16-101 Cities of the first class, defined; population required.

All cities having more than five thousand and not more than one hundred thousand inhabitants, as may be ascertained and officially promulgated by the United States or under the authority of the State of Nebraska or by the authority of the mayor and city council of any such city, shall be known as cities of the first class. The population of a city of the first class shall consist of the people residing within the territorial boundaries of such city and the residents of any territory duly and properly annexed to such city.

Where the population of city of first class as shown by the last ten-year United States census drops below population of a city of such classification, it becomes automatically a city of second class. State ex rel. Cashman v. Carmean, 138 Neb. 819, 295 N.W. 801 (1941).

A city of the first class that adopts a ''home rule'' charter is a creature of law, and its corporate acts are governed by this chapter. Falldorf v. City of Grand Island, 138 Neb. 212, 292 N.W. 598 (1940).

Provisions of the charter for a city of the first class appear in this chapter. City of Fremont v. Lea, 115 Neb. 565, 213 N.W. 820 (1927).

Classification of cities is constitutional. State ex rel. Jones v. Graham, 16 Neb. 74, 19 N.W. 470 (1884).

City is estopped to defend against waterworks bonds in hands of innocent purchasers where such bonds reflect city certified in bond that they were legally issued, it having plenary power so to do, though the bonds cited the wrong statutory section as authority therefor. City of Beatrice v. Edminson, 117 F. 427 (8th Cir. 1902).

16-102 City of the second class; attainment of required population; incorporation as city of the first class.

Whenever any city of the second class attains a population of more than five thousand inhabitants as provided by section 16-101, the mayor of such city shall certify such fact to the Secretary of State who upon the filing of such certificate shall by proclamation declare such city to be a city of the first class. Upon such proclamation being made by the Secretary of State, every officer of such cities shall within thirty days thereafter qualify and give bond as provided by sections 16-219, 16-304, and 16-318.

16-103 Reorganization as city of the first class; transitional provisions.

(1) After the proclamation under section 16-102, the city shall be governed by the laws of this state applicable to cities of the first class, except that the government of such city shall continue as organized at the date of such proclamation until the reorganization as a city of the first class.

(2) The mayor and council members of the city of the second class shall be deemed to be the mayor and council members of the city of the first class on the date the proclamation is issued. All ordinances, bylaws, acts, rules, regulations, obligations, and proclamations existing and in force in or with respect to the city of the second class at the time of its incorporation as a city of the first class shall remain in full force and effect after such incorporation until repealed or modified by the city within one year after the date of the filing of the certificate pursuant to section 16-102.

(3) For the purpose of electing city officials under the provisions of law relating to cities of the first class, the terms of office for such officials shall be established by the city's governing body so as to conform with the intent and purpose of section 32-534.

16-104 Wards; election districts; staggering of terms; procedure.

If a city of the second class becomes a city of the first class, the mayor and council shall divide the city into not less than three wards, as compact in form and equal in population as may be, the boundaries of which shall be defined by ordinance, to take effect at the next annual city election after reorganization except as provided in section 32-553. Each ward shall constitute an election district, except that when any ward has over five hundred legal voters, the mayor and council may divide such ward into two or more election districts. If it is necessary to establish the staggering of terms by nominating and electing council members for terms of different durations at the same elections, the candidates receiving the greatest number of votes shall be nominated and have their names placed on the general election ballot.

16-105 Wards; election precincts.

Precinct lines in any part of any county not under township organization, embraced within the corporate limits of such city, shall correspond with the ward lines of the city, and such precinct shall correspond in number with the ward of the city and be coextensive with the same; *Provided,* when a ward is divided into election districts, the precinct corresponding with such ward shall be divided so as to correspond with the election districts.

Provision to substitute municipal courts, in justice of peace districts, is unconstitutional. State ex rel. Woolsey v. Morgan, 138 Neb. 635, 294 N.W. 436 (1940).

Under prior act, county boards could exercise only such powers as were expressly conferred and could not include several wards of a city, with the land adjoining, in one precinct. Morton v. Carlin, 51 Neb. 202, 70 N.W. 966 (1897).

A decision in a former suit, prosecuted years after the bonds were sold, in which suit, neither the purchaser nor his privy were parties, deciding that the precinct issuing them was illegally organized, and that the bonds were void, is not controlling authority, in a suit to collect on such bonds, where the proper authorities at the time of the issuance, certified such bonds were legally issued. 16-115 Corporate name and seal; service of process.

The corporate name of each city of the first class shall be the City of ....., and all process whatever affecting any such city shall be served in the manner provided for service of a summons in a civil action. The city shall procure and keep a seal with such emblem and device as it may think proper. Such seal may be either an engraved or ink stamp seal. It shall have included thereon the City of ....., together with date of incorporation, which shall be the seal of the city, and no other seal shall be used by the city. The impression or representation of the seal by stamp shall be sufficient sealing in all cases where sealing is required. An impression or representation of such seal shall be filed in the office of the Secretary of State, together with a resolution of the city council that the same has been duly adopted and is the seal of said city.

Provisions for service of process on city officers as herein provided must yield to section 48-813 where jurisdiction of Court of Industrial Relations is invoked. Communication Workers of America, AFL-CIO v. City of Hastings, 198 Neb. 668, 254 N.W.2d 695 (1977).

16-116 Incorporation as city of the first class; applicability of existing law.

All ordinances, bylaws, acts, regulations, rules and proclamations, existing and in force in any city at the time of its incorporation as a city of the first

class, shall remain in full force and effect after such incorporation until the same are repealed or modified by such city.

16-117 Annexation; powers; procedure; hearing.

(1) Except as provided in sections 13-1111 to 13-1120 and subject to this section, the mayor and city council of a city of the first class may by ordinance at any time include within the corporate limits of such city any contiguous or adjacent lands, lots, tracts, streets, or highways as are urban or suburban in character and in such direction as may be deemed proper. Such grant of power shall not be construed as conferring power upon the mayor and city council to extend the limits of a city of the first class over any agricultural lands which are rural in character.

(2) The invalidity of the annexation of any tract of land in one ordinance shall not affect the validity of the remaining tracts of land which are annexed by the ordinance and which otherwise conform to state law.

(3) The city council proposing to annex land under the authority of this section shall first adopt both a resolution stating that the city is proposing the annexation of the land and a plan for extending city services to the land. The resolution shall state:

(a) The time, date, and location of the public hearing required by subsection (5) of this section;

(b) A description of the boundaries of the land proposed for annexation; and

(c) That the plan of the city for the extension of city services to the land proposed for annexation is available for inspection during regular business hours in the office of the city clerk.

(4) The plan adopted by the city council shall contain sufficient detail to provide a reasonable person with a full and complete understanding of the proposal for extending city services to the land proposed for annexation. The plan shall (a) state the estimated cost impact of providing the services to such land, (b) state the method by which the city plans to finance the extension of services to the land and how any services already provided to the land will be maintained, (c) include a timetable for extending services to the land proposed for annexation, and (d) include a map drawn to scale clearly delineating the land proposed for annexation, the current boundaries of the city, the proposed boundaries of the city after the annexation, and the general land-use pattern in the land proposed for annexation.

(5) A public hearing on the proposed annexation shall be held within sixty days following the adoption of the resolution proposing to annex land to allow the city council to receive testimony from interested persons. The city council may recess the hearing, for good cause, to a time and date specified at the hearing.

(6) A copy of the resolution providing for the public hearing shall be published in the official newspaper in the city at least once not less than ten days preceding the date of the public hearing. A map drawn to scale delineating

the land proposed for annexation shall be published with the resolution. A copy of the resolution providing for the public hearing shall be sent by first-class mail following its passage to the school board of any school district in the land proposed for annexation.

(7) Any owner of property contiguous or adjacent to a city of the first class may by petition request that such property be included within the corporate limits of such city. The mayor and city council may include such property within the corporate limits of the city without complying with subsections (3) through (6) of this section.

(8) Notwithstanding the requirements of this section, the mayor and city council are not required to approve any petition requesting annexation or any resolution or ordinance proposing to annex land pursuant to this section.

1. Character of land
2. Statute of limitations
3. Miscellaneous

1. Character of land

The use of land for agricultural purposes is not dispositive of the character of the land, nor does it mean it is rural in character. It is the nature of its location as well as its use which determines whether it is rural or urban in character. Swedlund v. City of Hastings, 243 Neb 607, 501 N.W.2d 302 (1993).

A city of the first class may annex land contiguous to its corporate limits which is urban or suburban, including segments of highway, as determined by the characteristic of the land adjacent to that being annexed. Piester v. City of North Platte, 198 Neb. 220, 252 N.W.2d 159 (1977).

Under this section, a city of the first class may annex contiguous urban or suburban lands which are not agricultural lands rural in character. Webber v. City of Scottsbluff, 187 Neb. 282, 188 N.W.2d 814 (1971).

Agricultural lands which are urban not rural in character may be annexed. Voss v. City of Grand Island, 186 Neb. 232, 182 N.W.2d 427 (1970).

Section does not require legislative body to conduct trial-type evidentiary hearing or make express finding on character of land. Meyer v. City of Grand Island, 184 Neb. 657, 171 N.W.2d 242 (1969).

Words ''as are urban or suburban in character'' used in this section are not so vague and indefinite as to violate due process clause of the Constitution. Plumfield Nurseries, Inc. v. Dodge County, 184 Neb. 346, 167 N.W.2d 560 (1969).

The character of a segment of an interstate highway sought to be annexed by a city of the first class is determined by the characteristic of the land immediately adjacent to the segment sought to be annexed. Adam v. City of Hastings, 12 Neb. App. 98, 668 N.W.2d 272 (2003).

2. Statute of limitations

An action to enjoin a school district or part thereof, consequent upon annexation of territory by a city of the first class, is barred by the statute of limitations unless brought within one year from effective date of annexation ordinance. School Dist. No. 127 of Lincoln County v. Simpson, 191 Neb. 164, 214 N.W.2d 251 (1974).

3. Miscellaneous

A city of the first class has no power to annex territory which is not contiguous or adjacent. Doolittle v. County of Lincoln, 191 Neb. 159, 214 N.W.2d 248 (1974).

City could not annex strategic air command base where its sole purpose was to increase city's revenue. United States v. City of Bellevue, 474 F.2d 473 (8th Cir. 1973).

United States had no standing to contest validity of city's annexation of alleged agricultural lands not owned and in which it had no interest, though but for such annexation lands of United States would not be lands contiguous to city, subject to annexation as such. United States v. City of Bellevue, 334 F.Supp. 881 (D. Neb. 1971).

16-118 Annexation of land; deemed contiguous; when.

Lands, lots, tracts, streets, or highways shall be deemed contiguous although a stream, embankment, strip, or parcel of land not more than two hundred feet wide lies between the same and the corporate limits.

Source: Laws 1967, c. 64, § 2, p. 214.

Although this section states that lands, lots, tracts, streets, or highways shall be deemed contiguous although a stream, embankment, strip, or parcel of land not more than 200 feet wide lies between the same and corporate limits, this section implies a situation where a strip of land is located parallel to the city limits. Johnson v. City of Hastings, 241 Neb. 291, 488 N.W.2d 20 (1992).

A city of the first class may annex land contiguous to its corporate limits which is urban or suburban, including segments of highway, as determined by the characteristic of the land adjacent to that being annexed. Piester v. City of North Platte, 198 Neb. 220, 252 N.W.2d 159 (1977).

An action to enjoin a school district or part thereof, consequent upon annexation of territory by a city of the first class, is barred by the statute of limitations unless brought within one year from effective date of annexation ordinance. School Dist. No. 127 of Lincoln County v. Simpson, 191 Neb. 164, 214 N.W.2d 251 (1974).

Territory purportedly annexed was not contiguous or adjacent as it was separated from city boundary by river over two

hundred feet wide. Doolittle v. County of Lincoln, 191 Neb. 159, 214 N.W.2d 248 (1974).

The character of a segment of an interstate highway sought to be annexed by a city of the first class is determined by the characteristic of the land immediately adjacent to the segment sought to be annexed. Adam v. City of Hastings, 12 Neb. App. 98, 668 N.W.2d 272 (2003).

16-119 Annexation; extraterritorial property use; continuation.

Any extraterritorial property use regulations imposed upon any annexed lands by the city before such annexation shall continue in full force and effect until otherwise changed.

Source: Laws 1967, c. 64, § 3, p. 214.

16-120 Annexation; inhabitants; services; when.

The inhabitants of territories annexed to such city shall receive substantially the services of other inhabitants of such city as soon as practicable. Adequate plans and necessary city council action to furnish such services shall be adopted not later than one year after the date of annexation, and such inhabitants shall be subject to the ordinances and regulations of such city, except that the one-year period shall be tolled pending final court decision in any court action to contest such annexation.

Source: Laws 1967, c. 64, § 4, p. 214; Laws 1989, LB 421, § 2.

This section requires a city to furnish city services to newly annexed areas within 1 year after annexation. In re Application of City of Grand Island, 247 Neb. 446, 527 N.W.2d 864 (1995).

Requirement of this section that benefits of annexation be furnished as soon as practicable after annexation meets requirements of due process. Plumfield Nurseries, Inc. v. Dodge County, 184 Neb. 346, 167 N.W.2d 560 (1969).

Where not impossible for city to provide services within one year, action contesting annexation on ground of such alleged inability was premature. United States v. City of Bellevue, 334 F.Supp. 881 (D. Neb. 1971).

16-121 Annexation; validation.

Whenever a city of the first class lawfully reannexes territory which it had formerly annexed but which annexation was illegal because the statutes under which such original annexation was made were unconstitutional and void, (1) all contracts for public improvements, warrants and bonds issued by the city of the first class with respect to such territory and all payments made thereon shall thereby be validated, binding and legal upon such city of the first class in the same manner and with the same effect as if the original annexation had been lawful, (2) all obligations of any sanitary and improvement district assumed by a city of the first class with respect to such territory shall thereby be validated, binding and legal upon such city of the first class in the same manner and with the same effect as if the original annexation had been lawful, and (3) such city of the first class may issue bonds under the appropriate statutes relating to public improvements to refund the warrants, warrant interest and any unpaid cost with respect to public improvements referred to in subdivision (1) of this section in the same manner and with the same effect as if the original annexation had been lawful.

Source: Laws 1967, c. 61, § 1, p 209.

United States had no standing to contest validity of former annexation of land not owned. United States v. City of Bellevue, 334 F.Supp. 881 (D. Neb. 1971).

16-122 Annexation of city of the second class or village; conditions.

In addition to existing annexation powers, the mayor and council of any city of the first class may by ordinance annex any village or second-class city which is entirely surrounded by such city, if the following conditions exist:

(1) The city has water mains adjacent to the village or second-class city which are available for extension into and have capacity to serve the village or second-class city;

(2) The city has sanitary sewer lines adjacent to the village or second-class city which are available for extension into and have capacity to serve the village or second-class city;

(3) The city has water and sewer treatment facilities which have the capacity to serve the village or second-class city; and

(4) The city has police, fire, and snow removal facilities which have the capacity to serve the village or second-class city. In determining whether a village or second-class city is entirely surrounded by a city for annexation purposes, any land adjacent to the village or second-class city which is legally immune from annexation by either the city or the village, or second-class city, shall not be considered if the village or second-class city is otherwise surrounded by the city.

Source: Laws 1969, c. 72, § 1, p. 394.

The requirement that the annexing city have sewer treatment facilities with capacity to serve the city annexed was to insure the residents of the annexed city sewer treatment service. City of Parkview v. City of Grand Island, 188 Neb. 267, 196 N.W.2d 197 (1972).

16-123 Annexation; powers; when restricted.

Notwithstanding the powers granted by section 16-122, no village or city of the second class may be annexed by a city of the first class when such village or city of the second class has its own sewage disposal plant, sewage disposal system, water well, water tower, water distribution system, and electrical distribution system or contracts for such services and facilities with an entity or entities other than such city of the first class.

Source: Laws 1969, c. 72, § 2, p. 395.

16-124 Annexation; succession to property, contracts, obligations, and choses in action.

Whenever any city of the first class shall extend its boundaries so as to annex any village or second-class city, the charter, laws, ordinances, powers, and government of such city of the first class shall at once extend over the territory embraced within any village or second-class city so annexed. Such city of the first class shall succeed to all the property and property rights of every kind, contracts, obligations, and choses in action of every kind held by or belonging to the village or second-class city so annexed; and it shall be liable for and assume and carry out all valid contracts, obligations, franchises, and licenses of any such village or second-class city so annexed; *Provided,* that any obligations incurred by such village or second-class city for water, paving, sewer or sewer treatment purposes, shall remain the obligation of the real property in such village or second-class city as its boundaries existed immediately prior to such annexation. Such village or second-class city so annexed shall be deemed fully compensated by virtue of such annexation and the assumption of its obligations and contracts for all its property and property rights of every kind so acquired.

16-125 Annexation; assessments, fines, licenses, fees, claims, demands; paid to and collection by city of the first class.

All taxes, assessments, fines, licenses, fees, claims, and demands of every kind assessed or levied against persons or property within any such village or second-class city so annexed, shall be paid to and collected by such city of the first class.

Source: Laws 1969, c. 72, § 4, p. 395.

16-126 Taxes and special assessments; annexation; effect.

All taxes and special assessments which such village or second-class city so annexed was authorized to levy or assess and which are not levied or assessed at the time of such annexation for any kind of public improvements made by it or in process of construction or contracted for, may be levied or assessed by such city of the first class, and such city of the first class shall have power to reassess all special assessments or taxes levied or assessed by any such village or second-class city so annexed, in all cases where such village or second-class city is authorized to make reassessments or relevies of such taxes and assessments.

16-127 Annexation; pending actions at law or in equity; prosecution and defense by city of the first class.

All actions at law or in equity pending in any court in favor of or against any village or second-class city so annexed at the time such annexation takes effect, shall be prosecuted by or defended by such city of the first class, and all rights of action existing against any village or second-class city so annexed at the time of such annexation or accruing thereafter on account of any transaction had with or under any law or ordinance of such village or second-class city, may be prosecuted against such city of the first class.

Source: Laws 1969, c. 72, § 6, p. 396.

16-128 Annexation; records, books, bonds, funds, and property; property of city of the first class; officers; termination.

All officers of any village or second-class city so annexed having books, papers, records, bonds, funds, effects or property of any kind in their hands or under their control belonging to any such village or second-class city, shall upon taking effect of such annexation deliver the same to the respective officers of such city of the first class as may be by law or ordinance or limitation of such city entitled or authorized to receive the same. Upon such annexation taking effect, the terms and tenure of all offices and officers of any such village or second-class city so annexed shall terminate and entirely cease.

Source: Laws 1969, c. 72, § 7, p. 396.

16-129 Annexation; disconnection; procedure.

Whenever any person or persons owning any real property within and adjacent to the corporate limits of any city of the first class or whenever the owner or owners of any unoccupied territory so situated owning land of not less than twenty acres shall desire to have the same disconnected therefrom, they may file request with the city council, asking that such territory be detached therefrom. The request shall contain the legal description of the property sought to be detached. If the city council determines that the property

meets the requirements of this section and that part or all thereof ought to be detached, it shall by a majority vote of its members order such property detached from the city. A certified copy of such order shall be filed by the city clerk in the office of the register of deeds.

16-201 General powers.

Each city of the first class shall be a body corporate and politic and shall have power (1) to sue and be sued, (2) to purchase, lease, lease with option to buy, or acquire by gift or devise and to hold real and personal property within or without the limits of the city and real estate sold for taxes for the use of the city in such manner and upon such terms and conditions as may be deemed in the best interests of the city, (3) to sell and convey, exchange, or lease any real or personal property owned by the city, including park land, in such manner and upon such terms and conditions as may be deemed in the best interests of the city, except that real estate owned by the city may be conveyed without consideration to the State of Nebraska for state armory sites or, if acquired for state armory sites, shall be conveyed in the manner strictly as provided in sections 18-1001 to 18-1006, (4) to make all contracts and do all other acts in relation to the property and concerns of the city necessary to the exercise of its corporate powers, and (5) to exercise such other and further powers as may be conferred by law.

Sess., c. 10, § 6, p. 74; Laws 1941, c. 130, § 12, p. 497; C.S.Supp.,1941, § 16-201; R.S.1943, § 16-201; Laws 1963, c. 60, § 1, p. 252; Laws 1965, c. 48, § 1, p. 248; Laws 1971, LB 5, § 1; Laws 1975, LB 150, § 1; Laws 1988, LB 793, § 3.

Where the population of city of first class, as shown by the last United States census, drops below the numerical requirement for such class, it becomes a city of second class. State ex rel. Cashman v. Carmean, 138 Neb. 819, 295 N.W. 801 (1941).

Cities of the first class, which adopt a ''home rule'' charter, possess no power to remit or cancel interest or penalties on special taxes, though such cities have power to sue and be sued, to make contracts and do all acts in relation to property and concerns of the city, necessary to exercise its corporate functions. Falldorf v. City of Grand Island, 138 Neb. 212, 292 N.W. 598 (1940).

City has authority, by ordinance, to make all rules and regulations, not inconsistent with state laws, as are expedient, but council's discretion in such matters must be exercised, in a reasonable and not an arbitrary and discriminating manner. State ex rel. Andruss v. Mayor & Council of City of North Platte, 120 Neb. 413, 233 N.W. 4 (1930).

The city's allowance of a claim will not be set aside by suit of a taxpayer, where the city retains the property, though the manner of entering into said contract was irregular and defective, and where there was no fraud, or lack of consideration. Stickel Lumber Co. v. City of Kearney, 103 Neb. 636, 173 N.W. 595 (1919).

Municipality possesses only such powers as are expressly conferred by statute, or as are necessary to carry into effect the powers enumerated. State ex rel. Ransom v. Irey, 42 Neb. 186, 60 N.W. 601 (1894).

16-202 Real estate; conveyance; how effected; remonstrance; procedure; hearing.

The power to sell and convey any real estate owned by the city, including park land, except real estate used in the operation of public utilities and except real estate for state armory sites for the use of the State of Nebraska as expressly provided in section 16-201, shall be exercised by ordinance directing the conveyance of such real estate and the manner and terms thereof. Notice of such sale and the terms thereof shall be published for three consecutive weeks in a legal newspaper published in or of general circulation in such city immediately after the passage and publication of such ordinance.

If within thirty days after the passage and publication of such ordinance a remonstrance against such sale is signed by registered voters of the city equal in number to thirty percent of the registered voters of the city voting at the last regular municipal election held therein and is filed with the governing body of such city, the property shall not then, nor within one year thereafter, be sold. If the date for filing the remonstrance falls upon a Saturday, Sunday, or legal holiday, the signatures shall be collected within the thirty-day period, but the filing shall be considered timely if filed or postmarked on or before the next business day. Upon the receipt of the remonstrance, the governing body of such city, with the aid and assistance of the election commissioner or county clerk, shall determine the validity and sufficiency of signatures on the remonstrance. The governing body of such city shall deliver the remonstrance to the election commissioner or county clerk by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. Upon receipt of the remonstrance, the election commissioner or county clerk shall issue to the governing body a written receipt that the remonstrance is in the custody of the election commissioner or county clerk. The election commissioner or county clerk shall compare the signature of each person signing the remonstrance with the voter registration records to determine if each signer was a registered voter on or before the date on which the remonstrance was filed with the governing body. The election commissioner or county clerk shall also compare the signer's printed name, street and number or voting precinct, and city, village, or post office address with the voter registration records to determine whether the signer was a registered voter. The signature and address shall be presumed to be valid only if the election commissioner or county clerk determines that the printed name, street and number or voting precinct, and city, village, or post office address matches the registration records and that the registration was received on or before the date on which the remonstrance was filed with the governing body. The determinations of the election commissioner or county clerk may be rebutted by any credible evidence which the governing body finds sufficient. The express purpose of the comparison of names and addresses with the voter registration records, in addition to helping to determine the validity of the remonstrance, the sufficiency of the remonstrance, and the qualifications of the signer, shall be to prevent fraud, deception, and misrepresentation in the remonstrance process. Upon completion of the comparison of names and addresses with the voter registration records, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name and address of each signer found not to be a registered voter and the signature page number and line number where the name is found, and if the reason for the invalidity of the signature or address is other than the nonregistration of the signer, the election commissioner or county clerk shall set forth the reason for the invalidity of the signature. If the election commissioner or county clerk determines that a signer has affixed his or her signature more than once to the remonstrance and that only one person is registered by that name, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name of the duplicate signature and shall count only the earliest dated signature. The election commissioner or county clerk shall certify to the governing body the number of valid signatures necessary to constitute a valid remonstrance. The election commissioner or county clerk shall deliver the remonstrance and the certifications to the governing body within forty days after the receipt of the remonstrance from the governing body. The delivery shall be by hand carrier, by use of law enforcement officials, or by

certified mail, return receipt requested. Not more than twenty signatures on one signature page shall be counted.

The governing body shall, within thirty days after the receipt of the remonstrance and certifications from the election commissioner or county clerk, hold a public hearing to review the remonstrance and certifications and receive testimony regarding them. The governing body shall, following the hearing, vote on whether or not the remonstrance is valid and shall uphold the remonstrance if sufficient valid signatures have been received.

16-203 Property tax; levy; amount.

A city of the first class may levy taxes for general revenue purposes in any one year, not exceeding forty-two cents on each one hundred dollars upon the taxable value of all the taxable property in the limits of such city. This section shall not be construed so as to affect the limitation on maximum annual levies for all municipal purposes in the city in any one year as set forth in section 16-702.

In absence of a limitation in the act granting it authority to issue bonds, the city has power to levy sufficient taxes to pay the same, and a judgment against the city for the amount of the bonds, puts the question of authority to levy the tax to pay such bonds to rest, and mandamus will enforce such levy. United States ex rel. Masslich v. Saunders, 124 F. 124 (8th Cir. 1903).

16-204 Other taxes; power to levy.

A city of the first class may levy any other tax or special assessment authorized by law, and appropriate money and provide for the payment of the debts and expenses of the city.

While the burden is upon he who denies a lien for general taxes, to prove them void, yet he who seeks to enforce a lien for special taxes, has the burden of proving their validity. Farmer L. & T. Co. v. Hastings, 2 Neb. Unof. 337, 96 N.W. 104 (1902).

In absence of limitation in the act granting it authority to issue bonds, the city has power to levy sufficient taxes to pay the same, and a judgment against the city for the amount of the bonds, puts the question of authority to levy the tax to pay such bonds to rest, and mandamus will enforce such levy. United States ex rel. Masslich v. Saunders, 124 F. 124 (8th Cir. 1903).

16-205 License or occupation tax; power to levy; exceptions.

A city of the first class may raise revenue by levying and collecting a license or occupation tax on any person, partnership, limited liability company, corporation, or business within the limits of the city and to regulate same by ordinance. All such taxes shall be uniform in respect to the class upon which they are imposed. All scientific and literary lectures and entertainments shall be

exempt from such taxation as well as concerts and all other musical entertainments given exclusively by the citizens of the city.

City of the first class may impose an excise, license, or occupation tax upon a given class of business, when such tax is definite, reasonable, and uniform. Gooch Food Products Co. v. Rothman, 131 Neb. 523, 268 N.W. 468 (1936).

City by ordinance may levy and collect an occupation tax from a telegraph company though part of its business is interstate, and such tax is not measured by the profits thereof. City of Grand Island v. Postal Telegraph Cable Co., 92 Neb. 253, 138 N.W. 169 (1912).

A property tax, based upon the value of a corporate franchise, and an occupation tax based upon gross earning of such company, are in nowise identical and do not constitute double taxation. Lincoln Traction Co. v. City of Lincoln, 84 Neb. 327, 121 N.W. 435 (1909).

Where a city ordinance imposes an occupation tax, and provides a special means of enforcing it, such method is generally exclusive, and if the only method is illegal, the ordinance as a whole is inoperative as the courts will not substitute a different and legal method of enforcement. City of Omaha v. Harmon, 58 Neb. 339, 78 N.W. 623 (1899).

Under prior act an ordinance for an occupation tax on a telegraph company doing both inter and intrastate business from within the city is valid and will be presumed to be a tax on that part of such business, as is intrastate, unless the act imposes such tax on the gross income. Western Union Telegraph Co. v. City of Fremont, 39 Neb. 692, 58 N.W. 415, 26 L.R.A. 698 (1894).

Statutory provision authorizing cities to levy and collect occupation taxes is not repugnant to the Constitution, and while a provision making it a misdemeanor to conduct business, without first obtaining a license, and declaring a penalty or imprisonment, for such failure, is void, yet so much of the theory as fixes a civil liability is unaffected and valid. Templeton v. City of Tekamah, 32 Neb. 542, 49 N.W. 373 (1891).

The levy and collection of an occupation tax are not repugnant to the terms of the Constitution. Magneau v. City of Fremont, 30 Neb. 843, 47 N.W. 280 (1890), 9 L.R.A. 786 (1890), 27 A.S.R. 436 (1890).

Cities and villages may impose an occupation tax on liquor dealers, but a municipality may not make payment of such tax a condition precedent to the issuance of a license. State ex rel. Sage v. Bennett, 19 Neb. 191, 26 N.W. 714 (1886).

16-206 Dogs and other animals; regulation; license tax; enforcement.

A city of the first class may collect a license tax from the owners and harborers of dogs and other animals in an amount which shall be determined by the governing body of such city and enforce the same by appropriate penalties. Any licensing provision shall comply with subsection (2) of section 54-603 for dog guides, hearing aid dogs, and service dogs. The city may cause the destruction of any dog or other animal, for which the owner or harborer shall refuse or neglect to pay such license tax. It may regulate, license, or prohibit the running at large of dogs and other animals and guard against injuries or annoyances therefrom and authorize the destruction of the same when running at large contrary to the provisions of any ordinance.

16-207 Streets and sidewalks; regulation; declaration of nuisance; procedure.

A city of the first class may by ordinance provide for the removal of all obstructions from the sidewalks, curbstones, gutters, and crosswalks at the expense of the owners or occupants of the grounds fronting thereon or at the expense of the person placing the same there and may require and regulate the planting and protection of shade trees in the streets and along the same and the trimming and removing of the same.

A city of the first class may by ordinance declare it to be a nuisance for a property owner to permit, allow, or maintain any dead or diseased trees within the right-of-way of streets within the corporate limits of the city. Notice to abate and remove such nuisance and notice of the right to a hearing and the manner in which it may be requested shall be given to each owner or owner's duly authorized agent and to the occupant, if any, by personal service or certified

mail. Within thirty days after the receipt of such notice, if the owner or occupant of the lot or piece of ground does not request a hearing or fails to comply with the order to abate and remove the nuisance, the city may have such work done and may levy and assess all or any portion of the costs and expenses of the work upon the lot or piece of ground so benefited in the same manner as other special taxes for improvements are levied and assessed.

The city may also regulate the building of bulkheads, cellars, basements, ways, stairways, railways, windows, doorways, awnings, hitching posts and rails, lampposts, awning posts, and all other structures projecting upon or over any adjoining excavation through and under the sidewalks in the city.

16-208 Repealed. Laws 1980, LB 741, § 1.

16-209 Transportation of freight; regulation.

A city of the first class by ordinance may regulate the transportation of articles through the streets, and prevent injuries to the streets from overloaded vehicles.

16-210 Streets and sidewalks; use; safety regulations.

A city of the first class may prevent and remove all encroachments into and upon all sidewalks, streets, avenues, alleys, and other city property, and prevent and punish all horseracing, fast driving or riding in the streets, highways, alleys, bridges or places in the city, and all games, practices or amusements therein likely to result in damage to any person or property. It may regulate, prevent, and punish the operation of vehicles or the riding, driving or passing of animals over or upon any streets or sidewalks of the city; regulate and prevent the use of streets, sidewalks, and public grounds for signs, sign posts, awnings, telegraph, telephone or other poles, racks, bulletin boards, and the posting of handbills and advertisements; regulate traffic and sale upon the streets, sidewalks and public places; punish and prohibit cruelty to animals; and regulate and prevent the moving of buildings through or upon the streets.

Where the Legislature has provided a limitation upon the speed of vehicles, the city, by ordinance, may make further restrictions, if the same are reasonable and made necessary by the circumstances, and such ordinances do not prohibit or restrict the free use of the streets. Christensen v. Tate, 87 Neb. 848, 128 N.W. 622 (1910).

Prior to the enactment of this section in 1901, the fee of the streets was in the city in trust for public use, and such city could not sell or permanently obstruct them, without compensation being paid owners of property specially injured thereby. Omaha & R. V. R. R. Co. v. Rogers, 16 Neb. 117, 19 N.W. 603 (1884); Burlington & M. R. R. Co. v. Reinhackle, 15 Neb. 279, 18 N.W. 69 (1883), 48 Am. R. 342 (1883).

A purchaser of a tract by metes and bounds is not entitled to an injunction to restrain claimant from enclosing an alley, where the addition from which purchaser obtained his tract, was not platted, dedicated nor conveyed to public. Bushman v. Gibson, 15 Neb. 676, 20 N.W. 106 (1884).

Court will not by mandamus compel city to remove building temporarily placed in the street, which placement was reasonable and necessary for the erection of a building upon an adjoining lot, provided, the obstruction was not unreasonably prolonged. State ex rel. Beatty v. City of Omaha, 14 Neb. 265, 15 N.W. 210 (1883), 45 Am. R. 108 (1883).

City is primarily liable for injury, though it has recourse from owner, where owner let a contract for excavation of a sidewalk space, and where by reason of the acts of negligence of the contractor in making such excavation, the plaintiff was injured. Palmer v. City of Lincoln, 5 Neb. 136, 25 Am. R. 470 (1876).

16-211 Railroads; depots; power to regulate.

A city of the first class by ordinance may regulate levees, depots, depot grounds, and places for storing freight and goods, and provide for and regulate the passage of railways through the streets and public grounds of the city, reserving the rights of all persons injured thereby.

16-212 Railroads; safety regulations; power to prescribe.

A city of the first class by ordinance may regulate the crossing of railway tracks and provide precautions and prescribe rules regulating the same; regulate the running of railway engines, cars, and trucks within the limits of said city, and prescribe rules relating thereto, and govern the speed thereof; and make other and further provisions, rules, and restrictions to prevent accidents at the crossings and on the tracks of railways, and to prevent fires from engines. It may regulate and prescribe the manner of running street cars, require the heating and cleaning of same, and fix and determine the fare charged; require the lighting of any railways within the city, the cars of which are propelled by steam, in such manner as they shall prescribe, and fix and determine the number, style, and size of the lampposts, burners, lamps, and all other fixtures and apparatus necessary for such lighting, and the points of location for such lampposts; and in case the company owning or operating such railways shall fail to comply with such requirements, the council may cause the same to be done by giving notice of the same and may assess the expense thereof against such company, and the same shall constitute a lien on any real estate belonging to such company, and lying within said city, and may be collected in the same manner as taxes for general purposes. The city may require railroad companies to keep flagmen at all railroad crossings of streets, and provide protection against injury to persons and property in the use of such railroads; compel any railroad to raise or lower their railroad tracks to conform to the general grade, which may at any time be established by such city, and where such tracks run lengthwise through or over any street, alley or highway, to keep the same level with the street surface; compel and require railroad companies to keep open the streets, and to construct and keep in repair ditches, drains, sewers and culverts, along and under their railroad tracks, and to pave their whole right-of-way on all paved streets, and keep the same in repair.

16-214 Bonds; refunding indebtedness; rate of interest.

A city of the first class by ordinance may provide for issuing bonds, for the purpose of funding any and all indebtedness of the city, due or to become due. Floating indebtedness shall be funded only by authority of a vote of the people, but the mayor and council may by a two-thirds vote issue bonds to pay off any bonded debt without a vote of the people.

Strict compliance with all the prerequisites of the statute must be shown before mandamus will compel Auditor of Public Accounts to register a bond issue, and where notice of bond election was given for twenty days and statute requires four weeks, such notice is not sufficient. State ex rel. City of Fremont v. Babcock, 25 Neb. 500, 41 N.W. 450 (1889).

16-215 Bonds; sinking fund; authorized; tax to retire bonds.

A city of the first class may make provision for a sinking fund to pay accruing interest and to pay at maturity the principal of the bonded indebtedness of the city, levy and collect taxes on all the taxable property in the city, in addition to other taxes, for the purpose of paying the same, and provide that the tax shall be paid in cash.

16-216 Special elections; authorized; regulation.

A city of the first class may provide for the holding and regulation of special elections, the return and canvass of votes cast thereat, and pay the expenses of the same.

Source: Laws 1901, c. 18, § 48, XXI, p. 250; R.S.1913, § 4832; C.S.1922, § 4000; C.S.1929, § 16-217.

In absence of a limitation in the act granting it authority to issue bonds, the city has power to levy sufficient taxes to pay the same, and a judgment against the city for the amount of the bonds puts the question of authority to levy the tax to pay such bonds to rest, and mandamus will enforce such levy. United States ex rel. Masslich v. Saunders, 124 F. 124 (8th Cir. 1903).

16-217 Officers; removal; vacancies; how filled.

A city of the first class by ordinance may provide for the removal of elective officers of the city for misconduct. The city may create any office that it deems necessary for the good government and interest of the city. The city may provide for filling vacancies which occur in any elective office, except the mayor or member of the city council, by appointment by the mayor with the consent of the council to hold his or her office for the unexpired term. Whenever the city council fails to consent to any appointment made under this section by the mayor by the close of the second regular council meeting following the announcement of the appointment, the vacancy shall be filled by a special election to be held as prescribed by ordinance in the ward in which such vacancy exists. A vacancy in the office of the mayor or on the city council shall be filled as provided in section 32-568.

Courts by injunction will prevent a village from accumulating surface waters upon its site or any portion thereof and discharging it by ditches upon lands of another. Andrews v. Village of Steele City, 2 Neb. Unof. 676, 89 N.W. 739 (1902).

16-222 Fire department; establishment authorized; fire prevention; regulations.

A city of the first class may provide for the organization and support of a fire department; procure fire engines, hooks, ladders, buckets and other apparatus;

organize fire engine, hook and ladder, and bucket companies, and prescribe rules for duty and the government thereof, with such penalties as the council may deem proper, not exceeding one hundred dollars; make all necessary appropriations therefor; and establish regulations for the prevention and extinguishment of fires. It may prescribe limits within which no building shall be constructed except of brick, stone or other incombustible material, with fireproof roof, and impose a penalty for the violation of such ordinance. It may cause the destruction or removal of any building constructed or repaired in violation of such ordinance, and after such limits are established no special permits shall be given for the erection or repairing of buildings of combustible material. It may regulate the construction and inspection of, and order the suppression of and cleaning of fireplaces, chimneys, stoves, stovepipes, ovens, boilers, kettles, forges or any apparatus used in any building, manufactory or business which may be dangerous in causing or promoting fires, and prescribe limits within which dangerous or obnoxious and offensive business may be carried on.

16-230 Drainage; nuisance; weeds; litter; removal; notice; action by city council; violation; penalty; civil action.

(1) A city of the first class by ordinance may require lots or pieces of ground within the city or within two miles of the corporate limits of the city to be drained or filled so as to prevent stagnant water or any other nuisance accumulating thereon. It may require the owner or occupant of all lots and pieces of ground within the city to keep the lots and pieces of ground and the adjoining streets and alleys free of any growth of twelve inches or more in height of weeds, grasses, or worthless vegetation, and it may prohibit and control the throwing, depositing, or accumulation of litter on any lot or piece of ground within the city.

(2) Any city of the first class may by ordinance declare it to be a nuisance to permit or maintain any growth of twelve inches or more in height of weeds, grasses, or worthless vegetation or to litter or cause litter to be deposited or remain thereon except in proper receptacles.

(3) Any owner or occupant of a lot or piece of ground shall, upon conviction of violating such ordinance, be guilty of a Class V misdemeanor.

(4) Notice to abate and remove such nuisance shall be given to each owner or owner's duly authorized agent and to the occupant, if any, by personal service or certified mail. If notice by personal service or certified mail is unsuccessful, notice shall be given by publication in a newspaper of general circulation in the city or by conspicuously posting the notice on the lot or ground upon which the nuisance is to be abated and removed. Within five days after receipt of such notice or publication or posting, whichever is applicable, if the owner or occupant of the lot or piece of ground does not request a hearing with the city or fails to comply with the order to abate and remove the nuisance, the city may have such work done. The costs and expenses of any such work shall be paid by the owner. If unpaid for two months after such work is done, the city may either (a) levy and assess the costs and expenses of the work upon the lot or piece of ground so benefited in the same manner as other special taxes for improvements are levied and assessed or (b) recover in a civil action the costs and expenses of the work upon the lot or piece of ground and the adjoining streets and alleys.

(5) For purposes of this section:

(a) Litter includes, but is not limited to: (i) Trash, rubbish, refuse, garbage, paper, rags, and ashes; (ii) wood, plaster, cement, brick, or stone building

rubble; (iii) grass, leaves, and worthless vegetation; (iv) offal and dead animals; and (v) any machine or machines, vehicle or vehicles, or parts of a machine or vehicle which have lost their identity, character, utility, or serviceability as such through deterioration, dismantling, or the ravages of time, are inoperative or unable to perform their intended functions, or are cast off, discarded, or thrown away or left as waste, wreckage, or junk; and

(b) Weeds includes, but is not limited to, bindweed (Convolvulus arvensis), puncture vine (Tribulus terrestris), leafy spurge (Euphorbia esula), Canada thistle (Cirsium arvense), perennial peppergrass (Lepidium draba), Russian knapweed (Centaurea picris), Johnson grass (Sorghum halepense), nodding or musk thistle, quack grass (Agropyron repens), perennial sow thistle (Sonchus arvensis), horse nettle (Solanum carolinense), bull thistle (Cirsium lanceolatum), buckthorn (Rhamnus sp.) (tourn), hemp plant (Cannabis sativa), and ragweed (Ambrosiaceae).

16-233 Public buildings; safety regulations; licensing; violations; penalty.

A city of the first class may regulate, license or suppress halls, opera houses, places of amusement, entertainment or instruction, or other buildings except churches and schools used for the assembly of citizens, and cause them to be provided with sufficient and ample means of exit and entrance, and to be supplied with necessary and appropriate appliances for the extinguishment of fire and for escape from such places in case of fire, and prevent overcrowding;

and regulate the placing and use of seats, chairs, benches, scenery, curtains, blinds, screens or other appliances therein. It may provide that for any violation of any such regulation a penalty of two hundred dollars shall be imposed, and upon conviction of any such licensees of any violation of any ordinance regulating such places, the license of any such place shall be revoked by the mayor and council. Whenever the mayor and council shall by resolution declare any such place to be unsafe, the license thereof shall be thereby revoked; and the council may provide that in any case where they have so revoked a license, any owner, proprietor, manager, lessee or person opening, using or permitting such place to be opened or used for any purpose involving the assemblage of more than twelve persons, shall upon conviction thereof be deemed guilty of a misdemeanor, and fined in any sum not exceeding two hundred dollars.

The right to enact ordinances regulating auction sales within the corporate limits is conferred by this section, but ordinance enacted cannot place arbitrary and unreasonable restrictions on the conduct of lawful business. Webber v. City of Scottsbluff, 141 Neb. 363, 3 N.W.2d 635 (1942).

16-238 Spread of disease; regulation; board of health; creation; powers; duties.

A city of the first class may make regulations to prevent the introduction and spread of contagious, infectious, or malignant diseases into the city. In cities with a commission form of government as provided in Chapter 19, article 4, and cities with a city manager plan of government as provided in Chapter 19, article 6, a board of health shall be created consisting of five members: The mayor, who shall be chairperson, a physician, who shall be medical adviser, the chief of police, who shall be secretary and quarantine officer, and two other members. In all other cities, a board of health shall be created consisting of five members: The mayor, who shall be chairperson, a physician, who shall be medical adviser, the chief of police, who shall be secretary and quarantine officer, the president of the council, and one other member. A majority of such board shall constitute a quorum and shall enact rules and regulations, having the force and effect of law, to safeguard the health of the people of such city and prevent nuisances and unsanitary conditions, enforce the same, and provide fines and punishments for the violation thereof.

16-242 Cemeteries; maintenance; funds; how used.

(1) A city of the first class may survey, plat, map, grade, fence, ornament, and otherwise improve all burial and cemetery grounds and avenues leading thereto owned by such city. It may construct walks, rear and protect ornamental trees therein, and provide for paying the expenses thereof.

(2) After the burial and cemetery grounds are fully paid for, the city may set aside the proceeds of the sale of lots as a perpetual fund to be invested as provided by ordinance. The income from the fund shall be used for the care, ornamentation, or maintenance of such lots or the cemetery in general. The principal of the perpetual fund may be used for the purchase and development of additional land to be used for cemetery purposes as long as no more than twenty-five percent of the principal is so used in any fiscal year and no more than thirty-five percent of the principal is so used in any period of ten consecutive fiscal years.

(3) The city may receive money by donation, bequest, or otherwise to be held in trust in perpetuity to be invested as provided by ordinance or conditioned by the donor. The income therefrom shall be used for the care, ornamentation, and maintenance of such property as the donor may designate. The principal therefrom may be used for the purchase and development of additional land to be used for cemetery purposes as the donor may designate as long as no more than twenty-five percent of the principal is so used in any fiscal year and no more than thirty-five percent of the principal is so used in any period of ten consecutive fiscal years.

(4) The city treasurer shall be the custodian of such funds, and the same shall be invested by a board composed of the mayor, city treasurer, and city clerk.

(5) This section does not limit the use of any money that comes to the city by donation, bequest, or otherwise that is not designated to be credited to the perpetual fund or that allows greater use for purchase or development of additional land to be used for cemetery purposes.

16-243 Cemeteries; lots; how conveyed; title.

A city of the first class may convey cemetery lots owned by such city, by certificates signed by the mayor and countersigned by the clerk under the seal of the city specifying that the person to whom the same is issued is the owner of the lot or lots described therein by number as laid down on such plat or map, for the purpose of interment. Such certificate shall vest in the proprietor, his or her heirs and assigns, a right in fee simple of such lot for the sole purpose of interment, under the regulations of the city council. Such certificates shall be entitled to be recorded in the office of the register of deeds of the proper county without further acknowledgment, and such description of lots shall be deemed and recognized as a sufficient description thereof.

16-246 General ordinances; authorized; jurisdiction.

A city of the first class may make all such ordinances, bylaws, rules, regulations, and resolutions not inconsistent with the general laws of the state as may be necessary or expedient, in addition to the special powers otherwise granted by law, for maintaining the peace, good government, and welfare of the city and its trade, commerce, and manufactures, for preserving order and securing persons or property from violence, danger, and destruction, for protecting public and private property, and for promoting the public health, safety, convenience, comfort, and morals and the general interests and welfare of the inhabitants of the city. It may impose fines, forfeitures, penalties, and imprisonment at hard labor for the violation of any ordinance; provide for the recovery, collection, and enforcement of such fines, forfeitures, or penalties; and, in default of payment, provide for confinement in the city or county prison, workhouse, or other place of confinement with or without hard labor as may be provided by ordinance. The jurisdiction of the city to enforce such

ordinances, bylaws, rules, regulations, and resolutions shall extend over the city and over all places within two miles of the corporate limits of the city.

Standard Oil Company v. City of Kearney, 106 Neb. 558, 184 N.W. 109 (1921).

16-247 Ordinances; revision; publication.

A city of the first class may revise the ordinances of the city from time to time and publish the same in pamphlet or book form. Such revision shall be by one ordinance, embracing all ordinances preserved as changed or added to and perfected by revision, and shall embrace all the ordinances of every nature preserved, and be a repeal of all ordinances in conflict with such revision; but all ordinances then in force shall continue in force after such revision for the purpose of all rights acquired, fines, penalties, forfeitures, and liabilities incurred, and actions therefor. The only title necessary for such revision and repeal shall be An ordinance to revise all the ordinances of the city of ....., and sections and chapters may be used instead of numbers, and original titles need not be preserved, nor signature of the mayor.

16-249 Streets, alleys, bridges, and sewers; construction and maintenance.

A city of the first class may provide for the grading, repairing, and sprinkling of any street, avenue or alley, and the construction of bridges, culverts and sewers, and shall defray the repairs of the same out of the proper fund of such city; but no street shall be graded except the same be ordered done by the affirmative vote of two-thirds of the city council. On written petition of not less than one-half the owners of street front of the land fronting on any street or any specified part thereof, the mayor and council may order such street or any specified part thereof to be sprinkled with water at such time or times as the council may deem proper. Such sprinkling shall be done by contract awarded to the lowest responsible bidder in each case, and for the entire city or specified district thereof. To pay the expenses of such sprinkling the council may make special assessments upon the lands abutting upon such street or specified part

thereof either on the valuation thereof, as listed for taxation, or by foot front. Such assessment shall be collected by special taxation.

16-304 Council; members; bond or insurance; payment of premium; amount; conditions.

Each council member, before entering upon the duties of his or her office, shall be required to give bond or evidence of equivalent insurance to the city. The bond shall be with two or more good and sufficient sureties or some responsible surety company. If by two sureties, they shall each justify that he or she is worth at least two thousand dollars over and above all debts and exemptions. Such bonds or evidence of equivalent insurance shall be in the sum of one thousand dollars and shall be conditioned for the faithful discharge of the duties of the council member giving such bond or insurance, and shall be further conditioned that if the council member shall vote for any expenditure or appropriation of money or creation of any liability in excess of the amount allowed by law, such council member, and the sureties signing such bond, shall be liable thereon. The bond shall be filed with the city clerk and approved by the mayor, and upon the approval, the city may pay the premium for such bond. Any liability sought to be incurred, or debt created in excess of the amount limited or authorized by law, shall be taken and held by every court of the state as the joint and several liability and obligation of the council member voting for and the mayor approving such liability, obligation, or debt, and not the debt, liability, or obligation of the city. Voting for or approving of such liability, obligation, or debt shall be conclusive evidence of malfeasance in office for which such council member or mayor may be removed from office.

16-305 Officers and employees; merger of offices or employment; salaries.

All officers and employees of the city shall receive such compensation as the mayor and council may fix at the time of their appointment or employment, subject to the limitations set forth in this section. The local governing body of the city may at its discretion by ordinance combine and merge any elective or appointive office or employment or any combination of duties of any such offices or employments, except mayor and council member, with any other elective or appointive office or employment so that one or more of such offices or employments or any combination of duties of any such offices or employments may be held by the same officer or employee at the same time. The city manager in a city under the city manager plan of government as provided in Chapter 19, article 6, may in his or her discretion combine and merge any elective or appointive office or employment or any combination of duties of any such offices or employments, except mayor and council member, with any other elective or appointive office or employment so that one or more of such offices or employments or any combination of duties of any such offices or employments may be held by the same officer or employee at the same time. The offices or employments so merged and combined shall always be construed

to be separate, and the effect of the combination or merger shall be limited to a consolidation of official duties only. The salary or compensation of the officer or employee holding the merged and combined offices or employments or offices and employments shall not be in excess of the maximum amount provided by law for the salary or compensation of the office, offices, employment, or employments so merged and combined.

16-308 Administrator, departments, and other appointed officers; enumerated; appointment and removal.

Each city of the first class shall have such departments and appointed officers as shall be established by ordinance passed by the city council, which shall include a city clerk, treasurer, engineer and attorney, and such officers as may otherwise be required by law. Except as provided in Chapter 19, article 6, the mayor may, with the approval of the city council, appoint the necessary officers, as well as an administrator, who shall perform such duties as prescribed by ordinance. Except as provided in Chapter 19, article 6, the appointed officers may be removed at any time by the mayor with approval of a majority of the council. The office of administrator may not be held by the mayor. The appointed administrator may concurrently hold any other appointive office provided for in this section and section 16-325.

16-313 Mayor; veto power; passage over veto.

The mayor shall have the power to approve or veto any ordinance passed by the city council, and to approve or veto any order, bylaw, resolution, award of or vote to enter into any contract, or the allowance of any claim; *Provided,* any ordinance, order, bylaw, resolution, award or vote to enter into any contract, or the allowance of any claim vetoed by the mayor, may be passed over his veto by a vote of two-thirds of all the members elected to the council, notwithstanding his veto. If the mayor neglects or refuses to sign any ordinance, order, bylaw, resolution, award or vote to enter into any contract, or the allowance of any claim, and returns the same with his objection in writing at the next regular meeting of the council, the same shall become a law without his signature. The mayor may veto any item or items of any appropriation bill, and approve the remainder thereof, and the item or items so vetoed may be passed by the council over the veto as in other cases.

16-317 City clerk; duties; bond record; annual report.

The city clerk shall have the custody of all laws and ordinances, and shall keep a correct journal of the proceedings of the council; *Provided,* that after the period of time specified by the State Records Administrator pursuant to sections 84-1201 to 84-1220, the city clerk may transfer such journal of the proceedings of the council to the State Archives of the Nebraska State Historical Society, for permanent preservation. He shall also keep a record of all outstanding bonds against the city, showing the number and amount of each, for and to whom said bonds were issued; and when any bonds are purchased, or paid, or canceled, said record shall show the fact. In his annual report he shall describe particularly the bonds issued and sold during the year, and the terms of sale, with every item of expense thereof. He shall also perform such other duties as may be required by the ordinances of the city. He shall also make at the end of each month a report showing the amount appropriated to each fund, and the whole amount of warrants drawn thereon.

16-318 City treasurer; bond or insurance; premium; duties; reports.

The treasurer shall be required to give bond or evidence of equivalent insurance of not less than twenty-five thousand dollars, or he or she may be required to give bond in double the sum of money estimated by the council at any time to be in his or her hands belonging to the city and school district, and he or she shall be the custodian of all money belonging to the corporation. The city council shall pay the actual premium of the bond or insurance coverage of such treasurer. The treasurer shall keep a separate account of each fund or appropriation and the debts and credits belonging thereto. He or she shall give every person paying money into the treasury a receipt therefor, specifying date of payment and on what account paid. He or she shall also file copies of such receipts, except tax receipts, with his or her monthly reports, and he or she shall at the end of every month, and as often as may be requested, render an account to the city council, under oath, showing the state of the treasury at the date of such account, the amount of money remaining in each fund and the amount paid therefrom, and the balance of money in the treasury. He or she shall also accompany such account with a statement of all receipts and disbursements, together with all warrants redeemed and paid by him or her, which warrants, with all vouchers held by him or her, shall be filed with his or her account in the clerk's office. He or she shall produce and show all funds shown by such report to be on hand, or satisfy the council or its committee that he or she has such funds in his or her custody or under his or her control. If the treasurer fails to render his or her account within twenty days after the end of the month, or by a later date established by the council, the mayor with the consent of the council may consider this failure as cause to remove the treasurer from office. The treasurer may employ and appoint a delinquent tax collector, who shall be allowed a percent upon his or her collections to be fixed by the council not to exceed the fees allowed by law to the county treasurer for like services, and upon taxes collected by such delinquent tax collector the city

treasurer shall receive no fees. The city treasurer shall prepare all paving and curbing tax lists and shall collect all paving and curbing taxes.

16-318.01 City clerk; city treasurer; offices combined; duties; salary.

Cities of the first class may by ordinance combine the offices of clerk and treasurer and provide for the payment of a salary to the person holding such combined offices. Such salary shall not be in excess of the maximum amount provided by law for the salary of the clerk in such city plus the maximum amount provided by law for the salary of the treasurer in such a city. When these offices are so combined, the duties of the treasurer shall be performed by the clerk.

16-319 City attorney; duties; compensation; additional legal assistance.

The city attorney shall be the legal advisor of the council and city officers. The city attorney shall commence, prosecute, and defend all suits and actions necessary to be commenced, prosecuted, or defended on behalf of the city, or that may be ordered by the council. He shall attend meetings of the council and give them his opinion upon any matters submitted to him, either orally or in writing as may be required. The mayor and city council shall have the right to pay the city attorney additional compensation for legal services performed by him for the city or to employ additional legal assistance and to pay for such legal assistance out of the funds of the city. Whenever the mayor and city council have by ordinance so authorized, the board of public works shall have the right to pay the city attorney additional compensation for legal services performed by him for it or to employ additional legal assistance other than the city attorney and pay such legal assistance out of funds disbursed under the orders of the board of public works.

Appointment of a board of public works is entirely optional. State ex rel. City of Grand Island v. Union Pacific R. R. Co., 152 Neb. 772, 42 N.W.2d 867 (1950).

16-321 City engineer; public works; prepare estimate of cost; board of public works; powers; contracts; procedure; city council; powers and duties; public emergency.

(1) The city engineer shall, when requested by the mayor or city council, make estimates of the cost of labor and material which may be done or furnished by contract with the city and make all surveys, estimates, and calculations necessary to be made for the establishment of grades, the building of culverts, sewers, electric light system, waterworks, power plant, public heating system, bridges, curbing, and gutters, the improvement of streets, and the erection and repair of buildings and shall perform such other duties as the council may require. When the city has appointed a board of public works, and the mayor and city council have by ordinance so authorized, such board may utilize its own engineering staff and may hire consulting engineers for the design and installation of extensions and improvements of the works under the jurisdiction of the board of public works. Whenever the mayor and city council have authorized the same, the board of public works may purchase material and employ labor for the enlargement or improvement of the systems and works under the jurisdiction of the board.

(2) Except as provided in section 18-412.01, no contract for enlargement or general improvements, such as water extensions, sewers, public heating system, bridges, work on streets, or any other work or improvement when the cost of such improvement is assessed to the property, costing over twenty thousand dollars shall be made unless it is first approved by the city council.

(3) Except as provided in section 18-412.01, before the city council makes any contract in excess of twenty thousand dollars for enlargement or general improvements, such as water extensions, sewers, public heating system, bridges, work on streets, or any other work or improvement when the cost of such enlargement or improvement is assessed to the property, an estimate of the cost shall be made by the city engineer and submitted to the council. In advertising for bids as provided in subsections (4) and (6) of this section, the council may publish the amount of the estimate.

(4) Advertisements for bids shall be required for any contract costing over twenty thousand dollars entered into (a) for enlargement or general improvements, such as water extensions, sewers, public heating system, bridges, work on streets, or any other work or improvement when the cost of such enlargement or improvement is assessed to the property, or (b) for the purchase of equipment used in the construction of such enlargement or general improvements.

(5) A municipal electric utility may enter into a contract for the enlargement or improvement of the electric system or for the purchase of equipment used for such enlargement or improvement without advertising for bids if the price is: (a) Twenty thousand dollars or less; (b) forty thousand dollars or less and the municipal electric utility has gross annual revenue from retail sales in excess of one million dollars; (c) sixty thousand dollars or less and the municipal electric utility has gross annual revenue from retail sales in excess of five million dollars; or (d) eighty thousand dollars or less and the municipal electric utility has gross annual revenue from retail sales in excess of ten million dollars.

(6) The advertisement provided for in subsections (3) and (4) of this section shall be published at least seven days prior to the bid closing in a legal newspaper published in or of general circulation in the city. In case of a public emergency resulting from infectious or contagious diseases, destructive windstorms, floods, snow, war, or an exigency or pressing necessity or unforeseen need calling for immediate action or remedy to prevent a serious loss of, or serious injury or damage to, life, health, or property, estimates of costs and advertising for bids may be waived in the emergency ordinance authorized by section 16-405 when adopted by a three-fourths vote of the council and entered of record.

(7) If, after advertising for bids as provided in subsections (3), (4), and (6) of this section, the city council receives fewer than two bids on a contract or if the bids received by the city council contain a price which exceeds the estimated cost, the mayor and the city council may negotiate a contract in an attempt to complete the proposed enlargement or general improvements at a cost commensurate with the estimate given.

(8) If the materials are of such a nature that, in the opinion of the manufacturer and with the concurrence of the city council or board of public works, no cost can be estimated until the materials have been manufactured or assembled to the specific qualifications of the purchasing municipality, the city council or board of public works may authorize the manufacture and assemblage of such materials and may thereafter approve the estimated cost expenditure when it is provided by the manufacturer.

16-321.01 Municipal bidding procedure; waiver; when.

Any municipal bidding procedure may be waived by the city council or board of public works (1) when materials or equipment are purchased at the same price and from the same seller as materials or equipment which have formerly been obtained pursuant to the state bidding procedure in sections 81-145 to 81-162 or (2) when the contract is negotiated directly with a sheltered workshop pursuant to section 48-1503.

16-323 Chief of police; police officers; powers and duties.

The chief of police shall have the immediate superintendence of the police. He or she and the police officers shall have the power and the duty to arrest all offenders against the laws of the state or of the city, by day or by night, in the same manner as a sheriff and to keep such offenders in the city prison or other place to prevent their escape until a trial or examination may be had before the proper officer. The chief of police and police officers shall have the same power as the sheriff in relation to all criminal matters arising out of a violation of a city ordinance and all process issued by the county court in connection with a violation of a city ordinance.

16-325 Board of public works; appointment; oath; terms; duties; removal from office.

(1) There may be in each city a board of public works which shall consist of three members, each having a three-year term of office, or five members, each having a five-year term of office, the number to be set by ordinance, which members shall be residents of such city and be appointed by the mayor by and with the assent of the council. When such board is first established, one member shall be appointed for a term of one year, one for two years, and one for three years and, in the case of a five-member board, an additional member shall be so appointed for four years and another for five years. Thereafter, as their terms expire, all members shall be appointed for a full term of three or five years as the case may be. The mayor, by and with the assent of the council, shall designate one of the members of such board to be the chairperson thereof.

(2) Each of the members of the board of public works shall, before entering upon the discharge of his or her duties, take an oath to discharge faithfully the duties of the office.

(3) It shall be the duty of the board of public works to (a) make contracts on behalf of the city for the performance of all such work and erection of all such improvements in the manner provided in section 16-321, (b) superintend the performance of all such work and the erection of all such improvements, (c)

approve the estimates of the city engineer, which may be made from time to time, of the value of the work as the same may progress, (d) accept any work done or improvements made when the same shall be fully completed according to contract, subject to the approval of the mayor and council, and (e) perform such other duties as may be conferred upon such board by ordinance.

(4) Any member of the board of public works may at any time be removed from office by the mayor and a majority of the council, and the proceedings in regard thereto shall be entered in the journal of the council.

16-326 Elective officers; compensation; change during term prohibited; exception.

The emoluments of any elective officer shall not be increased or diminished during the term for which he was elected, except that when there are officers elected to the council, or to a board or commission having more than one member and the terms of one or more members commence and end at different times, the compensation of all members of such council, board, or commission may be increased or diminished at the beginning of the full term of any member thereof. No person who shall have resigned or vacated any office shall be eligible to the same during the time for which he was elected when, during the same time, the emoluments have been increased.

COUNCIL AND PROCEEDINGS

Section
16-401. Council; meetings, regular and special; quorum.
16-402. Council; president; acting president; duties.
16-403. Council; ordinances; passage; proof; publication.
16-404. Council; ordinances, resolutions, or orders; procedure for passage; vote of mayor, when; amendments; revision ordinances.
16-405. Council; ordinances; style; publication; emergency ordinances.
16-406. Council; testimony; power to compel; oaths.

16-401 Council; meetings, regular and special; quorum.

Regular meetings of the council shall be held at such times as may be fixed by ordinance and special meetings whenever called by the mayor or any four council members. A majority of all the members elected to the council shall constitute a quorum for the transaction of any business, except as otherwise required by law, but a less number may adjourn, from time to time, and compel the attendance of absent members. An affirmative vote of not less than one-half of the elected members shall be required for the transaction of any business.

Any business that might have been transacted at the regular meeting may be transacted at an adjournment thereof, where the adjournment is taken to a fixed date, unless a specified provision is made to the contrary. Ex parte Wolf, 14 Neb. 24, 14 N.W. 660 (1883).

16-402 Council; president; acting president; duties.

The council shall elect one of the council members as president of the council and he or she shall preside at all meetings of the council in the absence of the mayor. In the absence of the president, the council members shall elect one of their own body to occupy the place temporarily, who shall be styled acting president of the council. The president and acting president, when occupying the place of mayor, shall have the same privileges as other members of the council, and all acts of the president or acting president while so acting shall be as binding upon the council and upon the city as if done by the mayor.

16-403 Council; ordinances; passage; proof; publication.

All ordinances shall be passed pursuant to such rules and regulations as the council may provide, and all such ordinances may be proved by the certificate of the clerk under the seal of the city. When printed or published in book or pamphlet form and purporting to be published by authority of the city, such ordinances shall be read and received in evidence in all courts and places without further proof. The passage, approval, and publication or posting of said ordinance shall be sufficiently proved by a certificate under the seal of the city, from the clerk thereof, showing that such ordinance was passed and approved, and when and in what paper the same was published, and when and by whom and where the same was posted. When ordinances are published in book or pamphlet form, purporting to be published by authority of the city council, the same need not be otherwise published; and such book or pamphlet shall be received as evidence of the passage and legal publication of such ordinances, as of the dates mentioned in such book or pamphlet, in all courts without further proof.

16-404 Council; ordinances, resolutions, or orders; procedure for passage; vote of mayor, when; amendments; revision ordinances.

(1) All ordinances and resolutions or orders for the appropriation or payment of money shall require for their passage or adoption the concurrence of a majority of all members elected to the council. The mayor may vote on any such matter when his or her vote will provide the additional vote required to create a number of votes equal to a majority of the number of members elected to the council, and the mayor shall, for the purpose of such vote, be deemed to be a member of the council.

(2) Ordinances of a general or permanent nature shall be read by title on three different days unless three-fourths of the council members vote to suspend this requirement, except that in a city having a commission form of government such requirement may be suspended by a three-fifths majority vote. Regardless of the form of government, such requirement shall not be suspended for any ordinance for the annexation of territory. In case such requirement is suspended, the ordinances shall be read by title or number and then moved for final passage. Three-fourths of the council members may require a reading of any such ordinance in full before enactment under either procedure set out in this section, except that in a city having a commission form of government such reading may be required by a three-fifths majority vote.

(3) Ordinances shall contain no subject which is not clearly expressed in the title, and, except as provided in section 19-915, no ordinance or section thereof shall be revised or amended unless the new ordinance contains the entire ordinance or section as revised or amended and the ordinance or section so amended is repealed, except that:

(a) For an ordinance revising all the ordinances of the city, the only title necessary shall be An ordinance of the city of ....., revising all the ordinances of the city. Under such title all the ordinances may be revised in sections and

chapters or otherwise, may be corrected, added to, and any part suppressed, and may be repealed with or without a saving clause as to the whole or any part without other title; and

(b) For an ordinance used solely to revise ordinances or code sections or to enact new ordinances or code sections in order to adopt statutory changes made by the Legislature which are specific and mandatory and bring the ordinances or code sections into conformance with state law, the title need only state that the ordinance revises those ordinances or code sections affected by or enacts ordinances or code sections generated by legislative changes. Under such title, all such ordinances or code sections may be revised, repealed, or enacted in sections and chapters or otherwise by a single ordinance without other title.

(1) Payment of damages assessed for the appropriation of private property for any of the other purposes mentioned in section 19-709 may be made by the sale of the negotiable bonds of the city, and for that purpose the mayor and council shall have power to borrow money and to pledge the property and credit of the city upon its negotiable bonds or otherwise in an amount not exceeding in the aggregate two hundred thousand dollars.

(2) No such bonds, referred to in subsection (1) of this section, shall be issued by the city council until the question of issuing the same shall have been

submitted to the electors of the city at an election called and held for that purpose, notice of which election shall have been given by publication once each week three successive weeks prior thereto in some legal newspaper published in or of general circulation in such city, and a majority of the electors voting on the proposition shall have voted in favor of issuing such bonds. The proposition shall not be submitted until after the appraisers referred to in section 76-710 have made their report fixing the amount of the damages for the property appropriated. If the proposition fails to carry, it shall be equivalent to a repeal of the ordinance authorizing the appropriation proceedings, and the city shall not be bound in any way on account of the appropriation proceedings referred to in section 19-709.

(3) When the bonds, referred to in subsections (1) and (2) of this section, are for the purpose of purchasing any system or portion of a system already in existence, it shall not be necessary for the city engineer to make or the city council to adopt any plans or specifications for the work already in existence, but only for proposed changes or additional work.

(b) STREETS

16-609 Improvements; power of city.

The council shall have power to open, control, name, rename, extend, widen, narrow, vacate, grade, curb, gutter, park, and pave or otherwise to improve and control and keep in good repair and condition, in any manner it may deem proper, any street, avenue, or alley, or public park or square, or part of either, within or without the limits of the city, and it may grade partially or to the established grade, or park or otherwise improve any width or part of any such street, avenue, or alley. When the city vacates all or any portion of a street, avenue, or alley, or public park or square, or part of either, the city shall, within thirty days after the effective date of the vacation, file a certified copy of the vacating ordinance with the register of deeds for the county in which the vacated property is located to be indexed against all affected lots.

Authority is conferred on cities of the first class to regulate parking of vehicles on the street. Vap v. City of McCook, 178 Neb. 844, 136 N.W.2d 220 (1965).

Grant of power to city to curb and pave street was a delegation of police power. Hillerege v. City of Scottsbluff, 164 Neb. 560, 83 N.W.2d 76 (1957).

While authority is conferred upon the municipality to control its streets, yet the discretion must be exercised in a reasonable and not in an arbitrary and discriminatory manner. State ex rel. Andruss v. Mayor & Council of City of North Platte, 120 Neb. 413, 233 N.W. 4 (1930).

The mere establishment of grade, without alteration, creates no damage and the statute of limitations does not commence to run against property owners' right by reason thereof, until there is actual alteration. Hilger v. City of Nebraska City, 97 Neb. 268, 149 N.W. 807 (1914).

The mere filing of petitions sufficient upon their face, without proof of such allegations, is not sufficient to confer jurisdiction upon the city to make the improvements and to assess the costs upon the abutting property, where the jurisdictional facts are put in issue, and injunction will restrain the taxes therefor. City of South Omaha v. Tighe, 67 Neb. 572, 93 N.W. 946 (1903).

The duty devolves on cities and towns to keep streets and sidewalks reasonably safe and fit for travel, and such duty applies to defects in construction, as well as neglect of repair. Village of Plainview v. Mendelson, 65 Neb. 85, 90 N.W. 956 (1902).

16-609.01 Land abutting street; industrial tract or school site; improvement; agreement.

Whenever any street of any city of the first class is partly inside the city and partly outside the city, and the land outside the city abutting on such street is an industrial tract or a school site, or the property of the state or any political subdivision thereof, such street may be included in any street improvement project of the city upon the written agreement thereto of the owner or owners of such land outside the city, which agreement shall subject such land to the assessment of costs of the benefits resulting from the improvement. Except as provided in this section, any such improvement shall be subject to the provisions of sections 16-609 to 16-655.

Contract between city and state prohibiting parking on designated street was upheld. Vap v. City of McCook, 178 Neb. 844, 136 N.W.2d 220 (1965).

Duty devolving on cities and villages to keep streets and sidewalks reasonably safe and fit for travel applies to defects in construction as well as neglect to repair, and the safety required extends to travel by night as well as by day. Village of Plainview v. Mendelson, 65 Neb. 85, 90 N.W. 956 (1902).

