life or endowment policies; provisions required.

No policy of life or endowment insurance, except policies of industrial insurance, shall be issued or delivered in this state unless it contains in substance the following provisions:

(1) A provision that all premiums shall be payable in advance either at the home office of the company or to any agent of the company upon delivery of a receipt signed by one or more of the officers who shall be named in the policy.

(2) A provision that the insured is entitled to a grace of one month within which the payment of any premium, after the first year, may be made, subject, at the option of the company, to an interest charge not in excess of six percent

per annum for the number of days of grace elapsing before the payment of the premium, during which period of grace the policy shall continue in force; but in case the policy becomes a claim during the said period of grace before the overdue premium or the deferred premiums of the current policy year, if any, are paid, the amount of such premiums, with interest on any overdue premium, may be deducted from any amount payable under the policy in settlement.

(3) A provision that the policy shall constitute the entire contract between the parties; but if the company desires to make the application a part of the contract, it may do so; *Provided,* a copy of such application shall be endorsed upon or attached to the policy when issued, and in such case, the policy shall contain a provision that the policy and the application therefor shall constitute the entire contract between the parties.

(4) A provision that all statements made by the insured shall, in the absence of fraud, be deemed representations and not warranties, and that no such statement shall avoid the policy unless it is contained in a written application, and a copy of such application shall be endorsed upon or attached to the policy when issued.

(5) A provision that the policy shall be incontestable after it shall have been in force during the lifetime of the insured for two years from its date, except for nonpayment of premiums and except with respect to limitations of liability which may be contained in the policy relating to (a) death resulting from war or acts of war, declared or undeclared, where such limitations shall have been found by the Director of Insurance to be in keeping with the interests of the policyholders of the company and to be not unfairly discriminatory, and (b) aeronautics other than as a fare-paying passenger of a commercial airline, and flying on a regularly scheduled route between definitely established airports; and in any such cases the liability of the company may be limited by the terms of the policy to a sum not less than the reserve on the face of the policy and the reserve on any paid-up additions thereto and any dividends standing to the credit of the policy, less any indebtedness to the company on the policy; and, at the option of the company, provisions relative to benefits in the event of total and permanent disability, and provisions which grant additional insurance specifically against death by accident may be excepted from the incontestable clause; *Provided,* limitations with reference to aeronautics shall not be included in any policy where an extra premium is charged to cover the aeronautic risk, nor shall any such limitations extending beyond the contestable period be included in or attached to any policy where the applicant for insurance has not elected in writing to accept a policy with such limitations, and by such election has agreed to a reduced coverage for the aviation risk.

(6) A provision that if the age of the insured has been misstated, the amount payable under the policy shall be such as the premium paid would have purchased at the correct age.

(7) A provision that the policy shall participate in the surplus of the company, and that, beginning not later than the end of the third policy year, the company shall annually ascertain and apportion the amount of divisible surplus to which all such policies, as a separate class, are entitled, which amount shall be carried as a distinct and separate liability in favor of such policies. The insured, under any annual dividend policy, shall have the right each year to have the dividend arising from such participation paid in cash, and if the policy shall provide other dividend options, it shall further provide that, if the insured shall not elect

any such other options, one of such dividend options provided shall become effective as provided in the policy; but such participation and its distribution may, by contract, be deferred to a fixed or specified time, not exceeding twenty years. Upon written request of the insured the company shall furnish him or her with a statement of the amount of the surplus provisionally ascertained or set aside on such policy and held awaiting distribution at the expiration of the deferred dividend period.

(8) A provision that after three full years' premiums have been paid, the company at any time, while the policy is in force, will advance, on proper assignment or pledge of the policy, and on the sole security thereof, at a specified rate of interest determined pursuant to section 44-502.03 a sum equal to, or, at the option of the owner of the policy, less than the amount required by section 44-405, under the conditions specified thereby, and that the company will deduct from such loan value any existing indebtedness on the policy, which has not otherwise entered into the computation of such loan value, together with any unpaid balance of the premium for the current policy year, and may collect interest in advance on the loan to the end of the current policy year. Interest if payable annually in advance shall not exceed an effective rate equivalent to the specified rate of interest determined pursuant to section 44-502.03. It shall be further stipulated in the policy that failure to repay any such advance, or to pay interest, shall not avoid the policy unless the total indebtedness thereon to the company shall equal or exceed such loan value at the time of such failure, nor until one month after notice shall have been mailed by the company to the last-known address of the insured and of the assignee, if any. No condition other than as provided herein, or in section 44-405, shall be exacted as prerequisite to any such advance.

(9) A provision for nonforfeiture benefits and cash surrender values in accordance with the requirements of sections 44-406 to 44-407.09.

(10) A table showing in figures the loan values, if any, and the options available under the policies each year upon default in premium payments, during at least the first twenty years of the policy.

(11) A provision that if, in the event of default in premium payments, the value of the policy shall be applied to the purchase of other insurance, and if such insurance shall be in force and the original policy shall not have been surrendered to the company and canceled, the policy may be reinstated within three years from such default, upon evidence of insurability satisfactory to the company and payment of arrears of premiums with interest and the payment or reinstatement of any other indebtedness to the company upon such policy.

(12) A provision that when a policy shall become a claim by the death of the insured, settlement shall be made upon receipt of due proof of death, or not later than two months after receipt of such proof.

(13) In case the proceeds of a policy are payable in installments, or as an annuity, a table showing the amounts of the installments or annuity payments.

(14) A title on the face of the policy correctly describing the same. Any of the foregoing provisions or portions of this section not applicable by reason of the plan of insurance may, to the extent of inapplicability, be omitted from the policy. Any such policy may be issued or delivered in this state which in the opinion of the Department of Insurance contains provisions on any one or more

of the several foregoing requirements more favorable to the policyholder than hereinbefore required.

Incontestability clause in policy was not applicable to a supplemental agreement providing for total disability under terms of the agreement and provisions of statute. Penn. Mutual Life Ins. Co. v. Lindquist, 130 Neb. 813, 266 N.W. 600 (1936).

Incontestable clause, except as to certain matters stated, operated to exclude all defenses not within exception, and limitation of one year to contest for fraud was valid. Stratton v. Service Life Ins. Co., 117 Neb. 685, 222 N.W. 332 (1928).

Where the insured had died before the contestable period of a life insurance policy had expired, the insurer could not sue for cancellation for, under the statute and terms of the policy, it could never become incontestable. Aetna Life Ins. Co. v. Kennedy, 31 F.2d 971 (8th Cir. 1929).

3. Extended insurance

The period of extended insurance from date of default in payment of premium runs from the date when the premium fell due and not from the expiration of the period of grace. Burstein v. State Mutual Life Assurance Co., 140 Neb. 624, 1 N.W.2d 115 (1941).

The amount of extended life insurance where assured dies during default in the payment of an annual premium, having made a loan upon his policy should be computed according to terms of contract. Rustin v. Aetna Life Ins. Co., 98 Neb. 426, 153 N.W. 548 (1915).

4. Representations and warranties

Untrue answers in an application for life insurance, within the knowledge of the applicant and material to the risk, will avoid the policy. George v. Guarantee Mut. Life Co., 144 Neb. 285, 13 N.W.2d 176 (1944).

Statements made by an insured in an application, in the absence of fraud, are deemed representations and not warranties. Gillan v. Equitable Life Assurance Society, 143 Neb. 647, 10 N.W.2d 693 (1943).

When untrue answers are made by the agent filling out the application without the applicant having made any statement in connection therewith, the insurer is estopped to claim such representations are false. Scott v. New England Mutual Life Ins. Co., 128 Neb. 867, 260 N.W. 377 (1935).

5. Miscellaneous

Insurer is entitled to satisfactory proof of insurability before reinstating life insurance policy. Ewoldt v. American Nat. Ins. Co., 190 Neb. 290, 207 N.W.2d 521 (1973).

Where the insured has borrowed the entire loan value on a policy, and has not paid the interest thereon on the premium due the following year, no increase in loan value can accrue until the interest and premium due has been paid. Kelly v. Prudential Ins. Co., 130 Neb. 873, 266 N.W. 757 (1936).

Insured was entitled to grace period of one month in which to pay semiannual installment of premium on life insurance policy regardless of provisions in the policy to the contrary. Higgins v. Old Line Ins. Co., 122 Neb. 254, 240 N.W. 275 (1932).

Insured's written election was not necessary to restrict double indemnity recovery when his death resulted from flight in aircraft piloted by him. Daman v. New York Life Ins. Co., 540 F.2d 382 (8th Cir. 1976).

44-502.01 Policy loans; variable interest rates.

The purpose of sections 44-502.01 to 44-502.04 is to permit and set guidelines for life insurers to include in life insurance policies issued after August 30, 1981, a provision for periodic adjustment of policy loan interest rates.

Source: Laws 1981, LB 355, § 14.

44-502.02 Policy loans; published monthly average, defined.

For purposes of sections 44-502.01 to 44-502.04, published monthly average shall mean a monthly bond yield average which is:

(1) Published by a national financial statistical organization;

44-502.03 Policy loans; interest rates; maximum; adjustments; notice.

(1) Policies issued on or after August 30, 1981, shall provide for policy loan interest rates as follows:

(a) A provision permitting a maximum interest rate of not more than eight percent per annum; or

(b) A provision permitting an adjustable maximum interest rate established from time to time by the life insurers as permitted by law.

(2) The rate of interest charged on a policy loan made under subdivision (1)(b) of this section shall not exceed the higher of the following:

(a) The published monthly average for the calendar month ending two months before the date on which the rate is determined; or

(b) The rate used to compute the cash surrender values under the policy during the applicable period plus one percent per annum.

(3) If the maximum rate of interest is determined pursuant to subdivision (1)(b) of this section, the policy shall contain a provision setting forth the frequency at which the rate is to be determined for that policy.

(4) The maximum rate for each policy must be determined at regular intervals at least once every twelve months, but not more frequently than once in any three-month period. At the intervals specified in the policy, the rate being charged (a) may be increased whenever such increase as determined under subsection (2) of this section would increase that rate by one-half of one percent or more per annum, and (b) must be reduced whenever such reduction as determined under subsection (2) of this section would decrease that rate by one-half of one percent or more per annum.

(5) The life insurer shall:

(a) Notify the policyholder at the time a cash loan is made of the initial rate of interest on the loan;

(b) Notify the policyholder with respect to premium loans of the initial rate of interest on the loan as soon as it is reasonably practical to do so after making the initial loan. Notice need not be given to the policyholder when a further premium loan is added, except as provided in subdivision (5)(c) of this section;

(c) Send to policyholders with loans reasonable advance notice of any increase in the rate; and

(d) Include in the notices required by this subsection the substance of the pertinent provisions of subsections (1) and (3) of this section.

(6) The loan value of the policy shall be determined in accordance with this section, but no policy shall terminate in a policy year as the sole result of a change in the interest rate during that policy year, and the life insurer shall

maintain coverage during that policy year until the time at which it would otherwise have terminated if there had been no change during that policy year.

(7) The substance of the pertinent provisions of subsections (1) and (3) of this section shall be set forth in the policies to which they apply.

(8) For purposes of this section:

(a) The rate of interest on policy loans permitted under this section includes the interest rate charged on reinstatement of policy loans for the period during and after any lapse of a policy;

(b) Policy loan includes any premium loan made under a policy to pay one or more premiums that were not paid to the life insurer as they fell due;

(c) Policyholder includes the owner of the policy or the person designated to pay premiums as shown on the records of the life insurer; and

(d) Policy includes certificates issued by a fraternal benefit society and annuity contracts which provide for policy loans.

If a policyholder or a purchaser pursuant to such notice returns the policy to the insurer at its home office or branch office or to the agent or agency through which it was purchased, the policy shall be void from the beginning and the parties shall be in the same position as if no policy had been issued.

44-503 Life or endowment policies; provisions prohibited.

No policy of life or endowment insurance shall be issued or delivered in this state (1) if it contains in substance a provision by which the policy shall purport to be issued, or to take effect, more than six months before the original application for the insurance was made, (2) if it contains in substance a provision which excludes or restricts liability in the event of death by suicide if such death occurs more than two years after the policy date, (3) if it contains in substance provision, except such provisions as are authorized or required by

section 44-502, by which the settlement at the maturity of any policy after the expiration of the contestable period thereof shall be of less value than the amount promised on the face of the policy plus dividend additions, if any, less any indebtedness to the company on or secured by the policy, and less any premium that may, by the terms of the policy, be deducted, or (4) if there are attached thereto or issued as a part thereof or in connection therewith any coupons or other evidence of indebtedness by whatever name called, which coupons or other evidence of indebtedness are to be used in reducing the premiums on the policies or for the purchase of additional insurance or any benefit whatever or which are to be redeemed by the company in cash under any circumstances in the nature of a rebate on the premium.

44-503.01 Beneficiary; trustee; named or to be named in a will.

A policy of life insurance may designate as beneficiary a trustee or trustees named or to be named by will, if the designation is made in accordance with the provisions of the policy and the requirements of the insurance company. Immediately after the proving of the will the proceeds of such insurance shall be paid to the trustee or trustees named therein to be held and disposed of under the terms of the will as they exist at the death of the testator, but if no qualified trustee makes claim to the proceeds from the insurance company within one year after the death of the insured, or if satisfactory evidence is furnished the insurance company within such one-year period showing that no trustee can qualify to receive the proceeds, payment shall be made by the insurance company to those thereafter entitled. Any payment of proceeds in accordance with the provisions of this section by an insurance company shall constitute a full discharge of such insurance company's liability for the amount so paid. The proceeds of the insurance as collected by the trustee or trustees shall not be subject to debts of the insured and inheritance tax. Enactment of this section shall not invalidate previous life insurance policy beneficiary designations naming trustees of trusts established by will.

Sections 44-358 and 44-514 to 44-521 relate to different matters and are therefore not in conflict. As such, the right to rescission as limited by section 44-358 is still available to an insurer regarding policies of the type defined in this section. Glockel v. State Farm Mut. Auto. Ins. Co., 224 Neb. 598, 400 N.W.2d 250 (1987).

44-515 Automobile liability policy; notice of cancellation; requirements; exceptions.

(c) The named insured or any operator, either resident in the same household or who customarily operates an automobile insured under the policy, (i) has had his or her driver's license suspended or revoked pursuant to law, (ii) has been convicted of larceny of an automobile, or theft of an automobile in violation of section 28-516, (iii) has been convicted of an offense for which such suspension or revocation is mandatory, or (iv) whose driver's license is subject to revocation or suspension pursuant to the provisions of sections 60-4,182 to 60-4,186, by reason of his or her driving record as disclosed by the files of the Director of Motor Vehicles during the policy period or, if the policy is a renewal, during its policy period or the one hundred eighty days immediately preceding its effective date.

(2) This section shall not apply to any policy or coverage which has been in effect less than sixty days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(3) This section shall not apply to nonrenewal.

This section limits the grounds for cancellation of policies of the type defined in section 44-514. Glockel v. State Farm Mut. Auto. Ins. Co., 224 Neb. 598, 400 N.W.2d 250 (1987).

Unless a cancellation statute is manifestly all-inclusive, a statute specifying the instances under which a party to an insurance contract may cancel it does not make cancellation the exclusive remedy, and it is not in derogation of other remedial rights which are recognized and implemented by other provisions of law. Glockel v. State Farm Mut. Auto. Ins. Co., 224 Neb. 598, 400 N.W.2d 250 (1987).

An automobile liability policy may be cancelled for any of the reasons appearing in this section. Glockel v. State Farm Mut. Auto. Ins. Co., 219 Neb. 222, 361 N.W.2d 559 (1985).

Section 44-516 requires registered or certified mail for every cancellation notice regardless of the period the policy has been in force. Saunders v. Mittlieder, 195 Neb. 232, 237 N.W.2d 838 (1976).

44-516 Automobile liability policy; notice of cancellation; reason for cancellation.

(1) No notice of cancellation of a policy to which section 44-515 applies shall be effective unless mailed by registered mail, certified mail, or first-class mail using intelligent mail barcode or another similar tracking method used or approved by the United States Postal Service to the named insured at least thirty days prior to the effective date of cancellation, except that if cancellation is for nonpayment of premium, at least ten days' notice of cancellation accompanied by the reason therefor shall be given. The requirements of this subsection shall apply to a cancellation initiated by a premium finance company for nonpayment of premium.

(2) Unless the reason accompanies or is included in the notice of cancellation, the notice of cancellation shall state or be accompanied by a statement that upon written request of the named insured, mailed or delivered to the insurer not less than twenty-five days prior to the effective date of cancellation, the insurer will specify the reason for such cancellation. The insurer shall, upon such written request of the named insured, mailed or delivered to the insurer not less than twenty-five days prior to the effective date of cancellation, specify in writing the reason for such cancellation. Such reason shall be mailed or delivered to the named insured within five days after receipt of such request.

(3) For purposes of sections 44-514 to 44-521:

(a) An insurer's substitution of insurance upon renewal which results in substantially equivalent coverage shall not be considered a cancellation of a policy; and

(b) The transfer of a policyholder between insurers within the same insurance group shall be considered a cancellation only if the transfer results in policy coverage or rates substantially less favorable to the insured.

(4) Subsections (1) and (2) of this section shall not apply to nonrenewal.

Failure of an insurer to send notice of cancellation for nonpayment of premiums to other individuals with an interest in an insured vehicle does not make cancellation ineffective as to the named insured who does receive notice in conformity with subsection (1) of this section. City of Columbus v. Swanson, 270 Neb. 713, 708 N.W.2d 225 (2005).

Purpose of the statutory scheme under sections 44-514 to 44-521 was to ensure that notice is given when cancellation is the remedy utilized and to limit the circumstances under which cancellation may be had. Glockel v. State Farm Mut. Auto. Ins. Co., 224 Neb. 598, 400 N.W.2d 250 (1987).

This section does not require notice in the case of an automatic termination by expiration of the policy period. This section, by its terms, does not apply if the insurer has manifested its willingness to renew or if nonrenewal is due to nonpayment of premium. Sampson v. State Farm Mut. Ins. Co., 205 Neb. 164, 286 N.W.2d 746 (1980).

This section requires registered or certified mail for every cancellation notice regardless of the period the policy has been in force. Saunders v. Mittlieder, 195 Neb. 232, 237 N.W.2d 838 (1976).

44-517 Automobile liability policy; notice of intention not to renew; requirements.

(1) No insurer shall refuse to renew a policy unless such insurer or its agent shall mail or deliver to the named insured, at the address shown in the policy, at least twenty days' advance notice of its intention not to renew. This section shall not apply: (a) If the insurer has manifested its willingness to renew; nor (b) in case of nonpayment of premium, except that notwithstanding the failure of an insurer to comply with this section, the policy shall terminate on the effective date of any other insurance policy with respect to any automobile designated in both policies.

(2) For purposes of sections 44-514 to 44-521:

(a) An insurer's substitution of insurance upon renewal which results in substantially equivalent coverage shall not be considered a refusal to renew a policy; and

(b) The transfer of a policyholder between insurers within the same insurance group shall be considered a refusal to renew a policy only if the transfer results in policy coverage or rates substantially less favorable to the insured.

(3) Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation that existed before the effective date of such renewal.

This section does not require notice in the case of an automatic termination by expiration of the policy period. Co., 205 Neb. 164, 286 N.W.2d 746 (1980).

44-518 Automobile liability policy; notice of intention not to renew; reason.

If an insurer shall refuse to renew a policy, as provided for in section 44-517, the insurer shall, upon written request of the named insured, mailed or delivered not less than fifteen days prior to the effective date of such notice of intention not to renew, specify in writing the reason for such refusal to renew. Such reason shall be mailed or delivered to the named insured within five days after receipt of such request.

There shall be no liability on the part of, and no cause of action of any nature shall arise against, the Director of Insurance or against any insurer, its authorized representative, its agents, its employees, or any firm, person, or corporation furnishing to the insurer information as to reasons for cancellation or intention not to renew, for any statement made by any of them in any written notice of cancellation or intention not to renew, or in any other communication, oral or written, specifying the reasons for cancellation or intention not to renew, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

44-522 Policies; cancellation requirements.

(1) No insurer may file an insurance policy with the department, as required by the Property and Casualty Insurance Rate and Form Act, which insures against loss or damage to property or against legal liability from any cause unless such policy contains appropriate provisions for cancellation thereof by either the insurer or the insured and for nonrenewal thereof by the insurer.

(2) On any policy or binder of property, marine, or liability insurance, as specified in section 44-201, the insurer shall give the insured sixty days' written notice prior to cancellation or nonrenewal of such policy or binder, except that the insurer may cancel upon ten days' written notice to the insured in the event of nonpayment of premium or if such policy or binder has a specified term of sixty days or less unless the policy or binder has previously been renewed. The requirements of this subsection shall apply to a cancellation initiated by a premium finance company for nonpayment of premium. The provisions of this subsection and subsection (4) of this section shall not apply to nonrenewal of a policy or binder which has a specified term of sixty days or less unless the

policy or binder has previously been renewed. Such notice shall state the reason for cancellation or nonrenewal.

(3) Notwithstanding subsection (2) of this section, no policy of property, marine, or liability insurance, as specified in section 44-201, which has been in effect for more than sixty days shall be canceled by the insurer except for one of the following reasons:

(b) The policy was obtained through a material misrepresentation;

(c) Any insured has submitted a fraudulent claim;

(d) Any insured has violated any of the terms and conditions of the policy;

(e) The risk originally accepted has substantially increased;

(f) Certification to the Director of Insurance of loss of reinsurance by the insurer which provided coverage to the insurer for all or a substantial part of the underlying risk insured; or

(g) The determination by the director that the continuation of the policy could place the insurer in violation of the insurance laws of this state.

(4) Notice of cancellation or nonrenewal shall be sent by registered mail, certified mail, first-class mail, or first-class mail using intelligent mail barcode or another similar tracking method used or approved by the United States Postal Service to the insured's last mailing address known to the insurer. If sent by first-class mail, a United States Postal Service certificate of mailing shall be sufficient proof of receipt of notice on the third calendar day after the date of the certificate.

(5) For purposes of this section:

(a) An insurer's substitution of insurance upon renewal which results in substantially equivalent coverage shall not be considered a cancellation of or a refusal to renew a policy; and

(b) The transfer of a policyholder between insurers within the same insurance group shall be considered a cancellation or a refusal to renew a policy only if the transfer results in policy coverage or rates substantially less favorable to the insured.

(6) The requirements of subsections (2), (3), and (4) of this section shall not apply to automobile insurance coverage, insurance coverage issued under the Nebraska Workers' Compensation Act, insurance coverage on growing crops, or insurance coverage which is for a specified season or event and which is not subject to renewal or replacement.

44-703 Life insurance; claims; false statements in application; effect.

In any claim arising under a policy which has been issued in this state by any life insurance company without previous medical examination, or without the knowledge and consent of the insured, or if said insured is under ten years of age, without the consent of the parent, guardian or other person having legal custody of said minor, the statements made in the application as to age, physical condition and family history of the insured, shall be valid and binding upon the company, but the company shall not be debarred from proving as a defense to such claim that said statements were willfully false, fraudulent or misleading.

44-704 Life, sickness, or accident insurance; annuities; who may apply or own; restrictions.

(1) Except as provided in subsection (2) of this section, no policy of insurance shall be issued upon the person of any individual except upon the application of the individual insured or with the written consent of the individual insured. Nothing in this section shall be deemed to prohibit the immediate transfer or assignment of a life insurance policy or annuity contract so issued.

(2) Notwithstanding the provisions of subsection (1) of this section, (a) a husband or wife may effectuate a policy of insurance upon the person of the other and (b) any person may effectuate a policy of insurance upon the person of a child.

(3) The term policy of insurance as used in this section shall include any life insurance policy, annuity contract, and contract of sickness and accident insurance but shall not include a contract of group life insurance or a contract of blanket or group sickness and accident insurance.

(4) Nothing in Chapter 44 shall prohibit an organization or entity described in section 501(c)(3) of the Internal Revenue Code or to whom a charitable contribution could be made under section 170(c) of the code or a trust all of whose beneficiaries are organizations or entities described in section 501(c)(3) of the code or to whom a charitable contribution could be made under section 170(c) of the code from procuring, effectuating, or causing to be procured or effectuated the ownership of any life insurance policy or annuity contract upon the life of an individual if such individual gives written consent to the issuance of such policy or contract when such organization, entity, or trust is the owner of such policy or contract. Nothing in Chapter 44 shall require such organization, entity, or trust to have an insurable interest as defined in section 44-103 in the life of such individual in order for a policy or contract to be procured or effectuated pursuant to this subsection. This subsection shall apply to all policies and contracts in force on or after April 16, 1992. The changes made to this subsection by Laws 2004, LB 980, shall apply to all policies and contracts in force on or after July 16, 2004.

(5) Except as provided in subsection (4) of this section, nothing in this section shall be construed to permit a person to procure, effectuate, or cause to be procured or effectuated, directly or by assignment or otherwise, any policy of insurance upon the person of a child or other individual unless the benefits under such policy are payable to the child or other individual insured, to his or her personal representative, or to a person having, at the time such policy is issued, an insurable interest in the child or other individual insured.

44-705 Life, sickness, or accident insurance; annuities; minors; competency.

A minor not less than ten years of age, as determined by nearest birthday, shall not be deemed incompetent by reason of such minority to contract for or with respect to insurance or annuities upon his life or against bodily injury or death by accident or disability from sickness, for the benefit of himself or his estate, or for the benefit of the father, mother, husband, wife, brother or sister of such minor; nor shall such minor be deemed incompetent by reason of such minority to surrender such insurance or give a valid discharge on account of any benefit accruing or for money payable under the contract; *Provided,* such

surrender or discharge shall be approved in writing by the parent of such minor or person liable for his support.

44-706 Life insurance; minors; policy options; applicant may exercise.

Subject to the rights of any person other than the minor whose life is insured, the applicant for a policy upon the life of a minor may during the lifetime of said minor and prior to the time such minor shall be ten years of age at nearest birthday, exercise any option contained in said policy in all respects the same as though such applicant were the person insured by or the owner of said policy, and, under like circumstances, shall be entitled to collect and receive all sums payable upon or on account of such policy.

44-706.01 Life insurance; minor; payments; competency.

Any minor domiciled in this state, who shall have attained the age of eighteen years, shall be deemed competent to receive, and to give full acquittance and discharge for a single sum or for periodical payments, not exceeding three thousand dollars in any one year, payable by a life insurance company under the maturity, death or settlement agreement provisions in effect or elected by such minor under a life insurance policy or annuity contract, if such policy, contract or agreement shall provide for the payment or payments to such minor and if prior to such payment the company had not received written notice of the appointment of a duly qualified guardian of the estate of such minor; but no such minor shall be deemed competent to alienate the right to such payment or payments or to anticipate the same.

The provisions of this section shall not be construed as requiring any insurance company making such payment to determine whether any other insurance company may be effecting a similar payment to the same minor.

44-707 Domestic company; contingency reserve.

Any domestic life insurance company may accumulate and maintain, in addition to the net value of its policies and all accumulations held on account of existing or future dividends, policies, or groups of such policies, a contingency reserve of not more than twenty percent of said net value, or the sum of one hundred thousand dollars, whichever is the greater. For cause shown, the Department of Insurance may, at any time, and from time to time, permit any company to accumulate and maintain a larger contingency reserve, not exceed-

44-708 Life insurers; funding agreements; authorized.

(1) Insurers authorized to deliver or issue for delivery life insurance policies in this state may deliver or issue for delivery one or more funding agreements, but the delivery or issuance for delivery of funding agreements shall not be deemed the business of insurance, life insurance or an annuity or other line of business as set forth in section 44-201, a security as defined in subdivision (15) of section 8-1101, or receipt of gross premiums as set forth in section 77-908. The delivery or issuance for delivery of a funding agreement by an admitted life insurer in this state shall constitute a lawful activity of that insurer that is reasonably related to and incidental to its insurance activities as provided in this section. However, this section shall not authorize any insurer to transact, under the guise of funding agreements, any line of insurance not authorized by its certificate of authority.

(2) No amounts shall be guaranteed or credited under any funding agreement except upon reasonable assumptions as to investment income and expenses and on a basis equitable to all holders of funding agreements of a given class.

(3) Amounts paid to the insurer, and proceeds applied under optional modes of settlement, under funding agreements may be allocated by the insurer to one or more separate accounts.

(4) The Director of Insurance may adopt and promulgate rules and regulations to implement this section, including rules and regulations setting forth the terms and conditions under which an insurer may issue funding agreements.

(5) Notwithstanding any other provision of law, the director shall have sole authority to regulate the issuance and sale of funding agreements, including the persons selling funding agreements on behalf of insurers.

(6) Nothing in this section is intended to affect the order in which allowed claims shall be given preference under section 44-4842. Holders of funding agreements shall retain the priority in allowance of claims described in subdivision (2) of section 44-4842.

(7) For purposes of this section, funding agreement means an agreement that authorizes an admitted life insurer to accept funds and that provides for an accumulation of those funds for the purpose of making one or more payments at future dates in amounts that are not based on mortality or morbidity contingencies. Funding agreement does not include any agreement in connection with the funding of one or more payments that are excludable from the

gross income of the recipient under section 104(a)(2) of the Internal Revenue Code.

44-708.01 Life insurers; synthetic guaranteed investment contracts; authorized.

(1) Insurers authorized to deliver or issue for delivery life insurance policies in this state may deliver or issue for delivery synthetic guaranteed investment contracts if the following requirements are met:

(a) The insurer is authorized to deliver, or issue for delivery, life insurance policies in this state; and

(b) The insurer has at least one billion dollars in admitted assets or one hundred million dollars in capital and surplus, as reflected by the most recent financial statements on file with the Director of Insurance.

(2) Synthetic guaranteed investment contracts, that are not otherwise subject to filing under applicable law and regulation, shall be filed, before being marketed or issued in this state, by the insurer with the director. If the director finds that the synthetic guaranteed investment contracts contemplate practices that are unfair or unreasonable or otherwise inconsistent with the provisions of Chapter 44, the director may disapprove of the forms of synthetic guaranteed investment contracts specifying in what regard the synthetic guaranteed investment contracts are unfair or unreasonable or otherwise inconsistent with the provisions of Chapter 44.

(3) The director may adopt and promulgate rules and regulations to implement this section, including rules and regulations setting forth the terms and conditions under which an insurer may issue synthetic guaranteed investment contracts.

(4) For purposes of this section, synthetic guaranteed investment contract means a policy, contract, or agreement that establishes the insurer's obligations under the policy, contract, or agreement by reference to a portfolio of assets that is not owned or possessed by the insurer.

44-710 Sickness and accident insurance policy; form; approval; exception; premium rates and classification of risks; filing requirements.

(1) Except as otherwise provided by the Director of Insurance and subsection (2) of this section, no policy of sickness and accident insurance shall be delivered or issued for delivery in this state, nor shall any endorsement, rider, or application which becomes a part of any such policy be used, until a copy of

the form and of the premium rates and of the classification of risks pertaining thereto has been filed with the Director of Insurance. No policy, endorsement, rider, or application shall be used until the expiration of thirty days after the form has been received by the director unless the director gives his or her written approval thereto prior to the expiration of the thirty-day period. The thirty-day period may be extended by the director for an additional period not to exceed thirty days. Notice of such extension shall be sent to the insurer involved. The director shall notify in writing the insurer which has filed any such form if it contains benefits that are unreasonable in relation to the premium charged or any provision which is unjust, unfair, inequitable, misleading, or contrary to the law of this state, specifying the reasons for his or her opinion, and it shall thereafter be unlawful for such insurer to use such form in this state. In such notice, the director shall state that a hearing will be granted within thirty days upon written request of the insurer. In all other cases the director shall give his or her approval. The decision of the director may be appealed, and the appeal shall be in accordance with the Administrative Procedure Act.

(2) No sickness and accident insurance policy subject to the federal Patient Protection and Affordable Care Act, Public Law 111-148, shall be delivered or issued for delivery in this state, including any policy or certificate of sickness and accident insurance issued to or for associations not domiciled in this state other than a certificate issued to an employee under an employee benefit plan of an employer headquartered in another state where the policy is lawfully issued in that state, nor shall any endorsement, rider, certificate, or application which becomes a part of any such policy be used until a copy of the form and of the premium rates and of the classification of risks pertaining thereto has been filed with and approved by the Director of Insurance. No policy, endorsement, rider, or application shall be used until the expiration of thirty days after the form has been received by the director unless the director gives his or her written approval thereto prior to the expiration of the thirty-day period. The thirty-day period may be extended by the director for an additional period not to exceed thirty days. Notice of such extension shall be sent to the insurer involved. In such notice, the director shall state that a hearing will be granted within thirty days upon written request of the insurer. In all other cases the director shall give his or her approval. 44-710.02 Sickness and accident insurance; insurer domiciled in state; delivery in another state; approval.

If any policy of sickness and accident insurance is issued by an insurer domiciled in this state for delivery to a person residing in another state and if the official having responsibility for the administration of the insurance laws of such other state has advised the Director of Insurance that any such policy is not subject to approval or disapproval by such official, the Director of Insurance may by ruling require that such policy meet the standards set forth in sections 44-710.01 and 44-710.03 to 44-710.09.

44-710.03 Sickness and accident insurance; standard policy form; mandatory provisions.

Except as provided in section 44-710.05, each policy of sickness and accident insurance delivered or issued for delivery to any person in this state shall contain the provisions specified in this section in the words in which the provisions appear in this section, except that the insurer may, at its option, substitute for one or more of such provisions corresponding provisions of different wording approved by the Director of Insurance which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the Director of Insurance may approve.

(1) A provision as follows: ENTIRE CONTRACT: CHANGES: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

(2) A provision as follows: TIME LIMIT ON CERTAIN DEFENSES: (a) After two years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability, as defined in the policy, commencing after the expiration of such two-year period. The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two-year period nor to limit the application of subdivisions (1) through (5) of section 44-710.04 in the event of misstatement with respect to age or occupation or other insurance. A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue, may contain in lieu of the foregoing the following provision, from which the clause ''as defined in the policy'' may be omitted at the insurer's option, under the caption INCONTESTABLE: After this policy has been in force for a period of two years during the lifetime of the insured, excluding any period during which the insured is disabled, it shall become incontestable as to the statements contained in the application. (b) No claim for loss incurred or disability, as defined in the policy, commencing after two years from the date of issue of this policy shall be reduced or denied on the ground that disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(3) A provision as follows: GRACE PERIOD: A grace period of . . . . . (insert a number not less than 7 for weekly premium policies, 10 for monthly premium policies, and 31 for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force. A policy which contains a cancellation provision may add, at the end of the above provision: Subject to the right of the insurer to cancel in accordance with the cancellation provision hereof. A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision: Unless not less than thirty days prior to the premium due date the insurer has delivered to the insured or has mailed to his or her last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.

