3       (2) A school district, a school, or the Nebraska Library Commission  
4 may offer one or more educational research databases to students in  
5 kindergarten through grade twelve only if the vendor or provider of the  
6 educational research database verifies that the database complies with  
7 and will continue to comply with subsection (3) of this section.

8       (3) Any educational research database offered by a school district,  
9 a school, or the Nebraska Library Commission to students in kindergarten  
10 through grade twelve shall have technology protection measures that:

11       (a) Filter and block access to all materials obscene as to minors or  
12 harmful to minors; and

13       (b) Establish an account for each student in kindergarten through  
14 grade twelve using such educational research database and require

28 the school district, the school, or the Nebraska Library Commission may  
29 withhold further payments, if any are due, to the vendor or provider  
30 pending verification of compliance with subsection (2) of this section.

2 school, or the Nebraska Library Commission.

3 (6) Notwithstanding any contract provision to the contrary for  
4 contracts entered into or renewed or extended after the operative date of

7 the requirements of subsection (3) of this section, such failure of  
8 verification, if proven, presents a presumption of a breach of contract  
9 on the part of the vendor or provider.

10 (7) No later than December 1 of each year, the Nebraska Library  
11 Commission and the State Department of Education shall electronically  
12 submit to the Governor and to the Education Committee of the Legislature