It is the duty of a city to keep all its streets and bridges in a reasonably safe condition for travel and such care and diligence is not controlled or affected by the fact that they are not as frequently used as some others in the city. City of South Omaha v. Powell, 50 Neb. 798, 70 N.W. 391 (1897).

16-611 Vacation of street or alley; abutting property; how treated.

(1) Upon the vacation of any street or alley by the city, the title to such property shall vest in the owners of the abutting property and become a part of such property, one-half on each side thereof, unless the city reserves title in the ordinance vacating such street or alley. If title is retained by the city, such property may be sold, conveyed, exchanged, or leased upon such terms and conditions as shall be deemed in the best interests of the city.

(2) When a portion of a street or alley is vacated only on one side of the center thereof, the title to such property shall vest in the owner of the abutting property and become part of such property unless the city reserves title in the ordinance vacating a portion of such street or alley. If title is retained by the city, such property may be sold, conveyed, exchanged, or leased upon such terms and conditions as shall be deemed in the best interests of the city.

(3) When the city vacates all or any portion of a street or alley, the city shall, within thirty days after the effective date of the vacation, file a certified copy of

the vacating ordinance with the register of deeds for the county in which the vacated property is located to be indexed against all affected lots.

(4) The title to property vacated pursuant to this section shall be subject to the following:

(a) There is reserved to the city the right to maintain, operate, repair, and renew public utilities existing at the time title to the property is vacated there; and

(b) There is reserved to the city, any public utilities, and any cable television systems the right to maintain, repair, renew, and operate water mains, gas mains, pole lines, conduits, electrical transmission lines, sound and signal transmission lines, and other similar services and equipment and appurtenances, including lateral connections or branch lines, above, on, or below the surface of the ground that are existing as valid easements at the time title to the property is vacated for the purposes of serving the general public or the abutting properties and to enter upon the premises to accomplish such purposes at any and all reasonable times.

16-613 Bridges; repair; duty of county; aid by city, when.

All public bridges within such city, exceeding sixty feet in length, and the approaches thereto, over any stream crossing a county highway, shall be constructed and kept in repair by the county. When any city has constructed or repaired a bridge over sixty-feet span with approaches thereto, on any county highway within its corporate limits, and has incurred a debt for the same, then the treasurer of the county in which said bridge is located shall pay to the treasurer of the city seventy-five percent of all bridge taxes collected in said city until said debt and interest upon the same are fully paid. The city council may appropriate a sum not exceeding five dollars per linear foot to aid in the construction of any county bridge within the limits of such city, or may appropriate a like sum to aid in the construction of any bridge contiguous to said city on a highway leading to the same.

16-615 Grade or change of grade; procedure; damages; how ascertained; assessments.

The mayor and council shall have power by ordinance to establish the grade of any street, avenue, or alley in the city or within a county industrial area as defined in section 13-1111 contiguous to such city. When the grade of any street, avenue, or alley has been established, the grade of all or any part shall not be changed unless the city clerk has sent notice of the proposed change in grade to the owners of the lots or land abutting upon the street, avenue, or alley or part of a street, avenue, or alley where such change of grade is to be made. The notice shall be sent to the addresses of the owners as they shall appear in the office of the register of deeds upon the date of the mailing of the notice. The notice shall be sent by regular United States mail, postage prepaid, postmarked at least twenty-one days before the date upon which the city council takes final action on approval of the ordinance authorizing the change in grade. The notice shall inform the owner of the nature of the proposed change, that final action by the city council is pending, and of the location where additional information on the project may be obtained. Following the adoption of an ordinance changing the grade of all or any part of a street, avenue, or alley, no change in grade shall be made until the damages to property owners which may be caused by such change of grade are determined as provided in sections 76-704 to 76-724.

For the purpose of paying the damages, if any, so awarded, the mayor and council shall have power to borrow money from any available fund in the amount necessary, which amount, upon the collection of the same by special assessment, shall be transferred from such special fund to the fund from which it has been borrowed. No street, avenue, or alley shall be worked to such grade or change of grade until the damages so assessed shall be tendered to such property owners or their agents. Before the mayor and council enter into any contract to grade any such street, avenue, or alley, the damages, if any, sustained by the property owners, shall be ascertained by condemnation proceedings. For the purpose of paying the damages awarded and the costs of the condemnation proceedings, the mayor and city council shall have power to levy a special tax upon the lots and lands abutting upon such street, avenue, or alley, or part thereof, so graded, as adjudged by the mayor and council to be especially benefited in proportion to such benefits. Such special tax or taxes shall be collected as other special taxes.

16-618 Improvement districts; property included.

Any paving district or other improvement district shall include only portions of different streets, or portions of town alleys, or portions of each, which abut or adjoin so that such district, when created, makes up one continuous or extended street or more, except that the district may include a cul de sac, any street, alley, or portion thereof which is closed at one end or which connects

with only one other existing street, alley, or portion thereof. Any paving or other improvement district may include portions of different streets, or portions of different alleys, or portions of each, provided they abut or connect with each other, or provided the several portions abut on pavement or gravel already laid, or any other of aforesaid improvements already laid.

16-621 Improvements; materials; kind; petition of landowners; bids; advertisement.

In advertising for bids for paving, repaving, graveling or macadamizing, the mayor and council may provide for bids on different materials and types of construction, and shall in addition provide for asking bids on any material or

materials that may be suggested by petition of owners of the record title representing twenty-five percent of the abutting property owners in a district, if such petition is filed with the city clerk before advertisement for bids is ordered. On opening of bids for paving or repaving in any such district, the mayor and council shall postpone action thereon for a period of not less than ten days. During said period of postponement, the owners of the record title representing a majority of the abutting property owners in a district may file with the city clerk a petition for the use of a particular material for paving for which a bid has been received, in which event a bid on that material shall be accepted and the work shall be done with that material; *Provided*, the above regulations as to advertising for bids and opening of bids and postponing of action thereon and the right of selection of materials shall not apply in case of graveling. In case such owners fail to designate the material they desire used in such paving or repaving, or macadamizing, in the manner and within the time above provided, the mayor and council shall determine upon the material to be used; *Provided*, the mayor and council may in any event, at their option, reject all bids and readvertise if, in their judgment, the public interest requires.

16-621.01 Improvements of streets and alleys; use of salt stabilized base or armor coating, when.

A city of the first class may improve its streets and alleys by the use of salt stabilized base or armor coating in the same manner, to the same extent, and with the same limitations as provided by law for paving or repaving such streets or alleys. All provisions of law respecting paving or repaving by a city of the first class shall apply to any improvements made under the authority of this section.

Source: Laws 1961, c. 45, § 1, p. 177.

16-622 Improvements; assessments; how levied; when delinquent; interest; collection; procedure.

The cost of making such improvements of the streets and alleys within any street improvement district shall be assessed upon the lots and lands in such districts specially benefited thereby in proportion to such benefits. The amounts thereof shall, except as provided in sections 19-2428 to 19-2431, be determined by the mayor and council under the provisions of section 16-615. The assessment of the special tax for the cost of such improvements, except as provided in this section, shall be levied at one time and shall become delinquent in equal annual installments over such period of years, not to exceed twenty, as the mayor and city council may determine at the time of making the levy, the first such installment to become delinquent in fifty days after the date of such levy. Each of said installments, including those for graveling and the construction and replacement of pedestrian walks, plazas, malls, landscaping, lighting systems, and permanent facilities used in connection therewith as hereinafter provided, except the first, shall draw interest at a rate established by the mayor and council not exceeding the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the time

of levy until the same shall become delinquent. After the same shall become delinquent, interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon. Should there be three or more of said installments delinquent and unpaid on the same property the mayor and city council may by resolution declare all future installments on such delinquent property to be due on a future fixed date. The resolution shall set forth the description of the property and the names of its record title owners and shall provide that all future installments shall become delinquent upon the date fixed. A copy of such resolution shall be published one time each week for not less than twenty days in a legal newspaper of general circulation published in the city and after the fixed date such future installments shall be deemed to be delinquent and the city may proceed to enforce and collect the total amount due and all future installments. As to assessments for graveling alone and without guttering or curbing, one-third of the total amount assessed against each lot or parcel of land shall become delinquent in fifty days after the date of the levy of the same, one-third in one year, and one-third in two years.

Cities of the first class that adopt a ''home rule'' charter possess no power to remit or cancel interest or penalties on special taxes. Falldorf v. City of Grand Island, 138 Neb. 212, 292 N.W. 598 (1940).

In absence of a limitation in the act granting it authority to issue bonds, the city had power to levy sufficient taxes to pay the same. United States ex rel. Masslich v. Saunders, 124 F. 124 (8th Cir. 1903).

16-623 District paving bonds; interest.

For the purpose of paying the cost of improving the streets, avenues or alleys in any such district, exclusive of intersections of streets or avenues, or spaces opposite alleys therein, the mayor and council shall have power and may, by ordinance, cause to be issued bonds of the city, to be called Street Improvement Bonds of District No. ....., payable in not exceeding twenty years from date, and bearing interest, payable either annually or semiannually, with interest coupons attached. In such cases they shall also provide that said special taxes and assessments shall constitute a sinking fund for the payment of said bonds; *Provided,* the entire cost of improving any such street, avenue or alley, properly chargeable to any lot or land within any such improvement district according to the front footage thereof, may be paid by the owners of such lots or lands within fifty days from the levying of such special taxes, and thereupon such lot or lands shall be exempt from any lien or charge therefor.

16-624 Improvement districts; creation upon petition; denial; assessments; bonds.

Whenever the owners of lots or lands abutting upon any street, avenue, or alley within the city, representing three-fourths of the front footage thereon, so that such district when created will make up one continuous or extended thoroughfare or more, shall petition the mayor and council to make improvement of such street, avenue, or alley without cost to the city, and to assess the entire cost of any such improvements in any such street, avenue, or alley, including intersections of streets or avenues and spaces opposite alleys, against the private property within such improvement district or districts, it shall be the duty of the mayor and council to create the proper improvement district or districts, which shall be consecutively numbered, and to improve the same and to proceed in the same manner and form as hereinbefore provided for in other paving and improvement districts; *Provided,* the mayor and council shall have power to levy the entire cost of such improvements of any such street, avenue, or alley, including intersections of streets or avenues and spaces opposite alleys, against the private property within such district, and to issue Street Improvement Bonds of District No. ..... to pay for such improvements in the same manner and form as hereinbefore provided for in other improvement bonds. Such bonds shall be issued to cover the entire cost of so improving such streets or avenues, intersections of the same, and spaces opposite alleys. If the assessments hereinbefore provided for, or any part thereof, shall fail, or for any reason shall be invalid, the mayor and council may make other and further assessments upon such lots or lands as may be required to collect from the same the cost of any improvements properly chargeable thereto, as herein provided. The mayor and city council shall have the discretion to deny the formation of the proposed district when the area to be improved has not previously been improved with a water system, sewer system, and grading of streets. If the mayor and city council should deny a requested improvement district formation, they shall state their grounds for such denial in a written letter to interested parties.

16-625 Intersections; improvements; railways; duty to pave right-of-way.

The cost of improving the intersections of streets or avenues and spaces opposite alleys in such district, except as hereinbefore specially provided, shall be paid by the city as hereinafter provided; but nothing herein contained shall be construed to exempt any street or other railway company from improving with such material as the mayor and council may order, its whole right-of-way including all space between and one foot beyond the outer rails, at its own cost, whenever any street or avenue shall be ordered improved by the mayor and council of the city as provided by law; *Provided,* no street or other railway

company shall enter upon or occupy any paved street or avenue, within five years after such paving shall have been completed, until it shall pay into the city treasury the original cost of paving between and one foot beyond the outer rails, which sum shall be credited on the special assessment upon the abutted lots; and if the special assessment shall have been paid, then the money shall be paid, by warrant, to the party who has already paid such special assessment.

16-626 Intersection improvement bonds; amount; interest; warrants; partial payments; final payment; interest; restrictions on work.

For all improvements of the intersections and areas formed by the crossing of streets, avenues or alleys, and one-half of the streets adjacent to real estate owned by the United States, the State of Nebraska, or the city, the assessment shall be made upon all the taxable property of the city; and for the payment of such improvements, the mayor and council or the city commissioners are hereby authorized to issue improvement bonds of the city in such denominations as they deem proper, to be called Intersection Improvement Bonds, payable in not to exceed twenty years from date of said bonds and to bear interest payable annually or semiannually. Such bonds shall not be issued in excess of the cost of said improvements. For the purpose of making partial payments as the work progresses in making the improvements of streets, avenues, alleys or intersections and areas formed by the crossing of streets, avenues, or alleys, or one-half of the streets adjacent to real estate owned by the United States, the State of Nebraska, or the city, warrants may be issued by the mayor and council upon certificates of the engineer in charge showing the amount of the work completed and materials necessarily purchased and delivered for the orderly and proper continuation of the project, in a sum not exceeding ninety-five percent of the cost thereof, and upon completion and acceptance of the work issue a final warrant for the balance of the amount due the contractor, which warrants shall be redeemed and paid upon the sale of bonds authorized by law. The city shall pay to the contractor interest at the rate of eight percent per annum on the amounts due on partial and final payments beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body, and running until the date that the warrant is tendered to the contractor. Nothing herein shall be construed as authorizing the mayor and council to make improvements of any intersections or areas formed by the crossing of streets, avenues or alleys, unless in connection with one or more blocks of any of aforesaid kinds or forms of street improvement of which the improvement of such intersection or areas shall form a part.

16-627 Intersections; improvement; cost; tax levy.

The cost and expense of improving, constructing, or repairing streets, avenues, alleys and sidewalks, at their intersections, may be included in the special tax levied for the construction or improvement of any one street, avenue, alley or sidewalk, as may be deemed best by the council.

16-629 Curbs and gutters; authorized; petition; formation of district; bonds.

Curbing and guttering shall not be required or ordered to be laid on any street, avenue or alley not ordered to be paved, repaved, graveled or macadamized, except on a petition of the owners of two-thirds of the front footage of property abutting along the line of that portion of the street, avenue or alley which is to be curbed or guttered.

When such petition is presented, a curbing and guttering district shall be formed, which district shall be governed by the provisions of section 16-630. Any bonds issued on account of such district shall be known as Bonds of Curbing and Guttering District No. ..... .

16-630 Curbing and guttering bonds; interest rate; assessments; how levied.

Whenever curbing, or curbing and guttering, is done upon any street, avenue or alley in any paving, repaving, graveling or macadamizing district in which paving or other such improvement aforesaid has been ordered, and the mayor and council shall deem it expedient to do so, they shall have the power and authority, for the purpose of paying the cost of such curbing, or curbing and guttering, to cause to be issued bonds of the city, to be called Curbing and Guttering Bonds of Paving District No. ....., payable in not exceeding ten years from date, bearing interest, payable annually or semiannually, with interest coupons attached. In all cases they shall assess at one time the total cost of such curbing and guttering, or curbing, as the case may be, upon the property abutting or adjacent to the portion of the street, avenue or alley so improved, according to the special benefits. Such assessments shall become delinquent the same as the assessments of special taxes for paving, repaving, graveling or macadamizing purposes, draw the same rate of interest, be subject to the same penalties, and may be paid in the same manner, as special taxes for said purpose. The special tax so assessed shall constitute a sinking fund for the

payment of such bonds and interest, and the bonds shall not be sold for less than their par value.

Under prior act, where street had been reduced to grade, and only limited expense was necessary to complete the work, engineer's estimate, advertisement, etc., for bids was not necessary, and city was permitted to pay for such work out of proper city funds. Hilger v. City of Nebraska City, 97 Neb. 268, 149 N.W. 807 (1914).

16-631 Curbing and guttering; cost; paving bonds may include.

Where an improvement district has been established, an improvement thereon constructed, and curbing or curbing and guttering is therewith constructed, and it becomes necessary to issue and sell street improvement bonds to pay for the cost of construction of same, and also for the cost of construction of the curbing, or curbing and guttering, the mayor and city council may, at their discretion, if they deem the same advisable, include the cost of curbing, or curbing and guttering, with the cost of the other improvement in said paving or other improvement district, and issue bonds for the combined cost of the improvement and curbing, or curbing and guttering, in any of said districts, naming the bonds Street Improvement Bonds of District No. ..... . The amount of money necessary for the payment of said bonds shall be levied upon and collected from abutting and adjacent property, and property specially benefited, the same as is provided for collection of a special tax for the payment of street improvement bonds.

16-632 Improvements; assessments; when authorized; ordinary repairs excepted.

In order to defray the costs and expenses of such improvements or any of them, the mayor and council shall have power and authority to levy and collect special taxes and assessments upon the lots and pieces of ground adjacent to or abutting upon the street, avenue, alley or sidewalk, thus in whole or in part improved or repaired or which may be specially benefited by such improvements; *Provided,* the above provisions shall not apply to ordinary repairs of streets or alleys, and the cost of such repair shall be paid out of the road fund; and the mayor and council are authorized to draw warrants against said fund not to exceed eighty-five percent of the amount levied as soon as levy shall be made by the county board.

Section refers to proceedings for the creation, opening, and improvements of streets by new construction work, and not to ordinary repairs. Hilger v. City of Nebraska City, 97 Neb. 268, 149 N.W. 807 (1914).

16-633 Improvements; assessments against public lands.

If, in any city of the first class, there shall be any real estate belonging to any county, school district, city, municipal or other quasi-municipal corporation abutting upon the street, avenue or alley whereon paving or other special improvements have been ordered, it shall be the duty of the county board, board of education or other proper officers to pay such special taxes; and, in the event of the neglect or refusal of such board or other officers to pay such taxes, or to levy and collect the taxes necessary to pay for such improvements, the city may recover the amount of such special taxes in a proper action. The judgment thus obtained may be enforced in the usual manner, and the signatures of such corporations to all petitions shall have like force and effect as that of other owners.

16-635 Improvements; terms, defined; depth to which assessable.

The word lot as used herein shall be taken to mean lot as described and designated upon the record plat of any such city, or within a county industrial area as defined in section 13-1111 contiguous to such city; and in case there is no recorded plat of any such city or county industrial area, it shall mean a lot as described and designated upon any generally recognized map of any such city or county industrial area. The word land shall mean any subdivided or unplatted real estate in such city or county industrial area; *Provided*, if the lots and real estate abutting upon that part of the street ordered improved, as shown upon any recorded plat or map, are not of uniform depth, or, if for any reason, it shall appear just and proper to the mayor and council, they are authorized and empowered to determine and establish the depth to which such real estate shall be charged and assessed with the costs of the improvement, which shall be determined and established according to the benefits accruing to the property by reason of such improvements. Real estate may be so charged and assessed to a greater depth than lots as shown on any such plat or map.

16-636 Improvement districts; land which council may include.

The mayor and council may, in their discretion, include all the real estate to be charged and assessed with the cost of such improvements in the improvement districts hereinbefore provided for, but are not required to do so; and the mayor and council may, in their discretion, in determining whether the requisite majority of owners who are hereinbefore authorized to petition for improvements, and to object to the improvements and to determine the kind of material to be used therefor, have joined in such petition, determination or objections, consider and take into account all the owners of real estate to be charged and assessed with the cost of any of said improvements, or only such as own lots, parts of lots, and real estate which, in fact, abut upon the part of the street, avenue or alley proposed to be so improved. The provisions of this section, in regard to the depth to which real estate may be charged and assessed, shall apply to all special taxes that may be levied by the mayor and council in any such city in proportion to the front footage.

16-637 Improvements; assessments; action to recover.

Any party feeling aggrieved by any special tax or assessment, or proceeding for improvements, may pay the said special taxes assessed and levied upon his, her or its property, or such installments thereof as may be due at any time before the same shall become delinquent, under protest, and with notice in writing to the city treasurer that he, she or it intends to sue to recover the same, which notice shall particularly state the alleged grievance and the ground thereof. Such party shall have the right to bring a civil action within sixty days thereafter, and not later, to recover so much of the special tax paid as he, she or it shows to be illegal, inequitable and unjust, the costs to follow the judgment or to be apportioned by the court, as may seem proper, which remedy shall be exclusive. The city treasurer shall promptly report all such notices to the city council for such action as may be proper. No court shall entertain any complaint that the party was authorized to make and did not make to the city council, sitting as a board of equalization, nor any complaint not specified in said notice fully enough to advise the city of the exact nature thereof, nor any complaint that does not go to the groundwork, equity, and justness of such tax. The burden of proof to show such tax or part thereof invalid, inequitable and unjust shall rest upon the party who brings the suit.

A special tax assessment which violates the federal Constitution is illegal, and thus a claim that a special tax assessment violates the federal Constitution can be raised and adjudicated in claims made under this section. Francis v. City of Columbus, 267 Neb. 553, 676 N.W.2d 346 (2004).

As a prerequisite to bringing suit for a refund under this section, a party must pay the tax under protest before it becomes delinquent. Francis v. City of Columbus, 267 Neb. 553, 676 N.W.2d 346 (2004).

This section provides an adequate remedy for adjudicating a claim that a special tax assessment violates the federal Constitution. Francis v. City of Columbus, 267 Neb. 553, 676 N.W.2d 346 (2004).

16-652 Grading; assessments; when delinquent.

The cost of grading the streets and alleys within any such grading district shall be assessed upon the lots and lands specially benefited thereby in such district in proportion to such benefits, to be determined by the mayor and council under the provisions of section 16-615. The assessment of special taxes for grading purposes herein provided for shall be levied at one time and shall become delinquent as follows: One-fifth of the total amount shall become delinquent in fifty days after such levy; one-fifth in one year; one-fifth in two years; one-fifth in three years; one-fifth in four years. Each of said installments, except the first, shall draw interest at a rate not to exceed the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the time of the levy aforesaid until the same shall become delinquent; and, after the same shall become delinquent, interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon, as in the case of other special taxes. The cost of grading the intersections of streets and spaces opposite alleys in any such district shall be paid by the city out of the general fund of such city.

16-653 Grading bonds; interest rate.

For the purpose of paying the costs of grading the streets and alleys in such district, exclusive of the intersection of streets and spaces opposite alleys therein, the mayor and council shall have power, and may, by ordinance, cause to be issued bonds of the city, to be called District Grading Bonds of District No. ....., payable in not exceeding five years from date and to bear interest, payable annually or semiannually, with interest coupons attached, and that as nearly as possible an equal amount of the bonds shall be made to mature each year, and in such case shall also provide that such special taxes and assessments shall constitute a sinking fund for the payment of said bonds and interest; *Provided,* the entire cost of grading any such street or alley properly chargeable to any lots or lands within any such grading district, according to feet front thereof, may be paid by the owner of such lots or lands within fifty

days from the levy of such special taxes; and thereupon such lot or land shall be exempt from any lien or charge therefor.

16-655 Grading bonds; amount; sale; damages; how ascertained.

The aggregate amount of such bonds issued in any one year shall not exceed fifty thousand dollars, and shall not be sold for less than their par value. If any assessment or part thereof shall fail or for any reason be invalid, the mayor and council may make such further assessments upon said lots or lands, as may be required, and collect from the owners the cost of any grading properly chargeable thereto, as herein provided; *Provided,* no street, avenue, alley or lane shall be so graded until the damages to property owners, if any, shall be ascertained by three disinterested freeholders to be appointed by the mayor and council and the proceedings to be the same in all respects as provided in section 16-615 for cases of change of grade.

16-664 Construction; cost; assessment; levy; when delinquent; payment.

Such city shall have power to provide for the laying of permanent sidewalks. Upon the petition of any freeholder who desires to build such a permanent sidewalk, the mayor and council may order the same to be built, and that the cost of the same until paid shall be a perpetual lien upon the real estate along which the freeholder desires such sidewalk to be constructed, and the city may assess and levy the costs of same against such real estate in the manner provided by law. The total cost of the building of the permanent sidewalk shall be levied at one time upon the property along which such permanent sidewalk is to be built, and become delinquent as herein provided: One-seventh of the total cost shall become delinquent in ten days after such levy; one-seventh in

one year; one-seventh in two years; one-seventh in three years; one-seventh in four years; one-seventh in five years; one-seventh in six years. Each of such installments, except the first, shall draw interest at a rate of not exceeding the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the time of the levy aforesaid, until the same shall become delinquent; and after the same shall become delinquent interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon as in the case of other special taxes. The council shall pay for the building of such permanent sidewalk out of the general fund. The mayor and council may pass an ordinance to carry into effect the provisions of this section.

16-666 Assessments; levy; certification; collection.

Assessments made under sections 16-250 and 16-665 shall be made and assessed in the following manner:

(1) Such assessments shall be made by the council at any meeting by a resolution fixing the costs of the construction or repair of such work along the lot adjacent thereto as a special assessment thereon, the amount charged against the same, which, with the vote thereon by yeas and nays, shall be spread at length upon the minutes; and notice of the time of holding such meeting and the purpose for which it is to be held shall be published in some newspaper published and of general circulation in the city at least ten days before the same shall be held, or in lieu thereof, personal service may be had upon persons owning or occupying property to be assessed;

(2) All such assessments shall be known as special assessments for improvements, and with the cost of notice shall be levied and collected as a special tax, in addition to the taxes for general revenue purposes, subject to the same penalties and collected in like manner as other city taxes; but such special assessment shall draw interest at a rate not to exceed the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature; and the same shall be certified to the county clerk at the same time as the next certification for general revenue purposes.

(e) WATER AND SEWER DISTRICTS

16-667 Creation of districts; regulations.

The city may, by ordinance, lay off the city into suitable districts for the purpose of establishing therein a system of sewerage and drainage and water service; to provide such systems and regulate the construction, repair, and use of the same; to compel all proper connections therewith and branches from other streets, avenues, and alleys, and from private property; and to provide a penalty not to exceed one hundred dollars for any obstruction or injury to any sewer or drain or water main or part thereof, or for failure to comply with the regulations therefor prescribed.

This section as it existed in 1975 authorized a city of the first class to create a water district to extend water service within the city limit without giving notice of the creation of the district to property owners affected. First Assembly of God Church v. City of Scottsbluff, 203 Neb. 452, 279 N.W.2d 126 (1979).

To the extent the opinion in Matzke v. City of Seward, 193 Neb. 211, 226 N.W.2d 340 (1975), may imply that a city of the first class had no authority to create a water extension district under this section and is in conflict with this case, it is overruled. First Assembly of God Church v. City of Scottsbluff, 203 Neb. 452, 279 N.W.2d 126 (1979).

Sections 16-667 to 16-670 provide procedures for construction and financing for water mains in a water district. Matzke v. City of Seward, 193 Neb. 211, 226 N.W.2d 340 (1975).

A city of the first class has statutory authority to create water district and to levy assessments for the payment of the cost thereof. Wiborg v. City of Norfolk, 176 Neb. 825, 127 N.W.2d 499 (1964).

Power to construct local improvements and levy special assessments is strictly construed. Besack v. City of Beatrice, 154 Neb. 142, 47 N.W.2d 356 (1951).

It is the duty of a city issuing warrants in payment of special improvements to create a fund for payment of the warrants and to collect special assessments to retire the same, and upon failure to do so, the warrants become general obligations of the city. Miller v. City of Scottsbluff, 133 Neb. 547, 276 N.W. 158 (1937).

City has independent and complete authority to erect, extend, or improve and maintain a sewer system and to issue bonds in payment thereof, even though such bonds are not the general obligation of the city. State ex rel. City of Columbus v. Price, 127 Neb. 132, 254 N.W. 889 (1934).

Where a city has power to contract for pipe, but the manner of so exercising the contract is irregular, and where such city purchases and retains such pipe, there being no fraud shown, such contract is not ultra vires and a taxpayer will not be permitted by suit to prevent the council's allowance of the seller's claim therefor. Stickel Lumber Company v. City of Kearney, 103 Neb. 636, 173 N.W. 595 (1919).

16-667.01 Prohibit formation of district; procedure.

Upon formation by city ordinance of sewerage, drainage, and water service districts as described by section 16-667, the city shall mail copies of such city ordinance and this section to the owners of the record title of any property abutting upon the streets, avenues, or alleys, or parts thereof, which are within such district within twenty calendar days of the passage of the ordinance. The owners of the record title representing more than fifty percent of the front footage of the property abutting upon the streets, avenues, or alleys, or parts thereof which are within such a proposed district may, by petition, stop formation of such a district. Such written protest shall be submitted to the city council or clerk within thirty calendar days after publication of notice concerning the ordinance in a newspaper of general circulation in the city. Publication of such notice shall follow within ten calendar days after passage of such an ordinance. The mailing notice requirement of this section shall be satisfied by mailing a copy of the ordinance and this section by United States mail to the last-known address of the owners of the record title.

16-667.02 Districts; formation; sewer or water mains; special assessments; use of other funds.

Upon formation of a district as provided in section 16-667.01, the mayor and council may order sewer or water mains to be laid in such district and the costs, to the extent of the special benefit, assessed against the lots and parcels of real estate in such district. The cost of sewer or water mains in excess of collections from special assessments under this section may be paid out of the sewer fund or water fund, or, if money in such fund is insufficient, out of the general fund of the city.

If, after ten days' notice by certified mail or publication in a newspaper of general circulation, a property owner fails to make such connections and comply with such regulations as the council may order in accordance with section 16-667.02, the council may order such connection be made, and assess the cost thereof against the property so benefited.

16-669 Assessments; when delinquent; interest; future installments; collection.

(1) Except as provided in subsection (2) of this section, the assessment of special taxes for sewer or water improvements in a district shall be levied at one time and shall become delinquent in equal annual installments over a period of years equal to the number of years for which the bonds for such project were issued pursuant to section 16-670. The first installment becomes delinquent fifty days after the making of such levy. Each installment, except the first, shall draw interest from the time of such levy until such installment becomes delinquent. After an installment becomes delinquent, interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon until such installment is collected and paid. Such special taxes shall be collected and enforced as in cases of other special taxes and shall be a lien on such real estate from and after the date of the levy thereof. If three or more installments are delinquent and unpaid on the same property, the city council may by resolution declare all future installments on such delinquent property to be due on a future fixed date. The resolution shall set forth the description of the property and the names of its record title owners and shall provide that all future installments shall become delinquent upon the date fixed. A copy of such resolution shall be published one time each week for not less than twenty days in a legal newspaper of general circulation published in the city and after the fixed date such future installments shall be deemed to be delinquent and the city may proceed to enforce and collect the total amount due and all future installments.

(2) If the city incurs no new indebtedness pursuant to section 16-670 for sewer or water improvements in a district, the assessment of special taxes for sewer or water improvements shall be levied at one time and shall become

delinquent in equal annual installments over such period of years as the city council determines at the time of making the levy to be reasonable and fair.

This section and section 16-622 require that three payments be delinquent before the city may foreclose, and the city is required to pass and publish an acceleration resolution declaring the entire amount due and owing. City of Kearney v. Johnson, 222 Neb. 541, 385 N.W.2d 427 (1986).

16-670 Bonds; amount; interest; maturity; special assessments; revenue bonds.

For the purpose of paying the cost of any such sewer or water improvements in any such district, the city council shall have the power and may by ordinance cause bonds of the city to be issued called District Sewer (Water) Bonds of District No. ....., payable in not exceeding twenty years from date and to bear interest payable annually or semiannually with interest coupons attached. All special assessments which may be levied upon properties specially benefited by such work or improvements shall, when collected, be set aside and constitute a sinking fund for the payment of the interest and principal of such bonds. The cost of such sewer or water improvements chargeable by special assessment to the private property within such district may be paid by the owners of such property within fifty days from the levy of such special assessments, and thereupon such property shall be exempt from any lien for the special assessment. Such bonds shall not be sold for less than their par value and if any assessment or any part thereof fails or for any reason is invalid, the city council may make such other and further assessments on such lots or lands as may be required to collect from the lots or lands the cost of any such sewer or water improvements properly chargeable to the lots or lands as provided in this section. If such assessments or any part thereof fails or for any reason is invalid, the city council may, without further notice, make such other and further assessments on such lots or lands as may be required to collect from the lots or lands the cost of such improvement properly chargeable to the lots or lands as provided in this section. Nothing in this section shall be construed to prevent a city from paying the cost of sewer or water improvements from revenue bonds as otherwise provided by law. When revenue bonds are issued to pay the cost of sewer or water improvements, the city council may provide that the collections from any related special assessment district shall be allocated to the gross revenue of the appropriate utility system.

16-671 Construction costs; warrants; power to issue; amount; interest; payment; fund; created.

For the purpose of paying the cost of construction of such sewer mains or water mains, or both, the mayor and council shall have power to issue warrants in amounts not to exceed the total sum of the special assessments above provided for, which said warrants shall bear interest at such rate as the mayor and council shall order. When there are no funds immediately available for the payment thereof, said warrants shall be registered in the manner provided for the registration of other warrants, and called and paid whenever there are funds available for the purpose in the manner provided for the calling and paying of other warrants. For the purpose of paying said warrants and the interest thereon from the time of their registration until paid, the special assessments above provided for shall be kept as they are paid and collected in a fund to be designated and known as the Sewer and Water Extension Fund into which all money levied for such improvements shall be paid as collected, and out of which all warrants issued for such purposes shall be paid.

16-671.01 Partial payments, authorized; interest; rate; warrants; issuance; payment.

For the purpose of making partial payments as the work progresses, warrants may be issued by the mayor and city council upon certificates of the engineer in charge showing the amount of work completed and materials necessarily purchased and delivered for the orderly and proper continuation of the project in a total amount not to exceed ninety-five percent of the cost thereof and upon the completion and acceptance of the work issue a final warrant for the balance of the amount due the contractor. The city shall pay to the contractor interest at the rate of eight percent per annum on the amounts due on partial and final payments beginning forty-five days after the certification of the amounts due by the engineer in charge and approval of the governing body, and running until the date that the warrant is tendered to the contractor. The warrants shall be redeemed and paid out of the proceeds received from the special assessments levied under the provisions of section 16-669, or out of the proceeds of the bonds or warrants issued under the provisions of sections 16-670 and 16-671. The warrants shall draw such interest as shall be provided in the warrants from the date of registration until paid.

16-672 Assessments; equalization; reassessment.

Special taxes may be levied by the mayor and council for the purpose of paying the cost of constructing sewers or drains within the city. Such tax shall be levied on the real estate lying and being within the sewerage district in which such sewers or drains may be situated to the extent of benefits to such property by reason of such improvement. The benefits to such property shall be determined by the council sitting as a board of equalization, after notice to property owners as in other cases of special assessment provided. If the council, sitting as such board of equalization, shall find such benefits to be equal and uniform, such levy may be according to the front foot of the lots or

real estate within such sewerage district, according to such other rule as the council sitting as such board of equalization may adopt for the distribution or adjustment of such cost upon the lots or real estate in such district benefited by such improvement. All taxes or assessments made for sewerage or drainage purposes shall be collected in the same manner as other special assessments and shall be subject to the same penalty. And where sewers are constructed and any assessments to cover the costs thereof shall be declared void, or doubts exist as to the validity of such assessment, the mayor and council, for the purpose of paying the cost of such improvement, are hereby authorized and empowered to make a reassessment of such costs on lots and real estate lying and being within the sewerage district in which such sewer may be situated, to the extent of the benefits to such property by reason of such improvement. Such reassessment shall be made substantially in the manner provided for making original assessments of like nature as herein provided; and any sums which may have been paid toward said improvement, upon any lots or real estate included in such assessment, shall be applied under the direction of the council to the credit of the persons and property on account of which the same was paid. In case the credits shall exceed the sum reassessed against such persons and property, as herein provided for, the council shall cause such excess, with lawful interest, to be refunded to the party who made payment thereof. The taxes so reassessed and not paid under a prior assessment shall be collected and enforced in the same manner as other special taxes, and shall be subject to the same penalty.

(f) STORM SEWER DISTRICTS

16-672.01 Storm sewer districts; ordinance; contents.

Supplemental to any existing law on the subject, whenever the mayor and city council of any city of the first class in Nebraska, shall deem it advisable or necessary to construct storm water sewers and appurtenances in any section of the city and the extraterritorial zoning jurisdiction of the city as established pursuant to section 16-902, together with outlets for the same, the advisability and necessity thereof shall be declared in a proposed ordinance, which ordinance shall state the kinds of pipe proposed to be used, and shall include cement concrete pipe and vitrified clay pipe and any other material deemed suitable and shall state the size or sizes and kinds of sewers proposed to be constructed and shall designate the location and terminal points thereof. The ordinance shall refer to the plans and specifications thereof which shall have been made and filed with the municipal clerk by the city engineer before publication of such ordinance. Such city engineer shall also make and file, prior to the publication of such ordinance, an estimate of the total cost of the proposed improvement, which shall be stated in the ordinance. The mayor and city council shall have power to assess, to the extent of special benefits, the cost of such portions of the improvements as are local improvements, upon properties found specifically benefited thereby; and the ordinance shall state the outer

boundaries of the district or districts in which it is proposed to make special assessments.

Source: Laws 1961, c. 46, § 1, p. 177; Laws 2005, LB 234, § 1.

16-672.02 Ordinance; hearing; notice.

Notice of the time when any such ordinance shall be set for consideration before the mayor and city council shall be given by at least two publications in a newspaper published in the city, or published in the county in which said city is located and of general circulation in said city, which publication shall state the entire wording of the ordinance. The last publication shall be not less than five days nor more than two weeks prior to the time set for the hearing of objections to the passage of any such ordinance, at which hearing the owners of real property located in said improvement district and which might become subject to assessment for the cost of the contemplated improvement may appear and make objections to the improvement. Thereafter the ordinance may be amended and passed or passed as proposed.

16-672.03 Ordinance; protest; filing; effect.

If a written protest signed by owners of the property located in said improvement district and representing a majority of the front footage which may become subject to assessment for the cost of the improvement, be filed with the municipal clerk within three days before the date of the meeting for the consideration of such ordinance, such ordinance shall not be passed.

16-672.04 Ordinance; adoption.

Upon compliance with sections 16-672.01 to 16-672.03, the mayor and city council may, by ordinance, order the making and construction of the improvements provided for in section 16-672.01. To adopt such ordinance, a majority of the whole number of members elected to the city council shall be required; *Provided,* that if the vote be a tie, the mayor may vote to break such tie.

16-672.05 Construction; notice to contractors, when; contents; bids; acceptance.

After ordering any such improvements as provided in section 16-672.01, the mayor and city council may enter into a contract for the construction of the same in one or more contracts, but no work shall be done or contract let, if the estimated cost of the improvements, as determined by the city engineer, is in excess of two thousand dollars, until notice to contractors has been published once each week for three weeks in a newspaper published in the city, or if there be no newspaper published in said city, then in some newspaper of general circulation published in the county wherein such city is located. The notice shall state the extent of the work, and the kind of materials to be bid upon, including in such notice all kinds of material mentioned in the ordinance specified in section 16-672.01, and the time when bids will be received, and may set forth the amount of the engineer's estimate of the cost of such improvements. The work provided for in sections 16-672.01 to 16-672.11, shall

be done under a written contract with the lowest responsible bidder on the material selected after the bids are opened and in accordance with the requirements of the plans and specifications. The mayor and city council may reject any or all bids received and advertise for new bids in accordance herewith.

16-672.06 Construction; acceptance; notice of assessments.

After the completion of any such work in the construction of said public improvements, the city engineer shall file with the municipal clerk a certificate of acceptance, which acceptance shall be approved by the mayor and city council by ordinance. The mayor and city council shall then require the city engineer to make a complete statement of all the costs of such improvement and a plat of the property in the storm water sewer district and a schedule of the amount proposed to be assessed against each separate parcel of real property in such district, which shall be filed with the municipal clerk within ten days from the date of the acceptance of the work. The mayor and city council shall then order the clerk to give notice that said plat and schedules are on file in his office and that all objections thereto, or to prior proceedings on account of errors, irregularities, or inequalities, not made in writing and filed with the municipal clerk within twenty days after the first publication of said notice shall be deemed to have been waived. Such notice shall be given by two publications in a newspaper published in said city or if there be no newspaper published in said city then in some newspaper of general circulation published in the county wherein the city is located, and by notices posted in three conspicuous places in said storm water sewer district. Said notice shall state the time and place where objections, filed as herein provided, shall be considered by the mayor and city council.

16-672.07 Assessments; hearing; equalization; delinquent payments; interest.

The hearing on the proposed assessments shall be held by the mayor and city council sitting as a board of adjustment and equalization, at the time and place specified in such notice which shall not be less than twenty days nor more than thirty days after the date of the first publication, unless adjourned. Such session may be adjourned, with provisions for proper notice of such adjournment. At such meeting, the proposed assessment shall be adjusted and equalized with reference to benefits resulting from the improvement and shall not exceed such benefits; *Provided*, if any special assessment be payable in installments, each installment shall draw interest payable annually or semiannually from the date of levy until due. Any delinquent installments shall draw interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the date of delinquency until paid.

16-672.08 Assessments, levy.

After the equalization of such special assessments as herein required, the same shall be levied by the mayor and city council upon all lots or parcels of real property within the storm water sewer district, specifically benefited by

reason of said improvement. The same may be relevied if, for any reason, the levy thereof is void or not enforceable and in an amount not exceeding the previous levy. Such levy shall be enforced as special assessments for street improvements are enforced in cities of the first class, and any payments thereon, made under previous levies, shall be credited to the property involved. All assessments made for such purposes shall be collected in the same manner as general taxes and shall be subject to the same penalties.

Source: Laws 1961, c. 46, § 8, p. 181.

16-672.09 Assessments; maturity; interest; rate.

All special assessments provided for in section 16-672.08 shall become due in fifty days after the date of levy and may be paid within that time without interest, but if not so paid, they shall bear interest at the rate set by the city council until delinquent. Such assessments shall become delinquent in equal annual installments over such period of years as the mayor and city council may determine at the time of making the levy. Delinquent installments shall bear interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, until paid and shall be collected in the usual manner for the collection of general taxes and shall be subject to the same penalties.

16-672.10 Assessments; sinking fund; disbursement.

All the special assessments provided for in section 16-672.08, shall, when levied and collected be placed in a sinking fund for the purpose of paying the cost of the improvements as provided in sections 16-672.01 to 16-672.11 with allowable interest thereon, and shall be solely and strictly applied to such purpose to the extent required; but any excess thereof may be by the mayor and city council, after fully discharging the purposes for which levied, transferred to such other fund or funds as the mayor and city council may deem advisable.

16-672.11 Bonds; maturity; interest; rate; contractor; interest; warrants; tax levy.

For the purpose of paying the cost of the public improvements as provided in sections 16-672.01 to 16-672.11, the mayor and city council of any such city, after such improvements have been completed and accepted, shall have the power to issue negotiable bonds of any such city to be called storm water sewer district bonds, payable in not exceeding twenty years and bearing interest payable annually, which may either be sold by the city or delivered to the contractor in payment for the work, but in either case for not less than their par value. For the purpose of making partial payments as the work progresses, warrants may be issued by the mayor and city council upon certificates of the engineer in charge, showing the amount of work completed and materials necessarily purchased and delivered for the orderly and proper continuance of the project, in a sum not exceeding ninety-five percent of the cost thereof, and upon the completion and acceptance of the work, a final warrant may be issued for the balance due the contractor, which warrants shall be redeemed and paid upon the sale of the bonds issued and sold as provided in this section. The city

shall pay to the contractor interest at the rate of eight percent per annum on the amounts due on partial and final payments beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body and running until the date that the warrant is tendered to the contractor. All special assessments which may be levied upon property specially benefited by such work or improvements in any such storm water sewer district shall, when collected, be set aside and placed in a sinking fund for the payment of the interest and principal of the bonds. There shall be levied annually upon all of the taxable property in the city a tax which, together with such sinking fund derived from special assessments collected, shall be sufficient to meet payments of interest and principal on the bonds as the same become due. Such tax shall be known as the storm water sewer tax, shall be payable annually, shall be collected in the same manner as general taxes, and shall be subject to the same penalties.

(g) PUBLIC UTILITIES

16-673 Construction and operation; contracts; procedures.

The mayor and city council of any city of the first class shall have power to make contracts with and authorize any person, company, or association to erect a gas works, power plant, electric or other light works, heating plant, or waterworks in such city and give such persons, company, or association the privilege of furnishing water, lights, power, or heat for the streets, lanes, alleys, and public places and property of such city and its inhabitants for any length of time not exceeding twenty-five years. Any city of the first class may by resolution of the city council contract for the furnishing of electricity at retail to such city and the inhabitants thereof with any public power district, or an electric cooperative which cooperative has an approved retail service area adjoining such city's retail service area.

City of Beatrice v. Edminson, 117 F. 427 (8th Cir. 1902).

16-674 Acquisition of plants or facilities; condemnation; procedure.

The mayor and city council shall have power to purchase or provide for, establish, construct, extend, enlarge, maintain, operate, and regulate for the city any such waterworks, gas works, power plant, including an electrical distribution facility, electric or other light works, or heating plant, or to condemn and appropriate, for the use of the city, waterworks, gas works, power plant, including an electrical distribution facility, electric or other light works, or heating plant. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724, except as to property specifically excluded by section 76-703 and as to which sections 19-701 to 19-707 or the Municipal Natural Gas System Condemnation Act is applicable. For purposes of this section, an electrical distribution facility shall be located within the retail service area of such city as approved by and on file with the Nebraska Power Review Board, pursuant to Chapter 70, article 10.

Provision in prior act, limiting tax levy to five mills on a dollar valuation for purpose stated, repealed by implication, and reduced to one mill on a dollar valuation by reason of the amendment of the general revenue laws. Drew v. Mumford, 114 Neb. 100, 206 N.W. 159 (1925).

16-676 Acquisition; operation; bonds; issuance; amount; approval of electors required.

Where the amount of money which would be raised by the tax levy provided for in section 16-675 would be insufficient to establish or pay for a system of waterworks, gas, electric, or other light works, or heating or power system, the mayor and city council may borrow money and pledge the property and credit of the city upon its negotiable bonds or otherwise to an amount not exceeding two hundred and fifty thousand dollars for the purpose of establishing, constructing, extending, enlarging or paying for, or maintaining the utilities named in this section; *Provided,* that no such bonds shall be issued by the city council until the question of issuing the same shall have been submitted to the electors of the city at an election held for such purpose, notice of which shall have been given by publication once each week for three successive weeks prior thereto in a legal newspaper published in or of general circulation in such city, and a majority of the electors voting upon the proposition shall have voted in favor of issuing such bonds. However, no election shall be called until a petition signed by at least fifty resident freeholders shall be presented to the mayor and council asking that an election be called for the purpose herein specified.

16-677 Bonds; sinking funds; tax to provide.

When such bonds shall have been issued by the city, the mayor and council shall have power to levy annually upon all taxable property of the city such tax as may be necessary for a sinking fund for the payment of accruing interest on such bonds and the principal thereof at maturity, and to provide for the office of water commissioner, power commissioner, light commissioner or heat commissioner, and to prescribe the powers and duties of such officers.

16-678 Existing franchises and contracts; rights preserved; tax authorized.

Nothing contained in sections 16-673 to 16-677 shall change or in any way affect existing franchises or existing contracts between any city and any company, corporation, or individual for furnishing the city or its inhabitants with light, power, heat, or water. The mayor and council shall levy a sufficient tax to pay for such light, power, heat, or water supply in accordance with the terms of such existing contracts, not exceeding four and nine-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such city in any one year for any one of the purposes.

16-679 Service; duty to provide; rates; regulation.

The mayor and council shall have power to require every individual or private corporation operating such works or plants, subject to reasonable rules and regulations, to furnish any person applying therefor, along the line of its pipes, mains, wires or other conduits, with gas, water, power, light or heat, and to supply said city with water for fire protection, and with gas, water, power, light or heat, for other necessary public or private purposes; to regulate and fix the rents or rates of water, power, gas, electric light or heat; and to regulate and fix the charges for water meters, power meters, gas meters, electric light or heat meters, or other device or means necessary for determining the consumption of water, power, gas, electric light or heat. These powers shall not be abridged by ordinance, resolution or contract.

Under facts in this case, ordinance fixing rates for electrical energy supplied by city-owned plant was not subject to referendum. Hoover v. Carpenter, 188 Neb. 405, 197 N.W.2d 11 (1972).

A city fixing rates acts in a legislative, rather than a judicial capacity. A utility is entitled to a fair return. Rates fixed by city are presumed to be correct and reasonable and burden is on party attacking them to show they are unreasonable. A litigant who invokes the provisions of this statute may not challenge its constitutionality. Kansas-Nebraska Nat. Gas Co., Inc. v. City of Sidney, 186 Neb. 168, 181 N.W.2d 682 (1970).

Cities of the first class may regulate rates to be charged for gas. Nebraska Natural Gas Co. v. City of Lexington, 167 Neb. 413, 93 N.W.2d 179 (1958).

City's authority to erect, extend or to improve and to maintain a sewer system and to issue bonds payable from taxes is independent and complete. State ex rel. City of Columbus v. Price, 127 Neb. 132, 254 N.W. 889 (1934).

City cannot make contract for light and power with provision that precludes it from changing the rates during the life thereof, and a contract so doing is void. Central Power Co. v. City of Kearney, 274 F. 253 (8th Cir. 1921).

16-680 Sewerage system; drainage; waterworks; bonds authorized; amount; approval of electors; sewer or water commissioner; authorized.

The mayor and council shall have power to borrow money and pledge the property and credit of the city upon its negotiable bonds or otherwise in an amount not exceeding in the aggregate four hundred thousand dollars for the purpose of constructing or aiding in the construction of a system of sewerage. They may borrow money and pledge the property and credit of the city upon its negotiable bonds or otherwise in any amount, not exceeding in the aggregate seven hundred fifty thousand dollars, for the purpose of constructing culverts and drains for the purpose of deepening, widening, straightening, walling, filling, covering, altering, or changing the channel of any watercourse or any natural or artificial surface waterway or any creek, branch, ravine, ditch, draw, basin, or part thereof flowing or extending through or being within the limits of the city and for the purpose of constructing artificial channels or covered drains sufficient to carry the water theretofore flowing in such watercourse and divert it from the natural channel and conduct the same through such artificial channel or covered drain and fill the old channel. They may borrow money and pledge the property and credit of the city upon its negotiable bonds or otherwise in an amount not exceeding in the aggregate two hundred fifty thousand dollars for the purpose of constructing, maintaining, and operating a system of waterworks for the city. No such bonds shall be issued by the city

council until the question of issuing the same has been submitted to the electors of the city at an election called and held for that purpose, notice of which shall be given by publication in some newspaper published in the city at least thirty days before the date of the election, and a majority of the electors voting upon the proposition have voted in favor of issuing such bonds. When any such bonds have been issued by the city, they may levy annually upon all taxable property of the city such tax as may be necessary for a sinking fund for the payment of the accruing interest upon the bonds and the principal thereof at maturity. They may provide for the office of sewer commissioner or water commissioner and prescribe the duties and powers of such offices.

City's authority to erect, extend or to improve and to maintain a sewer system and to issue bonds payable from taxes is independent and complete. State ex rel. City of Columbus v. Price, 127 Neb. 132, 254 N.W. 889 (1934).

City had authority, by ordinance, to contract with others, to operate and construct water system, partly within and partly without city limits for twenty years, and to provide therein that it should have right to purchase the same at a valuation determined by appraisers. Omaha Water Co. v. City of Omaha, 162 F. 225 (8th Cir. 1908).

Authority granted city to contract to build and operate a waterworks ''on such terms and under such regulations as may be agreed on'' constitutes authority to agree with water company on water rates for twenty-five years, and city's attempt to alter such rates may be enjoined. Omaha Water Co. v. City of Omaha, 147 F. 1 (8th Cir. 1906).

16-681 Municipal utilities; service; rates; regulation.

Such city owning, operating or maintaining its own gas, water, power, light or heat system, shall furnish any person applying therefor, along the line of its pipes, mains, wires or other conduits, subject to reasonable rules and regulations, with gas, water, power, light or heat. It shall regulate and fix the rental or rate for gas, water, power, light or heat, and regulate and fix the charges for water meters, power meters, gas meters, light meters or heat meters or other device or means necessary for determining the consumption of gas, water, power, light or heat. It shall require water meters, gas meters, light meters, power meters, or heat meters to be used, or other device or means necessary for determining the consumption of gas, water, power, light or heat.

Water service to persons outside the corporate limits of the city is contractual and permissive. Burger v. City of Beatrice, 181 Neb. 213, 147 N.W.2d 784 (1967).

16-682 Municipal utilities; service; delinquent rents; lien; collection.

Such cities shall have the right and power to tax, assess, and collect from the inhabitants thereof such rent or rents for the use and benefit of water, gas, power, light or heat used or supplied to them by such waterworks, mains, pump, or extension of any system of waterworks, or water supply, or by such gas, light or heat system, as the council shall by ordinance deem just or expedient. With respect to water rates, taxes or rents only, such water rates, taxes or rents, when delinquent, shall be a lien upon the premises or real estate upon or for which the same is used or supplied; and such water taxes, rents or rates shall be paid and collected and such lien enforced in such manner as the

council or commission, as the case may be, shall by ordinance direct and provide. Any delinquent water rentals which remain unpaid for a period of three months after they become due may be, by resolution of the said council or commission, assessed against said real estate as a special assessment, which said special assessment shall be certified by the city clerk to the county clerk of the county in which said city is situated. Said county clerk shall thereupon place same on the tax rolls for collection, subject to the same penalties and to be collected in like manner as other city taxes; *Provided*, that the local governing body of said city shall notify in writing nonoccupying owners of premises or their agents whenever their tenants or lessees are sixty days delinquent in the payment of water rent. Thereafter if the owner of said real estate or his agent within such city shall notify the council or commission in writing to discontinue water service to said real estate or the occupants thereof, it shall be the duty of the officer in charge of the water department promptly to discontinue said service; and rentals for any water furnished to the occupants of said real estate in violation of said notice shall not be a lien thereon.

16-683 Construction; bonds; plan and estimate required; extensions, additions, and enlargements.

Before submitting any proposition for borrowing money for either of the purposes mentioned in sections 16-673, 16-674 and 16-680, the mayor and council shall determine upon and adopt a system of sewerage, waterworks, heating, lighting or power, as the case may be, and shall determine upon and adopt a plan for constructing drains or culverts, or for doing other work upon or in connection with watercourses or waterways as authorized in section 16-680. They shall procure from the city engineer an estimate of the actual cost of such system, an estimate of the cost of so much thereof as the mayor and council may propose to construct with the amount proposed to be borrowed, and plans of such system. The estimate shall be placed and remain in the hands of the city clerk, subject to public inspection during all the times such proposition to borrow money shall be pending. After a system shall have been adopted, no other system or plan shall be adopted in lieu thereof unless authorized by vote of the people. After construction of any such systems, works or improvements as are authorized in said sections, the city may by vote of the people issue bonds to construct extensions, additions or enlargements thereof, but not to exceed one hundred twenty-five thousand dollars in any one year, and the total amount of outstanding bonded indebtedness of any such city for the initial construction of any such systems, works or improvements and for the construction of extensions, additions and enlargements thereof shall not exceed the respective aggregate limitations of amount imposed under section 16-680.

16-684 Construction; operation; location; eminent domain; procedure.

When the system of waterworks or sewerage, power, heating, lighting, or drainage shall have been adopted, and the people shall have voted to borrow money to aid in the construction as aforesaid, the mayor and council may erect and construct and maintain such system of waterworks or sewerage or power

plant, lighting, heating, or drainage, either within or without the corporate limits of the city, make all needful rules and regulations concerning their use, and do all acts necessary for the construction, completion, and management and control of same not inconsistent with law, including the taking of private property for the public use for the construction and operation of the same. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724, except as to property specifically excluded by section 76-703 and as to which sections 19-701 to 19-707 are applicable.

A city may acquire existing electric and waterworks systems by eminent domain, but such power cannot extend so as to acquire a utilities property which furnishes several kinds of utility service, and is operated as a unit. Central Power Co. v. Nebraska City, 112 F.2d 471 (8th Cir. 1940).

16-684.01 Reserve funds; water mains and equipment; when authorized; labor.

After the establishment of a system of waterworks in any city of the first class, the mayor and council may expend any accumulated reserve funds in its water department for the purpose of laying and relaying water mains and the installation of water equipment for fire protection. The city shall have the power and authority to employ the necessary labor therefor without the necessity of advertising for bids or of letting a contract or contracts therefor.

16-685 Transferred to section 19-2701.

16-686 Rural lines; when authorized; rates.

Said city is hereby authorized and empowered, for the purpose of carrying out the provisions of sections 16-684 and 19-2701, to construct, maintain and operate the necessary rural transmission and distribution lines for a distance of eighteen miles from the corporate limits of said city upon, along and across any of the public highways of this state under the conditions and provisions prescribed by law for the construction of electric transmission and distribution lines to persons, firms, associations or corporations. Before the construction of any such rural electric transmission or distribution lines shall be undertaken, such city shall enter into contracts for electric service with persons, firms, associations or corporations to be served at rates which will produce an annual gross revenue to such city equal to not less than fifteen percent of the cost of said construction. Such city shall thereafter adjust such rates when necessary to produce such gross revenue.

16-686.01 Natural gas distribution system; service to cities of the second class and villages; when authorized.

Any city of the first class owning and operating a natural gas distribution system within such city, and owning and operating its own lateral supply line from its distribution system to a natural gas pipeline source of supply, may by ordinance, where such lateral supply line is so located with reference to any

second-class cities or villages within twenty miles of such city not then being supplied with natural gas and having no other source of gas supply available, make gas service available at retail to such municipalities and for that purpose construct, operate, and maintain connecting lines to and natural gas distribution systems in the municipalities; *Provided,* that such city prior to the construction of such facilities and the rendering of such service, shall secure from the respective municipalities to be served a natural gas franchise as provided by law.

16-687 Contracts; terms; special election.

In case such aids shall not be voted by the people in the manner aforesaid, or having voted bonds and constructed a system of waterworks and having failed to obtain an adequate supply of good water, then the mayor and council may contract with and procure individuals or corporations to construct and maintain a system of waterworks, power, heating or lighting plant in such city for any time not exceeding twenty years from the date of the contract, with a reservation to the city of the right to purchase such waterworks, lighting, heating, or power plant at any time after the lapse of ten years from the date of the contract upon payment to such individuals or corporations of any amount to be determined from the contract, not exceeding the cost of the construction of such waterworks, power, lighting, or heating plant. In other respects such contract may be on such terms as may be agreed upon by a two-thirds vote of the council, entered upon the minutes; *Provided,* that no such contract shall be made unless authorized by a majority vote of the legal voters of such city at a special election called for that purpose, notice of which shall be given by publication once each week for three successive weeks prior thereto in a legal newspaper published in or of general circulation in such city.

After having voted bonds and constructed a waterworks system, and having failed to obtain adequate supply of water, city may contract with private company for supplemental water supply. Hevelone v. City of Beatrice, 120 Neb. 648, 234 N.W. 791 (1931).

16-688 Water; unwholesome supply; purification system; authority to install; election; tax authorized.

When any city has voted bonds and constructed a system of waterworks and obtained an adequate supply of water but the same is turbid or unwholesome during the whole or a portion of the year, the mayor and council may without having previously made an appropriation therefor, when authorized by a majority vote of the electors voting on the question, which may be submitted at either a special or a general city election, construct, purchase, or enter into a contract for the construction or purchase of and install, establish, operate, and maintain a system of settling reservoirs or a system of filters, or both of such systems of settling reservoirs and filters, for the purpose of clarifying and purifying such water. Notice of such election shall be given by publication once each week three successive weeks prior thereto in a legal newspaper published in or of general circulation in such city. The city may levy taxes on all taxable property of such city, not to exceed three and five-tenths cents on each one

hundred dollars upon the taxable value thereof in any one year for the payment of the cost thereof.

16-691 Board of public works; powers and duties; employees authorized; approval of budget; powers of council; signing of payroll checks.

The mayor and city council may by ordinance confer upon the board of public works the active direction and supervision of such system of waterworks, power plant, or sewerage, heating, or lighting plant and the erection and construction of the same. The board may provide that such duties be performed by such employee or employees as it may direct. The city council shall approve the budget of each proprietary function as provided in the Municipal Proprietary Function Act. The board shall make reports to the mayor and council as often as the mayor and council may require. In like manner the mayor and council may confer upon such board the active direction and supervision of the system of streets and alleys.

The mayor and council may, by ordinance, authorize and empower the board of public works to employ necessary laborers and clerks, to purchase material for the operation and maintenance of the systems, and to draw its orders on the several funds in the hands of the city treasurer to the credit of the various systems in payment of salaries, labor, and material. The mayor and council shall establish the dollar amount for all extensions and projects above which the board of public works must obtain the approval of the mayor and council before expending funds. The mayor and council may, by ordinance, authorize and empower the board of public works to cooperate and participate in a plan of insurance designed and intended for the benefit of the employees of any public utility operated by the city. For that purpose the board of public works may make contributions to pay premiums or dues under such plan, authorize deductions from salaries of employees, and take such other steps as may be necessary to effectuate such plan of insurance. All orders for the disbursement of funds shall be signed by the chairperson and secretary of the board or by any two members of the board who have previously been designated for that purpose by a resolution duly adopted by such board and shall be paid by the treasurer, except that payroll checks only may be signed by any one member of the board who has previously been designated for that purpose by a resolution duly adopted by the board. Facsimile signatures of board members may be used to sign such orders and checks.

Any surplus funds remaining in the hands of the city treasurer, to the credit of said various funds, may be invested by the board of public works, with the approval of the mayor and council, in accordance with the provisions of sections 16-712, 16-713, and 16-715, in interest-bearing securities of the State of Nebraska or any political subdivision thereof, certificates of deposit of banks which are members of the Federal Deposit Insurance Corporation, or in interest-bearing securities of the United States upon an order for that purpose drawn by the board of public works upon the city treasurer. Such securities may be purchased, sold or hypothecated by the board of public works with the approval of the mayor and city council, at their fair market value, and the interest earned by such securities shall be credited to the account of the utility from which the funds paid for the securities were originally drawn; *Provided,* in cities which have not conferred upon any board of public works the active direction and supervision of such system of waterworks, power plant, sewerage, and heating or lighting plant, the powers and duties hereby conferred upon the board of public works as to the purchase, sale, and hypothecation of said securities shall be exercised by the city treasurer of such city. Securities so purchased shall be held by the city treasurer, who shall provide adequate bond for their safekeeping. When sold, the treasurer shall deliver the same to the purchaser and collect the sale price.

16-693 Bonds; tax authorized; how used.

When any bonds shall have been issued by the city for the purpose of constructing or aiding in the construction of a system of waterworks, power plant, sewerage, heating, lighting or drainage, there shall thereafter be levied annually upon all taxable property of said city a tax not exceeding seven cents on each one hundred dollars for every twenty thousand dollars of bonds so issued, which shall be known as the waterworks tax, power tax, sewerage tax, heat tax, light tax or drainage tax, as the case may be, and shall be payable only in money. The proceeds of such tax, together with all income received by the city from the payment and collection of water, power, heat or light, rent, taxes, and rates of assessments, shall first be applied to the payment of the current expenses of waterworks, power plant, heating or lighting, to improvements, extensions, and additions thereto, and interest on money borrowed and bonds issued for their construction. The surplus, if any, shall be retained for a sinking fund for the payment of such loan or bonds at maturity.

16-694 Sewers; maintenance and repairs; annual tax; service rate in lieu of tax; lien.

After the establishment of a system of sewerage in any city of the first class, the mayor and council may, at the time of levying other taxes for city purposes, levy an annual tax of not more than three and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such city for the purpose of creating a fund to be used exclusively for the maintenance and repairing of any sewers in such city. In lieu of the levy of a tax, the mayor and council may establish, by ordinance, such rates for such sewer service as may be deemed by them to be fair and reasonable, to be collected from either the owner or the person, firm, or corporation requesting the service at such times, either monthly, quarterly, or otherwise, as may be specified in the ordinance. All such sewer charges shall be a lien upon the premises or real estate for which the same is used or supplied. Such lien shall be enforced in such manner as the local governing body provides by ordinance. The charges thus made, when collected, shall be placed in a separate fund and used exclusively for the purpose of maintenance and repairs of any sewers in such city.

(h) PARKS

16-695 Parks; swimming pool; stadium; other facilities; acquisition of land; bonds; election; issuance; interest; term.

The mayor and council of any city of the first class are hereby authorized to acquire by purchase or otherwise and hold in the name of the city, lands, lots, or grounds within or without the limits of the city to be used and improved for

parks, parkways, or boulevards. To pay for and improve such lands, lots, or grounds, the mayor and council of such city are authorized to issue bonds for such purposes, except that no such bonds shall be issued until the question of issuing the same shall have been submitted to the electors of the city, at a general election therein, or at a special election appointed and called by the mayor and city council for such purposes, and a majority of electors voting at such election shall have voted in favor of issuing the bonds. Notice of such election shall be given by publication once each week for three successive weeks prior thereto in a legal newspaper published in or of general circulation in such city. Such bonds shall be payable in not to exceed twenty years from the date of issuance thereof, and shall bear interest payable annually or semiannually, with interest coupons attached to the bonds. The mayor and council may at their discretion construct in any park a swimming pool, stadium, or other facilities for public use and recreation and pay for the same out of the avails of such bonds.

16-696 Board of park commissioners; appointment; number; qualifications; powers and duties; recreation board; board of park and recreation commissioners.

(1) In each such city, which acquires land for a park or parks, there may be a board of park commissioners, who shall have charge of all the parks belonging to the city, with power to establish rules for the management, care, and use of the same. The board of park commissioners shall be composed of not less than three members, but the total number shall be evenly divisible by three, who shall be residents of the city. In the event of a tie vote, the motion under consideration shall fail to be adopted. They shall be appointed by the mayor and council at their first regular meeting in January each year except for the original board which may be appointed any time. At the time of the first appointment, one-third of the number to be appointed shall be appointed for a term of one year, one-third for a term of two years, and the rest shall be appointed for a term of three years, which term shall be computed from the first meeting in the preceding January. After the appointment of the original board it shall be the duty of the mayor and council to appoint or reappoint one-third of the board each year for a term of three years to commence at the time of appointment at the first meeting in January. Each member shall serve until his or her successor is appointed and qualified. A vacancy occurring on such board by death, resignation, or disqualification of a member shall be filled for the remainder of such term at the next regular meeting of the city council. A majority of all the members of the board of park commissioners shall constitute a quorum. It shall be the duty of the board of park commissioners to lay out, improve, and beautify all grounds owned or acquired for public parks, and employ helpers and laborers as may be necessary for the proper care and maintenance of such parks, and the improvement and beautification thereof, to the extent that funds may be provided for such purposes. The members of the board, at its first meeting in each year, shall elect one of their own members as chairperson of such board. Before entering upon his or her duties each member

of the board shall take an oath, to be filed with the city clerk, that he or she will faithfully perform the duties of the office and will not in any manner be actuated or influenced therein by personal or political motives.

(2) The board of park commissioners may also be constituted by the mayor and council as an ex officio recreation board. When so constituted, such recreation board shall have the duty and authority to promote, manage, supervise, and control all recreation activities supported financially by such city to the extent funds are available.

(3) The mayor and council of such city may abolish the board of park commissioners, if one has been appointed as provided in this section, and may establish a board of park and recreation commissioners, who shall have charge of all parks belonging to the city and all recreational activities supported financially by the city, with power to establish rules for the management, care, supervision, and use of such parks. The board of park and recreation commissioners shall be appointed to such terms of office and in such numbers as provided in this section for appointment of a board of park commissioners. It shall be the duty of the board of park and recreation commissioners to lay out, improve, beautify, and design all grounds, bodies of water, and buildings owned or acquired for public parks and recreational facilities, and employ such persons as may be necessary for the proper direction, care, maintenance, improvement, and beautification thereof, and for program planning and leadership of recreational activities, to the extent that funds may be provided for such purposes. The board shall also have the duty of continued study and promotion of the needs of such city for additional park and recreational facilities. Members of the board of park and recreation commissioners at its first meeting in each year shall elect one of its own members as chairperson of the board. Before entering upon his or her duties each member of the board shall take an oath, to be filed with the city clerk, that he or she will faithfully perform the duties of the office and will not in any manner be actuated or influenced therein by personal or political motives.

16-697 Park fund or park and recreation fund; annual levy; audit of accounts; warrants; contracts; reports.

(1) For the purpose of (a) providing funds for amusements and recreation, (b) providing funds for laying out, purchasing, improving, and beautifying parks and public grounds, and (c) providing for the payment of the salaries and wages of employees of such board, the mayor and council shall, each year at the time of making the levy for general city purposes, make a levy upon the taxable value of all the taxable property in such city. Such levy shall be collected and paid into the city treasury and shall constitute the park fund or park and recreation fund as the case may be.

(2) All accounts against the park fund or park and recreation fund of such city, provided for by subsection (1) of this section, for salaries and wages of the employees and all other expenses of such parks or recreational facilities shall be audited and allowed by the park or park and recreation commissioners. All

warrants thereon shall be drawn only by the chairperson of the commissioners. Warrants so drawn shall be paid by the city treasurer out of such fund.

(3) The park or park and recreation commissioners of such city, as the case may be, shall enter into any contracts of any nature involving an expenditure in accordance with the policies of the city council.

(4) The chairperson of the board of park or park and recreation commissioners shall, on January 1 and July 1 of each year, file with the city clerk an itemized statement of all the expenditures of the board.

16-697.01 Parks, recreational facilities, and public grounds; acquisition; control.

Any city of the first class is hereby authorized and empowered to take land in fee, within or without its corporate limits by donation, gift, devise, purchase or appropriation, and to hold, improve and control such land for parks, recreational facilities, and public grounds. The jurisdiction and police power of the mayor and city council of any city that shall acquire any such real estate shall be at once extended over the same. The mayor and city council shall have power to enact bylaws, rules and ordinances for the protection, preservation and control of any real estate acquired as herein contemplated, and provide suitable penalties for the violation of any such bylaws, rules or ordinances.

(i) MARKETS

16-698 Markets; construction; operation; location; approval of electors; notice; when required.

The city may, by ordinance, purchase and hold grounds for and erect and establish market houses and market places, and regulate and govern the same,

and also contract with any person or persons, companies or corporations, for the erection and regulation of such market houses and market places on such terms and conditions and in such manner as the council may prescribe, and raise all necessary revenue therefor as herein provided. The council may provide for the erection of all other useful and necessary buildings for the use of the city, and for the protection and safety of all property owned by the city, in connection with such market houses and places. It may locate such market houses and market places and buildings aforesaid on any street, alley, or public grounds, or on any land purchased for such purposes, and establish, alter, and change the channel of streams and watercourses within the city, and bridge the same; *Provided,* that any such improvement costing in the aggregate a sum greater than two thousand dollars shall not be authorized until the ordinance providing therefor shall first be submitted to and ratified by a majority of the legal voters of such city voting thereon, notice of which shall be given by publication once each week for three successive weeks in a legal newspaper published in or of general circulation in such city.

(j) PUBLIC BUILDINGS

16-6,100 Public buildings; construction; bonds authorized; approval of electors required, when; revenue bonds.