(4) A provision as follows: REINSTATEMENT: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy, except that if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid but not to any period more than sixty days prior to the date of reinstatement. (The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (a) until at least age fifty or (b) in the case of a policy issued after age forty-four, for at least five years from its date of issue.)

(5) A provision as follows: NOTICE OF CLAIM: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at . . . . . (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer. In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision: Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, he or she shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of such disability, except in the event of legal incapacity.

The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given.

(6) A provision as follows: CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

(7) A provision as follows: PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its office in case of claim for loss for which the policy provides any periodic payment contingent upon continuing loss within ninety days after the termination of the period for which the insurer is liable and in case of claim for any other loss within ninety days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time and if such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

(8) A provision as follows: TIME OF PAYMENT OF CLAIMS: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid ..... (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

(9) A provision as follows: PAYMENT OF CLAIMS: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured. The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer: (a) If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding $..... (insert an amount which shall not exceed five thousand dollars), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment. (b) Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests

otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person.

(10) A provision as follows: PHYSICAL EXAMINATIONS AND AUTOPSY: The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

(11) A provision as follows: LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

(12) A provision as follows: CHANGE OF BENEFICIARY: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy, to any change of beneficiary or beneficiaries, or to any other changes in this policy. The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option.

(13) A provision as follows: CONFORMITY WITH STATE AND FEDERAL LAW: Any provision of this policy which, on its effective date, is in conflict with the law of the federal government or the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such law.

In accordance with section 44-767, a group health insurance policy may contain contractual limitations periods so long as they are not ''less favorable to the insured than would be permitted'' under this section. Brodine v. Blue Cross Blue Shield, 272 Neb. 713, 724 N.W.2d 321 (2006).

44-710.04 Sickness and accident insurance; permissive provisions; standard policy form; requirements.

Except as provided in sections 44-710.05 and 44-787, no policy of sickness and accident insurance delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words in which the provisions appear in this section, except that the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the Director of Insurance which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the Director of Insurance may approve.

(1) A provision as follows: CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed his or her occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the

limits fixed by the insurer for such more hazardous occupation. If the insured changes his or her occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change of occupation.

(2) A provision as follows: MISSTATEMENT OF AGE: If the age of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age.

(3) Except as provided in subdivision (6) of this section, a provision as follows: OTHER INSURANCE IN THIS INSURER: If an accident or sickness or accident and sickness policy or policies previously issued by the insurer to the insured be in force concurrently herewith, making the aggregate indemnity for ..... (insert type of coverage or coverages) in excess of $..... (insert maximum limit of indemnity or indemnities), the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to his or her estate; or in lieu thereof: Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, his or her beneficiary, or his or her estate, as the case may be, and the insurer will return all premiums paid for all other such policies.

(4) Except as provided in subdivision (6) of this section, a provision as follows: INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision-of-service basis or on an expense-incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense-incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision-of-service basis, the like amount of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage. If the foregoing policy provision is included in a policy which also contains the next following policy provision there shall be added to the caption of the foregoing provision the phrase ..... EXPENSE-INCURRED BENEFITS. The insurer may, at its option, include in this provision a definition of other valid coverage, approved as to form by the Director of Insurance, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by

insurance law or by insurance authorities of this or any other state of the United States or any province of Canada and by hospital or medical service organizations and to any other coverage the inclusion of which may be approved by the Director of Insurance. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employers liability statute, whether provided by a governmental agency or otherwise shall in all cases be deemed to be other valid coverage of which the insurer has had notice. In applying the foregoing policy provision no third-party liability coverage shall be included as other valid coverage.

(5) Except as provided in subdivision (6) of this section, a provision as follows: INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense-incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined. If the foregoing policy provision is included in a policy which also contains the next preceding policy provision, there shall be added to the caption of the foregoing provision the phrase ..... OTHER BENEFITS. The insurer may, at its option, include in this provision a definition of other valid coverage, approved as to form by the Director of Insurance, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada and to any other coverage the inclusion of which may be approved by the Director of Insurance. In the absence of such definition such term shall not include group insurance or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employers liability statute, whether provided by a governmental agency or otherwise shall in all cases be deemed to be other valid coverage of which the insurer has had notice. In applying the foregoing policy provision no third-party liability coverage shall be included as other valid coverage.

(6) In lieu of the provisions set forth in subdivisions (3) through (5) of this section but subject to section 44-3,159, the insurer may at its option include a provision entitled COORDINATION OF BENEFITS which provides for nonduplication and coordination between two or more coverages based on rules and regulations adopted and promulgated by the director.

(7) A provision as follows: RELATION OF EARNINGS TO INSURANCE: If the total monthly amount of loss-of-time benefits promised for the same loss under all valid loss-of-time coverage upon the insured, whether payable on a

weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his or her average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time. The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (a) until at least age fifty or (b) in the case of a policy issued after age forty-four for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of valid loss-of-time coverage, approved as to form by the Director of Insurance, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada or to any other coverage the inclusion of which may be approved by the Director of Insurance or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employers liability statute, or benefits provided by union welfare plans or by employer or employee benefit organizations.

(8) A provision as follows: UNPAID PREMIUM: Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom.

(9) A provision as follows: CANCELLATION: The insurer may cancel this policy at any time by written notice delivered to the insured which shall be effective only if mailed by certified or registered mail to the named insured at his or her last-known address, as shown by the records of the insurer, at least thirty days prior to the effective date of cancellation, except that cancellation due to failure to pay the premium or in cases of fraud or misrepresentation shall not require that such notice be given at least thirty days prior to cancellation. Subject to any provisions in the policy or a grace period, cancellation for failure to pay a premium shall be effective as of midnight of the last day for which the premium has been paid. In cases of fraud or misrepresentation, coverage shall be canceled upon the date of the notice or any later date designated by the insurer. After the policy has been continued beyond its original term the insured may cancel this policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, the insurer will return promptly the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels,

the earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation.

(10) A provision as follows: ILLEGAL OCCUPATION: The insurer shall not be liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation.

(11) A provision as follows: INTOXICANTS AND NARCOTICS: The insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician.

The word insured, as used in sections 44-709 to 44-767, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy of sickness and accident insurance covering the insured or from being entitled under such a policy to any indemnities, benefits, and rights provided therein.

In the event the age of the insured has been misstated and if, according to the correct age of the insured, the coverage provided by the policy would not have become effective or would have ceased prior to the acceptance of such premium or premiums, then the liability of the insurer shall be limited to the refund, upon request, of all premiums paid for the period not covered by the policy.

If a policyholder or a purchaser pursuant to such notice returns the policy to the insurer at its home office or branch office or to the agent or agency through which it was purchased, it shall be void from the beginning and the parties shall be in the same position as if no policy had been issued.

44-761 Group sickness and accident insurance; required provisions.

Each group policy of sickness and accident insurance shall contain in substance the following provisions:

(1) A provision that the policy, the application of the policyholder if such application or copy thereof is attached to such policy, and the individual applications, if any, submitted in connection with such policy by the employees or members, shall constitute the entire contract between the parties, that all statements, in the absence of fraud, made by any applicant or applicants shall be deemed representations and not warranties, and that no such statement shall avoid the insurance or reduce benefits thereunder unless contained in a written application of which a copy is attached to the policy;

(2) A provision that the insurer will furnish to the policyholder, for delivery to each employee or member of the insured group, an individual certificate setting forth in summary form a statement of the essential features of the insurance coverage of such employee or member and to whom benefits thereunder are payable. If dependents are included in the coverage, only one certificate need be issued for each family unit;

(3) A provision that to the group originally insured may be added from time to time eligible new employees or members or dependents, as the case may be, in accordance with the terms of the policy; and

Any policy which provides that coverage of an unmarried dependent child shall terminate upon the attainment of the limiting age for unmarried dependent children specified in the policy shall also provide that attainment of such limiting age shall not operate to terminate the coverage of such child during the continuance of the insurance coverage of the employee or member under such policy and while such child is and continues to be (a) incapable of self-sustaining employment by reason of mental or physical handicap and (b) chiefly dependent upon the policyholder for support and maintenance, if proof of such incapacity and dependency is furnished to the insurer by the policyholder within thirty-one days of such child's attainment of the limiting age and subsequently as may be required by the insurer but not more frequently than annually after the two-year period following such child's attainment of the limiting age. The insurer may charge an additional premium for and with respect to any such continuation of coverage beyond the limiting age of the policy, which premium shall be determined by the insurer on the basis of the class of risks applicable to such child. The provisions of this subdivision shall be contained in all new policies of group sickness and accident insurance delivered or issued for delivery to any person in this state. No group policy of sickness and accident insurance shall contain any provisions which are in conflict with sections 44-3,144 to 44-3,150.

44-769 Legislative findings; alcoholism insurance.

The Legislature hereby declares and finds that alcoholism is a disease which, if untreated, is highly disruptive of family life and employment and costs the state, its political subdivisions, insurers, employers, and taxpayers millions of dollars annually because of highway deaths and injuries, lost wages, lower productivity, welfare and unemployment compensation, greater utilization of

health insurance benefits and premature death, alcohol-related crimes, and the corresponding costs to the criminal justice and penal systems. The Legislature further finds that while most health benefit plans pay the high cost of treating the symptoms, injuries, and diseases associated with alcoholism many exclude coverage for treatment of the disease itself or limit coverage to acute portions of hospitals which do not generally treat the disease. The Legislature therefor declares that group subscribers and insureds should have information concerning the scope of alcoholism benefits being offered and access to coverage for treatment of the disease on such terms and conditions as may be agreed upon between the subscriber or insured and the insurer or health maintenance organization.

44-791 Mental health conditions; legislative findings.

The Legislature finds that mental health conditions affect a significant number of Nebraskans. Mental health conditions, like severe physical injuries or illness, can be life-altering and debilitating in nature. If properly treated and managed by mental health professionals, persons with mental health conditions can and do lead full and productive lives. However, without such treatment or management, many mental health conditions will progressively deteriorate and negatively impact upon a person's livelihood, social relationships, and physical health.

The Legislature also finds that many persons with mental health conditions either do not seek treatment or do not complete or maintain such treatment programs. Treatment options are not underutilized due to the scarcity of professional resources or the lack of desire on the part of persons with mental health conditions, but rather treatment has become unaffordable as the result of the rising health care costs combined with a lack of insurance coverage for mental health conditions. The associated societal and monetary costs of providing no treatment or untimely treatment to persons with mental health conditions are great. It is the intent of sections 44-791 to 44-795 that persons with group health insurance plans providing coverage for mental health conditions be provided with a minimum level of coverage.

(2) This section does not prohibit such policy, certificate, contract, or plan from requiring prior authorization for a prescribed, orally administered anticancer medication. If such medication is authorized, the cost to the covered individual shall not exceed the coinsurance or copayment that would be applied to any other cancer treatment involving intravenously administered or injected anticancer medications.

(3) A policy, certificate, contract, or plan provider shall not reclassify any anticancer medication or increase a coinsurance, copayment, deductible, or other out-of-pocket expense imposed on any anticancer medication to achieve compliance with this section. 44-7,108 Synchronizing patient's medications; coverage.

(1) Notwithstanding section 44-3,131, (a) any individual or group sickness and accident insurance policy, certificate, or subscriber contract delivered, issued for delivery, or renewed in this state and any hospital, medical, or surgical expense-incurred policy, except for policies that provide coverage for a specified disease or other limited-benefit coverage, and (b) any self-funded employee benefit plan to the extent not preempted by federal law that provides coverage for prescription medications shall apply a prorated daily cost-sharing rate to prescriptions that are dispensed by a network pharmacy for a partial supply if the prescribing practitioner or pharmacist determines the fill or refill to be in the best interest of the patient and the patient requests or agrees to a partial supply for the purpose of synchronizing the patient's medications.

(2) A policy, certificate, contract, or plan provider shall not deny coverage for the dispensing of a medication that is dispensed by a network pharmacy on the basis that the dispensing is for a partial supply if the prescribing practitioner or pharmacist determines the fill or refill to be in the best interest of the patient and the patient requests or agrees to a partial supply for the purpose of synchronizing the patient's medications. The policy, certificate, contract, or plan shall allow a pharmacy to override any denial codes indicating that a prescription is being refilled too soon for purposes of medication synchronization.

(3) To be eligible for coverage under this section, the medication:

(a) Must be covered by the enrollee's health benefit plan or have been approved by a formulary exception process;

(b) Must meet the prior authorization or utilization management criteria specifically applicable to the medication under the health benefit plan on the date the request for synchronization is made;

(e) Must not be a controlled substance listed in Schedule II of section 28-405.

(4) A policy, certificate, contract, or plan provider shall not use payment structures incorporating prorated dispensing fees. Dispensing fees for partially filled or refilled prescriptions shall be paid in full for each prescription dispensed, regardless of any prorated daily cost-sharing for the beneficiary or fee paid for alignment services.

(5) For purposes of this section, synchronizing the patient's medications means the coordination of medications for a patient who has been prescribed two or more medications for one or more chronic conditions so that the patient's medications are refilled on the same schedule for a given time period.

(6) This section shall apply to any policy, certificate, contract, or plan that is delivered, issued for delivery, or renewed in this state on or after September 7, 2019.

(c) Network provider means a facility providing services under a plan of health insurance, health benefits, or health care services if the plan either requires a person covered by the health insurer to use, or creates a financial incentive by providing a more favorable deductible, coinsurance, or copayment level for a person covered by the health insurer to use, a health care provider managed, owned, under contract with, or employed by the health insurer which administers the plan.

(3) A facility shall not advertise or hold itself out as a network provider, including any statement that the facility takes or accepts any health insurer, unless the facility is a network provider of the health insurer. 44-904 Initial privacy notice to consumers; when required.

(1) A licensee shall provide a clear and conspicuous notice that accurately reflects its privacy policies and practices to:

(a) An individual who becomes the licensee's customer, not later than when the licensee establishes a customer relationship, except as provided in subsection (5) of this section; and

(b) A consumer, before the licensee discloses any nonpublic personal financial information about the consumer to any nonaffiliated third party, if the licensee makes a disclosure other than as authorized by sections 44-914 and 44-915.

(2) A licensee is not required to provide an initial notice to a consumer under subdivision (1)(b) of this section if:

(a) The licensee does not disclose any nonpublic personal financial information about the consumer to any nonaffiliated third party, other than as authorized by sections 44-914 and 44-915, and the licensee does not have a customer relationship with the consumer; or

(b) A notice has been provided by an affiliated licensee, as long as the notice clearly identifies all licensees to whom the notice applies and is accurate with respect to the licensee and the other institutions.

(3)(a) A licensee establishes a customer relationship at the time the licensee and the consumer enter into a continuing relationship.

(b) A licensee establishes a customer relationship when the consumer:

(i) Becomes a policyholder of a licensee that is an insurer when the insurer delivers an insurance policy or contract to the consumer, or in the case of a licensee that is an insurance producer obtains insurance through that licensee; or

(ii) Agrees to obtain financial, economic, or investment advisory services relating to insurance products or services for a fee from the licensee.

(4) When an existing customer obtains a new insurance product or service from a licensee that is to be used primarily for personal, family, or household purposes, the licensee satisfies the initial notice requirements of subsection (1) of this section as follows:

(a) The licensee may provide a revised policy notice, under section 44-908, that covers the customer's new insurance product or service; or

(b) If the initial, revised, or annual notice that the licensee most recently provided to that customer was accurate with respect to the new insurance product or service, the licensee does not need to provide a new privacy notice under subsection (1) of this section.

(5)(a) A licensee may provide the initial notice required by subdivision (1)(a) of this section within a reasonable time after the licensee establishes a customer relationship if establishing the customer relationship is not at the customer's election. Establishing a customer relationship is not at the customer's election if a licensee acquires or is assigned a customer's policy from another financial institution or residual market mechanism and the customer does not have a choice about the licensee's acquisition or assignment.

(b) A licensee may provide the initial notice required by subdivision (1)(a) of this section within a reasonable time after the licensee establishes a customer relationship if providing notice not later than when the licensee establishes a customer relationship would substantially delay the customer's transaction and the customer agrees to receive the notice at a later time. Providing notice not later than when a licensee establishes a customer relationship substantially delays the customer's transaction when the licensee and the individual agree over the telephone to enter into a customer relationship involving prompt delivery of the insurance product or service. Providing notice not later than when a licensee establishes a customer relationship does not substantially delay the customer's transaction when the relationship is initiated in person at the licensee's office or through other means by which the customer may view the notice, such as on a website.

(6) When a licensee is required to deliver an initial privacy notice by this section, the licensee shall deliver it according to section 44-909. If the licensee uses a short form initial notice for noncustomers according to subsection (4) of section 44-906, the licensee may deliver its privacy notice according to subdivision (4)(c) of section 44-906.

44-905 Annual privacy notice to consumers; when required.

(1) A licensee shall provide a clear and conspicuous notice to customers that accurately reflects its privacy policies and practices not less than annually during the continuation of the customer relationship. For purposes of this subsection, annually means at least once in any period of twelve consecutive months during which that relationship exists. A licensee may define the twelve-consecutive-month period, but the licensee shall apply it to the customer on a consistent basis.

(2) A licensee is not required to provide an annual notice under subsection (1) of this section if the licensee:

(a) Provides nonpublic personal information to nonaffiliated third parties only in accordance with sections 44-913 to 44-915; and

(b) Has not changed its policies and practices with regard to disclosing nonpublic personal information from the policies and practices that were disclosed in the most recent disclosure sent to consumers in accordance with section 44-904 or subsection (1) of this section.

(3)(a) A licensee is not required to provide an annual notice to a former customer.

(b) For purposes of this subsection, a former customer is an individual with whom a licensee no longer has a continuing relationship. A former customer includes:

(i) An individual who is no longer a current policyholder of an insurance product or no longer obtains insurance services with or through the licensee;

(ii) An individual whose policy is lapsed, expired, or otherwise inactive or dormant under the licensee's business practices, and the licensee has not communicated with the customer about the relationship for a period of twelve consecutive months, other than to provide annual privacy notices, material required by law or regulation, or promotional materials;

(iii) An individual whose last-known address according to the licensee's records is deemed invalid. An address of record is deemed invalid if mail sent to that address by the licensee has been returned by the postal authorities as undeliverable and if subsequent attempts by the licensee to obtain a current valid address for the individual have been unsuccessful; and

(iv) In the case of providing real estate settlement services, the customer has completed execution of all documents related to the real estate closing, payment for those services has been received, or the licensee has completed all of its responsibilities with respect to the settlement, including filing documents on the public record, whichever is later.

(4) When a licensee is required by this section to deliver an annual privacy notice, the licensee shall deliver it according to section 44-909.

44-906 Privacy notices; requirements.

(1) The initial, annual, and revised privacy notices that a licensee provides under sections 44-904, 44-905, and 44-908 shall include each of the following items of information, in addition to any other information the licensee wishes to provide, that applies to the licensee and to the consumers to whom the licensee sends its privacy notice:

(a) The categories of nonpublic personal financial information that the licensee collects;

(b) The categories of nonpublic personal financial information that the licensee discloses;

(c) The categories of affiliates and nonaffiliated third parties to whom the licensee discloses nonpublic personal financial information, other than those parties to whom the licensee discloses information under sections 44-914 and 44-915;

(d) The categories of nonpublic personal financial information about the licensee's former customers that the licensee discloses and the categories of affiliates and nonaffiliated third parties to whom the licensee discloses nonpublic personal financial information about the licensee's former customers, other than those parties to whom the licensee discloses information under sections 44-914 and 44-915;

(e) If a licensee discloses nonpublic personal financial information to a nonaffiliated third party under section 44-913, and no other exception in sections 44-914 and 44-915 applies to that disclosure, a separate description of the categories of information the licensee discloses and the categories of third parties with whom the licensee has contracted;

(f) An explanation of the consumer's right under subsection (1) of section 44-910 to opt out of the disclosure of nonpublic personal financial information to nonaffiliated third parties, including the methods by which the consumer may exercise that right at that time;

(g) Any disclosures that the licensee makes under 15 U.S.C. 1681a(d)(2)(A)(iii), as such section existed on April 5, 2001;

(h) The licensee's policies and practices with respect to protecting the confidentiality and security of nonpublic personal financial information; and

(i) Any disclosure that the licensee makes under subsection (2) of this section.

(2) If a licensee discloses nonpublic personal financial information as authorized under sections 44-914 and 44-915, the licensee is not required to list those exceptions in the initial or annual privacy notices required by sections 44-904 and 44-905. When describing the categories of parties to whom disclosure is made, the licensee is required to state only that it makes disclosures to other affiliated or nonaffiliated third parties, as applicable, as permitted by law.

(3) If a licensee does not disclose, and does not wish to reserve the right to disclose, nonpublic personal financial information about customers or former customers to affiliates or nonaffiliated third parties except as authorized under sections 44-914 and 44-915, the licensee may simply state that fact, in addition to the information it shall provide under subdivisions (1)(a), (1)(h), and (1)(i) of this section and subsection (2) of this section.

(4)(a) A licensee may satisfy the initial notice requirements in subdivision (1)(b) of section 44-904 and subsection (3) of section 44-907 for a consumer who is not a customer by providing a short form initial notice at the same time as the licensee delivers an opt out notice as required in section 44-907.

(b) A short form initial notice shall:

(i) Be clear and conspicuous;

(ii) State that the licensee's privacy notice is available upon request; and

(iii) Explain a reasonable means by which the consumer may obtain that notice. Such reasonable means include provision of a toll-free telephone number that the consumer may call to request the notice or, for a consumer who conducts business in person at the licensee's office, maintenance of copies of the notice on hand that the licensee provides to the consumer immediately upon request.

(c) The licensee shall deliver its short form initial notice according to section 44-909. The licensee is not required to deliver its privacy notice with its short form initial notice. The licensee instead may simply provide the consumer a reasonable means to obtain its privacy notice. If a consumer who receives the licensee's short form notice requests the licensee's privacy notice, the licensee shall deliver its privacy notice according to section 44-909.

(5) The licensee's notice may include:

(a) Categories of nonpublic personal financial information that the licensee reserves the right to disclose in the future, but does not currently disclose; and

(b) Categories of affiliates or nonaffiliated third parties to whom the licensee reserves the right in the future to disclose, but to whom the licensee does not currently disclose, nonpublic personal financial information.

44-907 Opt out notice and methods.

(1) If a licensee is required to provide an opt out notice under subsection (1) of section 44-910, it shall provide a clear and conspicuous notice to each of its consumers that accurately explains the right to opt out under that section. The notice shall state:

(a) That the licensee discloses or reserves the right to disclose nonpublic personal financial information about its consumer to a nonaffiliated third party;

(b) That the consumer has the right to opt out of that disclosure; and

(c)(i) A reasonable means by which the consumer may exercise the opt out right.

(D) Provides a toll-free telephone number that consumers may call to opt out.

(2) A licensee may provide the opt out notice together with or on the same written or electronic form as the initial notice the licensee provides in accordance with section 44-904.

(3) If a licensee provides the opt out notice later than required for the initial notice in accordance with section 44-904, the licensee shall also include a copy of the initial notice with the opt out notice in writing or, if the consumer agrees, electronically.

(4)(a) If two or more consumers jointly obtain an insurance product or service from a licensee, the licensee may provide a single opt out notice. The licensee's opt out notice shall explain how the licensee will treat an opt out direction by a joint consumer.

(b) Any of the joint consumers may exercise the right to opt out. The licensee may either:

(i) Treat an opt out direction by a joint consumer as applying to all of the associated joint consumers; or

(ii) Permit each joint consumer to opt out separately.

(c) If a licensee permits each joint consumer to opt out separately, the licensee shall permit one of the joint consumers to opt out on behalf of all of the joint consumers.

(d) A licensee may not require all joint consumers to opt out before it implements any opt out direction.

(5) A licensee shall comply with a consumer's opt out direction as soon as reasonably practicable after the licensee receives it.

(6) A consumer may exercise the right to opt out at any time.

(7)(a) A consumer's direction to opt out under this section is effective until the consumer revokes it in writing or, if the consumer agrees, electronically.

(b) When a customer relationship terminates, the customer's opt out direction continues to apply to the nonpublic personal financial information that the licensee collected during or related to that relationship. If the individual subsequently establishes a new customer relationship with the licensee, the opt out direction that applied to the former relationship does not apply to the new relationship.

(8) When a licensee is required to deliver an opt out notice by this section, the licensee shall deliver it according to section 44-909.

(a) The licensee has provided to the consumer a clear and conspicuous revised notice that accurately describes its policies and practices;

(b) The licensee has provided to the consumer a new opt out notice;

(c) The licensee has given the consumer a reasonable opportunity, before the licensee discloses the information to the nonaffiliated third party, to opt out of the disclosure; and

(1) The principal office of any domestic society shall be located in this state. The meetings of its supreme governing body may be held in any state, district, province, or territory wherein such society has at least one subordinate lodge,

The minutes of the proceedings of the supreme governing body and of the board of directors shall be in the English language.

(2)(a) A society may provide in its laws for an official publication in which any notice, report, or statement required by law to be given to members, including notice of election, may be published. (1) The officers and members of the supreme governing body or any subordinate body of a society shall not be personally liable for any benefits provided by a society.

(2) Any person may be indemnified and reimbursed by any society for expenses reasonably incurred by, and liabilities imposed upon, such person in connection with or arising out of any action, suit, or proceeding, whether civil, criminal, administrative, or investigative, or threat thereof, in which the person may be involved by reason of the fact that he or she is or was a director, officer, employee, or agent of the society or of any firm, corporation, or organization which he or she served in any capacity at the request of the society. A person shall not be so indemnified or reimbursed (a) in relation to any matter in such action, suit, or proceeding as to which he or she shall finally be adjudged to be or have been guilty of breach of a duty as a director, officer, employee, or agent of the society or of any firm, corporation, or organization which he or she served in any capacity at the request of the society or (b) in relation to any matter in such action, suit, or proceeding, or threat thereof, which has been made the subject of a compromise settlement; unless in either such case the person acted in good faith for a purpose the person reasonably believed to be in or not opposed to the best interests of the society and, in a criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful. The determination whether the conduct of such person met the standard required in order to justify indemnification and reimbursement in relation to any matter described in this subsection may only be made by the supreme governing body or board of directors by a majority vote of a quorum consisting of persons who were not parties to such action, suit, or proceeding or by a court of competent jurisdiction. The termination of any action, suit, or proceeding by judgment, order, settlement, or conviction, or upon a plea of no contest, as to such person shall not in itself create a conclusive presumption that the person did not meet the standard of conduct required in order to justify indemnification and reimbursement. The right of indemnification and reim-

bursement shall not be exclusive of other rights to which such person may be entitled as a matter of law and shall inure to the benefit of his or her heirs, executors, and administrators.

(3) A society shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the society, or who is or was serving at the request of the society as a director, officer, employee, or agent of any other firm, corporation, or organization against any liability asserted against such person and incurred by him or her in any such capacity or arising out of his or her status as such, whether or not the society would have the power to indemnify the person against such liability under this section.

44-1081 Organization of society.

A domestic society organized on or after September 6, 1985, shall be formed as follows:

(1) Seven or more citizens of the United States, a majority of whom are citizens of this state, who desire to form a fraternal benefit society, may make, sign, and acknowledge, before some officer competent to take acknowledgment of deeds, articles of incorporation in which shall be stated:

(a) The proposed corporate name of the society, which shall not so closely resemble the name of any society or insurance company as to be misleading or confusing;

(b) The purposes for which it is being formed and the mode in which its corporate powers are to be exercised. Such purposes shall not include more liberal powers than are granted by sections 44-1072 to 44-10,109; and

(c) The names and residences of the incorporators and the names, residences, and official titles of all the officers, trustees, directors, or other persons who are to have and exercise the general control of the management of the affairs and funds of the society for the first year or until the ensuing election at which all such officers shall be elected by the supreme governing body, which election shall be held not later than one year from the date of issuance of the permanent certificate of authority;

(2) Such articles of incorporation, duly certified copies of the society's bylaws and rules, copies of all proposed forms of certificates and applications therefor and circulars to be issued by the society, and a bond conditioned upon the return to applicants of the advanced payments if the organization is not completed within one year shall be filed with the Director of Insurance, who may require such further information as he or she deems necessary. The bond with sureties approved by the director shall be in such amount, not less than three hundred thousand dollars nor more than one million five hundred thousand dollars, as the director requires. All documents filed are to be in the

English language. If the purposes of the society conform to the requirements of sections 44-1072 to 44-10,109 and all provisions of the law have been complied with, the director shall so certify, retain, and file the articles of incorporation and furnish the incorporators a preliminary certificate of authority authorizing the society to solicit members;

(3) No preliminary certificate of authority granted under this section shall be valid after one year from its date of issuance or after such further period, not exceeding one year, as may be authorized by the Director of Insurance upon cause shown, unless the five hundred applicants required by subdivision (4) of this section have been secured and the organization has been completed pursuant to this section. The articles of incorporation and all other proceedings thereunder shall become null and void one year from the date of issuance of the preliminary certificate of authority, or at the expiration of the extended period, unless the society shall have completed its organization and received a certificate of authority to do business;

(4) Upon receipt of a preliminary certificate of authority from the Director of Insurance, the society may solicit members for the purpose of completing its organization, shall collect from each applicant the amount of not less than one regular monthly premium in accordance with its table of rates, and shall issue to each such applicant a receipt for the amount so collected. No society shall incur any liability other than for the return of such advance premium, issue any certificate, or pay, allow, or offer or promise to pay or allow any benefit to any person until:

(a) Actual bona fide applications for benefits have been secured from not less than five hundred applicants, and any necessary evidence of insurability has been furnished to and approved by the society;

(b) At least ten subordinate lodges have been established into which the five hundred applicants have been admitted;

(c) There has been submitted to the Director of Insurance, under oath of the president or secretary, or corresponding officer of the society, a list of such applicants, giving their names, addresses, date each was admitted, name and number of the subordinate lodge of which each applicant is a member, amount of benefits to be granted, and premiums therefor; and

(d) It shall have been shown to the Director of Insurance, by sworn statement of the treasurer or corresponding officer of such society that at least five hundred applicants have each paid in cash at least one regular monthly premium, which premiums in the aggregate shall amount to at least one hundred fifty thousand dollars. The advance premiums shall be held in trust during the period of organization and if the society has not qualified for a certificate of authority within one year, such premiums shall be returned to the applicants; and

(5) The Director of Insurance may make such examination and require such further information as he or she deems advisable. Upon presentation of satisfactory evidence that the society has complied with all the provisions of law, the director shall issue to the society a certificate of authority and the society shall be authorized to transact business pursuant to sections 44-1072 to 44-10,109. The certificate of authority shall be prima facie evidence of the existence of the society at the date of such certificate. The director shall cause a record of such certificate of authority to be made. A certified copy of such record may be given in evidence with like effect as the original certificate of authority.

Any incorporated society authorized to transact business in this state on September 6, 1985, shall not be required to reincorporate.

44-1082 Amendments to laws of society; procedure.

(1) A domestic society may amend its laws in accordance with the provisions thereof by action of its supreme governing body at any regular or special meeting thereof or, if its laws so provide, by referendum. Such referendum may be held in accordance with the provisions of its laws by the vote of the voting members of the society, by the vote of delegates or representatives of voting members, or by the vote of local lodges. A society may provide for voting by mail. No amendment submitted for adoption by referendum shall be adopted unless, within six months from the date of submission thereof, a majority of the members voting shall have signified their consent to such amendment by one of the methods specified in this subsection.

(2) No amendment to the laws of any domestic society shall take effect unless approved by the Director of Insurance who shall approve such amendment if he or she finds that it has been duly adopted and is not inconsistent with any requirement of the laws of this state or with the character, objects, and purposes of the society. Unless the director shall disapprove any such amendment within sixty days after the filing of same, such amendment shall be considered approved. The approval or disapproval of the director shall be in writing and mailed to the secretary or corresponding officer of the society at its principal office. In case the director disapproves such amendment, the reasons for such disapproval shall be stated in such written notice.

(3) Within ninety days from the approval by the Director of Insurance, all such amendments, or a synopsis thereof, shall be furnished to all members of the society either by mail or by publication in full in the official publication of the society. The affidavit of any officer of the society or of anyone authorized by it to mail any amendments, or a synopsis thereof, stating facts which show that such amendments or synopsis has been duly addressed and mailed, shall be prima facie evidence that such amendments or synopsis has been furnished the addressee.

(4) Every foreign or alien society authorized to do business in this state shall file with the Director of Insurance a duly certified copy of all amendments of, or additions to, its laws within ninety days after the enactment of the same.

(5) Printed copies of the laws as amended, certified by the secretary or corresponding officer of the society, shall be prima facie evidence of the legal adoption thereof.

44-1084 Reinsurance; authorized.

(1) A domestic society may, by a reinsurance agreement, cede any individual risk or risks in whole or in part to an insurer, other than another fraternal benefit society, having the power to make such reinsurance and authorized to do business in this state, or if not so authorized, one which is approved by the Director of Insurance, but no such society may reinsure substantially all of its insurance in force without the written permission of the director. It may take credit for the reserves on such ceded risks to the extent reinsured, but no credit shall be allowed as an admitted asset to or as a deduction from liability of a ceding society for reinsurance made, ceded, renewed, or otherwise becoming effective after September 6, 1985, unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding society under the contract or contracts reinsured without diminution because of the insolvency of the ceding society.

(2) Notwithstanding the limitation in subsection (1) of this section, a society may reinsure the risks of another society in a consolidation or merger approved by the Director of Insurance pursuant to section 44-1085.

(c) A certificate of such officers, duly verified by their respective oaths, that the consolidation or merger has been approved by a two-thirds vote of the supreme governing body of each society, such vote being conducted at a regular or special meeting of each such body, or, if the society's laws so permit, by mail; and

(d) Evidence that at least sixty days prior to the action of the supreme governing body of each society, the text of the contract has been furnished to all members of each society either by mail or by publication in full in the official publication of each society.

(2) If the Director of Insurance finds that the contract is in conformity with this section, the financial statements are correct, and the consolidation or merger is just and equitable to the members of each society, the director shall approve the contract and issue a certificate to such effect. Upon such approval, the contract shall be in full force and effect unless any society which is a party to the contract is incorporated under the laws of any other state or territory. In such event the consolidation or merger shall not become effective unless and until it has been approved as provided by the laws of such state or territory and a certificate of such approval filed with the Director of Insurance of this state or, if the laws of such state or territory contain no such provision, then the consolidation or merger shall not become effective unless and until it has been approved by the head of the Department of Insurance of such state or territory

and a certificate of such approval filed with the Director of Insurance of this state.

(3) Upon the consolidation or merger becoming effective, all the rights, franchises, and interests of the consolidated or merged societies in and to every species of property, real, personal, or mixed, and things in action belonging to such societies shall be vested in the society resulting from or remaining after the consolidation or merger without any other instrument, except that conveyances of real property may be evidenced by proper deeds, and the title to any real estate or interest in such real estate vested under the laws of this state in any of the societies consolidated or merged shall not revert or be in any way impaired by reason of the consolidation or merger, but shall vest absolutely in the society resulting from or remaining after such consolidation or merger.

(4) The affidavit of any officer of the society or of anyone authorized by it to mail any notice or document stating that such notice or document has been duly addressed and mailed shall be prima facie evidence that such notice or document has been furnished the addressees.

A plan of conversion shall be prepared in writing by the board of directors setting forth in full the terms and conditions of conversion. The affirmative vote of two-thirds of all members of the supreme governing body at a regular or special meeting shall be necessary for the approval of such plan. No such conversion shall take effect unless and until approved by the Director of Insurance who may give such approval if he or she finds that the proposed change is in conformity with the requirements of law and not prejudicial to the certificate holders of the society.

44-1088 Beneficiaries.

(1) The owner of a benefit contract shall have the right at all times to change the beneficiary or beneficiaries in accordance with the laws or rules of the society unless the owner waives this right by specifically requesting in writing that the beneficiary designation be irrevocable. A society may, through its laws or rules, limit the scope of beneficiary designations and shall provide that no revocable beneficiary shall have or obtain any vested interest in the proceeds of any certificate until the certificate has become due and payable in conformity with the provisions of the benefit contract.

(2) A society may make provision for the payment of funeral benefits to the extent of such portion of any payment under a certificate as might reasonably appear to be due to any person equitably entitled thereto by reason of having incurred expense occasioned by the burial of the member. The portion of such benefits paid shall not exceed the sum of two thousand dollars.

(3) If at the death of any person insured under a benefit contract there is no lawful beneficiary to whom the proceeds shall be payable, the amount of such benefit, except to the extent that funeral benefits may be paid, shall be payable to the personal representative of the deceased insured. (b) Subdivision (2)(a) of this section shall not apply to:

(i) An individual's aggregate interests greater than one hundred thousand dollars in all loan values or cash values of all matured or unmatured life insurance contracts and in all proceeds, cash values, or benefits accruing under all annuity contracts owned by such individual; and

(ii) An individual's interest in all loan values or cash values of all matured or unmatured life insurance contracts and in all proceeds, cash values, or benefits accruing under all annuity contracts owned by such individual, to the extent that the loan values or cash values of any matured or unmatured life insurance contract or the proceeds, cash values, or benefits accruing under any annuity contract were established or increased through contributions, premiums, or any other payments made within three years prior to bankruptcy or within

three years prior to entry against the individual of a money judgment which thereafter becomes final.

(c) A fraternal benefit society shall not be liable or responsible to any person to determine or ascertain the existence or identity of any such creditors prior to payment of any such loan values, cash values, proceeds, or benefits.

(3) Notwithstanding subsection (2) of this section, proceeds, cash values, and benefits accruing under any annuity contract or under any policy or certificate of life insurance payable upon the death of the insured to a beneficiary other than the estate of the insured shall not be exempt from attachment, garnishment, or other legal or equitable process by a judgment creditor of the beneficiary if the judgment against the beneficiary was based on, arose from, or was related to an act, transaction, or course of conduct for which the beneficiary has been convicted by any court of a crime punishable only by life imprisonment or death. No fraternal benefit society shall be liable or responsible to any person to determine or ascertain the existence or identity of any such judgment creditor prior to payment of any such proceeds, cash values, or benefits. This subsection shall apply to any judgment rendered on or after January 1, 1995, irrespective of when the criminal conviction is or was rendered and irrespective of whether proceedings for attachment, garnishment, or other legal or equitable process were pending on March 14, 1997.

44-1090 Benefit contract; contents.

(1) Every society authorized to do business in this state shall issue to each owner of a benefit contract a certificate specifying the amount of benefits provided by the contract. The certificate, together with any riders or endorsements attached thereto, the laws of the society, the application for membership, the application for insurance and declaration of insurability, if any, signed by the applicant, and all amendments to each thereof, shall constitute the benefit contract, as of the date of issuance, between the society and the owner, and the certificate shall so state. A copy of the application for insurance and declaration of insurability, if any, shall be endorsed upon or attached to the certificate. All statements on the application shall be representations and not warranties. Any waiver of this subsection shall be void.

(2) Any changes, additions, or amendments to the laws of the society duly made or enacted subsequent to the issuance of the certificate shall bind the owner and the beneficiaries and shall govern and control the benefit contract in all respects the same as though such changes, additions, or amendments had been made prior to and were in force at the time of the application for insurance, except that no change, addition, or amendment shall destroy or diminish benefits which the society contracted to give the owner as of the date of issuance of the contract.

(3) Any person upon whose life a benefit contract is issued prior to attaining the age of majority shall be bound by the terms of the application and certificate and by all the laws and rules of the society to the same extent as though the age of majority had been attained at the time of application.

(4) A society shall provide in its laws that if its reserves as to all or any class of certificates become impaired its board of directors or corresponding body may require that there shall be paid by the owner to the society the amount of

the owner's equitable proportion of such deficiency as ascertained by its board and that if the payment is not made either (a) it shall stand as an indebtedness against the certificate and draw interest not to exceed the rate specified for certificate loans under the certificates or (b) in lieu of or in combination with subdivision (a) of this subsection, the owner may accept a proportionate reduction in benefits under the certificate. The society may specify the manner of the election and which alternative is to be presumed if no election is made.

(5) A domestic society may assess owners as described in subsection (4) of this section only after such assessment is filed with the Director of Insurance and approved by him or her. In the case of a foreign or alien society, notice of an assessment shall be provided to the director at least thirty days before the effective date of the assessment. The director shall have the authority to prohibit any foreign or alien society that has assessed its owners from issuing any new contracts of insurance in this state.

(6) Copies of any of the documents mentioned in this section, certified by the secretary or corresponding officer of the society, shall be received in evidence of the terms and conditions thereof.

The certificate shall also contain a provision stating the amount of premiums which are payable under the certificate and a provision reciting or setting forth the substance of any sections of the society's laws or rules in force at the time of issuance of the certificate which, if violated, will result in the termination or reduction of benefits payable under the certificate. If the laws of the society provide for expulsion or suspension of a member, the certificate shall also contain a provision that any member so expelled or suspended, except for nonpayment of a premium or within the contestable period for material misrepresentation in the application for membership or insurance, shall have the privilege of maintaining the certificate in force by continuing payment of the required premium.

(8) Benefit contracts issued on the lives of persons younger than the society's minimum age for adult membership may provide for transfer of control or ownership to the insured at an age specified in the certificate. A society may require approval of an application for membership in order to effect this transfer and may provide in all other respects for the regulation, government, and control of such certificates and all rights, obligations, and liabilities incident thereto and connected therewith. Ownership rights prior to such transfer shall be specified in the certificate.

44-1107 Examination; investigation.

(1)(a) The director may conduct an examination of a licensee under the Viatical Settlements Act as often as the director, in his or her sole discretion, deems appropriate. In scheduling and determining the nature, scope, and frequency of examination, the director shall consider such matters as consumer complaints, results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other relevant criteria as determined by the director.

(b) For purposes of completing an examination of a licensee under the act, the director may examine or investigate any person or the business of any person, insofar as the examination or investigation is, in the sole discretion of the director, necessary or material to the examination of the licensee.

(c) In lieu of an examination under the act of any foreign or alien licensee licensed in this state, the director may, in his or her sole discretion, accept an examination report on the licensee as prepared by the director for the licensee's state of domicile or port-of-entry state.

(d) As far as is practical, the examination of a foreign or alien licensee shall be made in cooperation with the insurance regulatory officials of other states in which the licensee transacts business.

(2)(a) A person required to be licensed under the act shall for five years retain copies of all:

(i) Proposed, offered, or executed contracts, purchase agreements, underwriting documents, policy forms, and applications from the date of the proposal, offer, or execution of the contract, purchase agreement, underwriting document, policy form, or application, whichever is later;

(ii) Checks, drafts, or other evidence and documentation related to the payment, transfer, deposit, or release of funds from the date of the transaction; and

(iii) Other records and documents related to the requirements of the act.

(b) This section does not relieve a person of the obligation to produce documents under subdivision (a) of this subsection to the director after the retention period has expired if the person has retained the documents.

(c) Records required to be retained by this section must be legible and complete and may be retained in paper, photograph, microprocess, magnetic, mechanical, or electronic media or by any process that accurately reproduces or forms a durable medium for the reproduction of a record.

(3)(a) Upon determining that an examination should be conducted, the director shall appoint one or more examiners to perform the examination and instruct them as to the scope of the examination. In conducting the examination, the examiner shall observe those guidelines and procedures set forth in the Examiners' Handbook adopted by the National Association of Insurance Commissioners. The director may also employ such other guidelines or procedures as he or she deems appropriate.

(b) Every licensee or person from whom information is sought and its officers, directors, employees, and agents shall provide to the examiner timely, convenient, and free access at all reasonable hours at its offices to all books, records, accounts, papers, documents, assets, and computer or other recordings relating to the property, assets, business, and affairs of the licensee being examined. The officers, directors, employees, and agents of the licensee or person shall facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of a licensee, by its officers, directors, employees, or agents, to submit to examination or to comply with any reasonable written request of the director shall be grounds for the suspension, refusal, or nonrenewal of any license or authority held by the licensee to engage in the viatical settlement business or other business subject to the director's jurisdiction. Any proceedings for the suspension, revocation, or refusal of any license or authority shall be conducted pursuant to the Administrative Procedure Act.

(c) The director may issue subpoenas, administer oaths, and examine under oath any person as to any matter pertinent to the examination. Upon the failure or refusal of a person to obey a subpoena, the director may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the court order shall be punishable as contempt of court. A person who is subpoenaed shall attend as a witness at the place specified in the subpoena anywhere within the state. He or she shall be entitled to the same fees and mileage, if claimed, as a witness in the district court, with mileage to be computed at the rate provided in section 81-1176, which fees, mileage, and actual expense, if any, necessarily incurred in securing the attendance of witnesses, and their testimony, shall be itemized, charged against, and paid by the licensee being examined.

(d) When making an examination under the Viatical Settlements Act, the director may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which will be borne by the licensee that is the subject of the examination.

(e) Nothing contained in the act shall be construed to limit the director's authority to terminate or suspend an examination in order to pursue other legal or regulatory action pursuant to the insurance laws of this state. Findings of fact and conclusions of law made pursuant to any examination shall be prima facie evidence in any legal or regulatory action.

(f) Nothing contained in the act shall be construed to limit the director's authority to use, and, if appropriate, to make public, any final or preliminary examination report, any examiner or licensee workpapers or other documents, or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action which the director may, in his or her sole discretion, deem appropriate.

(4)(a) Examination reports shall be comprised of only facts appearing upon the books, records, or other documents of the licensee or its agents or other persons examined, or as ascertained from the testimony of its officers or agents or other persons examined concerning its affairs, and such conclusions and recommendations as the examiners find reasonably warranted from the facts.

(b) No later than forty-five days following completion of the examination, the examiner in charge shall file with the director a verified written report of examination under oath. Upon receipt of the verified report, the director shall transmit the report to the licensee examined, together with a notice that shall afford the licensee examined a reasonable opportunity of not more than thirty days to make a written submission or rebuttal with respect to any matters contained in the examination report.

(c) Within thirty days after the end of the period allowed for the receipt of written submissions or rebuttals, the director shall fully consider and review the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers, and shall:

(i) Adopt the examination report as submitted or with modifications or corrections. If the examination report reveals that the licensee is operating in violation of any law, rule, regulation, or prior order of the director, the director may order the licensee to take any action the director considers necessary and appropriate to cure such violation; or

(ii) Reject the examination report with directions to the examiner to reopen the examination for purposes of obtaining additional data, documentation, or information and to resubmit a report pursuant to subdivision (4)(b) of this section.

(d) Any licensee aggrieved by any action of the director pursuant to subdivision (4)(c) of this section may, within ten days after such action, make written request to the director for a hearing. Upon receipt of the licensee's request for a hearing, the director shall provide notice of the hearing no less than ten nor more than thirty days after the date of the licensee's request. The notice shall identify the subject of the hearing and the specific issues.

(e) Any hearing on an examination report shall be held in accordance with the Administrative Procedure Act.

(f) The examination report, with any modifications and corrections thereof, shall be accepted by the director and filed for public inspection immediately after the expiration of the times specified in subdivision (4)(d) of this section in the event that the licensee has not requested a hearing. Within thirty days after the filing of the examination report for public inspection, the licensee shall file

affidavits executed by each of its directors stating under oath that they have received a copy of the examination report and related orders.

(5)(a) Names and individual identification data for all viators shall be considered private and confidential information and shall not be disclosed by the director unless required by law.

(b) Except as otherwise provided in the Viatical Settlements Act, all examination reports, working papers, recorded information, documents, and copies thereof produced by, obtained by, or disclosed to the director or any other person in the course of an examination made under the act, or in the course of analysis or investigation by the director of the financial condition or market conduct of a licensee, shall be confidential by law and privileged, shall not be subject to disclosure pursuant to sections 84-712 to 84-712.09, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. The director is authorized to use the documents, materials, communications, or other information in the furtherance of any regulatory or legal action brought as part of the director's official duties.

(c) Documents, materials, communications, or other information, including all working papers and copies thereof, in the possession or control of the National Association of Insurance Commissioners and its affiliates and subsidiaries shall be confidential by law and privileged, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action if they are:

(i) Created, produced, or obtained by or disclosed to the National Association of Insurance Commissioners and its affiliates and subsidiaries in the course of assisting an examination made under the act or the law of another state or jurisdiction that is substantially similar to the act or assisting the director or the chief insurance regulatory official of another state in the analysis or investigation of the financial condition or market conduct of a licensee; or

(ii) Disclosed to the National Association of Insurance Commissioners and its affiliates and subsidiaries under subdivision (e) of this subsection by the director or the chief insurance regulatory official of another state.

(d) Neither the director nor any person that received the documents, materials, communications, or other information while acting under the authority of the director, including the National Association of Insurance Commissioners and its affiliates and subsidiaries, shall be permitted to testify in any private civil action concerning any confidential documents, materials, communications, or other information subject to this subsection.

(e) In order to assist in the performance of his or her duties, the director:

(i) May share documents, materials, communications, or other information, including the confidential and privileged documents, materials, communications, or other information subject to this subsection, with other state, federal, foreign, and international regulatory agencies, with the National Association of Insurance Commissioners and its affiliates and subsidiaries, and with state, federal, foreign, and international law enforcement authorities, if the recipient agrees to maintain the confidentiality and privileged status of the documents, materials, communications, or other information;

(ii) May receive documents, materials, communications, or other information, including otherwise confidential and privileged documents, materials, communications, or other information, from the National Association of Insurance

Commissioners and its affiliates and subsidiaries, and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any documents, materials, communications, or other information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the documents, materials, communications, or other information; and

(iii) May enter into agreements governing sharing and use of information consistent with this subsection.

(f) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, communications, or other information shall occur as a result of disclosure to the director under this section or as a result of sharing as authorized in subdivision (e) of this subsection.

(g) A privilege established under the law of any state or jurisdiction that is substantially similar to the privilege established under this subsection shall be available and enforced in any proceeding in, and in any court of, this state.

(h) Nothing contained in the act shall prevent or be construed as prohibiting the director from disclosing the content of an examination report, preliminary report or results, or any matter relating thereto to the director or chief insurance regulatory official of any other state or country, to any law enforcement official of this state or any other state, to any agency of the federal government at any time, or to the National Association of Insurance Commissioners so long as the agency or office receiving the examination report or matters relating thereto agrees in writing to hold the examination report or matters confidential and in a manner consistent with the act.

(6)(a) An examiner may not be appointed by the director if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in any person subject to examination under the Viatical Settlements Act. This subsection shall not be construed to automatically preclude an examiner from being:

(i) A viator;

(ii) An insured in a viaticated insurance policy; or

(iii) A beneficiary in an insurance policy that is proposed to be viaticated.

(b) Notwithstanding the requirements of this subsection, the director may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions, even though these persons may from time to time be similarly employed or retained by persons subject to examination under the act.

(7) The reasonable expenses of the examination of a licensee conducted under the Viatical Settlements Act shall be fixed and determined by the director who shall collect the same from the licensee examined. The licensee shall reimburse the amount thereof upon presentation of a statement by the director. Reimbursement shall be limited to a reasonable allocation for the salary of each examiner plus actual expenses. All money collected by the director for examination of licensees shall be remitted in accordance with section 44-116.

(8)(a) No cause of action shall arise nor shall any liability be imposed against the director, the director's authorized representatives, or any examiner appointed by the director for any statements made or conduct performed in good faith while carrying out the provisions of the Viatical Settlements Act.

(b) No cause of action shall arise nor shall any liability be imposed against any person for the act of communicating or delivering information or data to the director or the director's authorized representative or an examiner pursuant to an examination made under the act, if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive. This subdivision does not abrogate or modify in any way common-law or statutory privilege or immunity heretofore enjoyed by any person identified in this subsection.

(c) A person identified in this subsection is entitled to an award of attorney's fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of the Viatical Settlements Act and the party bringing the action was not substantially justified in doing so. For purposes of this section, a proceeding is substantially justified if it had a reasonable basis in law or fact at the time that it was initiated.

(9) The director may investigate suspected fraudulent viatical settlement acts and persons engaged in the business of viatical settlements.

Rescission, if exercised by the viator, is effective only if both

notice of the rescission is given and the viator repays all proceeds and any premiums, loans, and loan interest paid on account of the viatical settlement within the rescission period. This contact is limited to once every six months if the insured has a life expectancy of more than one year, and no more than once every three months if the insured has a life expectancy of one year or less. All such contacts shall be made only by a viatical settlement provider licensed in the state in which the viator resided at the time of the viatical settlement or by the authorized representative of the viatical settlement provider.

The disclosure document shall contain the following language: All medical, financial, or personal information solicited or obtained by a viatical settlement provider or viatical settlement broker about you, the insured, including your identity or the identity of family members, a spouse, or a significant other, may be disclosed as necessary to effect the viatical settlement between the viator and the viatical settlement provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years.

(d) If an insurance policy to be viaticated has been issued as a joint policy or involves family riders or any coverage of a life other than the insured under the policy to be viaticated, there is the possibility of a loss of coverage on the other lives under the policy, and consultation with an insurance producer or the insurer issuing the policy for advice on the proposed viatical settlement is advised;

(e) The dollar amount of the current death benefit payable to the viatical settlement provider under the policy or certificate and, if known, the availability of any additional guaranteed insurance benefits, the dollar amount of any accidental death and dismemberment benefits under the policy or certificate, and the extent to which the viator's interest in those benefits will be transferred as a result of the viatical settlement contract; and

(f) Whether the funds will be escrowed with an independent third party during the transfer process, and if so, provide the name, business address, and telephone number of the independent third-party escrow agent. The viator or owner may inspect or receive copies of the relevant escrow or trust agreements or documents.

(3) A viatical settlement broker shall provide the viator with at least the following disclosures no later than the date the viatical settlement contract is signed by all parties. 44-1109 Viatical settlement contract requirements.

(1)(a) A viatical settlement provider entering into a viatical settlement contract shall first obtain:

(i) If the viator is the insured, a written statement from a licensed attending physician that the viator is of sound mind and under no constraint or undue influence to enter into a viatical settlement contract; and

(ii) A document in which the insured consents, as required in subsection (2) of section 44-1106, to the release of his or her medical records to a viatical settlement provider, a viatical settlement broker, and the insurance company that issued the life insurance policy covering the life of the insured.

(b) Within twenty days after a viator executes documents necessary to transfer any rights under an insurance policy, or within twenty days after entering any agreement, option, promise, or other form of understanding, expressed or implied, to viaticate the policy, the viatical settlement provider shall give written notice to the insurer that issued that insurance policy that the policy has or will become a viaticated policy. The notice must be accompanied by the documents required by subdivision (c) of this subsection.

(c) The viatical settlement provider shall deliver a copy of the medical release required under subdivision (a)(ii) of this subsection, a copy of the viator's application for the viatical settlement contract, the notice required under subdivision (b) of this subsection, and a request for verification of coverage to the insurer that issued the life insurance policy that is the subject of the viatical transaction. The National Association of Insurance Commissioners' form for verification of coverage shall be used unless another form is developed and approved by the director.

(d) The insurer shall respond to a request for verification of coverage submitted on an approved form by a viatical settlement provider or viatical settlement broker within thirty calendar days after the date the request is received and shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the insurance contract or possible fraud. The insurer shall accept a request for verification of coverage made on a National Association of Insurance Commissioners' form or any other form approved by the director. The insurer shall accept an original, facsimile, or electronic copy of such request and any accompanying authorization signed by the viator. Failure by the insurer to meet its obligations under this subsection shall be a violation of subsection (3) of section 44-1110 and section 44-1115.

(e) Prior to or at the time of execution of the viatical settlement contract, the viatical settlement provider shall obtain a witnessed document in which the viator consents to the viatical settlement contract and represents that the viator has a full and complete understanding of the viatical settlement contract, that the viator has a full and complete understanding of the benefits of the life insurance policy, that the viator acknowledges he or she is entering into the

viatical settlement contract freely and voluntarily, and, for persons with a terminal or chronic illness or condition, that the viator acknowledges the insured has a terminal or chronic illness and the terminal or chronic illness or condition was diagnosed after the life insurance policy was issued.

(f) If a viatical settlement broker performs any of the activities listed in this subsection on behalf of the viatical settlement provider, the provider is deemed to have fulfilled the requirements of this section.

(2) All medical information solicited or obtained by any licensee shall be subject to the applicable provisions of state law relating to confidentiality of medical information.

(3) All viatical settlement contracts entered into in this state shall provide the viator with an absolute right to rescind the contract before the earlier of sixty calendar days after the date on which the viatical settlement contract is executed by all parties or thirty calendar days after the viatical settlement proceeds have been sent to the viator as provided in subsection (5) of this section. Rescission by the viator may be conditioned on the viator both giving notice and repaying to the viatical settlement provider within the rescission period all proceeds of the settlement and any premiums, loans, and loan interest paid by or on behalf of the viatical settlement provider in connection with or as a consequence of the viatical settlement. If the insured dies during the rescission period, the viatical settlement contract shall be deemed to have been rescinded. If a viatical settlement contract is rescinded, all viatical settlement proceeds and any premiums, loans, and loan interest that have been paid by the viatical settlement provider or purchaser shall be repaid to the viatical settlement provider or purchaser within sixty days of such rescission. In the event of any rescission, if the viatical settlement provider has paid commissions or other compensation to a viatical settlement broker in connection with the rescinded transaction, the viatical settlement broker shall refund all such commissions and compensation to the viatical settlement provider within five business days following receipt of a written demand from the viatical settlement provider, which demand shall be accompanied by either the viator's notice of rescission if rescinded at the election of the viator or notice of the death of the insured if rescinded by reason of death of the insured within the applicable rescission period.

(4) The viatical settlement provider shall instruct the viator to send the executed documents required to effect the change in ownership, assignment, or change in beneficiary directly to the independent escrow agent. Within three business days after the date the escrow agent receives the documents or after the date the viatical settlement provider receives the documents if the viator erroneously provides the documents directly to the provider, the provider shall pay or transfer the proceeds of the viatical settlement into an escrow or trust account maintained in a state-chartered or federally chartered financial institution whose deposits are insured by the Federal Deposit Insurance Corporation. Upon payment of the settlement proceeds into the escrow account, the escrow agent shall deliver the original change in ownership, assignment, or change in beneficiary forms to the viatical settlement provider or related provider trust or other designated representative of the viatical settlement provider. Upon the escrow agent's receipt of the acknowledgment of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurance company, the escrow agent shall pay the settlement proceeds to the viator.

(5) Failure to tender consideration to the viator for the viatical settlement contract within the time set forth in the disclosure pursuant to subdivision (1)(g) of section 44-1108 renders the viatical settlement contract voidable by the viator for lack of consideration until the time consideration is tendered to and accepted by the viator. Funds shall be deemed as sent by a viatical settlement provider to a viator as of the date that the escrow agent either releases funds for wire transfer to the viator or sends a check for delivery to the viator by the United States Postal Service or other nationally recognized delivery service.

(6) Contacts with the insured for the purpose of determining the health status of the insured by the viatical settlement provider or viatical settlement broker after the viatical settlement has occurred shall only be made by the viatical settlement provider or viatical settlement broker licensed in this state or its authorized representatives and shall be limited to once every six months for insureds with a life expectancy of more than one year and to no more than once every three months for insureds with a life expectancy of one year or less. The provider or broker shall explain the procedure for these contacts at the time the viatical settlement contract is entered into. The limitations set forth in this subsection shall not apply to any contacts with an insured for reasons other than determining the insured's health status. Viatical settlement providers and viatical settlement brokers shall be responsible for the actions of their authorized representatives.

44-1110 Prohibited acts.

(1) It is a violation of the Viatical Settlements Act for any person to enter into a viatical settlement contract at any time prior to the application or issuance of a policy which is the subject of a viatical settlement contract or within a five-year period commencing on the date of issuance of the insurance policy or certificate unless the viator certifies to the viatical settlement provider that one or more of the following conditions have been met within the five-year period:

(a) The policy was issued upon the viator's exercise of conversion rights arising out of a group or individual policy if the total of the time covered under the conversion policy, plus the time covered under the group or individual policy, is at least sixty months. The time covered under the group policy shall be calculated without regard to any change in insurance carriers if the coverage has been continuous and under the same group sponsorship;

(b) The viator submits independent evidence to the viatical settlement provider that one or more of the following conditions have been met within the five-year period:

(i) The viator or insured is terminally or chronically ill;

(ii) The viator's spouse died;

(iii) The viator divorced his or her spouse;

(iv) The viator retired from full-time employment;

(v) The viator became physically or mentally disabled and a physician determined that the disability prevented the viator from maintaining full-time employment; or

(vi) A final order, judgment, or decree was entered by a court of competent jurisdiction, on the application of a creditor of the viator, adjudicating the viator bankrupt or insolvent, or approving a petition seeking reorganization of

the viator or appointing a receiver, trustee, or liquidator for all or a substantial part of the viator's assets; and

(c) The viator enters into a viatical settlement contract more than two years after the date of issuance of a policy and, with respect to the policy, at all times prior to the date that is two years after policy issuance, the following conditions are met:

(i) Policy premiums have been funded exclusively with unencumbered assets, including an interest in the life insurance policy being financed only to the extent of its net cash surrender value, provided by, or fully recourse liability incurred by, the insured or a person described in subdivision (15)(c)(v) of section 44-1102;

(ii) There is no agreement or understanding with any other person to guarantee any such liability or to purchase or stand ready to purchase the policy, including through an assumption or forgiveness of the loan; and

(iii) Neither the insured nor the policy has been evaluated for settlement.

(2) Copies of the independent evidence described in subdivision (1)(b) of this section and documents required by subsection (1) of section 44-1109 shall be submitted to the insurer when the viatical settlement provider or other party entering into a viatical settlement contract with a viator submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation from the viatical settlement provider that the copies are true and correct copies of the documents received by the viatical settlement provider.

(3) If the viatical settlement provider submits to the insurer a copy of the owner's or insured's certification and the independent evidence described in subdivision (1)(b) of this section when the provider submits a request to the insurer to effect the transfer of the policy or certificate to the viatical settlement provider, the copy shall be deemed to conclusively establish that the viatical settlement contract satisfies the requirements of this section and the insurer shall timely respond to the request.

(4) No insurer may, as a condition of responding to a request for verification of coverage or effecting the transfer of a policy pursuant to a viatical settlement contract, require that the viator, insured, viatical settlement provider, or viatical settlement broker sign any forms, disclosures, consent, or waiver form that has not been expressly approved by the director for use in connection with viatical settlement contracts in this state.

(5) Upon receipt of a properly completed request for change of ownership or beneficiary of a policy, the insurer shall respond in writing within thirty calendar days with written acknowledgment confirming that the change has been effected or specifying the reasons why the requested change cannot be processed. The insurer shall not unreasonably delay effecting change of ownership or beneficiary and shall not otherwise seek to interfere with any viatical settlement contract lawfully entered into in this state.

44-1111 Advertising for viatical settlements; guidelines and standards.

(1) The purpose of this section is to provide prospective viators with clear and unambiguous statements in the advertisement of viatical settlements and to assure the clear, truthful, and adequate disclosure of the benefits, risks, limita-

tions, and exclusions of any viatical settlement contract. This purpose is intended to be accomplished by the establishment of guidelines and standards of permissible and impermissible conduct in the advertising of viatical settlements or related products or services to assure that product descriptions are presented in a manner that prevents unfair, deceptive, or misleading advertising and is conducive to accurate presentation and description of viatical settlements or related products or services through the advertising media and material used by licensees.

(2) This section applies to any advertising of viatical settlement contracts or related products or services intended for dissemination in this state, including Internet advertising viewed by persons located in this state. If disclosure requirements are established pursuant to federal regulation, this section shall be interpreted so as to minimize or eliminate conflict with federal regulation whenever possible.

(3) Every licensee shall establish and at all times maintain a system of control over the content, form, and method of dissemination of all advertisements of its contracts, products, and services. All advertisements, regardless of by whom written, created, designed, or presented, shall be the responsibility of the licensee or licensees, as well as the individual who created or presented the advertisement. A system of control shall include regular routine notification, at least once a year, to agents and others authorized by the licensee who disseminate advertisements of the requirements and procedures for approval prior to the use of any advertisement not furnished by the licensee.

(4) Advertisements shall be truthful and not misleading in fact or by implication. The form and content of an advertisement of a viatical settlement contract shall be sufficiently complete and clear so as to avoid deception. It shall not have the capacity or tendency to mislead or deceive. Whether an advertisement has the capacity or tendency to mislead or deceive shall be determined by the director from the overall impression that the advertisement may be reasonably expected to create upon a person of average education or intelligence within the segment of the public to which it is directed.

(5)(a) The information required to be disclosed under this section shall not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the text of the advertisement so as to be confusing or misleading.

(b) An advertisement shall not omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving viators as to the nature or extent of any benefit, loss covered, premium payable, or state or federal tax consequence. The fact that the viatical settlement contract offered is made available for inspection prior to consummation of the sale, or an offer is made to refund the payment if the viator is not satisfied, or that the viatical settlement contract includes a free look period that satisfies or exceeds legal requirements, does not remedy misleading statements.

(c) An advertisement shall not use the name or title of a life insurance company or a life insurance policy unless the advertisement has been approved by the insurer.

(d) An advertisement shall not state or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable, or in any manner an incorrect or improper practice.

(e) The words free, no cost, without cost, no additional cost, or at no extra cost or words of similar import shall not be used with respect to any benefit or service unless true. An advertisement may specify the charge for a benefit or a service or may state that a charge is included in the payment or use other appropriate language.

(f)(i) Any testimonial, appraisal, analysis, or endorsement used in an advertisement must be genuine, represent the current opinion of the author, be applicable to the viatical settlement contract, product, or service advertised, and be accurately reproduced with sufficient completeness to avoid misleading or deceiving prospective viators as to the nature or scope of the testimonial, appraisal, analysis, or endorsement. In using a testimonial, an appraisal, an analysis, or an endorsement, the licensee makes as its own all the statements contained therein, and the statements are subject to all the provisions of this section.

(ii) If the individual making a testimonial, an appraisal, an analysis, or an endorsement has a financial interest in the party making use of the testimonial, appraisal, analysis, or endorsement either directly or through a related entity as a stockholder, director, officer, employee, or otherwise, or receives any benefit directly or indirectly other than required union scale wages, that fact shall be prominently disclosed in the advertisement.

(iii) An advertisement shall not state or imply that a viatical settlement contract benefit or service has been approved or endorsed by a group of individuals or any society, association, or other organization unless that is the fact and unless any relationship between an organization and the viatical settlement provider is disclosed. If the entity making the approval or endorsement is owned, controlled, or managed by the viatical settlement provider, or receives any payment or other consideration from the viatical settlement provider for making an approval or endorsement, that fact shall be disclosed in the advertisement.

(iv) When a testimonial, an appraisal, an analysis, or an endorsement refers to benefits received under a viatical settlement contract, all pertinent information shall be retained for a period of five years after its use.

(v) An advertisement shall not contain statistical information unless it accurately reflects recent and relevant facts. The source of all statistics used in an advertisement shall be identified.

(vi) An advertisement shall not disparage insurers, viatical settlement providers, viatical settlement brokers, viatical settlement investment agents, insurance producers, policies, services, or methods of marketing.

(vii) The name of the viatical settlement licensee shall be clearly identified in all advertisements about the licensee or its viatical settlement contract, products, or services, and if any specific viatical settlement contract is advertised, the viatical settlement contract shall be identified either by form number or some other appropriate description. If an application is part of the advertisement, the name of the viatical settlement provider shall be shown on the application.

(viii) An advertisement shall not use a trade name, group designation, name of the parent company of a licensee, name of a particular division of the licensee, service mark, slogan, symbol, or other device or reference without disclosing the name of the licensee if the advertisement would have the capacity or tendency to mislead or deceive as to the true identity of the licensee, or to

create the impression that a company other than the licensee would have any responsibility for the financial obligation under a viatical settlement contract.