The mayor and council shall have the power to borrow money and pledge the property and credit of the city upon its negotiable bonds or otherwise for the purpose of acquiring, by purchasing or constructing, including site acquisition, or aiding in the acquiring of a city hall, jail, auditorium, buildings for the fire department and other public buildings, including the acquisition of buildings authorized to be acquired by Chapter 72, article 14, and including acquisition of buildings to be leased in whole or in part by the city to any other political or governmental subdivision of the State of Nebraska authorized by law to lease such buildings. No such bonds shall be issued until after the same have been authorized by a majority vote of the electors of the city voting on the proposi-

tion of their issuance at an election called for the submission of such proposition and of which election notice of the time and place thereof shall have been given by publication in some newspaper printed and of general circulation in the city three successive weeks prior thereto; *Provided,* that where the building to be acquired is to be used by the State of Nebraska or its agency or agencies under a lease authorized by Chapter 72, article 14, or the building is to be leased by any other political or governmental subdivision of the State of Nebraska or other governmental agencies and where the combined area of the building to be leased by the state or its agency or agencies and the political or governmental subdivision of the State of Nebraska is more than fifty percent of the area of the building and where the cost of acquisition does not exceed two million dollars, no such vote of the electors will be required.

16-6,100.01 Joint city-county building; authorized; acquisition of land; erect; equip, furnish, maintain, and operate.

Any county in this state may, together with any city of the first class of the county in which the county seat is located, jointly acquire land for, erect, equip, furnish, maintain, and operate a joint city-county building to be used jointly by such county and city.

Source: Laws 1953, c. 32, § 1, p. 120.

16-6,100.02 Joint city-county building; expense; bonds; election; approval by electors.

The cost and expense of acquiring land for, erecting, equipping, furnishing, and maintaining a joint city-county building shall be borne by such county and city in the proportion determined by the county board of the county and the city council of the city of the first class. The building shall not be erected or contracted to be erected, no land shall be acquired therefor, and no bonds shall be issued or sold by the county or the city of the first class until the county and the city of the first class have each been authorized to issue bonds to defray its proportion of the cost of such land, building, equipment, and furnishings by the required number of electors of the county and the city of the first class in the manner provided by sections 16-6,100 and 23-3501.

Source: Laws 1953, c. 32, § 2, p. 121.

16-6,100.03 Joint city-county building; indebtedness; bonds; principal and interest; in addition to other limitations.

The amount of indebtedness authorized to be incurred by any county or city of the first class for the payment of principal and interest for the bonds authorized by the provisions of sections 16-6,100.01 to 16-6,100.07 shall be in addition to and over and above any limits now fixed by law.

Source: Laws 1953, c. 32, § 3, p. 121.

16-6,100.04 Joint city-county building; county board and city council; building commission; powers; duties.

The members of the county board of the county and the city council of the city of the first class which agree to build a joint city-county building shall be the building commission to purchase the land for the building and to contract for the erection, equipment, and furnishings of the building and, after completion thereof, shall be in charge of its maintenance and repair.

Source: Laws 1953, c. 32, § 4, p. 121.

16-6,100.05 Joint city-county building; building commission; plans and specifications; personnel; compensation; contracts.

The building commission shall cause to be prepared building plans and specifications for the joint building, and may employ architects, engineers, draftsmen, and such clerical help as may be deemed necessary for the purpose of preparing such plans and specifications. The compensation of such personnel shall be fixed by the commission and shall be paid in the same proportion as is determined for defraying the cost as set forth in section 16-6,100.02. The contract for erecting the building, for the equipment, and for furnishings shall be let by the commission in the same manner as for other public buildings. The members of the commission shall receive no compensation for their services as members of the commission.

Source: Laws 1953, c. 32, § 5, p. 121.

16-6,100.06 Joint city-county building; annual budget of city and county.

The county and the city of the first class shall each provide in their annual budgets an item for their proportion of the expense of maintaining such joint city-county building.

Source: Laws 1953, c. 32, § 6, p. 122.

16-6,100.07 Joint city-county building; building commission; accept gifts.

The building commission shall have power to accept gifts, devises, and bequests of real and personal property to carry out the purposes of sections 16-6,100.01 to 16-6,100.07 and, to the extent of the powers conferred upon such board by the provisions of sections 16-6,100.01 to 16-6,100.07, to execute and carry out such conditions as may be annexed to any gift, devises, or bequest.

(k) WATERWORKS; GAS PLANT

16-6,101 Acquisition; revenue bonds; approval of electors required.

Supplemental to any existing law on the subject and in lieu of the issuance of general obligation bonds, or the levying of taxes upon property, as by law provided, any city of the first class may construct, purchase or otherwise acquire a waterworks plant or a water system, or a gas plant or a gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, either within or without the corporate limits of said city, and real and personal property needed or useful in connection therewith, and pay the cost thereof by pledging and hypothecating the revenue and earnings of any water-

works plant or water system, or a gas plant or a gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, owned or to be owned by such city. In the exercise of the authority herein granted, any city may issue and sell revenue bonds or debentures and enter into such contracts in connection therewith as may be proper and necessary. Such revenue bonds or debentures shall be a lien only upon the revenue and earnings of the waterworks plant or water system, or a gas plant or a gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, owned or to be owned by such city. No such city shall pledge or hypothecate the revenue and earnings of any waterworks plant or water system, or a gas plant or a gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, nor issue revenue bonds or debentures, as herein authorized, until the proposition relating thereto has been submitted in the usual manner to the qualified voters of such city at a general or special election and approved by a majority of the electors voting on the proposition submitted; *Provided,* such proposition shall be submitted whenever requested, within thirty days after a sufficient petition signed by the qualified voters of such city equal in number to twenty percent of the vote cast at the last general municipal election held therein, shall be filed with the city clerk. Three weeks' notice of the submission of the proposition shall be given by publication in some legal newspaper published in and of general circulation in such city, or, if no legal newspaper is published therein, then by posting in five or more public places therein. The requirement herein for a vote of the electors, however, shall not apply when such city seeks to pledge or hypothecate such revenue or earnings or issues revenue bonds or debentures solely for the maintenance, extension or enlargement of any waterworks plant or water system, or a gas plant or a gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, owned by such city.

(l) SANITARY SEWER AND WATER MAIN CONNECTION DISTRICT

16-6,102 Districts; created.

Supplemental to any existing law on the subject, whenever the mayor and council of any city of the first class shall deem it necessary and advisable to construct sanitary sewer mains or water mains, such municipal officials may by ordinance passed by not less than three-fourths of all members of the city council create a district or districts to be known as sanitary sewer connection districts or water connection districts as the case may be, for such purposes and such district or districts may include properties within the corporate limits of the municipality and one mile beyond the same. Such ordinance shall state the size and kind of sewer mains or water mains proposed to be constructed in such district and shall designate the outer boundaries of the district or districts in which it is proposed to construct the sewer mains or water mains.

Source: Laws 1969, c. 73, § 1, p. 397.

16-6,103 Districts; benefits; certification; connection fee.

After the sanitary sewer mains or water mains have been constructed in the districts, the cost thereof shall be reported to the city council and the council,

sitting as a board of equalization, shall determine benefits to abutting property. The special benefits as determined by the board of equalization shall not be levied as special assessments against the property within the district but shall be certified in a resolution of the city council to the register of deeds of the county in which the improvement district is constructed. A connection fee in the amount of the benefit accruing to the property in the district shall be paid to the city at the time such property becomes connected to the sewer main or water main. The city shall provide that no property thus benefited by sanitary sewer or water main improvements shall be connected to the sanitary sewer or water mains until the connection fee is paid.

Source: Laws 1969, c. 73, § 2, p. 397.

16-6,104 Construction of sewer and water mains; cost; payment; connection fees; use.

For the purpose of paying the cost of any such sanitary sewer mains or water mains constructed in any such connection district, the mayor and council may spend funds accumulated in any sanitary sewer or water department surplus funds of such city. The connection fees collected by any such city for properties connecting to such sanitary sewer mains or water mains shall be paid into the sanitary sewer or water department surplus fund to replenish such funds for the construction costs.

Source: Laws 1969, c. 73, § 3, p. 398.

16-6,105 Construction of sewer and water mains; cost; revenue bonds; issuance authorized.

As an alternative to spending surplus funds as provided in section 16-6,104, or to pay for part of any such construction, the mayor and council may issue revenue bonds. Such revenue bonds shall not impose any general liability upon the municipality but shall be secured by the revenue received by the municipality for the operation of the sanitary sewer system or waterworks system, and the amount of connection fees collected by the municipality for connections to such sanitary sewer mains or water mains. Such revenue bonds shall be sold for not less than par and bear interest at a rate not to exceed the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature. The amount of such revenue bonds, either issued or outstanding, shall not be included in computing the maximum amount of bonds which the municipality may be authorized to issue under its charter or any statute of this state.

(m) FLOOD CONTROL

16-6,106 Powers.

Cities of the first class are hereby authorized and empowered to develop and implement and from time to time amend, change, and modify a general plan or program of flood and storm water control, drainage, and disposal for such city. If the plan or program requires works of improvement outside of the city limits, it shall be submitted for review to the boards of the county or counties affected and to the Department of Natural Resources. To accomplish such purposes, or

any of them, the city may to the extent deemed needful or useful in the judgment of the city council:

(1) Procure and contract for professional and technical assistance of all kinds;

(2) Build, construct, alter, modify, and improve, using either its own employees, equipment, and facilities or by contract with others, dams, dikes, levees, drainways, channels, structures, devices, storm water sewers and systems, and works of all kinds and appurtenances thereto all without any limitation whatsoever, including extensions, additions, and improvements and alterations of any such existing facilities, for the control, management, drainage, and disposal of flood, storm, or surface waters, both within and without the city as in the discretion of the city council may be required for the protection, benefit, and welfare of the city and its inhabitants and their property; and

(3) Acquire by purchase, lease, gift, and contract and through the exercise of the right of eminent domain all lands, structures, easements, rights-of-way, or other property real or personal both within and without the city as may in the discretion of the city council be required or useful in connection with any such plan or program and the implementation thereof.

16-6,107 Costs; financing.

For carrying out the purposes and powers set forth in section 16-6,106, including payment of the cost thereof, the city may:

(1) Borrow money and issue its negotiable general obligation bonds upon such terms and conditions as the mayor and council may determine, without a vote of the electors;

(2) Levy a tax upon all taxable property in the city to pay such bonds and interest thereon and establish a sinking fund for such payment;

(3) Issue warrants to contractors and others furnishing services or materials or in satisfaction of other obligations created under section 16-6,106, such warrants to be issued in such amounts and on such terms and conditions as the mayor and council shall determine, which warrants shall be redeemed and paid upon the sale of bonds or receipt of other funds available for such purpose;

(4) Receive gifts, grants and funds from any source, including, but not limited to, state, federal or private sources; and

(5) Cooperate and contract with any other government, governmental agency or political subdivision, whether state or federal, and any person or organization providing funds for the purposes covered by sections 16-6,106 to 16-6,109.

FISCAL MANAGEMENT, REVENUE, AND FINANCES

Section

16-701 Fiscal year, commencement.

In 1995, the fiscal period of each city of the first class commences on August 1, 1995, and extends through September 30, 1996. Thereafter, the fiscal year of

each city of the first class and of any public utility of a city of the first class commences on October 1 and extends through the following September 30 except as provided in the Municipal Proprietary Function Act.

16-702 Property tax; general purposes; levy; collection; maximum authorized; specific purposes; additional levies.

(1) Subject to the limits in section 77-3442, the mayor and council shall have power to levy and collect taxes for all municipal purposes on the taxable property within the corporate limits of the city. All city taxes, except special assessments otherwise provided for, shall become due on the first day of December of each year.

(2) At the time provided for by law, the council shall cause to be certified to the county clerk the amount of tax to be levied for purposes of the adopted budget statement on the taxable property within the corporation for the year then ensuing, as shown by the assessment roll for such year, including all special assessments and taxes assessed as hereinbefore provided. The clerk shall place the same on the proper tax list to be collected in the manner provided by law for the collection of county taxes in the county where such city is situated.

(3) In all sales for delinquent taxes for municipal purposes, if there are other delinquent taxes due from the same person or lien on the same property, the sales shall be for all the delinquent taxes. Such sales and all sales made under and by virtue of this section or the provisions of law herein referred to shall be of the same validity and, in all respects, shall be deemed and treated as though such sale had been made for the delinquent county taxes exclusively.

(4) The maximum amount of tax which may be certified, assessed, and collected for purposes of the adopted budget statement shall not require a tax levy in excess of eighty-seven and five-tenths cents on each one hundred dollars upon the taxable value of the taxable property within such municipality. Any special assessments, special taxes, amounts assessed as taxes, and such sums as may be authorized by law to be levied for the payment of outstanding bonds and debts may be made by the council in addition to the levy of eighty-seven and five-tenths cents on each one hundred dollars upon the taxable value of the taxable property within such municipality. The council may certify a further amount of tax to be levied which shall not require a tax levy in excess of seven cents on each one hundred dollars upon the taxable value of the taxable property within such city for the purpose of establishing the sinking fund or sinking funds authorized by sections 19-1301 to 19-1304, and in addition thereto, when required by section 18-501, a further levy of ten and five-tenths cents on each one hundred dollars upon the taxable value of the taxable property within such city may be imposed.

(5) Nothing in this section shall be construed to authorize an increase in the amounts of levies for any specific municipal purpose or purposes elsewhere limited by law, whether limited in specific sums or by tax levies.

16-705 Repealed. Laws 1976, LB 657, § 1.

16-706 Expenditures; how made; limitations; diversion of funds; violation; penalty; payment of judgments.

The mayor and council shall not have power to appropriate, issue, or draw any order or warrant on the treasurer for money, unless the same has been appropriated or ordered by ordinance or the claim for the payment of which such order or warrant is issued has been allowed according to sections 16-726 to 16-729, and a fund has been provided in the adopted budget statement out of which such claim is payable. Any transfer or diversion of the money or credits from any of the funds to another fund or to a purpose other and different from that for which proposed, except as provided in section 16-721, shall render any city council member voting therefor or any officer of the corporation participating therein guilty of a misdemeanor, and any person shall, upon conviction thereof, be fined twenty-five dollars for each offense, together with costs of prosecution. Should any judgment be obtained against the corporation, the mayor and finance committee, with the sanction of the city council, may borrow a sufficient amount to pay the same, for a period of time not to extend beyond the close of the next fiscal year, which sum and interest thereon shall, in like manner, be added to the amount authorized to be raised in the general tax levy of the next year and embraced therein.

16-707 Board of equalization; meetings; notice; hearings; special assessments; grounds for review.

The mayor and council shall meet as a board of equalization on the first Monday in June of each year and at such other times as they shall determine to be necessary, giving notice of any such sitting at least ten days prior thereto by publication in a newspaper having general circulation in the city. When so assembled they shall have power to equalize all special assessments, not herein otherwise provided for, and to supply any omissions in the same; and at such meeting the assessments shall be finally levied by them. A majority of all the members elected to the council shall constitute a quorum for the transaction of any business properly brought before them, but a less number may adjourn from time to time and compel the attendance of absent members. When sitting as a board of equalization on special taxes, the council may adopt such reasonable rules as to the manner of presenting complaints and applying for remedies and relief as shall seem just. It shall not invalidate or prejudice the proceedings of the board that a majority of the members thereof do not, after organization by a majority, continue present during the advertised hours of sitting, provided the city clerk or some member of the board shall be present to receive complaints and applications, and give information; *Provided,* no final action shall be taken by the board except by a majority of all the members elected to the city council comprising the same, and in open session. All the special taxes herein authorized shall be levied and assessed on all lots, parts of lots, lands, and real estate to the extent of the special benefit to such lots, parts of lots, lands and real estate, by reason of such improvement, such benefits to be determined by the council sitting as a board of equalization, or as otherwise herein provided, after publication and notice to property owners herein provided. In cases where the council sitting as a board of equalization shall find such benefits to be equal and uniform, such assessments may be according to the feet frontage and may be prorated and scaled back from the line of such improvement according to such rules as the board of equalization may consider fair and equitable; and all such assessments and findings of benefits shall not be subject to review in any equitable or legal action except for fraud, injustice or mistake.

Notice of hearing is jurisdictional. Cook v. Gage County, 65 Neb. 611, 91 N.W. 559 (1902).

16-708 Special assessments; invalidity; reassessment.

Whenever any special tax or assessment upon any lot or lots, lands or parcels of land in a city of the first class is found to be invalid and uncollectible, or

shall be adjudged to be void by a court of competent jurisdiction, or paid under protest and recovered by suit, because of any defect, irregularity or invalidity in any of the proceedings or on account of the failure to observe and comply with any of the conditions, prerequisites and requirements of any statute or ordinance, the mayor and council shall have the power to relevy the same upon the said lot or lots, lands or parcels of land in the same manner as other special taxes and assessments are levied, without regard to whether the formalities, prerequisites or conditions prior to equalization have been had or not.

16-708.01 Special assessments; illegal annexation; validation.

Whenever a city of the first class lawfully reannexes territory which it had formerly annexed but which annexation was illegal because the statutes under which such original annexation was made were unconstitutional and void, (1) all special assessments levied by such city of the first class with respect to such territory shall be validated, binding and legal upon such city of the first class and the inhabitants of such territory in the same manner as if the original annexation had been lawful, (2) all zoning, special use permits and contracts for municipal services made or entered into with respect to such territory by such city of the first class shall be validated, binding and legal upon such city of the first class and the inhabitants of such territory in the same manner as if the original annexation had been lawful, (3) any prior actions by any officials of such city of the first class, including the election of council members from such territory or a part thereof shall be validated, binding and legal upon such city of the first class and the inhabitants of such territory in the same manner as if the original annexation had been lawful, and (4) such city of the first class shall have power to assess or reassess and levy or relevy new assessments equal to the special benefits and not exceeding the cost of improvements for which any assessment was originally made upon such territory to be made in substantially the manner provided for making original assessments of like nature and when so made, shall constitute a lien upon the property prior and superior to all other liens except liens for other special assessments, and taxes or special assessments so assessed or reassessed shall be enforced and collected as other special taxes, and in making such assessment or reassessment, the city council sitting as a board of equalization and assessment shall take into consideration payments, if any, made on behalf of the property reassessed under assessments made prior to the reannexation.

16-709 Special assessments; irregularities; correction.

In cases of any omission, mistake, defect or irregularity in the preliminary proceedings on any special assessment in a city of the first class, the city council shall have power to correct such mistake, omission, defect or irregularity, and levy or relevy, as the case may be, a special assessment on any or all property in the district, in accordance with the special benefits received and damages sustained to the property on account of such improvement as found by the council sitting as a board of equalization. The city council shall deduct from

the benefits and allow as a credit, before such relevy, an amount equal to the sum of the installments paid in the original levy.

16-711 Road tax; how used and expended.

All money arising from the levying of road tax against or upon property in said city shall belong to the city and shall be expended upon the streets and grades in such city; *Provided*, this section shall not apply and has not heretofore applied to the disposition of money collected by levy of county road tax; *and provided further*, that all money which was collected before March 11, 1935, by any county under township organization from the levy of county road tax against or upon the property in said city and which has not been paid to said city shall belong to the county, and no part thereof need be paid to said city; *provided further*, that section 49-301 shall not apply to preserve to any city any right which said city may have had or claimed with respect to said money heretofore collected by any county under township organization from the levy of county road tax against or upon the property in said city and which has not been paid to said city; *and provided further*, that the provisions of this section shall be held and taken to apply to any case brought in any court in this state.

16-712 City funds; depositories; payment; conflict of interest.

The city treasurer shall deposit, and at all times keep on deposit, for safekeeping, in banks, capital stock financial institutions, or qualifying mutual financial institutions of approved and responsible standing, all money collected, received, or held by him or her as city treasurer. Such deposits shall be subject to all regulations imposed by law or adopted by the city council for the receiving and holding thereof. The fact that a stockholder, director, or other officer of such bank, capital stock financial institution, or qualifying mutual financial institution shall also be serving as mayor, as a member of the city council, as a member of a board of public works, or as any other officer of such municipality shall not disqualify such bank, capital stock financial institution, or qualifying mutual financial institution from acting as a depository for such municipal funds. Section 77-2366 shall apply to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

16-713 City funds; certificates of deposit; time deposits; security required.

The city treasurer may, upon resolution of the mayor and council authorizing the same, purchase certificates of deposit from and make time deposits in banks, capital stock financial institutions, or qualifying mutual financial institutions selected as depositories of city funds under the provisions of sections 16-712, 16-714, and 16-715. The certificates of deposit purchased and time deposits made shall bear interest and shall be secured as set forth in sections 16-714 and 16-715, except that the penal sum of such bond or the sum of such security shall be reduced in the amount of the time deposit or certificate of deposit insured by the Federal Deposit Insurance Corporation. Section 77-2366 shall apply to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

16-714 City funds; depository bond; conditions.

For the security of the fund so deposited, the city treasurer shall require each depository to give bond for the safekeeping and payment of such deposits and the accretions thereof, which bond shall run to the city and be approved by the mayor. Such bond shall be conditioned that such a depository shall, at the end of every quarter, render to the treasurer a statement in duplicate, showing the several daily balances, the amount of money of the city held by it during the quarter, the amount of the accretion thereto, and how credited. The bond shall also be conditioned that the depository shall generally do and perform whatever may be required by the provisions of sections 16-712 to 16-715 and faithfully discharge the trust reposed in such depository. Such bond shall be as nearly as practicable in the form provided in section 77-2304. No person in any way connected with any depository as an officer or stockholder shall be accepted as a surety on any bond given by the depository of which he or she is an officer or stockholder. Such bond shall be deposited with the city clerk. Section 77-2366 shall apply to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

16-715 City funds; depository; security in lieu of bond; authorized.

In lieu of the bond required by section 16-714, any bank, capital stock financial institution, or qualifying mutual financial institution making application to become a depository may give security as provided in the Public Funds Deposit Security Act to the city clerk. The penal sum of such bond shall be equal to or greater than the amount of the deposit in excess of that portion of such deposit insured by the Federal Deposit Insurance Corporation. Section 77-2366 shall apply to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

This section permits banks to pledge certain securities to secure deposits of a city of the first class. Luikart v. City of Aurora, 125 Neb. 263, 249 N.W. 590 (1933).

16-716 City funds; depositories; maximum deposits; liability of treasurer.

The treasurer shall not have on deposit in any bank, capital stock financial institution, or qualifying mutual financial institution at any time more than the amount insured by the Federal Deposit Insurance Corporation plus the maximum amount of the bond given by the bank, capital stock financial institution, or qualifying mutual financial institution if the bank, capital stock financial institution, or qualifying mutual financial institution gives a surety bond, nor in any bank, capital stock financial institution, or qualifying mutual financial institution giving a personal bond, more than the amount insured by the Federal Deposit Insurance Corporation plus one-half of the amount of the bond of such bank, capital stock financial institution, or qualifying mutual financial institution, and the amount so on deposit any time with any such bank, capital stock financial institution, or qualifying mutual financial institution shall not in either case exceed the amount insured by the Federal Deposit Insurance Corporation plus the paid-up capital stock and surplus of such bank, capital stock financial institution, or qualifying mutual financial institution.

The city treasurer shall not be liable for any loss sustained by reason of the failure of any such bonded depository whose bond has been duly approved by the mayor as provided in section 16-714 or which has, in lieu of a surety bond, given security as provided in section 16-715.

16-717 City treasurer; books and accounts.

The city treasurer shall receive all money belonging to the city, and the clerk and treasurer shall keep their books and accounts in such a manner as the mayor and council shall prescribe. The treasurer shall keep a daily cash book, which shall be footed and balanced daily; and such books and accounts shall always be subject to inspection of the mayor, members of the council, and such other persons as they may designate.

16-718 City treasurer; warrants; issuance; delivery.

Upon allowance of a claim by the council the order for the payment thereof shall specify the particular fund out of which it is payable as specified in the adopted budget statement, and no order or warrant shall be drawn in excess of eighty-five percent of the current levy for the purpose for which it is drawn unless there shall be sufficient money in the treasury to the credit of the proper fund for its payment, and no claim shall be audited or allowed except an order or warrant for the payment thereof may legally be drawn. All warrants drawn upon the treasury must be signed by the mayor and countersigned by the clerk, and shall state the particular fund to which the same is chargeable, the person to whom payable, and for what particular object. No money shall be otherwise paid than upon such warrant so drawn. Such warrants may be delivered immediately when so drawn.

16-719 City treasurer; conversion of funds; penalty.

The treasurer shall keep all money in his hands belonging to the city separate and distinct from his own money; and he is hereby expressly prohibited from using, either directly or indirectly, the corporation money or warrants in his custody and keeping for his own use and benefit or that of any other person whomsoever. Any violation of this provision shall subject him to immediate removal from office by the city council, and it may declare such office vacant. The mayor shall appoint a successor, who shall be confirmed by the city council, to hold office for the remainder of the term.

16-720 City treasurer; report; warrant register.

The treasurer shall report to the mayor and council annually, and more often if required, at such times as may be prescribed by ordinance, giving a full and detailed account of the receipts and expenditures during the preceding fiscal year, and the state of the treasury. He shall also keep a register of all warrants redeemed and paid during the year, describing such warrants, their date, amount, number, time of payment, the fund from which paid, and the person to whom paid. All such warrants shall be examined by the finance committee at the time of making such annual report.

16-721 City funds; transfer; when authorized.

Each fund created by this chapter shall be strictly devoted to the purpose for which it was created and shall not be diverted therefrom; *Provided, however,* when the city council by a three-fourths vote of the members thereof, shall declare the expenditure of any fund for the purpose for which it was created to be unwise and impracticable or where the purpose thereof has been fully accomplished and the whole fund or an unexpired balance thereof remains, and no indebtedness has been incurred on account of such fund which has not

been fully paid, such fund may be transferred to any other fund of the city by the affirmative vote of three-fourths of all the members of the council.

16-723 Taxes; payable in cash; sinking fund; investment; matured bonds or coupons; payment.

All taxes levied for the purpose of raising money to pay the interest or to create a sinking fund for the payment of the principal of any funded or bonded debt of the city shall be payable in money only. Except as otherwise expressly provided, no money so obtained shall be used for any other purpose than the payment of the interest or debt for the payment of which it shall have been raised; *Provided,* such sinking fund may, under the direction of the mayor and council, be invested in any of the unmatured bonds issued by the city, provided they can be procured by the treasurer at such rate or premium as shall be prescribed by ordinance. Any due or overdue bond or coupon shall be a sufficient warrant or order for the payment of the same by the treasurer out of any fund especially created for that purpose without any further order or allowance by the mayor or council.

16-726 Claims and accounts payable; filing; requirements; disallowance; notice; costs.

All liquidated and unliquidated claims and accounts payable against a city of the first class shall: (1) Be presented in writing; (2) state the name and address of the claimant and the amount of the claim; and (3) fully and accurately identify the items or services for which payment is claimed or the time, place, nature, and circumstances giving rise to the claim.

As a condition precedent to maintaining an action for a claim, other than a tort claim as defined in section 13-903, the claimant shall file such claim within ninety days of the accrual of the claim in the office of the city clerk.

The city clerk shall notify the claimant or his or her agent or attorney by letter mailed to the claimant's address within five days if the claim is disallowed by the city council.

No costs shall be recovered against such city in any action brought against it for any claim or for any claim allowed in part which has not been presented to the city council to be audited, unless the recovery is for a greater sum than the amount allowed with the interest due.

16-729 Claims; disallowance; appeal; transcript; trial.

The clerk, upon such appeal being taken and being paid the proper fees therefor, including fees for filing the same in the district court, shall make out a transcript of the proceedings of the council, mayor, and other officers as relate to the presentation and allowance or disallowance of such claim and shall file it with the clerk of the district court within thirty days after the decision allowing

or disallowing the claim and paying the proper commencement fees. Such appeal shall be entered on the docket of the court, tried, and determined and costs awarded thereon in the manner provided in sections 25-1901 to 25-1937. No appeal bond shall be required of the city by any court in the case of an appeal by the city, and judgment shall be stayed pending such appeal.

16-801 Offstreet parking; purpose.

State recognition is hereby given to the hazard created in the streets of cities of the first class of Nebraska by the great increase in the number of motor vehicles, buses, and trucks. In order to remove or reduce the hazards to life and property and the inconvenience of congested traffic on the streets in such cities in this state, it is hereby deemed necessary and of general benefit to the entire State of Nebraska to provide means for such cities in Nebraska to own offstreet vehicle parking facilities exclusively for the parking of motor vehicles.

Source: Laws 1955, c. 35, § 1, p. 143.

16-802 Grant of power.

Any city of the first class in Nebraska is hereby authorized to own, purchase, construct, equip, lease, or operate within such city offstreet motor vehicle parking facilities for the use of the general public. The grant of power herein does not include the power to engage, directly or indirectly, in the sale of gasoline, oil, or other merchandise or in the furnishing of any service other than that of parking motor vehicles as provided herein. Any such city shall have the authority to acquire by grant, contract, or purchase or through the condemnation of property, as provided by law for such acquisition, all real or personal property, including a site or sites on which to construct the facilities necessary or convenient in the carrying out of this grant of power. Before any such city may commence a program to construct, purchase, or acquire by other means a proposed offstreet parking facility or facilities, notice shall be given, by publication once each week for not less than three weeks, inviting application for private ownership and operation of offstreet parking facilities. If no application or applications have been received or, if received, the same have been disapproved by the governing body of such city within ninety days from the first date of publication, then such city may proceed in the exercise of the powers herein granted.

Source: Laws 1955, c. 35, § 2, p. 144; Laws 1996, LB 299, § 13.

16-803 Acquisition of property and facilities; cost; revenue bonds; interest; issuance; revenue pledged.

In order to pay the cost required by any purchase, construction, lease, or condemnation of property and equipping of such facilities, or the enlargement of presently owned facilities, or to pay a portion of the cost of such facilities purchased or constructed pursuant to sections 19-3301 to 19-3326, the city may issue revenue bonds to provide the funds for such improvements. Such revenue bonds shall not be payable from any general tax upon the issuing municipality, but shall be a lien only upon the revenue and earnings of the parking facilities. Such revenue bonds may be issued at an interest cost to maturity set by the city council and shall mature in not to exceed forty years but may be optional prior

to maturity at a premium as provided in the authorizing resolution or ordinance. Any such revenue bonds which may be issued shall not be included in computing the maximum amount of bonds which the issuing city of the first class may be authorized to issue under its charter or any statute of this state. Such revenue bonds may be issued and sold or delivered to the contractor at par and accrued interest for the amount of work performed. If any city has installed or installs onstreet parking meters, it may pledge all or any part of the revenue of such parking meters, not previously pledged, as security for the bonds herein authorized.

16-804 Revenue bonds; plans and specifications; engineer.

Before the issuance of any revenue bonds the city of the first class shall have an independent and qualified firm of engineers prepare plans and specifications for such improvements. In the preparation of the plans and specifications, the independent engineer shall collaborate and counsel with any city engineering or traffic departments so as to coordinate the program with the program for the control of traffic within such respective city.

Source: Laws 1955, c. 35, § 4, p. 145.

16-805 Governing body; rules and regulations; rates and charges; adopt.

The governing body of any such city of the first class shall make all necessary rules and regulations governing the use, operation, and control thereof. In the exercise of the grant of power herein set forth, the city of the first class may make contracts with other departments of the city, or others, if such contracts are necessary and needed for the payment of the revenue bonds authorized herein and for the successful operation of the parking facilities. The governing board shall also establish and maintain equitable rates or charges for such services sufficient in amount to pay for the cost of operation, repair, and upkeep of the facilities to be purchased, acquired, or leased, and the principal of and interest on any revenue bonds issued pursuant to the provisions of sections 16-801 to 16-811. The governing body may also make any other agreements with the purchasers of the bonds for the security of the issuing city and the purchasers of such bonds not in contravention with the provisions of sections 16-801 to 16-811.

Source: Laws 1955, c. 35, § 5, p. 145.

16-806 Ordinance; publication; objections; submission to electors; election; notice.

The mayor and council of a city of the first class may adopt by ordinance the proposition to make such purchase or to erect such facility or facilities as set forth in section 16-802, and before the purchase can be made or facility created, the council shall publish in a legal newspaper having a general circulation in the city the location of the proposed offstreet motor vehicle parking facility or facilities, the proposed cost, and the total amount of the bonds to be issued. If the electors of such city, equal in number to five percent of the electors of such city voting at the last preceding general municipal election, file a written objection or objections to the proposed issuance of revenue bonds within sixty days after the adoption of such ordinance, the

governing body must submit the question to the electors of such city at a general municipal election or at an election duly called for that purpose and be approved by a majority of the electors voting on such question. If the question is submitted at a special election, the vote for the purchase or acquisition of such real estate or the purchase or erection of such facility or facilities shall equal at least a majority of the votes cast at the last preceding general election. Notice of the time and place of the election shall be given by publication in some legal newspaper printed and in general circulation in such city three successive weeks prior thereto.

16-807 Lease of facilities; competitive bidding.

On the creation of such motor vehicle parking facility for the use of the general public, the city may if it desires lease such facility to one or more operators to provide for the efficient operation of the facility. Such lease shall be let on a competitive basis and no lease shall run for a period in excess of ten years. In granting any lease, the city shall retain such control of the facility as may be necessary to insure that the facility will be properly operated in the public interest and that the prices charged are reasonable. The provisions of sections 16-801 to 16-811 shall not be construed to authorize the city or the lessee of the facility to engage in the sale of any commodity, product, or service, or to engage in any business other than the purposes set forth in section 16-802.

16-901. Zoning regulations; building ordinances; public utility codes; extension.
16-902. Designation of jurisdiction; subdivision; platting; consent required; review by county planning commission; when required.
16-903. Platting; recording; city council; powers.
16-904. Conformity with ordinance; dedication of avenues, streets, and alleys.
16-905. Designation of jurisdiction; how described.

16-901 Zoning regulations; building ordinances; public utility codes; extension.

Except as provided in section 13-327, any city of the first class may apply by ordinance any existing or future zoning regulations, property use regulations, building ordinances, electrical ordinances, plumbing ordinances, and ordinances authorized by section 16-240 to the unincorporated area two miles beyond and adjacent to its corporate boundaries with the same force and effect as if such outlying area were within the corporate limits of such city, except that no such ordinance shall be extended or applied so as to prohibit, prevent, or interfere with the conduct of existing farming, livestock operations, businesses, or industry. For purposes of sections 70-1001 to 70-1020, the zoning area of a city of the first class shall be one mile beyond and adjacent to the corporate area. The fact that such unincorporated area is located in a different county or counties than some or all portions of the municipality shall not be construed as affecting the powers of the city to apply such ordinances.

A city is exercising control and county zoning regulations are superseded if the city adopts an ordinance with respect to territory within the extraterritorial jurisdiction, and it is not necessary that the city designate each particular piece of property within that jurisdiction. County of Dakota v. Worldwide Truck Parts & Metals, 245 Neb. 196, 511 N.W.2d 769 (1994).

16-902 Designation of jurisdiction; subdivision; platting; consent required; review by county planning commission; when required.

(1) Except as provided in section 13-327, a city of the first class may designate by ordinance the portion of the territory located within two miles of the corporate limits of the city and outside of any other organized city or village within which the designating city will exercise the powers and duties granted by sections 16-902 to 16-904 or section 19-2402.

(2) No owner of any real property located within the area designated by a city pursuant to subsection (1) of this section or section 13-327 may subdivide, plat, or lay out such real property in building lots, streets, or other portions of the same intended to be dedicated for public use or for the use of the purchasers or owners of lots fronting thereon or adjacent thereto without first having obtained the approval of the city council of such city or its agent designated pursuant to section 19-916 and, when applicable, having complied with sections 39-1311 to 39-1311.05. The fact that such real property is located in a different county or counties than some or all portions of the city shall not be

construed as affecting the necessity of obtaining the approval of the city council of such city or its designated agent.

(3) In counties that (a) have adopted a comprehensive development plan which meets the requirements of section 23-114.02 and (b) are enforcing subdivision regulations, the county planning commission shall be provided with all available materials on any proposed subdivision plat, contemplating public streets or improvements, which is filed with a municipality in that county, when such proposed plat lies partially or totally within the extraterritorial subdivision jurisdiction being exercised by that municipality in such county. The commission shall be given four weeks to officially comment on the appropriateness of the design and improvements proposed in the plat. The review period for the commission shall run concurrently with subdivision review activities of the municipality after the commission receives all available material for a proposed subdivision plat.

16-903 Platting; recording; city council; powers.

No plat or instruments effecting the subdivision of real property, described in section 16-902, shall be recorded or have any force and effect unless the same be approved by the city council of such city or by its agent designated pursuant to section 19-916. The city council of such city shall have power, by ordinance, to provide the manner, plan, or method by which real property in any such area may be subdivided, platted, or laid out, including a plan or system for the avenues, streets, or alleys to be laid out within or across the same; and to prohibit the sale or offering for sale of, and the construction of buildings and other improvements on, any lots or parts of real property not subdivided, platted, or laid out as required in sections 16-902 to 16-904, 19-916, 19-918, and 19-920.

(b) FIREFIGHTERS RETIREMENT

(a) POLICE OFFICERS RETIREMENT

16-1001 Applicability of sections.

Sections 16-1001 to 16-1019 shall apply to all police officers of a city of the first class.

Source: Laws 1983, LB 237, § 1.

16-1002 Terms, defined.

For purposes of sections 16-1001 to 16-1019, unless the context otherwise requires:

(1) Actuarial equivalent shall mean equality in value of the aggregate amount of benefit expected to be received under different forms of benefit or at different times determined as of a given date as adopted by the city or the retirement committee for use by the retirement system. Actuarial equivalencies shall be specified in the funding medium established for the retirement system, except that if benefits under the retirement system are obtained through the purchase of an annuity contract, the actuarial equivalent of any such form of benefit shall be the amount of pension benefit which can be purchased or otherwise provided by the police officer's retirement value. All actuarial and mortality assumptions adopted by the city or retirement committee shall be on a sex-neutral basis;

(2) Beneficiary shall mean the person or persons designated by a police officer, pursuant to a written instrument filed with the retirement committee before the police officer's death, to receive death benefits which may be payable under the retirement system;

(3) Funding agent shall mean any bank, trust company, life insurance company, thrift institution, credit union, or investment management firm selected by the city or retirement committee to hold or invest the funds of the retirement system;

(4) Regular interest shall mean the rate of interest earned each calendar year commencing January 1, 1984, equal to the rate of net earnings realized for the calendar year from investments of the retirement fund. Net earnings shall mean the amount by which income or gain realized from investments of the retirement fund exceeds the amount of any realized losses from such investments during the calendar year;

(5) Regular pay shall mean the average salary of a police officer for the five years preceding the date such police officer elects to retire, the five years

preceding his or her death, or the five years preceding the date of disability, whichever is earliest, except that for any police officer who retires, dies, or becomes disabled after July 15, 1992, regular pay shall mean the average salary of the police officer for the period of five consecutive years preceding such retirement, death, or disability which produces the highest average;

(6) Salary shall mean all amounts paid to a participating police officer by the employing city for personal services as reported on the participant's federal income tax withholding statement, including the police officer's contributions picked up by the city as provided in subsection (2) of section 16-1005 and any salary reduction contributions which are excludable from income for federal income tax purposes pursuant to section 125 or 457 of the Internal Revenue Code;

(7) Retirement committee shall mean the retirement committee created pursuant to section 16-1014;

(8) Retirement system shall mean a retirement system established pursuant to sections 16-1001 to 16-1019;

(9) Retirement value shall mean the accumulated value of the police officer's employee account and employer account. The retirement value shall consist of the sum of the contributions made or transferred to such accounts by the police officer and by the city on the police officer's behalf and the regular interest credited to the accounts as of the date of computation, reduced by any realized losses which were not taken into account in determining regular interest in any year, and further adjusted each year to reflect the pro rata share for the accounts of the appreciation or depreciation of the fair market value of the assets of the retirement system as determined by the retirement committee. The retirement value shall be reduced by the amount of all distributions made to or on the behalf of the police officer from the retirement system. Such valuation shall be computed annually as of December 31. If separate investment accounts are established pursuant to subsection (3) of section 16-1004, a police officer's retirement value with respect to such accounts shall be equal to the value of his or her separate investment accounts as determined under such subsection;

(10) Annuity contract shall mean the contract or contracts issued by one or more life insurance companies and purchased by the retirement system in order to provide any of the benefits described in sections 16-1001 to 16-1019. Annuity conversion rates contained in any such contract shall be specified on a sex-neutral basis; and

(11) Straight life annuity shall mean an ordinary annuity payable for the life of the primary annuitant only and terminating at his or her death without refund or death benefit of any kind.

16-1003 Police officer; prior service; how treated.

A police officer shall be credited with all years of his or her service after the year 1965 for the purpose of determining vested retirement benefits under sections 16-1001 to 16-1019.

16-1004 Police Officers Retirement System Fund; administration; transfer of contributions; system funding; separate investment accounts.

(1) Commencing on January 1, 1984, each city of the first class shall keep and maintain a Police Officers Retirement System Fund for the purpose of investing payroll deductions and city contributions to the retirement system. The fund shall be maintained separate and apart from all city money and funds. The fund shall be administered under the direction of the city and the retirement committee exclusively for the purposes of the retirement system and for the benefit of participating police officers and their beneficiaries. The fund shall be established as a trust under the laws of this state for all purposes of section 401(a) of the Internal Revenue Code. Upon the passage of sections 16-1001 to 16-1019 all of the contributions made by a police officer prior to January 1, 1984, will be transferred to the police officer's employee account without interest unless the city, at the time of the transfer, credited interest on such contributions. Regular interest shall begin to accrue on the contributions transferred into the fund from January 1, 1984. Such funds shall be invested in the manner prescribed in section 16-1016.

(2) The city shall establish a medium for funding of the retirement system, which may be a pension trust fund, custodial account, group annuity contract, or combination thereof, for the purpose of investing money for the retirement system in the manner prescribed by section 16-1016 and to provide the retirement, death, and disability benefits for police officers pursuant to sections 16-1001 to 16-1019. The trustee or custodian of any trust fund may be a designated funding agent which is qualified to act as a fiduciary or custodian in this state, the city treasurer, a city officer authorized to administer funds of the city, or a combination thereof.

(3) Upon direction of the city, there may be established separate investment accounts for each participating police officer for the purpose of allowing each police officer to direct the investment of all or a portion of his or her employee account or employer account subject to the requirements of section 16-1016 and any other rules or limitations that may be established by the city or the retirement committee. If separate investment accounts are established, each account shall be separately invested and reinvested, separately credited with all earnings and gains with respect to the investment of the assets of the investment account, and separately debited with the losses of the account. Each investment account shall be adjusted each year to reflect the appreciation or depreciation of the fair market value of the assets held in such account as determined by the retirement committee. The expenses incurred by the retirement system when a police officer directs the investment of all or a portion of his or her individual investment account shall be charged against the police officer's investment account and shall reduce the police officer's retirement value.

16-1005 Contribution by police officer; amount; city; pick up officers' contributions; voluntary contributions.

(1) Each police officer participating in the retirement system shall contribute to the retirement system a sum equal to six percent of his or her salary. Such payment shall be made by regular payroll deductions from his or her periodic

salary and shall be credited to his or her employee account on a monthly basis. Each such account shall also be credited with regular interest.

(2) Each city of the first class with police officers participating in a retirement system established pursuant to sections 16-1001 to 16-1019 shall pick up the police officers' contributions required by subsection (1) of this section for all compensation paid on or after January 1, 1984, and the contributions so picked up shall be treated as employer contributions in determining federal tax treatment under the Internal Revenue Code, except that the city shall continue to withhold federal income taxes based upon these contributions until the Internal Revenue Service or the federal courts rule that, pursuant to section 414(h) of the Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as they are distributed from the retirement system. The city shall pay these employee contributions from the same source of funds which is used in paying earnings to the employee. The city shall pick up these contributions by a salary deduction either through a reduction in the cash salary of the employee or a combination of a reduction in salary and offset against a future salary increase. A police officer shall not be given an option to choose to receive the amount of the required contribution in lieu of having such contribution paid directly to the retirement system.

(3) Each police officer participating in the retirement system shall be entitled to make voluntary cash contributions to the retirement system in an amount not to exceed the contribution limitations established by the Internal Revenue Code. Voluntary contributions shall be credited to the police officer's employee account and shall thereafter be credited with regular interest. A police officer's voluntary contribution shall become a part of the Police Officers Retirement System Fund and shall be held, administered, invested, and distributed in the same manner as any other employee contribution to the retirement system.

16-1006 Contributions by city; amount; how credited; interest; when.

Beginning January 1, 1984, each city of the first class with police officers participating in a retirement system shall contribute to the retirement system a sum equal to six percent of each such participating police officer's periodic salary. Such payment shall be contributed as provided in subsection (1) of section 16-1005 for employee contributions and shall be credited to his or her employer account on a monthly basis. Each such account shall also be credited with regular interest. The city shall also contribute to the employer account of any police officer employed by the city on January 1, 1984, an amount equal to the employee contributions of such police officer that were made to the city prior to January 1, 1984, without interest, with such contribution to be made at the time the police officer retires or terminates employment with the city. The city may contribute such amount before the police officer's retirement or termination of employment or credit interest on such contribution.

16-1007 Retiring officer; annuity options; how determined; lump-sum payment option.

(1) At any time before the retirement date, the retiring police officer may elect to receive at his or her retirement date a pension benefit either in the form

of a straight life annuity or any optional form of annuity benefit established by the retirement committee and provided under a purchased annuity contract. The optional annuity benefit shall be specified in the funding medium for the retirement system and shall include a straight life annuity with a guarantee of at least sixty monthly payments or an annuity payable for the life of the retiring police officer and, after the death of the retiree, monthly payments, as elected by the retiring police officer, of either one hundred percent, seventy-five percent, or fifty percent of the amount of annuity payable to the retiring police officer during his or her life, to the beneficiary selected by the retiring police officer at the time of the original application for an annuity. For any police officer whose retirement date is on or after January 1, 1997, the optional benefit forms for the retirement system shall include a single lump-sum payment of the police officer's retirement value. For police officers whose retirement date is prior to January 1, 1997, a single lump-sum payment shall be available only if the city has adopted such distribution option in the funding medium established for the retirement system. The retiring police officer may further elect to defer the date of the first annuity payment or lump-sum payment to the first day of any specified month prior to age seventy. If the retiring police officer elects to receive his or her pension benefit in the form of an annuity, the amount of annuity benefit shall be the amount paid by the annuity contract purchased or otherwise provided by his or her retirement value as of the date of the first payment. Any such annuity contract purchased by the retirement system may be distributed to the police officer and, upon such distribution, all obligations of the retirement system to pay retirement, death, or disability benefits to the police officer and his or her beneficiaries shall terminate, without exception.

(2) For all officers employed on January 1, 1984, and continuously employed by the city from such date through the date of their retirement, the amount of the pension benefit, when determined on the straight life annuity basis, shall not be less than the following amounts:

(a) If retirement occurs following age sixty and with twenty-five years of service with the city, or twenty-one years of service if hired prior to November 18, 1965, fifty percent of regular pay; or

(b) If retirement occurs following age fifty-five but before age sixty and with twenty-five years of service with the city, forty percent of regular pay.

A police officer entitled to a minimum pension benefit under this subsection may elect to receive such pension benefit in any form permitted by subsection (1) of this section, including a single lump-sum payment, if the officer retires on or after January 1, 1997, or if the city has adopted a lump-sum distribution option for officers retiring before January 1, 1997, in the funding medium for the retirement system. If the minimum pension benefit is paid in a form other than a straight life annuity, such benefit shall be the actuarial equivalent of the straight life annuity that would otherwise be paid to the officer pursuant to this subsection.

If the police officer chooses the single lump-sum payment option, the officer can request that the actuarial equivalent be equal to the average of the cost of three annuity contracts purchased on the open market. Of the three annuity contracts used for comparison, one shall be chosen by the police officer, one shall be chosen by the retirement committee, and one shall be chosen by the city.

(3) If the retirement value of an officer entitled to a minimum pension benefit under subsection (2) of this section is not sufficient at the time of the first payment to purchase or provide the required pension benefit, the city shall transfer such funds as may be necessary to the employer account of the police officer so that the retirement value of such officer is sufficient to purchase or provide for the required pension benefit.

(4) Any retiring police officer whose pension benefit is less than twenty-five dollars per month on the straight life annuity option shall be paid a lump-sum settlement equal to the retirement value and shall not be entitled to elect to receive annuity benefits.

16-1008 Retirement options; retirement date.

(1) A police officer of a city of the first class may:

(a) Elect to retire and receive the applicable pension benefit provided in section 16-1007 based on his or her full retirement value upon the attainment of age sixty;

(b) Elect to take early retirement and receive the applicable pension benefit provided in section 16-1007 if he or she has attained the age of fifty-five and has completed twenty-five years of service with the city; or

(c) Retire as a result of disability while in the line of duty, as determined under section 16-1011, at any age, and receive the applicable pension benefit provided in section 16-1011.

(2) A police officer who is eligible to retire pursuant to subsection (1) of this section but does not, shall continue to contribute to his or her employee account, and the city shall continue to contribute to his or her employee account and to his or her employer account.

(3) The first of the month immediately following the last day of work shall be the retirement date.

Source: Laws 1983, LB 237, § 8; Laws 1992, LB 672, § 12.

16-1009 Police officer; death other than in the line of duty; pension benefit payable.

(1) When prior to retirement any police officer participating in the retirement system dies other than in the line of duty and except as provided in subsection (2) of this section, the entire retirement value shall be payable to the beneficiary or beneficiaries specified by the deceased police officer prior to his or her death or to the deceased police officer's estate if no beneficiary was specified. The retirement value or portion thereof to be received by the beneficiary may be paid in the form of a single lump-sum payment, straight life annuity, or other optional form of benefit specified in the retirement system's funding medium. If benefits are paid in the form of an annuity, the annuity shall be the amount paid by the annuity contract purchased or otherwise provided by the amount of the beneficiary's share of the retirement value as of the date of the first payment. Upon the purchase and distribution of such annuity contract to the beneficiary, all obligations of the retirement system to the beneficiary shall terminate, without exception.

(2) If any police officer employed by such city as a member of its paid police department on January 1, 1984, except those who shall have been formerly

employed in such department who are now in military service, dies while employed by the city as a police officer, other than in the line of duty, after becoming fifty-five years of age and before electing to retire, and after serving in the paid police department of such city for at least twenty-one years, then a pension of at least twenty-five percent of his or her regular pay in the form of a straight life annuity shall be paid to the surviving spouse of such deceased police officer. If the deceased police officer is not survived by a spouse or if the surviving spouse dies before the children of the police officer attain the age of majority, the pension benefit shall be paid to the police officer's minor children until they attain the age of majority. Each such child shall share equally in the total pension benefit to the age of his or her majority, except that as soon as a child attains the age of majority, such pension as to such child shall cease. To the extent that the retirement value at the date of death exceeds the amount required to purchase the specified pension, the excess shall be paid in the manner provided in subsection (1) of this section. If the actuarial equivalent of the pension benefit payable under this subsection exceeds the retirement value at the time of the first payment, the city shall contribute such additional amounts as may be necessary to purchase or provide for the required pension benefit. If a deceased police officer described in this subsection is not survived by a spouse or minor children, his or her death benefits shall be provided under subsection (1) of this section as if such officer was not employed by the city on January 1, 1984.

(3) Any payments for the benefit of a minor child shall be made on behalf of the child to the surviving parent or, if there is no surviving parent, to the legal guardian of the child.

Source: Laws 1983, LB 237, § 9; Laws 1992, LB 672, § 13.

16-1010 Police officer; death in the line of duty; beneficiaries; retirement benefits.

When prior to retirement any police officer participating in the retirement system dies in the line of duty or in case death is caused by or is the result of injuries received while in the line of duty and if such police officer is not survived by a spouse or by minor children, the entire retirement value shall be payable to the beneficiary specified by the deceased police officer prior to his or her death or to the deceased police officer's estate if no beneficiary was specified. The retirement value or portion thereof to be received by the beneficiary may be paid in the form of a single lump-sum payment, straight life annuity, or other optional form of benefit specified in the retirement system's funding medium. For a police officer who is survived by a spouse or minor children, a retirement pension of fifty percent of regular pay shall be paid to the surviving spouse or, upon his or her remarriage or death, to the minor children during each child's minority subject to deduction of the amounts paid as workers' compensation benefits on account of death as provided in section 16-1012. Each such child shall share equally in the total pension benefit to the age of his or her majority, except that as soon as a child attains the age of majority, such pension as to such child shall cease. Any payments for the benefit of a minor child shall be made on behalf of such child to the surviving parent or, if there is no surviving parent, to the legal guardian of the child. To the extent that the retirement value at the date of death exceeds the amount required to purchase or provide the specified retirement pension, as reduced by any amounts paid as workers' compensation benefits, the excess shall be paid

in the manner provided in subsection (1) of section 16-1009. If the actuarial equivalent of the pension benefit payable to a surviving spouse or minor children under this section exceeds the retirement value at the time of the first payment, the city shall contribute such additional amount as may be necessary to purchase or provide for the required pension benefit.

16-1011 Police officer; disability in the line of duty; benefit; requirements.

(1) If any police officer becomes disabled, such police officer shall be placed upon the roll of pensioned police officers at the regular retirement pension of fifty percent of regular pay for the period of such disability. For purposes of this section, disability shall mean the complete inability of the police officer, for reasons of accident or other cause while in the line of duty, to perform the duties of a police officer.

(2) No disability benefit payment shall be made except upon adequate proof furnished to the city, such proof to consist of a medical examination conducted by a competent, disinterested physician who is duly licensed to practice medicine and surgery in this state and who certifies to the city that the police officer is unable to perform the duties of a police officer. The city, during the first three years of the payment of such benefits, shall have the right, at reasonable times, to require the disabled police officer to undergo a medical examination at the city's expense to determine the continuance of the disability claimed. After such three-year period, the city may request the district court to order the police officer to submit proof of the continuance of the disability claimed if the city has reasonable grounds to believe the police officer is fraudulently receiving disability payments. The city shall have the right to demand a physical examination of the police officer by a competent, disinterested physician who is duly licensed to practice medicine and surgery in this state, and who is chosen by the city. The expense of such examination shall be borne by the city.

(3) In case of temporary disability of a police officer received while in the line of duty, he or she shall receive his or her salary during the continuance of such disability for a period not to exceed twelve months, except that if it is ascertained by the city council or other proper municipal authorities within twelve months that such temporary disability has become a disability as defined in this section, then the salary shall cease and he or she shall be entitled to the benefits for pensions in case of disability as provided in this section.

(4) All payments of pension or salary provided by this section shall be subject to deduction of amounts paid under the Nebraska Workers' Compensation Act. Such payments shall not commence until all credit for unused annual or sick leave and other similar credits have been fully utilized by the disabled police officer if there will be no impairment to his or her salary during the period of disability. Total payments to a disabled police officer, in excess of amounts paid as workers' compensation benefits, shall not be less than the retirement value at the date of disability. If the actuarial equivalent of the disability pension payable under this section exceeds the police officer's retirement value at the time of the first payment, the city shall contribute such additional amounts as may be necessary, from time to time, to provide for the required disability pension.

(5) If a police officer who was pensioned under this section is later determined to be no longer disabled, the pension provided for under this section shall terminate and the police officer's vested retirement value, as reduced by any disability payments made from the retirement system, shall thereafter be held and administered in the same manner as for any nondisabled police officer or former police officer.

(6) If a police officer who has pensioned under this section is later determined to be no longer disabled during the first three years when disability benefit payments are being paid the police officer may return to duty with the police force under the following conditions:

(a) If a vacancy exists on the police force for which the police officer is qualified and the police officer wishes to return to the police force, the city shall hire the police officer to fill the vacancy at a pay grade of not less than his or her previous pay grade; or

(b) If no vacancy exists on the police force and the police officer wishes to return to the police force, the city may create a vacancy under the city's reduction in force policy adopted under the Civil Service Act and rehire the officer at a pay grade of not less than his or her previous pay grade.

The provisions of this subsection shall not apply to a police officer whose disability benefit payments are terminated because of fraud on the part of the police officer.

16-1012 Police officer; temporary disability; workers' compensation benefits; how treated.

No police officer shall be entitled during any period of temporary disability to receive in full both his or her salary and his or her benefits under the Nebraska Workers' Compensation Act. All Nebraska workers' compensation benefits shall be payable in full to such police officer as provided in the Nebraska Workers' Compensation Act, but all amounts paid by the city or its insurer under the Nebraska Workers' Compensation Act to any disabled police officer entitled to receive a salary during such disability shall be considered as payments on account of such salary and shall be credited thereon. The remaining balance of such salary, if any, shall be payable as otherwise provided in sections 16-1001 to 16-1019.

16-1013 Police officer; termination of employment; benefits; how treated; vesting schedule.

If a police officer quits or is discharged before his or her normal or early retirement date, the officer may request and receive as a lump-sum payment an amount equal to the retirement value of his or her employee account as

determined at the valuation date preceding his or her termination of employment. Such police officer, if vested, shall also receive a deferred pension benefit in an amount purchased or provided by the retirement value at the date of retirement. The retirement value at such retirement date shall consist of the accumulated value of the police officer's employee account, as reduced by any lump-sum distributions received prior to retirement, together with a vested percentage of the accumulated value of the police officer's employer account at the date of retirement.

The vesting schedule shall be as follows:

(1) If the terminated police officer has been a member of the system for less than four years, such vesting shall be nil;

(2) If the terminating officer has been a member of the paid department of the city of the first class for at least four years, such vesting percentage shall be forty percent. Such vesting percentage shall be fifty percent after five years, sixty percent after six years, seventy percent after seven years, eighty percent after eight years, ninety percent after nine years, and one hundred percent after ten years; and

(3) All police officers shall be one hundred percent vested upon attainment of age sixty while employed by the city as a police officer.

The deferred pension benefit shall be payable on the first of the month immediately following the police officer's sixtieth birthday. At the option of the terminating police officer, such pension benefit may be paid as of the first of the month after such police officer attains the age of fifty-five. Such election may be made by the police officer any time prior to the payment of the pension benefits. The deferred pension benefit shall be paid in the form of the benefit options specified in subsection (1) of section 16-1007 as elected by the police officer. If the police officer's vested retirement value at the date of his or her termination of employment is less than three thousand five hundred dollars, the city may elect to pay such police officer his or her vested retirement value in the form of a single lump-sum payment.

Effective January 1, 1997, a police officer may elect upon his or her termination of employment to receive his or her vested retirement value in the form of a single lump-sum payment. For a police officer whose termination of employment is prior to January 1, 1997, this election shall be available only if the city has adopted a lump-sum distribution option for terminating police officers in the funding medium established for the retirement system.

Upon any lump-sum payment of a terminating police officer's retirement value under this section, such police officer will not be entitled to any deferred pension benefit and the city and the retirement system shall have no further obligation to pay such police officer or his or her beneficiaries any benefits under sections 16-1001 to 16-1019.

If the terminating police officer is not credited with one hundred percent of his or her employer account, the nonvested portion of the account shall be forfeited and first used to meet the expense charges incurred by the city in connection with administering the police officers retirement system and the remainder shall then be used to reduce the city contribution which would otherwise be required to fund pension benefits.

16-1014 Retirement committee; established; governing body; responsibilities.

A retirement committee shall be established to supervise the general operation of the retirement system established pursuant to sections 16-1001 to 16-1019. The governing body of the city shall continue to be responsible for the general administration of such retirement system unless specific functions or all functions with regard to the administration of the retirement system are delegated, by ordinance, to the retirement committee. Whenever duties or powers are vested in the city or the retirement committee under such sections or whenever such sections fail to specifically allocate the duties or powers of administration of the retirement system, such powers or duties shall be vested in the city unless such powers or duties have been delegated by ordinance to the retirement committee. The city and the retirement committee shall have all powers which are necessary for or appropriate to establishing, maintaining, managing, and administering the retirement system.

16-1015 Retirement committee; members; terms; vacancy.

Each retirement committee established pursuant to section 16-1014 shall consist of members from both the police force and designees of the city council. The committee shall consist of six members of which four members shall be selected by the officers from the police force of the city. Two members shall be designated by the city council. The members who are not participants in such retirement system shall have a general knowledge of retirement plans. Members of the governing body of such city may serve on the retirement committee. The committee members shall be appointed to four-year terms. Vacancies shall be filled for the remainder of the term by a person with the same representation as his or her predecessor. Members of the retirement committee shall receive no salary and shall not be compensated for expenses.

16-1016 Retirement system funds; contracts for investments.

The funds of the retirement system shall be invested under the general direction of the retirement committee. The city or the retirement committee if delegated such function by the city shall select and contract with a funding agent or agents to hold or invest the assets of the retirement system and to provide for the benefits provided by sections 16-1001 to 16-1019. The city or committee may select and contract with investment managers registered under the Investment Advisers Act of 1940 to invest, reinvest, and otherwise manage such portion of the assets of the retirement system as may be assigned by the city or committee. All funds of the retirement system shall be invested pursuant to the policies established by the Nebraska Investment Council.

16-1017 Retirement committee; duties.

(1) It shall be the duty of the retirement committee to:

(a) Provide each employee a summary of plan eligibility requirements and benefit provisions;

(b) Provide, within thirty days after a request is made by a participant, a statement describing the amount of benefits such participant is eligible to receive; and

(c) Make available for review an annual report of the system's operations describing both (i) the amount of contributions to the system from both employee and employer sources and (ii) an identification of the total assets of the retirement system.

(2)(a) Beginning December 31, 1998, and each December 31 thereafter, the chairperson of the retirement committee shall file with the Public Employees Retirement Board an annual report on each retirement plan established pursuant to section 401(a) of the Internal Revenue Code and administered by a retirement system established pursuant to sections 16-1001 to 16-1019 and shall submit copies of such report to the members of the Nebraska Retirement Systems Committee of the Legislature. The annual report shall be in a form prescribed by the Public Employees Retirement Board and shall contain the following information for each such retirement plan:

(i) The number of persons participating in the retirement plan;

(ii) The contribution rates of participants in the plan;

(iii) Plan assets and liabilities;

(iv) The names and positions of persons administering the plan;

(v) The names and positions of persons investing plan assets;

(vi) The form and nature of investments;

(vii) For each defined contribution plan, a full description of investment policies and options available to plan participants; and

(viii) For each defined benefit plan, the levels of benefits of participants in the plan, the number of members who are eligible for a benefit, and the total present value of such members' benefits, as well as the funding sources which will pay for such benefits.

If a plan contains no current active participants, the chairperson may file in place of such report a statement with the Public Employees Retirement Board indicating the number of retirees still drawing benefits, and the sources and amount of funding for such benefits.

(b) Beginning December 31, 1998, and every four years thereafter, if such retirement plan is a defined benefit plan, the retirement committee shall cause to be prepared a quadrennial report and the chairperson shall file the same with the Public Employees Retirement Board and submit to the members of the Nebraska Retirement Systems Committee of the Legislature a copy of such report. The report shall consist of a full actuarial analysis of each such retirement plan administered by a system established pursuant to sections 16-1001 to 16-1019. The analysis shall be prepared by an independent private organization or public entity employing actuaries who are members in good standing of the American Academy of Actuaries, and which organization or entity has demonstrated expertise to perform this type of analysis and is unrelated to any organization offering investment advice or which provides investment management services to the retirement plan.

16-1018 Termination of employment; transfer of benefits; when.

If a police officer terminates his or her employment for the purpose of becoming a police officer employed by another city of the first class in Nebraska and such new employment commences within one hundred twenty days of such termination, such police officer shall be entitled to transfer to the Police Officers Retirement System Fund of the city by which he or she is newly employed, the full amount of his or her employee account and the vested portion of the value of his or her employer account at the time of termination. The transferred funds shall be directly transferred to the police officer's employee account in the retirement system of the city to which transferred and administered by the retirement committee of the city to which transferred. Upon such transfer, the city and the retirement system shall have no further obligation to such police officer or his or her beneficiary. Following the commencement of new employment, the transferring police officer shall be deemed a new employee for all purposes of the retirement system of the city to which he or she transferred.

16-1019 Exemption from legal process; administration; requirements; retirement committee; powers and duties; review of adjustment; tax levy authorized.

(1) The right to any benefits under the retirement system and the assets of any fund of the retirement system shall not be assignable or subject to execution, garnishment, attachment, or the operation of any bankruptcy or insolvency laws, except that the retirement system may comply with the directions set forth in a qualified domestic relations order meeting the requirements of section 414(p) of the Internal Revenue Code. The city or retirement committee may require appropriate releases from any person as a condition to complying with any such order. The retirement system shall not recognize any domestic relations order which alters or changes benefits, provides for a form of benefit not otherwise provided for by the retirement system, increases benefits not otherwise provided by the retirement system, or accelerates or defers the time of payment of benefits. No participant or beneficiary shall have any right to any specific portion of the assets of the retirement system.

(2) The retirement system shall be administered in a manner necessary to comply with the tax-qualification requirements applicable to government retirement plans under section 401(a) of the Internal Revenue Code, including section 401(a)(9) relating to the time and manner in which benefits are required to be distributed, section 401(a)(16) relating to compliance with the maximum limitation on the plan benefits or contributions under section 415, section 401(a)(17) which limits the amount of compensation which can be taken into account under a retirement plan, and section 401(a)(25) relating to the specification of actuarial assumptions. Any requirements for compliance with section 401(a) of the Internal Revenue Code may be set forth in any trust or funding medium for the retirement system. This subsection shall be in full force and effect only so long as conformity with section 401(a) of the Internal Revenue Code is required for public retirement systems in order to secure the favorable income tax treatment extended to sponsors and beneficiaries of tax-qualified retirement plans.

(3) If the retirement committee determines that the retirement system has previously overpaid or underpaid a benefit payable under sections 16-1001 to

16-1019, it shall have the power to correct such error. In the event of an overpayment, the retirement system may, in addition to any other remedy that the retirement system may possess, offset future benefit payments by the amount of the prior overpayment, together with regular interest thereon.

(4) A police officer whose benefit payment is adjusted by the retirement committee pursuant to subsection (3) of this section may request a review by the city council of the adjustment made by the retirement committee.

(5) In order to provide the necessary amounts to pay for or fund a pension plan established under sections 16-1001 to 16-1019, the mayor and council may make a levy which is within the levy restrictions of section 77-3442.

(b) FIREFIGHTERS RETIREMENT

16-1020 Applicability of sections.

Except as provided in section 16-1039, sections 16-1020 to 16-1038 shall apply to all firefighters of a city of the first class.

16-1021 Terms, defined.

For the purposes of sections 16-1020 to 16-1042, unless the context otherwise requires:

(1) Actuarial equivalent shall mean equality in value of the aggregate amount of benefit expected to be received under different forms or at different times determined as of a given date as adopted by the city or the retirement committee for use by the retirement system. Such actuarial equivalencies shall be specified in the funding medium established for the retirement system, except that if benefits under the retirement system are obtained through the purchase of an annuity contract, the actuarial equivalency of any such form of benefit shall be the amount of pension benefit which can be purchased or otherwise provided by such contract. All actuarial and mortality assumptions adopted by the city or retirement committee shall be on a sex-neutral basis;

(2) Annuity contract shall mean the contract or contracts issued by one or more life insurance companies or designated trusts and purchased by the retirement system in order to provide any of the benefits described in such sections. Annuity conversion rates contained in any such contract shall be specified on a sex-neutral basis;

(3) Beneficiary shall mean the person or persons designated by a firefighter, pursuant to a written instrument filed with the retirement committee before the firefighter's death, to receive death benefits which may be payable under the retirement system;

(4) Funding agent shall mean any bank, trust company, life insurance company, thrift institution, credit union, or investment management firm selected by the retirement committee, subject to the approval of the city, to hold or invest the funds of the retirement system;

(5) Regular interest shall mean the rate of interest earned each calendar year commencing January 1, 1984, equal to the rate of net earnings realized for the calendar year from investments of the retirement fund. Net earnings shall mean

the amount by which income or gain realized from investments of the retirement fund exceeds the amount of any realized losses from such investments during the calendar year. The retirement committee shall annually report the amount of regular interest earned for such year;

(6) Regular pay shall mean the salary of a firefighter at the date such firefighter elects to retire or terminate employment with the city;

(7) Retirement committee shall mean the retirement committee created pursuant to section 16-1034;

(8) Retirement system shall mean a retirement system established pursuant to sections 16-1020 to 16-1042;

(9) Retirement value shall mean the accumulated value of the firefighter's employee account and employer account. The retirement value at any time shall consist of the sum of the contributions made or transferred to such accounts by the firefighter and by the city on the firefighter's behalf and the regular interest credited to the accounts through such date, reduced by any realized losses which were not taken into account in determining regular interest in any year, and as further adjusted each year to reflect the accounts' pro rata share of the appreciation or depreciation of the assets of the retirement system as determined by the retirement committee at their fair market values, including any account under subsection (2) of section 16-1036. Such valuation shall be undertaken at least annually as of December 31 of each year and at such other times as may be directed by the retirement committee. The value of each account shall be reduced each year by the appropriate share of the investment costs as provided in section 16-1036.01. The retirement value shall be further reduced by the amount of all distributions made to or on the behalf of the firefighter from the retirement system;

(10) Salary shall mean the base rate of pay, excluding overtime, callback pay, clothing allowances, and other such benefits as reported on the participant's federal income tax withholding statement including the firefighters' contributions picked up by the city as provided in subsection (2) of section 16-1024 and any salary reduction contributions which are excludable from income for federal income tax purposes pursuant to section 125 or 457 of the Internal Revenue Code; and

(11) Straight life annuity shall mean an ordinary annuity payable for the life of the primary annuitant only, and terminating at his or her death without refund or death benefit of any kind.

16-1022 Firefighter; prior service; how treated.

A firefighter shall be credited with all years of his or her service after August 7, 1965, for the purpose of determining vested retirement benefits under sections 16-1020 to 16-1038.

16-1023 Firefighters Retirement System Fund; city maintain; transfer of contributions; funding of system.

(1) Commencing on January 1, 1984, each city of the first class having a paid fire department shall keep and maintain a Firefighters Retirement System Fund

for the purpose of investing payroll deductions and city contributions to the retirement system. The fund shall be maintained separate and apart from all city money and funds. The fund shall be administered exclusively for the purposes of the retirement system and for the benefit of participating firefighters and their beneficiaries and so as to establish the fund as a trust under the law of this state for all purposes of section 401(a) of the Internal Revenue Code. Upon the passage of sections 16-1020 to 16-1038 all of the contributions made by a firefighter under section 35-203.01 as it formerly existed and interest accrued at five percent per annum on such contributions prior to January 1, 1984, shall be transferred to the firefighter's employee account. Regular interest shall begin to accrue on the contributions transferred into the fund. Such funds shall be invested in the manner prescribed in section 16-1036.