(ix) An advertisement shall not use any combination of words, symbols, or physical materials that by their content, phraseology, shape, color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency or otherwise appear to be of such a nature that they tend to mislead prospective viators into believing that the solicitation is in some manner connected with a government program or agency.

(x) An advertisement may state that a viatical settlement provider is licensed in the state where the advertisement appears if it does not exaggerate that fact or suggest or imply that competing viatical settlement providers may not be licensed. The advertisement may ask the audience to consult the licensee's website or contact the department to find out if the state requires licensing and, if so, whether the viatical settlement provider is licensed.

(xi) An advertisement shall not create the impression that the viatical settlement provider, its financial condition or status, the payment of its claims, or the merits, desirability, or advisability of its viatical settlement contracts are recommended or endorsed by any government entity.

(xii) The name of the licensee shall be stated in all of its advertisements. An advertisement shall not use a trade name, any group designation, the name of any affiliate or controlling entity of the licensee, a service mark, a slogan, a symbol, or any other device in a manner that would have the capacity or tendency to mislead or deceive as to the true identity of the actual licensee or create the false impression that an affiliate or controlling entity would have any responsibility for the financial obligation of the licensee.

(xiii) An advertisement shall not disclose or indirectly create the impression that any division or agency of the state or of the United States Government endorses, approves, or favors:

(A) Any licensee or its business practices or methods of operation;

(B) The merits, desirability, or advisability of any viatical settlement contract or viatical settlement program;

(C) Any viatical settlement contract or viatical settlement program; or

(D) Any life insurance policy or life insurance company.

(xiv) If the advertiser emphasizes the speed with which the viatication will occur, the advertising must disclose the average timeframe from completed application to the date of offer and from acceptance of the offer to receipt of the funds by the viator.

(xv) If the advertising emphasizes the dollar amounts available to viators, the advertising shall disclose the average purchase price as a percent of face value obtained by viators contracting with the licensee during the past six months.

(b) Any other person having knowledge or a reasonable belief that a fraudulent viatical settlement act is being, will be, or has been committed may provide to the director the information required by, and in a manner prescribed by, the director.

(4)(a) No civil liability shall be imposed on and no cause of action shall arise from a person's furnishing information concerning suspected, anticipated, or completed fraudulent viatical settlement acts, if the information is provided to or received from:

(b) This subsection does not apply to statements made with actual malice, fraudulent intent, or bad faith. In an action brought against a person for filing a report or furnishing other information concerning a fraudulent viatical settlement act, the party bringing the action shall plead specifically any allegation that this subsection does not apply because the person filing the report or furnishing the information did so with actual malice, fraudulent intent, or bad faith.

(c) A person furnishing information as identified in this subsection shall be entitled to an award of attorney's fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of the Viatical Settlements Act and the party bringing the action was not substantially justified in doing so. For purposes of this section, a proceeding is substantially justified if it had a reasonable basis in law or fact at the time it was initiated. An award granted

(i) In administrative or judicial proceedings to enforce laws administered by the director;

(ii) To federal, state, or local law enforcement or regulatory agencies, to an organization established for the purpose of detecting and preventing fraudulent viatical settlement acts, or to the National Association of Insurance Commissioners; or

(b) Prevent or prohibit a person from disclosing voluntarily information concerning viatical settlement fraud to a law enforcement or regulatory agency other than the department; or

(c) Limit the powers granted elsewhere by the laws of this state to the director or an insurance fraud unit to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

(7)(a) Viatical settlement providers and viatical settlement brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute, and prevent fraudulent viatical settlement acts. At the discretion of the director, the director may order, or a licensee may request and the director may grant, such modifications of the following required initiatives as necessary to ensure an effective antifraud program. The modifications may be more or less restrictive than the required initiatives so long as the modifications may reasonably be expected to accomplish the purpose of this section.

(b) Antifraud initiatives shall include:

(i) Fraud investigators, who may be viatical settlement provider or viatical settlement broker employees or independent contractors; and

(ii) An antifraud plan submitted to the director. The antifraud plan shall include, but not be limited to:

44-1202 Contracts; licensed agent or attorney may execute.

Such contracts may be executed by an attorney, agent, or other representative, herein designated attorney, duly authorized and acting for such subscribers; *Provided*, that no such interinsurance contracts covering risks located or residing in this state shall be solicited, written, or placed, or caused to be solicited, written, or placed, except by or through a duly licensed agent of the attorney, resident within this state or licensed by the Department of Insurance; except that such contracts may be executed by the attorney, or an officer of the same if the attorney is a corporation, if done at the home office of the attorney or exchange in this state. The office or offices of such attorney may be maintained at such place or places as may be designated by the subscribers in the power of attorney.

44-1203 Declaration; filing; contents; loss fund required.

Such subscribers so contracting among themselves shall, through their attorney, file with the Department of Insurance a declaration verified by the oath of such attorney or, when such attorney is a corporation, by the oath of the chief officer thereof setting forth: (1) The name or title adopted by such subscribers proposing to exchange such indemnity contracts, which name or title shall not be so similar to any other name or title previously adopted by a similar organization or by any insurance corporation or association as in the opinion of the department is likely to result in confusion or deception; (2) the kind or kinds of insurance to be effected or exchanged; (3) a copy of the form of policy contract or agreement under or by which such insurance is to be effected or exchanged, which policy contract or agreement shall state the minimum and maximum liability of subscribers for the payment of losses occurring under its contracts; (4) a copy of the form of power of attorney or other authority of such attorney under which such insurance is to be effected or exchanged; (5) the location of the office or offices from which such contracts or agreements are to be issued; (6) that applications have been made for indemnity upon at least seventy-five separate risks, aggregating not less than one and one-half million dollars, as represented by executed contracts or bona fide applications to become effective concurrently or, in the case of employers liability or workers' compensation insurance, at least seventy-five separate risks covering a total payroll of not less than one and one-half million dollars; and (7) that there is on deposit and thereafter maintained with such attorney and available for the

payment of losses a fund, in cash or invested as provided by law, of not less than one million dollars. A reciprocal doing business in this state on August 25, 1989, shall not be subject to the foregoing deposit requirement insofar as such requirement would increase the amount of deposit necessary for the issuance of contracts on those classes of insurance being issued by it on such date, except that if such reciprocal, on and after such date, is determined by the director to be maintaining an amount which complies with such deposit requirement, then such reciprocal shall continue to be subject to such requirement. On and after such date, any reciprocal desiring to write any additional line of insurance as specified in section 44-201 shall thereupon deposit and maintain funds of at least one million dollars as provided in this section. This section shall be applicable to a reciprocal exchange issuing assessable or nonassessable policy contracts or agreements.

Such instrument shall further provide that in all suits arising in this state on account of contracts issued by such attorney for the account of said subscribers, such action may be brought against such attorney as attorney in fact for all subscribers at such reciprocal or interinsurance exchange, and the judgment in the action shall be a judgment against and binding upon each of the subscribers, as their respective interests may appear.

In computing aggregate net unearned deposits, credit will be given for reinsurance in reputable solvent companies. If at any time the assets on deposit with the attorney shall not equal the fund necessary to be maintained as provided above and in addition thereto the reserves as computed herein, the subscribers or their attorney for them shall make up any deficiency. (1) Within two working days of an enrollee's request, an insurance carrier shall provide a good faith estimate of the amount the enrollee will be responsible to pay out-of-pocket for a proposed nonemergency procedure or service that is a medically necessary covered benefit from an insurance carrier's network provider, including any copayment, deductible, coinsurance, or other out-of-pocket amount for any covered benefit, based on the information available to the insurance carrier at the time the request is made.

44-1407 Shared savings incentive payment program; incentive payments; calculation.

(1) An insurance carrier shall develop and implement a shared savings incentive payment program that provides incentive payments for enrollees in a health plan who elect to receive shoppable health care services that are covered by the plan from providers that charge less than the average price paid by that insurance carrier for that shoppable health care service.

(3) The shared savings incentive payment program must provide enrollees with at least fifty percent of the insurance carrier's saved costs for each shoppable health care service or category of shoppable health care service resulting from shopping by enrollees. An insurance carrier is not required to provide an incentive payment or credit to an enrollee when the insurance carrier's saved cost is fifty dollars or less.

(4) An insurance carrier shall base the average price on the average amount paid to an in-network provider for the procedure or service under the enrollee's health plan within a reasonable timeframe not to exceed one year. An insurance carrier may determine an alternate methodology for calculating the average price if approved by the director.

(ii) The termination, modification, or refusal is required by law, rule, or regulation.

Sections of Nebraska Unfair Competition Act and Trade Practices Act governing insurance business do not contemplate private suits but only suits by State Director of Insurance. Allied Financial Services, Inc. v. Foremost Ins. Co., 418 F.Supp. 157 (D. Neb. 1976).

44-1526 Lender or creditor; prohibited acts; director; powers.

(1) No person who lends money or extends credit shall:

(a) Require, as a condition precedent to the lending of money or extension of credit or any renewal thereof, that the borrower, mortgagor, or purchaser to whom such money or credit is extended or whose obligation the creditor is to acquire or finance negotiate any policy or renewal thereof through a particular insurer or group of insurers or agent or broker or group of agents or brokers;

(b) Solicit insurance for the protection of real property after a borrower, mortgagor, or purchaser indicates interest in securing a first mortgage credit extension until such borrower, mortgagor, or purchaser has received a commitment in writing from the lender as to a loan or credit extension. This requirement for a commitment shall not apply when the premium for the required insurance is to be financed as part of the loan or extension of credit involving personal property transactions;

(c) Unreasonably reject a policy furnished by the borrower, mortgagor, or purchaser for the protection of the property securing the credit or lien. A rejection shall not be deemed unreasonable if it is based on reasonable standards, uniformly applied, relating to the extent of coverage required and the financial soundness and the services of an insurer. Such standards shall not discriminate against any particular type of insurer and shall not call for

rejection of a policy because it contains coverage in addition to that required in the credit transaction;

(d) Require that any borrower, mortgagor, purchaser, insurer, broker, or agent pay a separate charge in connection with the handling of any policy required as security for a loan on real property or pay a separate charge to substitute the policy of one insurer for that of another. This subdivision shall not include the interest which may be charged on premium loans or premium advancements in accordance with the terms of the loan or credit document;

(e) Use or disclose, without the prior written consent of the borrower, mortgagor, or purchaser taken at a time other than the making of the loan or extension of credit, information relative to a policy which is required by the credit transaction for the purpose of replacing such insurance; or

(f) Require any procedures or conditions of duly licensed agents, brokers, or insurers not customarily required of those agents, brokers, or insurers affiliated or in any way connected with the person who lends money or extends credit.

(2) The director may examine and investigate those insurance-related activities of any person who the director believes may be in violation of this section. Any affected person may submit to the director a complaint or material pertinent to the enforcement of this section.

(3) Nothing in this section shall prevent a person who lends money or extends credit from placing insurance on real or personal property in the event the borrower, mortgagor, or purchaser has failed to provide required insurance in accordance with the terms of the loan or credit document.

(4) Nothing in this section shall apply to credit life or credit accident and health insurance.

44-1607 Life insurance; policy; contents.

No policy of group life insurance shall be delivered in this state unless it contains in substance the following provisions or provisions which in the opinion of the Director of Insurance are more favorable to the persons insured or at least as favorable to the persons insured and more favorable to the policyholder, except that provisions of subdivisions (6) through (10) of this section shall not apply to policies insuring the lives of debtors, that the standard provisions required for individual life insurance policies shall not apply to group life insurance policies, and that if the group life insurance policy is on a plan of insurance other than the term plan, it shall contain a nonforfeiture provision or provisions which in the opinion of the Director of Insurance is or are equitable to the insured persons and to the policyholder, but nothing in this section shall be construed to require that group life insurance policies contain the same nonforfeiture provisions as are required for individual life insurance policies:

(1) A provision that the policyholder is entitled to a grace period of thirty-one days for the payment of any premium due except the first, during which grace period the death benefit coverage shall continue in force, unless the policyholder shall have given the insurer written notice of discontinuance in advance of the date of discontinuance and in accordance with the terms of the policy. The policy may provide that the policyholder shall be liable to the insurer for the payment of a pro rata premium for the time the policy was in force during such grace period;

(2) A provision that the validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for two years from its date of issue; and that no statement made by any person insured under the policy relating to his or her insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force prior to the contest for a period of two years during such person's lifetime nor unless it is contained in a written instrument signed by him or her. This provision shall not preclude the assertion at any time of defenses based upon provisions in the policy that relate to eligibility for coverage;

(3) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued, that all statements made by the policyholder or by the persons insured shall be deemed representations and not warranties, and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of death or incapacity of the insured person, to his or her beneficiary or personal representative;

(4) A provision setting forth the conditions, if any, under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of his or her coverage;

(5) A provision specifying that an equitable adjustment of premiums, of benefits, or of both is to be made in the event the age of a person insured has been misstated, such provision to contain a clear statement of the method of adjustment to be used;

(6) A provision that any sum becoming due by reason of the death of the person insured shall be payable to the beneficiary designated by the person insured, except that if the policy contains conditions pertaining to family status, the beneficiary may be the family member specified by the policy terms, subject to the provisions of the policy in the event there is no designated beneficiary, as to all or any part of such sum, living at the death of the person insured, and subject to any right reserved by the insurer in the policy and set forth in the certificate to pay at its option a part of such sum not exceeding two thousand dollars to any person appearing to the insurer to be equitably entitled thereto by reason of having incurred funeral or other expenses incident to the last illness or death of the person insured;

(7) A provision that the insurer will issue to the policyholder for delivery to each person insured an individual certificate setting forth a statement as to the insurance protection to which he or she is entitled, to whom the insurance benefits are payable, a statement as to any dependent's coverage included in the certificate, and the rights and conditions set forth in subdivisions (8), (9), and (10) of this section;

(8) A provision that if the insurance, or any portion of it, on a person covered under the policy ceases because of termination of employment or of membership in the class or classes eligible for coverage under the policy, such person shall be entitled to have issued to him or her by the insurer, without evidence of insurability, an individual policy of life insurance without disability or other supplementary benefits if application for the individual policy is made and the first premium paid to the insurer within thirty-one days after such termination and if (a) the individual policy shall, at the option of such person, be on any one

of the forms customarily issued by the insurer at the age and for the amount applied for, except that the group policy may exclude the option to elect term insurance, (b) the individual policy shall be in an amount not in excess of the amount of life insurance which ceases because of such termination, less the amount of any life insurance for which the person becomes eligible under the same or any other group policy within thirty-one days after termination, except that any amount of insurance which shall have matured on or before the date of such termination as an endowment payable to the person insured, whether in one sum or in installments or in the form of an annuity, shall not, for the purposes of this subdivision, be included in the amount which is considered to cease because of such termination, (c) the premium on the individual policy shall be at the insurer's then customary rate applicable to the form and amount of the individual policy, to the class of risk to which such person then belongs, and to his or her age attained on the effective date of the individual policy, and (d) subject to the conditions set forth in subdivisions (8)(a) through (c) of this section, the conversion privilege shall also be available (i) to a spouse and a surviving dependent, if any, at the death of the employee or member, with respect to the coverage under the group policy that terminates by reason of death and (ii) to the dependent of the employee or member upon termination of coverage of the dependent, while the employee or member remains insured under the group policy, by reason of the dependent ceasing to be a qualified family member under the group policy;

(9) A provision that if the group policy terminates or is amended so as to terminate the insurance of any class of insured persons, every person insured thereunder at the date of such termination whose insurance terminates, including the insured dependent of a covered person, and who has been so insured for at least five years prior to such termination date shall be entitled to have issued to him or her by the insurer an individual policy of life insurance, subject to the same conditions and limitations as are provided by subdivision (8) of this section, except that the group policy may provide that the amount of such individual policy shall not exceed the smaller of the amount of the person's life insurance protection ceasing because of the termination or amendment of the group policy, less the amount of any life insurance for which he or she is or becomes eligible under any group policy issued or reinstated by the same or another insurer within thirty-one days after such termination, and ten thousand dollars;

(10) A provision that if a person insured under the group policy or the insured dependent of a covered person dies during the period within which he or she would have been entitled to have an individual policy issued to him or her in accordance with subdivision (8) or (9) of this section and before such an individual policy shall have become effective, the amount of life insurance which he or she would have been entitled to have issued to him or her under such individual policy shall be payable as a claim under the group policy, whether or not application for the individual policy or the payment of the first premium therefor has been made;

(11) If active employment is a condition of insurance, a provision that an insured may continue coverage during the insured's total disability by timely payment to the policyholder of that portion, if any, of the premium that would have been required from the insured had total disability not occurred. The continuation shall be on a premium-paying basis for a period of six months from the date on which the total disability started, but not beyond the earlier of:

(a) Approval by the insurer of continuation of the coverage under any disability provision which the group insurance policy may contain; or

(b) The discontinuance of the group insurance policy; and

(12) In the case of a policy insuring the lives of debtors, a provision that the insurer will furnish to the policyholder for delivery to each debtor insured under the policy a certificate of insurance describing the coverage and specifying that any death benefit shall first be applied to reduce or extinguish the indebtedness.

Credit life insurance and credit accident and health insurance shall be issued only in the following forms:

(1) Individual policies of life insurance issued to debtors on the term plan;

(2) Individual policies of accident and health insurance issued to debtors on a term plan or disability benefit provisions in individual policies of credit life insurance;

44-1705 Limitation on amount of insurance issued.

(1) The amount of credit life insurance shall not exceed the initial indebtedness. If an indebtedness repayable in substantially equal installments is secured by an individual policy of credit life insurance, the amount of insurance shall at no time exceed the scheduled amount of indebtedness and, if the said indebtedness is secured by a group policy of credit life insurance, the amount of insurance shall at no time exceed the amount of unpaid indebtedness.

44-1706 Term of policy.

The term of any credit life insurance or credit accident and health insurance shall, subject to acceptance by the insurer, commence on the date when the debtor becomes obligated to the creditor, except that, if a group policy provides coverage with respect to existing obligations, the insurance on a debtor with respect to such indebtedness shall commence on the effective date of the policy. The term of such insurance shall not extend more than fifteen days beyond the scheduled maturity date of the indebtedness except when extended without additional cost to the debtor. If the indebtedness is discharged due to renewal or refinancing prior to the scheduled maturity date, the insurance in force shall be terminated before any new insurance may be issued in connection with the renewed or refinanced indebtedness and if the indebtedness is discharged due to a prepayment, the insurance in force shall be terminated as of the date of the prepayment. In all cases of termination prior to scheduled maturity, a refund shall be paid or credited as provided in section 44-1709.

44-1707 Policy or certificate of insurance; type issued; when delivered; application; acceptance.

(1) All credit life insurance and credit accident and health insurance sold shall be evidenced by an individual policy, or in case of group insurance, by a

certificate of insurance, which individual policy or group certificate of insurance shall be delivered to the debtor.

(2) Each individual policy or group certificate of credit life insurance, credit accident and health insurance, or combination thereof, shall, in addition to other requirements of law, set forth the name and home office address of the insurer, the name of the debtor, the premium or amount of payment, if any, by the debtor separately for credit life insurance and credit accident and health insurance, a description of the amount, term and coverage including any exceptions, limitations, or restrictions, and shall state that the benefits shall be paid to the creditor to reduce or extinguish the unpaid indebtedness and, wherever the amount of insurance may exceed the unpaid indebtedness, that any such excess shall be payable to the beneficiary, other than the creditor, named by the debtor or to his estate.

(3) Said individual policy or group certificate of insurance shall be delivered to the insured debtor at the time the indebtedness is incurred except as hereinafter provided.

(4) If said individual policy or group certificate of insurance is not delivered to the debtor at the time the indebtedness is incurred, a copy of the application for such policy or a notice of proposed insurance, signed by the debtor and setting forth the name and home office address of the insurer, the name of the debtor, the premium or amount of payment by the debtor, if any, separately for credit life insurance and credit accident and health insurance, a description of the amount, term and coverage provided, shall be delivered to the debtor at the time such indebtedness is incurred. The copy of the application for, or notice of proposed insurance, shall refer exclusively to insurance coverage, and shall be separate and apart from the loan, sale or other credit statement of account, instrument or agreement, unless the information required by this subsection is prominently set forth therein. Upon acceptance of the insurance by the insurer and within thirty days of the date upon which the indebtedness is incurred, the insurer shall cause the individual policy or group certificate of insurance to be delivered to the debtor. The application or notice of proposed insurance shall state that upon acceptance by the insurer, the insurance shall become effective as of the date the indebtedness is incurred.

44-1708 Policy form, certificates of insurance, notices, applications, endorsements, and riders; filing requirements; approval; exception.

(1) Except as otherwise provided by the director, all policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders, to be delivered in this state, shall be filed with the director who shall acknowledge receipt of the filings and shall, within thirty days after the receipt of any such policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders, disapprove any such form if the benefits provided therein are not reasonable in relation to the premium charge or if it contains provisions which are unjust, unfair, inequitable, misleading, or deceptive, encourage misrepresentation of the coverage, or are contrary to any provision of the statutes of the State of Nebraska

or of any rule or regulation adopted and promulgated thereunder. The director shall have an additional thirty days to examine the proposed policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders upon notifying the issuing company within the first thirty-day period that such additional time is needed.

(2) If the director notifies the insurer that the form is disapproved, it shall be unlawful thereafter for such insurer to issue or use such form. In such notice, the director shall specify the reason for his or her disapproval and state that a hearing will be granted within twenty days after request in writing by the insurer. The request shall be received by the director not more than ten days after the date of the notice of disapproval. No such policy, certificate of insurance, notice of proposed insurance, application, endorsement, or rider shall be issued or used until the expiration of thirty days after it has been so filed or until the expiration of the additional thirty days provided in this section, unless the director shall give his or her prior written approval thereto.

(3) The director may, at any time after a hearing held not less than twenty days after written notice to the insurer, withdraw his or her approval of any such form for any reason set forth in subsection (1) of this section. The written notice of such hearing shall state the reason for the proposed withdrawal.

(4) It shall be unlawful for an insurer to issue or use such forms after the effective date of such withdrawal.

44-1709 Schedule of premium rates; revision; filing requirements; refunds.

(1) Each insurer issuing credit life insurance or credit accident and health insurance shall file with the director its schedule of premium rates for use in connection with such insurance. Any insurer may revise such schedules from time to time, and shall file such revised schedules with the director. No insurer shall issue any credit life insurance policy or credit accident and health insurance policy for which the premium rates exceed that determined by the schedules of such insurer as then on file with the director.

(2) Each individual policy, group certificate or notice of proposed insurance shall provide that in the event of termination of the insurance prior to the scheduled maturity date of the indebtedness, any refund of an amount paid by the debtor for insurance shall be paid or credited promptly to the person entitled thereto; *Provided,* that the director shall permit a minimum refund and no refund which would be less than such minimum need be made. The formula to be used in computing such refund shall be filed with and approved by the director.

(3) If a creditor required a debtor to make any payment for credit life insurance or credit accident and health insurance and an individual policy or group certificate of insurance is not issued, the creditor shall immediately give written notice to such debtor and shall promptly make an appropriate credit to the account.

(4) The amount charged by the creditor to the debtor for credit life insurance or credit accident and health insurance shall not exceed the premium rate filed with the director for the coverage provided.

(5) Nothing in sections 44-1701 to 44-1713 shall be construed to authorize any payments for insurance now prohibited under any statute, or rule thereunder, governing credit transactions.

44-1710 Delivery and issuance of policy; requirements.

44-1711 Claims; payment.

(1) All claims shall be promptly reported to the insurer or its designated claim representative, and the insurer shall maintain adequate claim files. All claims shall be settled as soon as possible and in accordance with the terms of the insurance contract.

(2) All claims shall be paid either by draft drawn upon the insurer or by check of the insurer to the order of the claimant to whom payment of the claim is due pursuant to the policy provisions, or upon direction of such claimant to one specified.

(3) No plan or arrangement shall be used whereby any person, firm or corporation other than the insurer or its designated claim representative shall be authorized to settle or adjust claims. The creditor shall not be designated as claim representative for the insurer in adjusting claims; *Provided*, that a group policyholder may, by arrangement with the group insurer, draw drafts or checks in payment of claims due to the group policyholder subject to audit and review by the insurer.

44-1712 Additional security; insurance; existing policies; acceptance.

When credit life insurance or credit accident and health insurance is required as additional security for any indebtedness, the debtor shall, upon request to the creditor, have the option of furnishing the required amount of insurance through existing policies of insurance owned or controlled by him or of procuring and furnishing the required coverage through any insurer authorized to transact an insurance business within this state.

44-1713 Violations; revocation or suspension; appeal.

Whenever the director finds, after due notice and hearing, that there has been a violation of any of the provisions of sections 44-1701 to 44-1713 or of any rules or regulations adopted and promulgated pursuant thereto, he or she may revoke or suspend the license or certificate of authority of the person or insurer guilty of such violation or make such other order or directive as he or she may deem adequate and appropriate to secure compliance with sections 44-1701 to 44-1713 or of any rules or regulations adopted and promulgated pursuant thereto. Any action taken by the director pursuant to the provisions of this section shall not preclude such criminal prosecutions as may be otherwise

provided by law. An appeal from the decision of the director may be taken, and the appeal shall be in accordance with the Administrative Procedure Act.

(c)(i) If a title insurer that is organized under the laws of another state transfers its domicile to this state, the statutory or unearned premium reserve shall be that amount required by the laws of the state of the title insurer's former state of domicile as of the date of transfer of domicile. Thereafter, the aggregate of such statutory or unearned premium reserve shall be released from the reserve and restored to profits over a period of twenty years pursuant to the formula set forth in subdivision (3)(c)(iii) of this section.

(ii) Following the transfer of domicile to this state of the title insurer described in subdivision (3)(c)(i) of this section, for business written after the date of transfer of domicile, the title insurer shall add to and set aside in the statutory or unearned premium reserve such amount as provided in subdivision (3)(b)(i) of this section.

44-1989 Liquidation, dissolution, or insolvency.

(1) The Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act shall apply to all title insurers subject to the Title Insurers Act except as otherwise provided in this section. (2) Security and escrow funds held by or on behalf of a title insurer shall not become general assets and shall be administered as secured creditor claims as defined in the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act.

(3) Title insurance policies that are in force at the time an order of liquidation is entered shall not be canceled except upon a showing to the court of good cause by the liquidator. The determination of good cause shall be within the discretion of the court. In making this determination, the court shall consider the unique aspects of title insurance and all other relevant circumstances.

(4) The court may set appropriate dates that potential claimants must file their claims with the liquidator. The court may set different dates for claims based upon a title insurance policy than for all other claims. In setting dates, the court shall consider the unique aspects of title insurance and all other relevant circumstances.

(5) As of the date of the order of insolvency or liquidation, all premiums paid, due, or to become due under title insurance policies of the title insurer shall be fully earned. It shall be the obligation of title insurance agents, insureds, or

44-1991 Diversification requirement.

(1) Without the prior written approval of the director, a domestic title insurer shall not accept:

(a) Additional title insurance business from a title insurance agent that is not affiliated with the title insurer if, when added to other title insurance business written through the title insurance agent during the same calendar year, that title insurance agent's aggregate premiums written on behalf of the title insurer will exceed twenty percent of the title insurer's gross premiums written during the prior calendar year as shown on the title insurer's most recent annual statement on file with the director; or

(b) Additional direct operations from a single source if, when added to other direct operations from the single source during the same calendar year, the aggregate premiums written on the direct operations of the single source will exceed twenty percent of the title insurer's gross premiums written during the prior calendar year as shown on the title insurer's most recent annual statement on file with the director. For purposes of this section, single source means a person that refers title insurance business to the title insurer and any other person that controls, is controlled by, or is under common control with that person.

(2) In determining whether prior approval may be given, the director shall consider:

(a) The potential that the acceptance of more title insurance business from the title insurance agent or source may adversely affect the financial solidity of the title insurer;

(b) The availability of competing title insurance agents or additional sources in the territories in which the title insurer accepts risks;

(c) The number of years the title insurer has been in business;

(d) Reinsurance arrangements mitigating the concentration of title insurance business from the title insurance agent or single source;

(e) The comparative profitability of the title insurance agent's or single source's book of title insurance business;

(f) The degree of oversight of the title insurance agent's operations exercised by the title insurer; and

(g) Any other circumstances deemed by the director to be appropriate.

44-1992 Title insurance commitment; notice.

(1) When a title insurance commitment includes an offer to issue an owner's title insurance policy covering the resale of owner-occupied residential property, the title insurance commitment shall be furnished to the purchaser-mortgagor or its representative as soon as reasonably possible prior to closing. If the title insurance commitment cannot be delivered prior to the day of closing, the title insurer shall document the reasons for the delay.

(2) A title insurer issuing a lender's title insurance policy in conjunction with a mortgage loan made simultaneously with the purchase of all or part of the real estate securing the loan, when no owner's title insurance policy has been requested, shall give written notice, on a form prescribed or approved by the director, to the purchaser-mortgagor at the time the title insurance commitment is prepared. The notice shall explain that a lender's title insurance policy is to be issued protecting the mortgage lender and that the lender's title insurance policy does not provide title insurance protection to the purchaser-mortgagor as the owner of the property being purchased. The notice shall explain what a title insurance policy insures against and what possible exposures exist for the purchaser-mortgagor that could be insured against through the purchase of an owner's title insurance policy. The notice shall also explain that the purchaser-mortgagor may obtain an owner's title insurance policy protecting the property owner at a specified cost or approximate cost if the proposed coverages or amount of title insurance is not then known. A copy of the notice, signed by the purchaser-mortgagor, shall be retained in the relevant underwriting file at least five years after the effective date of the lender's title insurance policy.

44-1993 Duties of title insurers utilizing the services of title insurance agents; liability.

(1) A title insurer shall not accept title insurance business from a title insurance agent unless there is in force a written contract between the parties which sets forth the responsibilities of each party and, when both parties share responsibility for a particular function, specifies the division of responsibilities.

(2) For each title insurance agent under contract with a title insurer, the title insurer shall have on file a statement of financial condition of each title insurance agent as of the end of the previous calendar year setting forth an income statement of title insurance business done during the preceding year and a balance sheet showing the condition of its affairs as of the prior December 31 certified by the title insurance agent as being a true and accurate representation of the title insurance agent's financial condition. Attorneys actively engaged in the practice of law, other than that related to title insurance business, are exempt from the requirements of this subsection.

(3) A title insurer shall, at least annually, conduct an onsite review of the underwriting, claims, and escrow practices of the title insurance agent which shall include a review of the title insurance agent's title insurance policy form inventory and processing operations. If the title insurance agent does not maintain separate financial institution or trust accounts for each title insurer it represents, the title insurer shall verify that the funds held on its behalf are

reasonably ascertainable from the books of account and records of the title insurance agent.

(4) Within thirty days after executing or terminating a contract with a title insurance agent, a title insurer shall provide written notification of the appointment or termination and the reason for termination to the director. Notices of appointment of a title insurance agent shall be made on a form prescribed or approved by the director.

(5) A title insurer shall maintain an inventory of all title insurance policy forms or title insurance policy numbers allocated to each title insurance agent.

(6) A title insurer shall have on file proof that each title insurance agent is licensed by this state.

(7) A title insurer shall establish the underwriting guidelines and, when applicable, limitations on title claims settlement authority to be incorporated into contracts with its title insurance agents.

(8)(a) A title insurer is liable for the defalcation, conversion, or misappropriation by a title insurance agent appointed by or under written contract with such title insurer of escrow, settlement, closing, or security deposit funds handled by such title insurance agent in contemplation of or in conjunction with the issuance of a title insurance commitment or title insurance policy by such title insurer. However, if no such title insurance commitment or title insurance policy was issued, each title insurer which appointed or maintained a written contract with such title insurance agent at the time of the discovery of the defalcation, conversion, or misappropriation shares in the liability for the defalcation, conversion, or misappropriation in the same proportion that the premium remitted to the title insurer by such title insurance agent during the twelve-month period immediately preceding the date of the discovery of the defalcation, conversion, or misappropriation bears to the total premium remitted to all title insurers by such title insurance agent during the twelve-month period immediately preceding the date of the discovery of the defalcation, conversion, or misappropriation.

(b) For purposes of this subsection, title insurance agent includes (i) a person with whom a title insurer maintains a title insurance agency agreement and (ii) an employer or employee of a title insurance agent or of a person with whom a title insurer maintains a title insurance agency agreement.

Section

(b) UNAUTHORIZED INSURERS PROCESS ACT

(a) UNAUTHORIZED INSURERS ACT

44-2001 Act; purpose.

The purpose of the Unauthorized Insurers Act is to subject certain insurers to the jurisdiction of the Department of Insurance and the courts of this state in administrative proceedings and in suits by or on behalf of the state. The Legislature declares that it is concerned with the protection of residents of this state against acts by insurers not authorized to do an insurance business in this state, by the maintenance of fair and honest insurance markets, by protecting authorized insurers which are subject to regulation from unfair competition by unauthorized insurers, and by protecting against the evasion of the insurance regulatory laws of this state. In furtherance of such state interest, the Legislature exercises its powers to protect residents of this state and to define what constitutes transacting an insurance business in this state and also exercises powers and privileges available to this state by virtue of Public Law 79-15, 79th Congress of the United States, Chapter 20, 1st Session, S. 340, 59 Stat. 33; 15 U.S.C. 1011 to 1015 inclusive, as amended, which declares that the business of insurance and every person engaged therein shall be subject to the laws of the several states.

44-2002 Certificate of authority; required; exceptions.

(1) It shall be unlawful for any insurer to transact insurance business in this state, as set forth in subsection (2) of this section, without a certificate of authority from the director. This section shall not apply to:

(a) The lawful transaction of surplus lines insurance;

(b) The lawful transaction of reinsurance by insurers;

(c) Transactions in this state involving a policy lawfully solicited, written, and delivered outside of this state covering only subjects of insurance not resident, located, or expressly to be performed in this state at the time of issuance, and which transactions are subsequent to the issuance of such policy;

(d) Attorneys acting in the ordinary relation of attorney and client in the adjustment of claims or losses;

(e) Transactions in this state involving group life and group sickness and accident or blanket sickness and accident insurance or group annuities when

(f) Transactions in this state relative to a policy issued or to be issued outside this state involving insurance on vessels, craft or hulls, cargoes, marine builder's risk, marine protection, and indemnity or other risk, including strikes and war risks commonly insured under ocean or wet marine forms of policy.