(2) The city shall establish a medium for funding the retirement system which, with the approval of the retirement committee, may be a pension trust fund, custodial account, group annuity contract, or combination thereof, for the purpose of investing money for the retirement system in the manner prescribed by section 16-1036 and to provide the retirement, death, and disability benefits for firefighters granted by sections 16-1020 to 16-1042. The trustee or custodian of any trust fund shall be a designated funding agent which is qualified to act as a fiduciary or custodian in this state, the city treasurer, an appropriate city officer authorized to administer funds of the city, or a combination thereof.

16-1024 Contribution by firefighter; amount; interest; city; pick up firefighters' contributions; voluntary contribution.

(1) Each firefighter participating in the retirement system shall contribute to the retirement system a sum equal to six and one-half percent of his or her salary. Such payment shall be made by regular payroll deductions from his or her periodic salary and shall be credited to his or her employee account on a monthly basis. Each such account shall also be credited with regular interest.

(2) Each city of the first class with firefighters participating in a retirement system shall pick up the firefighters' contributions required by subsection (1) of this section for all compensation paid on or after January 1, 1984, and the contributions so picked up shall be treated as employer contributions in determining federal income tax treatment under the Internal Revenue Code, except that the city shall continue to withhold federal income taxes based upon such contributions until the Internal Revenue Service or the federal courts rule that, pursuant to section 414(h) of the Internal Revenue Code, such contributions shall not be included as gross income of the employee until such time as they are distributed from the retirement system. The city shall pay the employee contributions from the same source of funds which is used in paying compensation to the employee. The city shall pick up the employee contributions by a salary deduction either through a reduction in the cash salary of the employee or a combination of a reduction in salary and offset against a future salary increase. In no event shall a firefighter be given an option to choose to receive the amount of the required contribution in lieu of having such contribution paid directly to the retirement system.

(3) Each firefighter participating in the retirement system shall be entitled to make voluntary cash contributions to the retirement system in an amount not to

exceed the contribution limitations established by the Internal Revenue Code. Voluntary contributions shall be credited to the employee account and shall thereafter be credited with regular interest. A voluntary contribution shall become a part of the Firefighters Retirement System Fund and shall be held, administered, invested, and distributed in the same manner as any other employee contribution to the retirement system.

16-1025 Contributions by city; amount; how credited; interest.

(1) Beginning January 1, 1984, each city of the first class with firefighters participating in a retirement system shall contribute to the retirement system a sum equal to thirteen percent of each such participating firefighter's periodic salary. Such payment shall be credited to his or her employer account on a monthly basis. Each such account shall also be credited with regular interest. The city shall also contribute to the employer account of any firefighter employed by the city on January 1, 1984, an amount equal to the employee's contributions, without interest, that were made to the city prior to January 1, 1984, with such contribution to be made at the time the firefighter retires or terminates employment with the city. The city may contribute such amount before the firefighter's retirement or termination of employment or credit interest on such contribution.

(2) Each such city shall contribute any additional amounts necessary to fund retirement or other retirement plan benefits not provided by employee contributions or city contributions to the employer account required by subsection (1) of this section. Such additional contributions shall be accumulated in an unallocated employer account of the Firefighters Retirement System Fund and used to provide the benefits, if any, specified in sections 16-1027 and 16-1029 to 16-1031 which are not otherwise funded by the firefighter's retirement value. Funds needed to provide for a firefighter's benefits shall be transferred from the unallocated employer account when and as such funds are needed. All funds committed by the city to the funding of a firefighter pension system on January 1, 1984, that are not transferred to the firefighters employee accounts shall be transferred to the unallocated employer account.

16-1026 Repealed. Laws 1998, LB 1191, § 85.

16-1027 Retiring firefighter; annuity options; how determined; lump-sum payment.

(1) At any time before the retirement date, the retiring firefighter may elect to receive his or her pension benefit at retirement either in the form of a straight life annuity or any optional form of annuity benefit established by the retirement committee and provided under a purchased annuity contract. Such optional annuity benefit shall be specified in the funding medium for the retirement system and shall include a straight life annuity with a guarantee of at least sixty monthly payments or an annuity payable for the life of the retiring firefighter and, after the death of the retiree, monthly payments, as elected by the retiring firefighter, of one hundred percent, seventy-five percent, or fifty percent of the amount of annuity payable to the retiring firefighter during his or

her life, to the beneficiary selected by the retiring firefighter at the time of the original application for an annuity. For any firefighter whose retirement date is on or after January 1, 1997, the optional benefit forms for the retirement system shall include a single lump-sum payment of the firefighter's retirement value. For firefighters whose retirement date is prior to January 1, 1997, a single lump-sum payment shall be available only if the city has adopted such distribution option in the funding medium established for the retirement system. The retiring firefighter may further elect to defer the date of the first payment or lump-sum distribution to the first day of any specified month prior to age seventy. In the event the retiring firefighter elects to receive his or her pension benefit in the form of an annuity, the amount of such annuity benefit shall be the amount provided by the annuity contract purchased or otherwise provided by the firefighter's retirement value as of the date of the first payment. Any such annuity contract purchased by the retirement system may be distributed to the retiring firefighter. Upon the payment of a lump sum or the distribution of a paid-up annuity contract, all obligations of the retirement system to pay retirement benefits to the firefighter and his or her beneficiaries shall terminate, without exception.

(2) For all firefighters employed on January 1, 1984, the amount of the pension benefit at the retirement date shall not be less than the following amounts:

(a) If retirement from the city occurs following age fifty-five with twenty-one years of service with the city, fifty percent of regular pay;

(b) If retirement from the city occurs following age fifty but before age fifty-five with at least twenty-one years of service with the city, such firefighter shall receive the actuarial equivalent of the benefit which would otherwise be provided at age fifty-five;

(c) If retirement from the city occurs on or after age fifty-five with less than twenty-one years of service with the city, such firefighter shall receive a pension of at least fifty percent of the salary he or she was receiving at the time of retirement multiplied by the ratio of the years of service to twenty-one;

(d) For terminations of employment from the city on or after September 9, 1993, if such termination of employment as a firefighter occurs before age fifty-five but after completion of twenty-one years of service with the city, such firefighter shall receive upon the attainment of age fifty-five a pension benefit of fifty percent of regular pay;

(e) Unless an optional annuity benefit is selected by the retired firefighter, at the death of any such retired firefighter the same rate of pension as is provided for in this section shall be paid to the surviving spouse of such deceased firefighter during such time as the surviving spouse remains unmarried and, in case there is no surviving spouse, then the minor children, if any, of such deceased firefighter shall equally share such pension benefit during their minority, except that as soon as a child of such deceased firefighter ceases to be a minor, such pension as to such child shall cease; or

(f) In the event a retired firefighter or his or her surviving beneficiaries die before the aggregate amount of pension payments received by the firefighter and his or her survivor beneficiaries, if any, equals the total amount in the firefighter's employee account, at the time of the first benefit payment the difference between the total amount in the employee's account and the aggregate amount of pension payments received by the retired firefighter and his or

her surviving beneficiaries, if any, shall be paid in a single sum to the firefighter's estate.

A firefighter entitled to a minimum pension benefit under this subsection may elect to receive such pension benefit in any form permitted by subsection (1) of this section, including a single lump-sum payment, if the firefighter retires on or after January 1, 1997, or if the city has adopted a lump-sum distribution option for firefighters retiring before January 1, 1997, in the funding medium for the retirement system. If the minimum pension benefit is paid in the form of an optional annuity benefit or a single lump-sum payment, such benefit or payment shall be the actuarial equivalent of the annuity that would otherwise be paid to the firefighter pursuant to this subsection.

If the firefighter chooses the single lump-sum payment option, the firefighter may request that the actuarial equivalent be equal to the average of the cost of two annuity contracts purchased on the open market, if the difference between the cost of the two annuity contracts does not exceed five percent. Of the two annuity contracts used for comparison, one shall be chosen by the firefighter and one shall be chosen by the city. If the difference between the two annuity contracts exceeds five percent, the retirement committee shall review the costs of the two annuity contracts and make a recommendation to the city council as to the amount of the lump-sum payment to be made to the firefighter. The city council shall, after a hearing, determine the amount of the single lump-sum payment due the firefighter.

(3) If the retirement value of a firefighter entitled to a minimum pension benefit under subsection (2) of this section is not sufficient at the time of the first payment to purchase or provide the required pension benefit, the city shall utilize such funds as may be necessary from the unallocated employer account of the retirement system to purchase or provide for the required pension benefit.

(4) Any retiring firefighter whose pension benefit is less than twenty-five dollars per month on the straight life annuity option shall be paid a lump-sum settlement equal to the retirement value in lieu of annuity and shall not be entitled to elect to receive annuity benefits.

16-1028 Retirement options; retirement date.

(1) A firefighter of a city of the first class may:

(a) Retire or be retired and receive the applicable retirement pension benefit upon the attainment of age fifty-five while employed by the city as a firefighter;

(b) Elect to retire after he or she has attained the age of fifty and has completed at least twenty-one years of service with the city and receive the actuarial equivalent of the pension benefit he or she would otherwise receive upon the attainment of age fifty-five;

(c) After twenty-one years of service with the city, terminate employment with the city and, upon the attainment of age fifty-five, receive the applicable retirement pension benefit; or

(d) Retire or be retired as a result of disability while in the line of duty, as determined under section 16-1031, at any age and receive the applicable pension benefit provided in such section.

(2) A firefighter who is eligible to retire pursuant to subdivision (1)(a) of this section but does not shall continue to contribute to his or her employee account and the city shall continue to contribute to its employer account.

(3) For purposes of subdivisions (1)(a), (b), and (d) of this section, the first of the month immediately following the last day of work shall be the retirement date. For purposes of subdivision (1)(c) of this section, the first of the month immediately following the attainment of age fifty-five shall be the retirement date.

16-1029 Firefighter; death other than in the line of duty; pension benefit payable.

(1) When prior to the commencement of retirement benefits any firefighter participating in the retirement system dies other than in the line of duty, and except as provided in subsection (2) of this section, the entire retirement value shall be payable to the beneficiary or beneficiaries specified by the deceased firefighter prior to his or her death or to the deceased firefighter's estate in the event that no beneficiary was specified. The retirement value or portion thereof may be received by the beneficiary in the form of a single lump-sum payment, a straight life annuity, or any other optional form of benefit specified in the retirement system's funding medium. In the event benefits are paid in the form of an annuity, such annuity shall be the amount provided by the annuity contract purchased or otherwise provided by the amount of retirement value to be paid to the beneficiary as of the date of the first payment. Upon the payment of a lump-sum distribution or the purchase and distribution of such annuity contract to the beneficiary, all obligations of the retirement system to the beneficiary shall terminate, without exception.

(2) If any firefighter employed by such city as a member of its paid fire department on January 1, 1984, and any firefighter reemployed thereafter who, while employed in such department entered military service and is still in military service, dies while employed by the city as a firefighter other than in the line of duty after becoming fifty years of age and before electing to retire, and after serving in the paid fire department of such city for at least twenty-one years, then a pension of at least twenty-five percent of his or her regular pay as defined in section 16-1021, in the form of a straight life annuity, shall be paid to the surviving spouse or minor children of such deceased firefighter. If the deceased firefighter is not survived by a spouse or in the event such surviving spouse dies before the minor children of such firefighter attain the age of majority, such pension benefit shall be paid to the firefighter's minor children until they have attained the age of majority. Each such child shall share equally in the total pension benefit to the age of majority, except that as soon as a child attains the age of majority, such pension benefit to such child shall cease and be reallocated among the remaining minor children until the last remaining child dies or reaches the age of majority.

In the event that the actuarial equivalent of the pension benefit payable under this subsection exceeds the retirement value at the time of the first payment, the city shall utilize such funds as may be necessary from the unallocated employer account of the retirement system to purchase or provide for the required pension benefit. In the event a deceased firefighter described in this subsection

is not survived by a spouse or minor children, his or her death benefits shall be provided under the provisions of subsection (1) of this section as if such firefighter were not employed by the city on January 1, 1984.

(3) In the event the surviving spouse or minor children of such deceased firefighter die before the aggregate amount of pension payments received by the firefighter and his or her survivor beneficiaries, if any, equals the total amount in the firefighter's employee account at the time of the first benefit payment, the difference between such total amount in the employee's account and the aggregate amount of pension payments received by the retired firefighter and his or her surviving beneficiaries, if any, shall be paid in a single sum to the firefighter's beneficiary, or in the absence of a surviving beneficiary, his or her estate.

(4) To the extent that the retirement value at the date of death exceeds the amount required to purchase or provide the specified pension under subsection (2) of this section, the excess shall be paid in the manner provided in subsection (1) of this section.

(5) Any payments for the benefit of a minor child shall be made on behalf of such child to the surviving spouse or, if there is none, to the legal guardian of the child.

16-1030 Firefighter; death in the line of duty; retirement benefits.

When prior to commencement of retirement benefits any firefighter participating in the retirement system dies in the line of duty or in case death is caused by or is the result of injuries received while in the line of duty and such firefighter is not survived by a spouse or minor children, the entire retirement value shall be payable to the beneficiary or beneficiaries specified by the deceased firefighter prior to his or her death or to the deceased firefighter's estate in the event that no beneficiary was specified. The retirement value or portion thereof may be paid in the form of a single lump-sum payment, a straight life annuity, or any other optional form of benefit specified in the retirement system's funding medium. For a firefighter who is survived by a spouse or minor children, a retirement pension of fifty percent of regular pay shall be paid to the surviving spouse or, upon his or her remarriage or death, to the minor child or children during such child's or children's minority subject to deduction of the amounts paid as workers' compensation benefits on account of death as provided in section 16-1032. Each such child shall share equally in the total pension benefit to the age of majority, except that as soon as a child attains the age of majority, such pension benefit to such child shall cease and be reallocated among the remaining minor children until the last remaining child dies or reaches the age of majority.

Any payments for the benefit of a minor child shall be made on behalf of such child to the surviving spouse or, if there is none, to the legal guardian of the child.

In the event the surviving spouse or minor children of such deceased firefighter die before the aggregate amount of pension payments received by the firefighter and his or her survivor beneficiaries, if any, equals the total amount in the firefighter's employee account at the time of the first benefit payment, the difference between the total amount in the employee account and the aggregate

amount of pension payments received by the retired firefighter and his or her surviving beneficiaries, if any, shall be paid in a single sum to the firefighter's beneficiary or, in the absence of a surviving beneficiary, his or her estate.

To the extent that the retirement value at the date of death exceeds the amount required to purchase the specified retirement pension, reduced by any amounts paid as workers' compensation benefits, the excess shall be paid in the manner provided in subsection (1) of section 16-1029.

16-1031 Firefighter; disability in the line of duty; disability benefit; return to duty; conditions.

(1) Except as provided in subsection (3) of this section for temporary disability, if any firefighter becomes disabled, such firefighter shall be placed upon the roll of pensioned firefighters at the regular retirement pension of fifty percent of regular pay for the period of such disability. For purposes of this section, disability shall mean the complete inability of the firefighter, for reasons of accident or other cause while in the line of duty, to perform the duties of a firefighter as defined by fire department job descriptions or ordinance.

(2) No disability benefit payment shall be made except upon adequate proof furnished to the city, consisting of a medical examination conducted by a competent, disinterested physician who is duly licensed to practice medicine and surgery in this state and who certifies to the city that the firefighter is unable to perform the duties of a firefighter. The city, during the first three years of the payment of such benefits, shall have the right, at reasonable times, to require the disabled firefighter to undergo a medical examination at the city's expense to determine the continuance of the disability claimed. After such three-year period, the city may request the district court to order the firefighter to submit proof of the continuance of the disability claimed if the city has reasonable grounds to believe the firefighter is fraudulently receiving disability payments. The city shall have the right to demand a physical examination of the firefighter by a competent, disinterested physician who is duly licensed to practice medicine and surgery in this state and who is chosen by the city. The expense of such examination shall be borne by the city.

(3) In case of temporary disability of a firefighter received while in the line of duty, he or she shall receive his or her salary during the continuance of such disability for a period not to exceed twelve months, except that if it is ascertained by the city within twelve months that such temporary disability has become a disability as defined in this section, then the salary shall cease and he or she shall be entitled to the benefits for pensions in case of disability as provided in this section.

(4) All payments of pension or salary provided by this section shall be subject to deduction of amounts paid under the Nebraska Workers' Compensation Act. Total payments to a disabled firefighter, in excess of amounts paid as workers' compensation benefits, shall not be less than the retirement value at the date of disability. If the actuarial equivalent of the disability pension payable under this section exceeds the firefighter's retirement value at the time of the first payment, the city shall contribute such additional amounts as may be necessary, from time to time, to provide for the required disability pension.

(5) If a firefighter who was receiving a pension under this section is later determined to be no longer disabled, the pension provided for under this section shall terminate and the firefighter's vested retirement value, as reduced by any disability payments made from the retirement system, shall thereafter be held and administered in the same manner as for any nondisabled firefighter or former firefighter.

(6) If a firefighter who was receiving a pension under this section is later determined to be no longer disabled during the first three years when disability benefit payments are being paid, the firefighter may return to duty with the fire department under the following conditions:

(a) If a vacancy exists on the fire department for which the firefighter is qualified and the firefighter wishes to return to the fire department, the city shall hire the firefighter to fill the vacancy at a pay grade of not less than his or her previous pay grade; or

(b) If no vacancy exists in the fire department and the firefighter wishes to return to the fire department, the city shall place the firefighter on a waiting list and rehire the firefighter at a pay grade of not less than his or her previous pay grade when a vacancy occurs for which the firefighter is qualified.

The provisions of this subsection shall not apply to a firefighter whose disability benefit payments are terminated because of fraud on the part of the firefighter.

16-1032 Firefighter; temporary disability; workers' compensation benefits; how treated.

No firefighter shall be entitled during any period of temporary disability to receive in full both his or her salary and his or her benefits under the Nebraska Workers' Compensation Act. All Nebraska workers' compensation benefits shall be payable in full to such firefighter as provided in the Nebraska Workers' Compensation Act, but all amounts paid by the city or its insurer under the Nebraska Workers' Compensation Act to any disabled firefighter entitled to receive a salary during such disability shall be considered as payments on account of such salary and shall be credited thereon. The remaining balance of such salary, if any, shall be payable as otherwise provided in sections 16-1020 to 16-1038.

16-1033 Firefighter; termination of employment; benefits; how treated; vesting schedule.

In the event a firefighter quits or is discharged before his or her retirement date as defined in subsection (3) of section 16-1028, the firefighter may request and receive, as a lump-sum payment, an amount equal to the value of his or her employee account as determined at the valuation date preceding his or her

termination of employment pursuant to subdivision (9) of section 16-1021. Such firefighter, if vested, may, in lieu thereof, receive a deferred pension benefit or lump-sum benefit in an amount purchased or provided by the vested retirement value at the date of retirement. The retirement value at such retirement date shall consist of the then accumulated value of the firefighter's employee account at the date of the retirement as reduced by any lump-sum distributions received prior to retirement, together with a vested percentage of the accumulated value of the firefighter's employer account at the date of retirement. The vesting schedule shall be as follows:

(1) If the terminating firefighter has been a member of the system for less than four years, the vesting percentage shall be zero; and

(2) If the terminating firefighter has been a member of the paid department of the city for at least four years, the vesting percentage shall be forty percent. The vesting percentage shall be sixty percent after five years, eighty percent after six years, and one hundred percent after seven years.

The deferred pension benefit shall be payable on the first of the month immediately following the terminating firefighter's fifty-fifth birthday. At the option of the firefighter, such pension benefit may be paid as of the first of the month after he or she attains the age of fifty. Such election may be made by the firefighter any time prior to the payment of the pension benefits.

The deferred pension benefit shall be paid in the optional benefit forms specified at subsection (1) of section 16-1027 as elected by the firefighter. Notwithstanding anything in sections 16-1020 to 16-1042 to the contrary, if the firefighter's vested retirement value at the date of his or her termination of employment is less than three thousand five hundred dollars, such firefighter shall, upon request within one year of such termination, be paid his or her vested retirement value in the form of a single lump-sum payment.

Effective January 1, 1997, a firefighter may elect, upon his or her termination of employment, to receive his or her vested retirement value in the form of a single lump-sum payment. For a firefighter whose termination of employment is prior to January 1, 1997, this election shall be available only if the city has adopted a lump-sum distribution option for terminating firefighters in the funding medium established for the retirement system.

Upon any lump-sum payment of a terminating firefighter's retirement value under this section, such firefighter will not be entitled to any deferred pension benefit and the city and the retirement system shall have no further obligation to pay such firefighter or his or her beneficiaries any benefits under sections 16-1020 to 16-1042.

In the event that the terminating firefighter is not credited with one hundred percent of his or her employer account, the remaining nonvested portion of the account shall be forfeited and shall be deposited in the unallocated employer account. If the actuarial analysis required by section 16-1037 shows that the assets of the unallocated employer account are sufficient to provide for the projected plan liabilities, such forfeitures shall instead be used to meet the expenses incurred by the city in connection with administering the retirement system, and the remainder shall then be used to reduce the city contribution which would otherwise be required to fund pension benefits.

16-1034 Retirement committee; established; governing body; responsibilities; powers and duties; allocation.

A retirement committee shall be established to supervise the general operation of the retirement system. The governing body of the city shall be responsible for the general administration of such retirement system unless specific functions or all functions with regard to the administration of the retirement system are delegated, by ordinance, to the retirement committee. All costs incurred with regard to the administration of the retirement system shall be paid by the city from the unallocated employer account as provided in section 16-1036.01.

The city and retirement committee shall have all powers which are necessary for or appropriate to establishing, maintaining, managing, and administering the retirement system. Whenever sections 16-1020 to 16-1042 fail to address the allocation of duties or powers in the administration of the retirement system, such powers or duties shall be vested in the city unless such powers or duties have been delegated by ordinance to the retirement committee.

16-1035 Retirement committee; members; terms; vacancy; expenses.

Each retirement committee established pursuant to section 16-1034 shall consist of six members of which four members shall be selected by the active paid firefighters excluding firefighters identified in section 16-1039. Two members shall be designated by the city council. The members who are not participants in such retirement system shall have a general knowledge of retirement plans. Members of the governing body of such city, active members of the fire department, and members of the general public may serve on the retirement committee. The committee members shall be appointed to four-year terms. Vacancies shall be filled for the remainder of the term by a person with the same representation as his or her predecessor. Members of the retirement committee shall, subject to approval by the city council, be reimbursed for their actual and necessary expenses incurred in carrying out their duties.

16-1036 Firefighters Retirement System Fund; authorized investments; retirement committee; powers and duties.

(1) The funds in the Firefighters Retirement System Fund shall be invested by the retirement committee. The city, subject to the approval of the retirement committee, shall contract with a funding agent or agents to hold or invest the assets of the retirement system and to provide for the benefits provided by sections 16-1020 to 16-1042. The retirement committee, subject to the approval of the city, may also select an investment manager. The city, subject to approval of the retirement committee, may contract with investment managers registered under the Investment Advisers Act of 1940 to invest, reinvest, and otherwise manage such portion of the assets of the retirement system as may be assigned by the city or retirement committee.

(2) The retirement committee shall establish an investment plan which allows each member of the retirement system to allocate all contributions to his or her employee account and, if he or she commenced his or her employment after January 1, 1984, his or her employer account to the various investment options

or combinations of investment options described in such plan. Each firefighter shall have the option of investing his or her employee account and, if he or she commenced his or her employment after January 1, 1984, his or her employer account in any proportion, including full allocation, in any investment option offered by the plan. Upon the direction of the city, firefighters employed on January 1, 1984, may have the option to allocate their employer account to various investment options or combinations of investment options in any proportion, including full allocation, in any investment option offered by the plan. Each firefighter shall be given a summary of the investment plan and a detailed current description of each investment option prior to making or revising his or her allocation.

(3) The funds in the Firefighters Retirement System Fund shall be invested pursuant to the policies established by the Nebraska Investment Council.

16-1036.01 Firefighters Retirement System Fund; schedule of investment costs; allocation.

The city and the retirement committee shall develop a schedule of investment costs relating to the investment of the funds in each of the accounts in the Firefighters Retirement System Fund, which costs shall be paid out of the funds in such accounts or assessed to the firefighters as provided in such schedule. The schedule of investment costs shall provide for the allocation of the administrative or record-keeping costs of the various investment options available to the members of the retirement system and shall assess such costs so that each member pays a fair proportion of the costs based upon his or her choice of options and number of transfers among options. All other costs related to the general operation of the retirement system established pursuant to sections 16-1020 to 16-1038 and not allocated or assessed pursuant to the schedule of investment costs shall be considered administrative costs and shall be paid by the city from the unallocated employer account.

16-1037 Retirement committee; officers; duties.

(1) It shall be the duty of the retirement committee to:

(a) Elect a chairperson, a vice-chairperson, and such other officers as the committee deems appropriate;

(b) Hold regular quarterly meetings and special meetings upon the call of the chairperson;

(c) Conduct meetings pursuant to the Open Meetings Act;

(d) Provide each employee a summary of plan eligibility requirements, benefit provisions, and investment options available to such employee;

(e) Provide, within thirty days after a request is made by a participant, a statement describing the amount of benefits such participant is eligible to receive; and

(f) Make available for review an annual report of the system's operations describing both (i) the amount of contributions to the system from both employee and employer sources and (ii) an identification of the total assets of the retirement system.

(2)(a) Beginning December 31, 1998, and each December 31 thereafter, the chairperson of the retirement committee shall file with the Public Employees Retirement Board an annual report on each retirement plan established pursuant to section 401(a) of the Internal Revenue Code and administered by a retirement system established pursuant to sections 16-1020 to 16-1042 and shall submit copies of such report to the members of the Nebraska Retirement Systems Committee of the Legislature. The annual report shall be in a form prescribed by the Public Employees Retirement Board and shall contain the following information for each such retirement plan:

(i) The number of persons participating in the retirement plan;

(ii) The contribution rates of participants in the plan;

(iii) Plan assets and liabilities;

(iv) The names and positions of persons administering the plan;

(v) The names and positions of persons investing plan assets;

(vi) The form and nature of investments;

(vii) For each defined contribution plan, a full description of investment policies and options available to plan participants; and

(viii) For each defined benefit plan, the levels of benefits of participants in the plan, the number of members who are eligible for a benefit, and the total present value of such members' benefits, as well as the funding sources which will pay for such benefits.

If a plan contains no current active participants, the chairperson may file in place of such report a statement with the Public Employees Retirement Board indicating the number of retirees still drawing benefits, and the sources and amount of funding for such benefits.

(b) Beginning December 31, 1998, and every four years thereafter, if such retirement plan is a defined benefit plan, the retirement committee shall cause to be prepared a quadrennial report and the chairperson shall file the same with the Public Employees Retirement Board and submit to the members of the Nebraska Retirement Systems Committee of the Legislature a copy of such report. The report shall consist of a full actuarial analysis of each such retirement plan administered by a system established pursuant to sections 16-1020 to 16-1042. The analysis shall be prepared by an independent private organization or public entity employing actuaries who are members in good standing of the American Academy of Actuaries, and which organization or entity has demonstrated expertise to perform this type of analysis and is unrelated to any organization offering investment advice or which provides investment management services to the retirement plan.

16-1038 Retirement benefits; exemption from legal process; exception; tax-qualification requirements; benefit error; correction; appeal; tax levy authorized.

(1) The right to any benefits under the retirement system and the assets of any fund of the retirement system shall not be assignable or subject to execution,

garnishment, attachment, or the operation of any bankruptcy or insolvency laws, except that the retirement system may comply with the directions set forth in a qualified domestic relations order meeting the requirements of section 414(p) of the Internal Revenue Code. The city or retirement committee may require appropriate releases from any person as a condition to complying with any such order. The retirement system shall not recognize any domestic relations order which alters or changes benefits, provides for a form of benefit not otherwise provided for by the retirement system, increases benefits not otherwise provided by the retirement system, or accelerates or defers the time of payment of benefits. No participant or beneficiary shall have any right to any specific portion of the assets of the retirement system.

(2) The retirement system shall be administered in a manner necessary to comply with the tax-qualification requirements applicable to government retirement plans under section 401(a) of the Internal Revenue Code, including section 401(a)(9) relating to the time and manner in which benefits are required to be distributed, section 401(a)(16) relating to compliance with the maximum limitation on the plan benefits or contributions under section 415, section 401(a)(17) which limits the amount of compensation which can be taken into account under a retirement plan, section 401(a)(25) relating to the specification of actuarial assumptions, and section 401(a)(31) relating to direct rollover distribution from qualified retirement plans. Any requirements for compliance with section 401(a) of the Internal Revenue Code may be set forth in any trust or funding medium for the retirement system. This subsection shall be in full force and effect only so long as conformity with section 401(a) of the Internal Revenue Code is required for public retirement systems in order to secure the favorable income tax treatment extended to sponsors and beneficiaries of tax-qualified retirement plans.

(3) If the retirement committee determines that the retirement system has previously overpaid or underpaid a benefit payable under sections 16-1020 to 16-1042, it shall have the power to correct such error. In the event of an overpayment, the retirement system may, in addition to any other remedy that the retirement system may possess, offset future benefit payments by the amount of the prior overpayment, together with regular interest thereon.

(4) A firefighter whose benefit payment is adjusted by the retirement committee pursuant to subsection (3) of this section may request a review by the city council of the adjustment made by the retirement committee.

(5) In order to provide the necessary amounts to pay for or fund a pension plan established under sections 16-1020 to 16-1042, the mayor and council may make a levy which is within the levy restrictions of section 77-3442.

16-1039 Firefighter serving on August 7, 1965; pension benefits.

(1) All cities of the first class having a paid fire department shall pension all firefighters of the paid fire department who were serving as such on August 7, 1965, and who did not elect coverage under the provisions of sections 35-204 to 35-215 as they existed prior to January 1, 1984, whenever such firefighters shall have first served in such fire department for the period of twenty-one years and shall elect to retire from active service and go upon the retired list.

(2) Such pension shall be paid by the city in the same manner as firefighters upon the active list are paid. Such pension shall be at least fifty percent of the amount of salary such retiring firefighter is receiving at the time he or she goes upon such pension list.

(3) Any such firefighter who retires on or after age fifty-five with less than twenty-one years of service shall receive a pension of at least fifty percent of the salary he or she was receiving at the time of his or her retirement multiplied by the ratio of the years of service to twenty-one.

(4) At the death of any such retired firefighter, the same rate of pension, as is herein provided for, shall be paid to the surviving spouse of such deceased firefighter during such time as the surviving spouse shall remain unmarried and, in case there be no surviving spouse, then the minor children, if any, of such deceased firefighter, shall be paid such pension during their minority to the age of eighteen years, except that as soon as a child of such deceased firefighter shall become eighteen years of age, such pension as to such child shall cease.

(5) Firefighters subject to subsection (1) of this section shall be subject to sections 16-1029 to 16-1032 but shall be exempt from sections 16-1024, 16-1025, 16-1027, 16-1028, and 16-1033.

16-1040 Firefighter subject to prior law; contributions; reimbursement.

After August 7, 1965, every firefighter subject to the provisions of sections 35-201 to 35-203 as they existed prior to January 1, 1984, shall contribute to the city an amount equal to five percent of his or her salary until he or she shall be entitled to retire or otherwise become eligible for a pension. No such firefighter continuing in the employment of the city as a member of such department after becoming eligible to retire shall be required to make any further contribution. Any such firefighter whose employment shall terminate, whether by discharge or otherwise, prior to the time he or she shall become entitled to a pension, and who shall have made contributions from his or her salary as provided in this section shall, upon demand, be reimbursed by the city for the amount of such contributions plus interest at five percent per annum.

16-1041 Benefits under prior law, how construed.

Nothing in sections 16-1020 to 16-1042 shall in any manner affect the right of any person now receiving or entitled to receive, now or in the future, pension or other benefits provided for in sections 35-201 to 35-216, as they exist immediately prior to January 1, 1984, to receive such pension or other benefits in all respects the same as if such sections remained in full force and effect.

16-1042 Termination of employment; transfer of benefits; when.

In the event that after four or more years of employment a firefighter terminates his or her employment for the purpose of becoming a firefighter employed by another city of the first class in Nebraska and such new employment commences within ninety days of such termination, such firefighter shall be entitled to transfer to the Firefighters Retirement System Fund of the city by

which he or she is newly employed the full amount of his or her contribution and his or her vested portion of the value of his or her employer account at the time of termination. The transferred funds shall be administered by the retirement committee of the city to which transferred. Upon such transfer, the city and the retirement system from which the firefighter transferred shall have no further obligation to such firefighter or his or her beneficiary. Following the commencement of new employment, the transferring firefighter shall be deemed a new employee for all purposes of the retirement system of the city to which he or she transferred.

Beginning January 1, 1993, a firefighter who is to receive an eligible rollover distribution, within the meaning of section 401(a)(31) of the Internal Revenue Code, from the retirement system may choose to have such distribution made in the form of a direct transfer to the trustee or custodian of a retirement plan eligible to receive the transfer under the code if the election is made in the form and within the time period required by the retirement committee and the plan to which such transfer is to be made will accept such transfer.

ARTICLE 1
LAWS APPLICABLE ONLY TO CITIES OF THE SECOND CLASS

Section

Section

17-101 Cities of the second class, defined; population; exception.

All cities, towns, and villages containing more than eight hundred and not more than five thousand inhabitants shall be cities of the second class and be governed by the provisions of sections 17-101 to 17-153 unless they adopt a village government as provided in sections 17-306 to 17-309. The population of a city of the second class shall consist of the people residing within the territorial boundaries of such city and the residents of any territory duly and properly annexed to such city.

Source: Laws 1879, § 1, p. 193; Laws 1885, c. 16, § 1, p. 156; R.S.1913, § 4993; C.S.1922, § 4162; C.S.1929, § 17-101; R.S.1943, § 17-101; Laws 1971, LB 62, § 1; Laws 1993, LB 726, § 6.

A village, containing the required population, becomes a city of the second class without action being taken on its part, and the fact that at the time statutory resolution was adopted to provide for election of city officers, it had less than the requisite number of inhabitants to make it such city, is immaterial. State ex rel. Einstein v. Northup, 79 Neb. 822, 113 N.W. 540 (1907).

Quo warranto, and not bill for injunction, is appropriate remedy to test the legal existence of a city of second class where the question turns on whether the municipality contains the statutory number of inhabitants sufficient to change a village to a city of the second class. Osborn v. Village of Oakland, 49 Neb. 340, 68 N.W. 506 (1896).

Under former act, all towns and cities containing in excess of fifteen hundred and less than fifteen thousand inhabitants were created into cities of the second class without any acceptance or other act of such town, city or its inhabitants. State ex rel. Fremont, E. & M. V. R. Co. v. Babcock and Laws, 25 Neb. 709, 41 N.W. 654 (1889).

This section operates to create cities of the second class upon municipality reaching stated number of inhabitants without necessity of the acceptance thereof by municipal act. State ex rel. Hostetter v. Holden, 19 Neb. 249, 27 N.W. 120 (1886); State ex rel. Mayor of David City v. Palmer, 10 Neb. 203, 4 N.W. 965 (1880).

Though Legislature changes classification of municipality from village to city of second class, its original officers hold over until new officers are elected under amended act. State ex rel. Mayor of David City v. Palmer, 10 Neb. 203, 4 N.W. 965 (1880).

17-102 Wards; number; how determined.

Each city of the second class shall be divided into not less than two nor more than six wards, as may be provided by ordinance of the city council thereof; and each ward shall contain, as nearly as practicable, an equal portion of the population.

Source: Laws 1879, § 2, p. 193; R.S.1913, § 4994; C.S.1922, § 4163; C.S.1929, § 17-102; Laws 1935, c. 32, § 1, p. 137; C.S.Supp.,1941, § 17-102; R.S.1943, § 17-102; Laws 1969, c. 257, § 5, p. 934.

The mayor and council of city of second class may change the number and boundaries of wards subject to the limitations that there shall be not less than two, nor more than six wards. Tattersall v. Nevels, 77 Neb. 843, 110 N.W. 708 (1906).

While there is no express authority conferred upon village trustees to divide the city into wards and call an election, such power is clearly implied. State ex rel. Hostetter v. Holden, 19 Neb. 249, 27 N.W. 120 (1886).

17-103 City council; members; number; qualifications.

The city council of a city of the second class shall consist of not less than four nor more than twelve residents of the city who are registered voters.

17-104 City council; members; election; term; qualifications.

Each ward of each city shall have at least two council members elected in the manner provided in the Election Act. The term of office shall begin on the first regular meeting of the council in December following the statewide general election. No person shall be eligible to the office of council member who is not at the time of the election an actual resident of the ward for which he or she is elected and a registered voter.

17-105 City council; meetings; quorum.

Regular meetings of the city council shall be held at such times as the council may provide by ordinance. A majority of all the members elected to the council shall constitute a quorum for the transaction of any business, but a fewer number may adjourn from time to time and compel the attendance of absent members. Unless a greater vote is required by law, an affirmative vote of at least one-half of the elected members shall be required for the transaction of any business.

Any defect in the call for a special meeting of the council of a city of the second class is immaterial if all members of the council are present and participated in the meeting without objection. Pokorny v. City of Schuyler, 202 Neb. 334, 275 N.W.2d 281 (1979).

Notice of special meetings need not be given to a council member out of the state or physically unable to be present. Burrows v. Keebaugh, 120 Neb. 136, 231 N.W. 751 (1930).

17-107 Mayor; qualifications; election; officers; appointment; removal; police officers; appointment; removal; procedure.

(1) A mayor of a city of the second class shall be elected in the manner provided in the Election Act. The mayor shall be a resident and registered voter of the city. If the president of the council assumes the office of mayor for the unexpired term, there shall be a vacancy on the council which vacancy shall be filled as provided in section 32-568. The mayor, with the consent of the council, may appoint such officers as shall be required by ordinance or otherwise required by law. Such officers may be removed from office by the mayor. The mayor, by and with the consent of the council, shall appoint such a number of regular police officers as may be necessary. All police officers appointed by the mayor and council shall be removable at any time by the mayor. A police officer, including the chief of police, may appeal such removal or other disciplinary action to the city council. After a hearing, the city council may uphold, reverse, or modify the removal or disciplinary action.

(2) The city council shall by ordinance adopt rules and regulations governing the removal or discipline of any police officer, including the chief of police. The ordinance shall include a procedure for making application for an appeal, specifications on the period of time within which such application shall be made, and provisions on the manner in which the appeals hearing shall be conducted. Both the police officer and the individual imposing the disciplinary action shall have the right at the hearing to be heard and to present evidence to the city council for its consideration. Not later than thirty days following the adjournment of the meeting at which the hearing was held, the city council shall vote to uphold, reverse, or modify the removal or disciplinary action. The failure of the city council to act within thirty days or the failure of a majority of the elected council members to vote to reverse or modify the removal or disciplinary action shall be construed as a vote to uphold the removal or disciplinary action. The decision of the city council shall be based upon its determination that, under the facts and evidence presented at the hearing, the challenged removal or disciplinary action was necessary for the proper management and the effective operation of the police department in the performance of its duties under the statutes of the State of Nebraska. Nothing in this section shall be construed to prevent the preemptory suspension or immediate removal from duty of an officer by the appropriate authority, pending the hearing authorized by this section, in cases of gross misconduct, neglect of duty, or disobedience of orders.

17-108.01 Repealed. Laws 1949, c. 21, § 4.

17-108.02 Officers and employees; merger of offices or employment; salaries.

All officers and employees of a city of the second class shall receive such compensation as the mayor and council may fix at the time of their appointment or employment subject to the limitations set forth in this section.

The local governing body of the city may at its discretion by ordinance combine and merge any elective or appointive office or employment or any combination of duties of any such offices or employments, except mayor and council member, with any other elective or appointive office or employment so that one or more of such offices or employments or any combination of duties of any such offices or employments may be held by the same officer or employee at the same time.

The city manager in a city under the city manager plan of government as provided in Chapter 19, article 6, may in his or her discretion combine and merge any elective or appointive office or employment or any combination of duties of any such offices or employments, except mayor and council member, with any other elective or appointive office or employment so that one or more of such offices or employments or any combination of duties of any such offices or employments may be held by the same officer or employee at the same time.

The offices or employments so merged and combined shall always be construed to be separate, and the effect of the combination or merger shall be limited to a consolidation of official duties only. The salary or compensation of the officer or employee holding the merged and combined offices or employments or offices and employments shall not be in excess of the maximum amount provided by law for the salary or compensation of the office, offices, employment, or employments so merged and combined. The mayor and council have power to compromise and settle claims against the city. State ex rel. Fuller v. Martin, 27 Neb. 441, 43 N.W. 244 (1889).

17-111 Mayor; ordinances; veto power; passage over veto.

The mayor shall have power to veto or sign any ordinance passed by the city council; *Provided,* any ordinance vetoed by the mayor may be passed over his veto by a vote of two-thirds of the members of the council. If the mayor neglects or refuses to sign any ordinance, and return the same with his objections in writing at the next regular meeting of the council, the same shall become a law without his signature.

Mayor's approval may be condition precedent to the validity of the ordinance by its terms, and failure of such approval during mayor's incumbency renders ordinance void. Rooney v. City of South Sioux City, 111 Neb. 1, 195 N.W. 474 (1923).

Where an ordinance or resolution is passed either with or without the mayor's concurrence, he, being the executive officer, is obliged to execute the duties therein contained irrespective of his sanction or disapproval thereof. State ex rel. Fuller v. Martin, 27 Neb. 441, 43 N.W. 244 (1889).

The duty of the mayor is to guard and protect the rights of the city. Greenwood v. Cobbey, 26 Neb. 449, 42 N.W. 413 (1889).

17-112 Mayor; recommendations to city council.

The mayor shall, from time to time, communicate to the city council such information and recommend such measures as, in his opinion, may tend to the improvement of the finances, the police, health, security, ornament, comfort, and general prosperity of the city.

17-121 Health and sanitation; rules and regulations; board of health; members; powers.

(1) A city of the second class shall have power to make regulations to prevent the introduction and spread of contagious, infectious, or malignant diseases into the city, to make quarantine laws for that purpose, and to enforce the same.

(2) In cities with a commission form of government as provided in Chapter 19, article 4, and cities with a city manager plan of government as provided in Chapter 19, article 6, a board of health shall be created consisting of five members: The mayor, who shall be chairperson, and four other members. One member shall be a physician or health care provider, if one can be found who is willing to serve. Such physician or health care provider, if appointed, shall be the board's medical advisor. If the city manager has appointed a chief of police, the chief of police shall serve on the board as secretary and quarantine officer.

(3) In all other cities, a board of health shall be created consisting of four members: The mayor, who shall be chairperson, the president of the city council, and two other members. One member shall be a physician or health care provider, if one can be found who is willing to serve. Such physician or health care provider, if appointed, shall be the board's medical advisor. If the mayor has appointed a chief of police, the chief of police shall serve on the board as secretary and quarantine officer.

(4) A majority of such board shall constitute a quorum and shall enact rules and regulations, which shall have the force and effect of law, to safeguard the health of the people of such city, may enforce them, and may provide fines and punishments for the violation thereof. The board of health shall have power to and shall make all needful rules and regulations relating to matters of sanitation of such city, including the removal of dead animals, the sanitary condition of the streets, alleys, vacant grounds, stockyards, cattle and hog pens, wells, cisterns, privies, waterclosets, cesspools, stables, and all buildings and places not specified where filth, nuisances, or offensive matter is kept or is liable to or does accumulate. It may regulate, suppress, and prevent the occurrence of nuisances and enforce all laws of the state and ordinances of the city relating to the same or to matters of sanitation of such city. The board shall also have control of hospitals, dispensaries, places for treatment of sick, and matters relating to the same under such restrictions and provisions as may be provided by ordinance of such city.

17-145 Sewers and drains; regulation.

A second-class city shall have power to construct and keep in repair culverts, drains, sewers and cesspools, and to regulate the use thereof.

Source: Laws 1881, c. 24, § 1, p. 198; R.S.1913, § 5039; C.S.1922, § 4208; C.S.1929, § 17-147.

Where a municipal corporation discharges sewage for a period of over ten years, in an adverse manner into a gully, it may acquire an easement therefor. Hall v. City of Friend, 134 Neb. 652, 279 N.W. 346 (1938).

City is liable to owner of property for overflow of surface waters caused by improvement of drainage system. Naysmith v. City of Auburn, 95 Neb. 582, 146 N.W. 971 (1914).

Cities of second class have the right to construct and regulate sewers, and such authority being expressly granted necessarily implies the power to issue bonds for the payment of the same. State ex rel. City of Norfolk v. Babcock, 22 Neb. 614, 35 N.W. 941 (1888).

17-146 Refunding bonds; power to issue.

A second-class city shall have power to issue bonds in place of, or to supply means to meet its maturing bonds, or for the consolidation or funding of the same.

Source: Laws 1881, c. 24, § 1, p. 198; R.S.1913, § 5040; C.S.1922, § 4209; C.S.1929, § 17-148.

Where bonds, when issued by a city, contain recitals insuring that ''all preliminary steps had been taken in manner and form required by law'', if it appears later when bonds are in the hands of a purchaser that a fact stated in the recitals is untrue, the city is estopped to so prove or contend. South Sioux City v. Hanchett Bond Co., 19 F.2d 476 (8th Cir. 1927).

Findings of a board, authorized by the Legislature to determine questions of fact upon which limitations of amount of issue of bonds depends, are conclusive in favor of bona fide purchasers of such bonds. Chilton v. Town of Gratton, 82 F. 873 (Cir. Ct., D. Neb. 1897).

17-147 Fire department; organization and equipment.

A second-class city shall have power to procure fire engines, hooks, ladders, buckets and other apparatus, to organize fire engine, hook and ladder, and bucket companies, to prescribe rules of duty and the government thereof with such penalties as the council may deem proper, not exceeding one hundred dollars, and to make all necessary appropriations therefor.

Power given in this section to procure fire engines, hooks, ladders, etc., is totally different from the power to issue obligations unimpeachable in the hands of third persons in payment therefor. State ex rel. City of O'Neill v. Marsh, 121 Neb. 841, 238 N.W. 760 (1931).

A city may impose an occupation tax by ordinance upon a fire insurance company for the purpose of maintaining a volunteer fire department. German-American Fire Ins. Co. v. City of Minden, 51 Neb. 870, 71 N.W. 995 (1897).

17-148 City council; president; acting president; powers.

The council shall elect one of its own body who shall be styled the president of the council and who shall preside at all meetings of the council in the absence of the mayor. In the absence of the president, it shall elect one of its own body to occupy his place temporarily, who shall be styled acting president of the council. The president, and acting president, when occupying the place of the mayor, shall have the same privileges as other members of the council; and all acts of the president or acting president, while so acting, shall be as binding upon the council and upon the city as if done by the mayor.

17-149 Sewerage and drainage; districts; regulation.

The mayor and council of any second-class city, or the board of trustees of any village, are hereby authorized to lay off such city and the territory one mile beyond its corporate limits into suitable districts for the purpose of establishing a system of sewerage and drainage. They may (1) provide such system; (2) regulate the construction, repairs, and use of sewers and drains and of all proper house connections and branches; (3) compel all proper connections therewith and branches from other streets, avenues, and alleys, and from private property; and (4) provide penalties for any obstruction of or injury to any sewer or part thereof, or failure to make connections therewith.

17-149.01 Sewerage and drainage; failure of property owner to connect; notice; cost; assessment; collection.

In case any property owner neglects or fails within a period of ten days after notice has been given to him or her by certified or registered mail or by publication in some newspaper published or of general circulation in such city or village to make such connection with the sewerage system, the governing body of such city or village shall have power to cause the same to be done, to assess the cost thereof against the property, and to collect the assessment thus made in the manner provided for collection of other special taxes and assessments.

Source: Laws 1949, c. 22, § 1(2), p. 94; Laws 1987, LB 93, § 4.

17-150 Sewerage system; establishment; estimates; duties of engineer; contracts; advertisement for bids.

The city engineer, when ordered to do so by the city council, shall make all surveys, estimates and calculations necessary to be made for the establishment of a sewerage system, and of the cost of labor and materials therefor; *Provided*, the mayor and council may, when they deem it expedient, employ a special engineer to make or assist in making any estimate or survey herein provided for, and any estimate or survey made by such special engineer shall have the same validity, and serve in all respects as though made by the city engineer. Before the city council shall make any contract for building any such sewers or any part thereof, an estimate of the cost thereof shall be made by the city engineer, or by a special engineer as above, and submitted to the council, and no contract shall be entered into for the building of any such sewers or any part thereof for a price exceeding such estimate. In advertising for bids for any such work or materials, the council shall cause the amount of such estimate to be published therewith. Such advertisement shall be for at least twenty days in some newspaper published in the city.

17-151 Sewerage system; establishment; borrowing money; conditions precedent.

Before submitting any proposition for borrowing money for the purposes mentioned in section 17-150, the mayor and council shall determine upon a system of sewerage and shall procure from the city engineer an estimate of the

actual cost of such system and of the cost of so much thereof as the mayor and council may propose to construct, with the amount proposed to be borrowed and the plans of such system. Such estimate shall be placed and remain in the hands of the city clerk, subject to public inspection during all the time such proposition to borrow money shall be pending. After such system shall have been adopted, no change shall be made therein involving an expense of more than one thousand dollars, nor shall any system be adopted in lieu thereof, unless authorized by a vote of the people.

17-152 Repealed. Laws 1983, LB 421, § 18.

17-153 Sewerage system; bonds; sinking funds; investment.

All taxes levied for the purpose of raising money to pay the interest or to create a sinking fund for the payment of the bonds provided for in section 17-925, shall be payable in money only; and, except as herein otherwise provided, no money so obtained shall be used for any other purpose than the payment of the interest or debt for the payment of which they shall have been raised; *Provided,* such sinking fund may, under the direction of the mayor and council, be invested in any of the underdue bonds issued by such city; *Provided,* they can be procured by the treasurer at such rate of premium as shall be prescribed by ordinance. Any due or overdue bond or coupon shall be a sufficient warrant or order for the payment of the same by the treasurer, out of any fund specially created for that purpose, without any further order or allowance by the mayor and council.

17-154 Sewers; right-of-way; condemnation; procedure.

In case of the refusal of the owner or owners or claimant or claimants of any lands or any right-of-way, or any easement in any lands through which cities of the second class propose to construct any sewer or drain or any outlet for any sewer or drain, to allow the passage thereof, the city proposing to construct such sewer or drain, and desiring the right-of-way may proceed to acquire same by the exercise of the power of eminent domain. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

17-155 Board of equalization; counties under township organization; members; meetings.

In all cities of the second class in counties under township organization, the city council and supervisors of such cities shall constitute a board of equalization for such city, whose duty it shall be to meet and equalize the assessments

of such city at the same time and in the same manner as now provided by law for townships in counties under township organization.

17-157 Joint city and school district facility; expense; bonds; election; approval by electors.

The cost and expense of acquiring land for, erecting, equipping, furnishing, and maintaining a joint municipal and recreation building or joint recreational and athletic field shall be borne by such school district and city in the proportion determined by the board of education of the school district and the city council of the city of the second class. The building shall not be erected or contracted to be erected, no land shall be acquired therefor, and no bonds shall be issued or sold by the school district or the city of the second class until the school district and the city of the second class have each been authorized to issue bonds to defray its proportion of the cost of such land, building, equipment, and furnishings by the required number of electors of the school district and the city of the second class in the manner provided by sections 10-702 to 10-716 and 17-954; *Provided*, when funds and property are available for such purpose, land may be acquired, buildings erected, or equipment and furnishings supplied by a joint resolution of the school district and the city of the second class without a vote of the people.

17-159 Joint city and school district facility; city council and board of education; building commission; powers; duties.

The members of the board of education of the school district and the city council of the city of the second class, which board and council have agreed to build a joint municipal and recreation building or joint recreational and athletic field, shall be the building commission to purchase the land for the building and to contract for the erection, equipment, and furnishings of the

building or the recreational and athletic field. After the completion thereof, such building commission shall be in charge of the maintenance and repair thereof.

17-160 Joint city and school district facility; building commission; plans and specifications; personnel; compensation; contracts.

The building commission shall cause to be prepared building plans and specifications for the joint building or joint recreational and athletic field. It may employ architects, engineers, draftsmen, and such clerical help as may be deemed necessary for the purpose of preparing such plans and specifications. The compensation of such personnel shall be fixed by the commission and shall be paid in the same proportion as determined for defraying the cost thereof, as provided for in section 17-157. The contract for erecting the building, for the equipment, and for furnishings shall be let by the commission in the same manner as for other public buildings. The members of the commission shall receive no compensation for their services as members of the commission.

17-163 Offstreet parking; declaration of purpose.

State recognition is hereby given to the hazard created in the streets of cities of the second class of Nebraska by the great increase in the number of motor vehicles, buses, and trucks. In order to remove or reduce the hazards to life and property and the inconvenience of congested traffic on the streets in such cities in this state, it is hereby deemed necessary and of general benefit to the entire State of Nebraska to provide means for such cities in Nebraska to own offstreet vehicle parking facilities exclusively for the parking of motor vehicles.

17-164 Offstreet parking; facilities; acquisition; procedure.

Any city of the second class in Nebraska is hereby authorized to own, purchase, construct, equip, lease, or operate within such city offstreet motor vehicle parking facilities for the use of the general public. The grant of power herein does not include the power to engage, directly or indirectly, in the sale of gasoline, oil, or other merchandise or in the furnishing of any service other than that of parking motor vehicles as provided herein. Any such city shall have the authority to acquire by grant, contract, purchase, or through the condemnation of property, as provided by law for such acquisition, all real or personal property, including a site or sites on which to construct said facilities, necessary or convenient in the carrying out of this grant of power; *Provided*, that before any such city may commence a program to construct, purchase, or acquire by other means a proposed offstreet parking facility or facilities, notice shall be given, by publication once each week for not less than thirty days, inviting application for private ownership and operation of offstreet parking facilities, if no application or applications have been received or, if received, the same have been disapproved by the governing body of such city within ninety days from the first date of publication, then such city may proceed in the exercise of the powers herein granted.

Note: ''Herein'' refers to sections 17-163 to 17-173.

17-165 Offstreet parking; revenue bonds; issuance; terms.

In order to pay the cost required by any purchase, construction, lease, or condemnation of property and equipping of such facilities, or the enlargement of presently owned facilities, the city may issue revenue bonds to provide the funds for such improvements. Such revenue bonds shall not be payable from any general tax upon the issuing municipality, but shall be a lien only upon the revenue and earnings of the parking facilities. Such revenue bonds shall mature in not to exceed forty years but may be optional prior to maturity at a premium as provided in the authorizing resolution or ordinance. Any such revenue bonds which may be issued shall not be included in computing the maximum amounts of bonds which the issuing city of the second class may be authorized to issue under its charter or any statute of this state. Such revenue bonds may be issued and sold or delivered to the contractor at par and accrued interest for the amount of work performed. If any city has installed or installs onstreet parking meters, it may pledge all or any part of the revenue of such parking meters, not previously pledged, as security for the bonds herein authorized.

17-166 Offstreet parking; plans and specifications; coordination with traffic control program.

Before the issuance of any revenue bonds the city of the second class shall have an independent and qualified firm of engineers prepare plans and specifications for such improvements. In the preparation of the plans and specifications, the independent engineer shall collaborate and counsel with any city engineering or traffic departments so as to coordinate the program with the program for the control of traffic within such respective city.

Source: Laws 1957, c. 29, § 4, p. 187.

17-167 Offstreet parking; city council; rules and regulations; contracts; rates.

The governing body of any such city of the second class shall make all necessary rules and regulations governing the use, operation, and control thereof. In the exercise of the grant of power herein set forth, the city of the second class may make contracts with other departments of the city, or others, if such contracts are necessary and needed for the payment of the revenue bonds authorized herein and for the successful operation of the parking facilities. The governing board shall also establish and maintain equitable rates or charges for such services sufficient in amount to pay for the cost of operation, repair, and upkeep of the facilities to be purchased, acquired, or leased, and the principal of and interest on any revenue bonds issued pursuant to the provisions of sections 17-163 to 17-173. The governing body may also make any other agreements with the purchasers of the bonds for the security of the issuing city and the purchasers of such bonds not in contravention with the provisions of sections 17-163 to 17-173.

Note: ''Herein'' refers to sections 17-163 to 17-173.

17-168 Offstreet parking; acquisition of facilities; submission at election; notice.

The mayor and council of a city of the second class adopting the proposition to make such purchase, or to erect such facility or facilities, set forth in section 17-164, before the purchase can be made or facility created, must submit the question to the electors of such city at a general municipal election or at an election duly called for that purpose and such question approved by a majority of the electors voting on it. If the question is submitted at a special election, the vote for the purchase or acquisition of such real estate or the purchase or erection of such facility or facilities shall equal at least a majority of the votes cast at the last preceding general election. Notice of the time and place of the election shall be given by publication in some legal newspaper printed and in general circulation in such city three successive weeks prior thereto.

17-169 Offstreet parking; facilities; lease; controls retained; business restricted.

On the creation of such motor vehicle parking facility for the use of the general public, the city may, if it desires, lease such facility to one or more operators to provide for the efficient operation of the facility. Such lease shall be let on a competitive basis and no lease shall run for a period in excess of ten years. In granting any lease, the city shall retain such control of the facility as may be necessary to insure that the facility will be properly operated in the public interest and that the prices charged are reasonable. The provisions of sections 17-163 to 17-173 shall not be construed to authorize the city or the lessee of the facility to engage in the sale of any commodity, product, or service, or to engage in any business other than the purposes set forth in section 17-164.

ARTICLE 2
LAWS APPLICABLE ONLY TO VILLAGES

Section

17-201 Village, defined; incorporation; restriction on territory; condition.

Any town or village containing not less than one hundred nor more than eight hundred inhabitants incorporated as a city, town, or village under the

laws of this state and any city of the second class that has adopted village government as provided by law shall be a village and shall have the rights, powers, and immunities hereinafter granted, and none other, except that all county seat towns shall have the powers and immunities as hereinafter granted. The population of a village shall consist of the people residing within the territorial boundaries of such village and the residents of any territory duly and properly annexed to such village.

Whenever a majority of the taxable inhabitants of any town or village, not incorporated under any laws of this state, shall present a petition to the county board of the county in which the petitioners reside, praying that they may be incorporated as a village and designating the name they wish to assume and the metes and bounds of the proposed village, and such county board or majority of the members thereof shall be satisfied that a majority of the taxable inhabitants of the proposed village have signed such petition and that inhabitants to the number of one hundred or more are actual residents of the territory described in the petition, the board shall declare the proposed village incorporated, enter the order of incorporation upon its records, and designate the metes and bounds thereof. Thereafter the village shall be governed by the provisions of law applicable to the government of villages. The county board shall, at the time of the incorporation of the village, appoint five persons, having the qualifications provided in section 17-203, as trustees, who shall hold their offices and perform all the duties required of them by law until the election and qualification of their successors at the time and in the manner provided in section 17-202, except that the county board shall not declare a proposed village incorporated or enter an order of incorporation if any portion of the territory of such proposed village is within five miles of a Nebraska incorporated village or city of any class.

1. Requirements
2. Incorporation
3. Miscellaneous

1. Requirements

Petitioners must be actual and permanent residents of area embraced in petition to be considered inhabitants. State ex rel. Little v. Board of County Commissioners of Cherry County, 182 Neb. 419, 155 N.W.2d 351 (1967).

To warrant board to incorporate territory into a village, there must be requisite population. Remote territory, or purely agricultural land not connected or not adapted to municipal purposes, may not be included. State ex rel. Pond v. Clark, 75 Neb. 620, 106 N.W. 971 (1906); State ex rel. Loy v. Mote, 48 Neb. 683, 67 N.W. 810 (1896).

An order incorporating a village is void, though the petition therefor is purported to be signed by a majority of the taxable inhabitants, when in fact such signatures were not signed thereon but were fraudulently attached. State ex rel. Summers v. Uridil, 37 Neb. 371, 55 N.W. 1072 (1893).

First general election provided for in this section is the village election. State ex rel. Mayor of David City v. Palmer, 10 Neb. 203, 4 N.W. 965 (1880).

2. Incorporation

The duty imposed upon the county board by this section is ministerial in nature. Little v. Board of County Commissioners of Cherry County, 179 Neb. 655, 140 N.W.2d 1 (1966).

The incorporation of a village by the county board upon petition of a majority of the taxable inhabitants is not an unlawful delegation of legislative power or a taking of property without due process of law. Kriz v. Klingensmith, 176 Neb. 205, 125 N.W.2d 674 (1964).

3. Miscellaneous

The terms of sections 17-201 to 17-228 refer to villages only. Gibson v. Troupe, 96 Neb. 770, 148 N.W. 944 (1914).

By acceptance of powers of taxation and government, cities of second class and villages assume the duties, responsibilities and liabilities flowing therefrom, and there is no substantial difference between such municipalities and municipalities of any other class. Goodrich v. University Place, 80 Neb. 774, 115 N.W. 538 (1908).

The power of including lands within city's boundaries is legislative rather than judicial in character, and owner may not restrain collection of city taxes on the ground there was no

authority to include such land. Sage v. City of Plattsmouth, 48 Neb. 558, 67 N.W. 455 (1896); South Platte Land Co. v. Buffalo County, 15 Neb. 605, 19 N.W. 711 (1884).

This section was not intended to clothe large rural districts with municipal powers, nor to subject such lands to special taxation for municipal purposes. State ex rel. Hammond v. Dimond, 44 Neb. 154, 62 N.W. 498 (1895).

It is the duty of village board to divide the village into wards and call an election for electing officers as a city of the second class when the population is sufficient. State ex rel. Hostetter v. Holden, 19 Neb. 249, 27 N.W. 120 (1886).

17-201.01 Villages; incorporation; presumption of regularity of proceedings.

When a county board shall have entered an order declaring any village of the county as incorporated, it shall be conclusively presumed that said incorporation and all proceedings in connection therewith are valid in all respects notwithstanding some defect or defects may appear on the face of the record, or the absence of any record, unless an action shall be brought within one year from the date of entry of such order of the county board, attacking its validity.

Source: Laws 1961, c. 48, § 2, p. 189.

17-202 Board of trustees; election; terms.

The corporate powers and duties of every village shall be vested in the board of trustees which shall consist of five members. At the first statewide general election held after the incorporation of a village, two trustees shall be elected to serve two years and three trustees shall be elected to serve four years. Thereafter the board members shall be elected as provided in the Election Act. The terms shall begin on the first regular meeting of the board in December following the statewide general election. The terms of board members holding office on April 27, 1995, shall be extended to the first regular meeting of the board in December following the statewide general election. The changes made to this section by Laws 1994, LB 76, and Laws 1995, LB 194, shall not change the staggering of the terms of the board members in villages established prior to January 1, 1995.

17-207.01 Offstreet motor vehicle parking; acquisition; procedure.

Any village in Nebraska is hereby authorized to own, purchase, construct, equip, lease, or operate within such village offstreet motor vehicle parking facilities for the use of the general public. The grant of power herein does not include the power to engage, directly or indirectly, in the sale of gasoline, oil, or other merchandise or in the furnishing of any service other than that of parking motor vehicles as provided herein. Any village shall have the authority to acquire by grant, contract, purchase, or through the condemnation of property, as provided by law for such acquisition, all real or personal property, including a site or sites on which to construct said facilities, necessary or convenient in the carrying out of this grant of power; *Provided*, that before any village may commence a program to construct, purchase, or acquire by other means a proposed offstreet parking facility or facilities, notice shall be given, by publication once each week for not less than thirty days, inviting application for private ownership and operation of offstreet parking facilities. If no application or applications have been received or, if received, the same have been disapproved by the governing body of such village within ninety days from the first date of publication, then such village may proceed in the exercise of the powers herein granted.

17-208 Appointive officers; police officer; removal or disciplinary action; procedure; board of health; members; duties.

(1) The village board of trustees may appoint a village clerk, treasurer, attorney, overseer of the streets, and marshal. The village marshal, or any other police officer, may request a review by the village board of his or her removal or any other disciplinary action taken against him or her. After a hearing, the village board may uphold, reverse, or modify the removal or disciplinary action.

(2) The village board of trustees shall by ordinance adopt rules and regulations governing the removal or discipline of any police officer, including the village marshal. The ordinance shall include a procedure for making application for an appeal, specifications on the period of time within which such application shall be made, and provisions on the manner in which the appeals hearing shall be conducted. Both the police officer and the individual imposing the disciplinary action shall have the right at the hearing to be heard and to present evidence to the village board for its consideration. Not later than thirty days following the adjournment of the meeting at which the hearing was held, the village board shall vote to uphold, reverse, or modify the removal or disciplinary action. The failure of the village board to act within thirty days or the failure of a majority of the elected board members to vote to reverse or modify the removal or disciplinary action shall be construed as a vote to uphold the removal or disciplinary action. The decision of the village board shall be based upon its determination that, under the facts and evidence presented at the hearing, the challenged removal or disciplinary action was necessary for the proper management and the effective operation of the police department in the performance of its duties under the statutes of the State of Nebraska. Nothing in this section shall be construed to prevent the preemptory suspension or immediate removal from duty of an officer by the appropriate authority, pending the hearing authorized by this section, in cases of gross misconduct, neglect of duty, or disobedience of orders.

(3) The village board of trustees shall also appoint a board of health consisting of three members: The chairperson of the village board, who shall be chairperson, and two other members. One member shall be a physician or health care provider, if one can be found who is willing to serve. Such physician or health care provider, if appointed, shall be the board's medical advisor. If the village board of trustees has appointed a marshal, the marshal may be appointed to the board and serve as secretary and quarantine officer. A majority of the board of health shall constitute a quorum and shall enact rules and regulations, which shall have the force and effect of law, to safeguard the health of the people of such village and prevent nuisances and unsanitary conditions. The board of health shall enforce the same and provide fines and punishments for violations. The appointees shall hold office for one year unless removed by the chairperson of the village board with the advice and consent of the trustees.

17-209.01 Repealed. Laws 1949, c. 21, § 4.

17-209.02 Officers and employees; merger of offices; salaries.

The local governing body of a village may by ordinance combine and merge any elective or appointive office or employment or any combination of duties of any such offices or employments, except trustee, with any other elective or appointive office or employment so that one or more of such offices or employments or any combination of duties of any such offices or employments may be held by the same officer or employee at the same time, except that trustees may perform and upon board approval receive compensation for seasonal or emergency work subject to sections 49-14,103.01 to 49-14,103.06. The offices or employments so merged and combined shall always be construed to be separate and the effect of the combination or merger shall be limited to a consolidation of official duties only. The salary or compensation of the officer or employee holding the merged and combined offices or employments or offices and employments shall not be in excess of the maximum amount provided by law for the salary or compensation of the office, offices, employment, or employments so merged and combined. For purposes of this section, volunteer firefighters and ambulance drivers shall not be considered officers.

17-216 Village; dissolution; petition or resolution; election.

(1) Whenever a petition or petitions for submission of the question of the abolishment of incorporation to the registered voters of any village, signed by not less than one-third of the registered voters of the village, is filed in the office of the county clerk or election commissioner of the county in which such village is situated, the county clerk or election commissioner shall cause such question to be submitted to the registered voters of the village as provided in this section and give notice thereof in the general notice of the election at which the question will be submitted.

(2) Whenever two-thirds of the members of the board of trustees of any village, by resolution following a public hearing, vote to submit the question of the abolishment of the incorporation of the village, the resolution shall be filed in the office of the county clerk or election commissioner of the county in which such village is situated and the county clerk or election commissioner shall cause such question to be submitted to the registered voters of the village as provided in this section and give notice thereof in the general notice of the election at which the question will be submitted.

(3) If a petition or resolution is filed with the county clerk or election commissioner, the county clerk or election commissioner shall cause such question to be submitted to the registered voters of the village at the next primary or general election which is scheduled to be held more than seventy days after the date upon which the petition or resolution is filed. If the petition or resolution calls for a vote on the question at a special election to be called for that purpose, the county clerk or election commissioner shall cause a special election to be called for the purpose of placing the question before the registered voters and the election shall be called not sooner than sixty days nor later than seventy days after the date of the filing of the petition or resolution. If a petition is filed at any time other than within one hundred eighty days prior to a primary or general election and the petition does not call for the question to be considered at a special election, the board of trustees may, by majority vote, call for the county clerk or election commissioner to cause the matter to be placed upon the ballot at a special election on a date certain specified by the board, except that such date shall not be sooner than sixty days after the date upon which the petition was filed.

(4) If the question of abolishment of incorporation is submitted to the voters and such question receives a favorable vote by a majority of those voting on the issue, the governing board of such village shall file with the Secretary of State a certified statement showing the total votes for and against such measure.

17-219.03 Village; dissolution; board of trustees; county board; duties.

(1) On and after the date of a vote by a majority of the registered voters of a village voting on the question in favor of the abolishment of the incorporation of a village, the board of trustees shall not expend any funds of the village, liquidate any village assets, whether such assets are real or personal property, or otherwise encumber or exercise any authority over the property or funds of the village without the prior approval of the county board of the county within which the village is located.

(2) Within ten days after a vote by a majority of the registered voters of a village voting on the question in favor of the abolishment of the incorporation of a village, the board of trustees shall meet and approve a resolution setting out with particularity all of the assets and liabilities of the village, including a full and complete inventory of all property, real and personal, owned by the village. The resolution shall be transmitted to the county clerk of the county within which the village is located, and the county clerk shall provide copies to the members of the county board.

(3) If the liabilities of the village exceed the value of all the assets of the village, the county board shall, within twenty days after the receipt of the resolution by the county clerk, schedule a joint meeting between the village board of trustees and the county board to review the resolution and discuss how to liquidate the liabilities with the village board of trustees.

(4) Within thirty days after the date upon which the joint meeting is held pursuant to subsection (3) of this section, the county board shall adopt a plan for the liquidation of village assets to retire the liabilities of the village.

17-220 Village situated in more than one county; how organized.

A majority of the taxable inhabitants of any village situated in two or more counties may present a petition to the county board of any county in which any part of such village is situated, praying that they may be incorporated as a village; and such county board shall act upon the petition the same as if the village were situated wholly within the county where the petition shall be presented. If the county board shall declare such village incorporated, the village shall thereafter be governed by the provisions of the statutes of this state applicable to the government of villages. The county clerk of said county shall immediately certify the proceedings relating to the incorporation of such village to the county board of each other county in which any part of said village is situated, and each county board to which the said proceedings shall be certified shall enter such proceedings upon their records.

A village situated in one county may annex territory in another county. Barton v. City of Omaha, 180 Neb. 752, 145 N.W.2d 444 (1966).

This section is broad enough to permit a village located upon the border of one county to annex contiguous territory situated in adjacent county, but such village has the burden of proving that the territory annexed will be benefited or that justice and equity require the territory be annexed. Village of Wakefield v. Utecht, 90 Neb. 252, 133 N.W. 240 (1911).

17-221 Repealed. Laws 1994, LB 76, § 615.

17-222 Village situated in more than one county; jails.

Any incorporated village situated in two or more counties may have the right to use the jails of any and all counties in which any part of such village is situated.

A tax levy in a village situated in two or more counties shall be certified to the county clerks. Village of Wakefield v. Utecht, 90 Neb. 252, 133 N.W. 240 (1911).

17-224 Village situated in more than one county; legal notices; publication.

All notices and other publications, required by law to be published in any county in which any part of an incorporated village is situated, may be published in any newspaper published in such village, and such publication shall have the same force and effect as it would have if published in every county in which any part of such village is situated.

17-225 Railroads; blocking crossings; penalty.

It shall be unlawful for any railroad company or for any of its officers, agents, servants or employees to obstruct with car or cars, engine or engines, or with

any other rolling stock, for more than ten minutes at a time, any public highway, street or alley in any unincorporated town or village in the State of Nebraska. Any corporation, person, firm or individual violating any provision of this section shall, upon conviction thereof, be fined in any sum not less than ten dollars nor more than one hundred dollars.

17-228 Transferred to section 17-219.03.

17-229 Street improvement program; authorization; tax levy.

If the board of trustees of a village in the State of Nebraska by a three-fourths vote of the members elected to the board determines by ordinance the necessity of initiating a street improvements program within the village, which improvements are in the nature of a general benefit to the whole community and not of special benefit to adjoining or to abutting property and which consists of graveling, base stabilization, oiling, or other improvements to the streets, but which improvements do not consist of curb and gutter or asphalt or concrete pavings, the chairperson and board of trustees may, by such ordinance, provide for the levy and collection of a special tax not exceeding seventeen and five-tenths cents on each one hundred dollars on the taxable value of all the taxable property in the village for a period of not to exceed five years to create a fund for the payment of such improvements.

17-231 Street improvement program; construction of improvements; issuance of warrants; interest; unused funds transferred to general fund.

In order to construct the improvements as outlined in section 17-229 pursuant to such determination of necessity, the chairperson and board of trustees may proceed from time to time to make such improvements costing not exceeding eighty-five percent of the amount of taxes to be collected. In order to allow the construction of the contemplated improvements immediately, the chairperson and board of trustees may issue warrants from time to time in the aggregate amount of eighty-five percent of the estimated taxes to be collected over the period of years provided for the levy, the amount of such warrants authorized to be issued to be based upon the amount of revenue to be raised by the tax to be levied and the taxable valuation of the taxable property in the village at the time the determination of necessity is made by ordinance multiplied by the number of years the tax has to run. The warrants shall not bear interest in excess of six percent per annum, may be issued in such

denominations as the chairperson and board of trustees may determine, and shall be paid from the collection of the special tax levy. Any unpaid amount of the levy after the payment of any such warrants in full, including both principal and interest, shall be transferred to the general fund.

CHANGES IN POPULATION OR CLASS

(a) CITIES OF THE FIRST CLASS

(b) CITIES OF THE SECOND CLASS

(c) VILLAGES

(a) CITIES OF THE FIRST CLASS

17-301 City of the first class; reorganization as city of the second class.

(1) Whenever any city of the first class decreases in population until it has a population of less than five thousand inhabitants but not less than four thousand five hundred inhabitants, as ascertained and officially promulgated by the federal decennial census, the mayor of any such city shall certify such fact to the Secretary of State.

(2) Whenever any city of the first class decreases in population until it has a population of less than four thousand five hundred inhabitants but more than eight hundred inhabitants as ascertained and officially promulgated by the federal decennial census, the mayor of any such city shall certify such fact to the Secretary of State.

(3) Whenever the Secretary of State receives a certification pursuant to subsection (1) of this section from the same city after two consecutive federal decennial censuses, he or she shall declare such city to have become a city of the second class as provided in section 17-305.

(4) Whenever the Secretary of State receives a certification pursuant to subsection (2) of this section, he or she shall declare such city to have become a city of the second class as provided in section 17-305.

(5) Beginning on the date upon which a city becomes a city of the second class pursuant to section 17-305, such city shall be governed by the provisions of the statutes of the State of Nebraska applicable to cities of the second class.

Source: Laws 1933, c. 112, § 1, p. 452; C.S.Supp.,1941, § 17-162; R.S. 1943, § 17-301; Laws 1984, LB 1119, § 3; Laws 2002, LB 729, § 5.

When it is definitely shown that a first-class city has decreased in population to less than five thousand inhabitants, the mayor of the city has a mandatory duty to certify such fact to the Governor. State ex rel. Cashman v. Carmean, 138 Neb. 819, 295 N.W. 801 (1941).

17-302 Government pending reorganization.

The government of a city shall continue, as organized at the date of the declaration of the Secretary of State under section 17-301, until the reorganization of the same under section 17-305.

Source: Laws 1933, c. 112, § 2, p. 453; C.S.Supp.,1941, § 17-163; R.S. 1943, § 17-302; Laws 2002, LB 729, § 6.

Upon decrease in population of a first-class city below five thousand inhabitants, the form of government continues until reorganization as second-class city. State ex rel. Cashman v. Carmean, 138 Neb. 819, 295 N.W. 801 (1941).

17-303 Wards; establish.

The mayor and council shall, within ninety days after the declaration of the Secretary of State under section 17-301, divide the city into not less than two nor more than six wards as may be provided by ordinance of the mayor and city council thereof. Such wards shall contain, as nearly as practicable, an equal area and an equal number of legal voters. Such division and boundaries of such wards, so to be defined by ordinance, shall take effect on the first day of the first succeeding municipal year following the next general city election after such reorganization. Any council member whose term continues, by reason of his or her prior election under the statutes governing cities of the first class, through another year or years beyond the date of the reorganization as a city of the second class shall continue to hold his or her office as council member from the ward in which he or she is a resident as if elected for the same term under the statutes governing cities of the second class.

This section provides how the number of wards shall be determined after proclamation of change from first-class city to second-class city. State ex rel. Cashman v. Carmean, 138 Neb. 819, 295 N.W. 801 (1941).

17-304 Reorganization; council; members; qualifications.

After the terms of members of the city council in office at the time shall have expired, the council shall consist of not less than four nor more than twelve citizens of said city, who shall be qualified electors under the Constitution and laws of the State of Nebraska.

Source: Laws 1933, c. 112, § 4, p. 454; C.S.Supp.,1941, § 17-165; R.S. 1943, § 17-304; Laws 1973, LB 559, § 7.

This section provides the number and qualification of members of city council after expiration of terms of incumbents, where first-class city becomes second-class city through decrease in population. State ex rel. Cashman v. Carmean, 138 Neb. 819, 295 N.W. 801 (1941).

17-305 Reorganization; existing ordinances; effect; modification.

(1) Upon the expiration of one year after the date of the declaration of the Secretary of State under section 17-301, the city shall be, as of that date, incorporated as a city of the second class. All ordinances, bylaws, acts, regulations, obligations, rules, and proclamations existing and in force in or with respect to any such city at the time of the declaration of the Secretary of State under section 17-301 shall be and remain in full force and effect for a period of one year and may be enacted, altered, or amended during such period in a

manner consistent with the statutes governing cities of the first class, except that any such acts, alterations, or amendments shall not be effective beyond the date upon which the city is incorporated as a city of the second class.

(2) Notwithstanding the provisions of subsection (1) of this section, a city shall amend, repeal, or modify all ordinances, bylaws, acts, regulations, obligations, rules, and proclamations which are existing and in force in or with respect to such city at the time of the declaration of the Secretary of State under section 17-301 and which are inconsistent with the statutes governing cities of the second class in a manner which is in conformance and consistent with the statutes governing cities of the second class to take effect upon the effective date of the city's incorporation as a city of the second class.

(b) CITIES OF THE SECOND CLASS

17-306 City of the second class; reorganization as village.

Whenever any city of the second class desires to discontinue its organization as a city and organize as a village, and one-fourth of the legal voters of such city shall petition the city council, the council shall cause to be published, for at least thirty days, a notice stating that the question of adopting village government will be submitted at the next city election, or at a special election announced in such notice. The form of ballot shall be For organization as a village, and Against organization as a village, and at the same election the qualified voters shall vote for five trustees for the village. If a majority of the votes cast are For organization as a village, then such city shall within sixty days after such election become a village and be governed under the provisions of the law relating to a village unless it shall at some future election adopt a city government in the manner provided herein for the adoption of a village government.

17-310 Decrease in population; remain city of the second class.

Whenever any city of the second class decreases in population until it has a population of less than eight hundred inhabitants and more than one hundred inhabitants, as ascertained and officially promulgated by the census, enumeration, and return taken by the United States, by the State of Nebraska, or by the authority of the mayor and council of such city, and the mayor and council decide by ordinance to remain a city of the second class, the mayor shall certify such fact to the Secretary of State who, upon the filing of such a certificate, shall by proclamation so declare and shall declare such city to remain a city of the second class. Such city shall continue to be governed by laws of this state applicable to cities of the second class.

(c) VILLAGES

17-311 Village; increase in population; reorganization as city of the second class.

(1) Except as provided in section 17-312, whenever any village increases in population until it has a population of more than eight hundred inhabitants but less than five thousand inhabitants, as ascertained and officially promulgated by the census, enumeration, and return taken by the United States, by the State of Nebraska, or by the authority of the village board of such village, the village board shall certify such fact to the Secretary of State who, upon the filing of such a certificate, shall by proclamation so declare and shall declare such village to have become a city of the second class. Thereafter such city shall be governed by the laws of this state applicable to cities of the second class. The government of such city shall continue as organized at the date of such proclamation until the reorganization as a city of the second class.

(2) If any village becomes a city of the second class, the governing body shall call a special election for the purpose of electing new members of the city's governing body to be held not more than eight months after the proclamation is issued. At the initial election of officers, the names of the candidates receiving the greatest number of votes at the primary election if one is held shall be placed on the general election ballot. One-half or the bare majority of the candidates in each precinct or ward or at-large candidates, as the case may be,

receiving the greatest number of votes at the general election, shall be elected to terms of the longest duration, and those receiving the next greatest number of votes shall be elected to the remaining term or terms. The members of the village board of trustees shall hold office only until the newly elected city officials assume office. All ordinances, bylaws, acts, rules, regulations, obligations, and proclamations existing and in force in or with respect to any village at the time of its incorporation as a city of the second class shall remain in full force and effect after such incorporation as a city of the second class until repealed or modified by such city within one year after the date of the filing of the certificate pursuant to subsection (1) of this section.

17-312 Village; retention of village government; petition; election.

(1) Whenever any village attains a population exceeding eight hundred inhabitants and one-fourth of the legal voters but not less than one hundred registered voters of the village petition the board of trustees of such village, the board of trustees shall cause to be published for at least thirty days a notice stating that the question of retaining a village form of government will be submitted at the next regularly scheduled election or at a special election announced in such notice. Thereupon there shall be submitted by the board of trustees at such election the question of retaining a village form of government. Such election shall be conducted in the manner provided for cities of the second class. The form of the ballot at such election shall be For retention of village government and Against retention of village government. If the majority of the votes cast are for retention of village government, then such village shall remain a village and be governed under the provisions of the law relating to villages unless at some future election such village adopts a city government in the manner provided for the adoption of a village government.

(2) If the question is submitted at a special election, such election shall be held not later than October 15 of an odd-numbered year. If the question is rejected, city officials shall be elected at the next regularly scheduled election.

(3) If the question is submitted at a regularly scheduled election, no village trustees shall be elected at such election, but trustees whose terms are to expire following such election shall hold office until either their successors or city officials take office as follows:

(a) If the question is rejected, the village board shall call a special election, to be held not more than eight months after the election at which the question was rejected, for the purpose of electing city officials under the provisions of law relating to cities of the second class. The terms of office for such officials shall be established pursuant to section 17-311. The members of the board of trustees shall hold office only until the newly elected city officials assume office; and

(b) If the question is approved, the village board shall call a special election, to be held not more than eight months after the election at which the question was approved, for the purpose of electing successors to those members of the village board who held office beyond the normal expiration of their terms. Such special election shall be conducted under the provisions of law relating to villages. Persons so elected shall take office as soon after the completion of the

canvass of the votes as is practicable, and their terms of office shall be as if the holdovers had not occurred.

CHANGE OF BOUNDARY; ADDITIONS

(a) CONSOLIDATION

(a) CONSOLIDATION

17-401 Consolidation; authority.

Any two or more cities of the second class or villages, lying adjacent to each other, may consolidate and become one city or municipal corporation, as the

case may be, and under the name and with all the powers, obligations, and duties of the city or municipal corporation whose name shall be assumed and adopted in the proceedings provided in sections 17-402 and 17-403.

17-402 Consolidation; procedure.

When any city or village shall desire to be annexed to another and contiguous city or village, the city council or trustees of each city or village shall appoint three commissioners to arrange and report to such council or trustees respectively the terms and conditions on which the proposed annexation can be made; and, if the council or trustees of each such city or village approve of the terms and conditions proposed, they shall, by proper ordinance, so declare; and thereupon the council or trustees of each of such cities or villages by ordinance passed at least one month prior to the general annual election therein, may submit the question of such annexation, upon the terms and conditions so proposed, to the electors of their respective cities or villages; and if a majority of the electors of each vote in favor of such annexation the council or trustees of each shall, by proper ordinance, so declare. A certified copy of the whole proceedings of the city or village shall be filed with the clerk of the city or village to which the annexation is made.

17-403 Consolidation; when effective; existing rights and liabilities preserved.

When certified copies of the proceedings for annexation are filed, as contemplated in section 17-402, the annexation shall be deemed complete; and the city or village to which annexation is made shall have the power to pass such ordinances, not inconsistent with law, as will carry into effect the terms of such annexation. Thereafter the city or village annexed shall be governed as part of the city or village to which annexation is made; *Provided,* such annexation shall not affect or impair any rights or liabilities then existing for or against either of such cities or villages, but they may be enforced the same as if no such annexation had taken place.

The vacation by the owner of plat of an addition of a municipality within corporate limits does not ipso facto disconnect said land from the corporation. Kershaw v. Jansen, 49 Neb. 467, 68 N.W. 616 (1896).

17-404 Consolidation; property.

When a city or village is thus annexed to another, the property, both real and personal, the notes, bonds, obligations, accounts, demands, evidences of debt, rights, and choses in action, franchises, books, records, maps, plats, and effects of every nature, of and belonging to the two adjacent cities or municipal corporations so annexed, shall be the property of and belong to the corporation to which it is annexed.

(b) ANNEXATION OF TERRITORY

17-405 Contiguous land; annexation; petition; plat; approval of council; recording; effect.

(1) Whenever the owner or owners and inhabitants, or a majority thereof in numbers or value, of any territory lying contiguous to the corporate limits of any city or village, whether the territory be already in fact subdivided into lots or parcels of ten acres or less or remains unsubdivided, except as provided in section 13-1115, shall desire to annex such territory to any city or village, they shall first cause an accurate plat or map of the territory to be made, showing such territory subdivided into blocks and lots, conforming as nearly as may be to the blocks, lots, and streets of the adjacent city or village. It shall also show the descriptions and numberings, as provided in section 17-415, for platting additions, and conforming thereto as nearly as may be.

(2) Said plat or map shall be prepared under the supervision of the city engineer in cases of annexation to adjacent cities, and under the supervision of a competent surveyor in any case. A copy of said plat or map, certified by said engineer or surveyor, as the case may be, shall be filed in the office of the clerk of the city or village, together with a request in writing, signed by a majority of the property owners and inhabitants in number and value of the territory described in said plat for the annexation of said territory. The city council or board of trustees shall, at the next regular meeting thereof after the filing of such plat and request for annexation, vote upon the question of such annexation, and such vote shall be spread upon the journal of said council or board of trustees. If a majority of all the members of the council or board of trustees vote for such annexation, an ordinance shall be prepared and passed by the council or board declaring the annexation of such territory to the corporate limits of the city or village, and extending the limits thereof accordingly.

(3) An accurate map or plat of such territory certified by the engineer or surveyor, and acknowledged and proved as provided by law in such cases shall at once be filed and recorded in the office of the county clerk or register of deeds and county assessor of the proper county, together with a certified copy of the ordinance declaring such annexation, under the seal of the city or village. Thereupon such annexation of such adjacent territory shall be deemed complete, and the territory included and described in the plat on file in the office of the clerk or register of deeds shall be deemed and held to be a part of said original corporate city or village, and the inhabitants thereof shall thereafter enjoy the privileges and benefits of such annexation, and be subject to the ordinances and regulations of said city or village.

Village cannot annex territory not contiguous to it. Village of Niobrara v. Tichy, 158 Neb. 517, 63 N.W.2d 867 (1954).

Land annexed under section 17-407 is not exempt from taxation for prior city indebtedness because of this section. Gottschalk v. Becher, 32 Neb. 653, 49 N.W. 715 (1891).

17-405.01 Annexation; powers; restrictions.

(1) Except as provided in subsection (2) of this section, the mayor and council of any city of the second class or the chairperson and members of the board of

trustees of any village may by ordinance, except as provided in sections 13-1111 to 13-1118, at any time, include within the corporate limits of such city or village any contiguous or adjacent lands, lots, tracts, streets, or highways as are urban or suburban in character, and in such direction as may be deemed proper. Such grant of power shall not be construed as conferring power to extend the limits of any municipality over any agricultural lands which are rural in character.

(2) The mayor and city council of any city of the second class or the chairperson and members of the board of trustees of any village may, by ordinance, annex any lands, lots, tracts, streets, or highways which constitute a redevelopment project area so designated by the city or village or its community redevelopment authority in accordance with the provisions of the Community Development Law and sections 18-2145 to 18-2154 when such annexation is for the purpose of implementing a lawfully adopted redevelopment plan containing a provision dividing ad valorem taxes as provided in subsection (1) of section 18-2147 and which will involve the construction or development of an agricultural processing facility, notwithstanding that such lands, lots, tracts, streets, or highways are not contiguous or adjacent or are not urban or suburban in character. Such annexation shall comply with all other provisions of law relating to annexation generally for cities of the second class and villages. The city or village shall not, in consequence of the annexation under this subsection of any noncontiguous land, exercise the authority granted to it by statute to extend its jurisdiction beyond its corporate boundaries for purposes of planning, zoning, or subdivision development without the agreement of any other city, village, or county currently exercising such jurisdiction over the area surrounding the annexed redevelopment project area. The annexation of any noncontiguous land undertaken pursuant to this subsection shall not result in any change in the service area of any electric utility without the express agreement of the electric utility serving the annexed noncontiguous area at the time of annexation, except that at such time following the annexation of the noncontiguous area as the city or village lawfully annexes sufficient intervening territory so as to directly connect the noncontiguous area to the main body of the city or village, such noncontiguous area shall, solely for the purposes of section 70-1008, be treated as if it had been annexed by the city or village on the date upon which the connecting intervening territory had been formally annexed.

(3) For the purposes of subsection (2) of this section, agricultural processing facility means a plant or establishment where value is added to agricultural commodities through processing, fabrication, or other means and where eighty percent or more of the direct sales from the facility are to other than the ultimate consumer of the processed commodities. A facility shall not qualify as an agricultural processing facility unless its construction or development involves the investment of more than one million dollars derived from nongovernmental sources.

(c) DETACHMENT OF TERRITORY WITHIN CITY LIMITS

17-414 Land within corporate limits; disconnection; procedure.

Whenever a majority of the legal voters residing on any territory within and adjacent to the corporate limits of any city or village or the owner or owners of any unoccupied territory so situated desire to have the territory disconnected from the city or village, they may file a petition in the district court of the county in which such city or village is situated praying that such territory be detached. The petitioners shall, within ten days after the filing of such petition, cause a copy thereof to be served on such city or village in the manner provided by law for the service of summons in a civil action. If any city or village by a majority vote of all members of the council or board of trustees consents that such territory be disconnected, the court shall enter a decree disconnecting the territory, and in such case no costs shall be taxed against such city or village. In case such a city or village desires to contest such petition, it shall file its answer thereto within thirty days after the service of a copy of the petition, and thereupon issue shall be joined and the cause shall be tried by the court as a suit in equity. If the court finds in favor of the petitioners and that justice and equity require that such territory, or any part thereof, be disconnected from such city or village, it shall enter a decree accordingly. In all cases such a decree disconnecting part or all of such territory shall particularly describe the territory affected and a certified copy thereof shall be recorded in the office of the register of deeds or county clerk of the county in which such territory is situated. A certified copy thereof shall also be forwarded to and filed in the office of the clerk of the city or village affected thereby. Either party may prosecute an appeal from the finding and decree of the district court to the Court of Appeals.

2. Procedure
3. Powers of court

4. Effect of disconnection
5. Miscellaneous

1. Right of action

The power, granted herein, to disconnect territory from the city does not extend to cities of the metropolitan class. State ex rel. Andersen v. Leahy, 189 Neb. 92, 199 N.W.2d 713 (1972).

Detachment of property is limited to territory adjacent to the corporate limits. Village of Niobrara v. Tichy, 158 Neb. 517, 63 N.W.2d 867 (1954).

Rural land receiving few, if any, benefits should be detached. Runyan v. Village of Ong, 154 Neb. 127, 47 N.W.2d 97 (1951).

One person, who is the only legal voter residing within the territory, may maintain action to detach. Delozier v. Village of Magnet, 104 Neb. 765, 178 N.W. 619 (1920).

The fact that unplatted lands used exclusively for agricultural purposes were included in corporate limits with owner's tacit permission does not estop him from proceeding in district court to have it disconnected. Joerger v. Bethany Heights, 97 Neb. 675, 151 N.W. 236 (1915); Barber v. Village of Franklin, 77 Neb. 91, 108 N.W. 146 (1906).

Statute of limitations does not run against owner's right of unoccupied lands to have same disconnected from village, and the mere fact that a former owner signed a petition for an election to vote municipal bonds does not estop a present owner from claiming such right. MacGowan v. Village of Gibbon, 94 Neb. 772, 144 N.W. 808 (1913).

Owner of agricultural lands included within boundaries of such municipality, even though not a voter, may maintain an action to have such lands detached. Village of Osmond v. Matteson, 62 Neb. 512, 87 N.W. 311 (1901); Village of Osmond v. Smathers, 62 Neb. 509, 87 N.W. 310 (1901); State ex rel. Hammond v. Dimond, 44 Neb. 154, 62 N.W. 498 (1895).

2. Procedure

Under prior act, proviso referred to conditions existing at time action was brought and not to land once platted where plat was vacated prior to bringing action. Edgecombe v. City of Rulo, 109 Neb. 843, 192 N.W. 499 (1923).

Provisions of this section do not provide the exclusive method for detaching territory from a municipality. Sole v. City of Geneva, 106 Neb. 879, 184 N.W. 900 (1921).

In an action to annex territory, the burden is upon the village to establish that justice and equity require such territory should be annexed, and, in an action to disconnect territory, the burden is upon the petitioner to establish that justice and equity require that such territory should be disconnected. Haney v. Village of Hyannis, 97 Neb. 220, 149 N.W. 405 (1914).

3. Powers of court

A decree under this section is tried de novo in the Supreme Court, under the provisions of section 25-1925, R.R.S.1943. Dugan v. Village of Greeley, 206 Neb. 804, 295 N.W.2d 115 (1980).

Detachment may be denied where it would enhance difficulties of city administration. Swanson v. City of Fairfield, 155 Neb. 682, 53 N.W.2d 90 (1952).

Court of equity is empowered to disconnect agricultural lands having no unity or community of interest with city. Davidson v. City of Ravenna, 153 Neb. 652, 45 N.W.2d 741 (1951).

Where tract of land within city limits had the benefit of adequate fire protection, public utilities, and improved streets adjacent thereto, decree should be entered denying detachment. Lee v. City of Harvard, 146 Neb. 807, 21 N.W.2d 696 (1946).

The judgment of the district court detaching territory will not be impeached upon appeal in absence of a showing that the trial judge committed mistake of fact, or made an erroneous inference of fact or of law. Marsh v. Village of Trenton, 92 Neb. 63, 137 N.W. 981 (1912); Chapin v. Village of College View, 88 Neb. 229, 129 N.W. 297 (1911); McMillan v. Diamond, 77 Neb. 671, 110 N.W. 542 (1906); Gregory v. Village of Franklin, 77 Neb. 62, 108 N.W. 147 (1906); Michaelson v. Village of Tilden, 72 Neb. 744, 101 N.W. 1026 (1904).

In determining whether lands receive material benefit from the city, and also, whether justice and equity require annexation, the court acts judicially, and where unplatted lands within or without the corporate limits have no unity in interest with platted portion of the city, justice and equity dictate that they should be excluded therefrom. Bisenius v. City of Randolph, 82 Neb. 520, 118 N.W. 127 (1908).

4. Effect of disconnection

Under the facts of this case, to detach the land in question would have an adverse effect on the village. Dugan v. Village of Greeley, 206 Neb. 804, 295 N.W.2d 115 (1980).

Disconnection of lands from a city or village requires a consideration of all the facts and circumstances. Shelton Grain & Supply Co. v. Village of Shelton, 178 Neb. 695, 134 N.W.2d 815 (1965).

When statute authorizes change of boundaries and is silent as to apportionment of municipal debts, the territory within new boundaries becomes liable for taxes for all prior debts and the detached territory is forever released from all municipal debts. Hustead v. Village of Phillips, 131 Neb. 303, 267 N.W. 919 (1936).

Where district court decrees that justice and equity do not require detachment of farm lands from corporation and no appeal is taken therefrom, the matter becomes res judicata and binding upon successors in title, unless sufficient new facts are shown that justice and equity require detachment. Keim v. Village of Bloomington, 119 Neb. 474, 229 N.W. 769 (1930).

Vacation of plat by owner of land within the corporate limits of a municipality does not disconnect such land from the corporation. Kershaw v. Jansen, 49 Neb. 467, 68 N.W. 616 (1896).

5. Miscellaneous

Substantial part of territory sought to be detached must be adjacent to a part of the boundary of the municipality. Egan v. Village of Meadow Grove, 159 Neb. 207, 66 N.W.2d 425 (1954).

Adjacent means contiguous or coexistent with. Jones v. City of Chadron, 156 Neb. 150, 55 N.W.2d 495 (1952).

Bondholders have no vested right to have boundaries of the village remain constant. Taxes cannot be levied for village purposes on disconnected property. Hardin v. Pavlat, 130 Neb. 829, 266 N.W. 637 (1936).

This section applies only to villages and cities of the second class. City of Hastings v. Hansen, 44 Neb. 704, 63 N.W. 34 (1895).

(d) PLATTING

17-415 Additions; plat; contents; duty to file.

Every original owner or proprietor of any tract or parcel of land, who shall subdivide the same into two or more parts for the purpose of laying out any city or village or any addition thereto or any part thereof, or suburban lots, shall

cause a plat of such subdivision, with references to known or permanent monuments, to be made, which shall accurately describe all subdivisions of such tract or parcel of land, numbering the same by progressive numbers, and giving the dimensions and length and breadth thereof, and the breadth and courses of all streets and alleys established therein. Descriptions of lots or parcels of land in such subdivisions, according to the number and designation thereof on such plat contained, in conveyances or for the purposes of taxation, shall be deemed good and valid for all purposes. The duty to file for record a plat as provided herein shall attach as a covenant of warranty in all conveyances hereafter made of any part or parcel of such subdivision by the original owners or proprietors against any and all assessments, costs and damages paid, lost or incurred by any grantee or person claiming under him, in consequence of the omission on the part of the owner or proprietors to file such plat.

When plat of proposed subdivision is prepared, executed, and filed by landowner without any representations by city with regard to disputed easement, it operates as deed of portion of land set apart for public use. Vakoc Constr. Co. v. City of Wayne, 191 Neb. 45, 213 N.W.2d 721 (1974).

Filing of plat is dedication of streets shown thereon. Village of Maxwell v. Booth, 161 Neb. 300, 73 N.W.2d 177 (1955).

Where a plat is filed by the owner and surrounding the lands shown on the plat are continuous boundary lines on which appear the words ''street'', it is equivalent to a deed of the portion so shown as streets in fee simple to the public. City of Schuyler v. Verba, 120 Neb. 729, 235 N.W. 341 (1931).

Dedication deed of lot for street to public must be signed by owner and lienholder without notice is not estopped to deny that he consented to dedication. Morning v. City of Lincoln, 93 Neb. 364, 140 N.W. 638 (1913).

Where land is platted pursuant to this section, the fee simple title to streets and alleys vests in the public, and title is held in trust for the use for which such ways were dedicated. Jaynes v. Omaha Street Ry. Co., 53 Neb. 631, 74 N.W. 67 (1898).

A plat filed with the county clerk and recorded by him becomes an instrument in which the public as well as the proprietor is interested and it should remain in the possession of the county clerk. Lincoln Land Co. v. Ackerman, 24 Neb. 46, 38 N.W. 25 (1888).

Lines actually run and marked on the ground will control over plat in case of variance. Holst v. Streitz, 16 Neb. 249, 20 N.W. 307 (1884).

Where land has been platted, occupied, and taxed for more than twenty-five years, courts will not consider evidence to show that plat was not recorded. Bryant v. Estabrook, 16 Neb. 217, 20 N.W. 245 (1884).

17-416 Additions; plat; acknowledgment; filing.

Every such plat shall contain a statement to the effect that the above or foregoing subdivision of (here insert a correct description of the land or parcel subdivided), as appears on this plat, is made with the free consent and in accordance with the desire of the undersigned owners and proprietors, and shall be duly acknowledged before some officer authorized to take the acknowledgment of deeds. When thus executed and acknowledged, the plat shall be filed for record and recorded in the office of the register of deeds and county assessor of the proper county.

When plat of proposed subdivision is prepared, executed, and filed by landowner without any representations by city with regard to disputed easement, it operates as deed of portion of land set apart for public use. Vakoc Constr. Co. v. City of Wayne, 191 Neb. 45, 213 N.W.2d 721 (1974).

Platting is required before county board can establish a village. State ex rel. Schoonover v. Crabill, 136 Neb. 819, 287 N.W. 669 (1939).

If plat is filed and recorded, failure to sign that plat does not make it void. Pillsbury v. Alexander, 40 Neb. 242, 58 N.W. 859 (1894).

17-417 Additions; plat; acknowledgment and recording; effect.

The acknowledgment and recording of such plat is equivalent to a deed in fee simple of such portion of the premises platted as is on such plat set apart for

streets or other public use, or as is thereon dedicated to charitable, religious or educational purposes.

2. Miscellaneous

1. Effect

When plat of proposed subdivision is prepared, executed, and filed by landowner without any representations by city with regard to disputed easement, it operates as deed of portion of land set apart for public use. Vakoc Constr. Co. v. City of Wayne, 191 Neb. 45, 213 N.W.2d 721 (1974).

By dedication of plat, landowners transferred the fee in the street to city. Hammer v. Department of Roads, 175 Neb. 178, 120 N.W.2d 909 (1963).

Title conveyed by plat to streets and alleys is a determinable fee. Dell v. City of Lincoln, 170 Neb. 176, 102 N.W.2d 62 (1960).

City was entitled to share in rentals from oil and gas produced from under its streets and alleys. Belgum v. City of Kimball, 163 Neb. 774, 81 N.W.2d 205 (1957).

Filing of plat is dedication of streets shown thereon. Village of Maxwell v. Booth, 161 Neb. 300, 73 N.W.2d 177 (1955).

Where a plat is filed by the undisputed owner and surrounding the land shown in the plat as continuous boundaries there appear the words ''streets'', it is equivalent to a deed in fee simple conveying that portion of the plat set apart as streets. City of Schuyler v. Verba, 120 Neb. 729, 235 N.W. 341 (1931).

Village's acceptance of plat passes fee title of streets and alleys from original owner to the municipality, and village is entitled to grass and other natural products grown thereon. Carroll v. Village of Elmwood, 88 Neb. 352, 129 N.W. 537 (1911).

Where land is platted, the fee simple title to the streets and alleys vests in city. Krueger v. Jenkins, 59 Neb. 641, 81 N.W. 844 (1900).

Where land is platted, the fee simple title to the streets and alleys vests in the public and said title is held in trust for the use to which it was dedicated. Jaynes v. Omaha Street Ry. Co., 53 Neb. 631, 74 N.W. 67 (1898).

A block designated on a plat as a park in the name of the ''party signing and filing the plat'' is a dedication thereof and does not imply a reservation of the block for private use. Ehmen v. Village of Gothenburg, 50 Neb. 715, 70 N.W. 237 (1897).

The acknowledgment and recording of a plat by owner is equivalent to a deed in fee simple to the public to such portion of premises so platted. Lincoln Land Co. v. Ackerman, 24 Neb. 46, 38 N.W. 25 (1888).

2. Miscellaneous

Where lands are platted pursuant to this section and are vacated by written instrument, such vacation divests all public rights therein and the streets so vacated become the property of owners of the adjoining lots. Hart v. Village of Ainsworth, 89 Neb. 418, 131 N.W. 816 (1911).

Where no plat is signed, acknowledged, certified, or filed and the acts of the owner are relied upon to show a dedication of a street by the owners, the intention must be clearly shown that the owner has abandoned the use to the public. City of Omaha v. Hawver, 49 Neb. 1, 67 N.W. 891 (1896).

Where the question whether a block within a plat designated as a park was dedicated to the public, thereby placing title thereto in a city, is once decided by the highest court of the state, such decision will ordinarily be binding in federal courts. Ehmen v. City of Gothenburg, 200 F. 564 (8th Cir. 1912).

17-418 Additions; streets and alleys.

Streets and alleys laid out in any addition to any city or village shall be continuous with and correspond in direction and width to the streets and alleys of the city or village to which they are in addition.

17-419 Additions; plat; how vacated; approval required.

Any such plat may be vacated after approval of the governing body by the proprietors thereof, at any time before the sale of any lots therein, by a written instrument declaring the same to be vacated. Such written instrument shall be approved by the governing body and shall be duly executed, acknowledged or proved, and recorded in the same office with the plat to be vacated. The execution and recording of such writing shall operate to destroy the force and effect of the recording of the plat so vacated and to divest all public rights in the streets, alleys, commons, and public grounds laid out or described in such plat. In cases when any lots have been sold, the plat may be vacated, as herein provided, by all the owners of lots in such plat joining in the execution of the writing aforesaid.

Only those property owners whose property abuts on the vacated part of the street need join in the deed of vacation. Village of Hay Springs v. Hay Springs Commercial Co., 131 Neb. 170, 267 N.W. 398 (1936).

17-420 Additions; plats; vacation of part; effect.

Any part of a plat may be vacated under the provisions and subject to the conditions of section 17-419; *Provided*, such vacating does not abridge or destroy any of the rights and privileges of other proprietors in said plat. Nothing contained in this section shall authorize the closing or obstructing of any public highways laid out according to law.

Closing or obstruction of public highway is not authorized on vacation of plat. City of Ord v. Zlomke, 181 Neb. 573, 149 N.W.2d 747 (1967).

Effect of vacation of plat of street is discussed and determined. Dell v. City of Lincoln, 170 Neb. 176, 102 N.W.2d 62 (1960).

After dedication and acceptance of street, private proprietors of adjoining land cannot vacate or change the dedication. Village of Maxwell v. Booth, 161 Neb. 300, 73 N.W.2d 177 (1955).

That part of this section that provides ''nothing contained in this section shall authorize the closing or obstruction of any public highway laid out according to law'', does not apply to nominal streets designated on plats which were never used as public highways. Village of Hay Springs v. Hay Springs Commercial Co., 131 Neb. 170, 267 N.W. 398 (1936).

17-421 Additions; plat; vacation of part; rights of owners.

When any part of a plat shall be vacated as aforesaid, the proprietors of the lots so vacated may enclose the streets, alleys and public grounds adjoining said lots in equal proportions.

Constitutionality of this section stated not to be involved. Village of Hay Springs v. Hay Springs Commercial Co., 131 Neb. 170, 267 N.W. 398 (1936).

17-422 Additions; plat; vacation; recording.

The county clerk in whose office the plats aforesaid are recorded shall write in plain, legible letters across that part of said plat so vacated, the word vacated, and also make a reference on the same to the volume and page in which the said instrument of vacation is recorded.

17-423 Additions; plat; vacation; right of owner to plat.

The owner of any lots in a plat so vacated may cause the same and a proportionate part of adjacent streets and public grounds to be platted and numbered by the county surveyor. When such plat is acknowledged by such owner, and is recorded in the record office of the county, such lots may be conveyed and assessed by the numbers given them on such plat.

17-424 Additions; plat; failure to execute and record; power of county clerk; costs; collection.

Whenever the original owners or proprietors of any subdivision of land as contemplated in sections 17-415 and 17-416, have sold or conveyed any part thereof or invested the public with any rights therein, and have failed and neglected to execute and file for record a plat as provided in said sections, the county clerk shall notify some or all of such owners and proprietors by mail or otherwise, and demand an execution of said plat as provided. If such owners or proprietors, whether notified or not, fail and neglect to execute and file for record said plat, for thirty days after the issuance of such notice, the clerk shall cause the plat of such subdivision to be made, and also any surveying necessary therefor. Such plat shall be signed and acknowledged by the clerk, who shall certify that he executed it by reason of the failure of the owners or proprietors named to do so, and filed for record. When so filed for record, it shall have the same effect for all purposes as if executed, acknowledged and recorded by the owners or proprietors themselves. A correct statement of the costs and expenses of such plat, surveying and recording, verified by oath, shall be by the clerk laid before the first session of the county board, who shall allow the same and order the same to be paid out of the county treasury, and shall at the same time assess the said amount, pro rata, upon all several subdivisions of said tract, lot or parcel so subdivided. Such assessment shall be collected with and in like manner as the general taxes, and shall go to the county general fund; or the board may direct suit to be brought in the name of the county, before any court having jurisdiction, to recover of the original owners or proprietors, or either of them, the cost and expense of procuring and recording such plat.

17-425 Land less than forty acres; ownership in severalty; county clerk may plat.

Whenever any congressional subdivision of land of forty acres or less or any lot or subdivision is owned by two or more persons in severalty, and the description of one or more of the different parts or parcels thereof cannot, in the judgment of the county clerk, be made sufficiently certain and accurate for the purpose of assessment and taxation without noting the metes and bounds of the same, the clerk shall require and cause to be made and recorded a plat of such tract or lot of land with its several subdivisions, in accordance with the provisions of section 17-415; and he shall proceed in such cases according to the provisions of section 17-424; and all the provisions of such section in relation to the plats of cities and villages, and so forth, shall govern as to the tracts and parcels of land in this section referred to.

This section has nothing to do with incorporation of cities and villages and, though a method is provided for vacation of plat hereunder, such act of vacating does not have the effect of disconnecting land from a municipality. Kershaw v. Jansen, 49 Neb. 467, 68 N.W. 616 (1896).

17-426 Additions; lots; sale before platting; penalty.

Any person who shall dispose of, or offer for sale or lease, any lots in any town, or addition to any town or city, until the plat thereof has been duly

acknowledged and recorded as provided in section 17-416, shall forfeit and pay fifty dollars for each lot and part of lot sold or disposed of, leased or offered for sale.

17-503 Real property; sale; exception; procedure; remonstrance; procedure; hearing.

(1) Except as provided in section 17-503.01, the power of any city of the second class or village to convey any real property owned by it, including land used for park purposes and public squares, except real property used in the operation of public utilities, shall be exercised by resolution directing the sale at public auction or by sealed bid of such property and the manner and terms thereof, except that such property shall not be sold at public auction or by sealed bid when:

(a) Such property is being sold in compliance with the requirements of federal or state grants or programs;

(b) Such property is being conveyed to another public agency; or

(c) Such property consists of streets and alleys.

(2) The governing body of any such city or village may establish a minimum price for real property at which bidding shall begin or shall serve as a minimum for a sealed bid.

(3) After the passage of the resolution directing the sale, notice of all proposed sales of property described in subsection (1) of this section and the terms thereof shall be published once each week for three consecutive weeks in a legal newspaper published in or of general circulation in such city or village.

(4) If within thirty days after the third publication of the notice a remonstrance against such sale is signed by registered voters of the city or village equal in number to thirty percent of the registered voters of the city or village voting at the last regular municipal election held therein and is filed with the governing body of such city or village, such property shall not then, nor within one year thereafter, be sold. If the date for filing the remonstrance falls upon a Saturday, Sunday, or legal holiday, the signatures shall be collected within the thirty-day period, but the filing shall be considered timely if filed or postmarked on or before the next business day. Upon the receipt of the remonstrance, the governing body of such city or village, with the aid and assistance of the election commissioner or county clerk, shall determine the validity and sufficiency of signatures on the remonstrance. The governing body of such city or village shall deliver the remonstrance to the election commissioner or county clerk by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. Upon receipt of the remonstrance, the election commissioner or county clerk shall issue to the governing body a written receipt that the remonstrance is in the custody of the election commissioner or county clerk. The election commissioner or county clerk shall compare the signature of each person signing the remonstrance with the voter registration records to determine if each signer was a registered voter on or before the date on which the remonstrance was filed with the governing body. The election commissioner or county clerk shall also compare the signer's printed name, street and number or voting precinct, and city, village, or post office address with the voter registration records to determine whether the signer was a registered voter. The signature and address shall be presumed to be valid only if the election commissioner or county clerk determines that the printed name, street and number or voting precinct, and city, village, or post office address matches the registration records and that the registration was received on or before the date on which the remonstrance was filed with the governing body. The determinations of the election commissioner or county clerk may be rebutted by any credible evidence which the governing body finds sufficient. The express purpose of the comparison of names and addresses with the voter registration

records, in addition to helping to determine the validity of the remonstrance, the sufficiency of the remonstrance, and the qualifications of the signer, shall be to prevent fraud, deception, and misrepresentation in the remonstrance process. Upon completion of the comparison of names and addresses with the voter registration records, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name and address of each signer found not to be a registered voter and the signature page number and line number where the name is found, and if the reason for the invalidity of the signature or address is other than the nonregistration of the signer, the election commissioner or county clerk shall set forth the reason for the invalidity of the signature. If the election commissioner or county clerk determines that a signer has affixed his or her signature more than once to the remonstrance and that only one person is registered by that name, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name of the duplicate signature and shall count only the earliest dated signature. The election commissioner or county clerk shall certify to the governing body the number of valid signatures necessary to constitute a valid remonstrance. The election commissioner or county clerk shall deliver the remonstrance and the certifications to the governing body within forty days after the receipt of the remonstrance from the governing body. The delivery shall be by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. Not more than twenty signatures on one signature page shall be counted.

The governing body shall, within thirty days after the receipt of the remonstrance and certifications from the election commissioner or county clerk, hold a public hearing to review the remonstrance and certifications and receive testimony regarding them. The governing body shall, following the hearing, vote on whether or not the remonstrance is valid and shall uphold the remonstrance if sufficient valid signatures have been received.

(5) Real estate now owned or hereafter owned by a city of the second class or a village may be conveyed without consideration to the State of Nebraska for state armory sites or, if acquired for state armory sites, shall be conveyed strictly in accordance with the conditions of sections 18-1001 to 18-1006.

(6) Following (a) passage of the resolution directing a sale, (b) publishing of the notice of the proposed sale, and (c) passing of the thirty-day right-of-remonstrance period, the property shall then be sold. Such sale shall be confirmed by passage of an ordinance stating the name of the purchaser and terms of the sale.

17-503.01 Real property less than five thousand dollars; sale; procedure.

Section 17-503 shall not apply to the sale of real property if the authorizing resolution directs the sale of real property, the total fair market value of which is less than five thousand dollars. Following passage of the resolution directing the sale of the property, notice of the sale shall be posted in three prominent places within the city or village for a period of not less than seven days prior to the sale of the property. The notice shall give a general description of the property offered for sale and state the terms and conditions of sale. Confirmation of the sale by passage of an ordinance may be required.

17-503.02 Personal property; sale; procedure; other conveyance.

(1) The power of any city of the second class or village to convey any personal property owned by it shall be exercised by resolution directing the sale and the manner and terms of the sale. Following passage of the resolution directing the sale of the property, notice of the sale shall be posted in three prominent places within the city or village for a period of not less than seven days prior to the sale of the property. If the fair market value of the property is greater than five thousand dollars, notice of the sale shall also be published once in a legal newspaper published in or of general circulation in such city or village at least seven days prior to the sale of the property. The notice shall give a general description of the property offered for sale and state the terms and conditions of sale.

(2) Personal property may be conveyed notwithstanding the procedure in subsection (1) of this section when (a) such property is being sold in compliance with the requirements of federal or state grants or programs or (b) such property is being conveyed to another public agency.

After the passage of the appropriation bill, power to contract is determined by the amounts appropriated therein plus amounts on hand of previous levies and previous appropriations. LeBarron v. City of Harvard, 129 Neb. 460, 262 N.W. 26 (1935).

A city can levy taxes for city purposes only on property within the city and the property is taxed when the levy is made. State ex rel. Hinson v. Nickerson, 99 Neb. 517, 156 N.W. 1039 (1916).

A village is authorized to levy taxes to pay a judgment for such construction of a light plant, even though a maximum amount of taxes has been theretofore assessed for payment of bonds and general purposes. Village of Oshkosh v. State of Nebraska ex rel. Fairbanks, Morse & Co., 20 F.2d 621 (8th Cir. 1927).

City can acquire waterworks and levy tax to pay for same, without a prior appropriation therefor, as the power to purchase and levy a tax for such purpose comes within the statutory exception. Slocum v. City of North Platte, 192 F. 252 (8th Cir. 1911).

17-507 Other taxes; power to levy.

Second-class cities and villages shall have power to levy any other tax or special assessment authorized by law.

When bonds are lawfully issued, municipality has authority to levy tax for their payment. Talbott v. City of Lyons, 171 Neb. 186, 105 N.W.2d 918 (1960).

Where improvements are made, special assessments may be levied by the council to pay for the same by resolution under terms of this section. Weilage v. City of Crete, 110 Neb. 544, 194 N.W. 437 (1923).

Though municipality can only levy taxes authorized and has no inherent power to levy a tax, the power may be implied from express power given to incur an obligation where the Legislature must have intended to furnish a means of payment. Union Pacific R. R. Co. v. Heuer, 97 Neb. 436, 150 N.W. 259 (1914).

The reducing of a water claim to judgment will not justify special taxes to pay the claim. State ex rel. Young v. Royse, 71 Neb. 1, 98 N.W. 459 (1904); State ex rel. Young v. Royse, 3 Neb. Unof. 262, 91 N.W. 559 (1902).

Under terms of prior act, municipality had authority to levy taxes to pay judgments on all taxable property within its boundaries and this section did not repeal the authority. Dawson County v. Clark, 58 Neb. 756, 79 N.W. 822 (1899).

Municipality is authorized to levy tax to pay judgment, and is not restricted in doing so by limitation on amount of bonds that could be issued to construct light plant. Village of Oshkosh v. State of Nebraska ex rel. Fairbanks, Morse & Co., 20 F.2d 621 (8th Cir. 1927).

This section provides power for cities of second class and villages to raise funds in addition to the general tax levy. Slocum v. City of North Platte, 192 F. 252 (8th Cir. 1911).

17-508 Streets; grading and repair, when; bridges and sewers; construction.

Second-class cities and villages shall have the power to provide for the grading and repair of any street, avenue or alley and the construction of bridges, culverts and sewers. No street, avenue or alley shall be graded unless the same shall be ordered to be done by the affirmative vote of two-thirds of the city council or board of trustees.

Cities of the second class are given the power to provide for the grading and repair of streets and the construction of culverts and sewers. Young v. City of Scribner, 171 Neb. 544, 106 N.W.2d 864 (1960).

Requirement of two-thirds vote is limited to orders for grading of streets. Village of Maxwell v. Booth, 161 Neb. 300, 73 N.W.2d 177 (1955).

Maintenance and repair of streets is a governmental function and the cost thereof must be paid from the general fund of the city. Thomson v. City of Chadron, 145 Neb. 316, 16 N.W.2d 447 (1944).

The making, improving, and repairing of streets relates to city's corporate interests only and it is liable for failure to maintain its streets in a safe condition. Goodrich v. University Place, 80 Neb. 774, 115 N.W. 538 (1908).

Where municipality makes provisions for carrying off surface water by drains, it may not discontinue the same and leave lot owner in worse condition than before it constructed such drains. City of McCook v. McAdams, 76 Neb. 1, 106 N.W. 988 (1906), affirmed on rehearing 76 Neb. 7, 110 N.W. 1005 (1907), vacated on rehearing 76 Neb. 11, 114 N.W. 596 (1908); McAdams v. City of McCook, 71 Neb. 789, 99 N.W. 656 (1904).

17-508.01 Streets; maintenance and repair; contracts with county authorized.

Where a city of the second class or village does not have sufficient funds to purchase equipment to maintain and keep its streets in repair, such city or village may contract with the county in which it is situated to have the county maintain and keep its streets in repair. The cost of such maintenance and repair shall be paid by such city or village to the county.

17-509 Streets and malls; power to improve; districts.

The governing body of any city of the second class or village may grade, partially or to an established grade, change grade, curb, recurb, gutter, regutter, pave, gravel, regravel, macadamize, remacadamize, widen or narrow streets or roadways, resurface or relay existing pavement, or otherwise improve any streets, alleys, public grounds, public ways, entirely or partially, and streets which divide the city or village corporate area and the area adjoining the city or village; construct or reconstruct pedestrian walks, plazas, malls, landscaping, outdoor sprinkler systems, fountains, decorative water ponds, lighting systems, and permanent facilities; and construct sidewalks and improve the sidewalk space. These projects may be funded at public cost or by the levy of special assessments on the property especially benefited in proportion to such benefits, except as provided in sections 19-2428 to 19-2431. The governing body may by ordinance create paving, repaving, grading, curbing, recurbing, resurfacing, graveling, or improvement districts, to be consecutively numbered, which may include two or more connecting or intersecting streets, alleys, or public ways, and may include two or more of the improvements in one proceeding. All of the improvements which are to be funded by a levy of special assessment on the property especially benefited shall be ordered as provided in sections 17-510 to 17-512, unless the governing body improves a street which divides the city or village corporate area and the area adjoining the city or village. Whenever the governing body of any city of the second class or village improves any street which divides the city or village corporate area and the area adjoining the city or village, the governing body shall determine the sufficiency of petition as set forth in section 17-510 by the owners of the record title representing more than sixty percent of the front footage of the property directly abutting upon the street to be improved, rather than sixty percent of the resident owners. Whenever the governing body shall deem it necessary to make any of the improvements named in this section on a street which divides the city or village corporate area and the area adjoining the city or village, the governing body shall by ordinance create the improvement district pursuant to section 17-511 and the right of remonstrance shall be limited to owners of record title, rather than resident owners.

1. Power to improve
2. Creation of districts
3. Special assessments
4. Miscellaneous

1. Power to improve

General power to pave streets is conferred upon cities of the second class. Elliott v. City of Auburn, 172 Neb. 1, 108 N.W.2d 328 (1961).

Cities of second class or villages can pave streets only by legally following one of three applicable methods. Manners v. City of Wahoo, 153 Neb. 437, 45 N.W.2d 113 (1950).

A public highway or public way, which a city has power to pave and levy a special assessment to pay the cost thereof, is a public highway within the corporate limits of the city as distinguished from a street, and such highway as is formally or impliedly dedicated to and accepted by the city. City of McCook v. Red Willow County, 133 Neb. 380, 275 N.W. 396 (1937).

Where statute authorizes city to pave streets but contains nothing to contrary, there arises an implication that the city is authorized to enter into contracts for the performance of the work and to pay for same by a general tax levy. Daniels v. City of Gering, 130 Neb. 443, 265 N.W. 416 (1936).

This section does not apply to nor govern the construction of temporary sidewalks or ungraded and unimproved streets. Whitla v. Connor, 114 Neb. 526, 208 N.W. 670 (1926).

City of second class has authority to pave its streets. Rooney v. City of So. Sioux City, 111 Neb. 1, 195 N.W. 474 (1923).

2. Creation of districts

The authority of the city will not be extended to include in the improvement a street not within the city limits and not forming a part or connected with state highway. Dorland v. City of Humboldt, 129 Neb. 477, 262 N.W. 22 (1935); Garver v. City of Humboldt, 120 Neb. 132, 231 N.W. 699 (1930).

Where three-fourths of the members of the council vote for ordinance creating paving district, the municipality is authorized to contract and appropriate money for grading and paving without vote of people. Wookey v. City of Alma, 118 Neb. 158, 223 N.W. 953 (1929).

3. Special assessments

Special assessments are levied on basis of benefits accruing to property and not on basis of cost of improvement immediately in front of property. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 662, 90 N.W.2d 282 (1958).

Legislative power to make special assessments is to be strictly construed. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 123, 88 N.W.2d 175 (1958).

Power to levy special assessments is subject to restrictions prescribed by statute. Chicago, St. P., M. & O. Ry. Co. v. City of Randolph, 163 Neb. 687, 81 N.W.2d 159 (1957).

Taxing authorities may not separate, reapportion, and reassess special assessments after the same have been once legally assessed without objection. Village of Winside v. Brune, 133 Neb. 80, 274 N.W. 212 (1937).

This section does not provide appeal to the district court from acts of the municipal board or council sitting as a board of equalization, but review may be had by error proceedings. Roberts v. City of Mitchell, 131 Neb. 672, 269 N.W. 515 (1936).

Property owner has option under statute to pay assessment in installments as they accrue, with interest, or to pay balance of assessment at any time with interest to date. State ex rel. Todd v. Thomas, 127 Neb. 891, 257 N.W. 265 (1934).

It is mandatory and jurisdictional that one of the three methods stated be followed before such improvement may be lawfully made and, unless such municipality follows one of the methods, the assessments made are void. Musser v. Village of Rushville, 122 Neb. 128, 239 N.W. 642 (1931).

Resolution of necessity is not jurisdictional, nor is the establishment of grade by ordinance required before letting of paving contract. Burrows v. Keebaugh, 120 Neb. 136, 231 N.W. 751 (1930).

A municipality may levy a special assessment on adjacent cemetery property to the extent of the benefits conferred therein by the improvement of a street. Greenwood Cemetery v. City of Wayne, 110 Neb. 300, 193 N.W. 734 (1923).

If board, in levying assessments to pay for sidewalks, does not take the benefits and damages resulting to the property into account and levies the total cost without regards thereto, the tax is void. Schneider v. Plum, 86 Neb. 129, 124 N.W. 1132 (1910).

Estimate of cost by city engineer must be submitted and approved before council can levy special assessment for sidewalk. Moss v. City of Fairbury, 66 Neb. 671, 92 N.W. 721 (1902).

4. Miscellaneous

Where a city issues bonds designated as paving district bonds, and neither the bonds nor the ordinance authorizing them provide that the bonds shall be payable only out of special assessments, the bonds are general obligations of the city which authorize the levy of a general tax to pay the same. Alexander v. Bailey, 108 Neb. 717, 189 N.W. 365 (1922).

17-510 Streets; improvement district; creation by petition; denial; assessments.

Whenever a petition signed by the owners of the record title representing more than sixty percent of the front footage of the property directly abutting upon the street, streets, alley, alleys, public way, or public grounds proposed to be improved, shall be presented and filed with the city clerk or village clerk, petitioning therefor, the governing body shall by ordinance create a paving, graveling, or other improvement district or districts, and shall cause such work to be done or such improvement to be made, and shall contract therefor, and shall levy assessments on the lots and parcels of land abutting on or adjacent to such street, streets, alley, or alleys especially benefited thereby in such district in proportion to such benefits, except as provided in sections 19-2428 to 19-2431, to pay the cost of such improvement. The governing body shall have the discretion to deny the formation of the proposed district when the area has not previously been improved with a water system, sewer system, and grading of streets. If the governing body should deny a requested improvement district

formation, it shall state the grounds for such denial in a written letter to interested parties.

Property owner has no constitutional right to notice and hearing upon the formation of the district. Kriz v. Klingensmith, 176 Neb. 205, 125 N.W.2d 674 (1964).

Method is provided for commencing proceedings for paving upon petition of abutting property owners. Elliott v. City of Auburn, 172 Neb. 1, 108 N.W.2d 328 (1961).

All property in improvement district which either abuts on or is adjacent to improvement made is liable for assessments unless exempted. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 662, 90 N.W.2d 282 (1958).

Property abutting on street containing "T" intersections was subject to assessment to extent benefited. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 123, 88 N.W.2d 175 (1958).

Procedure under this section must be initiated by petition of resident owners. Chicago, St. P., M. & O. Ry. Co. v. City of Randolph, 163 Neb. 687, 81 N.W.2d 159 (1957).

Action of governing board to pave may be initiated by petitions signed by sixty percent of the resident owners of abutting property. Manners v. City of Wahoo, 153 Neb. 437, 45 N.W.2d 113 (1950).

Though petition for paving was not signed by three-fifths of the resident owners of the property subject to assessment, the ordinance was valid under statute empowering the city council by the assent of the three-fourths of its members to make the improvement without a petition. City of Superior v. Simpson, 114 Neb. 698, 209 N.W. 505 (1926).

Provision requiring the petition of three-fifths of the resident owners or a three-fourths vote of council or board of trustees does not apply to temporary sidewalks on an unimproved and ungraded street. Gibson v. Troupe, 96 Neb. 770, 148 N.W. 944 (1914).

17-511 Streets; improvement by ordinance; objections; time of filing.

Whenever the governing body deems it necessary to make the improvements in section 17-509 which are to be funded by a levy of special assessment on the property especially benefited, such governing body shall by ordinance create a paving, graveling, or other improvement district and, after the passage, approval, and publication of such ordinance, shall publish notice of the creation of any such district for six days in a legal newspaper of the city or village if it is a daily newspaper or for two consecutive weeks if it is a weekly newspaper. If no legal newspaper is published in the city or village, the publication shall be in a legal newspaper of general circulation in the city or village. If the owners of the record title representing more than fifty percent of the front footage of the property directly abutting on the street or alley to be improved file with the city clerk or the village clerk within twenty days after the first publication of such notice written objections to the creation of such district, such improvement shall not be made as provided in such ordinance, but such ordinance shall be repealed. If objections are not filed against the district in the time and manner prescribed in this section, the governing body shall immediately cause such work to be done or such improvement to be made, shall contract for the work or improvement, and shall levy assessments on the lots and parcels of land abutting on or adjacent to such street or alley especially benefited in such district in proportion to such benefits to pay the cost of such improvement.

Separate and distinct method for initiating paving project is provided by this section. Elliott v. City of Auburn, 172 Neb. 1, 108 N.W.2d 328 (1961).

Requirements of this section compared with similar requirements applicable to first-class cities. Danielson v. City of Bellevue, 167 Neb. 809, 95 N.W.2d 57 (1959).

Property abutting on "T" intersection was liable for special assessments. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 662, 90 N.W.2d 282 (1958).

Cost of paving intersections should be assessed upon all the taxable property of city. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 123, 88 N.W.2d 175 (1958).

Creation of paving district must be ordered by ordinance. Chicago, St. P., M. & O. Ry. Co. v. City of Randolph, 163 Neb. 687, 81 N.W.2d 159 (1957).

Constitutionality upheld against claim of failure of lawful classification and violation of due process. Freeman v. City of Neligh, 155 Neb. 651, 53 N.W.2d 67 (1952).

Where paving district is created by ordinance without petition, majority of resident owners of directly abutting property may file objections and prevent such paving. Manners v. City of Wahoo, 153 Neb. 437, 45 N.W.2d 113 (1950).

In case of objection by one joint tenant in which the other joint tenant has not joined, rebuttable presumption arises that the one objecting represents the entire property. Bonner v. City of Imperial, 149 Neb. 721, 32 N.W.2d 267 (1948).

An ordinance specifying a street or part of street to be paved, sufficiently describes a paving district and such street or part of street and abutting property therein constitute the paving district. Chittenden v. Kibler, 100 Neb. 756, 161 N.W. 272 (1917).

17-512 Streets; main thoroughfares; improvement by ordinance; assessments.

The council or board of trustees shall have power by a three-fourths vote of all members of such council or board of trustees to enact an ordinance creating a paving, graveling or other improvement district, and to order such work to be done without petition upon any federal or state highways in the city or village or upon a street or route, designated by the mayor and council or board of trustees as a main thoroughfare, that connects to either a federal or state highway or a county road, and shall contract therefor, and shall levy assessments on the lots and parcels of land abutting on or adjacent to such street, alley or alleys, especially benefited thereby in such district in proportion to such benefits, to pay the cost of such improvement.

Another method for initiating paving proceedings is provided by this section. Elliott v. City of Auburn, 172 Neb. 1, 108 N.W.2d 328 (1961).

Power is granted to enact an ordinance creating a paving district. Chicago, St. P., M. & O. Ry. Co. v. City of Randolph, 163 Neb. 687, 81 N.W.2d 159 (1957).

Main thoroughfare must connect at both ends with state highway system. Manners v. City of Wahoo, 153 Neb. 437, 45 N.W.2d 113 (1950).

If three-fourths of all the members of council vote for improvement, the filing of the petition for the improvement by three-fourths of the resident owners of the property subject to the assessment is not necessary. Carr v. City of Lexington, 103 Neb. 293, 171 N.W. 920 (1919).

Under terms of former act, petition for improvement was not necessary and, upon a three-fourths vote of all the members of the council assenting to make the improvement, could create a paving district and levy special assessment to pay for the same. Fitzgerald v. Sattler, 102 Neb. 665, 168 N.W. 599 (1918).

17-513 Streets; improvement; petitions and protests; sufficiency; how determined; appeal.

Before proceeding with any such improvement the sufficiency of the protests or petitions or of the existence of the required facts and conditions shall be determined by the city council or board of trustees at a hearing of which notice shall be given to all persons who may become liable for assessments by one publication in each of two successive weeks in a newspaper having general circulation in the city or village. Appeal from the action of the city council or board of trustees may be made to the district court of the county in which the

proposed district is situated. The sufficiency of the protests or petitions referred to in sections 17-510 and 17-511, as to the ownership of the property, shall be determined by the record in the office of the county clerk or register of deeds at the time of the adoption of said ordinance. In determining the sufficiency of the petitions or objections, intersections shall be disregarded, and any lot or ground owned by the city shall not be counted for or against such improvement.

Sufficiency of paving petition is to be determined by record at time of adoption of ordinance. Elliott v. City of Auburn, 172 Neb. 1, 108 N.W.2d 328 (1961).

17-514 Streets; improvement; assessments; certification to county treasurer.

All assessments shall be a lien on the property on which levied from the date of levy, and shall thereupon be certified by direction of the council or board of trustees to the treasurer of such city or village for collection. Except as provided in section 18-1216, such assessment shall be due and payable to such treasurer until the first day of November thereafter, or until the delivery of the tax list for such year to the treasurer of the county in which such city or village may be situated, at and after which time the same shall be due and payable to such county treasurer. The council or board of trustees of such city or village shall, within the time provided by law, cause such assessments, or portion thereof then remaining unpaid, to be certified to the county clerk of the county for entry upon the proper tax lists. If the city or village treasurer collects any assessment or portion thereof so certified while the same shall be payable to the county treasurer, the city or village treasurer shall certify the assessment or portion thereof to the county treasurer at once, and the county treasurer shall correct the record to show such payment.

Special assessments are a lien from date of levy. Belza v. Village of Emerson, 159 Neb. 651, 68 N.W.2d 272 (1955).

Special assessments on real property are a lien inferior to lien of general taxes, and where property is sold at a tax foreclosure to satisfy lien of general taxes, title passes to a purchaser by such sale, free and clear of all special assessment liens. Polenz v. City of Ravenna, 145 Neb. 845, 18 N.W.2d 510 (1945).

17-515 Streets and malls; improvement; assessments; interest; when delinquent; payment in installments.

(1) All such assessments, except for paving, repaving, construction of malls and plazas, and the landscaping and permanent facilities thereof, graveling, or curbing and guttering, shall draw interest until the same become delinquent, at a rate set by the city council or board of trustees from the date of levy, and shall become delinquent on the first day of May subsequent to the date of levy, and shall thereafter draw interest at a rate not exceeding the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature.

(2) Such assessments for paving, repaving, construction of malls and plazas, and the landscaping and permanent facilities thereof, or curbing and guttering shall become delinquent in equal annual installments over such period of years, not to exceed fifteen, as the council or board of trustees may determine at the time of making the levy, the first such equal installment to become delinquent in fifty days after the date of such levy.

(3) As to such assessments for graveling, one-third of the total amount assessed against each lot or parcel of land shall become delinquent in fifty days after the date of such levy; one-third in one year; and one-third in two years.

(4) Each of the installments, referred to in subsections (2) and (3) of this section, except the first, shall draw interest at a rate set by the city council or board of trustees, from the time of the aforesaid levy until the same shall become delinquent; and after the same becomes delinquent, interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon. Should there be three or more of such installments delinquent and unpaid on the same property, the city council or board of trustees may by resolution declare all future installments on such delinquent property to be due on a fixed future date. All of such installments may be paid at one time on any lot or land within fifty days from the date of the levy without interest and, if so paid, such lot or land shall be exempt from any lien or charge therefor.

17-519 Streets; improvement; assessments against public lands; payment.

If in any second-class city or village, there shall be any real estate belonging to any county, school district or municipal or other quasi-municipal corporation, adjacent to or abutting upon the street or other public way whereon paving, repaving, graveling or other special improvement has been ordered, it shall be the duty of the board of county commissioners, board of education or other proper officers, to provide for the payment of such special assessments or taxes as may be assessed against the real estate so adjacent or abutting, or within such improvement district belonging to the county, school district or municipal or quasi-municipal corporation. In the event of the neglect or refusal so to do, the city or village may recover the amount of such special taxes or assessments in any proper action, and the judgment thus obtained may be enforced in the usual manner.

All property in improvement district which either abuts on or is adjacent to improvement made is liable for assessments unless exempted. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 662, 90 N.W.2d 282 (1958).

17-520 Streets; improvement; intersections; property; assessment; Intersection Paving Bonds; warrants; interest; partial payments; final payments.

For all paving and improvements of the intersections and areas formed by the crossing of streets, avenues or alleys, and one-half of the streets adjacent to real estate owned by the United States, the State of Nebraska or the city or village, the assessment shall be made upon all of the taxable property of the city or village; and for the payment of such paving or improvements the mayor and

council or the board of trustees are hereby authorized to issue paving bonds of the city or village, in such denominations as they deem proper to be called Intersection Paving Bonds payable in not to exceed fifteen years from the date of said bonds, and to bear interest payable annually or semiannually. Such bonds shall not be issued until the work is completed and then not in excess of the cost of said improvements. For the purpose of making partial payments as the work progresses in paving, repaving, macadamizing or graveling, curbing and guttering or improvements of streets, avenues, alleys or intersections and areas formed by the crossing of streets, avenues, or alleys, or one-half of the streets adjacent to real estate owned by the United States, the State of Nebraska or the city or village, warrants may be issued by the mayor and council, or the board of trustees, upon certificates of the engineer in charge showing the amount of the work completed and materials necessarily purchased and delivered for the orderly and proper continuation of the project, in a sum not exceeding ninety-five percent of the cost thereof, and upon completion and acceptance of the work issue a final warrant for the balance of the amount due the contractor, which warrants shall be redeemed and paid upon the sale of bonds authorized by law. The city or village shall pay to the contractor interest, at the rate of eight percent per annum on the amounts due on partial and final payments, beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body and running until the date that the warrant is tendered to the contractor. Nothing herein shall be construed as authorizing the mayor and council or board of trustees to pave or gravel any intersections or areas formed by the crossing of streets, avenues or alleys, unless in connection with one or more blocks of street paving or graveling of which the paving or graveling of such intersection or area shall form a part.

17-522 Sidewalks; repair; cost; assessment; notice.

(1) The mayor and city council of a city of the second class or board of trustees of a village may construct and repair sidewalks or cause the construction and repair of sidewalks in such manner as the mayor and city council or board of trustees deems necessary and assess the expense thereof on the property in front of which such construction or repairs are made, after having given notice (a) by publication in one issue of a legal newspaper of general circulation in such city or village and (b) by either causing a written notice to be served upon the occupant in possession of the property involved or to be posted upon such premises ten days prior to the commencement of such construction or repair. The powers conferred under this section are in addition to those provided in sections 17-509 to 17-521 and may be exercised without creating an improvement district.

(2) If the owner of any property abutting any street or avenue or part thereof fails to construct or repair any sidewalk in front of the owner's property within the time and in the manner as directed and requested by the mayor and council or board of trustees, after having received due notice to do so, the mayor and council or board of trustees may cause the sidewalk to be constructed or repaired and may assess the cost thereof against the property.

17-524 Streets and sidewalks; improvements; assessments; how made; collection.

Assessments made under the provisions of sections 17-509 to 17-523 shall be made and assessed in the following manner:

(1) Such assessment shall be made by the council or board of trustees at a special meeting, by a resolution, taking into account the benefits derived or injuries sustained in consequence of such improvements, and the amount charged against the same, which, with the vote thereon by yeas and nays, shall be spread at length upon the minutes; and notice of the time of holding such meeting and the purpose for which it is to be held, shall be published in some newspaper published or of general circulation in said city or village at least four weeks before the same shall be held or, in lieu thereof, personal service may be had upon persons owning or occupying property to be assessed;

(2) All such assessments shall be known as special assessments for improvements, and shall be levied and collected as a separate tax, in addition to the taxes for general revenue purposes, and shall be placed on the tax roll for collection, subject to the same penalties and collected in like manner as other city or village taxes.

1. Authority to improve
2. Procedure for assessment
3. Review of proceedings
4. Enforcement
5. Miscellaneous

1. Authority to improve

Special assessments are levied on basis of benefits accruing to property and not on basis of cost of improvement immediately in front of property. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 662, 90 N.W.2d 282 (1958).

Property of railroad was taxable for all special benefits received. Chicago & N. W. Ry. Co. v. City of Seward, 166 Neb. 123, 88 N.W.2d 175 (1958).

Municipality cannot assess for public improvement adjacent property beyond the amount of the present benefit or its reasonably prospective benefit. Munsell v. City of Hebron, 117 Neb. 251, 220 N.W. 289 (1928).

City council has no authority to assess abutting lot owner with cost of paving that part of street taken by street railway. Wales v. Warren, 66 Neb. 455, 92 N.W. 590 (1902).

2. Procedure for assessment

Notice is provided by this section to taxpayer of levy of special assessments for paving. Elliott v. City of Auburn, 172 Neb. 1, 108 N.W.2d 328 (1961).

Assessments may be made by resolution. Chicago, St. P., M. & O. Ry. Co. v. City of Randolph, 163 Neb. 687, 81 N.W.2d 159 (1957).

This section designates the manner special assessments shall be made and does not give a village authority to reapportion or reassess special assessments. Village of Winside v. Brune, 133 Neb. 80, 274 N.W. 212 (1937).

The burden is on a person assailing an assessment as void for paving to prove the invalidating facts. City of Superior v. Simpson, 114 Neb. 698, 209 N.W. 505 (1926); Whitla v. Connor, 114 Neb. 526, 208 N.W. 670 (1926).