(2) Any of the following acts in this state effected by mail or otherwise by or on behalf of an unauthorized insurer shall constitute the transaction of an insurance business in this state. The venue of an act committed by mail shall be at the point where the matter transmitted by mail is delivered and takes effect. For purposes of this section, unless the context otherwise requires, insurer shall include all corporations, associations, partnerships, and individuals engaged as principals in the business of insurance and shall also include interinsurance exchanges and mutual benefit societies:

(a) The making of or proposing to make, as an insurer, an insurance contract;

(b) The making of or proposing to make, as guarantor or surety, any contract of guaranty or suretyship as a vocation and not merely incidental to any other legitimate business or activity of the guarantor or surety;

This subsection shall not operate to prohibit full-time salaried employees of a corporate insured from acting in the capacity of an insurance manager or buyer in placing insurance in behalf of such employer;

(g) The transaction of any kind of insurance business specifically recognized as transacting an insurance business within the meaning of the statutes relating to insurance; or

(h) The transacting or proposing to transact any insurance business in substance equivalent to any of the provisions of subdivisions (a) through (g) of this subsection in a manner designed to evade the provisions of the statutes.

(3)(a) The failure of an insurer transacting insurance business in this state to obtain a certificate of authority shall not impair the validity of any act or contract of such insurer and shall not prevent such insurer from defending any action at law or suit in equity in any court of this state, but no insurer

transacting insurance business in this state without a certificate of authority shall be permitted to maintain an action in any court of this state to enforce any right, claim, or demand arising out of the transaction of such business until such insurer shall have obtained a certificate of authority.

(b) In the event of failure of any such unauthorized insurer to pay any claim or loss within the provisions of any insurance contract, any person who assisted or in any manner aided directly or indirectly in the procurement of such insurance contract shall be liable to the insured for the full amount of the claim or loss in the manner provided by the provisions of such insurance contract.

44-2003 Certificate of authority; failure to procure; violation; injunction; cease and desist order; appeal.

(1) Whenever the Director of Insurance believes, from evidence satisfactory to him or her, that any insurer is violating or about to violate section 44-2002, the director may, through the Attorney General, cause a complaint to be filed in the district court to enjoin and restrain such insurer from continuing such violation or engaging therein or doing any act in furtherance thereof. The court shall have jurisdiction of the proceeding and shall have the power to make and enter an order or judgment awarding such preliminary or final injunctive relief as in its judgment is proper.

(2) Whenever the Director of Insurance believes that any insurer is violating or about to violate section 44-2002, the director may, without notice, and before a hearing, issue a summary cease and desist order. At the same time the order is issued, the director shall serve notice to the insurer of the reasons for such order and that the insurer may request a hearing in writing within ten business days after receipt of the order. If a hearing is requested, the director shall schedule a hearing within ten business days after receipt of the request. The hearing shall be conducted in accordance with the Administrative Procedure Act. If a hearing is not requested and none is ordered by the director, the order shall remain in effect until modified or vacated by the director. Any insurer aggrieved by a final order of the director may appeal the order. The appeal shall be in accordance with the Administrative Procedure Act. In the event of noncompliance with a summary cease and desist order, the director may, through the Attorney General, cause a complaint to be filed in the district court to enforce the order. For purposes of this subsection, insurer shall include a person or other entity.

44-2004 Personal jurisdiction.

Any act of transacting an insurance business as set forth in section 44-2002 by any unauthorized insurer shall constitute sufficient contact with this state for the exercise of personal jurisdiction over such insurer in any action, suit, or proceeding in any court by the Director of Insurance or by the state or in any

proceeding before the director and which arises out of transacting an insurance business in this state by such insurer.

44-2005 Unauthorized insurer; court action; requirements.

(1) Before any unauthorized insurer files or causes to be filed any pleading or other response in any court action, suit, or proceeding or in any such administrative proceeding before the Director of Insurance instituted against such person or insurer, by services made as provided in section 44-2004, such insurer shall either:

(a) Deposit with the clerk of the court in which such action, suit, or proceeding is pending, or with the Director of Insurance in administrative proceedings before the director, cash or securities, or file with such clerk of the court or director a bond with good and sufficient sureties, to be approved by the clerk or director in an amount to be fixed by the court or director sufficient to secure the payment of any final judgment which may be rendered in such action or administrative proceeding; or

(b) Procure a certificate of authority to transact the business of insurance in this state. In considering the application of an insurer for a certificate of authority, for the purposes of this subsection, the Director of Insurance need not assert the provisions of Chapter 44, against such insurer with respect to its application if he determines that such company would otherwise comply with the requirements for such certificate of authority.

(2) The Director of Insurance, in any administrative proceeding in which service is made as provided in section 44-2004, may in his discretion, order such postponement as may be necessary to afford the defendant reasonable opportunity to comply with the provisions of subsection (1) of this section and to defend such action.

(3) Nothing in subsection (1) of this section shall be construed to prevent an unauthorized insurer from filing a motion to quash a writ or to set aside service thereof made in the manner provided in section 44-2004, on the ground that such unauthorized insurer has not done any of the acts enumerated in section 44-2002.

44-2006 Attorney General; powers; terms, defined.

The Attorney General upon request of the Director of Insurance may proceed in the courts of this state or any reciprocal state to enforce an order or decision in any court proceeding or in any administrative proceeding before the director.

(1) As used in this section:

(a) Reciprocal state shall mean any state or territory of the United States the laws of which contain procedures substantially similar to those specified in this section for the enforcement of decrees or orders in equity issued by courts located in other states or territories of the United States against any insurer incorporated or authorized to do business in such state or territory;

(b) Foreign decree shall mean any decree or order in equity of a court located in a reciprocal state, including a court of the United States located in such

reciprocal state, against any insurer incorporated or authorized to do business in this state; and

(c) Qualified party shall mean a state regulatory agency acting in its capacity to enforce the insurance laws of its state.

(2) The Director of Insurance shall determine which states and territories qualify as reciprocal states and shall maintain at all times an up-to-date list of such states.

(3) A copy of any foreign decree authenticated in accordance with the statutes of this state may be filed in the office of the clerk of any district court of this state. The clerk shall record the foreign decree in the same manner as a decree of a district court of this state. A foreign decree so filed shall have the same effect and shall be deemed as a decree of a district court of this state, shall be subject to the same procedures, defenses, and proceedings for reopening, vacating, or staying as a decree of a district court of this state, and may be enforced or satisfied in like manner.

(4)(a) At the time of the filing of the foreign decree, the Attorney General shall make and file with the clerk of the court an affidavit setting forth the name and last-known post office address of the defendant.

(b) Promptly upon the filing of the foreign decree and the affidavit, the clerk of the court shall mail notice of the filing of the foreign decree to the defendant at the address given and to the Director of Insurance and shall file notice of the mailing on the record. In addition, the Attorney General may mail a notice of the filing of the foreign decree to the defendant and to the Director of Insurance and may file proof of mailing with the clerk. Lack of mailing notice of filing by the clerk shall not affect the enforcement proceedings if proof of mailing by the Attorney General has been filed.

(c) No execution or other process for enforcement of a foreign decree filed under this section shall issue until thirty days after the date the decree is filed.

(5)(a) If the defendant shows the district court that an appeal from the foreign decree is pending or will be taken or that a stay of execution has been granted, the court shall stay enforcement of the foreign decree until the appeal is concluded, the time for appeal expires, or the stay of execution expires or is vacated, upon proof that the defendant has furnished the security for the satisfaction of the decree required by the state in which it was rendered.

(b) If the defendant shows the district court any ground upon which enforcement of a decree of any district court of this state would be stayed, the court shall stay enforcement of the foreign decree for an appropriate period, upon requiring the same security for satisfaction of the decree which is required in this state.

(6) Any person filing a foreign decree shall pay to the clerk of the district court the docket fee established in section 33-106. Fees for transcribing or other enforcement proceedings shall be as provided for decrees of the district court.

44-2010 Act; legislative purpose.

The purpose of the Unauthorized Insurers Process Act is to subject certain insurers to the jurisdiction of courts of this state in suits by or on behalf of insureds or beneficiaries under insurance contracts. The Legislature declares that it is a subject of concern that many residents of this state hold policies of insurance issued or delivered in this state by insurers while such insurers are not authorized to do business in this state, thus presenting to such residents the often insuperable obstacle of resorting to distant forums for the purpose of asserting legal rights under such policies. In furtherance of such state interest, the Legislature exercises its power to protect its residents.

Purpose of this act, entitled Unauthorized Insurers Process Act (§§ 44-137.01 through 44-137.10), is to protect residents of this state from having to resort to distant forums to assert legal rights; act is constitutional. Abel v. Southwest Cas. Ins. Co., 182 Neb. 605, 156 N.W.2d 166 (1968).

44-2011 Unauthorized insurers; personal jurisdiction.

Any of the following systematic or continuous acts in this state, effected by mail or otherwise, by an unauthorized foreign or alien insurer: (1) The issuance or delivery of contracts of insurance to residents of this state or to corporations authorized to do business therein, (2) the solicitation of applications for such contracts, (3) the collection of premiums, membership fees, assessments, or other considerations for such contracts, (4) the investigation or payment of claims, or (5) any other transaction of business shall constitute sufficient contact with this state for the exercise of personal jurisdiction over such foreign or alien insurer in any action, suit, or proceeding instituted by or on behalf of an insured or beneficiary arising out of any such activities.

Conditions of this section met where contractor, with insurer's authorization, included general guaranty bond in individual construction contracts which were solicited in this state. Abel v. Southwest Cas. Ins. Co., 182 Neb. 605, 156 N.W.2d 166 (1968).

44-2012 Action; attorney fee; allowance.

In any action against an unauthorized foreign or alien insurer upon a contract of insurance issued or delivered in this state to a resident thereof or to a corporation authorized to do business therein, if the insurer has failed for thirty days after demand prior to the commencement of the action to make payment in accordance with the terms of the contract, and it appears to the court that such refusal was vexatious and without reasonable cause, the court may allow to the plaintiff a reasonable attorney fee and include such fee in any judgment that may be rendered in such action. Such fee shall not exceed twelve and one-half percent of the amount which the court or jury finds the plaintiff is entitled to recover against the insurer, but in no event shall such fee be less than twenty-five dollars. Failure of an insurer to defend any such action shall be deemed prima facie evidence that its failure to make payment was vexatious and without reasonable cause.

The Unauthorized Insurers Process Act shall not apply to any action, suit, or proceeding against any nonadmitted foreign or alien insurer arising out of any contract of insurance (1) effected in accordance with the Surplus Lines Insurance Act, (2) covering reinsurance, ocean marine, aircraft, or railway insurance risks, (3) against legal liability arising out of the ownership, operation, or maintenance of any property having a permanent situs outside this state, or (4) against loss of or damage to any property having a permanent situs outside this state, when such contract of insurance contains a provision designating a Nebraska resident agent duly licensed under the Surplus Lines Insurance Act to be the true and lawful attorney of such nonadmitted insurer upon whom may be served all lawful process in any action, suit, or proceeding instituted by or on behalf of an insured or beneficiary arising out of any such contract of insurance or when the insurer enters a general appearance in any action, suit, or proceeding.

(5) Group-wide supervisor means the chief insurance regulatory official, including the director, who (a) is authorized to conduct and coordinate group-wide supervision activities of an international insurance group and (b) is from the jurisdiction determined or acknowledged by the director under section 44-2155 to have sufficient contacts with the international insurance group;

(6) An insurance holding company system shall consist of two or more affiliated persons, one or more of which is an insurer;

(7) Insurer has the same meaning as in section 44-103, except that insurer does not include agencies, authorities, or instrumentalities of the United States, its possessions and territories, the Commonwealth of Puerto Rico, the District of Columbia, or a state or political subdivision of a state;

(8) International insurance group means an insurance holding company system that has been determined by the director to be an international insurance group under section 44-2154;

(9) Person means an individual, a corporation, a partnership, a limited partnership, an association, a joint-stock company, a trust, an unincorporated organization, any similar entity, or any combination of such entities acting in concert but does not include any joint-venture partnership exclusively engaged in owning, managing, leasing, or developing real or tangible personal property;

(10) Security holder of a specified person means one who owns any security of such person, including common stock, preferred stock, debt obligations, and any other security convertible into or evidencing the right to acquire any such stock or obligations;

The purpose of the Insurance Holding Company System Act is to protect policyholders by probing the competence of those seeking to control insurance companies. The Insurance Holding Company System Act applies equally, regardless of whether the would-be acquiring party is a Nebraska resident, and as such does not resemble the principal objects of dormant Commerce Clause scrutiny, which are statutes that discriminate against interstate commerce. The Insurance Holding Company System Act poses no threat of inconsistent regulations, because it regulates only the internal affairs of insurers registered in this state and thus survives scrutiny under the Commerce Clause. CenTra, Inc. v. Chandler Ins. Co., 248 Neb. 844, 540 N.W.2d 318 (1995).

44-2122 Subsidiaries of insurers; authorized.

In addition to the authority granted in Chapter 44, any domestic insurer, either by itself or in cooperation with one or more persons, may, subject to the

limitations set forth in the Insurance Holding Company System Act, organize or acquire one or more subsidiaries engaged in the following kinds of business:

(1) Any kind of insurance business authorized by the jurisdiction in which it is incorporated;

(2) Acting as an insurance broker or as an insurance agent for its parent or for any subsidiaries of its parent which are insurers;

(3) Investing, reinvesting, or trading in securities for its own account or that of its parent, any subsidiary of its parent, or any affiliate or subsidiary;

(4) Management of any investment company subject to or registered pursuant to the Investment Company Act of 1940, as amended, including related sales and services;

(5) Acting as a broker-dealer subject to or registered pursuant to the Securities Exchange Act of 1934, as amended;

(6) Rendering investment advice to governments, government agencies, corporations, or other organizations or groups;

(7) Rendering other services related to the operations of an insurance business, including actuarial, loss prevention, safety engineering, data processing, accounting, claims, appraisal, and collection services;

(8) Ownership and management of assets which the parent could itself own or manage. The aggregate investment by the insurer and its subsidiaries acquired or organized pursuant to this section shall not exceed the limitations applicable to such investments by the insurer;

(9) Acting as administrative agent for a governmental instrumentality which is performing an insurance function;

(10) Financing of insurance premiums, agents, and other forms of consumer financing;

(11) Any other business activity determined by the director to be reasonably ancillary to an insurance business; or

(12) Owning a corporation or corporations engaged or organized to engage exclusively in one or more of the businesses specified in this section.

44-2123 Additional investments authorized.

In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under Chapter 44, a domestic insurer may also:

(1) Invest, in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts which do not exceed the lesser of five percent of such insurer's assets or fifty percent of such insurer's policyholders surplus if, after such investments, the insurer's policyholders surplus will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of such investments, investments in domestic or foreign insurance subsidiaries shall be excluded and there shall be included:

(a) Total net funds or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of such subsidiary whether or

not represented by the purchase of capital stock or issuance of other securities; and

(b) All amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities and all contributions to the capital or surplus of a subsidiary subsequent to its acquisition or formation;

(2) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries engaged or organized to engage exclusively in the ownership and management of assets authorized as investments for the insurer if each such subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in subdivision (1) of this section or in Chapter 44 applicable to the insurer. For purposes of this subdivision, the total investment of the insurer shall include:

(a) Any direct investment by the insurer in an asset; and

(b) The insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which share shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the ownership of such subsidiary; and

(3) With the approval of the director, invest any greater amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries if after such investment the insurer's policyholders surplus will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

44-2124 Additional investments; qualification; when determined.

Whether any investment pursuant to section 44-2123 meets the applicable requirements thereof shall be determined before such investment is made by calculating the applicable investment limitations as though the investment had already been made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the day they were made, net of any return of capital invested, not including dividends.

44-2125 Investments in subsidiary; disposal; when.

If an insurer ceases to control a subsidiary, it shall dispose of any investment made in the subsidiary pursuant to sections 44-2122 to 44-2124 within three years from the time of the cessation of control or within such further time as the director may prescribe unless, at any time after such investment has been made, such investment has met the requirements for investment under any other provision of Chapter 44 and the insurer has notified the director thereof.

Such list shall include for each such individual the information required by subdivision (i) of this subdivision;

(c) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five fiscal years of each such acquiring party or for such lesser period as such acquiring party and any predecessors thereof have been in existence and similar unaudited information as of a date not earlier than ninety days prior to the filing of the statement;

(6) If any material change occurs in the facts set forth in the statement filed with the director and sent to such insurer pursuant to this section, an amendment setting forth such change, together with copies of all documents and other material relevant to such change, shall be filed with the director and sent to such insurer within two business days after the person learns of such change.

(7) If any offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section is proposed to be made by means of a registration statement under the Securities Act of 1933, in circumstances requiring the disclosure of similar information under the Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement may utilize such documents in furnishing the information called for by the statement.

The Insurance Holding Company System Act affords the Director of Insurance a chance to review the financial stability of an acquiring company so that the director can determine whether acquisition is in the best interests of state policyholders. CenTra, Inc. v. Chandler Ins. Co., 248 Neb. 844, 540 N.W.2d 318 (1995).

44-2127 Merger; acquisition; approval by director; hearings; experts.

(1) The director shall approve any merger or other acquisition of control referred to in subsection (1) of section 44-2126 unless, after a public hearing thereon, he or she finds that:

(a) After the change of control, the domestic insurer would not be able to satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;

(b) The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in this state or tend to create a monopoly therein;

(c) The financial condition of any acquiring party is such as might jeopardize the financial stability of the insurer or prejudice the interest of policyholders of the insurer;

(d) The plans or proposals which the acquiring party has to liquidate the insurer, to sell its assets or consolidate or merge it with any person, or to make any other material change in its business or corporate structure of management are unfair and unreasonable to policyholders of the insurer and not in the public interest;

(e) The competence, experience, and integrity of those persons who would control the operation of the insurer are such that it would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control;

(f) To the extent required under section 44-6115, an acquisition has not been approved by the director; or

(g) The acquisition is likely to be hazardous or prejudicial to the public.

(2) Except as provided in subsection (3) of this section, the public hearing referred to in subsection (1) of this section shall be held within thirty days after the statement required by subsection (1) of section 44-2126 is filed, and at least twenty days' notice thereof shall be given by the director to the person filing the statement. Not less than seven days' notice of such public hearing shall be given by the person filing the statement to the insurer and to such other persons as may be designated by the director. The director shall make a determination within the sixty-day period preceding the effective date of the proposed transaction. At such hearing, the person filing the statement, the insurer, any person to whom notice of hearing was sent, and any other person whose interest may be affected thereby shall have the right to present evidence, examine and cross-examine witnesses, and offer oral and written arguments and in connection therewith shall be entitled to conduct discovery proceedings in the same manner as is presently allowed in the district court. All discovery proceedings shall be concluded not later than three days prior to the commencement of the public hearing.

(3) If the proposed acquisition of control will require the approval of more than one director or commissioner of insurance, the public hearing required by this section may be held on a consolidated basis upon request of the person filing the statement referred to in subsection (1) of section 44-2126. Such person shall file the statement with the National Association of Insurance Commissioners within five days after making the request for a public hearing. A director or commissioner may opt out of a consolidated hearing and shall provide notice to the applicant of the opt out within ten days after the receipt of the statement. A hearing conducted on a consolidated basis shall be public and shall be held within the United States before the directors or commissioners of the states in which the insurers are domiciled. Such directors or commissioners shall hear and receive evidence. A director or commissioner may attend such hearing in person or by telecommunication.

(4) In connection with a change of control of a domestic insurer, any determination by the director that the person acquiring control of the insurer shall be required to maintain or restore the capital of the insurer to the level required by the laws, rules, and regulations of this state shall be made not later than sixty days after the date of the director's determination. The director may retain at the acquiring person's expense any attorneys, actuaries, accountants, and other experts who are not employees of the Department of Insurance as

may be reasonably necessary to assist the director in reviewing the proposed acquisition of control.

(1) Any transaction which is subject to the provisions of the Nebraska Model Business Corporation Act and sections 44-224.01 to 44-224.10, except as otherwise provided in Chapter 44, dealing with the merger or consolidation of two or more insurers; or

(2) Any offer, request, invitation, agreement, or acquisition which the director by order shall exempt therefrom as (a) not having been made or entered into for the purpose and not having the effect of changing or influencing the control of a domestic insurer or (b) otherwise not comprehended within the purposes of section 44-2126.

(2) The following transactions involving a domestic insurer and any person in its insurance holding company system, including amendments or modifications of affiliate agreements previously filed pursuant to this section which are subject to any materiality standards contained in subdivisions (2)(a) through (e) of this section, shall not be entered into unless the insurer has notified the director in writing of its intention to enter into such transaction at least thirty days prior thereto or such shorter period as the director may permit and the director has not disapproved it within such period. The notice for amendments or modifications shall include the reasons for the change and the financial impact on the domestic insurer. Informal notice shall be reported, within thirty days after a termination of a previously filed agreement, to the director for determination of the type of filing required, if any:

(a) Sales, purchases, exchanges, loans, or extensions of credit, guarantees, or investments if such transactions are equal to or exceed (i) with respect to an insurer other than a life insurer, the lesser of three percent of the insurer's admitted assets or twenty-five percent of policyholders surplus as of December 31 next preceding and (ii) with respect to life insurers, three percent of the insurer's admitted assets as of December 31 next preceding;

(b) Loans or extensions of credit to any person who is not an affiliate, when the insurer makes such loans or extensions of credit with the agreement or understanding that the proceeds of such transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in any affiliate of the insurer making such loans or extensions of credit if such transactions are equal to or exceed (i) with respect to an insurer other than a life insurer, the lesser of three percent of the insurer's admitted assets or twenty-five percent of policyholders surplus as of December 31 next preceding and (ii) with respect to life insurers, three percent of the insurer's admitted assets as of December 31 next preceding;

(c) Reinsurance agreements or modifications thereto, including (i) all reinsurance pooling agreements and (ii) agreements in which the reinsurance premium or a change in the insurer's liabilities or the projected reinsurance premium or change in the insurer's liabilities in any of the next three years equals or exceeds five percent of the insurer's policyholders surplus as of December 31 next preceding, including those agreements which may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of such assets will be transferred to one or more affiliates of the insurer;

(d) All management agreements, service contracts, tax-allocation agreements, and cost-sharing arrangements; and

(e) Any material transactions, specified by rule and regulation, which the director determines may adversely affect the interests of the insurer's policyholders.

Nothing in this section shall be deemed to authorize or permit any transactions which, in the case of an insurer not a member of the same insurance holding company system, would be otherwise contrary to law.

(3) A domestic insurer may not enter into transactions which are part of a plan or series of like transactions with persons within the insurance holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would occur otherwise. If the director determines that such separate transactions were entered into over any twelve-month period for such purpose, the director may exercise his or her authority under sections 44-2143 to 44-2147.

(4) The director, in reviewing transactions pursuant to subsection (2) of this section, shall consider whether the transactions comply with the standards set forth in subsection (1) of this section and whether they may adversely affect the interests of policyholders.

(5) The director shall be notified within thirty days of any investment of the domestic insurer in any one corporation if the total investment in such corporation by the insurance holding company system exceeds ten percent of such corporation's voting securities.

44-2134 Extraordinary dividends and distributions.

(1) No domestic insurer shall pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until (a) thirty days after the director has received notice of the declaration thereof and the director has not within such period disapproved such payment or (b) the director has approved such payment within such thirty-day period.

(2) For purposes of this section, an extraordinary dividend or distribution shall include any dividend or distribution of cash or other property the fair market value of which together with that of other dividends or distributions made within the preceding twelve months exceeds the greater of (a) ten percent of such insurer's policyholders surplus as of December 31 next preceding or (b) the net gain from operations of such insurer if such insurer is a life insurer or the net income if such insurer is not a life insurer, not including realized capital gains, for the twelve-month period ending December 31 next preceding but shall not include pro rata distributions of any class of the insurer's own securities. In determining whether a dividend or distribution is extraordinary, an insurer other than a life insurer may carry forward net income from the previous two calendar years that has not already been paid out as dividends. This carryforward shall be computed by taking the net income from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediate preceding calendar years.

(3) Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the director's approval thereof, and such a declaration shall confer no rights upon shareholders until (a) the director has approved the payment of such a dividend or distribution or (b) the director has not disapproved such payment within the thirty-day period referred to in subsection (1) of this section.

44-2135 Management of domestic insurer.

(1) Notwithstanding the control of a domestic insurer by any person, the officers and directors of the insurer shall not thereby be relieved of any obligation or liability to which they would otherwise be subject by law, and the insurer shall be managed so as to assure its separate operating identity consistent with the Insurance Holding Company System Act.

(2) Nothing in this section shall preclude a domestic insurer from having or sharing a common management or cooperative or joint use of personnel, property, or services with one or more other persons under arrangements meeting the standards of subsection (1) of section 44-2133.

(3) Not less than one-third of the directors of a domestic insurer which is a member of an insurance holding company system shall be persons who are not officers or employees of such insurer or of any entity controlling, controlled by, or under common control with such insurer and who are not beneficial owners of a controlling interest in the voting stock of such insurer or any such entity. At least one such person shall be included in any quorum for the transaction of business at any meeting of the board of directors.

(4) Subsection (3) of this section shall not apply to a domestic insurer if the person controlling such insurer, such as an insurer, a mutual insurance holding company, or a publicly held corporation, has a board of directors that meets the requirements of such subsection with respect to such controlling entity.

(5) An insurer may make application to the director for a waiver from the requirements of this section if the insurer's annual direct written and assumed premium, excluding premiums reinsured with the Federal Crop Insurance Corporation and the national flood insurance program as defined in section 31-1014, is less than three hundred million dollars. An insurer may also make application to the director for a waiver from the requirements of this section based upon unique circumstances. The director may consider various factors including, but not limited to, the type of business entity, volume of business written, availability of qualified board members, or ownership or organizational structure of the entity.

44-2136 Adequacy of surplus; factors.

For purposes of the Insurance Holding Company System Act, in determining whether an insurer's policyholders surplus is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, shall be considered:

(1) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

(2) The extent to which the insurer's business is diversified among the several lines of insurance;

(3) The number and size of risks insured in each line of business;

(4) The extent of the geographical dispersion of the insurer's insured risks;

(5) The nature and extent of the insurer's reinsurance program;

(6) The quality, diversification, and liquidity of the insurer's investment portfolio;

(7) The recent past and projected future trend in the size of the insurer's investment portfolio;

(8) The policyholders surplus maintained by other comparable insurers;

(9) The adequacy of the insurer's reserves; and

(10) The quality and liquidity of investments in affiliates. The director may treat any such investment as a disallowed asset for purposes of determining the adequacy of policyholders surplus whenever in his or her judgment such investment so warrants.

44-2137 Examination by director; director; powers; penalty.

(1)(a) Subject to the limitation contained in this section and in addition to the powers which the director has under the Insurers Examination Act relating to the examination of insurers, the director may examine any insurer registered under section 44-2132 and its affiliates to ascertain the financial condition of the insurer, including the enterprise risk to the insurer by the ultimate controlling party, by any entity or combination of entities within the insurance holding company system, or by the insurance holding company system on a consolidated basis.

(b) The director may order any insurer registered under section 44-2132 to produce such records, books, or other information papers in the possession of the insurer or its affiliates as are reasonably necessary to determine compliance with Chapter 44.

(c) To determine compliance with Chapter 44, the director may order any insurer registered under section 44-2132 to produce information not in the possession of the insurer if the insurer can obtain access to such information pursuant to contractual relationships, statutory obligations, or another method. If the insurer cannot obtain the information requested by the director, the insurer shall provide the director a detailed explanation of the reason that the insurer cannot obtain the information and the identity of the holder of the information. If it appears to the director that the detailed explanation is without merit, the director may require, after notice and hearing, the insurer to pay a penalty of one hundred dollars for each day's delay, not to exceed an aggregate penalty of ten thousand dollars, or may suspend or revoke the insurer's certificate of authority.

(2) The director may retain at the registered insurer's expense such attorneys, actuaries, accountants, and other experts who are not employees of the Department of Insurance as shall be reasonably necessary to assist in the conduct of the examination under this section. Any persons so retained shall be under the direction and control of the director and shall act in a purely advisory capacity.

(3) Each registered insurer producing for examination records, books, and papers pursuant to this section shall be liable for and shall pay the expense of such examination in accordance with the Insurers Examination Act.

(4) If the insurer fails to comply with an order, the director may examine the affiliates to obtain the information. The director may also issue subpoenas, administer oaths, and examine under oath any person for purposes of determining compliance with this section. Upon the failure or refusal of any person to obey a subpoena, the director may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness

to appear and testify or produce documentary evidence. Failure to obey the court order shall be punishable by contempt of court. Every person shall be obliged to attend as a witness at the place specified in the subpoena, when subpoenaed, anywhere within the state. He or she shall be entitled to the same fees and mileage, if claimed, as a witness in the district court, which fees, mileage, and actual expenses, if any, necessarily incurred in securing the attendance of witnesses and their testimony, shall be itemized, charged against, and paid by the entity being examined.

44-2138 Information; confidential treatment; sharing of information; restrictions.

(1) All information, documents, and copies thereof obtained by or disclosed to the director or any other person in the course of an examination or investigation made pursuant to section 44-2137 and all information reported or provided to the director pursuant to sections 44-2132 to 44-2136 and 44-2155 shall be given confidential treatment, shall not be subject to subpoena, and shall not be made public by the director, the National Association of Insurance Commissioners and its affiliates and subsidiaries, or any other person, except to other state, federal, foreign, and international regulatory and law enforcement agencies if the recipient agrees in writing to maintain the confidentiality of the information, without the prior written consent of the insurer to which it pertains unless the director, after giving the insurer and its affiliates who would be affected thereby notice and opportunity to be heard, determines that the interest of policyholders, shareholders, or the public will be served by the publication thereof, in which event he or she may publish all or any part thereof in such manner as he or she may deem appropriate.

(2) The director may receive information, documents, and copies of information and documents disclosed to other state, federal, foreign, or international regulatory and law enforcement agencies and from the National Association of Insurance Commissioners and its affiliates and subsidiaries pursuant to an examination of an insurance holding company system. The director shall maintain information, documents, and copies of information and documents received pursuant to this subsection as confidential or privileged if received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the information. Such information shall not be a public record subject to disclosure by the director pursuant to sections 84-712 to 84-712.09, subject to subpoena, subject to discovery, or admissible in evidence in any private civil action, except that the director may use such information in any regulatory or legal action brought by the director. The director, and any other person while acting under the authority of the director who has received information pursuant to this subsection, may not, and shall not be required to, testify in any private civil action concerning any information subject to this section. Nothing in this section shall constitute a waiver of any applicable privilege or claim of confidentiality in the information received pursuant to this subsection as a result of information sharing authorized by this section.

(3) In order to assist in the performance of the director's duties, the director may share information with state, federal, and international regulatory agencies, the National Association of Insurance Commissioners and its affiliates and subsidiaries, state, federal, and international law enforcement authorities, including members of any supervisory college described in section 44-2137.01, the International Association of Insurance Supervisors, and the Bank for International Settlements under the conditions set forth in section 44-154 if the recipient agrees in writing to maintain the confidentiality and privileged status

of the document, material, or other information and has verified in writing the legal authority to maintain confidentiality. The director may only share confidential and privileged documents, material, or information reported pursuant to subsection (12) of section 44-2132 with directors or commissioners of states having statutes or regulations substantially similar to subsection (1) of this section and who have agreed in writing not to disclose such information.

(4) The director shall enter into written agreements with the National Association of Insurance Commissioners governing sharing and use of information provided pursuant to this section that shall:

(a) Specify procedures and protocols regarding the confidentiality and security of information shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries pursuant to this section, including procedures and protocols for sharing by the association with other state, federal, or international regulators;

(b) Specify that ownership of information shared with the National Association of Insurance Commissioners and its affiliates and subsidiaries pursuant to this section remains with the director and the association's use of the information is subject to the direction of the director;

(c) Require prompt notice to be given to an insurer whose confidential information in the possession of the National Association of Insurance Commissioners pursuant to this section is subject to a request or subpoena to the association for disclosure or production; and

(d) Require the National Association of Insurance Commissioners and its affiliates and subsidiaries to consent to intervention by an insurer in any judicial or administrative action in which the association and its affiliates and subsidiaries may be required to disclose confidential information about the insurer shared with the association and its affiliates and subsidiaries pursuant to this section.

(5) The sharing of information by the director pursuant to this section shall not constitute a delegation of regulatory authority or rulemaking, and the director is solely responsible for the administration, execution, and enforcement of this section.

(6) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the director under this section or as a result of sharing as authorized by this section.

(7) Documents, materials, or other information in the possession or control of the National Association of Insurance Commissioners pursuant to this section shall be confidential and privileged, shall not be subject to public disclosure under section 84-712, shall not be subject to subpoena, and shall not be subject to discovery or admissible as evidence in any private civil action.

If an insurer or the director has reason to believe that any security of the insurer has been or is about to be acquired in contravention of the act or of any rule, regulation, or order of the director, the insurer or the director may apply to the district court of Lancaster County for an order to enjoin any offer, request, invitation, agreement, or acquisition made in contravention of sections 44-2126 to 44-2130 or any rule, regulation, or order of the director to enjoin the voting of any security so acquired, to void any vote of such security already cast at any meeting of shareholders, and for such other equitable relief as the nature of the case and the interest of the insurer's policyholders, creditors, and shareholders or the public may require.

(h) Whether another chief insurance regulatory official acting or seeking to act as the group-wide supervisor and key staff maintain the requisite skill, experience, and tenure necessary to act as group-wide supervisor; and

(i) Whether the international insurance group's current group-wide supervisor is carrying out such duty reasonably.

(5) An international insurance group for which the director has not determined or acknowledged a group-wide supervisor may request that the director make a determination or acknowledgment as to a group-wide supervisor pursuant to this section.

(6) A group-wide supervisor may determine that it is appropriate to acknowledge another chief insurance regulatory official to serve as the group-wide supervisor. The acknowledgment of the group-wide supervisor shall be made after consideration of the factors listed in subsection (4) of this section and shall be made in cooperation with and subject to the acknowledgment of other regulatory officials involved with supervision of members of the international insurance group and in consultation with the international insurance group.

(7) Notwithstanding any other provision of law, when another chief insurance regulatory official is acting as the group-wide supervisor of an international insurance group, the director may acknowledge that chief insurance regulatory official as the group-wide supervisor. Such acknowledgment shall not remove any obligation of an insurer to provide information to the director pursuant to the Insurance Holding Company System Act. However, if there is a material change in the international insurance group that results in (a) the international insurance group's insurers domiciled in this state holding the largest share of the group's premiums, assets, or liabilities or (b) this state being the place of domicile of the top-tiered insurer or insurers in the insurance holding company system of the international insurance group, the director shall make a determination or acknowledgment as to the appropriate group-wide supervisor for such an international insurance group pursuant to this section.

(8) Pursuant to section 44-2137, the director is authorized to collect from any insurer registered pursuant to section 44-2132 all information necessary to determine whether the director may act as the group-wide supervisor of an international insurance group or if the director may acknowledge another chief insurance regulatory official to act as the group-wide supervisor. Prior to issuing a determination that an international insurance group is subject to group-wide supervision by the director, the director shall notify the insurer registered pursuant to section 44-2132 and the ultimate controlling person within the international insurance group. The international insurance group shall have not less than thirty days to provide the director with additional information pertinent to the pending determination. The director shall publish on the website of the Department of Insurance the identity of international insurance groups that the director has determined are subject to group-wide supervision by the director.

(9) If the director is the group-wide supervisor for an international insurance group, the director may engage in any of the following group-wide supervision activities:

(a) Assess the enterprise risks within the international insurance group to ensure that:

(i) The material financial condition and liquidity risks to the members of the international insurance group that are engaged in the business of insurance are identified by management; and

(ii) Reasonable and effective mitigation measures are in place;

(b) Request, from any member of an international insurance group subject to the director's supervision, information necessary and appropriate to assess enterprise risk, including, but not limited to, information about the members of the international insurance group regarding:

(i) Governance, risk assessment, and management;

(ii) Capital adequacy; and

(iii) Material intercompany transactions;

(c) Coordinate and, through the authority of the regulatory officials of the jurisdictions where members of the international insurance group are domiciled, compel development and implementation of reasonable measures designed to ensure that the international insurance group is able to timely recognize and mitigate enterprise risks to members of such international insurance group that are engaged in the business of insurance;

(d) Communicate with other state, federal, and international regulatory agencies for members within the international insurance group and share relevant information, subject to the confidentiality provisions of section 44-2138, through supervisory colleges as set forth in section 44-2137.01 or otherwise;

(e) Enter into agreements with or obtain documentation from any insurer registered under section 44-2132, any member of the international insurance group, and any other state, federal, and international regulatory agencies for members of the international insurance group, providing the basis for or otherwise clarifying the director's role as group-wide supervisor, including provisions for resolving disputes with other regulatory officials. Such agreements or documentation shall not serve as evidence in any proceeding that any insurer or person within an insurance holding company system not domiciled or incorporated in this state is doing business in this state or is otherwise subject to jurisdiction in this state; and

(f) Other group-wide supervision activities, consistent with the authorities and purposes enumerated in this section, as considered necessary by the director.

(10) If the director acknowledges that another regulatory official from a jurisdiction that is not accredited by the National Association of Insurance Commissioners is the group-wide supervisor, the director may reasonably cooperate, through supervisory colleges or otherwise, with group-wide supervision undertaken by the group-wide supervisor if:

(a) The director's cooperation is in compliance with the laws of this state; and

(b) The regulatory official acknowledged as the group-wide supervisor also recognizes and cooperates with the director's activities as a group-wide supervisor for other international insurance groups where applicable. Where such recognition and cooperation is not reasonably reciprocal, the director may refuse recognition and cooperation.

(11) The director may enter into agreements with or obtain documentation from any insurer registered under section 44-2132, any affiliate of the insurer,

and other state, federal, and international regulatory agencies for members of the international insurance group that provide the basis for or otherwise clarify a regulatory official's role as group-wide supervisor.

(12) A registered insurer subject to this section shall be liable for and shall pay the reasonable expenses of the director's participation in the administration of this section, including the engagement of attorneys, actuaries, and any other professionals and all reasonable travel expenses.

44-2406 Claims; filing; determination.

(1) The association shall be obligated only to the extent of the covered claims existing prior to the date a member insurer becomes an insolvent insurer or arising within thirty days after it has been determined that the insurer is an insolvent insurer, before the policy expiration date, if less than thirty days after such determination, or before the insured replaces the policy or on request effects cancellation, if he or she does so within thirty days of such dates, but such obligation shall include only the amount of each covered claim that does not exceed three hundred thousand dollars, except that the association shall pay the amount required by law on any covered claim arising out of a workers' compensation policy. In no event shall the association be obligated to a policyholder or claimant in an amount in excess of the face amount of the

policy from which the claim arises. The association shall be obligated on covered claims, including those under a workers' compensation policy, for unearned premiums only for the amount of each covered claim that does not exceed ten thousand dollars per policy.

(2) The director shall transmit to the association all covered claims timely filed with him or her pursuant to the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act. The association shall thereupon be considered to have been designated the director's representative pursuant to the act, and it shall proceed to investigate, hear, settle, and determine such claims unless the claimant shall, within thirty days from the date the claim is filed with the director, file with the director a written demand that the claim be processed in the liquidation proceedings as a claim not covered by the Nebraska Property and Liability Insurance Guaranty Association Act. In regard to those claims transmitted to the association by the director, the association and claimants shall have all of the rights and obligations and be subject to the same limitations and procedures as are specified in the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act for the determination of claims.

(3) In the case of claims arising from bodily injury, sickness, or disease, including death resulting therefrom, the amount of any such award shall not exceed the claimant's reasonable expenses incurred for necessary medical, surgical, X-ray, and dental services, including prosthetic devices and necessary ambulance, hospital, professional nursing, and funeral services, and any amounts actually lost by reason of claimant's inability to work and earn wages or salary or their equivalent, but not other income, that would otherwise have been earned in the normal course of such injured claimant's employment. Such award may also include payments in fact made to others, not members of claimant's household, which were reasonably incurred to obtain from such other persons ordinary and necessary services for the production of income in lieu of those services the claimant would have performed for himself or herself had he or she not been injured. The amount of any such award under this subsection shall be reduced by the amount the claimant is entitled to receive as the beneficiary under any health, accident, or disability insurance, under any salary or wage continuation program under which he or she is entitled to benefits, or from his or her employer in the form of workers' compensation benefits, or any other such benefits to which the claimant is legally entitled, and any claimant who intentionally fails to correctly disclose his or her rights to any such benefits shall forfeit all rights which he or she may have by the provisions of the Nebraska Property and Liability Insurance Guaranty Association Act.

(4) A third party having a covered claim against any insured of an insolvent insurer may file such claim with the director pursuant to the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act, and the association shall process such claim in the manner specified in subsections (2) and (3) of this section. The filing of such claim shall constitute an unconditional general release of all liability of such insured in connection with the claim unless the association thereafter denies the claim for the reason that the insurance policy issued by the insolvent insurer does not afford coverage or unless the claimant, within thirty days from the date of filing his or her claim with the director, files with the director a written demand that the claim be processed in the liqui-

dation proceedings as a claim not covered by the Nebraska Property and Liability Insurance Guaranty Association Act.

A person who has a liability claim against an insured of an insolvent member insurer may be a third party under subsection (4) of this section. Peterson v. Minden Beef Co., 231 Neb. 18, 434 N.W.2d 681 (1989).

44-2407 Association; duties; powers; enumerated.

(1) The association shall:

(a) Allocate claims paid and expenses incurred among the three accounts separately and assess member insurers separately for each account in the amounts necessary to pay the obligations of the association under section 44-2406, the expenses of handling covered claims, the cost of examinations under sections 44-2412 and 44-2413, and other expenses authorized by the Nebraska Property and Liability Insurance Guaranty Association Act. The assessments of each member insurer shall be in the proportion that the net direct written premiums of such member insurer, on the basis of the insurance in the account involved, bears to the net direct written premiums of all member insurers for the same period and in the same account for the calendar year preceding the date of the assessment. The association may make an assessment for the purpose of meeting administrative costs and other general expenses not related to a particular impaired insurer, not to exceed fifty dollars per member insurer in any one year. Each member insurer shall be notified of the assessment not later than thirty days before it is due. Except for such administrative assessment, no member insurer may be assessed in any year on any account an amount greater than one percent of that member insurer's net direct written premiums for the preceding calendar year on the kinds of insurance in the account. The association may defer, in whole or in part, the assessment of any member insurer if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact business as an insurer. Deferred assessments shall be paid when such payment will not reduce capital or surplus below such required minimum amounts. Such deferred assessments when paid shall be refunded to those member insurers that received larger assessments by virtue of such deferment or, in the discretion of any such insurer, credited against future assessments. No member insurer may pay a dividend to shareholders or policyholders while such insurer has an unpaid deferred assessment;

(b) Handle claims through its employees or through one or more insurers or other persons designated by the association as a servicing facility, except that the designation of a servicing facility shall be subject to the approval of the director and such designation may be declined by a member insurer;

(c) Reimburse any servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and such other expenses of the association as are

authorized by the Nebraska Property and Liability Insurance Guaranty Association Act;

(d) Issue to each insurer paying an assessment under this section a certificate of contribution in appropriate form and terms as prescribed by the director for the amount so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. The insurer may offset against its premium and related retaliatory tax liability to this state pursuant to sections 44-150 and 77-908 accrued with respect to business transacted in such year an amount equal to twenty percent of the original face amount of the certificate of contribution, beginning with the first calendar year after the year of issuance through the fifth calendar year after the year of issuance. If the association recovers any sum representing amounts previously written off by member insurers and offset against premium and related retaliatory taxes imposed by sections 44-150 and 77-908, such recovered sum shall be paid by the association to the director who shall handle such funds in the same manner as provided in Chapter 77, article 9;

(e) Be deemed the insolvent insurer to the extent of the association's obligation for covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer, subject to the limitations provided in the act, as if the insurer had not become insolvent, with the exception that the liquidator shall retain the sole right to recover any reinsurance proceeds. The association's rights under this section include, but are not limited to, the right to pursue and retain salvage and subrogation recoveries on paid covered claim obligations to the extent paid by the guaranty fund; and

(f) Have access to insolvent insurer records. The liquidator of an insolvent insurer shall permit access by the association or its authorized representatives, and by any similar organization in another state or its authorized representatives, to the insolvent insurer's records which are necessary for the association or such similar organization in carrying out its functions with regard to covered claims. In addition, the liquidator shall provide the association or its representative or such similar organization with copies of such records upon the request and at the expense of the association or similar organization.

(2) The association may:

(a) Appear in, defend, and appeal any action;

(b) Employ or retain such persons as are necessary to handle claims and perform other duties of the association;

(c) Borrow funds necessary to effect the purposes of the Nebraska Property and Liability Insurance Guaranty Association Act in accord with the plan of operation;

(d) Sue or be sued, and such power to sue shall include the power and right to intervene as a party before any court that has jurisdiction over an insolvent insurer as defined by such act;

(e) Negotiate and become a party to such contracts as are necessary to carry out the purpose of such act;

(f) Perform such other acts as are necessary or proper to effectuate the purpose of such act; and

(g) Bring any action against any third-party administrator, agent, attorney, or other representative of the insolvent insurer to obtain custody and control of all files, records, and electronic data related to an insolvent insurer that is

appropriate or necessary for the association, or a similar organization in another state, to carry out duties under such act.

44-2408 Association; plan of operation; amendments; submit to director.

(1)(a) The association shall submit to the director a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the affairs of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the director.

(b) If the association fails to submit suitable amendments to the plan, the director shall, after allowing the association the opportunity to present its views, adopt and promulgate reasonable rules and regulations as are necessary and advisable to effectuate the Nebraska Property and Liability Insurance Guaranty Association Act. Such rules and regulations shall continue in force until modified by the director or superseded by a plan submitted by the association and approved by the director.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation shall:

(a) Establish the procedures whereby all the powers and duties of the association under the act will be performed;

(b) Establish procedures for handling the assets of the association;

(c) Establish the amount and method of reimbursing members of the board of directors under section 44-2405;

(d) Establish procedures by which claims may be filed with the association and establish acceptable forms of proof of covered claims;

(e) Establish regular places and times for meetings of the board of directors;

(f) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors;

(g) Provide that any member insurer aggrieved by any final action or decision of the association may appeal to the director within sixty days after the action or decision;

(h) Establish the procedures whereby selection of the board of directors will be submitted to the director for approval; and

(i) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(4) The plan of operation may provide that any or all powers and duties of the association are delegated to a corporation, association, or other organization which performs, or will perform, functions similar to those of the association, or its equivalent, in two or more states. Such corporation, association, or organization shall be reimbursed as a servicing facility would be reimbursed and shall be paid for its performance of any other functions of the association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the director and may be made only to a

corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by the act.

(b) Upon request of the board of directors of the association, provide the association with a statement of the net direct written premiums of each member insurer.

(2) The director may:

(a) Suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer that fails to pay an assessment when due, unless such payment was deferred by the association in the manner provided in the Nebraska Property and Liability Insurance Guaranty Association Act, or fails to comply with the plan of operation; and

(b) Revoke the designation of any servicing facility if he or she finds the claims are not being handled in good faith. Designation of a new servicing facility shall be accomplished in the manner set out in subdivision (1)(b) of section 44-2407.

(1) Any person having a claim against any insurer under any provisions of any insurance policy, which claim is also a covered claim against an insolvent insurer under the Nebraska Property and Liability Insurance Guaranty Association Act, shall be required to exhaust all rights under such policy before the association is obligated to pay the covered claim under such act. Any amount payable on a covered claim by the provisions of such act shall be reduced by the amount of such recovery under any other insurance policy.

(2) Any person having a claim which may be recovered under more than one insurance guaranty association, or its equivalent, shall seek recovery first from the association of the place of residence of the insured, except that if it is a first-party claim for damage to property with a permanent location, from the association of the location of the property, and if it is a workers' compensation claim, from the association of the residence of the claimant. 44-2703 Coverages authorized.

(1)(a) The Nebraska Life and Health Insurance Guaranty Association Act shall provide coverage for the policies and contracts specified in subsection (2) of this section:

(i) To persons who, regardless of where they reside, except for nonresident certificate holders under group policies or contracts, are the beneficiaries, assignees, or payees, including health care providers rendering services covered under health insurance policies or certificates, of the persons covered under subdivision (1)(a)(ii) of this section; and

(ii) To persons who are owners of or certificate holders under the policies or contracts, other than structured settlement annuities, and in each case who:

(A) Are residents; or

(B) Are not residents and all of the following conditions apply:

(I) The member insurer that issued the policies or contracts is domiciled in this state;

(II) The states in which the persons reside have associations similar to the association created by the act; and

(III) The persons are not eligible for coverage by an association in any other state due to the fact that the insurer or health maintenance organization was not licensed in the state at the time specified in the state's guaranty association law.

(b) For structured settlement annuities specified in subsection (2) of this section, subdivisions (1)(a)(i) and (ii) of this section do not apply. In determining the application of the provisions of this subdivision in situations in which a person could be covered by the association of more than one state, whether as an owner, payee, enrollee, beneficiary, or assignee, the act shall be construed in conjunction with other state laws to result in coverage by only one association.

(2)(a) The act shall provide coverage to the persons specified in subsection (1) of this section for direct nongroup life insurance, health insurance, which for purposes of the act includes health maintenance organization subscriber contracts and certificates, or annuity policies or contracts and supplemental contracts to any of these and for certificates under direct group policies and contracts, except as limited by the act. Annuity contracts and certificates under group annuity contracts include allocated funding agreements, structured settlement annuities, and any immediate or deferred annuity contracts.

(b) The act shall not apply to:

(A) Averaged over the period of four years prior to the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting two percentage points from Moody's corporate bond yield average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the association became obligated; and

(B) On and after the date on which the association becomes obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available;

(iv) A portion of a policy or contract issued to a plan or program of an employer, association, or other person to provide life, health, or annuity benefits to its employees, members, or others, to the extent that the plan or program is self-funded or uninsured, including, but not limited to, benefits payable by an employer, association, or other person under:

(A) A multiple employer welfare arrangement as described in 29 U.S.C. 1002(40);

(B) A minimum premium group insurance plan;

(vi) A policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue the policy or contract in this state;

(B) Claims based on side letters, riders, or other documents that were issued by the member insurer without meeting applicable policy or contract form, filing, or approval requirements;

(C) Misrepresentations of or regarding policy or contract benefits;

(D) Extra-contractual claims; or

(E) A claim for penalties or consequential or incidental damages;

(ix) A contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution

benefit plan participants by reference to a portfolio of assets that is owned by the benefit plan or its trustee, which in each case is not an affiliate of the member insurer;

(x) A portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which have not been credited to the policy or contract or as to which the policy or contract owner's rights are subject to forfeiture as of the date the member insurer becomes an impaired or insolvent insurer under the act, whichever is earlier. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this subdivision, the interest or change in value determined by using the procedures defined in the policy or contract will be credited as if the contractual date of crediting interest or changing values was the date of impairment or insolvency, whichever is earlier, and will not be subject to forfeiture;

(xi) An unallocated annuity contract, a funding agreement, a guaranteed interest contract, a guaranteed investment contract, a synthetic guaranteed investment contract, or a deposit administration contract;

(xv) A viatical settlement contract as defined in section 44-1102 or a viaticated policy as defined in section 44-1102.

(3) The benefits that the association may become obligated to cover shall in no event exceed the lesser of:

(a) The contractual obligations for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer; or

(b)(i) With respect to one life, regardless of the number of policies or contracts:

(A) Three hundred thousand dollars in life insurance death benefits, but not more than one hundred thousand dollars in net cash surrender and net cash withdrawal values for life insurance;

(B) In health insurance benefits: (I) Five hundred thousand dollars for health benefit plans; (II) three hundred thousand dollars for disability insurance or long-term care insurance as defined in section 44-4509. For purposes of this subdivision, disability insurance means the type of policy which pays a monthly or weekly amount if an individual is disabled and cannot work; and (III) one hundred thousand dollars for coverages not defined as disability insurance, long-term care insurance, or health benefit plans, including any net cash surrender and net cash withdrawal values; or

(C) Two hundred fifty thousand dollars in the present value of annuity benefits, including net cash surrender and net cash withdrawal values;

(ii) With respect to each payee of a structured settlement annuity or beneficiary or beneficiaries of the payee if deceased, two hundred fifty thousand dollars in the present value of annuity benefits, in the aggregate, including net cash surrender and net cash withdrawal values, if any;

(iii) The association shall not be obligated to cover more than:

(A) An aggregate of three hundred thousand dollars in benefits with respect to any one life under subdivisions (3)(b)(i) and (ii) of this section, except that with respect to benefits for health benefit plans under subdivision (3)(b)(i)(B)(I) of this section, in which case the aggregate liability of the association shall not exceed five hundred thousand dollars with respect to any one individual; or

(B) With respect to one owner of multiple nongroup policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person and whether the persons insured are officers, managers, employees, or other persons, more than five million dollars in benefits regardless of the number of policies and contracts held by the owner;

(iv) The limitations set forth in this subsection are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under the act may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to its subrogation and assignment rights; and

(v) For purposes of the act, benefits provided by a long-term care rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity contract to which it relates.

(4) In performing its obligations to provide coverage under section 44-2707, the association shall not be required to guarantee, assume, reinsure, reissue, or perform, or cause to be guaranteed, assumed, reinsured, reissued, or performed, the contractual obligations of the insolvent or impaired insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract.

44-2707 Association; powers and duties; enumerated.

In addition to the powers and duties enumerated in the Nebraska Life and Health Insurance Guaranty Association Act:

(1) If a member insurer is an impaired insurer, the association may, at its discretion and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer and that are approved by the director:

(a) Guarantee, assume, reissue, or reinsure, or cause to be guaranteed, assumed, reissued, or reinsured, any or all the covered policies or contracts of the impaired insurer; and

(b) Provide such money, pledges, loans, notes, guarantees, or other means as are proper to effectuate subdivision (1)(a) of this section and assure payment of the contractual obligations of the impaired insurer pending action under subdivision (1)(a) of this section;

(2) If a member insurer is an insolvent insurer, the association shall, in its discretion, either:

(a)(i)(A) Guarantee, assume, reissue, or reinsure, or cause to be guaranteed, assumed, reissued, or reinsured, the covered policies or contracts of the insolvent insurer; or

(B) Assure payment of the contractual obligations of the insolvent insurer; and

(ii) Provide such money, pledges, notes, guarantees, or other means as are reasonably necessary to discharge the association's duties; or

(b) Provide benefits in accordance with the following provisions:

(i) With respect to covered policies and contracts, assure payment of benefits that would have been payable under the policies or contracts of the insolvent insurer for claims incurred:

(A) With respect to group policies and contracts, not later than the earlier of the next renewal date under these policies or contracts or forty-five days but not less than thirty days after the date on which the association becomes obligated with respect to the policies and contracts; and

(B) With respect to nongroup policies, contracts, and annuities, not later than the earlier of the next renewal date if any under the policies or contracts or one year but not less than thirty days after the date on which the association becomes obligated with respect to the policies or contracts;

(ii) Make diligent efforts to provide all known insureds, enrollees, or annuitants, for nongroup policies and contracts, or group policy or contract owners with respect to group policies and contracts, thirty days' notice of the termination made pursuant to subdivision (2)(b)(i) of this section of the benefits provided;

(iii) With respect to nongroup policies and contracts covered by the association, make available to each known insured, enrollee, or annuitant, or owner if other than the insured or annuitant, and with respect to an individual formerly insured, enrolled, or an annuitant under a group policy who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of subdivision (2)(b)(iv) of this section if the insureds, enrollees, or annuitants had a right under law or the terminated policy, contract, or annuity to convert coverage to individual coverage or to continue an individual policy, contract, or annuity in force until a

specified age or for a specified time, during which the insurer or health maintenance organization had no right unilaterally to make changes in any provision of the policy, contract, or annuity or had a right only to make changes in premium by class;

(iv)(A) In providing the substitute coverage required under subdivision (2)(b)(iii) of this section, the association may offer either to reissue the terminated coverage or to issue an alternative policy or contract at actuarially justified rates, subject to the prior approval of the director.

(B) Alternative or reissued policies or contracts shall be offered without requiring evidence of insurability and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy or contract.

(C) The association may reinsure any alternative or reissued policy or contract;

(v)(A) Alternative policies or contracts adopted by the association shall be subject to the approval of the director. The association may adopt alternative policies or contracts of various types for future issuance without regard to any particular impairment or insolvency.

(B) Alternative policies or contracts shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates that it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured but shall not reflect any changes in the health of the insured after the original policy was last underwritten.

(C) Any alternative policy or contract issued by the association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association;

(vi) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be actuarially justified and set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the director;

(vii) The association's obligations with respect to coverage under any policy or contract of the impaired or insolvent insurer or under any reissued or alternative policy or contract shall cease on the date the coverage or policy or contract is replaced by another similar policy or contract by the policy owner, the insured, the enrollee, or the association; and

(viii) When proceeding under subdivision (2)(b) of this section with respect to a policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with subdivision (2)(b)(iii) of section 44-2703;

(3) Nonpayment of premiums within thirty-one days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage terminates the association's obligations under the policy or coverage under the act with respect to the policy or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of the act;

(4) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association. If the liquidator of the insolvent insurer requests, the association shall provide a report to the liquidator regarding such premiums collected by the association. The association shall be liable for unearned premiums due to policy or contract owners arising after the entry of the order;

(5) The protection provided by the act shall not apply if guaranty protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state;

(6) In carrying out its duties under subdivision (2) of this section, the association may, subject to approval by a court in this state:

(a) Impose permanent policy or contract liens in connection with a guarantee, assumption, or reinsurance agreement if:

(i) The association finds that the amounts which can be assessed under the act are less than the amounts needed to assure full and prompt performance of the association's duties under the act; or

(ii) That the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens, to be in the public interest; and

(b) Impose temporary moratoriums or liens on payments of cash values and policy loans or any other right to withdraw funds held in conjunction with policies or contracts in addition to any contractual provisions for deferral of cash or policy loan value.

If the receivership court imposes a temporary moratorium or moratorium charge on payment of cash values or policy loans or on any other right to withdraw funds held in conjunction with policies or contracts out of the assets of the impaired or insolvent insurer, the association may defer the payment of cash values, policy loans, or other rights by the association for the period of the moratorium or moratorium charge imposed by the receivership court, except for claims covered by the association to be paid in accordance with a hardship procedure established by the liquidator or rehabilitator and approved by the receivership court;

(7) A deposit in this state which is held pursuant to law or required by the director for the benefit of creditors, including policy and contract owners, and not turned over to the domiciliary liquidator upon the entry of a final order of liquidation or order approving a rehabilitation plan of an insurer domiciled in this state or in a reciprocal state, pursuant to section 44-4852, shall be promptly paid to the association. The association shall be entitled to retain a portion of such amount equal to the percentage determined by dividing the aggregate amount of policy or contract owners' claims related to that insolvency for which the association has provided statutory benefits by the aggregate amount of all policy or contract owners' claims in this state related to that insolvency. The association shall remit to the domiciliary receiver the amount so paid to the association and not retained pursuant to this subdivision. Any amount paid to the association less the amount not retained by it shall be treated as a distribution of estate assets pursuant to section 44-4834 or similar provision of the state of domicile of the impaired or insolvent insurer;

(8) If the association fails to act within a reasonable period of time with respect to an insolvent insurer, as provided in subdivision (2) of this section, the

director shall have the powers and duties of the association under the act with respect to the insolvent insurer;

(9) At the request of the director, the association may give assistance and advice to the director concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of an impaired or insolvent insurer;

(10) The association shall have standing to appear before any court or administrative agency in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under the act or with jurisdiction over any person or property against which the association may have rights through subrogation or other basis. Such standing shall extend to all matters germane to the powers and duties of the association, including, but not limited to, proposals for reinsuring, reissuing, modifying, or guaranteeing the policies or contracts and contractual obligations of the impaired or insolvent insurer and the determination of the covered policies and contractual obligations. The association shall also have the right to appear or intervene before a court or agency in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over any person against whom the association may have rights through subrogation or otherwise;

(11)(a) Any person receiving benefits under the act shall be deemed to have assigned his or her rights under and any causes of action against any person for losses arising under the covered policy or contract to the association to the extent of the benefits received because of the act whether the benefits are payments of, or on account of, contractual obligations, continuation of coverage, or provision of substitute or alternative policies, contracts, or coverages. The association may require an assignment to it of such rights by any enrollee, payee, policy or contract owner, certificate holder, beneficiary, insured, or annuitant as a condition precedent to the receipt of any rights or benefits conferred by such act upon such person.

(b) The subrogation rights of the association under this subdivision shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under such act.

(c) In addition to subdivisions (11)(a) and (b) of this section, the association shall have all common-law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer or owner, beneficiary, enrollee, or payee of a policy or contract with respect to the policy or contracts. Such common-law rights and equitable or legal remedies include, in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received pursuant to the act, against a person originally or by succession responsible for the losses arising from the personal injury relating to the annuity or payment therefor. Nothing in this subdivision shall include any such person responsible solely by reason of serving as an assignee in respect of a qualified assignment under section 130 of the Internal Revenue Code.

(d) If the provisions of this subdivision are invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related covered obligations shall be reduced by the amount realized by any other person with respect to the person or claim that is

attributable to the policies or contracts or portion of such amount covered by the association.

(e) If the association has provided benefits with respect to a covered obligation and a person recovers amounts as to which the association has rights as described in subdivision (11) of this section, the person shall pay to the association the portion of the recovery attributable to the policies or contracts or any portion of such recovery covered by the association;

(12) The association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of the act;

(b) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under section 44-2708 and to settle claims or potential claims against it;

(c) Borrow money to effect the purposes of the act. Any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets;

(d) Employ or retain such persons as are necessary or appropriate to handle the financial transactions of the association and to perform such other functions as become necessary or proper under the act;

(e) Negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the association;

(f) Take such legal action as may be necessary to avoid or recover payment of improper claims;

(g) Exercise, for the purposes of the act and to the extent approved by the director, the powers of a domestic life or health insurer or health maintenance organization, but in no case may the association issue insurance policies or contracts other than those issued to perform its obligations under the act;

(h) Organize itself as a corporation or in other legal form permitted by the laws of the state;

(i) Request information from a person seeking coverage from the association in order to aid the association in determining its obligations under the act with respect to the person, and the person shall promptly comply with the request;

(j) Unless prohibited by law, in accordance with the terms and conditions of the policy or contract, file for actuarially justified rate or premium increases for any policy or contract for which it provides coverage under the act;

(k) Take other necessary or appropriate action to discharge its duties and obligations under the act or to exercise its powers under the act; and

(l) Join an organization of one or more other state associations of similar purposes to further the purposes and administer the powers and duties of the association;

(13)(a) At any time within one hundred eighty days after the coverage date, the association may elect to succeed to the rights and obligations of the ceding member insurer that accrue on or after the coverage date and that relate to policies, contracts, or annuities covered, in whole or in part, by the association under any one or more indemnity reinsurance agreements entered into by the member insurer as a ceding insurer and selected by the association. For purposes of this section, coverage date means the date on which the association becomes responsible for the obligations of a member insurer. The election shall

be effected by the association, or the National Organization of Life and Health Insurance Guaranty Associations on behalf of the association, sending written notice, return receipt requested, to the affected reinsurers. To facilitate the earliest practicable decision about whether to assume any of the contracts of reinsurance, and in order to protect the financial position of the estate, the receiver and each reinsurer of the ceding member insurer shall make available upon request to the association, or the National Organization of Life and Health Insurance Guaranty Associations on behalf of the association, as soon as possible after commencement of formal delinquency proceedings copies of in-force contracts of reinsurance and all related files and records relevant to the determination of whether such contracts should be assumed, and notices of any defaults under the reinsurance contracts or any known event or condition which with the passage of time could become a default under the reinsurance contracts. If the association makes an election, subdivisions (13)(a)(i) through (vi) of this section apply to the reinsurance contracts selected by the association:

(i) The association shall be responsible for all unpaid premiums due under the reinsurance contracts for periods both before and after the coverage date and shall be responsible for the performance of all other obligations to be performed after the coverage date in each case that relates to policies, contracts, or annuities covered, either in whole or in part, by the association. The association may charge policies, contracts, or annuities covered in part by the association, through reasonable allocation methods, the costs for reinsurance in excess of the obligations of the association and shall provide notice and an accounting of these charges to the liquidator;

(ii) The association shall be entitled to any amounts payable by the reinsurer under the reinsurance contracts with respect to losses or events that occur in periods after the coverage date and that relate to policies, contracts, or annuities covered by the association, in whole or in part, except that on receiving such amounts, the association shall pay to the beneficiary under the policy, contract, or annuity on account of which the amounts were paid a portion of the amount equal to the lesser of: (A) The amount received by the association, and (B) the excess of the amount received by the association over the amount equal to the benefits paid by the association on account of the policy, contract, or annuity, less the retention by the insurer applicable to the loss or event;

(iii) Within thirty days after the association's election, the association and each reinsurer under the contracts assumed by the association shall calculate the net balance due to or from the association under each reinsurance agreement as of the date of the association's election with respect to policies, contracts, or annuities covered, in whole or in part, by the association, giving full credit to all items paid by either the member insurer, or its receiver, rehabilitator, or liquidator, or the reinsurer during the period between the coverage date and the date of the association's election. The association or reinsurer shall pay the net balance due the other within five days after the completion of such calculation. If the receiver, rehabilitator, or liquidator has received any amounts due the association pursuant to subdivision (13)(a)(ii) of this section, the receiver, rehabilitator, or liquidator shall, as promptly as practicable, pay such amounts to the association. Any disputes over the amounts due to either the association or the reinsurer shall be resolved by

arbitration pursuant to the terms of the affected reinsurance contracts or, if the contract contains no arbitration clause, as otherwise provided by law;

(iv) If the association, or receiver on behalf of the association, within sixty days after the election, pays the unpaid premiums due for periods both before and after the coverage date that relate to policies, contracts, or annuities covered by the association in whole or in part, the reinsurer shall not be entitled to terminate the reinsurance agreements for failure to pay premiums to the extent that the agreements relate to policies, contracts, or annuities covered by the association either wholly or partially and may not set off any unpaid amounts due under other contracts, or unpaid amounts due from parties other than the association, against amounts due the association;

(v) During the period from the coverage date until the election date or, if the election date does not occur, one hundred eighty days after the date of the order of liquidation, (A) neither the association nor the reinsurer shall have any rights or obligations under reinsurance contracts that the association has the right to assume under subdivision (13)(a) of this section, whether for periods prior to or after the date of the order of liquidation, and (B) the reinsurer, the receiver, and the association shall, to the extent practicable, provide each other data and records upon reasonable request, provided that once the association has elected to assume a reinsurance contract, the rights and obligations of the parties shall be governed by subdivision (13)(a) of this section; and

(vi) If the association does not elect to assume a reinsurance contract by the election date pursuant to subdivision (13)(a) of this section, the association shall have no rights or obligations, in each case for periods both before and after the coverage date, with respect to the reinsurance contract;

(b) When policies, contracts, or annuities or covered obligations with respect thereto are transferred to an assuming insurer, reinsurance on the policies, contracts, or annuities may also be transferred by the association, in the case of contracts assumed under subdivision (13)(a) of this section, subject to the following:

(i) Unless the reinsurer and the assuming insurer agree otherwise, the reinsurance contract transferred shall not cover any new policies of insurance, contracts, or annuities in addition to those transferred;

(ii) The obligations described in subdivision (13)(a) of this section shall not apply on and after the date the reinsurance contract is transferred to the third party insurer; and

(iii) Notice shall be given in writing, return receipt requested, by the transferring party to the affected reinsurer not less than thirty days prior to the effective date of the transfer;

(c) The provisions of subdivision (13) of this section shall supersede the provisions of any law of this state or of any affected reinsurance contract that provides for or requires any payment of reinsurance proceeds on account of losses or events that occur in periods after the coverage date to the receiver, liquidator, or rehabilitator of the insolvent member insurer. The receiver, rehabilitator, or liquidator shall remain entitled to any amounts payable by the reinsurer under the reinsurance contract with respect to losses or events that occur in periods prior to the coverage date, subject to applicable setoff provisions; and

(d) Except as otherwise expressly set forth in subdivision (13) of this section, nothing in such subdivision shall alter or modify the terms and conditions of any reinsurance contract. Nothing in the subdivision shall abrogate or limit any rights of any reinsurer to claim that it is entitled to rescind a reinsurance contract. Nothing in such subdivision shall give a policyowner, contract owner, enrollee, certificate holder, or beneficiary an independent cause of action against a reinsurer that is not otherwise set forth in the reinsurance contract. Nothing in this section shall limit or affect the association's rights as a creditor of the estate against the assets of the estate. Nothing in this section shall apply to reinsurance agreements covering property or casualty risks;

(14) The board of directors of the association shall have discretion and may exercise reasonable business judgment to determine the means by which the association is to provide the benefits of the act in an economical and efficient manner;

(15) If the association has arranged or offered to provide the benefits of the act to a covered person under a plan or arrangement that fulfills the association's obligations under the act, such person shall not be entitled to benefits from the association in addition to or other than those provided under the plan or arrangement; and

(16) Venue in an action against the association arising under the act shall be in the district court of Lancaster County. The association shall not be required to give an appeal bond in an appeal that relates to a cause of action arising under the act.