Where the board failed to find the value of the property or mention damages sustained but did find the benefits and levy tax in that amount, there was to that extent substantial compliance with this section and the assessment was not void. Biggerstaff v. City of Broken Bow, 112 Neb. 4, 198 N.W. 156 (1924).

Railroad properties are assessed on the same basis as other abutting property notwithstanding their use. Chicago & N. W. Ry. Co. v. City of Albion, 109 Neb. 739, 192 N.W. 233 (1923).

Where personal notice is relied upon, it must be given in such time as to allow property owner a reasonable time to prepare for the hearing. Hull v. City of Humboldt, 107 Neb. 326, 186 N.W. 78 (1921).

If it appears the board in levying the assessment did not take into account the benefits and damages resulting from the construction of the sidewalk and levied the total cost thereof without regard to such benefits and damages, the tax is void and may be enjoined. Schneider v. Plum, 86 Neb. 129, 124 N.W. 1132 (1910).

Provisions for engineers' estimates are jurisdictional and such estimates must be submitted and approved before council can levy special assessment for sidewalk against adjacent property. Moss v. City of Fairbury, 66 Neb. 671, 92 N.W. 721 (1902).

Notice of the time and purpose of holding of the meeting is jurisdictional, and equalization and levy, made without notice, is void. Cook v. Gage County, 65 Neb. 611, 91 N.W. 559 (1902).

3. Review of proceedings

This section does not provide for appeal to the district court from action of council sitting as a board of equalization in levying special assessments for paving, and review may be had only by error proceedings. Roberts v. City of Mitchell, 131 Neb. 672, 269 N.W. 515 (1936).

4. Enforcement

Property owner has option to pay assessment in installments as they accrue with interest or to pay balance of assessment at any time with interest to date of payment. State ex rel. Todd v. Thomas, 127 Neb. 891, 257 N.W. 265 (1934).

While there is a distinction between taxes levied for sidewalk construction and taxes for general revenue, there is no difference in the method of enforcement. Wilson v. City of Auburn, 27 Neb. 435, 43 N.W. 257 (1889).

5. Miscellaneous

Cited but not discussed. Campbell v. City of Ogallala, 183 Neb. 238, 159 N.W.2d 574 (1968).

A special assessment can only be enjoined when the record shows some jurisdictional defect in the proceedings. Bemis v. McCloud, 4 Neb. Unof. 731, 97 N.W. 828 (1903).

Where no levy has been made by the council for sidewalk, no lien will be created even though the tax be certified to county board and entered as a tax against the property. Hall v. Moore, 3 Neb. Unof. 574, 92 N.W. 294 (1902).

17-525 Occupation tax; power to levy; exceptions.

Second-class cities and villages shall have power to raise revenue by levying and collecting a license tax on any occupation or business within the limits of the city or village, and regulate the same by ordinance. All such taxes shall be uniform in respect to the classes upon which they are imposed; *Provided,* all scientific and literary lectures and entertainments shall be exempt from such taxation, as well as concerts and other musical entertainments given exclusively by the citizens of the city or village.

1. Valid ordinance

Penal provision of an occupation tax ordinance which provides for the enforcement and collection of tax by imposition of a fine is valid and enforceable. Western Union Telegraph Co. v. City of Franklin, 93 Neb. 704, 141 N.W. 819 (1913).

Village board may levy an occupation tax upon the practice of medicine. Village of Dodge v. Guidinger, 87 Neb. 349, 127 N.W. 122 (1910).

Payment of occupation tax under one ordinance did not prevent municipality from requiring a license to transact business of billiard and pool room under another ordinance. McCarter v. City of Lexington, 80 Neb. 714, 115 N.W. 303 (1908).

A village may impose a reasonable occupation tax upon telegraph companies doing business within its limits though such tax should be restricted so as not to include interstate or government business. Western Union Telegraph Co. v. Village of Wakefield, 69 Neb. 272, 95 N.W. 659 (1903).

Validity of an ordinance can be questioned only by one whose rights are directly affected thereby. Flick v. City of Broken Bow, 67 Neb. 529, 93 N.W. 729 (1903).

Village trustees are authorized to raise general revenue by levying and collecting a license tax on persons engaged in the business of conducting billiard and pool rooms. Morgan v. State, 64 Neb. 369, 90 N.W. 108 (1902).

A city may impose an occupation tax by ordinance upon a fire insurance company for the purpose of maintenance of a volunteer fire department. German-American Fire Ins. Co. v. City of Minden, 51 Neb. 870, 71 N.W. 995 (1897).

Cities of second class and villages are empowered to impose occupation tax on saloons in addition to the collecting of fees for license to sell liquor, but such tax cannot be made a condition precedent to the issuing of such license. State ex rel. Sage v. Bennett, 19 Neb. 191, 26 N.W. 714 (1886).

2. Invalid ordinance

Municipalities by ordinance must not make arbitrary classification of business for the purpose of levying occupation tax, and such tax must apply uniformly and not be so high as to be confiscatory. Speier's Laundry Co. v. City of Wilber, 131 Neb. 606, 269 N.W. 119 (1936).

Where salesman took orders for future delivery and later delivered such goods which had been shipped in original packages from outside of state, such acts are incident to interstate commerce and such business is not subject to an occupation tax. Purchase v. State of Nebraska, 109 Neb. 457, 191 N.W. 677 (1922).

Village board by ordinance could regulate but could not suppress billiard and pool halls. State ex rel. McMonies v. McMonies, 75 Neb. 443, 106 N.W. 454 (1906).

3. Miscellaneous

Occupation tax is a civil liability to be collected by levy and sale of property and not by imprisonment. State v. Green, 27 Neb. 64, 42 N.W. 913 (1889).

17-526 Dogs and other animals; license tax; enforcement.

Second-class cities and villages may, by ordinance entered at large on the proper journal or record of proceedings of such municipality, impose a license tax in an amount which shall be determined by the governing body of such second-class city or village for each dog or other animal, on the owners and

harborers of dogs and other animals, and enforce the same by appropriate penalties, and cause the destruction of any dog or other animal, for which the owner or harborer shall refuse or neglect to pay such license tax. Any licensing provision shall comply with subsection (2) of section 54-603 for dog guides, hearing aid dogs, and service dogs. Such municipality may regulate, license, or prohibit the running at large of dogs and other animals and guard against injuries or annoyances therefrom and authorize the destruction of the same when running at large contrary to the provisions of any ordinance.

17-528.02 Gas franchises; length; conditions; tax.

Second-class cities and villages shall have power to grant a franchise, subject to the conditions of this section and section 17-528.03, for a period not exceeding twenty-five years to any person, company, or association, whether publicly or privately owned, and to his or its assigns, to lay and maintain gas mains, pipes, service, and all other necessary structures in the streets, lanes, alleys, and public places of such city or village for the purpose of transporting gas on, under, or along any streets, lanes, alleys, and public places of said city or village and for furnishing the same to the inhabitants thereof. Such city or village may make any reasonable regulation with reference to any person, firm, or corporation holding such franchise as to charges for such gas. Such city or village is authorized to contract, lease, or rent the gas plant from any person, firm, or corporation furnishing gas within such city or village. Such contract, lease or rental agreement shall not be for a period longer than five years. It may levy a tax to pay the rent under the above-mentioned lease or to pay for any gas used for street lighting or for other necessary purposes.

17-528.03 Electricity franchises; length; conditions; election, when required; exceptions.

Second-class cities and villages shall have power to grant a franchise subject to the conditions of this section or section 17-528.02. Such franchise may run for a period not exceeding twenty-five years. It may be granted to any person, company, or association, whether publicly or privately owned, and to his or its assigns. Such franchise may permit it to erect and maintain poles, lines, wires, and conductors for electricity in the streets, lanes, alleys and public places of said city or village and for furnishing the same to the inhabitants thereof. Such franchise may establish the amount that may be charged during such period for electricity and provide that such city or village may, after such period, make any reasonable regulation with reference to any person, firm, or corporation holding such franchise either as to charges for electricity or otherwise. Such city or village is further authorized to contract, lease, or rent the plant, from

any person, firm, or corporation, furnishing electricity, within such city or village, for power or the lighting of streets, lanes, alleys and public places of such city or village, but not for a period longer than five years. It may levy a tax for the purpose of paying the cost of such lighting of streets, lanes, alleys or public places of such city or village or to pay the rent under the above-mentioned lease. No public service company, whether publicly or privately owned, shall sell to any city of the second class or village, now generating its own electric energy for all or a major portion of its electric requirements, unless first authorized so to do by a vote of the electors of such city or village, in the same manner and subject to the same conditions as are set forth in section 18-412; *Provided,* that if no tax or issuance of bonds is required, any city of the second class or village may by resolution of the city council or board of trustees contract for the furnishing of electricity at retail to such city or village, or to any electric plant within such city or village, with any public power district, or an electric cooperative which cooperative has an approved retail service area adjoining such city or village.

17-529.01 Dikes; erection and maintenance; eminent domain; procedure.

In connection with the power to establish and alter the channel of watercourses and the power to erect and maintain dikes against flood waters and

surface waters, such cities and villages shall be empowered to exercise the power of eminent domain to acquire easements and rights-of-way over real estate situated either within or not more than two miles outside the corporate limits of any such city or village, for the purpose of constructing either a ditch or a dike to prevent flooding of such city or village. The procedure for taking and condemning real estate for such purpose shall be exercised in the manner set forth in sections 76-704 to 76-724. In connection with such condemnation proceedings, the city or village shall be liable not only for the land actually taken but for consequential damages to other lands damaged by the construction of such improvement, and shall be authorized to pay such damages out of any available funds on hand or by the issuance of bonds as provided by law.

17-529.07 Flood control projects; removal to another site; order; effect.

The order granting such petition shall have the following effect:

(1) The name and corporate identity of the old city or village shall be retained by the new city or village.

(2) The officers of the old city or village shall continue to be the officers of the new city or village until their successors are elected and qualified at the time and in the manner provided by law.

(3) The funds and property of the old city or village shall be retained by and belong to the new city or village.

(4) The proceeds from the sale or condemnation of municipally owned property of the old city or village shall accrue and be paid to the new city or village, except that any outstanding bonded indebtedness of or judgments

against the old city or village shall be paid to the holders of such bonds or judgments who shall demand payment thereof and are not willing to permit such bonds or judgments to continue as an indebtedness due from the new city or village.

(5) The ordinances of the old city or village shall continue in full force and effect as the ordinances of the new city or village.

(6) The proceeds from the sale or condemnation of any public school buildings and grounds, either grade or high school or both, situated within the old city or village shall be used for the purchase and construction of a new school building and grounds at the new site, if the new site is located within the same school district as the old site, and if not, the proceeds shall be apportioned between the school district in which the new city or village is located and the school district in which the old city or village was located in the proportion that the actual valuation of the property purchased and condemned by the United States Government in such school district bears to the valuation of the property remaining in such school district not condemned or purchased by the United States Government.

(7) The proceeds from the sale or condemnation of any public buildings and grounds of any township in which the old city or village was located shall be used for the purchase and construction of similar buildings and grounds at the new site, if the new site is located within the same township as the old site, and if not, the proceeds shall be apportioned between the township in which the new city or village is located and the township in which the old city or village was located in the proportion that the actual valuation of the property purchased and condemned by the United States Government in such township bears to the actual valuation of the property remaining in such township not condemned or purchased by the United States Government.

17-529.08 Flood control projects; bonds; interest; election; tax; levy.

(1) For the purpose of paying the costs and expenses in implementing sections 17-529.01 and 17-529.02, cities of the second class and villages may borrow money or issue bonds in an amount not to exceed five percent of the taxable valuation of all the taxable property within such city or village according to the last preceding assessment thereof.

(2) Such cities or villages may levy and collect a general tax in the same manner as other municipal taxes are levied and collected in an amount sufficient to pay the interest and principal of the bonds referred to in subsections (1) and (3) of this section, as the same mature, upon the taxable value of all the taxable property within such city or village as shown upon the assessment roles, in addition to the sum authorized to be levied under section 17-506.

(3) No money shall be borrowed or bonds issued as referred to in subsections (1) and (2) of this section unless authorized by a majority of the legal votes cast for and against the proposition at an election held for that purpose. Notice of the election shall be given by publication in some newspaper published or of general circulation in such city or village for at least two weeks prior to the date of such election. The bonds shall be the bonds of such city or village, shall

become due in not to exceed twenty years from their date of issue, and shall draw interest payable semiannually or annually.

Contract for construction of waterworks was not ultra vires where city had authority to make it though part of funds were diverted from purpose for which voted. Chicago Bridge & Iron Works v. City of South Sioux City, 108 Neb. 827, 189 N.W. 367 (1922).

City engaged in a commercial enterprise is liable to public for its negligence the same as individuals. Reed v. Village of Syracuse, 83 Neb. 713, 120 N.W. 180 (1909).

There is no grant of power, either to a franchise corporation or to the city, in maintaining its own waterworks, to sell meters, or to compel consumers to supply themselves with meters. Albert v. Davis, 49 Neb. 579, 68 N.W. 945 (1896).

17-532 Waterworks; private companies; compulsory connections.

Second-class cities and villages shall have power to require any person, firm or corporation operating any public water supply in such city or village to connect with and furnish water to such city or village from its mains located therein, and to provide by ordinance for connections of such mains with the mains or portion of water system constructed or operated by such city or village, under such regulations and under such penalties as may be prescribed therein.

Estimate of costs must be made and submitted by city engineer before council can make contract and such estimate cannot be raised by the engineer after the bids have been opened. Murphy v. City of Plattsmouth, 78 Neb. 163, 110 N.W. 749 (1907).

City is only authorized to contract after advertising for bids and with only such persons as tender a bid in response to such advertisement. Fairbanks, Morse & Co. v. City of North Bend, 68 Neb. 560, 94 N.W. 537 (1903).

17-534 Waterworks; purchase or construction; bonds; interest; limitation; tax; approval of electors required; exception.

(1) Such cities or villages may borrow money or issue bonds in an amount not to exceed twelve percent of the taxable valuation of all the taxable property within such city or village according to the last preceding assessment thereof, for the purchase of steam engines or fire-extinguishing apparatus and for the purchase, construction, and maintenance of such waterworks, mains, portion, or extension of any system of waterworks or water supply or to pay for water furnished such city or village under contract, when authorized as is provided for by subsection (3) of this section.

(2) Such cities or villages may levy and collect a general tax in the same manner as other municipal taxes are levied and collected in an amount sufficient to pay the interest and principal of the bonds referred to in subsections (1) and (3) of this section, as the same mature, upon the taxable value of all the taxable property within such city or village as shown upon the assessment rolls, in addition to the sum authorized to be levied under section 17-506. All taxes raised by such a levy shall be retained in a fund known as the water fund.

(3) No money shall be borrowed or bonds issued as referred to in subsections (1) and (2) of this section unless authorized by a majority of the legal votes of such city or village cast for and against the proposition at an election held for that purpose. Notice of the election shall be given by publication in some newspaper published or of general circulation in such city or village for at least two weeks prior to the date of such election. The requirement of this section of a vote of the electors shall not apply when the proceeds of the bonds will be used solely for the maintenance, extension, improvement, or enlargement of any existing system of waterworks or water supply owned by the city or village and the bonds have been ordered issued by a vote of not less than three-fourths of all the city council or board of trustees as the case may be. The bonds shall be the bonds of such city or village and be called water bonds. They shall become due in not to exceed forty years from the date of issue and shall draw interest payable semiannually or annually.

1. Issuance of bonds
2. Levy of tax
3. Miscellaneous

1. Issuance of bonds

City has no power to issue bonds except as expressly authorized by statute. State ex rel. City of O'Neill v. Marsh, 121 Neb. 841, 238 N.W. 760 (1931).

Where council called bond election by resolution, rather than by ordinance, and where the resolution provided the election should be held at "the regular polling places in the city", such notice was sufficient as to the location of the polling place. State ex rel. City of O'Neill v. Marsh, 106 Neb. 547, 184 N.W. 135 (1921); Hurd v. City of Fairbury, 87 Neb. 745, 128 N.W. 638 (1910).

Where municipality voted bonds and entered into contract for sale thereof in strict conformity with the statute, and, before the bonds were issued, the Legislature by statute changed the terms of such bonds, the validity of the bonds issued containing the terms as so voted is not affected. State ex rel. City of Seward v. Marsh, 104 Neb. 159, 176 N.W. 92 (1920).

Bonds must be issued in conformity with the statute at the time of their issuance. Morgan v. City of Falls City, 103 Neb. 795, 174 N.W. 421 (1919).

A resolution for submission and notice of election duly passed by council providing "for the purpose of purchasing or erecting, constructing, etc.," of a system of waterworks will not be enjoined as submitting two alternative propositions to the voters. Hurd v. City of Fairbury, 87 Neb. 745, 128 N.W. 638 (1910).

Cities cannot issue bonds to aid private parties in construction of waterworks. Village of Grant v. Sherrill, 71 Neb. 219, 98 N.W. 681 (1904).

A notice for a bond election, published in each issue of a paper for five weeks, is sufficient although the first publication was only thirty-two days before such election. State ex rel. Village of Genoa v. Weston, 67 Neb. 385, 93 N.W. 728 (1903).

Valuation, as fixed by last preceding assessment, on the date when proposition for issuance of bonds is submitted to voters, fixes the maximum amount of bonds authorized to be issued.

Chicago, B. & Q. Ry. Co. v. Village of Wilber, 63 Neb. 624, 88 N.W. 660 (1902).

Council of municipality by ordinance has no power to bind the city by the issuance of bonds and guaranteeing their payment beyond the authority expressly given by statute, and such statute should be strictly followed. Painter v. City of Norfolk, 62 Neb. 330, 87 N.W. 31 (1901).

The right to issue water bonds is limited by the assessed valuation as of the date of election thereon. State ex rel. City of Sutton v. Babcock, 24 Neb. 640, 39 N.W. 783 (1888).

Proposition to vote waterworks bonds may be submitted by resolution. State ex rel. City of York v. Babcock, 20 Neb. 522, 31 N.W. 8 (1886).

2. Levy of tax

Powers to levy a tax may be implied from the express power given to incur an obligation where the Legislature must have intended a tax to furnish payments therefrom. Union Pacific R. R. Co. v. Heuer, 97 Neb. 436, 150 N.W. 259 (1914).

City authorities will not be required by mandamus to levy tax for water supply in excess of limit existing at time contract is entered into. State ex rel. Young v. Royse, 71 Neb. 1, 98 N.W. 459 (1904); State ex rel. Young v. Royse, 3 Neb. Unof. 262, 91 N.W. 559 (1902).

3. Miscellaneous

Where a village fails to comply with the requirements essential to borrow money, such borrowing is illegal and void; yet, if the money is retained and subsequently devoted to legitimate municipal purposes, the municipality is liable therefor upon an implied contract, unless barred by statute of limitations. Nebraska State Bank Liquidation Assn. v. Village of Burton, 134 Neb. 623, 279 N.W. 319 (1938).

17-535 Waterworks; construction and maintenance; acquisition of land beyond corporate limits; procedure.

For the purpose of erecting, constructing, locating, maintaining, or supplying such waterworks, mains, portion, or extension of any system of waterworks or water supply, any such city or village may go beyond its territorial limits and may take, hold, acquire rights, property, and real estate by purchase or otherwise, and may for this purpose, take, hold, and condemn any and all necessary property. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

A village is limited to taking only such property as is presently necessary for the purposes described in section 17-531. Engelhaupt v. Village of Butte, 248 Neb. 827, 539 N.W.2d 430 (1995).

17-536 Waterworks; water supply; pollution; power to prevent.

The jurisdiction of such city or village, to prevent any pollution or injury to the stream or source of water for the supply of such waterworks, shall extend fifteen miles beyond its corporate limits.

A village is limited to taking only such property as is presently necessary for the purposes described in section 17-531. Engelhaupt v. Village of Butte, 248 Neb. 827, 539 N.W.2d 430 (1995).

17-537 Waterworks; rules and regulations.

The council or board of trustees of such cities and villages shall have power to make and enforce all needful rules and regulations in the construction, use, and management of such waterworks, mains, portion or extension of any system of waterworks or water supply and for the use of the water therefrom.

The power to fix rates for furnishing water to city and inhabitants is vested in the municipality and such rates are presumed lawful and reasonable unless clearly shown to be confiscatory. McCook Waterworks Co. v. City of McCook, 85 Neb. 677, 124 N.W. 100 (1909).

Where title of ordinance did not refer to contract for ''rental for hydrant'' used in body of ordinance, though the ordinance authorized third party to construct and maintain water system and use the streets, such contract was void as to water rentals. Lincoln Land Co. v. Village of Grant, 57 Neb. 70, 77 N.W. 349 (1898).

17-539 Waterworks; construction; cost; assessments.

The expense of erecting, locating, and constructing reservoirs and hydrants for the purpose of fire protection, and the expense of constructing and laying water mains, pipes or such parts thereof as may be just and lawful, may be assessed upon and collected from the property and real estate especially benefited thereby, if any, in such manner as may be provided for the making of special assessments for other public improvements in such cities and villages.

Doubts as to meaning of statutory limitations as applied to special assessments to acquire water system should be determined in favor of taxpayer. Futscher v. City of Rulo, 107 Neb. 521, 186 N.W. 536 (1922).

17-540 Waterworks; income; how used; surplus, investment.

All income received by such cities or villages from public utilities and from the payment and collection of water taxes, rents, rates or assessments shall be applied to the payment of running expenses, interest on bonds or money borrowed and the erection and construction of public utilities; should there be any surplus, it shall be annually created into a sinking fund for the payment of public utility bonds or for the improvements of the works, or into the general fund as the council or board of trustees may direct. The surplus remaining, if any, may, if the council or board of trustees so directs, be invested in interest-bearing bonds or obligations of the United States.

17-541 Waterworks; water commissioner; appointment; term; bond or insurance; removal; public works commissioner, when.

As soon as a system of waterworks or mains or portion or extension of any system of waterworks or water supply has been established by any city or village, the mayor of such city or the chairperson of the board of trustees of such village shall nominate and by and with the advice and consent of the city council or board of trustees, as the case may be, shall appoint any competent person who shall be known as the water commissioner of such city or village and whose term of office shall be for one fiscal year or until his or her successor is appointed and qualified. Annually at the first regular meeting of the city council or board of trustees in December, the water commissioner shall be appointed as provided in this section. The water commissioner may at any time, for sufficient cause, be removed by a two-thirds vote of the city council or board of trustees. Any vacancy occurring in the office of water commissioner by death, resignation, removal from office, or removal from the city or village may be filled in the manner provided in this section for the appointment of such commissioner. The water commissioner shall, before he or she enters upon the discharge of his or her duties, execute a bond or provide evidence of equivalent insurance to such city or village in a sum to be fixed by the mayor and council or the board of trustees, but not less than five thousand dollars, conditioned upon the faithful discharge of his or her duties, and such bond shall be signed by two or more good and sufficient sureties, to be approved by the mayor and council or board of trustees or executed by a corporate surety. The water commissioner, subject to the supervision of the mayor and council or board of trustees, shall have the general management and control of the system of

waterworks or mains or portion or extension of any system of waterworks or water supply in the city or village. In a city or village where no board of public works exists, and such municipality has other public utilities than its waterworks system, the mayor and council or the board of trustees, as the case may be, shall by ordinance designate the water commissioner as public works commissioner with authority to manage not only the system of waterworks but also other public utilities, and all of the provisions of this section applying to the water commissioner shall apply to the public works commissioner.

17-543 Waterworks; water commissioner; duty to account; report; salary; public works commissioner; duties.

The water commissioner shall collect all money received by the city or village on account of its system of waterworks, and shall faithfully account for and pay over the same to the treasurer of such city or village, taking his or her receipt therefor in duplicate, filing one of the same with the city or village clerk. He or she shall make a detailed report to the city council or board of trustees, at least once every six months, of the condition of the water system, of all mains, pipes, hydrants, reservoirs, and machinery, and such improvements, repairs, and extension thereof as he or she may think proper. The report shall show the amount of receipts and expenditures on account thereof for the preceding six months. No money shall be expended for improvements, repairs, or extension of the waterworks system except upon recommendation of the water commissioner. The water commissioner shall perform such other duties as may be

prescribed by ordinance. The water commissioner shall be paid such salary as the council or board of trustees may by ordinance provide, and upon his or her written recommendation, the mayor and council or chairperson and board of trustees shall employ such laborers and clerks as may to them seem necessary. Neither the mayor nor any member of the council in a city of the second class shall be eligible to the office of water commissioner during the term for which he or she was elected. If the city or village involved owns public utilities other than the waterworks system, and the water commissioner has been designated by ordinance as the public works commissioner under the authority of section 17-541, then all provisions of this section in reference to a water commissioner shall apply to the public works commissioner.

17-546 Waterworks; additional tax; provision cumulative.

The right and power to provide the fund mentioned in section 17-545 for such purposes shall in no way prevent said cities of the second class and villages from providing in whole or in part for the expense of such hydrants, and of pumping and supplying through them water for public purposes, in any other manner now provided by law.

Injunction will issue against erection of buildings in violation of ordinance, if party shows that their erection will work special injury to him. Bangs v. Dworak, 75 Neb. 714, 106 N.W. 780 (1906).

17-551 Railways; depots; regulation.

Second-class cities and villages shall have power to regulate levees, depots, depot grounds, and places for storing freight and goods, and to provide for and

regulate the passage of railways through streets and public grounds of the city or village.

17-555 Streets and sidewalks; removal of obstructions; trees; declaration of nuisance; procedure.

Cities of the second class and villages shall have the power to remove all obstructions from the sidewalks, curbstones, gutters, and crosswalks at the expense of the person placing them there or of the city or village and to require and regulate the planting and protection of shade trees in and along the streets and the trimming and removing of such trees.

Cities of the second class or villages may by ordinance declare it to be a nuisance for a property owner to permit, allow, or maintain any dead or diseased trees within the right-of-way of streets within the corporate limits of the city or village. Notice to abate and remove such nuisance and notice of the right to a hearing and the manner in which it may be requested shall be given to each owner or owner's duly authorized agent and to the occupant, if any, by personal service or certified mail. Within thirty days after the receipt of such notice, if the owner or occupant of the lot or piece of ground does not request a

hearing or fails to comply with the order to abate and remove the nuisance, the city or village may have such work done and may levy and assess all or any portion of the costs and expenses of the work upon the lot or piece of ground so benefited in the same manner as other special taxes for improvements are levied and assessed.

Cities and villages shall have the power to regulate the building of bulkheads, cellar and basement ways, stairways, railways, windows, doorways, awnings, hitching posts and rails, lampposts, awning posts, all other structures projecting upon or over and adjoining, and all other excavations through and under the sidewalks in the city or village.

17-557.01 Sidewalks; removal of encroachments; cost of removal; special assessments; interest.

In case such abutting property owner refuses or neglects, after five days' notice by publication or, in place thereof, personal service of such notice, to remove all encroachments from sidewalks, as provided in section 17-557, the city or village through the proper officers may cause such encroachments to be removed, and the cost of removal paid out of the street fund. The council or board of trustees shall assess the cost of the notice and removal of the encroachment against such abutting property. Such special assessment shall be known as a special sidewalk assessment and, together with the cost of notice, shall be levied and collected as special taxes in addition to the general revenue taxes, and shall be subject to the same penalties and shall draw interest from the date of the assessment. Upon payment of the assessment, the same shall be credited to the street fund.

17-558 Streets; improving; vacating; abutting property; how treated.

(1) Cities of the second class and villages shall have power to open, widen, or otherwise improve or vacate any street, avenue, alley, or lane within the limits of the city or village and also to create, open, and improve any new street, avenue, alley, or lane. All damages sustained by the citizens of the city or village, or by the owners of the property therein, shall be ascertained in such manner as shall be provided by ordinance.

(2) Whenever any street, avenue, alley, or lane is vacated, the same shall revert to the owners of the abutting real estate, one-half on each side thereof, and become a part of such property, unless the city or village reserves title in the ordinance vacating such street or alley. If title is retained by the city or village, such property may be sold, conveyed, exchanged, or leased upon such terms and conditions as shall be deemed in the best interests of the city or village.

(3) When a portion of a street, avenue, alley, or lane is vacated only on one side of the center thereof, the title to such land shall vest in the owner of the abutting property and become a part of such property unless the city or village

reserves title in the ordinance vacating a portion of such street or alley. If title is retained by the city or village, such property may be sold, conveyed, exchanged, or leased upon such terms and conditions as shall be deemed in the best interests of the city or village.

(4) When the city or village vacates all or any portion of a street, avenue, alley, or lane, the city or village shall, within thirty days after the effective date of the vacation, file a certified copy of the vacating ordinance or resolution with the register of deeds for the county in which the vacated property is located to be indexed against all affected lots.

(5) The title to property vacated pursuant to this section shall be subject to the following:

(a) There is reserved to the city or village the right to maintain, operate, repair, and renew public utilities existing at the time title to the property is vacated there; and

(b) There is reserved to the city or village, any public utilities, and any cable television systems the right to maintain, repair, renew, and operate water mains, gas mains, pole lines, conduits, electrical transmission lines, sound and signal transmission lines, and other similar services and equipment and appurtenances, including lateral connections or branch lines, above, on, or below the surface of the ground that are existing as valid easements at the time title to the property is vacated for the purposes of serving the general public or the abutting properties and to enter upon the premises to accomplish such purposes at any and all reasonable times.

Where village board by ordinance vacates streets, etc., and declares such vacation to be expedient for the public's good, such acts have the effect of a judgment and only such irregularities as are jurisdictional will render the proceedings void. Enders v. Friday, 78 Neb. 510, 111 N.W. 140 (1907).

Where village board vacates street, avenue, alley, or lane, the land reverts to owners of adjacent real estate, one-half on each side thereof. Village of Bellevue v. Bellevue Improvement Co., 65 Neb. 52, 90 N.W. 1002 (1902).

17-559 Streets; offstreet parking; markets; public utilities; establishment; eminent domain; procedure.

Second-class cities and villages shall have power to create, open, widen, or extend any street, avenue, alley, offstreet parking area, or other public way, or annul, vacate, or discontinue the same; to take private property for public use for the purpose of erecting or establishing market houses, market places, parks, swimming pools, airports, gas systems, including distribution facilities, water systems, power plants, including electrical distribution facilities, sewer systems, or for any other needed public purpose; and to exercise the power of eminent

domain within or without the city or village limits for the purpose of establishing and operating power plants including electrical distribution facilities to supply such city or village with public utility service, and for sewerage purposes, water supply systems, or airports. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724, except as to property specifically excluded by section 76-703 and as to which sections 19-701 to 19-707 or the Municipal Natural Gas System Condemnation Act is applicable. For purposes of this section, electrical distribution facilities shall be located within the retail service area of such city or village as approved by and on file with the Nebraska Power Review Board, pursuant to Chapter 70, article 10.

17-563 Lots; drainage; weeds or litter; nuisance; noncompliance by owner; notice; assessment of cost; violation; penalty; civil action.

(1) Each city of the second class and village by ordinance may require lots or pieces of ground within the city or village to be drained or filled so as to prevent stagnant water or any other nuisance accumulating thereon. It may require the owner or occupant of any lot or piece of ground within the city or village to keep the lot or piece of ground and the adjoining streets and alleys free of any growth of twelve inches or more in height of weeds, grasses, or worthless vegetation, and it may prohibit and control the throwing, depositing, or accumulation of litter on any lot or piece of ground within the city or village.

(2) Any city of the second class and village may by ordinance declare it to be a nuisance to permit or maintain any growth of twelve inches or more in height of weeds, grasses, or worthless vegetation or to litter or cause litter to be deposited or remain thereon except in proper receptacles.

(3) Any owner or occupant of a lot or piece of ground shall, upon conviction of violating such ordinance, be guilty of a Class V misdemeanor.

(4) Notice to abate and remove such nuisance shall be given to each owner or owner's duly authorized agent and to the occupant, if any, by personal service or certified mail. If notice by personal service or certified mail is unsuccessful, notice shall be given by publication in a newspaper of general circulation in the city or by conspicuously posting the notice on the lot or ground upon which the nuisance is to be abated and removed. Within five days after receipt of such notice or publication or posting, whichever is applicable, if the owner or occupant of the lot or piece of ground does not request a hearing with the city or village or fails to comply with the order to abate and remove the nuisance, the city or village may have such work done. The costs and expenses of any such work shall be paid by the owner. If unpaid for two months after such work is done, the city or village may either (a) levy and assess the costs and expenses of the work upon the lot or piece of ground so benefited in the same manner as other special taxes for improvements are levied and assessed or (b) recover in a civil action the costs and expenses of the work upon the lot or piece of ground and the adjoining streets and alleys.

(5) For purposes of this section:

(a) Litter includes, but is not limited to: (i) Trash, rubbish, refuse, garbage, paper, rags, and ashes; (ii) wood, plaster, cement, brick, or stone building rubble; (iii) grass, leaves, and worthless vegetation; (iv) offal and dead animals; and (v) any machine or machines, vehicle or vehicles, or parts of a machine or vehicle which have lost their identity, character, utility, or serviceability as such through deterioration, dismantling, or the ravages of time, are inoperative or unable to perform their intended functions, or are cast off, discarded, or thrown away or left as waste, wreckage, or junk; and

(b) Weeds includes, but is not limited to, bindweed (Convolvulus arvensis), puncture vine (Tribulus terrestris), leafy spurge (Euphorbia esula), Canada thistle (Cirsium arvense), perennial peppergrass (Lepidium draba), Russian knapweed (Centaurea picris), Johnson grass (Sorghum halepense), nodding or musk thistle, quack grass (Agropyron repens), perennial sow thistle (Sonchus arvensis), horse nettle (Solanum carolinense), bull thistle (Cirsium lanceola-

tum), buckthorn (Rhamnus sp.) (tourn), hemp plant (Cannabis sativa), and ragweed (Ambrosiaceae).

17-564 Fines; actions to recover.

Fines may in all cases, and in addition to any other mode provided, be recovered by suit or action before a court of competent jurisdiction, in the name of the state. In any such suit or action, where pleading is necessary, it shall be sufficient to declare generally for the amount claimed to be due in respect to the violation of the ordinance, referring to its title and the date of its adoption or passage, and showing as nearly as may be the facts of the alleged violation.

17-566 County jail; use by city; compensation.

Any city of the second class or village shall have the right to use the jail of the county for the confinement of such persons as may be imprisoned under the ordinances of such city or village. The city or village shall be liable to the county for the cost of keeping such prisoners as provided by section 47-120.

Power of municipality to build a jail is necessarily implied and incident to the expressed power to enforce and collect fines, and such jail, properly constructed and suitably situated, is not per se a nuisance. Dunkin v. Blust, 83 Neb. 80, 119 N.W. 8 (1908).

City is not liable to the sheriff but to the county for cost of keeping its prisoners, and the county is liable to the sheriff therefor. County of Douglas v. Coburn, 34 Neb. 351, 51 N.W. 965 (1892).

17-567 Highways, streets, bridges; maintenance and control.

(1) The city council or board of trustees shall have the care, supervision, and control of all public highways, bridges, streets, alleys, public squares, and

commons within the city or village, and shall cause the same to be kept open and in repair, and free from nuisances.

(2) All public bridges exceeding sixty feet in length, over any stream crossing a state or county highway, shall be constructed and kept in repair by the county; *Provided*, when any city or village has constructed a bridge over sixty feet span, on any county or state highway within the corporate limits, and has incurred a debt for the same, the treasurer of the county in which such bridge is located shall pay to the treasurer of the city or village seventy-five percent of all bridge taxes collected in the city or village until such debt, and interest thereon, is fully paid.

(3) The council or trustees may appropriate a sum not exceeding five dollars per linear foot to aid in the construction of any county bridge within the limits of such city, or may appropriate a like sum to aid in the construction of any bridge contiguous to the city or village, on a highway leading to the same, or any bridge across any unnavigable river which divides the county, in which the city or village is located, from another state.

(4) No street or alley which shall hereafter be dedicated to public use, by the proprietor of ground in any city or village, shall be deemed a public street or alley, or be under the use or control of the city council or board of trustees, unless the dedication shall be accepted and confirmed by an ordinance especially passed for such purpose.

1. Duty imposed

A village has right, under police power, to control a lateral irrigation ditch maintained through one of its streets. Thornton v. Kingrey, 100 Neb. 525, 160 N.W. 871 (1916), affirmed on rehearing, 101 Neb. 631, 164 N.W. 561 (1917).

Municipality is not required to keep its streets in an absolutely safe condition for public use, but it must use reasonable diligence to keep them in a reasonably safe condition. Walters v. Village of Exeter, 87 Neb. 125, 126 N.W. 868 (1910).

City council or board of trustees have the right to sell and dispose of streets and apply the money derived to legitimate municipal purposes. Krueger v. Jenkins, 59 Neb. 641, 81 N.W. 844 (1900).

Where snow has caused obstruction on the sidewalks, it is the duty of the city within a reasonable time thereafter to remove such obstruction. Foxworthy v. City of Hastings, 25 Neb. 133, 41 N.W. 132 (1888).

City is required to keep streets in repair and in a cleanly condition. Nebraska City v. Rathbone, 20 Neb. 288, 29 N.W. 920 (1886).

It is the duty of a municipality to protect its streets and alleys from unlawful occupancy and, in the discharge of this duty, it may maintain an action to test the legality of such occupancy. Ray v. Colby and Tenney, 5 Neb. Unof. 151, 97 N.W. 591 (1903).

2. Liability for neglect of duty

In an action for injuries from a defective sidewalk within city limits, a municipality could not escape liability by showing that the sidewalk was on the outskirts of the city. O'Loughlin v. City of Pawnee City, 88 Neb. 244, 129 N.W. 271 (1911).

Cities cannot delegate care and construction of sidewalks and streets and thus escape liability to persons injured by defects therein. Severa v. Village of Battle Creek, 88 Neb. 127, 129 N.W. 186 (1910).

Where suit is brought against city to recover damages for personal injuries, trial court may take judicial notice of the class of cities to which defendant belongs and the laws by which it is governed. Olmstead v. City of Red Cloud, 86 Neb. 528, 125 N.W. 1101 (1910).

City is liable for injuries caused by defective improvements in streets whether made by city or independent contractor. Armstrong v. City of Auburn, 84 Neb. 842, 122 N.W. 43 (1909).

City has exclusive control of streets and ample means to maintain them in a safe condition, and is liable for its failure so to do. Goodrich v. University Place, 80 Neb. 774, 115 N.W. 538 (1908).

City is not liable for defective crossing or walk from private property into street. City of McCook v. Parsons, 77 Neb. 132, 108 N.W. 167 (1906).

Where dedication of a plat is not accepted by ordinance, the streets and alleys of such plat are not under the control of the city, and the city is not liable for accidents in a street not so accepted. Village of Imperial v. Wright, 34 Neb. 732, 52 N.W. 374 (1892).

Until village or city by ordinance accepted and confirmed the dedication, such village or city will not be liable for accidents caused by its negligence in such streets. An ordinance requiring a railroad flagman or a signal at railroad crossings is applicable only to streets duly accepted by the municipality. Steward v. Chicago, B. & Q. Ry. Co., 284 F. 716 (8th Cir. 1922).

3. Regulation

The city is authorized to regulate or prohibit parking on its streets. There is no requirement that such prohibitions be made by ordinance. Morrow v. City of Ogallala, 213 Neb. 414, 329 N.W.2d 351 (1983).

Use of street for private garage purposes was a nuisance. Michelsen v. Dwyer, 158 Neb. 427, 63 N.W.2d 513 (1954).

Cities of the second class have power to enact ordinances that punish operation of motor vehicles by an intoxicated person on public street. Gembler v. City of Seward, 136 Neb. 196, 285 N.W. 542 (1939), modified on rehearing 136 Neb. 916, 288 N.W. 545 (1939).

Exhibition of a stallion on a street may be declared a nuisance. State v. Iams, 78 Neb. 678, 111 N.W. 604 (1907).

Unauthorized use of streets and alleys of municipal corporation constitutes public nuisance. Nebraska Tel. Co. v. Western Ind. Long Distance Tel. Co., 68 Neb. 772, 95 N.W. 18 (1903).

4. Miscellaneous

City may accept plat of an addition by using the area platted for streets and alleys. City of Ord v. Zlomke, 181 Neb. 573, 149 N.W.2d 747 (1967).

City has no power to pave and levy a special assessment to pay the cost of a public highway, though it is within the corporate limits, unless such highway is formally or impliedly dedicated to and accepted by the city. City of McCook v. Red Willow County, 133 Neb. 380, 275 N.W. 396 (1937).

Where property owner has permitted city to use street adjacent to his property for pump house and well for over forty years without objection, courts will refuse to enjoin city. Barger v. City of Tekamah, 128 Neb. 805, 260 N.W. 366 (1935).

Where street was closed by ordinance giving railroad company right to erect depot therein, and permanent improvements were thereafter made in street, mandamus will not lie to compel opening of street. State ex rel. Cox v. McIlravy, 105 Neb. 651, 181 N.W. 554 (1921).

Municipality under a duly acknowledged and recorded plat has such ownership in streets, alleys, etc., that an abutting owner cannot recover the value of the natural products grown thereon. Carroll v. Village of Elmwood, 88 Neb. 352, 129 N.W. 537 (1911).

''Bridge'', as used in this section, does not include the approaches thereto. City of Central City v. Marquis, 75 Neb. 233, 106 N.W. 221 (1905).

17-568 Employment of special engineer.

The mayor and council or board of trustees may, when they deem it expedient, employ a special engineer to make, or assist in making, any estimate necessary or to perform any other duty provided for in section 17-568.01. Any work executed by such special engineer shall have the same validity and serve in all respects as though executed by the city or village engineer.

2. Miscellaneous

1. Estimate of expenditures

Estimate of proposed improvement and advertisement for bids are jurisdictional requirements. Musser v. Village of Rushville, 122 Neb. 128, 239 N.W. 642 (1931).

Where engineer submits an estimate stating ''cost not to exceed $16,500.00'', the failure of engineer to state a definite amount was at most an irregularity, and such estimate served the statutory purpose. Carr v. Fenstermacher, 119 Neb. 172, 228 N.W. 114 (1929).

The failure to state amount of estimate in published notice for bids will not vitiate the whole proceeding in a collateral attack. Wookey v. City of Alma, 118 Neb. 158, 223 N.W. 953 (1929).

Where municipality has no city engineer to make estimates, a city may secure such necessary services of a competent engineer. Howe v. City of Auburn, 110 Neb. 184, 193 N.W. 352 (1923); Schreifer v. City of Auburn, 110 Neb. 179, 193 N.W. 350 (1923); Diederich v. City of Red Cloud, 103 Neb. 688, 173 N.W. 698 (1919).

Estimate may be upon the unit plan, and may be based on the existing freight rates on material to be used with the provision that if such rates be advanced or lowered, the estimate should be correspondingly increased or lowered. State ex rel. City of McCook v. Marsh, 107 Neb. 637, 187 N.W. 84 (1922).

The provision that the estimate shall be published with the advertisement for bids and no contract shall be let for a price exceeding such estimate cannot be evaded by raising the estimate after the bids have been opened. Murphy v. City of Plattsmouth, 78 Neb. 163, 110 N.W. 749 (1907).

The power to bind a city by contract depends among other things upon an estimate having been first made and submitted to the council by the city engineer which provision is mandatory. City of Plattsmouth v. Murphy, 74 Neb. 749, 105 N.W. 293 (1905).

2. Miscellaneous

A city may ratify an irregular contract made with a special engineer, if the city had the power to contract in first instance. Morearty v. City of McCook, 117 Neb. 113, 219 N.W. 839 (1928).

This section does not apply to construction of temporary sidewalks on ungraded and unimproved streets. Whitla v. Connor, 114 Neb. 526, 208 N.W. 670 (1926).

17-568.01 City or village engineer; public works; prepare estimate of cost; board of public works; powers; contracts; procedure; city council or village board; powers and duties; public emergency.

(1) The city or village engineer shall, when requested by the mayor, city council, or village board, make estimates of the cost of labor and material which may be done or furnished by contract with the city or village and make all surveys, estimates, and calculations necessary to be made for the establishment of grades, the building of culverts, sewers, electric light system, waterworks, power plant, public heating system, bridges, curbing, and gutters, the improvement of streets, and the erection and repair of buildings and shall perform such other duties as the council or board may require. When a city has appointed a board of public works, and the mayor and city council have by ordinance so authorized, such board may utilize its own engineering staff and may hire consulting engineers for the design and installation of extensions and improvements of the works under the jurisdiction of the board of public works. Whenever the mayor and city council have authorized the same, the board of public works may purchase material and employ labor for the enlargement or improvement of the systems and works under the jurisdiction of the board.

(2) Except as provided in section 18-412.01, no contract for enlargement or general improvements, such as water extensions, sewers, public heating system, bridges, work on streets, or any other work or improvement when the cost of such enlargement or improvement is assessed to the property, costing over twenty thousand dollars shall be made unless it is first approved by the city council or village board.

(3) Except as provided in section 18-412.01, before the city council or village board makes any contract in excess of twenty thousand dollars for enlargement or general improvements, such as water extensions, sewers, public heating system, bridges, work on streets, or any other work or improvement when the cost of such enlargement or improvement is assessed to the property, an estimate of the cost shall be made by the city or village engineer and submitted to the council or village board. In advertising for bids as provided in subsections (4) and (6) of this section, the city council or village board may publish the amount of the estimate.

(4) Advertisements for bids shall be required for any contract costing over twenty thousand dollars entered into (a) for enlargement or general improvements, such as water extensions, sewers, public heating system, bridges, work on streets, or any other work or improvement when the cost of such enlargement or improvement is assessed to the property, or (b) for the purchase of equipment used in the construction of such enlargement or general improvements.

(5) A municipal electric utility may enter into a contract for the enlargement or improvement of the electric system or for the purchase of equipment used for such enlargement or improvement without advertising for bids if the price is: (a) Twenty thousand dollars or less; (b) forty thousand dollars or less and the municipal electric utility has gross annual revenue from retail sales in excess of one million dollars; (c) sixty thousand dollars or less and the municipal electric utility has gross annual revenue from retail sales in excess of five million dollars; or (d) eighty thousand dollars or less and the municipal electric utility has gross annual revenue from retail sales in excess of ten million dollars.

(6) The advertisement provided for in subsections (3) and (4) of this section shall be published at least seven days prior to the bid closing in a legal newspaper published in or of general circulation in the city or village and, if there is no legal newspaper published in or of general circulation in such city

or village, then in some newspaper of general circulation published in the county wherein such city or village is located, and if there is no legal newspaper of general circulation published in the county wherein such city or village is located then in a newspaper, designated by the county board, having a general circulation within the county where bids are required, and if no newspaper is published in the city, village, or county, or if no newspaper has general circulation in the county, then by posting a written or printed copy thereof in each of three public places in the city or village at least seven days prior to the bid closing. In case of a public emergency resulting from infectious or contagious diseases, destructive windstorms, floods, snow, war, or an exigency or pressing necessity or unforeseen need calling for immediate action or remedy to prevent a serious loss of, or serious injury or damage to, life, health, or property, estimates of costs and advertising for bids may be waived in the emergency ordinance authorized by section 17-613 when adopted by a three-fourths vote of the council or board of trustees and entered of record.

(7) If, after advertising for bids as provided in subsections (3), (4), and (6) of this section, the city council or village board receives fewer than two bids on a contract or if the bids received by the city council or village board contain a price which exceeds the estimated cost, the mayor and the city council or village board may negotiate a contract in an attempt to complete the proposed enlargement or general improvements at a cost commensurate with the estimate given.

(8) If the materials are of such a nature that, in the opinion of the manufacturer and with the concurrence of the city council, village board, or board of public works, no cost can be estimated until the materials have been manufactured or assembled to the specific qualifications of the purchasing municipality, the city council, village board, or board of public works may authorize the manufacture and assemblage of such materials and may thereafter approve the estimated cost expenditure when it is provided by the manufacturer.

Engineer's estimate of cost of proposed improvement under this section is jurisdictional. Campbell v. City of Ogallala, 183 Neb. 238, 159 N.W.2d 574 (1968).

Engineer's estimate of cost of proposed sidewalk is jurisdictional, and must be submitted to and approved by council before it may make contract for laying the same. Moss v. City of Fairbury, 66 Neb. 671, 92 N.W. 721 (1902).

Council has no power to contract for grading until it shall have enacted an ordinance therefor after an estimate of the cost has been made by the city engineer. Fulton v. City of Lincoln, 9 Neb. 358, 2 N.W. 724 (1879).

17-568.02 Municipal bidding procedure; waiver; when.

Any municipal bidding procedure may be waived by the city council, village board, or board of public works (1) when materials or equipment are purchased at the same price and from the same seller as materials or equipment which have formerly been obtained pursuant to the state bidding procedure in sections 81-145 to 81-162 or (2) when the contract is negotiated directly with a sheltered workshop pursuant to section 48-1503.

City has power to appropriate money for an audit of the accounts of the clerk. Campbell Co. v. City of Harvard, 123 Neb. 539, 243 N.W. 653 (1932).

This section does not specifically require the recording of reading of city ordinances. Hull v. City of Humboldt, 107 Neb. 326, 186 N.W. 78 (1921).

17-606 Treasurer; duties; failure to file account; penalty.

The treasurer of each city and village shall be the custodian of all money belonging to the corporation. He or she shall keep a separate account of each fund or appropriation and the debts and credits belonging thereto. He or she shall give every person paying money into the treasury a receipt therefor, specifying the date of payment and on what account paid. He or she shall also file copies of such receipts with his or her monthly reports, and he or she shall, at the end of every month, and as often as may be required, render an account to the city council or board of trustees, under oath, showing the state of the treasury at the date of such account and the balance of money in the treasury. He or she shall also accompany such accounts with a statement of all receipts and disbursements, together with all warrants redeemed and paid by him or her, which warrants, with any and all vouchers held by him or her, shall be filed with his or her account in the clerk's office. If the treasurer fails to render his or her account within twenty days after the end of the month, or by a later date established by the governing body, the mayor in a city of the second class or the chairperson of the village board with the advice and consent of the trustees may use this failure as cause to remove the treasurer from office.

Duties of city treasurer were clerical and not such as to preclude participation in proceedings for bond election. Inslee v. City of Bridgeport, 153 Neb. 559, 45 N.W.2d 590 (1951).

Designation of depository and the furnishing of depository bond does not relieve treasurer from duty of exercising reasonable prudence in protection of funds of the municipality. Village of Hampton v. Gausman, 136 Neb. 550, 286 N.W. 757 (1939).

City treasurer, as custodian of city funds, is required to account monthly to the council, which requirement implies the power of the city to contract and to pay for an audit of his accounts. Campbell Co. v. City of Harvard, 123 Neb. 539, 243 N.W. 653 (1932).

Power to remove city treasurer for any reason cannot be exercised until specific charges are preferred against such treasurer, notice is given him thereof, and he has had an opportunity to be heard. State ex rel. Ballmer v. Strever, 93 Neb. 762, 141 N.W. 820 (1913).

Money paid to village treasurer for liquor license as required by municipal ordinance is received by such treasurer in his official capacity and his bondsmen are liable if he fails to account therefor. Hrabak v. Village of Dodge, 62 Neb. 591, 87 N.W. 358 (1901).

17-607 Treasurer; depositories; qualification; bond; exemption of treasurer from liability; conflict of interest.

(1) The treasurer of a city of the second class or village shall deposit, and at all times keep on deposit, for safekeeping, in banks, capital stock financial institutions, or qualifying mutual financial institutions of approved and responsible standing, all money collected, received, or held by him or her as city or

village treasurer. Such deposits shall be subject to all regulations imposed by law or adopted by the city council or board of trustees for the receiving and holding thereof. The fact that a stockholder, director, or other officer of such bank, capital stock financial institution, or qualifying mutual financial institution is also serving as mayor, as a member of the city council, as a member of the board of trustees, as a member of a board of public works, or as any other officer of such municipality shall not disqualify such bank, capital stock financial institution, or qualifying mutual financial institution from acting as a depository for such municipal funds. Section 77-2366 shall apply to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

(2) The council or board of trustees shall require from all banks, capital stock financial institutions, or qualifying mutual financial institutions (a) a bond in such penal sum as may be the maximum amount on deposit at any time less the amount insured by the Federal Deposit Insurance Corporation or, in lieu thereof, (b) security given as provided in the Public Funds Deposit Security Act, to secure the payment of all such deposits and accretions. The council or board shall approve such bond or giving of security. The city treasurer or village treasurer shall not be liable for any loss of any money sustained by reason of the failure of any such depository so designated and approved.

An officer who has made a contract with a city or village for salary, additional to that provided by law, cannot recover in quantum meruit. Neisius v. Henry, 142 Neb. 29, 5 N.W.2d 291 (1942).

Where, under this section, the making of a contract is prohibited, a recovery quantum meruit cannot be had. Village of Bellevue v. Sterba, 140 Neb. 744, 1 N.W.2d 820 (1942).

Where a city attorney resigns, but still acts as legal advisor to the city and is allowed compensation at the rate provided by ordinance for salary of city attorney, he remains de facto city attorney and cannot enter into legal contract with city for collection of taxes. Darnell v. City of Broken Bow, 139 Neb. 844, 299 N.W. 274 (1941).

City, having a regular salaried attorney, is not for that reason prevented from employing a special attorney when the city attorney is absent, ill, or disqualified. Meeske v. Baumann, 122 Neb. 786, 241 N.W. 550 (1932), 83 A.L.R. 131 (1932).

17-612 Elective officers, salary; increase during term of office prohibited; exception.

The emoluments of any elective officer shall not be increased or diminished during the term for which he shall have been elected, except when there has been a combination and merger of offices as provided by sections 17-108.02 and 17-209.02, except that when there are officers elected to the council, or a board or commission having more than one member and the terms of one or more members commence and end at different times, the compensation of all members of such council, board or commission may be increased or diminished at the beginning of the full term of any member thereof. No person who shall have resigned or vacated any office shall be eligible to the same during the time for which he was elected if during the same time the emoluments thereof were increased.

City attorney who resigns cannot be rehired by council to perform same duties under the designation of ''special counsel'' at an increase in pay. Darnell v. City of Broken Bow, 139 Neb. 844, 299 N.W. 274 (1941).

When, at time of election of city officers, no ordinance had fixed their salaries, this section does not prevent the city council and mayor from fixing such salaries thereafter by ordinance. Wheelock v. McDowell, 20 Neb. 160, 29 N.W. 291 (1886); State ex rel. Wagner v. McDowell, 19 Neb. 442, 27 N.W. 433 (1886).

(c) ORDINANCES

17-613 Ordinances; style; publication; proof.

The style of all ordinances shall be: Be it ordained by the mayor and council of the city of ....., or the chairman and board of trustees of the village of ..... . All ordinances of a general nature shall, before they take effect, be published, within fifteen days after they are passed, (1) in some newspaper published in such city or village, but if no paper is published in the city or village, then by posting a written or printed copy thereof in each of three public places in the city or village, or (2) by publishing the same in book or pamphlet form;

Provided, in case of riot, infectious or contagious diseases, or other impending danger, failure of public utility, or any other emergency requiring its immediate operation, such ordinance shall take effect upon the proclamation of the mayor or chairman of the board of trustees, posted in at least three of the most public places in the city or village. Such emergency ordinance shall recite the emergency and be passed by a three-fourths vote of the council or board of trustees, and entered of record on the clerk's minutes. The passage, approval, and publication or posting of all ordinances shall be sufficiently proved by a certificate under seal of the city or village from the clerk thereof, showing that such ordinance was passed and approved, and when and in what paper the same was published, or when and by whom and where the same was posted. When ordinances are printed in book or pamphlet form, purporting to be published by authority of the board of trustees or city council, the same need not be otherwise published, and such book or pamphlet shall be received as evidence of the passage and legal publication of such ordinances as of the dates mentioned in such book or pamphlet, in all courts without further proof.

17-614 Ordinances; how enacted; title.

(1) All ordinances and resolutions or orders for the appropriation or payment of money shall require for their passage or adoption the concurrence of a majority of all members elected to the council or board of trustees. Ordinances of a general or permanent nature shall be read by title on three different days unless three-fourths of the council or board vote to suspend this requirement, except that such requirement shall not be suspended for any ordinance for the annexation of territory. In case such requirement is suspended, the ordinances shall be read by title and then moved for final passage. Three-fourths of the council or board may require a reading of any such ordinance in full before enactment under either procedure set out in this section.

(2) Ordinances shall contain no subject which is not clearly expressed in the title, and, except as provided in section 19-915, no ordinance or section thereof shall be revised or amended unless the new ordinance contains the entire ordinance or section as revised or amended and the ordinance or section so amended is repealed, except that:

(a) For an ordinance revising all the ordinances of the city or village, the title need only state that the ordinance revises all the ordinances of the city or

village. Under such title all the ordinances may be revised in sections and chapters or otherwise, may be corrected, added to, and any part suppressed, and may be repealed with or without a saving clause as to the whole or any part without other title; and

(b) For an ordinance used solely to revise ordinances or code sections or to enact new ordinances or code sections in order to adopt statutory changes made by the Legislature which are specific and mandatory and bring the ordinances or code sections into conformance with state law, the title need only state that the ordinance revises those ordinances or code sections affected by or enacts ordinances or code sections generated by legislative changes. Under such title, all such ordinances or code sections may be revised, repealed, or enacted in sections and chapters or otherwise by a single ordinance without other title.

1. Title and subject requirements
2. Vote required
3. Miscellaneous

1. Title and subject requirements

A city of the second class can repeal an ordinance only by enacting a later ordinance which contains the entire text, as amended, of the earlier ordinance or section being amended, along with a statement that the earlier version is repealed. Hammond v. City of Broken Bow, 239 Neb. 437, 476 N.W.2d 822 (1991).

Title need not be an index or abstract of the powers intended to be given. Gembler v. City of Seward, 136 Neb. 196, 285 N.W. 542 (1939), modified on rehearing 136 Neb. 916, 288 N.W. 545 (1939).

Where the minutes show ordinance was adopted, the presumption is that the ordinance was read as required. Provision that ordinance shall contain no subject, not clearly expressed in its title, is mandatory. Village of Deshler v. Southern Nebraska Power Co., 133 Neb. 778, 277 N.W. 77 (1938).

Where ordinance was passed and the vote recorded, it will be presumed it was duly read before passage, since this section does not affirmatively declare that the reading thereof on three different days must be recorded. Hull v. City of Humboldt, 107 Neb. 326, 186 N.W. 78 (1921).

Where title provides ''*** and ordinance authorizing and granting the right *** to construct and maintain an electric light power or gas plant or both'', such title is broad enough to grant the right to erect poles and wires in the city streets and to operate, extend, and repair them. City of York v. Iowa-Nebraska Light & Power Co., 109 F.2d 683 (8th Cir. 1940).

2. Vote required

Term ''three-fourths majority'' means three-fourths of quorum present and acting. City of North Platte v. North Platte Water-Works Co., 56 Neb. 403, 76 N.W. 906 (1898).

Council of city of second class may present and pass an ordinance of general nature on the same day if the rules are suspended by three-fourths vote of the council. Brown v. Lutz, 36 Neb. 527, 54 N.W. 860 (1893).

Final passage of ordinance requires favorable vote of members of city council, exclusive of mayor. State ex rel. Grosshans v. Gray, 23 Neb. 365, 36 N.W. 577 (1888).

3. Miscellaneous

This section does not permit issuance of warrant where only two members of a four-member council vote in favor thereof, although only one member votes against issuance. State ex rel. Katz-Craig Contracting Co. v. Darner, 95 Neb. 39, 144 N.W. 1048 (1914).

Ordinance, whose main object is to license and regulate, is not wholly void because a provision imposes an occupation tax not clearly expressed in the title. Morgan v. State, 64 Neb. 369, 90 N.W. 108 (1902).

17-615 Ordinances; passage; rules and regulations; proof.

All ordinances shall be passed pursuant to such rules and regulations as the council or board of trustees may provide. All such ordinances may be proved by the certificate of the clerk, under the seal of the city or village.

Where ordinance in question is printed in pamphlet form by authority of the city or village, it is entitled to be read and received as evidence in all courts. Village of Deshler v. Southern Nebraska Power Co., 133 Neb. 778, 277 N.W. 77 (1938).

17-616 Ordinances; contracts; appointments; vote; record.

On the passage or adoption of every bylaw or ordinance, and every resolution or order to enter into a contract by the council or board of trustees, the yeas and nays shall be called and recorded. To pass or adopt any bylaw, ordinance, or any such resolution or order, a concurrence of a majority of the whole number of members elected to the council or trustees shall be required. All appointments of the officers by any council or trustees shall be made viva voce; and the concurrence of a like majority shall be required, and the names of those, and for whom they voted, on the vote resulting in an appointment, shall be recorded. The requirements of a roll call or viva voce vote shall be satisfied by a city or village which utilizes an electronic voting device which allows the yeas and nays of each council member or member of the board of trustees to be readily seen by the public.

Where no record of the proceedings of the city council with reference to a purported contract can be shown, there is a presumption that no such contract was entered into. Wightman v. City of Wayne, 144 Neb. 871, 15 N.W.2d 78 (1944).

Where the record of a city council does not show the mayor signed an ordinance or that the yea and nay vote was taken and recorded at the time enacted, a nunc pro tunc order by new council eighteen months later cannot be permitted. Beverly Land Co. v. City of South Sioux City, 117 Neb. 47, 219 N.W. 385 (1928).

Where record shows that ordinance was passed and shows the vote thereon, and does not show it was not read, it will be presumed that the ordinance was duly read before adoption, though record does not affirmatively so show. Hull v. City of Humboldt, 107 Neb. 326, 186 N.W. 78 (1921).

Provisions of this section are mandatory. Payne v. Ryan, 79 Neb. 414, 112 N.W. 599 (1907).

Where half the members voted for and the remaining members failed to vote, the mayor's vote added nothing and the ordinance is invalid. State ex rel. Grosshans v. Gray, 23 Neb. 365, 36 N.W. 577 (1888).

17-702 Property tax; general levy authorized; sale for delinquent taxes; additional levies.

(1) The council or board of trustees of each city of the second class or village shall, at the time and in the manner provided by law, cause to be certified to the county clerk the amount of tax to be levied upon the taxable value of all the taxable property of the city or village which the city or village requires for the purposes of the adopted budget statement for the ensuing year, including all special assessments and taxes assessed as hereinbefore provided. The county clerk shall place the same on the property tax lists to be collected in the manner provided by law for the collection of county taxes in the county where such city or village is situated. In all sales for any delinquent taxes for municipal purposes, if there are other delinquent taxes due from the same person or a lien on the same property, the sale shall be for all the delinquent taxes. Such sales and all sales made under or by virtue of this section or the provision of law herein referred to shall be of the same validity and in all respects be deemed and treated as though such sales had been made for the delinquent county taxes exclusively. Subject to section 77-3442, the maximum amount of tax which may be so certified, assessed, and collected shall not require a tax levy in excess of one dollar and five cents on each one hundred dollars upon the taxable value of all the taxable property within the corporate limits of such city or village for the purposes of the adopted budget statement, together with any special assessments or special taxes or amounts assessed as taxes and such sum as may be authorized by law for the payment of outstanding bonds and debts.

(2) Within the limitation of section 77-3442, the council or board of trustees of each city of the second class or village may certify an amount to be levied not to exceed ten and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property within such city or village for the purpose of establishing the sinking fund or funds authorized by sections 19-1301 to 19-1304. Nothing contained in subsection (1) or (2) of this section shall be construed to authorize an increase in the amount of levies for any specific municipal purpose or purposes elsewhere limited by law, whether limited in specific sums or by tax levies.

(3) When required by section 18-501, an additional levy of seven cents on each one hundred dollars upon the taxable value of all the taxable property within the city of the second class or village may be imposed.

17-703 Special assessments; tax limit; refunding; when authorized; how paid.

If any such city or village has levied special assessments for part or all of the cost of any public work or improvement, if the assessments have been finally held by the courts to be invalid and unenforceable, if the defects rendering such assessments invalid and unenforceable are of such character that they cannot be remedied by reassessment, and if part of the special assessments has been paid under mistake of law or fact into such city or village prior to such final holding, the mayor and council or chairperson and board of trustees shall establish a special fund in the budget statement annually which is sufficient to refund and repay over a period of consecutive years such special assessments erroneously paid, without interest to the person or persons entitled to receive the same, any and all such assessments or parts thereof as may have been so paid into the treasury of such city or village, as the case may be. The amount of tax annually budgeted for this special fund shall not require a tax levy in excess of ten and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such city or village in any one year, and the additional levy shall be continued only for as many years as may be necessary to raise the total amount required for such purpose. Such assessments shall be refunded out of the special fund upon proper claims filed by the person or persons entitled to reimbursement. Such claim shall be audited, allowed, and ordered paid in the same manner as other claims against such city or village. All such reimbursements shall be made pro rata if there is not sufficient money on hand to repay them all at one time. Such amount of tax for the special fund shall be specified in the adopted budget statement.

An appropriation is not necessary where funds to meet expenditures are not raised by taxation, the obligation being payable alone out of funds on hand and the net earnings of light plant purchased. Carr v. Fenstermacher, 119 Neb. 172, 228 N.W. 114 (1929).

17-709 Contracts; appropriation condition precedent.

No contract shall be hereafter made by the city council or board of trustees, or any committee or member thereof; and no expense shall be incurred by any of the officers or departments of the corporation, whether the object of the expenditures shall have been ordered by the city council or board of trustees or not, unless an appropriation shall have been previously made concerning such expense, except as otherwise expressly provided in section 17-708.

The power of city authorities to contract is determined by the amounts appropriated plus such unexpended funds of previous levies and appropriations on hand on date of such contract, and the power is not diminished by the failure to assess taxes to the extent authorized. LeBarron v. City of Harvard, 129 Neb. 460, 262 N.W. 26 (1935).

When there is unused and unappropriated money in the general fund at the time of employment of an auditor, such contract is valid and a subsequent depletion of such funds does not void such contract. Campbell Co. v. City of Harvard, 123 Neb. 539, 243 N.W. 653 (1932).

Municipality had authority to contract for the construction of a waterworks though no estimate or appropriation was made prior to such contract. Chicago Bridge & Iron Works v. City of South Sioux City, 108 Neb. 827, 189 N.W. 367 (1922).

This section prohibits council from making any contract or incurring expense unless an appropriation shall have been made previously concerning such expense. Ballard v. Cerney, 83 Neb. 606, 120 N.W. 151 (1909).

Where no previous appropriation is made for fire hydrant rentals, a contract therefor is void, but, where village retains the benefits of such contract and has authority to make a valid contract, such village is liable in quantum meruit for benefits conferred. Lincoln Land Company v. Village of Grant, 57 Neb. 70, 77 N.W. 349 (1898).

When an ordinance is duly passed, city may contract for water rentals and the payments thereof with private party, and such contract is good though not preceded by an appropriation to meet such rentals. City of North Platte v. North Platte Water-Works Co., 56 Neb. 403, 76 N.W. 906 (1898).

Ultra vires contract can be ratified only upon condition essential to valid contract in first instance. Gutta Percha & Rubber Mfg. Co. v. Village of Ogallala, 40 Neb. 775, 59 N.W. 513 (1894).

City council cannot incur or contract indebtedness until an annual appropriation ordinance has been passed or the expenditures have been sanctioned by a majority of the voters. McElhinney v. City of Superior, 32 Neb. 744, 49 N.W. 705 (1891); City of Blair v. Lantry, 21 Neb. 247, 31 N.W. 790 (1887).

Contract for the purchase of a waterworks plant was not invalid because no provision for payment thereunder had been previously made under an appropriation bill. Slocum v. City of North Platte, 192 F. 252 (8th Cir. 1911).

17-710 Special assessments; expenditure; limitations.

All money received on special assessments shall be held by the treasurer as a special fund to be applied to the payment of the improvement for which the assessment was made, and such money shall be used for no other purpose whatever, unless to reimburse such corporation for money expended for such improvement.

17-711 Warrants; how executed.

All warrants drawn upon the treasurer must be signed by the mayor or chairman and countersigned by the clerk, stating the particular fund to which the same is chargeable, the person to whom payable, and for what particular object. No money shall be otherwise paid than upon such warrants so drawn. Each warrant shall specify the amount included in the adopted budget statement for such fund upon which it is drawn, and the amount already expended of such fund.

Where warrants were drawn by the mayor and city clerk for the purchase of an addition to a cemetery, the title to which was later refused by the city council, without a prior appropriation therefor or without the sanction of a majority of the legal voters, the mayor and clerk who drew such warrant are liable to the city for the funds of the city so withdrawn through such warrant. City of Blair v. Lantry, 21 Neb. 247, 31 N.W. 790 (1887).

17-712 Repealed. Laws 1967, c. 58, § 2.

17-713 Road tax; amount; when authorized.

The council or board of trustees of such city or village shall, upon petition being filed with the clerk of the city or village signed by a majority of the resident freeholders of such city or village requesting such council or board of trustees to levy a tax upon the taxable valuation of the property in the city or village, make a levy as in such petition requested, not exceeding eighty-seven and five-tenths cents on each one hundred dollars of taxable valuation, and shall certify the same to the board of county commissioners as other taxes are levied by the city or village, or certified, for the purpose of creating a fund. The fund shall be expended solely in the improvement of the public highways

adjacent to the city or village and within five miles thereof, shall at all times be under the control and direction of the council or board of trustees of the city or village, and shall be expended under the authority and direction of the council or board. The council or board is hereby granted the power and authority to employ such person or persons as it may select for the performance of such work under such rules and regulations as it may by ordinance provide.

17-714 Claims and accounts payable; filing; requirements; disallowance; notice; costs.

All liquidated and unliquidated claims and accounts payable against a city of the second class or village shall: (1) Be presented in writing; (2) state the name and address of the claimant and the amount of the claim; and (3) fully and accurately identify the items or services for which payment is claimed or the time, place, nature, and circumstances giving rise to the claim.

As a condition precedent to maintaining an action for a claim, other than a tort claim as defined in section 13-903, the claimant shall file such claim within ninety days of the accrual of the claim in the office of the city or village clerk.

The city or village clerk shall notify the claimant or his or her agent or attorney by letter mailed to the claimant's address within five days if the claim is disallowed by the city council or village board of trustees.

No costs shall be recovered against such city or village in any action brought against it for any claim or for any claim allowed in part which has not been presented to the city council or village board of trustees to be audited, unless the recovery is for a greater sum than the amount allowed with the interest due.

Presentation of claim to municipal utility board, where that board had no power to consider claims nor any duty to forward claims to the city council, does not constitute compliance with this section. Hammond v. City of Broken Bow, 239 Neb. 437, 476 N.W.2d 822 (1991).