This section does not encompass the liability of an insolvent insurer arising under law rather than under the provisions of the policy such insurer issued. Nebraska Life & Health Ins. Guar. Assn. v. Dobias, 247 Neb. 900, 531 N.W.2d 217 (1995).

44-2708 Assessments against member insurers; procedure; effect; protest or appeal.

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessments after thirty days' written notice to the member insurers before payment is due, and the assessments shall accrue interest at the rate calculated pursuant to section 45-103 on and after the due date.

(2) There shall be two classes of assessments as follows:

(a) Class A assessments shall be authorized and called for the purpose of meeting administrative costs and other general expenses, including expenses for examinations conducted under the authority of subdivision (3) of section 44-2711. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer; and

(b) Class B assessments shall be authorized and called to the extent necessary to carry out the powers and duties of the association under section 44-2707 with regard to an impaired or insolvent domestic insurer.

(3)(a) The amount of any Class A assessment for each account shall be determined by the board and may be authorized and called on a pro rata or non-pro-rata basis. If pro rata, the board may provide that it be credited against

future Class B assessments. The amount of any Class B assessment, except for assessments related to long-term care insurance, shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances. The amount of any Class B assessment for long-term care insurance written by the impaired or insolvent insurer shall be allocated according to a methodology included in the plan of operation and approved by the director. The methodology shall provide for fifty percent of the assessment to be allocated to accident and health member insurers and fifty percent to be allocated to life and annuity member insurers.

(b) Class B assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account bears, for the three most recent calendar years for which information is available preceding the year in which the insurer became insolvent or, in the case of an assessment with respect to an impaired insurer, the three most recent calendar years for which information is available preceding the year in which the insurer became impaired, to such premiums received on business in this state for such calendar years by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be authorized or called until necessary to implement the purposes of the Nebraska Life and Health Insurance Guaranty Association Act. Classification of assessments under subsection (2) of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. The association shall notify each member insurer of its anticipated pro rata share of an authorized assessment not yet called within one hundred eighty days after the assessment is authorized.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. If an assessment against a member insurer is abated or deferred, in whole or in part, because of the limitations set forth pursuant to this subsection, the amount by which such assessment is abated or deferred shall be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the association.

(5)(a) Subject to the provisions of subdivision (b) of this subsection, the total of all assessments authorized by the association with respect to a member insurer for the life insurance account, the annuity account, and the health account shall not in one calendar year exceed two percent of that member insurer's average annual premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer.

(b) If two or more assessments are authorized in one calendar year with respect to insurers that become impaired or insolvent in different calendar

years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subdivision (a) of this subsection shall be equal and limited to the higher of the three-year average annual premiums for the applicable account as calculated pursuant to this section.

(c) If the maximum assessment, together with the other assets of the association in an account, does not provide in any one year in an account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by the act.

(d) The board may provide in the plan of operation a method of allocating funds among other claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(e) If the maximum assessment for an account in one year does not provide an amount sufficient to carry out the responsibilities of the association, then the board shall access the other accounts for the necessary additional amount, subject to the provisions of subdivision (5)(a) of this section.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers in proportion to the contribution of each insurer to that account the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that amount, including assets accruing from assignment, subrogation, net realized gains, and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses if refunds are impractical.

(7) It shall be proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance or health maintenance organization business within the scope of the act, to consider the amount reasonably necessary to meet its assessment obligations under the act.

(8) The association shall issue to each insurer paying a Class B assessment under the act a certificate of contribution in a form prescribed by the director for the amount so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the member insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the director may approve.

(9)(a) A member insurer that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the association. The payment shall be available to meet association obligations during the pendency of the protest or any subsequent appeal. A statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest shall accompany the payment.

(b) Within sixty days following the payment of an assessment under protest by a member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member insurer that additional time is required to resolve the issues raised by the protest.

(c) Within thirty days after a final decision has been made, the association shall notify the protesting member insurer in writing of that final decision.

Within sixty days after receipt of notice of the final decision, the protesting member insurer may appeal that final action to the director.

(d) In the alternative to rendering a final decision with respect to a protest based on a question regarding the assessment base, the association may refer protests to the director for a final decision, with or without a recommendation from the association.

(e) If the protest or appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member insurer. Interest on a refund due a protesting member shall be paid at the rate actually earned by the association.

(10) The association may request information of member insurers in order to aid in the exercise of its power under this section, and member insurers shall promptly comply with a request.

44-2709 Association; plan of operation; requirements.

(1)(a) The association shall submit to the director a plan of operation and any amendments necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments shall become effective upon approval in writing by the director or, if it has not been disapproved by the director, thirty days after submission.

(b) If the association fails to submit a suitable plan of operation within one hundred eighty days following August 24, 1975, or if at any time thereafter the association fails to submit suitable amendments to the plan, the director shall, after notice and hearing, adopt and promulgate such reasonable rules and regulations as are necessary or advisable to effectuate the Nebraska Life and Health Insurance Guaranty Association Act. Such rules and regulations shall continue in force until modified by the director or superseded by a plan submitted by the association and approved by the director.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation shall, in addition to requirements enumerated in the Nebraska Life and Health Insurance Guaranty Association Act:

(a) Establish procedures for handling the assets of the association;

(b) Establish the amount and method of reimbursing members of the board of directors under section 44-2706;

(c) Establish regular places and times for meetings of the board of directors;

(d) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors;

(e) Establish the procedures whereby selections for the board of directors shall be made and submitted to the director;

(f) Establish any additional procedures for assessments pursuant to section 44-2708;

(g) Contain additional provisions necessary or proper for the execution of the powers and duties of the association;

(h) Establish procedures whereby a member of the board of directors may be removed for cause including, but not limited to, instances in which a member insurer becomes an impaired or insolvent insurer; and

(i) Require the board of directors to establish a policy and procedures for addressing conflicts of interest.

(4) The plan of operation may provide that any or all powers and duties of the association, except those under subdivision (12)(c) of section 44-2707 and section 44-2708, are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of the association, or its equivalent, in two or more states. Such a corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation made under this subsection shall take effect only with the approval of both the board of directors and the director and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by the Nebraska Life and Health Insurance Guaranty Association Act.

44-2710 Director; powers and duties; enumerated.

In addition to the powers and duties enumerated in the Nebraska Life and Health Insurance Guaranty Association Act:

(1) The director shall:

(a) Notify the board of directors of the existence of an impaired or insolvent insurer not later than three days after a determination of impairment or insolvency is made or he or she receives notice of impairment or insolvency;

(b) Upon request of the board of directors, provide the association with a statement of the premiums in the appropriate states for each member insurer;

(c) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders, if any. The failure of the insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under the act;

(d) In any liquidation or rehabilitation proceeding under Nebraska law involving a domestic insurer, be appointed as the liquidator or rehabilitator. If a foreign or alien member insurer is subject to a liquidation proceeding in its domiciliary jurisdiction or state of entry, the director shall be appointed conservator; and

(e) Transmit to the association all claims on covered policies timely filed with him or her pursuant to the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act. The association shall then be considered to have been designated as the director's representative pursuant to the act, and it shall proceed to investigate, hear, settle, and determine such claims unless the claimant shall, within thirty days from the date the claim is filed with the director, file with the director a written demand that the claim be processed in the liquidation proceedings as a claim not covered by the Nebraska Life and Health Insurance Guaranty Association Act. In regard to those claims transmitted to the associa-

tion by the director, the association and claimants shall have all of the rights and obligations and be subject to the same limitations and procedures as are specified in the Nebraska Insurers Supervision, Rehabilitation, and Liquidation Act for the determination of claims;

(2) The director may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the director may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars per month;

(3) Any action of the board of directors or the association may be appealed to the director by any member insurer if such appeal is taken within thirty days of the action being appealed. Any final action or order of the director may be appealed, and the appeal shall be in accordance with the Administrative Procedure Act; and

(4) The liquidator, rehabilitator, or conservator of any impaired or insolvent insurer may notify all interested persons of the effect of the Nebraska Life and Health Insurance Guaranty Association Act.

44-2711 Detection and prevention of insurer impairments or insolvencies; powers and duties of board and director.

To aid in the detection and prevention of insurer impairments or insolvencies:

(1) The board of directors shall, upon majority vote, notify the director of any information indicating any member insurer may be unable or potentially unable to fulfill its contractual obligations;

(2) The board of directors may, upon majority vote, request that the director order an examination of any member insurer which the board in good faith believes may be unable or potentially unable to fulfill its contractual obligations. The director may conduct such examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by such persons as the director may designate. The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors of the association prior to its release to the public, but this shall not excuse the director from his or her obligation to comply with subdivision (3) of this section. The director shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the director, but it shall not be open to public inspection prior to the release of the examination report to the public and shall be released at that time only if the examination discloses that the examined insurer is unable or potentially unable to meet its contractual obligations;

(3) The director shall report to the board of directors when he or she has reasonable cause to believe that any member insurer examined at the request of the board of directors may be unable or potentially unable to fulfill its contractual obligations;

(4) The board of directors may, upon majority vote, make reports and recommendations to the director upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer. Such reports and recommendations shall not be considered public documents;

(5) The board of directors may, upon majority vote, make recommendations to the director for the detection and prevention of insurer impairments or insolvencies; and

(6) The board of directors shall, at the conclusion of any insurer impairment or insolvency in which the association carried out its duties under the Nebraska Life and Health Insurance Guaranty Association Act or exercised any of its powers under such act, prepare a report on the history and causes of such impairment or insolvency based on the information available to the association and submit such report to the director.

44-2713 Impaired or insolvent insurer; effect; procedure.

(1) Nothing in the Nebraska Life and Health Insurance Guaranty Association Act shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

(2) Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties pursuant to section 44-2707. Records of such negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this subsection shall limit the duty of the association to render a report of its activities as provided in section 44-2714.

(3) For the purpose of carrying out its obligations under the Nebraska Life and Health Insurance Guaranty Association Act, the association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to subdivision (11) of section 44-2707. All assets of the impaired or insolvent insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by the act. Assets attributable to covered policies, as used in this subsection, are that proportion of the assets which the reserves that should have been established for such

policies bear to the reserve that should have been established for all policies of insurance written by the impaired or insolvent insurer.

(4)(a) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders and policyowners of the impaired or insolvent insurer, and any other party with a bona fide interest in making an equitable distribution of the ownership rights of such impaired or insolvent insurer. In such a determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.

(b) No distribution to shareholders, if any, of an impaired or insolvent insurer shall be made until and unless the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

(5) It shall be a prohibited unfair trade practice in the business of insurance subject to the Unfair Insurance Trade Practices Act for any person to make use in any manner of the protection afforded by the Nebraska Life and Health Insurance Guaranty Association Act in the sale of insurance.

(6)(a) If an order for liquidation or rehabilitation of an insurer domiciled in this state has been entered, the receiver appointed under such order shall have a right to recover on behalf of the insurer, from any affiliate, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of subdivisions (b), (c), and (d) of this subsection.

(b) No such dividend shall be recoverable if the insurer shows that when paid the distribution was lawful and reasonable and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(c) Any person who was an affiliate of the insurer at the time the distributions were paid shall be liable up to the amount of distributions such person received. Any person who was an affiliate of the insurer at the time the distributions were declared shall be liable up to the amount of distributions such person would have received if they had been paid immediately. If two persons are liable with respect to the same distributions, they shall be jointly and severally liable.

(d) The maximum amount recoverable under this subsection shall be the amount needed in excess of all other available assets of the impaired or insolvent insurer to pay the contractual obligations of the impaired or insolvent insurer.

(e) If any person liable under subdivision (c) of this subsection is insolvent, all affiliates of such person at the time the dividend was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

ARTICLE 28

NEBRASKA HOSPITAL-MEDICAL LIABILITY ACT

Section

44-2801 Legislative findings and intent.

(1) The Legislature finds and declares that it is in the public interest that competent medical and hospital services be available to the public in the State of Nebraska at reasonable costs, and that prompt and efficient methods be provided for eliminating the expense as well as the useless expenditure of time of physicians and courts in nonmeritorious malpractice claims and for efficiently resolving meritorious claims. It is essential in this state to assure continuing availability of medical care and to encourage physicians to enter into the practice of medicine in Nebraska and to remain in such practice as long as such physicians retain their qualifications.

(2) The Legislature further finds that at the present time under the system in effect too large a percentage of the cost of malpractice insurance is received by individuals other than the injured party. The intent of sections 44-2801 to 44-2855 is to serve the public interest by providing an alternative method for determining malpractice claims in order to improve the availability of medical care, to improve its quality and to reduce the cost thereof, and to insure the availability of malpractice insurance coverage at reasonable rates.

The Nebraska Hospital-Medical Liability Act does not establish a public policy requiring that a professional liability insurance policy must provide coverage for sexual abuse inflicted by a physician upon his or her patient. R.W. v. Schrein, 263 Neb. 708, 642 N.W.2d 505 (2002).

This act held constitutional in regard to all questions of constitutionality raised in the answer. Prendergast v. Nelson, 199 Neb. 97, 256 N.W.2d 657 (1977).

Malpractice or professional negligence shall mean that, in rendering professional services, a health care provider has failed to use the ordinary and reasonable care, skill, and knowledge ordinarily possessed and used under like circumstances by members of his profession engaged in a similar practice in his or in similar localities. In determining what constitutes reasonable and ordinary care, skill, and diligence on the part of a health care provider in a particular community, the test shall be that which health care providers, in the same community or in similar communities and engaged in the same or similar lines of work, would ordinarily exercise and devote to the benefit of their patients under like circumstances.

The applicable standard of care in medical malpractice cases is established by the Nebraska Hospital-Medical Liability Act and has a locality focus, but otherwise is consistent with the general common-law standard of care. Hemsley v. Langdon, 299 Neb. 464, 909 N.W.2d 59 (2018).

Hospital policies and rules do not conclusively determine the standard of care owed. Green v. Box Butte General Hosp., 284 Neb. 243, 818 N.W.2d 589 (2012).

This section of the Nebraska Hospital-Medical Liability Act specifically provides for use of the locality rule. Fales v. Books, 253 Neb. 491, 570 N.W.2d 841 (1997).

44-2816 Informed consent, defined.

Informed consent shall mean consent to a procedure based on information which would ordinarily be provided to the patient under like circumstances by health care providers engaged in a similar practice in the locality or in similar localities. Failure to obtain informed consent shall include failure to obtain any express or implied consent for any operation, treatment, or procedure in a case in which a reasonably prudent health care provider in the community or similar communities would have obtained an express or implied consent for such operation, treatment, or procedure under similar circumstances.

Source: Laws 1976, LB 434, § 16.

Informed consent under this section does not need to be given in writing. Bank v. Mickels, 302 Neb. 1009, 926 N.W.2d 97 (2019).

Disclosure of a doctor's disciplinary history is necessary only when mandated by the standard of care. Curran v. Buser, 271 Neb. 332, 711 N.W.2d 562 (2006).

To be ''properly informed'' under section 44–2820, a patient must be informed under the standard articulated in this section. Curran v. Buser, 271 Neb. 332, 711 N.W.2d 562 (2006).

This section has been construed as a legislative enactment of the ''professional theory'' of a physician's duty to disclose the risks of a treatment or procedure. Cerny v. Longley, 270 Neb. 706, 708 N.W.2d 219 (2005).

A physician's duty to obtain informed consent is measured by what information would ordinarily be provided to the patient under like circumstances by health care providers engaged in a similar practice in the locality or in similar localities. Hamilton v. Bares, 267 Neb. 816, 678 N.W.2d 74 (2004).

There are two parts to the definition of informed consent. The first part refers to the information that is provided to the patient regarding the procedure that is to be performed. The second part refers to the obligation of the health care provider to obtain the patient's express or implied consent to perform any operation, treatment, or procedure. Walls v. Shreck, 265 Neb. 683, 658 N.W.2d 686 (2003).

A hospital does not have a duty to obtain a patient's informed consent merely because it meets the statutory definition of ''health care provider'' as that term is used in this section. Giese v. Stice, 252 Neb. 913, 567 N.W.2d 156 (1997).

The standard of care in a medical malpractice or negligence action based on inadequate information for a patient's consent to an operation, treatment, or procedure is not determined by a defendant physician's personal or customary routine, but, rather, is based on information which physicians ordinarily supply to patients in like circumstances in the locality or similar localities. Under this section, Nebraska has adopted a ''professional'' theory, under which expert evidence is indispensable to establish what information would ordinarily be provided under the prevailing circumstances by physicians in the relevant and similar localities. Eccleston v. Chait, 241 Neb. 961, 492 N.W.2d 860 (1992).

The language of this statute is adopted for the purposes of malpractice actions against chiropractors. Jones v. Malloy, 226 Neb. 559, 412 N.W.2d 837 (1987).

Because of the definition of ''informed consent'' as outlined in this provision, the Legislature has committed this state to the ''professional'' theory of the duty of a physician to disclose the risks of a treatment. The professional theory provides that expert evidence is necessary to determine if the physician acted the same as a reasonable medical practitioner under the same or similar circumstances and similar locality. Smith v. Weaver, 225 Neb. 569, 407 N.W.2d 174 (1987).

44-2817 Nonrefundable payments, benefits, or damages, defined.

Nonrefundable payments, benefits, or damages shall mean those payments, benefits, or damages which are not required to be refunded in event of recovery of damages pursuant to sections 44-2801 to 44-2855.

44-2818 Health care provider; express or implied contract assuring results; liability; when.

No liability shall be imposed upon any health care provider on the basis of an alleged breach of an express or implied contract assuring results to be obtained from any procedure undertaken in the course of health care, unless such contract is expressly set forth in writing and is signed by such health care provider or by an authorized agent of such health care provider. Nothing in this section shall exempt any health care provider from the standard of due care in administering any procedure undertaken.

Plaintiff's petition did not allege a contract expressly set forth in writing, signed by defendants or their authorized agents regarding an express or implied contract ensuring the results to be obtained from the procedures undertaken by defendant in the health care of plaintiff. Hitzemann v. Adam, 246 Neb. 201, 518 N.W.2d 102 (1994).

44-2819 Bodily injuries or wrongful death actions; evidence of medical reimbursement insurance inadmissible; credit against judgment; damages recoverable.

(1) In any action for damages for bodily injuries or for wrongful death when it is alleged that the claimant suffered damages for the cost of medical care, custodial care or rehabilitation services, evidence which tends to establish that the claimant or another person so damaged has been or shall be reimbursed or paid for any such item of damage, cost, or expense, in whole or in part, by any nonrefundable medical reimbursement insurance shall not be admissible in evidence or brought to the attention of the jury, but such nonrefundable medical reimbursement insurance benefits, less all premiums paid by or for the claimant, may be taken as a credit against any judgment rendered. The matter of any credit to be deducted from a judgment shall be determined by the court in a separate hearing or upon the stipulation of the parties.

(2) Damages recoverable in any action shall be those losses which have been or shall be sustained by the claimant as a direct and proximate result of the defendant's wrongful acts as established by a preponderance of the evidence. In wrongful death actions, pecuniary loss to a widow or widower, any dependent, or next of kin shall be subject to all of the terms and provisions of sections 44-2801 to 44-2855.

44-2820 Action based on failure to obtain informed consent; burden of proof.

Before the plaintiff may recover any damages in any action based on failure to obtain informed consent, it shall be established by a preponderance of the evidence that a reasonably prudent person in the plaintiff's position would not have undergone the treatment had he or she been properly informed and that the lack of informed consent was the proximate cause of the injury and damages claimed.

To be ''properly informed'' under this section, a patient must be informed under the standard articulated in section 44-2816. Curran v. Buser, 271 Neb. 332, 711 N.W.2d 562 (2006).

The language of this statute is adopted for the purposes of malpractice actions against chiropractors. Jones v. Malloy, 226 Neb. 559, 412 N.W.2d 837 (1987).

44-2821 Health care provider; failure to qualify under act; liability under common law; qualified under act; remedy; election not to be bound by act; procedure; post sign; contents.

(1) Any health care provider who fails to qualify under the Nebraska Hospital-Medical Liability Act shall not be covered by the provisions of such act and shall be subject to liability under doctrines of common law. If a health care provider shall not so qualify, the patient's remedy shall not be affected by the terms and provisions of the act.

(2) If a health care provider shall qualify under the act, the patient's exclusive remedy against the health care provider or his or her partner, limited liability company member, employer, or employees for alleged malpractice, professional negligence, failure to provide care, breach of contract relating to providing medical care, or other claim based upon failure to obtain informed consent for an operation or treatment shall be as provided by the act unless the patient shall have elected not to come under the provisions of the act. Unless the patient or his or her representative shall have (a) elected not to be bound by the

terms of the act, (b) filed such election with the director in advance of any treatment, act, or omission upon which any claim or cause of action is based, and (c) notified the health care provider of election as soon as is reasonable under the circumstances that such patient has so elected, it shall be conclusively presumed that the patient has elected to be bound by the terms and provisions of the act. Such election may be made by either legal parent for an unborn or newborn child. Unless a legal parent of an unborn child or the guardian or other representative of a minor or incompetent makes the election in the manner provided in the act for such unborn person, minor, or incompetent, such person shall be deemed to be subject to the terms and provisions of the act.

(3) An election of a patient not to be bound by the act shall be effective for a period of two years after filing unless such election is withdrawn by the patient and shall be ineffective after such two-year period unless renewed in writing and filed with the director. The patient or his or her representative may revoke the election in writing at any time and a copy of such revocation shall be forwarded to the director within five days after the same is made.

(4) Each health care provider who has qualified under the act shall post and keep posted in his or her waiting room or other suitable location a sign of a size and type to be prescribed by the director stating: (name of health care provider) has qualified under the provisions of the Nebraska Hospital-Medical Liability Act. Patients will be subject to the terms and provisions of that act unless they file a refusal to be bound by the act with the Director of Insurance of the State of Nebraska.

Whether or not a hospital did in fact qualify under the act was unimportant as no prejudice resulted from the standard of care instruction given to the jury. Gilbert v. Archbishop Bergan Mercy Hospital, 228 Neb. 148, 421 N.W.2d 760 (1988).

The health care provider and patient both remain subject to the act until disposition, if the claim arose when both were so subject. Prendergast v. Nelson, 199 Neb. 97, 256 N.W.2d 657 (1977).

44-2822 Claim for bodily injury or death; petition or complaint; file; damages.

Subject to the requirements of sections 44-2840 to 44-2846, a patient or his or her representative having a claim under the Nebraska Hospital-Medical Liability Act for bodily injury or death on account of alleged malpractice, professional negligence, failure to provide care, breach of contract, or other claim based upon failure to obtain informed consent for an operation or treatment may file a petition or complaint in any court of law having requisite jurisdiction. No dollar amount or figure shall be included in the demand in any malpractice petition or complaint, but the petition shall ask for such damages as are reasonable in the premises.

44-2824 Health care provider; qualify under act; conditions.

(1) To be qualified under the Nebraska Hospital-Medical Liability Act, a health care provider or such health care provider's employer, employee, partner, or limited liability company member shall:

(a) File with the director proof of financial responsibility, pursuant to section 44-2827 or 44-2827.01, in the amount of five hundred thousand dollars for each occurrence. In the case of physicians or certified registered nurse anesthetists and their employers, employees, partners, or limited liability company members an aggregate liability amount of one million dollars for all occurrences or claims made in any policy year for each named insured shall be provided. In the case of hospitals and their employees, an aggregate liability amount of three million dollars for all occurrences or claims made in any policy year or risk-loss trust year shall be provided. Such policy may be written on either an occurrence or a claims-made basis. Any risk-loss trust shall be established and maintained only on an occurrence basis. Such qualification shall remain effective only as long as insurance coverage or risk-loss trust coverage as required remains effective; and

(b) Pay the surcharge and any special surcharge levied on all health care providers pursuant to sections 44-2829 to 44-2831.

(2) Subject to the requirements in subsections (1) and (4) of this section, the qualification of a health care provider shall be either on an occurrence or claims-made basis and shall be the same as the insurance coverage provided by the insured's policy.

(3) The director shall have authority to permit qualification of health care providers who have retired or ceased doing business if such health care providers have primary insurance coverage under subsection (1) of this section.

(4) A health care provider who is not qualified under the act at the time of the alleged occurrence giving rise to a claim shall not, for purposes of that claim, qualify under the act notwithstanding subsequent filing of proof of financial responsibility and payment of a required surcharge.

(5) Qualification of a health care provider under the Nebraska Hospital-Medical Liability Act shall continue only as long as the health care provider meets the requirements for qualification. A health care provider who has once qualified under the act and who fails to renew or continue his or her qualification in the manner provided by law and by the rules and regulations of the Department of Insurance shall cease to be qualified under the act.

44-2825 Action for injury or death; maximum amount recoverable; settlement; manner.

(1) The total amount recoverable under the Nebraska Hospital-Medical Liability Act from any and all health care providers and the Excess Liability Fund for any occurrence resulting in any injury or death of a patient may not exceed (a) five hundred thousand dollars for any occurrence on or before December 31, 1984, (b) one million dollars for any occurrence after December 31, 1984, and on or before December 31, 1992, (c) one million two hundred fifty thousand dollars for any occurrence after December 31, 1992, and on or before December 31, 2003, (d) one million seven hundred fifty thousand dollars for

any occurrence after December 31, 2003, and on or before December 31, 2014, and (e) two million two hundred fifty thousand dollars for any occurrence after December 31, 2014.

(2) A health care provider qualified under the act shall not be liable to any patient or his or her representative who is covered by the act for an amount in excess of five hundred thousand dollars for all claims or causes of action arising from any occurrence during the period that the act is effective with reference to such patient.

(3) Subject to the overall limits from all sources as provided in subsection (1) of this section, any amount due from a judgment or settlement which is in excess of the total liability of all liable health care providers shall be paid from the Excess Liability Fund pursuant to sections 44-2831 to 44-2833.

Gourley v. Nebraska Methodist Health Sys., 265 Neb. 918, 663 N.W.2d 43 (2003).

44-2826 Advance payment; not construed as admission of liability; inadmissible as evidence; reduction or adjustment of judgment; claim not assignable.

(1) Any payment made by a health care provider or his insurer to or for the patient or any other person in the patient's behalf in advance of a final determination of liability of all health care providers shall not be construed as an admission of liability for injuries or damages suffered in any action brought under sections 44-2801 to 44-2855.

(2) Evidence of an advance payment shall not be admissible until there is a final judgment in favor of the plaintiff, in which event the court shall reduce the judgment to the plaintiff by the amount of such advance payment. The advance payment shall inure to the exclusive benefit of the defendant making the payment. If the advance payment exceeds the liability of the defendant, the court shall order any adjustment necessary to equalize the amount which each defendant is obligated to pay, exclusive of costs. In no case shall an advance payment in excess of the amount found to be due from any health care provider be repayable to the health care provider making it.

(3) A patient's claim for compensation under sections 44-2801 to 44-2855 shall not be assignable.

44-2827 Health care provider; proof of financial responsibility; filing by insurer.

Financial responsibility of a health care provider may be established only by filing with the director proof that the health care provider is insured pursuant to sections 44-2837 to 44-2839 or by a policy of professional liability insurance in a company authorized to do business in Nebraska. Such insurance shall be in the amount of five hundred thousand dollars per occurrence and, in cases involving physicians or certified registered nurse anesthetists, but not with respect to hospitals, an aggregate liability of at least one million dollars for all occurrences or claims made in any policy year shall be provided. In the case of hospitals and their employees, an aggregate liability amount of three million

dollars for all occurrences or claims made in any policy year shall be provided. The filing shall state the premium charged for the policy of insurance.

44-2827.01 General acute hospital; psychiatric or mental hospital operated by Board of Regents; physician employed by Board of Regents; risk-loss trust authorized; requirements; director; powers and duties; surcharge.

(1) Any general acute hospital as defined in section 71-412 or a psychiatric or mental hospital as defined in section 71-426 operated by the Board of Regents of the University of Nebraska or any physician employed by the Board of Regents of the University of Nebraska may, in addition to the methods of establishing financial responsibility provided in section 44-2827, establish financial responsibility by a risk-loss trust.

(2) In order to establish financial responsibility through the use of a risk-loss trust, the risk-loss trust shall be approved in writing by the director. Such approval shall expire on the last day of April in each year and shall be renewed annually thereafter if the risk-loss trust continues to comply with the requirements of the Nebraska Hospital-Medical Liability Act and any rules and regulations adopted and promulgated thereunder.

(3) The director shall approve the use of a risk-loss trust to establish financial responsibility if he or she determines from a review of the plan of operation or feasibility study for the risk-loss trust that (a) the risk-loss trust will comply with all of the applicable requirements of the act, (b) the risk-loss trust has a financial plan which provides for adequate funding and adequate reserves to establish and maintain financial responsibility, and (c) the risk-loss trust has a plan of management designed to provide for its competent operation and management.

(4) Any risk-loss trust shall be established and maintained only on an occurrence basis, shall maintain reserves for payment of claims, and shall process and act upon claims in accordance with guidelines acceptable for Nebraska domestic insurance companies. The funds, or any part thereof, of any risk-loss trust may be invested as authorized under the Insurers Investment Act for any domestic property and casualty insurance company.

(5) Any risk-loss trust shall file with the director, on or before March 1 of each year, a financial statement under oath for the year ending December 31 immediately preceding which shall include an actuarial or loss reserve specialist's opinion. The trust shall annually be audited by an independent accountant, and such audit shall be filed with the director.

(6) The director may examine the business affairs, records, and assets of such risk-loss trust to assure that it will be able to establish and maintain financial responsibility. Any examination conducted by the director or his or her authorized representative shall be at the expense of the risk-loss trust.

(7) If the director finds after notice to the Board of Regents of the University of Nebraska and a hearing that the risk-loss trust is not maintaining financial responsibility, he or she may order the board to take such action as is necessary to establish financial responsibility and upon failure by the board to comply therewith may revoke approval of such trust.

(8) If any hospital or physician establishes financial responsibility as provided in subsection (1) of this section, the annual surcharge amount which shall be levied against the board pursuant to section 44-2829 shall be established annually by the director after giving consideration to the following factors:

(a) The surcharge rate for hospitals and physicians set by the director pursuant to such section;

(b) The average rates charged by insurers of Nebraska hospitals and physicians;

(c) Variations in coverage provisions, liability limits, or deductibles between insurance provided by private insurers and the coverage provided by the risk-loss trust; and

(d) The loss experience of the board.

(9) The director may adopt and promulgate reasonable rules and regulations necessary and proper to carry out this section.

Except as provided in section 25-213, any action to recover damages based on alleged malpractice or professional negligence or upon alleged breach of warranty in rendering or failing to render professional services shall be commenced within two years next after the alleged act or omission in rendering or failing to render professional services providing the basis for such action, except that if the cause of action is not discovered and could not be reasonably discovered within such two-year period, the action may be commenced within one year from the date of such discovery or from the date of discovery of facts which would reasonably lead to such discovery, whichever is earlier. In no event may any action be commenced to recover damages for malpractice or professional negligence or breach of warranty in rendering or failing to render professional services more than ten years after the date of rendering or failing to render such professional service which provides the basis for the cause of action.

44-2829 Excess Liability Fund; created; how funded; use surcharge; premiums.

(1) There is hereby created an Excess Liability Fund to be collected and received by the director for the exclusive use and purposes stated in the Nebraska Hospital-Medical Liability Act. Such fund and any income from it shall be held by the State Treasurer in trust, deposited in a separate account, and invested and reinvested pursuant to law.

(2) To create the fund, an annual surcharge shall be levied on all health care providers in Nebraska who have qualified under sections 44-2824 and 44-2827. The surcharge for each health care provider shall be determined by the director subject to the following limitations:

(a) The annual surcharge shall not exceed fifty percent of the annual premium paid by such health care provider for maintenance of current financial responsibility as provided in sections 44-2827 and 44-2837 to 44-2839; and

(b) The charge shall not exceed the amount necessary to maintain the fund in the amount stated in section 44-2830.

(3) Such surcharge and any primary insurance premiums due under sections 44-2837 to 44-2839 shall be due and payable within thirty days after the health care provider has qualified in Nebraska pursuant to section 44-2824 and shall be payable annually thereafter in such amounts as may be determined by the director insofar as the surcharge is concerned and by the risk manager insofar as primary liability coverage is concerned.

(4) The net premiums payable for primary insurance provided by the risk manager pursuant to sections 44-2837 to 44-2839 shall be deposited in the fund at least annually by the risk manager.

(5) If the annual premium surcharge or premiums for primary insurance under sections 44-2837 to 44-2839 are not paid within the time specified in subsection (3) of this section, the qualification of the health care provider under section 44-2824 shall be suspended until the annual premiums are paid. Such suspension shall not be effective as to patients claiming against the health care provider unless, at least thirty days before the effective date of the suspension, a written notice giving the date upon which the suspension becomes effective has been provided by the director to the health care provider.

(6) The Director of Insurance, as administrator of the fund, shall be responsible for legal defense of the fund. The director, using money from the fund as deemed necessary, appropriate, or desirable, may purchase the services of persons, firms, and corporations to aid in protecting the fund against claims. The Department of Justice shall not be responsible for legal defense of the fund. All expenses of collecting, protecting, and administering the fund shall be paid from the fund.

44-2830 Excess Liability Fund; surcharge, adjusted; when; reinsurance; effect.

If the fund shall exceed the sum of four million five hundred thousand dollars at the end of any calendar year after the payment of all claims and expenses and after adding all reversions to the fund, and if no reinsurance is involved, the director shall reduce the surcharge required by section 44-2829 in order to maintain the fund at an approximate level of five million dollars. Beginning on January 1, 1985, and on January 1 of each succeeding year, the director shall

adjust the amount of the surcharge to maintain the fund at a level which is sufficient to pay all anticipated claims for the next year and to maintain an adequate reserve for future claims. Prior to making such an adjustment, the director shall conduct a public hearing concerning the proposed adjustment and shall give due regard to the size of the existing fund, the number and size of potential claims against the fund, the number of participating providers, changes in the cost of living, and sound actuarial principles. If the fund is reinsured, the director shall determine a lesser level at which the fund shall be maintained because of the reinsurance carried and may reduce the surcharge to provide for the reinsurance and maintain the fund at the lesser level determined by him or her to be reasonable under the circumstances.

44-2831 Excess Liability Fund; special surcharge; reinsurance.

(1) The director may, at any time, analyze the fund to determine if the amount in such fund is inadequate to pay in full all claims allowed or to be allowed during the calendar year. Upon such determination, the director shall have the power to levy a special surcharge on all health care providers who have qualified under the Nebraska Hospital-Medical Liability Act, which special surcharge shall be an amount sufficient to permit full payment of all claims allowed against the fund during a calendar year. The special surcharge shall be levied against all health care providers who have qualified under the Nebraska Hospital-Medical Liability Act on the date of the special surcharge or at any time during the preceding twelve months and shall be in an amount proportionate to the surcharge each health care provider has paid to the fund. Such special surcharge shall be due and payable within thirty days after the same is levied.

(2) The director shall have authority to cause all or any part of the potential liability of the Excess Liability Fund to be reinsured, if such reinsurance is available, on a fair and reasonable basis. The cost of such reinsurance shall be paid by the fund and the fact of the reinsurance shall be taken into account in determining the surcharge as provided in sections 44-2829 and 44-2830, but in no event shall the surcharge exceed fifty percent of the annual premium paid by a health care provider for maintenance of current financial responsibility.

44-2831.01 Applicability of change to law.

(1) Any health care provider who has furnished proof of financial responsibility prior to January 1, 2005, under sections 44-2824 and 44-2827 shall be qualified under section 44-2824 for the remainder of the policy year or risk-loss trust year.

(2) The increases in coverage requirements made by Laws 2004, LB 998, in sections 44-2824 and 44-2827 shall apply to policies issued or renewed and risk-loss trust years which commence after January 1, 2005.

(3) The changes made to sections 44-2825, 44-2832, and 44-2833 by Laws 2004, LB 998, apply commencing with policies issued or renewed and risk-loss trust years which commence after January 1, 2005.

44-2832 Claims; paid; procedure; limitation.

(1) The Director of Administrative Services shall issue a warrant drawn on the fund in the amount of each claim submitted by the director. All claims against the fund shall be made on a voucher or other appropriate request by the director after he or she has received:

(a) A certified copy of a final judgment in excess of five hundred thousand dollars against a health care provider and in excess of the amount recoverable from all health care providers;

(b) A certified copy of a court-approved settlement in excess of five hundred thousand dollars against a health care provider and in excess of the amount recoverable from all health care providers; or

(c) In case of claims based on primary insurance issued by the risk manager under sections 44-2837 to 44-2839, a certified copy of a final judgment or court-approved settlement requiring payment from the fund.

(2) The amount paid from the fund for excess liability when added to the payments by all health care providers may not exceed the maximum amount recoverable pursuant to subsection (1) of section 44-2825. The amount paid from the fund on account of a primary insurance policy issued by the risk manager to a health care provider under sections 44-2837 to 44-2839 may not exceed five hundred thousand dollars for any one occurrence covered by such policy under any circumstances.

44-2833 Claim; agreement to settle; procedure; settlement; judgment; appeal.

(1) If the insurer of a health care provider shall agree to settle its liability on a claim against its insured by payment of its policy limits of five hundred thousand dollars and the claimant shall demand an amount in excess thereof for a complete and final release and if no other health care provider is involved, the procedures prescribed in this section shall be followed.

(2) A motion shall be filed by the claimant with the court in which the action is pending against the health care provider or, if no action is pending, the claimant shall file a complaint in one of the district courts of the State of Nebraska, seeking approval of an agreed settlement, if any, or demanding payment of damages from the Excess Liability Fund.

(3) A copy of such motion or complaint shall be served on the director, the health care provider, and the health care provider's insurer and shall contain sufficient information to inform the parties concerning the nature of the claim and the additional amount demanded. The health care provider and his or her insurer shall have a right to intervene and participate in the proceedings.

(4) The director, with the consent of the health care provider, may agree to a settlement with the claimant from the Excess Liability Fund. Either the director or the health care provider may file written objections to the payment of the amount demanded. The agreement or objections to the payment demanded shall be filed within twenty days after the motion or complaint is filed.

(5) After the motion or complaint, agreement, and objections, if any, have been filed, the judge shall set the matter for trial as soon as practicable. The court shall give notice of the trial to the claimant, the health care provider, and the director.

(6) At the trial, the director, the claimant, and the health care provider may introduce relevant evidence to enable the court to determine whether or not the settlement should be approved if it has been submitted on agreement without objections. If the director, the health care provider, and the claimant shall be unable to agree on the amount, if any, to be paid out of the Excess Liability Fund, the amount of claimant's damages, if any, in excess of the five hundred thousand dollars already paid by the insurer of the health care provider shall be determined at trial.

(7) The court shall determine the amount for which the fund is liable and render a finding and judgment accordingly. In approving a settlement or determining the amount, if any, to be paid from the Excess Liability Fund in such a case, the court shall consider the liability of the health care provider as admitted and established by evidence.

(8) Any settlement approved by the court may not be appealed. Any judgment of the court fixing damages recoverable in any such contested proceeding shall be appealable pursuant to the rules governing appeals in any other civil case.

44-2834 Cause of action; attorney's fees; court costs; loss of earnings; when payable.

(1) In all cases against a health care provider for malpractice or professional negligence, upon motion of either party the court shall review the attorney's fees incurred by that party and allow such compensation as the court shall deem reasonable.

(2) In all cases against health care providers for malpractice or professional negligence, the court may, upon application by the prevailing party, in its discretion and in an amount determined in its discretion tax as costs payable to the prevailing party the reasonable costs of preparation and trial including reasonable attorney's fees and the reasonable loss of earnings by the prevailing party occasioned by the trial if the court finds that the losing party did not have a reasonable chance of recovery or a reasonable chance of a successful defense.

(3) A patient shall have the right to agree with his attorney to pay for the attorney's services on a mutually satisfactory per diem basis. Such election shall be exercised in written form at the time of employment or by written agreement thereafter entered into with his attorney.

44-2835 Malpractice claim; settled or adjudicated to final judgment; report; contents; forwarded to Department of Health and Human Services.

(1) Each malpractice claim settled or adjudicated to final judgment against a health care provider under the Nebraska Hospital-Medical Liability Act shall be reported to the director by the plaintiff's attorney and by the health care provider or his or her insurer or risk manager within sixty days following final disposition of the claim. Such report to the director shall state the following:

(a) The nature of the claim;

(b) The alleged injury and the damages asserted;

(c) Attorney's fees and expenses incurred in connection with the claim or defense; and

(d) The amount of any settlement or judgment.

(2) The director shall forward the name of every health care provider, except a hospital, against whom a settlement has been made or judgment has been rendered under the act to the Department of Health and Human Services for such action, if any, as it deems to be appropriate under the circumstances.

44-2836 Malpractice liability insurance; limitation on liability; when; required policy provisions; insurer; failure to pay final judgment; effect.

(1) As long as malpractice liability insurance remains in force under the qualification set forth in section 44-2824 and unless the patient has elected not to come under sections 44-2801 to 44-2855, the health care provider and his insurer shall be liable to a patient, or his representative, for malpractice, professional negligence, failure to provide care, breach of contract relating to providing medical care, or other claim based on failure to obtain informed consent to an operation or treatment, only to the extent and in the manner specified in sections 44-2801 to 44-2855.

(2) The filing of proof of financial responsibility with the director shall constitute, on the part of the insurer and the health care provider, a conclusive and unqualified acceptance of the provisions of sections 44-2801 to 44-2855.

(3) Failure of the patient or his representative to file his refusal to be bound by sections 44-2801 to 44-2855 shall constitute conclusive and unqualified acceptance of sections 44-2801 to 44-2855.

(4) Any provision in a policy attempting to limit or modify the liability of the insurer contrary to the provisions of sections 44-2801 to 44-2855 shall be void.

(5) Each policy issued under sections 44-2801 to 44-2855 shall be deemed to include the following provisions and any amendments thereto which may be occasioned by legislation passed by the Legislature of the State of Nebraska, as fully as if written in such policy:

(a) The insurer shall assume all obligations to pay an award imposed against its insured under the provisions of sections 44-2801 to 44-2855; and

(b) Any termination of the policy by cancellation shall not be effective as to patients claiming against the insured covered thereby unless, at least thirty days before the effective date of the cancellation, a written notice giving the date upon which termination becomes effective has been mailed to the insured at his last-known address and to the director at his office by certified or registered mail with sufficient postage attached.

(6) If an insurer shall fail or refuse to pay a final judgment, or shall fail or refuse to comply with any provisions of sections 44-2801 to 44-2855, in addition to any other legal remedy, the director may also revoke the approval of its policy form until the insurer shall pay the award or judgment or shall comply with the violated provisions of sections 44-2801 to 44-2855 and has resubmitted its policy form and received the approval of the director.

44-2837 Residual Malpractice Insurance Authority; created; purpose; risk manager; powers and duties; compensation.

(1) The purpose of sections 44-2837 to 44-2839 is to make malpractice liability insurance available to risks as defined in this section.

(2) There is hereby created the Residual Malpractice Insurance Authority. The Department of Insurance is hereby designated as the authority for the purposes of the Nebraska Hospital-Medical Liability Act. The authority shall be empowered to engage in writing medical malpractice liability insurance in this state pursuant to existing law and authorized to insure the health care provider against other liability for injury to persons or property caused by agents, employees, partners, or limited liability company members of the health care provider or by property used in or activities arising from the operations or business of the health care provider. Such insurance coverage against other liability may be provided to the health care provider by the authority only as supplemental professional liability insurance.

(3) The director may appoint a risk manager for the authority. The separate, personal, or independent assets of the risk manager shall not be liable for or subject to use or expenditure for the purpose of providing insurance by the authority.

(4) In the administration and provision for malpractice liability insurance by the authority, the risk manager shall:

(a) Be subject to all laws and regulations of this state which apply to malpractice insurance as provided in existing law;

(b) Prepare and file appropriate forms with the Department of Insurance;

(c) Prepare and file premium rates with the Department of Insurance which shall be based on accepted actuarial principles and accepted practices in the insurance industry;

(d) Perform the underwriting function;

(e) Dispose of all claims and litigation arising out of insurance policies;

(f) Maintain adequate books and records;

(g) File an annual financial statement regarding its operations under the Nebraska Hospital-Medical Liability Act with the Department of Insurance on forms prescribed by the director;

(h) Obtain private reinsurance for the authority, if available, and the cost thereof shall be paid from the Excess Liability Fund;

(i) Prepare and file a plan of operations with the director for approval; and

(j) Act fairly, reasonably, and responsibly in administering the plan.

(5) The risk manager shall receive as compensation for his or her services a percentage of all premiums received under the terms of this section which shall be computed on a fair and equitable basis as determined by the director. The compensation may be adjusted by the director from time to time.

44-2838 Health care provider; unable to obtain coverage; apply to risk manager; decision; appeal.

(1) If, after diligent effort to obtain coverage, a health care provider has been declined by at least two insurers, the risk may forward his application to the risk manager together with evidence of the two declinations.

(2) If the risk manager declines to accept the risk, notice of declination, together with the reasons, shall be sent to the applicant and the director. The applicant shall have ten days from the date of notice by the risk manager to request review by the director. On appeal, the director shall review the decision of the risk manager and enter an appropriate order.

The director shall adopt and promulgate a health care professional liability insurance plan pursuant to sections 44-2837 to 44-2839 which shall contain a requirement that the Excess Liability Fund shall participate in such plan. Such plan may contain such other reasonable provisions as the director shall deem necessary or sufficient to make the plan effective. The Excess Liability Fund shall receive all premiums paid under the plan, except the portion payable to the risk manager or paid in settlement of claims, and shall assume the risks relating to policies issued under the plan. The Department of Insurance shall be reimbursed from the fund for necessary expenses incurred in the administration of the Nebraska Hospital-Medical Liability Act. The director shall certify such expenses to the State Treasurer who shall reimburse the Department of Insurance for such services.

44-2840 Medical review panels; review claims; procedure; waiver.

(1) Provision is hereby made for the establishment of medical review panels to review all malpractice claims against health care providers covered by the Nebraska Hospital-Medical Liability Act in advance of filing such actions.

(2) No action against a health care provider may be commenced in any court of this state before the claimant's proposed complaint has been presented to a medical review panel established pursuant to section 44-2841 and an opinion has been rendered by the panel.

(3) The proceedings for action by the medical review panel shall be initiated by the patient or his or her representative by notice in writing with copy of a proposed complaint served upon the director personally or by registered or certified mail. Such notice shall designate the claimant's choice of the physician to serve on the panel, claimant's suggestion of an attorney to serve, and the court where the action shall be filed, if necessary.

(4) The claimant may affirmatively waive his or her right to a panel review, and in such case the claimant may proceed to file his or her action directly in court. If the claimant waives the panel review, the claimant shall serve a copy

of the complaint upon the director personally or by registered or certified mail at the time the action is filed in court.

The language of the Political Subdivisions Tort Claims Act at subsection (4) of section 13-919 contemplates that a claim under the act must be filed and disposed of or withdrawn prior to presentation of the proposed petition to a medical review panel, or the waiver of a medical review panel, under this section. Keller v. Tavarone, 262 Neb. 2, 628 N.W.2d 222 (2001).

The requirement that a copy of the petition must be served upon the director of the Department of Insurance when medical panel review is waived is merely a notice requirement and neither confers nor denies jurisdiction of the court. The filing of an action in court is affirmative conduct which constitutes waiver of medical panel review. Brewington v. Rickard, 235 Neb. 843, 457 N.W.2d 814 (1990); Ourada v. Cochran, 234 Neb. 63, 449 N.W.2d 211 (1989).

A plaintiff's right to amend the wording of his specimen petition filed under this section in his petition later filed in the district court is the same as plaintiff's right to amend any other petition, so long as the matter submitted to the court is the same matter submitted to the medical review panel. Jacobs v. Goetowski, 221 Neb. 281, 376 N.W.2d 773 (1985).

A specimen petition alleging medical malpractice is filed pursuant to this section when the parties fall under the coverage of the Nebraska Hospital-Medical Liability Act. Jacobs v. Goetowski, 221 Neb. 281, 376 N.W.2d 773 (1985).

44-2841 Medical review panel; members; selection; procedure.

(1) The medical review panel shall consist of one attorney admitted to practice law in the State of Nebraska and three physicians who hold unlimited licenses under the laws of this state to practice medicine. The attorney shall act in an advisory capacity and as chairperson of the panel, but shall have no vote.

(2) The medical review panel shall be selected in the following manner:

(a) All physicians engaged in the active practice of medicine in this state, whether in the teaching profession or otherwise, who hold a license to practice medicine shall be available for selection;

(b) Each party to the action shall have the right to select one physician and, upon selection, such physician shall be required to serve. The two physicians thus selected shall select the third physician panelist. If one of the health care providers involved is a hospital, a fourth panelist shall be selected who shall be a hospital administrator selected by the hospital;

(c) When there are multiple plaintiffs or defendants, there shall be only one physician or hospital administrator selected per side. The plaintiff, whether single or multiple, shall have the right to select one physician and the defendant, whether single or multiple, shall have the right to select one physician;

(d) A panelist so selected shall serve, except that for good cause shown he or she may be excused. To show good cause for relief from serving, the panelist shall be required to serve an affidavit upon a judge of a court having jurisdiction over the claim when filed. The affidavit shall set out the facts showing that service would constitute an unreasonable burden or undue hardship. The court may excuse the proposed panelist from serving;

(e) Within twenty days after receipt of notification of a proposed panelist by the plaintiff, the defendants shall select a proposed panelist and advise the plaintiff or his or her attorney;

(f) Within twenty days of receipt of notice of any selection, written challenge without cause may be made to the panel member. Upon challenge, a party shall select another panelist. If multiple plaintiffs or defendants are unable to agree on a physician panelist or if two such challenges are made and submitted, the judge shall submit a list consisting of three qualified panelists and each side shall strike one and the remaining member shall serve in place of the challenged panelist designated by the party; and

(g) The parties may agree on the attorney member of the board or, if no agreement can be reached, then five proposed attorney members shall be designated by the judge having jurisdiction of the cause. The parties shall then each strike two names alternately with the claimant striking first until both sides have stricken two names and the remaining name shall be the attorney member of the panel.

(3) If the members of the medical review panel have not been selected within one hundred twenty days following filing of the complaint required by section 44-2840, the court shall have authority to select members of the panel and to set a specific date for the hearing.

When a medical malpractice action is filed under the Nebraska Hospital-Medical Liability Act, the medical review panel is selected pursuant to this section. Jacobs v. Goetowski, 221 Neb. 281, 376 N.W.2d 773 (1985).

44-2842 Medical review panel; evidence considered; depositions; chairperson; duties.

(1) The evidence to be considered by the medical review panel shall be promptly submitted by the respective parties in written form only. If any party to the proceedings fails to submit his or her evidence within a reasonable time after notice from the panel requesting such evidence, the panel may proceed to decide the matter on the evidence previously submitted. The determination of reasonable time shall be made by the panel. The evidence submitted may consist of medical charts, X-rays, laboratory test results, excerpts of treatises, depositions of witnesses including parties, and any other form of evidence allowable by the medical review panel.

(2) Depositions of parties and witnesses may be taken prior to the convening of the panel and prior to the commencement of the action, but in such event the attorney for the medical care provider shall be furnished with a copy of the complaint which the claimant proposes to file at least ten days before any deposition is taken. The patient shall have the right to request and receive all medical and hospital records relating to his or her case which would be admissible in evidence in a court of law. The chairperson of the panel shall advise the panel relative to any legal question involved in the review proceeding and shall prepare the opinion of the panel. A copy of the evidence shall be sent to each member of the panel.

(3) Either party, after submission of all evidence and upon ten days' notice to the other side, shall have the right to convene the panel at a time and place agreeable to the members of the panel. At such time either party shall have the right to present argument concerning any matters relevant to issues to be decided by the panel before the issuance of its report. The chairperson of the panel shall preside at all meetings, which meetings shall be informal.

(4) If the members of the medical review panel have not convened within six months of the initiation of the proceeding, the judge may terminate the proceeding at the request of either party.

44-2843 Medical review panel; access to information; written opinion; issuance; basis for.

(1) The panel shall have the right and duty to request all necessary information. The panel may consult with medical authorities and may examine reports of such health care providers as may be necessary to fully inform itself regarding the issue to be decided. Both parties shall have full access to any material submitted to the panel.

(2) The panel shall have the sole duty to express its expert opinion in writing to each of the parties as to whether or not the evidence supports the conclusion that the defendant or defendants acted or failed to act within the appropriate standards of care as charged in the complaint and as to the issue of damages proximately caused by failure to act in accordance with such standards. Any issue relating to informed consent shall be considered as a charge of failure to act within the appropriate standard of care.

(3) After reviewing all evidence and, unless waived, after argument by counsel representing either party, the panel shall, within thirty days, render one or more of the following expert opinions which shall be in writing and mailed to each of the parties:

(a) The evidence supports the conclusion that the defendant failed to comply with the appropriate standard of care as charged in the complaint in specified particulars;

(b) The evidence supports the conclusion that the defendant involved met the applicable standard of care required under the circumstances; or

(c) There is a material issue of fact, not requiring expert opinion, bearing on liability for consideration by the court or jury in specified particulars.

(4) No dollar amounts or percentages of disability shall be provided by the panel. A majority vote of the voting members shall control action by the panel. The report of the panel shall be signed only by the chairman who shall certify that the report reflects the opinion of a majority of the voting members. If requested, a minority report shall be provided to any party.

44-2844 Request for review of a claim; filed; toll statute of limitations; panel report; admissible as evidence; panelist; immunity.

(1) The filing of the request for review of a claim shall toll the applicable statute of limitations for a period of ninety days following the issuance of the opinion by the medical review panel. The request for review of a claim shall be deemed filed when copy of the request together with a copy of the proposed complaint is delivered or mailed by registered or certified mail to the director, who shall immediately forward a copy to each health care provider named as a defendant at his last and usual place of residence or his office.

(2) The report or any minority report of the medical review panel shall be admissible as evidence in any action subsequently brought by the claimant in a court of law, but such report shall not be conclusive and either party shall have the right to call any member of the medical review panel as a witness. If called, the witness shall be required to appear and testify.

(3) A panelist shall have absolute immunity from civil liability for all communications, findings, opinions and conclusions made in the course and scope of duties prescribed by sections 44-2801 to 44-2855.

Under this section, the running of the statute of limitations, as set out in section 44-2828, is interrupted during the medical review proceedings and recommences ninety days after the medical review panel issues its opinion. Jacobs v. Goetowski, 221 Neb. 281, 376 N.W.2d 773 (1985).

Statute of limitations is tolled while a claim is before the medical review panel and for ninety days following its opinion. Prendergast v. Nelson, 199 Neb. 97, 256 N.W.2d 657 (1977).

44-2845 Medical review panel; members; compensation; expert witness fee.

Each member of the medical review panel shall be paid fifty dollars per day for all work performed as a member of the panel, exclusive of time and services involved if called as a witness to testify in court and reasonable expenses incurred. Fees of the panel, including expenses, shall be paid equally by each side. If a panel member is called as an expert witness at the trial, the panel member shall be paid the customary expert witness fee.

44-2846 Proceedings before panel; confidential; exception; waiver of privileges; when; witnesses; rights.

(1) Except for the introduction into evidence of the report of the panel, all proceedings before the medical review panel, all actions taken by any party or his counsel in preparation for such proceedings, and the submission of any matter to the medical review panel shall be handled on a confidential basis. Such hearing may not be conducted as a public hearing and the proceedings before the panel shall not be matters of public record.

(2) Initiation of proceedings before a medical review panel by a patient or his representative shall constitute waiver of any privilege or rights conferred by Chapter 27, article 5, as to any hospital records or testimony or records of any physician or surgeon who is attending or has attended such patient for physical or mental conditions or injuries or conditions involved in such proceeding to the same extent and with like effect as provided in Chapter 27, article 5. (2) To provide for uniformity of procedure, the Department of Health and Human Services may appoint a doctor of medicine from the members of the Board of Medicine and Surgery who may sit with each panel as an observer and as an adviser on procedure but without a vote.

For any potential match identified as a death master file match, the insurer shall, within ninety days after the death master file match:

POLICY READABILITY

Section

Section
44-3408. Sections; when applicable.

44-3401 Act, how cited.

Sections 44-3401 to 44-3408 shall be known and may be cited as the Nebraska Life, Sickness and Accident Insurance Policy Readability Act.

Source: Laws 1979, LB 415, § 1.

44-3402 Sections, purposes.

The purpose of sections 44-3401 to 44-3408 is to establish minimum standards for readability of language used in policies of life insurance, sickness and accident insurance, credit life insurance, and credit accident and health insurance delivered or issued for delivery in this state. Sections 44-3401 to 44-3408 are not intended to change the risks assumed by insurers subject to the act, nor to change their obligation to comply with the substance of other insurance laws applicable to life, sickness and accident, credit life, or credit accident and health insurance policies. Sections 44-3401 to 44-3408 are not intended to prevent flexibility and innovation in the development of policy forms or content nor to require standard policy forms or content.

Source: Laws 1979, LB 415, § 2.

44-3403 Terms, defined.

For purposes of the Nebraska Life, Sickness and Accident Insurance Policy Readability Act, unless the context otherwise requires:

(1) Director shall mean the Director of Insurance;

(2) Insurer shall mean any company, corporation, exchange, society, or association whether organized on the stock, mutual, assessment, or fraternal plan of insurance, which is authorized under the laws of this state to provide life insurance, sickness and accident insurance, credit life insurance, or credit accident and health insurance, including, but not limited to, fraternal benefit societies and health maintenance organizations; and

(3) Policy shall mean any contract of life insurance, sickness and accident insurance, credit life insurance, or credit accident and health insurance delivered or issued for delivery in this state by any insurer subject to the act.

Sections 44-3401 to 44-3408 shall apply to all policies, except:

(1) Any policy which is a security subject to federal jurisdiction;

(2) Any group policy covering a group of one thousand or more lives at date of issue, other than a group credit life insurance policy or a group credit accident and health insurance policy, but this shall not exempt any individual certificate issued under a group policy delivered or issued for delivery in this state;

(3) Any group annuity contract which funds a pension, profit-sharing, or deferred compensation plan;

(4) Any form used in connection with, as a conversion from, as an addition to, or in exchange under, a contractual provision for a policy delivered or

issued for delivery on a form approved or permitted to be issued before the dates such forms must be approved under sections 44-3401 to 44-3408; or

(5) The renewal of a policy delivered or issued for delivery before the dates such forms must be approved under sections 44-3401 to 44-3408.

Source: Laws 1979, LB 415, § 4.

44-3405 Policies; text; style; arrangement; requirements; filings; certificate.

(1) No policy of life insurance, sickness and accident insurance, credit life insurance, or credit accident and health insurance shall be delivered or issued for delivery in this state unless: (a) The text achieves a minimum score of forty on the Flesch reading ease test or an equivalent score on any other comparable test which has been approved by the director; (b) the policy is printed, except for specification pages, schedules, and tables, in not less than ten-point type, one-point leaded; (c) the style, arrangement, and overall appearance of the policy gives no undue prominence to any portion of the text of the policy or to any endorsements or riders; and (d) a table of contents or an index of the principal sections of the policy is provided with the policy, if the policy has more than three thousand words printed on three or fewer pages of text, or if the policy has more than three pages regardless of the number of words.

(2) For the purposes of this section, a Flesch reading ease test score shall be measured by the following method: (a) For policies containing ten thousand words or less of text, the entire policy shall be analyzed. For policies containing more than ten thousand words, the readability of two two-hundred-word samples per page may be analyzed instead of the entire policy. The samples shall be separated by at least ten printed lines; (b) the number of words and sentences in the text shall be counted and the total number of words divided by the total number of sentences. The figure obtained shall be multiplied by a factor of 1.015; (c) the total number of syllables shall be counted and divided by the total number of words. The figure obtained shall be multiplied by a factor of 84.6; and (d) the sum of the figures computed under subdivisions (b) and (c) of this subsection subtracted from 206.835 equals the Flesch reading ease score for the policy.

(3) For the purposes of subdivisions (2)(b), (2)(c), and (2)(d) of this section, the following procedures shall be used: A contraction, hyphenated word, or numbers and letters, when separated by spaces, shall be counted as one word; a unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and, a syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. When the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciation containing fewer syllables may be used.

(4) The term text as used in this section shall include all printed matter except the following: (a) The name and address of the insurer; the name, number, or title of the policy; the table of contents or index; captions and subcaptions; specification pages, schedules, or tables; and (b) any policy language which is drafted to conform to the requirements of any federal law, regulation, or agency interpretation; any policy language required by any collective-bargaining agreement; any medical terminology; any words which are defined in the policy; and any policy language required by law or regulation, if the insurer identifies the language or terminology excepted by this

subsection, and certifies, in writing, that the language or terminology is entitled to be excepted by subdivision (b) of this subsection.

(5) Filings subject to this section shall be accompanied by a certificate signed by an officer of the insurer stating that it meets the minimum reading ease score on the test used, or stating that the score is lower than the minimum required but should be approved in accordance with section 44-3406. To confirm the accuracy of any certification, the director may require the submission of further information to verify the certification in question.

(6) Riders, endorsements, applications, and other forms made a part of the policy may be scored as separate forms or as part of the policy with which they may be used.

Source: Laws 1979, LB 415, § 5.

44-3406 Flesch reading ease score; lower score authorized; when.

The director may authorize a lower score than the Flesch reading ease score required in subsection (1) of section 44-3405 whenever, in his or her sole discretion, he or she finds that a lower score: (1) Will provide a more accurate reflection of the readability of a policy form; (2) is warranted by the nature of a particular policy form or type or class of policy forms; or (3) is caused by certain policy language which is drafted to conform to the requirements of any state law, regulation, or agency interpretation.

Source: Laws 1979, LB 415, § 6.

44-3407 Policy; approval.

A policy meeting the requirements of section 44-3405 shall be approved, notwithstanding the provision of any other laws which specify the content of policies, if the policy provides protection not less favorable than that required by such laws.

Source: Laws 1979, LB 415, § 7.

44-3408 Sections; when applicable.

Sections 44-3401 to 44-3408 applies to all policies filed on or after June 30, 1981. No policy shall be delivered or issued for delivery in this state on or after June 30, 1984, unless approved by the director or permitted to be issued under sections 44-3401 to 44-3408. Any policy which has been approved or permitted to be issued before June 30, 1984, and which meets the standards set by sections 44-3401 to 44-3408, need not be refiled for approval, but may continue to be lawfully delivered or issued for delivery in this state upon the filing with the director of a list of such policies identified by policy number and accompanied by a certificate as to each such policy in the manner provided in section 44-3405.

44-4109 Preferred provider insurance arrangements; authorized.

An insurer or a participant in an insurance arrangement may enter into contracts to purchase health services on a bid or negotiated basis with health providers at alternative rates of reimbursement and offer such benefit to insureds. Such insurers and participants in insurance arrangements may offer or administer a health benefit plan including preferred provider policies or contracts which limit the number and types of providers of health services eligible for payment as preferred providers under such policies or contracts. Insurers and participants in insurance arrangements may establish terms and conditions which shall be met by a provider of health services in order to qualify for payment as a preferred provider under such policies or contracts. Such terms and conditions may include provisions which identify the method of

payment for services, including, but not limited to, development of prospective reimbursement systems.

Source: Laws 1984, LB 902, § 9.

44-4109.01 Policies or contracts; requirements.

Policies or contracts authorized by sections 44-4109 and 44-4110 are subject to the following requirements:

(1) A prospective insured shall be provided information about the terms and conditions of the insurance arrangement to enable him or her to make an informed decision about accepting a system of health care delivery. If the insurance arrangement is described orally to a prospective insured, the description shall use easily understood, truthful, and objective terms. All written descriptions shall be in a readable and understandable format. Specific items that shall be included are:

(a) Coverage provisions, benefits, and any exclusions by category of service, provider, or physician and, if applicable, by specific service;

(b) Any prior authorization or other review requirements, including preauthorization review, concurrent review, postservice review, and postpayment review, the manner in which an insured may obtain review of a denial of coverage, and the nature of any liability an insured may incur if the insured does not comply with the authorization requirements of the policy, contract, certificate, or other materials; and

(c) Information on the insured's financial responsibility for payment for deductibles, coinsurance, or other noncovered services;

(2) If an insurer conducts customer satisfaction surveys concerning an insurance arrangement, the results of such surveys shall be made available upon request to existing and prospective participants in insurance arrangements;

(3) The policy, contract, certificate, or other materials shall establish a mechanism by which a committee of preferred providers will be involved in reviewing and advising the insurance arrangement about medical policy, including coverage of new technology and procedures, quality and credentialing criteria, and medical management procedures;

(4) All policies or contracts shall have a system for credentialing participating preferred providers and shall allow all providers within the insurance arrangement's geographic service area to apply for such credentials periodically and not less than annually. The credentialing process:

(a) Shall begin upon application of a provider for inclusion in the policy or contract; and

(b) Shall be based solely on quality, accessibility, or economic considerations and shall be applied in accordance with reasonable business judgment.

Credentialing standards or criteria shall be made available, upon request, to providers and insureds;

(5) If the policy or contract is with an organized delivery system formed by insurers, hospitals, physicians, or allied health professionals, or a combination of such entities, participation by a provider may be limited to a participant in the organized delivery system or to providers having staff privileges at a particular health care facility;

(6) If an insurer or a participant in an insurance arrangement refuses to contract with a provider, the provider shall be permitted to appeal the adverse decision. A person conducting the provider-appeal procedure may be employed by the insurer or participant in an insurance arrangement if the person does not initially participate in the decision to take adverse action against the provider. The provider-appeal procedure shall include, but not be limited to, notice of the date and time of the hearing, a statement of the criteria or standards on which the decision was based, an opportunity for the provider to review information upon which the adverse decision was based, an opportunity for the provider to appear personally at the hearing and present any additional information, and a timely decision on the appeal;

(7) If the insurer or participant in an insurance arrangement excludes or fails to retain a provider previously contracted with to provide health care services, the provider shall be permitted to appeal the adverse decision in the same manner as set forth in subdivision (6) of this section. If the provider disagrees with the decision, the provider shall be permitted to appeal to an appeals committee consisting of one person selected by each party to the appeal and one person mutually agreeable to both parties. The parties to the appeal shall pay to the appeal committee any costs associated with the person they select and shall share the costs of the person mutually agreeable to both parties, which costs shall not be recoverable by the other party;

(8) Prior to initiation of a proceeding to terminate a provider's participation, the provider shall be given an opportunity to enter into and complete a corrective action plan, except in cases of fraud or imminent harm to patient health or when the provider's ability to provide services has been restricted by an action, including probation or any compliance agreements, by the Department of Health and Human Services or other governmental agency; and