The word ''claim'' as used in this section applies alone to those arising upon contract and not in tort. Bayard v. City of Franklin, 87 Neb. 57, 127 N.W. 113 (1910); Butterfield v. The requirement that no costs can be recovered unless the claim has been first presented to the mayor and council to be audited does not make their action judicial, and their decision does not have the force and effect of a judgment. State ex rel. Minden Edison E. L. & P. Co. v. City of Minden, 84 Neb. 193, 120 N.W. 913 (1909), 21 L.R.A.N.S. 289 (1909).

Fact that claim was filed with council need not be proved in personal injury cases. City of Lexington v. Fleharty, 74 Neb. 626, 104 N.W. 1056 (1905); City of Lexington v. Kreitz, 73 Neb. 770, 103 N.W. 444 (1905).

The failure to present a claim to council where the action is for personal injuries does not affect the right of recovery. City of Chadron v. Glover, 43 Neb. 732, 62 N.W. 62 (1895).

Failure to present claim to council prevents the recovery of costs but does not affect recovery otherwise. City of Crete v. Childs, 11 Neb. 252, 9 N.W. 55 (1881).

17-715 Claims; allowance; payment.

Upon the allowance of claims by the council or trustees, the order for their payment shall specify the particular fund or appropriation out of which they are payable as specified in the adopted budget statement; and no order or warrant shall be drawn in excess of eighty-five percent of the current levy for the purpose for which it is drawn, unless there shall be sufficient money in the treasury at the credit of the proper fund for its payment; *Provided,* that in the

event there exists at the time such warrant is drawn, obligated funds from the federal government or the State of Nebraska, or both from the federal government and the State of Nebraska, for the general purpose or purposes of such warrant, then such warrant may be drawn in excess of eighty-five percent of the current levy for the purpose for which it is drawn to the additional extent of one hundred percent of such obligated federal or state funds. No claim shall be audited or allowed unless an order or warrant for the payment thereof may legally be drawn.

The city council in cities and board of trustees in villages having only voluntary fire departments or companies may levy a tax annually of not more than seven cents on each one hundred dollars upon the taxable value of all the taxable property within such cities or villages for the maintenance and benefit of such fire departments or companies. The amount of such tax shall be established at the beginning of the year and shall be included in the adopted budget statement. Upon collection of such tax, the city or village treasurer shall disburse the same upon the order of the chief of the fire department with the approval of the city council or board of trustees.

BOARD OF PUBLIC WORKS IN CITIES OF THE SECOND CLASS

Section

17-801 Board of public works; how created; members; appointment; removal; qualifications; terms.

Whenever any city of the second class has or is about to establish or acquire any system of waterworks, power plant, ice plant, gas plant, sewerage, heating or lighting plant, or distribution system, the city council of such city may, in its own discretion, by ordinance, create a board of public works, which shall consist of not less than three, nor more than six members, residents of such city, to be appointed by the mayor, subject to the approval of the city council; and they may be removed by the mayor and a majority of the members elected to the city council at any time. The term of the first members of the board shall be one, two, three, or four years in the manner designated by the mayor, as the case may be, after which the term of each member shall be four years; and the terms of not more than two members shall expire at any one time.

17-802 Board of public works; powers and duties; city council; approve budget.

The city council may, by ordinance, confer upon a board of public works the active direction and supervision of any or all of the utility systems owned or operated by such city. The city council shall approve the budget of each proprietary function as provided in the Municipal Proprietary Function Act. Such board shall have the power to operate any utility referred to it and to exercise all powers conferred by law upon such cities for the operation and government of such utility to the same extent, in the same manner, and under the same restrictions as the city council could do if no such board of public

works existed, except that such board of public works shall not make any expenditure or contract any indebtedness other than for ordinary running expenses, exceeding an amount established by the city council, without first obtaining the approval of the city council. The board of public works shall report to the city council at regular intervals as it may require.

17-802.01 Board of public works; insurance plan; cooperation and participation.

The mayor and council may, by ordinance, authorize and empower the board of public works to cooperate and participate in a plan of insurance designed and intended for the benefit of the employees of any public utility operated by the city. For that purpose the board of public works may make contributions to pay premiums or dues under such plan, authorize deductions from salaries of employees, and take such other steps as may be necessary to effectuate such plan of insurance.

17-805 Board of public works; organization; meetings; records.

The members of the board of public works shall organize as soon as practicable after their appointment, by electing a chairman and secretary, who shall serve until the first meeting in June next following; and thereafter said board shall elect a chairman and secretary at the first meeting in June each year. In the absence of the regular officers, temporary officers to serve in their places may be chosen by the members present at any meeting. They shall establish regular times for meeting and may adopt such rules as may be necessary or desirable for the conduct of their business. They shall keep a record of their proceedings and if there is a legal newspaper published in or of general circulation in said city, shall publish therein the minutes of each meeting within thirty days after it is held.

(a) PUBLIC UTILITIES SERVICE

17-901 Utilities; service; contracts for sale; when authorized.

Any city of the second class or village is hereby authorized and empowered to enter into a contract for the furnishing of electricity, power, steam or other product of any system or plant, owned and operated by such city or village, to any person or corporation, if the furnishing of such electricity, power, steam or other product shall not interfere with the proper purposes for which the lighting, heating, waterworks or other plant of such city or village was intended.

Where village without authority makes a contract with power company to furnish electric current to village and its people by ordinance, at a definite rate for twenty-five years, and thereafter the Legislature empowered it to make such contracts, the company is estopped to claim the contracts were ultra vires when made. Village of Davenport v. Meyer Hydro-Electric Power Co., 110 Neb. 367, 193 N.W. 719 (1923).

Where city without statutory authority makes contract with power company for electric current for a definite time and rate, and thereafter Legislature empowers it to make such contracts, the power company is estopped to claim such contract is ultra vires, and will be compelled to complete it. Central Power Co. v. Central City, 282 F. 998 (8th Cir. 1922).

17-902 Utilities; contracts for service; transmission lines authorized.

Any city of the second class or village is hereby authorized and empowered to enter into a contract with any person or corporation either within or without the corporate limits of such city or village for the furnishing of electricity, power, steam or other product to such city or village or to any electric, power, steam or other system or plant owned and operated by such city or village. Such city of the second class or village is hereby authorized and empowered for the purpose of carrying out the provisions of sections 17-901 to 17-904, to have a right-of-way for and to maintain transmission lines upon, within and across any of the public highways of this state as is provided by law for persons, firms, associations and corporations engaged in generating and transmitting electric current within this state.

17-903 Utilities; contracts for service; approval of electors; bonds; interest; taxes.

Before any city of the second class or village shall make any contract with any person or corporation within or without such city or village for the furnishing of electricity, power, steam or other product to such city or village, or any such municipal plant within such city or village, the question shall be submitted to the electors voting at any regular or special election upon the proposition; and such city of the second class or village may, by a majority vote at such election, vote bonds or taxes for the purpose of defraying the cost of such transmission line and connection with any person, firm, corporation or other city or village with which it may enter into a contract for the purchasing of electricity, power, steam or other product. The question of issuing bonds for any of the purposes herein contemplated shall be submitted to the electors at an election held for that purpose, after not less than twenty days' notice thereof shall have been given by publication in some newspaper published and of general circulation in such municipality, or, if no newspaper is published therein, then by posting in five or more public places therein. Such bonds may

be issued only when a majority of the electors voting on the question favor their issuance. They shall bear interest, payable annually or semiannually, and shall be payable any time the municipalities may determine at the time of their issuance, but in not more than twenty years after their issuance. The council or board shall levy annually a sufficient tax to maintain, operate, and extend any system or plant, and to provide for the payment of the interest on, and the principal of, any bonds that may have been issued as herein provided; *Provided*, that if no tax or issuance of bonds is required, any city of the second class or village may by resolution of the city council or board of trustees contract for the furnishing of electricity at retail to such city or village, or to any electric plant within such city or village, with any public power district, or an electric cooperative which cooperative has an approved retail service area adjoining such city or village.

17-904 Transmission line outside city prohibited.

Nothing contained in sections 17-901 to 17-903 shall be construed as granting power to any city of the second class or village to construct and maintain transmission lines outside of such city or village for the purpose of selling electricity, power, steam or other product of its plant to another municipality or the residents therein.

17-905 Utilities; acquisition; revenue bonds; issuance; when authorized.

Supplemental to any existing law on the subject and in lieu of the issuance of general obligation bonds, or the levying of taxes upon property, as by law provided, any city of the second class or any village may construct, purchase or otherwise acquire a waterworks plant or a water system, or a gas plant or a gas system, including a natural or bottled gas plant, gas distribution system or gas pipe lines, either within or without the corporate limits of the city or village, and real and personal property needed or useful in connection therewith, and pay the cost thereof by pledging and hypothecating the revenue and earnings of any waterworks plant or water system, or gas plant or gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, owned or to be owned by the city or village. In the exercise of the authority herein granted, the city or village may issue and sell revenue bonds or debentures and enter into such contracts in connection therewith as may be proper and necessary. Such revenue bonds or debentures shall be a lien only upon the revenue and earnings of the waterworks plant or water system, gas plant or gas system, including a natural or bottled gas plant, gas distribution system or gas pipe lines, owned or to be owned by the city or village. No such city or village shall pledge or hypothecate the revenue and earnings of any waterworks plant or water system, or gas plant or gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, nor issue revenue bonds or

debentures, as herein authorized, until the proposition relating thereto has been submitted in the usual manner to the qualified voters of such city or village at a general or special election, and approved by a majority of the electors voting on the proposition submitted; *Provided,* such proposition shall be submitted, whenever requested, within thirty days after a sufficient petition signed by the qualified voters of such city or village equal in number to twenty percent of the vote cast at the last general municipal election held therein is filed with the city clerk or village clerk, as the case is. Three weeks' notice of the submission of the proposition shall be given by publication in some legal newspaper published in or of general circulation in such city or village, or, if no legal newspaper is published therein, then by posting in five or more public places therein. The requirement herein for a vote of the electors, however, shall not apply when such city or village seeks to pledge or hypothecate such revenue or earnings, or issue revenue bonds or debentures solely for the maintenance, extension or enlargement of any waterworks plant or water system, or any gas plant or any gas system, including a natural or bottled gas plant, gas distribution system or gas pipelines, owned by such city or village.

17-905.01 Gas distribution system or bottled gas plant; lease by city; terms; submission to election.

Any city of the second class or any village which constructs a gas distribution system, or purchases or otherwise acquires a bottled gas plant, within the corporate limits of the city or village as provided in section 17-905, may lease any such facility or facilities to any such person, persons, corporation or corporations as the governing body of such city of the second class or village may select, upon such terms and conditions as it shall deem advisable; *Provided*, if there are any revenue bonds outstanding or to be outstanding at the time the lease becomes effective, for which the revenue and earnings of such facility or facilities are or shall be pledged and hypothecated, the net lease payments shall be sufficient to pay the principal and interest on said revenue bonds as the same become due; *and provided further*, that such proposition shall be first submitted to the qualified voters of such city of the second class or village in the manner set forth in section 17-905, such proposition to be submitted either independently of or in conjunction with the proposition set forth in section 17-905.

17-906 Power plant; construction; eminent domain; procedure.

Any city of the second class or village is hereby authorized and empowered to erect a power plant, electric or other light works outside the corporate limits of such city or village, and to acquire such real estate required for any plant. Such city or village in establishing and erecting such plant shall have the right to purchase or take private property for the purpose of erecting the plant and constructing, running, and extending its transmission line. In all cases such city or village shall pay to such person or persons whose property shall be taken or injured thereby such compensation therefor as may be agreed upon or as shall be allowed by lawful condemnation proceedings. The procedure to condemn

property shall be exercised in the manner set forth in sections 76-704 to 76-724, except as to property specifically excluded by section 76-703 and as to which sections 19-701 to 19-707 are applicable.

17-907 Power plant; transmission lines; right-of-way.

Such city or village is hereby given, for the purpose of erecting and operating such plant, a right-of-way over and the right to erect and maintain transmission lines upon, within, and across any of the public highways of the state, subject to the provisions of sections 75-709 to 75-724.

17-908 Power plant; construction; election; bonds; interest; redemption.

Before such city or village makes any contract with any person or corporation relating in any manner whatever to the erection of such proposed plant, the question as to whether such plant shall be erected shall be duly submitted to the electors voting at any regular or special election upon the proposition, and such city of the second class or village may by a majority of the votes cast at such election vote bonds in an amount not in excess of seven percent of the taxable valuation of such city or village for the purpose of defraying the cost of such plant. The question of issuing such bonds shall be submitted to the electors at an election held for that purpose after not less than thirty days' notice thereof has been given by publication in some newspaper of general circulation in such city or village or, if no newspaper is published therein, then by posting at five or more public places therein for at least thirty days before such election. Such bonds shall bear interest, payable annually or semiannually, and shall be payable any time the city or village may determine at the time of their issuance but in not more than twenty years after their issuance. The city or village shall have the option of paying any or all of such bonds at any time after five years from their date.

17-909 Power plant; operation and extension; tax authorized.

The council or board of such city or village shall levy annually a sufficient tax to maintain, operate and extend any such plant, and to provide for the payment of the interest on the principal of any bonds that may have been issued as provided in section 17-908.

17-910 Joint power plant; construction; approval of electors.

Two or more cities of the second class or villages may jointly erect such a plant which shall serve such respective cities or villages, and such plant may be

owned and operated jointly by such respective cities or villages. Such cities or villages shall have the same rights and privileges as are in sections 17-906 to 17-909 granted to any single city or village. Before such cities or villages shall make any contract with any person or corporation relating in any manner whatever to the erection of such proposed plant, the question as to whether such jointly owned and operated plant shall be erected shall first be duly submitted to the electors of the respective cities or villages contemplating the erection of such plant, and approved by a sixty percent majority of the voters in each of such cities or villages in the manner provided in section 17-908.

17-911 Joint power plant; bonds; election; interest.

Such cities or villages in contemplating the erection of such a plant may vote joint bonds in an amount not in excess of seven percent of the valuation of such cities or villages for the purpose of defraying the cost of such plant. The question of issuing such joint bonds for the purpose contemplated shall be submitted to the electors of the respective cities or villages interested at an election held for that purpose in each of such cities or villages after notice thereof for not less than twenty days shall have been given by publication in the manner provided in section 17-908. Such bonds may be issued only when a majority of the electors in each of the cities or villages interested and voting on the question favor their issuance. If in any one of such cities or villages voting on such question a majority of the electors voting in such city or village shall fail to favor the issuance of such joint bonds then the entire election in all of the cities or villages voting shall be deemed void and of no effect. Such joint bonds shall bear interest payable annually or semiannually, and shall be payable any time the cities or villages may determine at the time of their issuance, but in not more than twenty years after their issuance, with the option of paying any or all of such bonds at any time after five years from their date.

(b) SEWERAGE SYSTEM

17-913 Sewers; resolution to construct, purchase, or acquire; contents; estimate of cost.

Whenever the city council of any city of the second class, or the board of trustees of any village, shall deem it advisable or necessary to build, recon-

struct, purchase, or otherwise acquire a sanitary sewer system or a sanitary or storm water sewer, or sewers or sewage disposal plant, or pumping stations or sewer outlets for any such city or village, constructed or to be constructed in whole or in part inside or outside thereof, it shall declare the advisability and necessity therefor in a proposed resolution, which resolution, in the case of pipe sewer construction, shall state the kinds of pipe proposed to be used, and shall include cement concrete pipe and vitrified clay pipe and any other material deemed suitable, and shall state the size or sizes and kinds of sewers proposed to be constructed and shall designate the location and terminal points thereof. If it is proposed to construct disposal plants or pumping stations or outlet sewers, the resolution shall refer to the plans and specifications thereof which shall have been made and filed before the publication of such resolution by the city engineer of any such city or by the engineer who has been employed by any such city or village for such purpose. If it is proposed to purchase or otherwise acquire a sanitary sewer system or a sanitary or storm water sewer, or sewers or sewage disposal plant, or pumping stations or sewer outlets, the resolution shall state the price and conditions of the purchase or how same is being acquired. Such engineer shall also make and file, prior to the publication of such resolution, an estimate of the total cost of the proposed improvement. The proposed resolution shall state the amount of such estimated cost. The city council or board of trustees shall have power to assess, to the extent of special benefits, the cost of such portions of said improvements as are local improvements, upon properties found especially benefited thereby; and the resolution, hereinabove mentioned, shall state the outer boundaries of the district or districts in which it is proposed to make special assessments.

17-914 Sewers; resolution to construct; publication; hearing.

Notice of the time when any such resolution shall be set for consideration before the council or board shall be given by at least two publications in a newspaper of general circulation published in the city or village, which publication shall contain the entire wording of the resolution. The last publication shall be not less than five days nor more than two weeks prior to the time set for hearing of objections to the passage of any such resolution, at which hearing the owners of the property which might become subject to assessment for the contemplated improvement may appear and make objections to the proposed improvement. Thereupon the resolution may be amended and passed or passed as proposed.

17-917 Sewers; resolution to construct, purchase, or acquire; vote required.

Upon compliance with sections 17-913 to 17-916, the council or board of trustees may by resolution order the making, reconstruction, purchase or otherwise acquiring of any of the improvements provided for in section 17-913. The vote upon any such resolution shall be as required by section 17-616.

17-918 Sewers; construction; contracts; notice; bids; acceptance.

After ordering any such improvements as provided for in section 17-917, the council or board may enter into a contract for the construction of same in one or more contracts, but no work shall be done or contract let until notice to contractors has been published in a newspaper of general circulation, published in such city or village, and if there be no newspaper of general circulation published in said city or village, then in some newspaper of general circulation published in the county wherein such city or village is located. The notice shall be published in at least two issues of such paper and shall state the extent of the work, and the kinds of material to be bid upon, including in such notice all kinds of material mentioned in the resolution specified in section 17-913, the amount of the engineer's estimate of the cost of the said improvements, and the time when bids will be received. The work herein provided for shall be done under written contract with the lowest responsible bidder on the material selected after the bids are opened and in accordance with the requirements of the plans and specifications. The council or board may reject any or all bids received and advertise for new bids in accordance herewith.

A public body has discretion to award the contract to one other than the lowest of the responsible bidders whenever a submitted bid contains a relevant advantage. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

By mandating that contracts be awarded to the lowest responsible bidder, the Nebraska Legislature is seeking to protect taxpayers, prevent favoritism and fraud, and increase competition in the bidding process by placing bidders on equal footing. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

Determining the lowest responsible bidder is a two-step process. The first step is for the public body to determine which bidders are responsible to perform the contract. The second step focuses on which of the responsible bidders has submitted the lowest bid. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

Determining the responsibility of bidders is a job for elected officials, and a court's only role is to review those decisions to make sure the public officials did not act arbitrarily, or from favoritism, ill will, or fraud. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

In addition to a bidder's pecuniary ability, responsibility pertains to a bidder's ability and capacity to carry on the work, the bidder's equipment and facilities, the bidder's promptness, the quality of work previously done by him or her, the bidder's suitability to the particular task, and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, he or she could perform it strictly in accordance with its terms. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

Public bodies do not act ministerially only, but exercise an official discretion when passing upon the question of the responsibility of bidders. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

When responsible bidders submit identical bids, the public body must award the contract to the lowest of the responsible bidders. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

Engineer's estimate of cost of improvements must be stated in notice. Hutton v. Village of Cairo, 159 Neb. 342, 66 N.W.2d 820 (1954).

17-919 Sewers; acceptance by engineer; approval; cost; assessments; notice.

After the completion of any such work or purchase or otherwise acquiring the system, the engineer shall file with the clerk of such city or village a certificate of acceptance, which acceptance shall be approved by the council or board by resolution. The council or board shall then require the engineer to make a complete statement of all the costs of any such improvement and a plat of the property in the district and a schedule of the amount proposed to be assessed against each separate piece of property in such district, which shall be filed with the city or village clerk within ten days from date of acceptance of the work, purchase or otherwise acquiring the system. The council or board shall then order the clerk to give notice that such plat and schedules are on file in his office and that all objections thereto, or to prior proceedings on account of errors, irregularities or inequalities, not made in writing and filed with the city or village clerk within twenty days after the first publication of such notice, shall be deemed to have been waived. Such notice shall be given by two publications in a newspaper of general circulation published in such city or village, but if no paper is published within such city or village, then such notice may be given by publication in some newspaper of general circulation in such city or village, and by posting in each of three public places in the city or village. Such notice shall state the time and place where objections, filed as herein provided for, shall be considered by the city council or village board.

17-920 Sewers; assessments; hearing; equalization; payable in installments; interest.

The hearing on the proposed assessment shall be held by the city council or village board, sitting as a board of adjustment and equalization, at the time specified in such notice which shall be not less than twenty days nor more than thirty days after the date of first publication unless adjourned. Such session may be adjourned, with provisions for proper notice of such adjournment. At such meeting, the proposed assessment shall be adjusted and equalized with reference to benefits resulting from the improvement and shall not exceed such benefits; *Provided,* if any special assessment be payable in installments, each

installment shall draw interest payable semiannually or annually from the date of levy until due. Such delinquent installments shall draw interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, until paid.

Levy of special benefits, by the frontage rule, should be equal and uniform and levied on abutting property only. Such levy must not exceed the benefits to such property. Hurd v. Sanitary Sewer District No. 1 of Harvard, 109 Neb. 384, 191 N.W. 438 (1922).

17-921 Sewers; assessments; levy; collection.

After the equalization of such special assessments as herein required, the same shall be levied by the mayor and council or the board of village trustees, upon all lots or parcels of ground within the district specified which are benefited by reason of said improvement. The same may be relevied if, for any reason, the levy thereof is void or not enforceable and in an amount not exceeding the previous levy. Such levy shall be enforced as other special assessments, and any payments thereof under previous levies shall be credited to the person or property making the same. All assessments made for such purposes shall be collected in the same manner as general taxes and shall be subject to the same penalties.

Special assessments are a lien when levied and assessed. Belza v. Village of Emerson, 159 Neb. 651, 68 N.W.2d 272 (1955).

Where improvements are made, and property owner had opportunity to object when special assessments were determined by board, he cannot, after the levy is made, attack such levy collaterally, except for a jurisdictional defect in proceedings. Weilage v. City of Crete, 110 Neb. 544, 194 N.W. 437 (1923).

17-922 Sewers; assessments; interest; exempt property; cost; how paid.

No city council or village board shall cause to be assessed for any of the improvements herein provided, property by law not assessable, or property not included within the district defined in the preliminary resolution, and shall not assess property not benefited. The cost of sewers at the intersection of streets and alleys and opposite property belonging to the United States Government, or other property not assessable, may be included with the cost of the rest of the work and may be assessed on the property within the district, if benefited by the improvement to such extent, or may be paid from unappropriated money in the general fund. The cost of the improvements shall draw interest from the date of acceptance thereof by the city council or village board.

In absence of a jurisdictional defect in proceedings, where property owner had opportunity but failed to present his objections to the municipal body making assessments for local improvements, he cannot thereafter attack collaterally the levy so made. Weilage v. City of Crete, 110 Neb. 544, 194 N.W. 437 (1923).

In levying special assessments for construction of sewers, they should be confined to abutting property only. Hurd v. Sanitary Sewer District No. 1 of Harvard, 109 Neb. 384, 191 N.W. 438 (1922).

17-923 Sewers; assessments; when due; interest.

All special assessments provided for in section 17-921 shall become due in fifty days after the date of the levy and may be paid within that time without interest, but if not so paid they shall bear interest thereafter until delinquent. Such assessment shall become delinquent in equal annual installments over such period of years as the council or board of trustees may determine at the time of making the levy. Delinquent installments shall bear interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, until paid and shall be collected in the usual manner for the collection of taxes.

17-924 Sewers; assessments; sinking fund; purpose.

All the special assessments provided for in section 17-921 shall, when levied, constitute a sinking fund for the purpose of paying the cost of the improvements herein provided for with allowable interest thereon, and shall be solely and strictly applied to such purpose to the extent required; but any excess thereof may be by the council or board, after fully discharging the purposes for which levied, transferred to such other fund or funds as the council may deem advisable.

17-925 Sewers; bonds; term; rate of interest; partial payments; final payment; contractor; interest; special assessments; tax authorized.

For the purpose of paying the cost of the improvements herein provided for, the city council of any such city or board of trustees of any such village, after such improvements have been completed and accepted, shall have the power to issue negotiable bonds of any such city or village, to be called Sewer Bonds, payable in not exceeding twenty years and bearing interest payable annually or semiannually, which may either be sold by the city or village or delivered to the contractor in payment for the work, but in either case for not less than their par value. For the purpose of making partial payments as the work progresses, warrants may be issued by the mayor and council or by the board of trustees upon certificates of the engineer in charge showing the amount of work completed and materials necessarily purchased and delivered for the orderly and proper continuation of the project, in a sum not exceeding ninety-five percent of the cost thereof and upon the completion and acceptance of the work issue a final warrant for a balance of the amount due the contractor, which warrants shall be redeemed and paid upon the sale of the bonds issued and sold as aforesaid. The city or village shall pay to the contractor interest at the rate of eight percent per annum on the amounts due on partial and final payments beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body, and running until the date that the warrant is tendered to the contractor. All special assessments which may be levied upon property specially benefited by such work or improvements shall, when collected, be set aside and constitute a sinking fund

for the payment of the interest and principal of said bonds. There shall be levied annually upon all the taxable property in said city or village a tax, which, together with such sinking fund derived from special assessments, shall be sufficient to meet payments of interest and principal as the same become due. Such tax shall be known as the sewer tax and shall be payable annually in money.

17-925.01 Sewers; water utilities; maintenance and repair; tax authorized; service rate in lieu of tax; lien.

The mayor and council of any city of the second class or the board of trustees of any village is hereby authorized, after the establishment of a system of sewerage and at the time of levying other taxes for city or village purposes, to levy a tax of not more than three and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such city or village for the purpose of creating a fund to be used for the maintenance and repairing of any sewer or water utilities in such city or village. In lieu of the levy of such tax, the mayor and city council of any such city or the board of trustees of any village may establish by ordinance such rates for such sewer service as may be deemed by them to be fair and reasonable, to be collected from either the owner or the person, firm, or corporation requesting the services at such times, either monthly, quarterly, or otherwise, as may be specified in the ordinance. All sewer charges shall be a lien upon the premises or real estate for which the same is used or supplied. Such lien shall be enforced in such manner as the local governing body provides by ordinance. The charges thus made when collected shall be placed either in a separate fund or in a combined water and sewer fund and used exclusively for the purpose of maintenance and repairs of the sewer system, or the water and sewer system, in such city or village.

(c) CEMETERIES

17-926 Cemetery; acquisition; condemnation; procedure.

Any city of the second class or village through its mayor and city council or board of trustees may, by eminent domain, condemn, purchase, hold, and pay for land not exceeding one hundred sixty acres outside the corporate limits of any city of the second class or village for the purpose of the burial of the dead. The mayor and council or chairperson and board of trustees are also empowered and authorized to receive by gift or devise real estate for cemetery purposes. In the event any city of the second class or village through its mayor and council or chairperson and board of trustees desires to purchase any cemetery belonging to any corporation, partnership, limited liability company, association, or individual, which cemetery has already been properly surveyed and platted, and is used for cemetery purposes, then the mayor and city council or chairperson and board of trustees are hereby authorized and empowered to purchase the cemetery. In the event the owner or owners of such cemetery desired to be purchased by any city of the second class or village will not or cannot sell and convey same to the city or village or in the event the owner or owners of such cemetery cannot agree upon the price to be paid for the cemetery, the mayor and council of any city of the second class or the board of trustees of any village shall by resolution declare the necessity for the acquisition thereof by exercise of the power of eminent domain. The adoption of the resolution shall be deemed conclusive evidence of such necessity. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

17-932 Repealed. Laws 1951, c. 101, § 127.

17-933 Cemetery; acquisition; title.

Where such real estate is acquired by gift or devise, the title shall vest in the city or village upon the conditions imposed by the donor and upon acceptance by the mayor and city council or chairman and board of trustees. Where such real estate is acquired by purchase or by virtue of exercise of the right of eminent domain, the title shall vest absolutely in such city or village. Nothing in sections 17-933 to 17-937 shall be construed in any manner to affect cemeteries belonging to any religious organization or society, lodge or fraternal society.

17-934 Cemetery; existing cemetery association; transfer to; conditions.

In any such city or village where there exists a duly perfected cemetery association, formed under the provisions of sections 12-501 to 12-529, and in the further event that said cemetery association, formed as aforesaid, shall propose to the mayor and council of such city or to the chairman and board of trustees of such village by means of a resolution duly enacted by such cemetery association, signed by its president and attested by its secretary, signifying the willingness of said cemetery association to exercise control and management of any cemetery belonging to such city or village, then and in that event, said mayor and council, or said chairman and board of trustees shall submit at the next regular municipal election the question of the management and control over said cemetery under the conveyance made by the proper authorities of such city or village. If a majority of the votes cast at such election shall favor the transfer of the management and control of the cemetery belonging to such city or village to the said cemetery association, the management and control of such cemetery shall be relinquished forthwith by the proper authorities of such city or village to said cemetery association. Where the real estate of the cemetery of such city or village shall have been acquired by gift or devise, the relinquishment of the management and control to such cemetery association shall be subject to the conditions imposed by the donor; and upon acceptance by the president and secretary of such cemetery association, said conditions shall be binding upon such cemetery association.

17-935 Existing cemetery association; transfer; deeds; how executed.

Subsequent to the relinquishment by the mayor and council of such city, or the chairman and board of trustees of such village to the proper officers of such cemetery association, as aforesaid, the deeds to all burial lots executed by the trustees of such cemetery association, through its president and secretary, shall as a matter of course be signed, sealed, acknowledged, and delivered by the proper officers of such city or village as other real property of such city or village is conveyed, except that the transfer of such burial lots shall not require a vote of a majority of the electors of such city or village to make title to the same valid and legal in the purchaser or purchasers thereof.

17-936 Existing cemetery association; transfer of funds.

In case of the transfer of the management and control of such village or city cemetery, as provided in sections 17-934 and 17-935, the cemetery board erected under section 12-401 shall have no jurisdiction over the management and control of such cemetery after said transfer. In the event of such transfer, as aforesaid, any funds or any money to the credit of the cemetery fund created under section 12-402, shall be paid over by the village treasurer of such village or by the city treasurer of such city to the treasurer of the cemetery association; and all endowments contemplated under section 12-301 to such village or city cemetery shall vest absolutely in the cemetery association to whom the control and management of such cemetery shall have been transferred.

17-937 Existing cemetery association; trustees; oath; bond; vacancy; how filled.

Each of the trustees of such cemetery association shall thereupon forthwith qualify by subscribing to an oath in the office of the city clerk or village clerk, as the case may be, substantially as follows: That he will faithfully, impartially, and honestly perform his duties as such trustee; *provided further*, that whenever the trustees of any cemetery association organized under sections 17-926 to 17-939, shall receive the gift of any property, real or personal, in trust, for the perpetual care of said cemetery, or anything connected therewith, said trustees shall, upon the enactment of bylaws by the association to that effect, require the treasurer of said association to give a bond to said association in a sum equal to the amount of said trust fund and other personal property, conditioned for the faithful administration of said trust and for the care of said funds and property. Said bonds shall be approved by the mayor of the city and by the chairman of the board of trustees of the village and shall remain on file with and in the custody of the city clerk or the village clerk, as the case may be, of such city or village. The premium on the bond of the treasurer shall be paid from available cemetery funds credited to or in the hands of said cemetery association. In the event of a vacancy occurring among the members of the board of trustees of such cemetery association, such vacancy shall be filled in the like manner as the original member of said board of trustees was elected in accordance with the provisions of section 12-501. Such trustee elected as aforesaid to fill such vacancy shall subscribe to the oath as hereinbefore provided. Such appointment to fill such vacancy shall continue until the successor of such trustee shall be duly elected and qualified.

17-938 Cemetery; maintenance; tax; forfeiture of lot; resale; reclamation of lot; procedure.

(1) The mayor and city council or the board of trustees of such city or village are hereby empowered to levy a tax not to exceed five and two-tenths cents on each one hundred dollars upon the taxable value of all taxable property in such city or village for any one year for improving, adorning, protecting, and caring for such cemetery.

(2) Except as provided in subsection (3) of this section, all certificates to any lot or lots upon which no interments have been made and which have been sold for burial purposes under the provisions of section 17-941 may be declared

forfeited and subject to resale if, for more than three consecutive years, all charges and liens as provided herein or by any of the rules, regulations, or bylaws of the association are not promptly paid by the holders of such certificates. All certificates to any lot or lots sold shall contain a forfeiture clause to the effect that if no interment has been made on the lot or lots and all liens and charges have not been paid as provided in this subsection, by ordinance, or in the bylaws of the association, such certificate and the rights under the same may, at the option of the cemetery board, with the sanction of the mayor and council or of the chairperson and board of trustees, as the case may be, be declared null and void and the lot or lots shall be subject to resale as in the first instance.

(3) When any lot has been transferred by warranty deed or by a deed conveying a fee simple title, but there has been no burial in any such lot or subdivision thereof and no payment of annual assessments for a period of three years, the cemetery board, with the sanction of the mayor and council or of the chairperson and board of trustees, as the case may be, may reclaim the unused portion of such lot or subdivision after notifying the record owner or his or her heirs or assigns, if known, by certified mail and publishing notice of its intention to do so. Such notice shall be published once each week for four weeks in a newspaper of general circulation throughout the county in which the cemetery is located, shall describe the lot or subdivision proposed to be reclaimed, and shall be addressed to the person in whose name such portion stands of record or, if there is no owner of record, to all persons claiming any interest in such lot or subdivision. If no person appears to claim such lot or subdivision and pay all delinquent assessments with interest within fifteen days after the last date of such publication, the cemetery board may by resolution reclaim such lot or subdivision. Such reclamation shall be complete upon a filing of a verified copy of such resolution, together with proof of publication, in the office of the register of deeds.

17-939 Cemetery; acquisition; bonds; interest; approval of electors required.

The mayor and council of any such city of the second class or the board of trustees of any such village are hereby authorized to issue bonds in a sum not exceeding ten thousand dollars for the purpose of acquiring title by purchase or by virtue of eminent domain to land now used for cemetery purposes and that may be hereafter acquired for any necessary addition to any existing cemetery. No such bonds shall be issued until the question of issuing the same shall be submitted to the electors of any such city or village at a general election thereof, or at a special election called for the purpose of submitting the proposition of issuing such bonds, and unless at such election a majority of the electors voting on the proposition shall have voted in favor of issuing such bonds. Such bonds shall be payable in not exceeding ten years from date and shall bear interest payable annually or semiannually. Notice of such election shall be given by publication in a legal newspaper published or of general circulation in the city or village for three successive weeks, the final publication to be not more than ten days prior to the date of such election, as therein

specified. The election shall be governed, insofar as applicable, by the laws of this state governing general elections.

17-942 Cemetery; lots; ownership and use; regulations.

The mayor and council or board of trustees may limit the number of cemetery lots which shall be owned by the same person at the same time. They may prescribe rules for enclosing, adorning, and erecting monuments and tombstones on cemetery lots. They may prohibit any diversion of the use of such lots and any improper adornment thereof; but no religious test shall be made as to the ownership of lots, the burial therein, or the ornamentation of graves or of such lots.

The section does not apply to cities having over five thousand inhabitants. State ex rel. Wyuka Cemetery Assn. v. Bartling, 23 Neb. 421, 36 N.W. 811 (1888).

17-945 Cemetery association; trustees; conveyances; recording.

Upon the formation of such cemetery association, the lot owners in such cemetery shall elect five of their number as trustees, to whom shall be given the general care, management, and supervision of such cemetery. The mayor or chairman of such city or village shall, by virtue of his office, be a member of the board of trustees, and it shall be his duty to make, execute, and deliver to purchasers of lots deeds therefor, when requested by such board of trustees. Such deed shall be executed under the corporate seal of such city, and countersigned by the clerk, specifying that the person to whom the same is issued is the owner, for the purposes of interment, of the lot or lots described therein by numbers, as laid down on the map or plat of such cemetery. Such deed shall vest in the proprietor, his or her heirs or assigns, a right in fee simple to such lot for the sole purpose of interment, under the regulations of the board of trustees; and such deed shall be entitled to be recorded in the office of the county clerk of the proper county without further acknowledgment or authentications, and such description of lots shall be deemed and recognized as a sufficient description thereof.

17-946 Cemetery association; powers of board of trustees; income; use.

(1) The board of trustees of a cemetery association formed pursuant to section 17-944 shall have power:

(a) To limit the number of cemetery lots that shall be owned by the same person at the same time;

(b) To prescribe rules for enclosing, adorning, and erecting monuments and tombstones on cemetery lots;

(c) To prohibit any diversions of the use of such lots, and any improper adornment thereof, but no religious tests shall be made as to the ownership of lots, the burial therein, or the ornamentation of graves or of such lots; and

(d) To pass rules and ordinances imposing penalties and fines, not exceeding one hundred dollars, regulating, governing, and protecting the cemetery, the owners of lots therein, visitors thereof, and trespassers therein.

(2) The officers of a city of the second class or village in which a cemetery association has been formed pursuant to such section shall have as full jurisdiction and power in the enforcing of rules and ordinances passed pursuant to subsection (1) of this section as though such rules and ordinances related to the corporation of such city or village itself.

(3) All money received from sale of lots in any such cemetery, or which may come to it by donation, bequest, or otherwise, shall be devoted exclusively to the care, management, adornment, and government of such cemetery itself and shall be expended exclusively for such purposes under the direction of the association's board of trustees, except that in addition, and notwithstanding any provision of Chapter 12, article 5, the principal of the fund that is attributable to money received from the sale of lots, or attributable to money which has come to the fund by donation, bequest, or otherwise that does not prohibit such use, may be used for the purchase and development of additional land to be used for cemetery purposes as long as no more than twenty-five percent of such principal is so used in any fiscal year and no more than thirty-five percent of such principal is so used in any period of ten consecutive fiscal years.

(4) This section does not limit the use of any money that comes to the city or village by donation, bequest, or otherwise that is not designated to be credited to the perpetual fund or that allows greater use for purchase or development of additional land to be used for cemetery purposes.

(d) RECREATION CENTERS

17-948 Recreation and conservation; real estate; acquisition by gift or purchase; title.

Cities of the second class and villages are empowered and authorized to receive, by gift or devise, and to purchase real estate within or without their corporate limits, for the purpose of parks, public grounds, swimming pools or dams, either for recreational or conservational purposes. Where such real estate is acquired by gift or devise the title shall be vested in the city or village,

upon the conditions imposed by the donor and upon the acceptance by the mayor and city council or the board of trustees; and where such real estate is acquired by purchase the title shall vest absolutely in such city or village.

17-949 Recreation and conservation; real estate; regulation and control; penalties authorized.

Whether the title to such real estate shall be acquired by gift, devise or purchase, the jurisdiction of the city council, park board or the board of trustees shall at once be extended over such real estate; and the city council, park board or board of trustees shall have power to enact bylaws, rules or ordinances for the protection and preservation of any real estate acquired as herein contemplated, and to provide rules and regulations for the closing of said park or swimming pool, in whole or in part, to the general public, and charge admission thereto during such closing, either by the municipality or by any person, persons or corporation leasing same. They may provide suitable penalties for the violation of such bylaws, rules or ordinances; and the police power of any such city or village, that shall acquire any real estate as herein contemplated, shall be at once extended over the same.

17-950 Recreation and conservation; real estate; acquisition; purposes; bonds; interest; approval of electors required.

The mayor and council of any such city, or the board of trustees of any such village, are hereby authorized to issue bonds for the purpose of acquiring title to real estate, as contemplated by sections 17-948 and 17-949, and for the purpose of improving, equipping, and furnishing such real estate as parks and recreational grounds and for the purpose of building swimming pools and dams. No such bonds shall be issued until the question of issuing the same shall have been submitted to the electors of such city or village at a general election therein, or at a special election called for the purpose of submitting a proposition to issue such bonds, and unless at such election a majority of the electors voting shall have voted in favor of issuing such bonds. The question of bond issues in such cities and villages, when defeated, shall not be resubmitted in substance for a period of six months from and after the date of such election. Such bonds shall be payable in not exceeding twenty years from their date, and shall bear interest payable annually or semiannually.

17-951 Facilities; maintenance and improvement; tax authorized.

The mayor and city council of any such city or the board of trustees of any such village which has already acquired or hereafter acquires land for park purposes or recreational facilities or which has already built or hereafter builds swimming pools, recreational facilities, or dams may each year make and levy a tax upon the taxable value of all the taxable property in such city or village. The

levy shall be collected and put into the city or village treasury and shall constitute the park and recreation fund of such city or village. The funds so levied and collected shall be used for amusements, for laying out, improving, and beautifying such parks, for maintaining, improving, managing, and beautifying such swimming pools, recreational facilities, or dams, and for the payment of salaries and wages of persons employed in the performance of such labor.

17-952 Board of commissioners; members; duties.

In each city or village, where land for park purposes or recreational facilities is acquired, or swimming pools, recreational facilities, or dams may be built, the mayor and city council of the city, or the trustees of the village, may provide by ordinance for the creation of a board of park commissioners, or board of park and recreation commissioners at the option of the city or village, which, in either case, shall be composed of not less than three members, who shall be residents of the city or village, and who shall have charge of all parks and recreational facilities belonging to the cities or villages, and shall have the power to establish rules for the management, care, and use of the same. Where such board of park commissioners or board of park and recreation commissioners has been appointed and qualified, all accounts against the park fund or park and recreation fund, as the case may be, shall be audited by such board, and warrants against the fund shall be drawn by the chairperson of the board, and warrants so drawn shall be paid by the city or village treasurer out of the fund.

(e) PUBLIC BUILDINGS

17-953 Public buildings; acquisition or construction; approval of electors required; exception.

Cities of the second class and villages are hereby authorized and empowered to (1) purchase, (2) accept by gift or devise, (3) purchase real estate upon which to erect, and (4) erect a building or buildings for an auditorium, fire station, municipal building, or community house for housing municipal enterprises and social and recreation purposes, and other public buildings, including the construction of buildings authorized to be constructed by Chapter 72, article 14, and including construction of buildings to be leased in whole or in part by the city or village to any other political or governmental subdivision of the State of Nebraska authorized by law to lease such buildings, and maintain, manage, and operate the same for the benefit of the inhabitants of said cities or villages. Except as provided in section 17-953.01, before any such purchase can be made or building erected, the question shall be submitted to the electors of such city or village at a general municipal election or at an election duly called for that

purpose, or as set forth in section 17-954, and be adopted by a majority of the electors voting on such question.

17-953.01 Purchase or construction of public buildings without bond issue; remonstrance; procedure.

If the funds to be used to finance the purchase or construction of a building under section 17-953 are available other than through a bond issue, then either:

(1) Notice of the proposed purchase or construction shall be published in a newspaper of general circulation in the city or village and no election shall be required to approve the purchase or construction unless within thirty days after the publication of the notice a remonstrance against the purchase or construction is signed by registered voters of the city or village equal in number to fifteen percent of the registered voters of the city or village voting at the last regular municipal election held therein and is filed with the governing body of the city or village. If the date for filing the remonstrance falls upon a Saturday, Sunday, or legal holiday, the signatures shall be collected within the thirty-day period, but the filing shall be considered timely if filed or postmarked on or before the next business day. If a remonstrance with the necessary number of qualified signatures is timely filed, the question shall be submitted to the voters of the city or village at a general municipal election or a special election duly called for that purpose. If the purchase or construction is not approved, the property involved shall not then, nor within one year following the election, be purchased or constructed; or

(2) The governing body may proceed without providing the notice and right of remonstrance required in subdivision (1) of this section if the property can be purchased below the fair market value as determined by an appraisal, and there is a willing seller, and the purchase price is less than twenty-five thousand dollars. The purchase shall be approved by the governing body after notice and public hearing as provided in section 18-1755.

17-954 Public buildings; purchase or construction; bonds; approval of electors required; exception.

The mayor and council of such city or the chairman and board of trustees of such village, as the case may be, adopting the proposition to make such purchase or erect such building or buildings for the purposes set forth in section 17-953 shall have the power to borrow money and pledge the property and credit of the city or village upon its negotiable bonds; *Provided,* no such bonds shall be issued until after the same have been authorized by a majority vote of the electors voting on the proposition of their issuance, at a general municipal election or at a special election called for the submission of such proposition; *and provided further,* the question of such purchase or erection of such a building or buildings, as set forth in section 17-953, and the question of the issuance of the negotiable bonds referred to in this section may be submitted as one question at a general municipal or special election if so

ordered by resolution or ordinance. Notice of the time and place of said election shall be given by publication in some legal newspaper printed in or of general circulation in such city or village three successive weeks immediately prior thereto. No such election for the issuance of such bonds shall be called until a petition therefor signed by at least ten percent of the legal voters of said city or village has been presented to the council or to the board of trustees. The number of voters voting at the last regular municipal election prior to the presenting of such petition shall be deemed the number of votes in said city or village for the purpose of determining the sufficiency of such petition. The question of bond issues for such purpose in such cities or villages when defeated shall not be resubmitted for six months from and after the date of such election; *Provided,* that when the building to be constructed is to be used by the State of Nebraska or its agency or agencies under a lease authorized by Chapter 72, article 14, or the building is to be leased by any other political or governmental subdivision of the State of Nebraska, when the combined area of the building to be leased by the state or its agency or agencies and the political or governmental subdivision of the State of Nebraska is more than fifty percent of the area of the building, and when such sum does not exceed two million dollars then no such vote of the electors will be required.

17-957 Cold storage plants; construction; cost; tax; bonds.

The cost of such utilities may be defrayed by the levy of a tax of not to exceed three and five-tenths cents on each one hundred dollars upon the taxable value of the taxable property within the corporate limits of such city or village in any

one year for a cold storage or refrigeration plant or, when such tax is insufficient for the purpose, by the issuance of bonds of the municipality.

17-958 Cold storage plants; bonds; approval of electors; interest; redemption.

The question of issuing bonds for any purpose contemplated by sections 17-956 to 17-960 shall be submitted to the electors at any election held for that purpose after not less than thirty days' notice has been given by publication in some legal newspaper published in and of general circulation in such municipality or, if no legal newspaper is published therein, by publication in some legal newspaper published in the county in which such city or village is located. If there is no legal newspaper published in the county wherein such city or village is located, the publication shall be in a legal newspaper of general circulation in the county. Such bonds may be issued only when a majority of the electors voting on the question favor their issuance. They shall bear interest, payable annually or semiannually, and shall be payable any time the municipality may determine at the time of their issuance but in not more than twenty years after their issuance. The aggregate amount of bonds that may be issued for the construction or purchase of a cold storage or refrigeration plant shall not exceed five percent of the taxable valuation of all the property in such city or village subject to taxation.

17-959 Cold storage plants; operation and extension; tax.

The council or board of trustees, as the case may be, shall levy annually a sufficient tax to maintain, operate, and extend any such cold storage or refrigeration plant and to provide for the payment of the interest on, and principal of, any bonds that may have been issued as herein provided.

Source: Laws 1941, c. 24, § 3, p. 119; C.S.Supp.,1941, § 17-803.

17-960 Cold storage plants; management; rates.

When any cold storage or refrigeration plant shall have been established, the municipality shall provide by ordinance for the management thereof, and the rates to be charged and the manner of payment for such cold storage or refrigeration plant service to be furnished. In municipalities maintaining a system of waterworks, and having a water commissioner, he shall have charge of the cold storage or refrigeration plant herein provided for, unless the local governing body shall otherwise provide by the ordinance which shall establish rules and regulations to govern and control said utility.

(g) MEDICAL AND HOUSING FACILITIES

17-961 Facility; acquisition or construction; management; facility, defined.

Cities of the second class and villages are hereby authorized and empowered to (1) accept a gift or devise of or to purchase a facility or a building suitable

for conversion into a facility, (2) purchase real estate and erect a building or buildings thereon for the purpose of establishing a facility, and (3) maintain, manage, improve, remodel, equip, and operate a facility.

For purposes of sections 17-961 to 17-966, facility shall mean a municipal hospital, a medical clinic, a nursing home, or multiunit housing.

17-963 Facility; acquisition or construction; issuance of bonds; interest; election.

(1) The mayor and council of such city or the chairperson and board of trustees of such village, as the case may be, adopting the proposition to accept such gift or devise, make such purchase, erect such building or buildings, or maintain, manage, improve, remodel, equip, and operate a facility shall have the power to borrow money and pledge the property and credit of the city or village upon its municipal bonds, or otherwise, for such purpose or purposes, except that no such bonds shall be issued until after the same have been authorized by a majority vote of the electors voting on the proposition of their issuance at a general municipal election or at a special election called for the submission of such proposition.

(2) The bonds shall be payable in not to exceed twenty years from date and shall bear interest payable annually or semiannually. Notice of the time and place of the election shall be given by publication three successive weeks prior thereto in some legal newspaper printed in and of general circulation in such city or village or, if no newspaper is printed in such city or village, in a newspaper of general circulation in such city or village.

(3) No election shall be called until a petition therefor, signed by at least ten percent of the legal voters of such city or village, has been presented to the council or to the board of trustees. The number of voters of the city or village voting for the office of Governor at the last general election prior to the presenting of such petition shall be deemed the number of voters in the city or village for the purpose of determining the sufficiency of such a petition. If such a bond issue in such a city or village is defeated, the proposition of issuing bonds for such a purpose shall not be resubmitted to the voters therein within a period of six months from and after the date of such election.

17-966 Facility board; members; duties; powers; warrants.

In each city or village where a facility as provided in sections 17-961 to 17-966 is established, the mayor and city council of such city, or the chairperson and board of trustees of such village, as the case may be, may provide by ordinance for the creation of a facility board which shall be composed of not less than three nor more than seven members. The members of the board shall (1) be residents of such city or village, (2) have charge of the facility, and (3) have the power to establish rules for the management, operation, and use of the same, as provided by such ordinance. When a facility board has been appointed and qualified, all accounts against the facility fund shall be audited by the facility board, warrants against such fund shall be drawn by the chairperson of such board, and warrants so drawn shall be paid by the city or village treasurer out of such fund.

(h) LIBRARIES

17-967 Bonds; city of the second class or village; municipal library; issuance; interest; conditions; limitations; tax levy.

Any city of the second class or village organized according to law is hereby authorized to issue bonds in aid of improving municipal libraries of cities of the second class and villages in an amount not exceeding seven-tenths of one percent of the taxable valuation of all the taxable property, as shown by the last assessment, within such city of the second class or village in the manner directed in this section:

(1) A petition signed by not less than fifty freeholders of the city of the second class or village shall be presented to the city council of cities of the second class or board of trustees of villages. Such petition shall set forth the nature of the work contemplated, the amount of bonds sought to be voted, the rate of interest, and the length of time such bonds run, which in no event shall be less than five years nor more than twenty years from the date thereof. The petition-

ers shall give bond to be approved by the city council of cities of the second class or board of trustees of villages for the payment of the expenses of the election in the event that the proposition fails to receive a majority of the votes cast at such election; and

(2) Upon the receipt of such petition, the city council of cities of the second class or board of trustees of villages shall give notice and call an election in the city of the second class or village. Such notice, call, and election shall be governed by the laws regulating an election for voting bonds for such city or village. When a proposition is submitted for the issuance of bonds for the acquisition of a site or the construction of a single building for the purpose of housing the municipal public library in cities of the second class or villages, it shall be required as a condition precedent to the issuance of such bonds that a majority of the votes cast shall be in favor of such proposition. Bonds in such a city shall not be issued for such purpose in the aggregate to exceed one and four-tenths percent of the taxable valuation of all the taxable property in such a city as shown by the last assessment within such city of the second class.

17-968 Bonds; issuance; record.

If a majority of the votes cast at such election are in favor of the proposition, the city council of cities of the second class or board of trustees of villages shall, as the case may be, without delay, cause to be prepared and shall issue the bonds in accordance with the petition and notice of election. The bonds shall be signed by the mayor and city clerk of cities of the second class or chairperson of the board of trustees and village clerk of villages and shall be attested by the respective seals. The village clerk of villages or city clerk of cities of the second class, as the case may be, shall enter upon the records of the board or council, the petition, bond, notice and call for the election, canvass of the vote, the number, amount, and interest, and the date at which each bond issued shall become payable.

(i) WATER SERVICE DISTRICT

17-970 Water service districts; establishment; ordinance.

The governing body of any city of the second class or village shall have power, by ordinance, (1) to lay out the city or village into suitable districts for

the purpose of establishing a system of water service districts, (2) to provide such systems and regulate the construction, repair, and use of the same, (3) to compel all proper connections therewith and branches from other streets, avenues, and alleys, and from private property, and (4) to provide a penalty not to exceed one hundred dollars for any obstruction or injury to any water main or part thereof, or for failure to comply with the regulations prescribed therefor. No such improvements shall be ordered except as provided in sections 17-971 and 17-972.

Source: Laws 1967, c. 73, § 1, p. 237.

17-971 Water service districts; improvements; protest; effect.

Whenever the governing body deems it necessary or desirable to make improvements in a water service district, it shall by ordinance create such water service district and, after the passage, approval, and publication of such ordinance, shall publish notice of the creation of such district for two consecutive weeks in a legal newspaper of the city or village. If no legal newspaper is published in the city or village, the notice shall be placed in a legal newspaper of general circulation in the city or village. If a majority of the resident owners of the property directly abutting upon any water main to be constructed within such water service district shall file with the city clerk or the village clerk within twenty days after the first publication of such notice written objections to the creation of such district, such improvement shall not be made as provided in such ordinance, but such ordinance shall be repealed. If such objections are not so filed against the district, the governing body shall immediately cause such work to be done or such improvement to be made, shall contract therefor, and shall levy assessments on the lots and parcels of land within such district or districts specially benefited in proportion to such benefits in order to pay the cost of such improvement.

17-973 Water service district; assessments; lien; date due; payable.

All assessments made under the provisions of sections 17-970 to 17-976 shall be a lien on the property against which levied from the date of levy and shall thereupon be certified by direction of the governing body to the treasurer of such city or village for collection. Except as provided in section 18-1216, such assessments shall be due and payable to such treasurer until November 1 thereafter or until the delivery of the tax list for such year to the treasurer of the county in which such city or village may be situated, at and after which time the same shall be due and payable to such county treasurer. The governing body of such city or village shall, within the time provided by law, cause such

assessments, or the portion thereof remaining unpaid, to be certified to the county clerk of the county for entry upon the proper tax lists. If the city or village treasurer collects any assessment or portion thereof so certified while the same shall be payable to the county treasurer, the city or village treasurer shall certify the assessment or portion thereof to the county treasurer at once, and the county treasurer shall correct the record to show such payment.

17-974 Water service district; assessments; delinquent; interest; rate; payment.

Such assessments shall become delinquent in equal annual installments over such period of years, not to exceed ten, as the governing body may determine at the time of making the levy, the first such equal installment to become delinquent in fifty days after the date of such levy. Each of such installments, except the first, shall draw interest at a rate not exceeding the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, payable annually, from the time of the levy until the same shall become delinquent, and after the same becomes delinquent, interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon. All of such installments may be paid at one time on any lot or land within fifty days from the date of the levy without interest and, if so paid, such lot or land shall be exempt from any lien or charge therefor.

17-975 Water service districts; cost of improvements; partial payments; final payment; contractor; interest.

For the purpose of making partial payments as the work progresses under the provisions of sections 17-970 to 17-976, warrants may be issued by the governing body upon certificates of the engineer in charge showing the amount of work completed and materials necessarily purchased and delivered for the orderly and proper continuation of the project in the total amount of not to exceed ninety-five percent of the cost thereof. Upon the completion and acceptance of the work a final warrant shall be issued for the balance of the amount due the contractor or other party entitled to payment. The governing body shall pay to the contractor interest at the rate of eight percent per annum on the amounts due on partial and final payments beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body, and running until the date that the warrant is tendered to the contractor. Such warrants shall be payable in the order of their number and shall bear interest at not to exceed six percent per annum from the date of registration until paid.

17-976 Water service districts; cost of improvements; bonds; interest; issuance; tax; levy.

For the purpose of paying the cost of improvements in any water service district and the funding of any warrants issued, the governing body may by ordinance cause to be issued bonds of the city or village to be called Water

Service District Bonds of District No. ..., payable in not to exceed ten years from date and to bear interest payable annually or semiannually. Such bonds shall be general obligations of the city or village, and the governing body thereof shall levy and collect annually a tax upon all of the taxable property in such city or village sufficient in rate and amount to pay in full, when taken together with the assessments provided for in section 17-971, the principal and interest of such bonds as the same become due. The amount of such tax shall not be included in the maximum amount of tax which any such city of the second class or village is authorized to levy annually.

SUBURBAN DEVELOPMENT

Section
17-1001. Suburban development; zoning ordinances; building regulations; public utility codes; extension.
17-1002. Designation of jurisdiction; suburban development; subdivision; platting; consent required; review by county planning commission; when required.
17-1003. Suburban development; powers of city council or board of trustees; dedication of avenues, streets, and alleys.
17-1004. Designation of jurisdiction; how described.

17-1001 Suburban development; zoning ordinances; building regulations; public utility codes; extension.

Except as provided in section 13-327, any city of the second class or village may apply by ordinance any existing or future zoning ordinances, property use regulation ordinances, building ordinances, electrical ordinances, and plumbing ordinances, to an area within one mile of the corporate limits of such municipalities, with the same force and effect as if such area were within their corporate limits. No such ordinance shall be extended or applied so as to prohibit, prevent, or interfere with the conduct of existing farming, livestock operations, businesses, or industry. For purposes of sections 70-1001 to 70-1020, the zoning area of a city of the second class or village shall be one-half mile from the corporate limits of such municipalities. The fact that the zoning area or part thereof is located in a different county or counties than some or all portions of the municipality shall not be construed as affecting the necessity of obtaining the approval of the city council or board of trustees of such municipality or its agent designated pursuant to section 19-916.

Notwithstanding section 24-517, the district court has jurisdiction in injunctive actions to enforce zoning ordinances. Village of Springfield v. Hevelone, 195 Neb. 37, 236 N.W.2d 811 (1975).

Section empowers cities of the second class and villages to extend existing ordinances to the one-half mile area surrounding the municipal limits and authorize inclusion of this area in all future ordinances. City of Syracuse v. Farmers Elevator, Inc., 182 Neb. 783, 157 N.W.2d 394 (1968).

17-1002 Designation of jurisdiction; suburban development; subdivision; platting; consent required; review by county planning commission; when required.

(1) Except as provided in section 13-327, any city of the second class or village may designate by ordinance the portion of the territory located within

one mile of the corporate limits of such city or village and outside of any other organized city or village within which the designating city or village will exercise the powers and duties granted by this section and section 17-1003 or section 19-2402.

(2) No owner of any real property located within the area designated by a city or village pursuant to subsection (1) of this section may subdivide, plat, or lay out such real property in building lots, streets, or other portions of the same intended to be dedicated for public use or for the use of the purchasers or owners of lots fronting thereon or adjacent thereto without first having obtained the approval of the city council or board of trustees of such municipality or its agent designated pursuant to section 19-916 and, when applicable, having complied with sections 39-1311 to 39-1311.05. The fact that such real property is located in a different county or counties than some or all portions of the municipality shall not be construed as affecting the necessity of obtaining the approval of the city council or board of trustees of such municipality or its designated agent.

(3) No plat of such real property shall be recorded or have any force or effect unless approved by the city council or board of trustees of such municipality or its designated agent.

(4) In counties that have adopted a comprehensive development plan which meets the requirements of section 23-114.02 and are enforcing subdivision regulations, the county planning commission shall be provided with all available materials on any proposed subdivision plat, contemplating public streets or improvements, which is filed with a municipality in that county, when such proposed plat lies partially or totally within the extraterritorial subdivision jurisdiction being exercised by that municipality in such county. The commission shall be given four weeks to officially comment on the appropriateness of the design and improvements proposed in the plat. The review period for the commission shall run concurrently with subdivision review activities of the municipality after the commission receives all available material for a proposed subdivision plat.

17-1003 Suburban development; powers of city council or board of trustees; dedication of avenues, streets, and alleys.

The city council or board of trustees of such municipality shall have power, by ordinance, to provide the manner, plan, or method by which the real property in any such area may be subdivided, platted, or laid out, including a plan or system for the avenues, streets, or alleys to be laid out within or across the same. The city council or board of trustees shall have the power to compel the owner of any such real property in any such area, in subdividing, platting, or laying out of same, to conform to the requirements of such ordinance and to lay out and dedicate the avenues, streets, and alleys in accordance therewith.

18-132 Adoption of standard codes.

The legislative bodies of all cities and villages may adopt by ordinance the conditions, provisions, limitations, and terms of a plumbing code, an electrical code, a fire prevention code, a building code, and any other standard code which contains rules and regulations printed as a code in book or pamphlet form, by reference to such code, or portions thereof, alone, without setting forth in the ordinance the conditions, provisions, limitations, and terms of such code. When any such code, or portion thereof, has been incorporated by reference into any ordinance, as provided in this section, it shall have the same force and effect as though it had been spread at large in such ordinance without further or additional posting or publication thereof. Not less than one copy of such standard code, or portion thereof, shall be filed for use and examination by the public in the office of the clerk of such city or village prior to the adoption thereof. The adoption of any such standard code by reference shall be construed to incorporate such amendments thereto as may be made in such standard code from time to time, if the copy of such standard code so filed is at all times kept current in the office of the clerk of such city or village. If there is no ordinance adopting a plumbing code in effect in a city or village, the American National Standards Institute Uniform Plumbing Code, ANSI A40-1993, shall serve as the plumbing code for all the area within the jurisdiction of the city or village. Nothing in this section shall be interpreted as creating

an obligation for the city or village to inspect plumbing work done within its jurisdiction to determine compliance with the plumbing code.

In all cities, villages, or metropolitan utilities districts owning or operating a waterworks system, sanitary sewerage system, storm sewer system, gas plant, or other public utility plant and in which water, gas, or other public utility is supplied by municipal authority for domestic, mechanical, public, or other purposes, or sewage and storm water disposal, or other services furnished, the authorities having general charge, supervision, and control of all matters pertaining to the water, gas, or other public utility supplied by any city, village, or metropolitan utilities district, or the furnishing of any public service such as sewage and storm water disposal, shall have the power and authority, whenever they deem it proper and necessary so to do, to create a water-main district, sanitary sewer district, storm water disposal district, or other public utility district, as the case may be, either within or without the corporate limits of the political subdivision involved, and to order and cause to be made extensions or enlargements of water mains, sanitary sewers, storm water disposal mains, gas mains, or other public utility service through such district, except that nothing contained in this section shall be construed as authorizing the creation of any

such public utility district outside of the corporate limits of a city of the primary class.

18-402 Public utility districts; how created.

Such water or gas main districts or other public utility service districts shall be created by ordinance, if the power be exercised, by city or village, or by resolution of the board of directors of the body having authority and control over the operation of said respective public utilities.

18-403 Public utility districts; creation; extension or enlargement of service; notice requirements; protests.

Upon the passage of an ordinance or resolution, as the case may be, creating a water main district, gas main district, or other public utility service district or ordering the extension or enlargement of a water main, gas main, or other public utility service through such district, it shall be the duty of the city or village council which passed the ordinance or of the other public utility authority which passed such resolution creating such district to cause a notice to be published in the official paper of the city or village, as the case may be, or in the principal city within the metropolitan utilities district, addressed generally to the owners of the real estate within the water main, gas main, or other public utility district, notifying them of the creation of the district and of the ordering of the extension or enlargement of the water main, gas main, or other public utility service within such district and further notifying the owners of the real estate that they have thirty days from and after such publication to file with such city council or other public authority, as the case may be, their written protest against the creation of the district and of the extension or enlargement of the water main, gas main, or other public utility service so ordered.

18-404 Public utility districts; creation; protest; effect.

If within the thirty days there is filed, as provided in section 18-403, a written protest signed by the record owners of a majority of the foot frontage of taxable property in such district, then the filing of such protest shall operate as a repeal or rescission of such ordinance or resolution, but if no such protest is filed within the thirty days, then the power of the council or other authority in the premises shall be deemed complete, and it shall be its duty to proceed to contract for and in behalf of such city, village, or metropolitan utilities district

for the extension or enlargement of the main or utility service so ordered or to make such extension or enlargement with its own forces.

18-405 Public utility districts; extension or enlargement of service; cost; payment; assessment.

Upon the completion of an extension or enlargement of any water or gas main or other utility service in any such district, the actual cost thereof shall be duly certified to the council or directors of such city, village, or metropolitan utilities district when done by contract, but when done by utilizing the equipment and employees of any such city, village, or metropolitan utilities district, the average cost, based upon the average cost per foot to such city, village, or metropolitan utilities district in the previous calendar year, of installing water or gas distribution mains, as the case may be, shall be thus certified. Thereupon it shall be the duty of such council or directors to assess, to the extent of special benefits, the cost, not exceeding the actual cost or average cost, as the case may be, of installing such water main or gas main or other utility service, upon all real estate in the district, in proportion to the frontage of the real estate upon the main or utility service. The cost of any such extension or enlargement in excess of the actual or average cost of installing the water main or gas main or other utility service, as the case may be, heretofore authorized to be assessed and levied against the real estate in the district shall be paid out of the water fund or gas fund or other utility fund, as the case may be, of such city, village, or metropolitan utilities district, if there is such a fund, and if such city or village has no water fund or gas fund, then the same shall be paid out of the general fund. No real estate in any city, village, or metropolitan utilities district shall be subject to more than one special tax assessment for the same extension or enlargement of water or gas mains or other utility service.

18-406 Public utility districts; assessments; when due; equalization; interest.

The special tax provided in section 18-405 shall be paid in ten installments. The first installment, or one-tenth of the tax, shall become due and delinquent fifty days after the date of levy, and one-tenth of such tax shall become due and delinquent each year thereafter, counting from the date of levy, for nine years. The special tax shall bear interest at a rate not to exceed the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, prior to delinquency, and at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, after delinquency. Prior to the levy of the special tax as provided in section 18-405, such tax shall be equalized in the same manner as provided by law for the equalization of special assessments levied in such cities, such villages, and

the city of the metropolitan class within such metropolitan utilities district respectively.

18-407 Public utility districts; creation by petition; denial.

If a petition is filed, signed by the owners of a majority of the front footage of real estate within the proposed water or gas main, or other utility service district, which petition shall contain the consent of the owners of the said real estate for the installation of gas or water mains of sizes designated by said council or directors and inserted in said petition, or of other utility service, then said water or gas main, or utility service district, shall be created; and the entire cost of laying said water or gas main, or utility service, shall be assessed and collected as provided in sections 18-405 to 18-410. The governing body shall have the discretion to deny the formation of the proposed district when the area to be improved has not previously been improved with a water system, sewer system, and grading of streets. If the governing body should deny a requested district formation, it shall state the grounds for such denial in a written letter to interested parties.

18-409 Public utility districts; extension or enlargement of service; provisions optional.

The city council or other authority in the city, village, or metropolitan utilities district in this state having general charge, supervision, and control of all matters pertaining to the water or gas supply or other utility service of such city, village, or metropolitan utilities district may by resolution elect and determine to proceed under the provisions of sections 18-401 to 18-411 in the matter of ordering and making and causing to be made extensions or enlarge-

ments of water or gas mains or other utilities service in such cities, villages, or metropolitan utilities districts but are not required to do so.

The district may extend water mains beyond city limits and enlarge district to include territory served by such extensions. Murphy v. Metropolitan Utilities Dist., 126 Neb. 663, 255 N.W. 20 (1934).

18-410 Metropolitan utilities districts; extension of service beyond corporate limits; procedure.

Any metropolitan utilities district is hereby given power to extend water mains, gas mains, and other utility service under its operation and management beyond the corporate limits of the city so as to include adjacent territory, sanitary and improvement districts, unincorporated areas, towns, or villages, even though in an adjoining county or counties, and may create such water main, gas main, and other utility service districts within such adjacent sanitary and improvement districts, unincorporated areas, cities, towns, and villages, even though located in an adjoining county or counties. When such water mains, gas mains, or other utility service districts are created in an adjoining county or counties, the special tax levy in such districts shall be certified to the county treasurer of such adjoining county or counties, as the case may be, and shall there be entered of record against the proper real estate so taxed. It shall be the duty of the county treasurer of the adjoining county or counties, as the case may be, to collect the taxes and as collected to report and transmit such taxes to the district.

18-412 Electric light and power systems; construction, acquisition, and maintenance; revenue bonds and debentures authorized; referendum petition; cities with home rule charters; powers.

Supplemental to any existing law on the subject, and in lieu of the issuance of general obligation bonds, or the levy of taxes upon property, as by law provided, any city or village within the State of Nebraska may construct, purchase, or otherwise acquire, maintain, extend, or enlarge, an electric light and power plant, distribution system, and transmission lines, and real and personal property needed or useful in connection therewith, and pay the cost

thereof by pledging and hypothecating the revenue and earnings of any electric light and power plant, distribution system, and transmission lines, owned or to be owned by such city or village. In the exercise of the authority granted in this section, any such city or village may issue and sell revenue bonds or debentures and enter into such contracts in connection therewith as may be proper and necessary. Such revenue bonds or debentures shall be a lien only upon the revenue and earnings of the electric light and power plant, distribution system, and transmission lines owned or to be owned by such city or village. No revenue bonds shall be issued until thirty days' notice of the proposition relating thereto shall have been given by the governing body by publication once each week for three successive weeks in some legal newspaper published and of general circulation in such city or village, or if no such newspaper is published therein, then by posting in five or more public places therein. If, within thirty days after the last publication of such notice or posting thereof, a referendum petition signed by qualified electors of such city or village equal in number to at least twenty percent of the vote cast at the last general municipal election held therein shall be filed with the municipal clerk, such bonds shall not be issued until the issuance thereof has been approved by a vote of the electors of such municipality at any general or special municipal election. If a majority of the voters voting on the issue vote against issuing such bonds, the bonds shall not be issued. If no such petitions are filed, the bonds shall be issued at the expiration of such thirty-day period. No publication of notice shall be required when revenue bonds are issued solely for the maintenance, extension or enlargement of any electric generating plant, distribution system or transmission lines owned by such city or village. The provisions of this section shall not restrict or limit the power or authority in the issuance of any such revenue bonds, as authorized by any home rule charter duly adopted by the electors or any city pursuant to the Constitution of the State of Nebraska.

18-412.01 Electric system; contract to operate; bidding requirements.

Whenever any city or village in this state contracts with a public power district or an agency of the United States Government to operate, renew, replace, and add to the electric distribution, transmission, or generation system of the city or village and in the performance of the contract the public power district or the United States Government agrees to comply with the laws relating to bidding for contracts entered into by public power districts or the United States Government, the city or village shall not be required to advertise for or take bids for such renewals, replacements, or additions.

18-412.02 Electric system; acquisition from public power district or public power and irrigation district.

If requested to do so at any time hereafter by a city or village, any public power district or public power and irrigation district, formed after May 4, 1945, and providing electrical service at retail to a city of the metropolitan class, owning a distribution system in such city or village and also owning generating plants and transmission lines or both, shall inform the city or village of the minimum price at which the district is permitted to sell that portion of its distribution system within the corporate limits of such city or village to such city or village under the agreements of the district entered into with the holders of obligations issued by such district. For the purposes of this section the term obligations shall include all bonds, notes, and other evidences of indebtedness to the payment of which the revenue from that portion of the distribution system such city or village desires to acquire has been pledged. There shall be allowed as a credit upon such minimum price a sum that bears the same proportion thereto as the amount of such obligations that have been paid or redeemed and funded reserves established therefor by the district out of the net revenue from its operation while such city or village was within such district bears to the total amount of such obligations issued by the district since the date of its formation, excluding the amount of such obligations that have been refinanced and including the amount of the refinancing obligations. Such city or village shall reimburse the district for any costs necessarily paid by the district to independent engineers to obtain the minimum price under such agreements with the holders of the obligations of the district. At the request of the city or village, the district shall sell and convey that portion of the distribution system which is within its corporate limits to the city or village upon payment of such minimum price, and the city or village shall contract to continue to purchase all of its power and energy requirements from the district at least until such time as all obligations of the district outstanding on the date of such sale and conveyance shall have been fully paid and retired or reserves sufficient for the redemption thereof shall have been accumulated, but such transaction shall not be consummated nor become effective until thirty days' notice of the transaction shall have been given by the governing body by publication once each week for three successive weeks in some legal newspaper published and of general circulation in such city or village, or if no such newspaper is published therein, then by posting in five or more public places therein. If, within ninety days after the last publication of such notice or posting thereof, referendum petitions signed by qualified electors of such city or village equal in number to at least twenty percent of the vote cast at the last general municipal election held therein shall be filed with the municipal clerk, such transaction shall not become effective until it has been approved by a vote of the electors of such municipality at any general or special municipal election. If a majority of the voters voting on the issue vote against such transaction, the transaction shall not become effective. If no such petitions are filed, the transaction shall become effective at the expiration of such ninety-day period. The power district shall charge fair, reasonable, and nondiscriminatory rates so adjusted as, in a fair and equitable manner, to confer upon and distribute among its customers the benefits of a successful and efficient operation and conduct of the business of the district.

18-412.06 Electric service; contracts to purchase authorized; limitation on liability.

(1) Any city or village owning or operating electric generation or transmission facilities may enter into contracts for the purchase of electric energy, power and energy, or capacity, or any combination thereof, upon such terms and conditions and for such periods as the governing body of such city or village may by ordinance authorize. Such terms and conditions may obligate the city or village to make payment under the contracts during such time or times as the facility, if any, to which the contract pertains may be incapable of being operated or may not be in operation for any reason. Any contract authorized by this section may be entered into by the city or village with nonprofit corporations of this or any other state among whose purposes is the financing of electric properties, projects or undertakings for such city or village, other municipalities of this or any other state, public power districts and public power and irrigation districts of this or any other state, other governmental entities or agencies of this or any other state or the federal government, electric cooperatives or electric membership cooperatives of this or any other state, or investor-owned electric utilities organized under the laws of any other state. The obligation and liability of such city or village under the contract shall be limited to the electric revenue of such city or village, unless prior to the execution of the contract by the city or village the contract shall have been approved by a majority of the qualified voters of the city or village voting upon the question.

(2) Any city or village may enter into contracts for the purchase of electric power to be generated by a project as provided in sections 70-1701 to 70-1705.

18-412.07 Electric facilities; joint exercise of powers with public power districts and public agencies; authority.

It is hereby declared to be in the public interest of the State of Nebraska that cities and villages of this state be empowered to participate jointly or in cooperation with public power districts and public power and irrigation districts and other public agencies in the establishment and operation of facilities for the generation or transmission of electric power and energy located within or outside this state in order to achieve economies and efficiencies in meeting the future electric energy needs of the people of the State of Nebraska. In furtherance of such need and in addition to but not in substitution for any other powers granted cities and villages of this state, each city and village which owns or operates electrical facilities shall have and may exercise its power and authority to plan, finance, acquire, construct, own, operate, maintain, improve, and decommission electric generation or transmission facilities located within or outside this state jointly and in cooperation with one or more such districts, other cities or villages of this state which own or operate electrical facilities, municipal corporations, or other governmental entities of other states which operate electrical facilities. The powers granted under this section may be

exercised with respect to any electric generation or transmission facility jointly with the powers granted under any other provision of sections 18-412.07 to 18-412.09 and 70-628.02 to 70-628.04.

18-412.08 Electric facilities; joint exercise of powers with electric cooperatives or corporations; authority.

It is hereby declared to be in the public interest of the State of Nebraska that cities and villages of this state be empowered to participate jointly and in cooperation with one or more electric cooperatives or electric membership corporations organized under the laws of this state or any other state in the establishment and operation of facilities for the generation or transmission of electric power and energy in order to achieve economies and efficiencies in meeting the future electric energy needs of the people of the State of Nebraska. In furtherance of such end and in addition to, but not in substitution for, any other powers granted such cities and villages of this state, each city or village which owns or operates electrical facilities shall have and may exercise power and authority to plan, finance, acquire, construct, own, operate, maintain, improve, and decommission electric generation or transmission facilities located in this state jointly and in cooperation with one or more electric cooperatives or electric membership corporations organized under the laws of this state or any other state, and each city or village shall have and may exercise such power and authority with respect to electric generation or transmission facilities located outside this state jointly or in cooperation with one or more electric cooperatives or electric membership corporations organized under the laws of this state or any other state. The powers granted under this section may be exercised with respect to any electric generation or transmission facility jointly with the powers granted under any other provisions of sections 18-412.07 to 18-412.09 and 70-628.02 to 70-628.04.

18-412.09 Electric facilities; joint exercise of power; agreement; terms and conditions; agent; powers and duties; liability of city or village.

Any city or village participating jointly and in cooperation with others in an electric generation or transmission facility may own an undivided interest in such facility and be entitled to the share of the output or capacity therefrom attributable to such undivided interest. Such city or village may enter into an agreement or agreements with respect to each such electric generation or transmission facility with the other participants therein, and any such agreement shall contain such terms, conditions, and provisions consistent with the provisions of sections 18-412.07 to 18-412.10 as the governing body of such city or village shall deem to be in the interests of such city or village. The agreement may include, but not be limited to, provision for the construction, operation, maintenance, and decommissioning of such electric generation or transmission facility by any one of the participants, which shall be designated in or pursuant to such agreement as agent, on behalf of itself and the other participants or by such other means as may be determined by the participants and provision for a uniform method of determining and allocating among participants costs of

construction, operation, maintenance, renewals, replacements, decommissioning, and improvements with respect to such facility. In carrying out its functions and activities as such agent with respect to construction, operation, maintenance, and decommissioning of such a facility, including without limitation the letting of contracts therefor, such agent shall be governed by the laws and regulations applicable to such agent as a separate legal entity and not by any laws or regulations which may be applicable to any of the other participants. Notwithstanding the provisions of any other law to the contrary, pursuant to the terms of any such agreement in which or pursuant to which a public power district or a public power and irrigation district or a city or village of this state shall be designated as the agent thereunder for the construction, operation, maintenance, and decommissioning of such a facility, each of the participants may delegate its powers and duties with respect to the construction, operation, maintenance, and decommissioning of such facility to such agent, and all actions taken by such agent in accordance with the provisions of such agreement shall be binding upon each of such participants without further action or approval by their respective boards of directors or governing bodies. Such agent shall be required to exercise all such powers and perform its duties and functions under such agreement in a manner consistent with prudent utility practice. As used in this section, prudent utility practice shall mean any of the practices, methods, and acts at a particular time which, in the exercise of reasonable judgment in the light of the facts, including, but not limited to, the practices, methods, and acts engaged in or approved by a significant portion of the electrical utility industry prior thereto, known at the time the decision was made, would have been expected to accomplish the desired result at the lowest reasonable cost consistent with reliability, safety, and expedition. Unless specifically contracted otherwise by written agreement, no city or village shall become liable for and pay for any costs, expenses, or liabilities attributable to the undivided interest of any other participant in such electric generation or transmission facility, and unless specifically contracted otherwise by written agreement, no funds of such city or village may be used for any such purpose.

18-412.10 Electric facilities outside state; joint acquisition and maintenance; conditions.

If a city or village proposes to, and during such time as the city and village shall, plan, finance, acquire, construct, own, operate, maintain, improve, and decommission jointly and in cooperation with others as contemplated by sections 18-412.07 to 18-412.10 facilities for the generation or transmission of electric power and energy located or to be located outside this state, such city or village may comply with all laws of the United States and of the state in which the facilities are or are to be located applicable to such facilities or applicable to any of the foregoing activities or applicable to the performance of any of such activities across state boundaries or in such state, including, without limiting the generality of the foregoing, submitting itself to any governmental body, board, commission, or agency having jurisdiction over such facilities or over any of such activities or over the performance of such activities and applying for and carrying out of all licenses, certificates, or other approvals required by such laws in order to enable the city or village to carry out the provisions of sections 18-412.07 to 18-412.10.

18-413 Waterworks; right-of-way outside corporate limits; purposes; conditions.

Any city or village in this state erecting, constructing or maintaining a system of waterworks, or part of a system of waterworks, without its corporate limits, is hereby granted the right-of-way along any of the public roads of the state, the streets and alleys of any village or city within the state, and over and through any of the lands which are the property of the state, for the laying, constructing, and maintaining of water mains, conduits, and aqueducts for the purpose of transporting or conveying water from such system of waterworks, or part of such system of waterworks, to such city or village erecting the same. Such city or village is hereby granted such right-of-way for the further purpose of erecting and maintaining all necessary poles and wires, or conduits, for the purpose of transporting, transmitting or conveying electric current from such city or village to such system of waterworks, or part of such system of waterworks, for power and light purposes; *Provided, however,* that such city in constructing such water mains, conduits, and aqueducts for transporting water, and such poles, wires, and conduits for transmitting electric current along the streets or alleys of any other village, as aforesaid, shall construct and locate the same in accordance with existing ordinances of such other village or city pertaining thereto, and shall be liable for any damage caused thereby; *provided further,* that poles and wires shall be constructed so as not to interfere with the use of the public roadway, and said wires shall be placed at a height not less than twenty feet above all road crossings.

18-418 Electric service; negotiated rates; requirements.

In order to help stimulate economic development, any municipality furnishing electric service may, but shall not be required to, negotiate, fix, establish, and collect rates, tolls, rents, and other charges different from those of other users and consumers for electrical energy and associated services or facilities. The different rates, tolls, rents, and other charges would be effective for a period not to exceed five years, for services, commodities, and facilities sold, furnished, or supplied to or for the benefit of any project approved pursuant to the Quality Jobs Act beginning operation on or after July 1, 1995, that has new or additional energy consumption with a minimum electrical demand of five thousand kilowatts during the applicable billing demand period with a minimum annual load factor of fifty-five percent. In no case shall such charges be less than the cost of supplying such services.

ARTICLE 5
SEWER SYSTEMS

Section

18-501 Construction and operation; powers; tax levies.

(1) Any city or village in this state is hereby authorized to own, construct, equip, and operate, either within or without the corporate limits of such municipality, a sewerage system, including any storm sewer system or combination storm and sanitary sewer system, and plant or plants for the treatment, purification, and disposal in a sanitary manner of the liquid and solid wastes, sewage, and night soil of such municipality or to extend or improve any existing storm or sanitary sewer system or combination storm and sanitary sewer system.

(2) Any city or village shall have authority to acquire by gift, grant, purchase, or condemnation necessary lands therefor, either within or without the corporate limits of such municipality.

(3) For the purpose of owning, operating, constructing, maintaining, and equipping such sewage disposal plant and sewerage system, including any storm sewer system or combination storm and sanitary sewer system, referred to in subsections (1), (2), and (4) of this section, or improving or extending such existing system, any city or village is authorized and empowered to make a special levy of not to exceed three and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property within any such municipality. The proceeds of the tax may be used for any of the purposes enumerated in this section and for no other purpose.

(4) In the event the present or proposed sewage disposal system of any city or village does not comply with the provisions of any other law relating to sewer systems, sewage disposal, or water pollution, such city or village shall levy each year a tax of seven cents on each one hundred dollars of taxable valuation for such purpose until sufficient funds are available for the financing of a system in compliance with law. In the event any city or village is otherwise raising funds

for such purpose, equivalent to such a levy, it shall not be required, in addition thereto, to make such levy.

Issuance of bonds for constructing storm sewers was matter of statewide concern. State law controlled over home rule charter. State ex rel. City of Grand Island v. Johnson, 175 Neb. 498, 122 N.W.2d 240 (1963).

Prior to 1951, obligations incurred under this and succeeding seven sections did not impose personal liability upon municipality but were payable only out of revenue. Michelson v. City of Grand Island, 154 Neb. 654, 48 N.W.2d 769 (1951).

Chapter 146, Laws 1933 (sections 18-501 to 18-508), is an independent act and not amendatory of previously existing laws, and is constitutional. State ex rel. City of Columbus v. Price, 127 Neb. 132, 254 N.W. 889 (1934).

18-502 Revenue bonds; issuance; interest; not included in limit on bonds.

For the purpose of owning, operating, constructing, and equipping such sewage disposal plant or sewerage system or improving or extending such existing system, a municipality may issue revenue bonds therefor. Such revenue bonds, as provided in this section, shall not impose any general liability upon the municipality but shall be secured only by the revenue as hereinafter provided of such utility. Such revenue bonds shall be sold for not less than par and bear interest at a rate set by the city council. The amount of such revenue bonds, either issued or outstanding, shall not be included in computing the maximum amount of bonds which the said municipality may be authorized to issue under its charter or any statute of this state.

18-503 Rules and regulations; charges; collection.

The governing body of such municipality may make all necessary rules and regulations governing the use, operation, and control thereof. The governing body may establish just and equitable rates or charges to be paid to it for the use of such disposal plant and sewerage system by each person, firm or corporation whose premises are served thereby. If the service charge so established is not paid when due, such sum may be recovered by the municipality in a civil action, or it may be certified to the tax assessor and assessed against the premises served, and collected or returned in the same manner as other municipal taxes are certified, assessed, collected and returned.

Sewer use charge is not a special assessment; a city has authority to make necessary rules and regulations including a reasonable processing charge on delinquent accounts. Rutherford v. City of Omaha, 183 Neb. 398, 160 N.W.2d 223 (1968).

Provision for sewer rental or use charges did not conflict with similar charges authorized for cities of the metropolitan class. Metropolitan Utilities Dist. v. City of Omaha, 171 Neb. 609, 107 N.W.2d 397 (1961).

Ordinance authorizing water supply to be shut off for nonpayment of delinquent sewer charges is not in conflict with this section. Michelson v. City of Grand Island, 154 Neb. 654, 48 N.W.2d 769 (1951).

18-504 Revenue bonds; payment; sinking fund; rates; rights of holders of bonds.

(1) Revenue bonds which are issued, as provided in section 18-502, shall not be a general obligation of the municipality, but shall be paid only out of the revenue received from the service charges as provided in section 18-503.

(2) If a service rate is charged, as a part of the revenue, as provided in subsection (1) of this section, to be paid as herein provided, such portion thereof as may be deemed sufficient shall be set aside as a sinking fund for the payment of the interest on said bonds, and the principal thereof at maturity.

(3) It shall be the duty of the governing body of the municipality to charge rates for the service of the sewerage system, as referred to in subsection (1) of this section, which shall be sufficient, at all times, to pay the cost of operation and maintenance thereof and to pay the principal of and interest upon all revenue bonds issued, under the provisions of section 18-502, and to carry out any covenants that may be provided in the ordinance authorizing the issuance of any such bonds.

(4) The holders of any of the revenue bonds or any of the coupons of any revenue bonds, issued under subsection (1) of this section, in any civil action, mandamus, or other proceeding may enforce and compel the performance of all duties required by this section and the covenants made by the municipality in the ordinance providing for the issuance of such bonds, including the making and collecting of sufficient rates or charges for the specified purposes and for the proper application of the income therefrom.

18-505 Franchises; contracts authorized; rates.

For the purpose of providing for such sewage disposal plant and sewerage system, or improving or extending such existing system, any such municipality may also enter into a contract with any corporation organized under or authorized by the laws of this state to engage in the business herein mentioned, to receive and treat in the manner hereinbefore mentioned, the sewage and night soil thereof, and to construct, and provide the facilities and services as hereinbefore described. Such contract may also authorize the corporation to charge the owners of the premises served such a service rate therefor as the governing body of such municipality may determine to be just and reasonable, or the municipality may contract to pay the said corporation a flat rate for such service, and pay therefor out of its general fund or the proceeds of any tax levy applicable to the purposes of such contract, or assess the owners of the property served a reasonable charge therefor to be collected as hereinbefore provided and paid into a fund to be used to defray such contract charges.

18-506 General obligation bonds; issuance; interest; not included in limit on bonds.

For the purpose of owning, operating, constructing, and equipping any sewage disposal plant and any sanitary or storm sewer system or combination storm and sanitary sewer system, or improving or extending such existing system, or for the purpose stated in sections 18-501 to 18-505, any such municipality is also authorized and empowered to issue and sell the general obligation bonds of such municipality upon compliance with the provisions of section 18-506.01. Such bonds shall not be sold or exchanged for less than the par value thereof and shall bear interest which shall be payable annually or semiannually. The governing body of any such municipality shall have the

power to determine the denominations of such bonds, and the date, time, and manner of the payment thereof. The amount of such general obligation bonds, either issued or outstanding, shall not be included in the maximum amount of bonds which any such municipality may be authorized to issue and sell under its charter or any statutes of this state.

18-506.01 Revenue bonds; general obligation bonds; issuance; conditions.

Revenue bonds, authorized by section 18-502, may be issued by ordinance duly passed by the mayor and city council of any city or the board of trustees of any village without any other authority. General obligation bonds, authorized by section 18-506, may be issued only after the question of their issuance shall have been submitted to the electors of the city or village at a general or special election, of which three weeks' notice thereof has been published in a legal newspaper published in or of general circulation in such city or village, and more than a majority of the electors voting at the election have voted in favor of the issuance of the bonds.

Sewer bonds can be issued only after more than sixty percent of the electors voting at the election vote in favor of issuance of bonds. State ex rel. City of Grand Island v. Johnson, 175 Neb. 498, 122 N.W.2d 240 (1963).

18-507 Installation, improvement, or extension; plans and specifications; bidding requirements.

Whenever the governing body of any city or village shall have ordered the installation of a sewerage system and sewage disposal plant or the improvement or extension of an existing system, the fact that such order was issued shall be recited in the official minutes of the governing body. The said body shall thereupon require that plans and specifications be prepared of such sewerage system and sewage disposal plant, or such improvement or extension. Upon approval of such plans, the governing body shall thereupon advertise for sealed bids for the construction of said improvements once a week for three weeks in a legal paper published in or of general circulation within said municipality, and the contract shall be awarded to the lowest responsible bidder.

Source: Laws 1933, c. 146, § 7, p. 563; C.S.Supp.,1941, § 18-1407.

A public body has discretion to award the contract to one other than the lowest of the responsible bidders whenever a submitted bid contains a relevant advantage. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

By mandating that contracts be awarded to the lowest responsible bidder, the Nebraska Legislature is seeking to protect taxpayers, prevent favoritism and fraud, and increase competition in the bidding process by placing bidders on equal footing. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

Determining the lowest responsible bidder is a two-step process. The first step is for the public body to determine which bidders are responsible to perform the contract. The second step focuses on which of the responsible bidders has submitted the lowest bid. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

Determining the responsibility of bidders is a job for elected officials, and a court's only role is to review those decisions to make sure the public officials did not act arbitrarily, or from favoritism, ill will, or fraud. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

In addition to a bidder's pecuniary ability, responsibility pertains to a bidder's ability and capacity to carry on the work, the bidder's equipment and facilities, the bidder's promptness, the quality of work previously done by him or her, the bidder's suitability to the particular task, and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, he or she could perform it strictly in accordance with its terms. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

Public bodies do not act ministerially only, but exercise an official discretion when passing upon the question of the respon-

sibility of bidders. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

When responsible bidders submit identical bids, the public body must award the contract to the lowest of the responsible bidders. Rath v. City of Sutton, 267 Neb. 265, 673 N.W.2d 869 (2004).

City council may, in specifications for municipal sewage treatment plant, permit bidders to propose and fix time for completion of proposed works, and may reserve right to omit any or all of separate items from contract for which separate price proposals are asked after bids are opened and before contract awarded, without rendering bidding unlawful. Best v. City of Omaha, 138 Neb. 325, 293 N.W. 116 (1940).

18-508 Service beyond corporate limits; conditions; contracts with users.

The owner of any sewerage system or sewage disposal plant, provided for in sections 18-501 to 18-507, or the municipality, is hereby authorized to extend the same beyond the limits of the city or village which it serves, under the same conditions as nearly as may be as within such corporate limits and to charge to users of its services reasonable and fair rates consistent with those charged or which might be charged within such corporate limits and consistent with the expense of extending and maintaining the same for the users thereof outside such corporate limits at a fair return to the owner thereof. The mayor and city council of any city or the board of trustees of any village shall have authority to enter into contracts with users of such sewerage system; *Provided,* no contract shall call for furnishing of such service for a period in excess of twenty years.

18-509 Rental and use charges; collection; use.

(1) The mayor and city council of any city or the board of trustees of any village, in addition to other sources of revenue available to the city or village, may by ordinance set up a rental or use charge, to be collected from users of any system of sewerage, and provide methods for collection thereof. The charges shall be charged to each property served by the sewerage system, shall be a lien upon the property served, and may be collected either from the owner or the person, firm, or corporation requesting the service.

(2) All money raised from the charges, referred to in subsection (1) of this section, shall be used for maintenance or operation of the existing system, for payment of principal and interest on bonds issued as is provided for in section 17-925, 18-502, 18-506, or 19-1305, or to create a reserve fund for the purpose of future maintenance or construction of a new sewer system for the city or village. Any funds raised from this charge shall be placed in a separate fund and not be used for any other purpose or diverted to any other fund.

Provision for sewer rental or use charges did not conflict with similar charges authorized for cities of the metropolitan class. Metropolitan Utilities Dist. v. City of Omaha, 171 Neb. 609, 107 N.W.2d 397 (1961).

18-510 Terms, defined; applicability of sections.

The terms sewage system, sewerage system, and disposal plant or plants as used herein are defined to mean and include any system or works above or below ground which has for its purpose any or all of the following: The removal, discharge, conduction, carrying, treatment, purification, or disposal of the liquid and solid waste and night soil of a municipality. It is intended that sections 18-501 to 18-512 may be employed in connection with sewage projects which do not include the erection or enlargement of a sewage disposal plant.

18-511 Sections, how construed.

The provisions of Chapter 18, article 5, shall be independent of and in addition to any other provisions of the laws of the State of Nebraska with reference to sewage disposal plants and sewerage systems in cities and villages. For the purpose of creating a fund out of which anti-pollution-of-water measures may be financed, any city or village in this state is hereby authorized and empowered to make a special levy of not exceeding three and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property within any such municipality, the proceeds thereof to be used for such purpose.

18-636. Sections, how construed.

18-601 Construction; federal aid; plans; assumption of liability; condemnation procedure.

Any city or village shall have power by ordinance to avail itself of federal funds for the construction within the city or village limits of subways, viaducts, and approaches thereto, over or under railroad tracks, and may authorize agreements with the Department of Roads to construct such viaducts or subways, which shall be paid for out of funds furnished by the federal government. The ordinance shall approve detailed plans and specifications for such construction, including a map showing the exact location that such viaduct or subway is to occupy, which shall then and thereafter be kept on file with the city or village clerk and be open to public inspection. The ordinance shall make provision for the assumption of liability and payment of consequential damages to property owners resulting from such proposed construction and payment of damages for property taken therefor. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

18-610 Bonds; election; notice; failure to approve; effect.

The original ordinance authorizing construction shall also give notice of an election to authorize issuance of bonds, for such amount as may be necessary to pay for such right-of-way and damages. A majority of those voting shall be sufficient to carry authority to issue bonds, as herein provided for. A failure to approve the issue of bonds shall cancel all proceedings except that in that event the city shall pay the cost of survey and preparation of plans and specifications that have been filed, and may levy a tax for that purpose.

18-611 Bonds; terms; payment.

Such city or village may, without further vote of the electors, issue negotiable bonds in such amount as may be needed to pay for such acquiring, extension or enlargement of any street or highway, and the amount of damages that may accrue by the appropriation thereof and construction of such viaduct or subway. Said bonds shall draw interest and may be sold at not less than par, and shall be payable in annual installments over a period of not to exceed twenty years, and be subject to retirement at the option of the city or village at any time after five years. Said bonds shall be payable out of the general fund, and the city or village shall annually make a levy and an appropriation for the payment of interest and the installment of the principal.

18-616 Repealed. Laws 1951, c. 101, § 127.

18-617 Construction; resolution; notice.

Whenever the governing body of any city or village within the state believes the construction of a viaduct over or subway under the track or tracks of any railroad within its corporate limits is necessary for the public safety, convenience, and welfare, it shall pass a resolution so declaring. Thereafter such governing body shall publish a notice of the passage of said resolution six consecutive days in a newspaper published or of general circulation in said city or village or, if there be no such daily newspaper, then two consecutive weeks in a weekly newspaper published or of general circulation therein. The notice of the passage of said resolution, published as aforesaid, shall include an exact copy of same.

Source: Laws 1949, c. 28, § 1, p. 103.

18-618 Construction; contracts and agreements; conditions.

After the passage and publication of said resolution, said city or village shall have authority to enter into contracts and agreements with any railroad company or companies over or under whose railroad such structure is to be constructed providing for the construction and maintenance of such viaduct or subway and for the apportionment of the costs thereof; *Provided*, such agreement or contract shall not be effective nor shall any work be commenced until after such matter is submitted to a vote of the electors as hereinafter provided.

18-619 Inability to reach agreement; complaint; service; railroad company; duties.

If no agreement can be reached between said city or village and the railroad company or companies for such construction or the division of the costs thereof, the city or village shall file complaint by its attorney with the city or village clerk on behalf of such city or village. It shall allege therein (1) the passage of the resolution hereinbefore referred to, (2) the location of the proposed viaduct or subway, (3) any facts which may show or tend to show why the proposed improvement is necessary for the public safety, convenience, and welfare, (4) that the city or village and the railroad company or companies are unable to agree as to the construction or the division of the cost thereof, and (5) asking the city or village governing body to make an order relative to such construction and apportioning the cost thereof between the railroad company or companies and the city or other public authority. A copy of said complaint shall be served upon the railroad company or companies affected. Thereafter, within a reasonable time to be fixed by the governing body, said railroad company or companies shall file with the city or village clerk plans and specifications for such viaduct or subway requested in said petition, together with an estimate by such railroad or railroads of the cost of construction and maintenance thereof.

18-620 Complaint; hearing.

Upon the filing of such complaint and after the filing of plans and specifications as provided in section 18-619, the governing body shall fix a time for hearing said complaint and give notice thereof to the railroad company or companies. At the time so fixed the governing body shall sit as a board of equalization and assessment and at said hearing shall receive and hear such evidence as may be offered on the question of whether public safety, convenience, and welfare require the construction of said viaduct or subway, whether or not the cost thereof will exceed the benefits to be derived therefrom, and evidence on the question of the extent to which said railroad company or companies and the public will be respectively benefited by the construction thereof.

18-621 Order; contents; filing; service; dismissal of petition.

Upon the conclusion of the hearing provided for in section 18-620, said governing body, as a board of equalization, shall make an order determining: (1) Whether or not the construction of said viaduct or subway is necessary for the public safety, convenience, and welfare; (2) whether or not the cost thereof will exceed the benefits to be derived therefrom; and (3) the proportion of the total benefits from the construction thereof to be derived by the public and by the railroad company or companies respectively and shall apportion the cost of construction and maintenance of such structure in the proportions found and shall apportion to the city and the railroad company or companies respectively such proportion of the cost of construction and maintenance of such structure as the board shall find the public and railroad company or companies are respectively benefited. Said order shall include the governing body's estimate of the cost of the proposed viaduct or subway including the cost of approaches

and damages caused to any property by construction thereof. A copy of said order together with the plans, specifications, and estimates made therein shall be signed by the presiding officer and a majority of the members of said body who concur therein, and filed with the city clerk and a copy thereof served on the railroad company or companies, parties thereto. If the governing body shall find that construction of such viaduct or subway is not necessary for public safety, convenience, or welfare or that the cost thereof exceeds the benefits to be derived therefrom it shall dismiss said petition.

18-622 Order; appeal; transcript; cost; standard of review.

If any railroad company, party to said proceedings, shall be dissatisfied with said order it may appeal therefrom to the district court in the county in which said city or village is situated. Such appeal shall be perfected by the railroad company filing, with the city clerk of said city or village within ten days after said order is served upon it, a written notice of its intention to appeal therefrom. Within twenty days after the filing of such notice of appeal the city or village clerk shall file with the clerk of the district court of said county a transcript containing the complaint and the order appealed from together with such other documents as may have been filed in said proceedings. The railroad company appealing shall pay to the city clerk the cost of preparing such transcript. Upon such appeal the district court, without jury, shall hear and determine de novo all of the issues determined by the said board except the question of whether or not the construction of said viaduct or subway is necessary for the public safety, convenience, and welfare. Said court shall hear and determine such an appeal promptly and speedily. Its decision shall be subject to review by appeal or otherwise as other judgments of the district court are reviewable.

18-623 Construction; approval by electors; ballot; appeal; effect.

The governing body of any such city or village shall, after agreeing with such railroad company or companies as provided in section 18-618 or after an order, other than one of dismissal, of the governing body, sitting as a board of equalization as provided in sections 18-620 to 18-622, at the next general election or at a special election called for the purpose, submit to the electors of the said city or village the question of whether such village or city and said railroad company or companies shall construct and maintain a viaduct or subway in accordance with any agreement made or in accordance with the order of the governing body of such city or village, and whether such city or village shall have the power to levy taxes or borrow money and pledge the property and credit of said city or village upon its negotiable bonds to pay its proportion of all costs connected therewith. The ballot shall contain concise statements, to be prepared by the city attorney, of the original ordinance declaring the necessity and, if said structure is to be constructed under the provisions of any agreement, a concise statement of the provisions of the agreement or, if it is to be constructed by virtue of an order of the governing body, a concise statement of said order, and in any instance a statement of the estimated amount of the costs of the construction and maintenance of said structure, including the cost of acquisition of or damage to property to be borne

by said city or village and the method by which said share of such costs of such city or village is to be obtained. The city or village may, at its option, proceed with said election notwithstanding the pendency of any appeal of any railroad company as hereinbefore provided.

18-627 Private property; condemnation; resolution; requirements; procedure.

When it shall become necessary to appropriate or damage any private property for the construction of such viaduct or subway, such appropriation shall be made by resolution. The resolution to be headed Viaduct Resolution shall be published once each week for three weeks in a daily or weekly newspaper published in such city or village or in general circulation therein. The publication shall be sufficient notice to the owners, occupants, and parties interested, and all parties having equitable interest therein. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

18-633 Construction; cost; deposit; mandamus.

When any such project has been agreed to or when the division of costs has been otherwise finally determined and when such proposal has been approved by a vote all in the manner heretofore provided, the railroad company or companies affected shall within ten days' notice or demand deposit with the treasurer of the governing body the amount of its proportionate share so determined. The district court is hereby given jurisdiction upon the application of the governing body of the municipality to compel such deposit by mandamus together with such penalties as may be found and deemed reasonable by the court.

18-1001 Public policy; sites; acquisition; conveyance to state; construction of buildings.

The Legislature hereby declares the public policy of the State of Nebraska to be that the acquisition of real estate sites for the construction of state armories within the corporate limits of cities or villages for the uses and purposes of the Nebraska National Guard and State Guard is a matter of general state concern and that the use of said sites is a state use and not a city, village or local use. One of the corporate purposes of all cities and villages is hereby declared to be to acquire real estate sites within their corporate limits and to convey the same without consideration to the State of Nebraska for the uses and purposes of the Nebraska National Guard and State Guard, as provided in sections 18-1002 to 18-1005. Notwithstanding any more general or special law respecting armories in force and effect in this state, the local governing bodies of cities or villages therein are hereby empowered by ordinance to acquire through the exercise of the right of eminent domain, or otherwise, real estate to be used as a site or sites for the construction of state armories to be devoted to the uses and purposes of the Nebraska National Guard and State Guard and to convey such real estate without consideration, when acquired, to the State of Nebraska to the end that through state aid or federal aid, or both, state armory buildings may be constructed thereon without cost to such cities or villages other than the cost to said cities or villages of said real estate so acquired and conveyed.

18-1002 Site; purchase; payment.

Whenever the Nebraska National Guard and State Guard desire any city or village in this state to acquire at the cost of not to exceed ten thousand dollars to such city or village by condemnation, or otherwise, any lot, piece or parcel of land within the corporate limits of such city or village for a state armory site, the Adjutant General shall notify the municipal clerk of the local governing body thereof in writing to that effect. The clerk shall present the notice to the local governing body at its next regular or special meeting; and, if a majority of the members thereof, the vote thereon to be recorded by yeas and nays in the minutes of the proceedings of such city or village, shall favor the acquisition of said lot, piece or parcel of land, as aforesaid, they shall so order by resolution duly passed and approved and spread at large upon the minutes. The mayor or chairman of the board of trustees, as the case may be, shall thereupon designate a committee from the local governing body to negotiate with the owner or owners of said real estate for the purchase thereof for the purposes and uses aforesaid. If the committee and the owners are able to agree on the price, value and title of the land, the committee shall report in writing its agreement with the owners to the local governing body. If the agreement is ratified, approved, and confirmed in all things by the local governing body by a majority vote of its members, by ordinance upon receipt of a deed properly executed, approved as to form and substance by the city or village attorney in

writing, from the owner or owners, as grantors to the city or village, as the case may be, as grantee, said governing body shall direct the issuance through its proper officers of warrants upon the state armory site fund, as authorized by sections 18-1005 and 18-1006. Such warrants so issued shall be drawn payable to the owner or owners of the land.

18-1003 Site; condemnation; payment.

If the owner or owners and the committee cannot agree on the price, value, or title of the land, within a period of negotiation extending not more than ten days from the date of appointment of the committee by the local governing body, the committee shall report the fact of disagreement to the mayor and council or to the chairman and board of trustees, as the case may be. The municipal clerk shall forthwith notify in writing the Adjutant General to that effect. Whereupon it shall be the duty of the Attorney General, collaborating with the city or village attorney, to institute proper legal proceedings to acquire the land for state use through the exercise of the power of eminent domain. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724. Payment of the award made or any other necessary costs or expenses incident to the condemnation suit shall be made by the city or village.

18-1004 Armory site; conveyances.

Notwithstanding any more general or special law respecting sale or conveyance of real estate now or hereafter owned by cities and villages in force and effect in this state, the local governing bodies thereof are hereby empowered by ordinance to direct their proper officers to execute deeds for conveyance of any real estate of such cities or villages without consideration to the State of Nebraska for the construction of state armory buildings thereon. Such construction shall be made without cost to such cities or villages.

18-1005 Tax levy; state armory site fund; use.

All cities or villages organized under the laws of the State of Nebraska shall have power and authority to levy a special tax each year of not more than five and two-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such city or village for the acquisition of real estate by agreement with the owner or owners or by condemnation as provided in sections 18-1002 and 18-1003 to be used for state armory sites. Such special levy shall be made by the same local governing body and shall be levied in the same manner as in the case of general city or village taxes. The proceeds of such levy shall inure and be credited to the state armory site fund which the local governing body is hereby authorized to create and manage. Revenue raised by such special levy shall be used only for the purpose of acquiring real

estate for a state armory site within the corporate limits of such city or village or in the payment of warrants as authorized by section 18-1006.

18-1101 Refunding outstanding instruments; powers.

The mayor and council of any city or the chairman and board of trustees of any village of the State of Nebraska, which has issued valid pledge warrants, revenue bonds, revenue notes, or revenue debentures, which instruments are outstanding and unpaid, may take up and pay off any such outstanding instruments whenever the same can be done by lawful means by the issue and sale, or the issue and exchange therefor, of other pledge warrants, revenue bonds, revenue notes, or revenue debentures. Such instruments shall not be general obligations of the municipality. Any city or village which has issued and has outstanding valid pledge warrants, revenue bonds, revenue notes, or revenue debentures which are unpaid, some of which are secured by the pledge of the revenue and earnings of one public utility and others are secured by the pledge of the revenue and earnings of another public utility, may take up and pay off all such outstanding instruments by the issuance and sale of its combined revenue bonds or revenue notes which may be secured by the pledge of the revenue and earnings of any two or more of such public utilities; such a city or village may enter into such a contract or contracts in connection therewith as may be proper and necessary.

MISCELLANEOUS TAXES

Section

18-1201 Tax; amount; purposes.

All cities and villages organized under the laws of the State of Nebraska may levy a special tax each year of not more than five cents on each one hundred dollars upon the taxable value of all the taxable property in such city or village for the special purposes set forth in this section. Such special levy shall be made by the same officers or board and be levied in the same manner as general city or village taxes. Revenue raised by such a special levy may be used for purchasing and maintaining public safety equipment, including, but not limited to, vehicles or rescue or emergency first-aid equipment for a fire or police department of such city or village, for purchasing real estate for fire or police station quarters or facilities, for erecting, building, altering, or repairing fire or police station quarters or facilities, for purchasing, installing, and equipping an emergency alarm or communication system, or for paying off bonds authorized by section 18-1202. Such revenue may be accumulated in a sinking fund or sinking funds to be used for any such purpose.

18-1202 Tax anticipation bonds; issuance; interest; redemption.

Any city or village which has levied or intends to levy a tax as authorized by section 18-1201 for the purposes stated in such section may anticipate the collection of such taxes, including the anticipation of collections from levies to be made in future years, and for such purpose may issue tax anticipation bonds which shall be payable in not exceeding twenty years and may bear interest, payable annually or semiannually, at such rate or rates as the mayor and council or chairperson and board of trustees may determine. The total of principal and interest payable on such bonds in any calendar year shall not exceed ninety percent of the anticipated tax collection for such calendar year on the assumption that the taxable valuation for such city or village in all succeeding years shall be the same as the taxable valuation most recently determined prior to passage of the ordinance authorizing such bonds and applying the tax levy made or agreed to be made by the city or village, but not exceeding five cents on each one hundred dollars, and using tax due and delinquency dates in effect at the time of passage of the bond ordinance. The city or village may agree in such bond ordinance to make and to continue to make a levy under section 18-1201 until such bonds and interest thereon are fully paid. Such bonds shall be secured by such tax so assessed and levied and shall be payable only out of the funds derived from such tax. It shall be the duty of such city or village on receipt of such taxes to hold the same as a separate fund to the amount of the bonds so issued and the interest thereon for the purpose of paying or redeeming such bonds.

18-1203 Musical and amusement organizations; tax; amount; petition for higher tax; election.

All incorporated cities and villages within the State of Nebraska are hereby expressly authorized, upon a three-fourths vote of all of the members elected to the city or village board, to levy not to exceed two and one-tenth cents on each one hundred dollars upon the taxable value of all the taxable property in such cities or villages each year to establish and maintain a vocal, instrumental, or amusement organization for the purpose of rendering free public concerts, music festivals, and entertainments within such city or village limits for the people of such city or village and locality. When such vote has been so made and recorded by the city council or village board, a tax of not to exceed two and one-tenth cents on each one hundred dollars of the taxable value of all the taxable property of such city or village shall be levied by such city or village, in addition to all other general and special taxes, for the support, maintenance, and necessary expenses of such vocal, instrumental, or amusement organiza-

tion. Any incorporated city or village may levy each year a tax of not exceeding three and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such municipality for the maintenance of a municipal band or other vocal, instrumental, or amusement organization for the purpose of rendering free public concerts, music festivals, and entertainments when a petition signed by ten percent of the legal voters of an incorporated city or village, as shown by the last regular municipal election, is filed with the clerk of the city or village and requests the following question to be submitted to the voters of the city or village: Shall a tax of not exceeding ..... cents on each one hundred dollars upon the taxable value of all the taxable property of ....., Nebraska, be levied each year for the purpose of providing a fund for the maintenance of a municipal band or other vocal, instrumental, or amusement organization for the purpose of rendering free public concerts, music festivals, and entertainments? When such petition is filed, the board of trustees, council, or city commission shall cause the question to be submitted to the voters of the city or village at the next general municipal election, and if a majority of the votes cast at the election favor such proposition, the board of trustees, council, or city commission shall then levy such tax to maintain such municipal band or other vocal, instrumental, or amusement organization for the purposes enumerated in this section.

18-1204 Musical and amusement organizations; power to tax; withdrawal; reauthorization.

When a petition signed by ten percent of the legal voters of such incorporated city or village, as shown by the last regular municipal election, is filed with the clerk of the city or village requesting that the question be submitted to the voters of withdrawing the authority to tax under section 18-1203, the board of trustees or city council or commissioners shall submit the question of withdrawal at the next general municipal election. The question on the ballot shall be as follows: Shall the power heretofore granted in ....., Nebraska, to levy a tax of ..... cents on each one hundred dollars upon the taxable value of all the taxable property of such city or village for the purpose of providing a fund for the maintenance of a municipal band or other vocal, instrumental, or amusement organization for the purpose of rendering free public concerts, music festivals, and entertainments be withdrawn? If a majority of the votes cast favor such withdrawal, no further levy for the purpose shall thereafter be made until the proposition is again resubmitted to the people. After the proposition for withdrawing the right to tax has carried, no further submission of a proposition to levy the tax shall be made for at least two years.

18-1205 Musical and amusement organizations; tax; inclusion in appropriation ordinance.

When any incorporated city or village has voted as required by section 18-1203 to establish and maintain a vocal, instrumental, or amusement organization, there shall thereafter be included in the annual estimate of expenses of the city or village a levy of not to exceed two and one-tenth cents or three and five-tenths cents on each one hundred dollars, as the case may be, upon the taxable value of the taxable property of such city or village for each year for the purpose. The levy so made shall be included in the appropriation ordinance.

18-1216 Collection of special assessments; powers; notice; liability.

(1) Any city of the metropolitan, primary, first, or second class or any village shall have authority to collect the special assessments which it levies and to perform all other necessary functions related thereto including foreclosure. The governing body of any city or village collecting its own special assessments shall direct that notice that special assessments are due shall be mailed or otherwise delivered to the last-known address of the person against whom such special assessments are assessed or to the lending institution or other party responsible for paying such special assessments. Failure to receive such notice shall not relieve the taxpayer from any liability to pay such special assessments and any interest or penalties accrued thereon.

(2) A city of the second class or village collecting its own assessments under this section shall (a) file notice of the assessments and the amount of assessment being levied for each lot or tract of land to the register of deeds of the county in which the municipality is located and (b) file a release of assessment upon final payment of each assessment with the register of deeds. Such register of deeds shall index the assessment against the individual lots and tracts of land and have such information available to the public.

18-1705 Road or street improvement; avoidance of menace to travel; additional land; acquisition by purchase, gift, or eminent domain.

Whenever any city or village shall need any additional land for the purpose of avoiding a menace to travel by caving, sliding, washing, or otherwise or for the purpose of improving, maintaining, or changing any road, street, alley, or other public highway, such city or village may acquire such needed land or an easement therein by purchase, gift, or eminent domain proceedings. Such land may be so acquired regardless of whether it is contiguous or noncontiguous to such road, street, alley, or highway, or within or without the corporate limits of such city or village. In case of eminent domain proceedings, the procedure to

condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

Any city or village shall have authority to contract with other political subdivisions, government agencies, public corporations, private persons, or groups for (1) compensation for services rendered by it or (2) the use of vehicles and equipment of the city or village. The services shall be of a type which the city or village is empowered to perform and the vehicles or equipment shall be of a type which the city or village is empowered to use, as otherwise provided by law. Any person performing the services shall have completed any training requirements of his or her profession as required by law. The compensation agreed upon shall be a legal charge and collectible by the entity rendering such services in any court of competent jurisdiction.

18-1719 Weeds; destruction and removal within right-of-way of railroads; powers.

Any city or village may provide for the destruction and removal of specified portions of weeds and worthless vegetation within the right-of-way of all railroads within the corporate limits of any such city or village, and it may require the owner or owners of such right-of-way to destroy and remove the same therefrom. If such owner or owners fail, neglect, or refuse, after ten days' written notice to remove the same, such city or village, by its proper officers, shall destroy and remove the same or cause the same to be destroyed or removed and shall assess the cost thereof against such property; *Provided,* no city or village shall destroy or remove or otherwise treat such specified portions until after the time has passed in which the railroad company is required to destroy or remove such vegetation.

18-1721 Comprehensive zoning ordinance; requirements for street dedication.

In order to lessen congestion on the streets and to facilitate adequate provisions for community utilities and facilities such as transportation, any city or village which has a comprehensive zoning ordinance is authorized to require that no building or structure shall be erected or enlarged upon any lot in any zoning district unless the half of the street adjacent to such lot has been dedicated to its comprehensive plan width. The maximum area of land required to be so dedicated shall not exceed twenty-five percent of the area of any such lot and the dedication shall not reduce such a lot below a width of fifty feet or an area of five thousand square feet. Any owner of such a lot may submit an application for a variance and the municipality shall provide a procedure for such application to prevent unreasonable hardship under the facts of each case. The authority granted herein is in addition to the authority of the municipality to require dedication of right-of-way as a condition of subdivision approval.

A city may not require a property owner to dedicate private property for some future public purpose as a condition for receiving a building permit unless such future use is directly occasioned by the construction for which the permit is sought. In other cases, eminent domain proceedings are required and compensation must be paid. Simpson v. City of North Platte, 206 Neb. 240, 292 N.W.2d 297 (1980).

18-1722 Buildings; repair, rehabilitate, or demolish; remove; cost; special assessment; civil action.

If any owner of any building or structure fails, neglects, or refuses to comply with notice by or on behalf of any city or village to repair, rehabilitate, or demolish and remove a building or structure which is an unsafe building or structure and a public nuisance, the city or village may proceed with the work specified in the notice to the property owner. A statement of the cost of such work shall be transmitted to the governing body. The governing body may:

(1) Levy the cost as a special assessment against the lot or real estate upon which the building or structure is located. Such special assessment shall be a lien on the real estate and shall be collected in the manner provided for special assessments; or

(2) Collect the cost from the owner of the building or structure and enforce the collection by civil action in any court of competent jurisdiction.

18-1722.01 Property or building; unsafe or unfit for human occupancy; duties.

Whenever the governing body of a municipality of the metropolitan class has decided by resolution or a municipality of any other class has made a determination that a property is unsafe or unfit for human occupancy because of one or more violations of its minimum standard housing ordinance or has decided by resolution or other determination, whichever is applicable, that a building is unsafe because of one or more violations of its dangerous building code

ordinance, it shall be the duty of such municipality to post the property accordingly, and to file a copy of such determination or resolution in the office of the register of deeds of the county to be recorded. No fee shall be charged for such recording or for the release of such recording.

18-1723 Firefighter; police officer; presumption of death or disability; rebuttable.

Whenever any firefighter who has served a total of five years as a member of a paid fire department of any city in this state or any police officer of any city or village, including any city having a home rule charter, shall suffer death or disability as a result of hypertension or heart or respiratory defect or disease, there shall be a rebuttable presumption that such death or disability resulted from accident or other cause while in the line of duty for all purposes of Chapter 15, article 10, sections 16-1001 to 16-1042, and any firefighter's or police officer's pension plan established pursuant to any home rule charter, the Legislature specifically finding the subject of this section to be a matter of general statewide concern. Such rebuttable presumption shall apply in any action or proceeding arising out of death or disability incurred prior to December 25, 1969, and which has not been processed to final administrative or judicial conclusion prior to such date.

18-1724 Discrimination; employment, public accommodations, and housing; ordinance to prevent.

Notwithstanding any other law or laws heretofore enacted, all cities and villages in this state shall have the power by ordinance to define, regulate, suppress, and prevent discrimination on the basis of race, color, creed, religion, ancestry, sex, marital status, national origin, familial status as defined in section 20-311, handicap as defined in section 20-313, age, or disability in employment, public accommodation, and housing and may provide for the enforcement of such ordinances by providing appropriate penalties for the violation thereof. It shall not be an unlawful employment practice to refuse employment based on a policy of not employing both husband and wife if such policy is equally applied to both sexes.

18-1736 Handicapped or disabled persons; designation of parking spaces; display of permits; access aisle, defined.

(1) A city or village may designate parking spaces, including access aisles, for the exclusive use of (a) handicapped or disabled persons whose motor vehicles display the distinguishing license plates issued to handicapped or disabled persons pursuant to section 60-3,113, (b) handicapped or disabled persons whose motor vehicles display a distinguishing license plate issued to a handicapped or disabled person by another state, (c) such other handicapped or disabled persons or temporarily handicapped or disabled persons, as certified by the city or village, whose motor vehicles display the permit specified in section 18-1739, and (d) such other motor vehicles, as certified by the city or village, which display the permit specified in section 18-1739. All such permits shall be displayed by hanging the permit from the motor vehicle's rearview mirror so as to be clearly visible through the front windshield. The permit shall be displayed on the dashboard only when there is no rearview mirror.

(2) If a city or village so designates a parking space or access aisle, it shall be indicated by posting aboveground and immediately adjacent to and visible from each space or access aisle a sign as described in section 18-1737. In addition to such sign, the space or access aisle may also be indicated by blue paint on the curb or edge of the paved portion of the street adjacent to the space or access aisle.

(3) For purposes of sections 18-1736 to 18-1742, access aisle means a space adjacent to a handicapped parking space or passenger loading zone which is constructed and designed in compliance with the federal Americans with Disabilities Act of 1990 and the federal rules and regulations adopted and promulgated in response to the act, as the act and the rules and regulations existed on May 31, 2001.

18-1737 Handicapped or disabled persons; offstreet parking facility; onstreet parking; designation; removal of unauthorized vehicle; penalty; state agency, defined.

(1) Any city or village, any state agency, and any person in lawful possession of any offstreet parking facility may designate stalls or spaces, including access aisles, in such facility owned or operated by the city, village, state agency, or person for the exclusive use of handicapped or disabled persons whose motor vehicles display the distinguishing license plates issued to such individuals pursuant to section 60-3,113, such other handicapped or disabled persons or temporarily handicapped or disabled persons, as certified by the city or village, whose motor vehicles display the permit specified in section 18-1739, and such other motor vehicles, as certified by the city or village, which display such permit. Such designation shall be made by posting aboveground and immediately adjacent to and visible from each stall or space, including access aisles, a sign which is in conformance with the Manual on Uniform Traffic Control Devices adopted pursuant to section 60-6,118 and the federal Americans with Disabilities Act of 1990 and the federal rules and regulations adopted and promulgated in response to the act, as the act and the rules and regulations existed on May 31, 2001.

(2) The owner or person in lawful possession of an offstreet parking facility, after notifying the police or sheriff's department, as the case may be, and any city, village, or state agency providing onstreet parking or owning, operating, or providing an offstreet parking facility may cause the removal, from a stall or space, including access aisles, designated exclusively for handicapped or disabled persons or temporarily handicapped or disabled persons or motor vehicles for the transportation of handicapped or disabled persons or temporarily handicapped or disabled persons, of any vehicle not displaying the proper permit or the distinguishing license plates specified in this section if there is posted aboveground and immediately adjacent to and visible from such stall or space, including access aisles, a sign which clearly and conspicuously states the area so designated as a tow-in zone.

(3) A person who parks a vehicle in any onstreet parking space or access aisle which has been designated exclusively for handicapped or disabled persons or temporarily handicapped or disabled persons or motor vehicles for the transportation of handicapped or disabled persons or temporarily handicapped or disabled persons, or in any so exclusively designated parking space or access aisle in any offstreet parking facility, without properly displaying the proper permit or when the handicapped or disabled person to whom or for whom, as the case may be, the license plate or permit is issued will not enter or exit the vehicle while it is parked in the designated space or access aisle shall be guilty of a handicapped parking infraction as defined in section 18-1741.01 and shall be subject to the penalties and procedures set forth in sections 18-1741.01 to 18-1741.07. The display on a motor vehicle of a distinguishing license plate or permit issued to a handicapped or disabled person by and under the duly constituted authority of another state shall constitute a full and complete defense in any action for a handicapped parking infraction as defined in section 18-1741.01. If the identity of the person who parked the vehicle in violation of this section cannot be readily determined, the owner or person in whose name the vehicle is registered shall be held prima facie responsible for such violation and shall be guilty and subject to the penalties and procedures described in this section. In the case of a privately owned offstreet parking facility, a city or

village shall not require the owner or person in lawful possession of such facility to inform the city or village of a violation of this section prior to the city or village issuing the violator a handicapped parking infraction citation.

(4) For purposes of this section and section 18-1741.01, state agency means any division, department, board, bureau, commission, or agency of the State of Nebraska created by the Constitution of Nebraska or established by act of the Legislature, including the University of Nebraska and the Nebraska state colleges, when the entity owns, leases, controls, or manages property which includes offstreet parking facilities.

18-1738 Handicapped or disabled persons, defined; parking; permits; issuance; procedure; renewal.

(1) The clerk of any city of the primary class, first class, or second class or village shall, or the county clerk or designated county official pursuant to section 23-186 or the Department of Motor Vehicles may, take an application from a handicapped or disabled person or temporarily handicapped or disabled person or his or her parent, legal guardian, or foster parent for a permit which will entitle the holder thereof or a person driving a motor vehicle for the purpose of transporting such holder to park in those spaces or access aisles provided for by sections 18-1736 to 18-1741 when the holder of the permit will enter or exit the motor vehicle while it is parked in such spaces or access aisles. For purposes of this section, the handicapped or disabled person or temporarily handicapped or disabled person shall be considered the holder of the permit.

(2) For purposes of sections 18-1736 to 18-1741, handicapped or disabled person shall mean any individual with a severe visual or physical impairment which limits personal mobility and results in an inability to travel unassisted more than two hundred feet without the use of a wheelchair, crutch, walker, or prosthetic, orthotic, or other assistant device, any individual whose personal mobility is limited as a result of respiratory problems, any individual who has a cardiac condition to the extent that his or her functional limitations are classified in severity as being Class III or Class IV, according to standards set by the American Heart Association, and any individual who has permanently lost all or substantially all the use of one or more limbs. Temporarily handicapped or disabled person shall mean any handicapped or disabled person whose personal mobility is expected to be limited in such manner for no longer than one year.

(3) A person applying for a permit or for the renewal of a permit shall complete an application, shall provide proof of identity, and shall submit a completed medical form containing the statutory criteria for qualification and signed by a physician, a physician assistant, or an advanced practice registered nurse practicing under and in accordance with his or her certification act, certifying that the person who will be the holder meets the definition of handicapped or disabled person or temporarily handicapped or disabled person. No applicant shall be required to provide his or her social security

number. In the case of a temporarily handicapped or disabled person, the certifying physician, physician assistant, or advanced practice registered nurse shall indicate the estimated date of recovery or that the temporary handicap or disability will continue for a period of six months, whichever is less. A person may hold only one permit under this section and may hold either a permit under this section or a permit under section 18-1738.01, but not both. The Department of Motor Vehicles shall provide applications and medical forms to the clerk or designated county official. The application form shall contain information listing the legal uses of the permit and that the permit is not transferable, is to be used by the party to whom issued or for the motor vehicle for which it is issued, is not to be altered or reproduced, and is to be used only when a handicapped or disabled person or a temporarily handicapped or disabled person will enter or exit the motor vehicle while it is parked in a designated parking space or access aisle. The application form shall provide space for the applicant to sign a statement that he or she is aware of his or her rights, duties, and responsibilities with regard to the use and possession of a handicapped or disabled parking permit and the penalties provided by law for handicapped parking infractions. The application form shall also indicate that those convicted of handicapped parking infractions shall be subject to suspension of the permit for six months. A copy of the completed application form shall be given to each applicant. Before a permit is issued, the department shall enter all information required in the manner prescribed by section 18-1739. The clerk or designated county official shall submit to the department the name, address, and license number of all persons applying for a permit pursuant to this section. An application for the renewal of a permit under this section may be filed within thirty days prior to the expiration of the permit. The existing permit shall be invalid upon receipt of the new permit. Following the receipt of the application and its processing, the Department of Motor Vehicles shall deliver each individual renewed permit to the applicant in person or by first-class United States mail, postage prepaid, as circumstances permit, except that renewed permits shall not be issued sooner than ten days prior to the date of expiration.

(4) The Department of Motor Vehicles, upon receipt from the clerk or designated county official of a completed application form and completed medical form from an applicant for a handicapped parking permit under this section, shall verify that the applicant qualifies for such permit and, if so, shall issue the same by delivering the permit to the applicant in person or by first-class United States mail, postage prepaid, as circumstances permit. Upon issuing such permit, the department shall provide the basic issuing data to the clerk or designated county official of the city or county where the permitholder resides or, if different, to the clerk or designated county official who originally accepted the application.

18-1738.01 Handicapped or disabled persons; motor vehicle used for transportation; parking permits; issuance; procedure; renewal.

(1) The clerk of any city of the primary class, first class, or second class or village shall, or the county clerk or designated county official pursuant to section 23-186 or the Department of Motor Vehicles may, take an application from any person for a motor vehicle permit which will entitle the holder thereof or a person driving the motor vehicle for the purpose of transporting handicapped or disabled persons or temporarily handicapped or disabled persons to park in those spaces or access aisles provided for by sections 18-1736 to 18-1741 if the motor vehicle is used primarily for the transportation of handicapped or disabled persons or temporarily handicapped or disabled persons. Such parking permit shall be used only when the motor vehicle for which it was issued is being used for the transportation of a handicapped or disabled person or temporarily handicapped or disabled person and such person will enter or exit the motor vehicle while it is parked in such designated spaces or access aisles.

(2) A person applying for a permit or for the renewal of a permit pursuant to this section shall apply for a permit for each motor vehicle used for the transportation of handicapped or disabled persons or temporarily handicapped or disabled persons, shall complete such forms as are provided to the clerk or designated county official by the Department of Motor Vehicles, and shall demonstrate to the clerk or designated county official or the department that each such motor vehicle is used primarily for the transportation of handicapped or disabled persons or temporarily handicapped or disabled persons. The application form shall contain information listing the legal uses of the permit and that the permit is not transferable, is to be used by the party to whom issued or for the motor vehicle for which it is issued, is not to be altered or reproduced, and is to be used only when a handicapped or disabled person or a temporarily handicapped or disabled person will enter or exit the motor vehicle while it is parked in a designated parking space or access aisle. The application form shall provide space for the applicant to sign a statement that he or she is aware of his or her rights, duties, and responsibilities with regard to the use and possession of a handicapped or disabled parking permit and the penalties provided by law for handicapped parking infractions. The application form shall also indicate that those convicted of handicapped parking infractions shall be subject to suspension of the permit for six months. A copy of the completed application form shall be given to each applicant. No more than one such permit shall be issued for each motor vehicle. A person may hold either a permit under this section or a permit under section 18-1738, but not both. An application for the renewal of a permit under this section may be filed within thirty days prior to the expiration of the permit. The existing permit shall be invalid upon receipt of the new permit. Following the receipt of the application and its processing, the Department of Motor Vehicles shall deliver each individual renewed permit to the applicant in person or by first-class United States mail, postage prepaid, as circumstances permit, except that renewed permits shall not be issued sooner than ten days prior to the date of expiration.

(3) The department, upon receipt from the clerk or designated county official of a completed application form with necessary accompanying certifications, shall verify that the applicant qualifies for a permit under this section and, if so, shall issue the same by delivering the permit to the applicant in person or by first-class United States mail, postage prepaid, as circumstances permit. Before such permit is issued, the department shall enter all information required in the manner prescribed by section 18-1739. The clerk or designated county official

shall submit to the department the name, address, and license number of all persons applying for a permit pursuant to this section. Upon issuing such permit, the department shall provide the basic issuing data to the clerk or designated county official of the city or county where the permitholder resides or, if different, to the clerk or designated county official who originally accepted the application.

18-1738.02 Handicapped or disabled persons; permit; place of application.

Any person applying for a permit pursuant to section 18-1738 or 18-1738.01 shall apply for such permit to the city clerk, village clerk, county clerk, or designated county official pursuant to section 23-186 of the city, village, or county within which the applying individual resides or to the Department of Motor Vehicles. If such person does not reside within a city or village and the county clerk or designated county official does not issue permits, the person shall make application to the city clerk or village clerk of the city or village located nearest to his or her place of residence, to the county clerk or designated county official of any neighboring county who issues such permits, or to the department. No city clerk, village clerk, county clerk, designated county official, or department employee shall accept the application for a permit pursuant to section 18-1738 or 18-1738.01 of any person making application contrary to the provisions of this section.

18-1739 Handicapped or disabled persons; parking; permits; contents; issuance; duplicate permit.

(1) The permit to be issued pursuant to section 18-1738 or 18-1738.01 shall be constructed of a durable plastic designed to resist normal wear or fading for the term of the permit's issuance and printed so as to minimize the possibility of alteration following issuance. The permit shall be of a design, size, configuration, color, and construction and contain such information as specified in the rules and regulations adopted and promulgated by the United States Department of Transportation in the Uniform System for Parking for Persons with Disabilities, 23 C.F.R. part 1235, as such regulations existed on May 31, 2001.

(2) In addition to the requirements of subsection (1) of this section, the permit shall show the expiration date and such identifying information with regard to the handicapped or disabled person or temporarily handicapped or disabled person to whom it is issued as is necessary to the enforcement of sections 18-1736 to 18-1741.07 as determined by the Department of Motor Vehicles. The expiration date information shall be distinctively color-coded so as to identify by color the year in which the permit is due to expire.

(3) No permit shall be issued to any person or for any motor vehicle if any parking permit has been issued to such person or for such motor vehicle and

such permit has been suspended pursuant to section 18-1741. At the expiration of such suspension, a permit may be renewed in the manner provided for renewal in sections 18-1738, 18-1738.01, and 18-1740.

(4) A duplicate permit may be provided without cost if the original permit is destroyed, lost, or stolen. Such duplicate permit shall be issued in the same manner as the original permit, except that a newly completed medical form need not be provided if a completed medical form submitted at the time of the most recent application for a permit or its renewal is on file with the clerk or designated county official or the Department of Motor Vehicles. A duplicate permit shall be valid for the remainder of the period for which the original permit was issued.

18-1740 Handicapped or disabled persons; parking; permits; period valid; renewal.

(1) Permanently issued permits for handicapped or disabled parking authorized by sections 18-1736 to 18-1741.07 issued prior to August 1, 2005, shall be valid for a period ending on September 30 of the third year after the date of issuance and shall expire on that date. Permanently issued permits issued on or after August 1, 2005, shall be valid for a period ending on the last day of the month of the applicant's birthday in the third year after issuance and shall expire on that day.

(2) All permits authorized under sections 18-1736 to 18-1741.07 for temporarily handicapped or disabled parking shall be issued for a period ending not more than six months after the date of issuance but may be renewed one time for a period not to exceed six months. For the renewal period, there shall be submitted an additional application with proof of a handicap or disability.

18-1741 Handicapped or disabled persons; parking; permits; nontransferable; violation; suspension; punishment; fine.

Permits issued under sections 18-1736 to 18-1741 shall not be transferable and shall be used only by the party to whom issued or for the motor vehicle for which issued and only for the purpose for which it is issued. No person shall alter or reproduce in any manner a permit issued pursuant to section 18-1738 or 18-1738.01. No person shall knowingly hold more than one permit or knowingly provide false information on an application for a permit issued pursuant to such sections. No person who is not the holder of a handicapped or disabled parking permit issued to him or her as a handicapped or disabled person shall display a handicapped or disabled parking permit and park in a space or access aisle designated for the exclusive use of a handicapped or

disabled person. No person who is the holder of a handicapped or disabled parking permit issued for the use of such person when transporting a handicapped or disabled person shall display his or her handicapped or disabled parking permit and park in a space or access aisle designated for the exclusive use of a handicapped or disabled person unless a handicapped or disabled person is actually in the vehicle displaying the permit at the time it is parked, has left the vehicle while it was parked, and will return to the vehicle before it leaves the designated space or access aisle. No person who is not the holder of a handicapped or disabled parking permit issued for use when a vehicle is transporting a handicapped or disabled person shall display a handicapped or disabled parking permit and park in a space or access aisle designated for the exclusive use of a handicapped or disabled person unless a handicapped or disabled person is actually in the vehicle displaying the permit at the time it is parked, has left the vehicle while it was parked, and will return to the vehicle before it leaves the designated space or access aisle. Any violation of this section shall constitute a handicapped parking infraction and shall be cause for suspension of such permit for a period of six months and such other punishment as may be provided by local ordinance. In addition, the trial court shall impose a fine of not more than two hundred fifty dollars which may be waived by the court if, at the time of sentencing, all handicapped parking permits issued to or in the possession of the offender are returned to the court. At the expiration of such six-month period, a suspended permit may be renewed in the manner provided for renewal in sections 18-1738, 18-1738.01, and 18-1740.

18-1741.01 Handicapped parking infraction, defined; citation issuance; enforcement on state property.

(1) For purposes of sections 18-1741.01 to 18-1741.07, handicapped parking infraction means the violation of any statute or ordinance regulating (a) the use of parking spaces, including access aisles, designated for use by handicapped or disabled persons, (b) the unauthorized possession, use, or display of handicapped or disabled parking permits, or (c) the obstruction of any wheelchair ramps constructed or created in accordance and in conformity with the federal Americans with Disabilities Act of 1990, as the act existed on May 31, 2001.

(2) For any offense classified as a handicapped parking infraction, a handicapped parking citation may be issued by any peace officer or by any person designated by ordinance or resolution approved by a governing board of a county, city, or village to exercise the authority to issue a citation for any handicapped parking infraction. Such authorization shall be carried out in the manner specified in sections 18-1741.03 and 18-1741.04.

(3) A state agency as defined in section 18-1737 which owns, leases, controls, or manages state property on which public parking is allowed may enter into an agreement with the governing board of the county, city, or village in which the state property or any portion of it is located to allow the political subdivision to enforce sections 18-1736 to 18-1741.07 on such state property.

18-1741.03 Handicapped parking infraction; citation form; Supreme Court; powers.

To insure uniformity, the Supreme Court may prescribe the form of the handicapped parking citation to be used for handicapped parking infractions. The handicapped parking citation shall include a description of the handicapped parking infraction, the time and place at which the person cited is to appear, a warning that failure to appear in accordance with the command of the citation is a punishable offense, and such other matter as the Supreme Court deems appropriate, but shall not include a place for the cited person's social security number. The handicapped parking citation shall provide space for an affidavit by a peace officer certifying that the recipient of the citation is the lawful possessor in his or her own right of a handicapped or disabled parking permit issued under the provisions of section 18-1738 or 18-1738.01 and that the peace officer has personally viewed the permit. The Supreme Court may provide that a copy of the handicapped parking citation constitutes the complaint filed in the trial court.

18-1741.04 Handicapped parking citation; requirements; procedure; waivers; dismissal; credit card; payment authorized.

When a handicapped parking citation is issued for a handicapped parking infraction, the person issuing the handicapped parking citation shall enter thereon all required information, including the name and address of the cited person or, if not known, the license number and description of the offending motor vehicle, the offense charged, and the time and place the person cited is to appear in court. Unless the person cited requests an earlier date, the time of appearance shall be at least three days after the issuance of the handicapped parking citation. One copy of the handicapped parking citation shall be delivered to the person cited or attached to the offending motor vehicle. At least twenty-four hours before the time set for the appearance of the cited person, either the prosecuting attorney or other person authorized by law to issue a complaint for the particular offense shall issue and file a complaint charging such person with a handicapped parking infraction or such person shall be released from the obligation to appear as specified. A person cited for a handicapped parking violation may waive his or her right to trial. For any handicapped parking citation issued for a handicapped parking infraction by reason of the failure of a vehicle to display a handicapped parking permit issued pursuant to section 18-1738 or 18-1738.01, the complaint shall be dismissed if, within seven business days after the date of issuance of the citation, the person cited files with the court the affidavit provided for in section 18-1741.03, signed by a peace officer certifying that the recipient is the

lawful possessor in his or her own right of a handicapped parking permit issued under section 18-1738 or 18-1738.01 and that the peace officer has personally viewed the permit. The Supreme Court may prescribe uniform rules for such waivers. Anyone may use a credit card authorized by the court in which the person is cited as a means of payment of his or her fine and costs.

18-1748 Sewer connection line; driveway approach; owner; duty to maintain; notice; assessment for cost.

Any city or village may require the owner of any property which is within such city or village and connected to the public sewers or drains to repair or replace any connection line which serves the owner's property and is broken, clogged, or otherwise in need of repair or replacement. The property owner's duty to repair or replace such a connection line shall include those portions upon the owner's property and those portions upon public property or easements up to and including the point of junction with the public main.

Any city or village may require the owner of property served by a driveway approach constructed or maintained upon the street right-of-way to repair or replace any such driveway approach which is cracked, broken, or otherwise deteriorated to the extent that it is causing or is likely to cause damage to or interfere with any street structure including pavement or sidewalks.

The city or village shall give the property owner notice by registered letter or certified mail, directed to the last-known address of such owner or the agent of such owner, directing the repair or replacement of such connection line or driveway approach. If within thirty days of mailing such notice the property owner fails or neglects to cause such repairs or replacements to be made, the city or village may cause such work to be done and assess the cost upon the property served by such connection or approach.

18-1749 Pension or retirement plan; employee contribution authorized; manner of payment.

Any city or village of this state may pick up the employee contributions required by a pension or retirement plan for all compensation paid on or after January 1, 1986, and the contributions so picked up shall be treated as employer contributions in determining the federal tax treatment under the Internal Revenue Code, except that the city or village shall continue to withhold federal income taxes based upon such contributions until the Internal Revenue Service or the federal courts rule that, pursuant to section 414(h) of the Internal Revenue Code, such contributions shall not be included as gross income of the employee until such time as they are distributed or made available. The city or village shall pay the employee contributions from the same source of funds which is used in paying earnings to the employees. The city or village shall pick up the contributions by a salary deduction either through a reduction in the cash salary of the employee or a combination of a reduction in salary and offset against a future salary increase. Employee contributions picked up shall be treated in the same manner and to the same extent as employee contributions made prior to the date picked up.

18-1750 Notes for anticipated receipts; issuance; payment; loans from federal government.

(1) Municipalities may issue notes up to seventy percent of the unexpended balance of total anticipated receipts for the current year and the following year. Total anticipated receipts for the current year and the following year shall

mean a sum equal to the anticipated receipts from the current existing total levy multiplied by two.

Municipalities may execute and deliver in evidence thereof their promissory notes, which they are hereby authorized and empowered to make and negotiate, bearing a rate of interest set by the city council or village board and maturing not more than two years from the date thereof. Such notes, before they are negotiated, shall be presented to the treasurer of the municipality and registered by him or her and shall be payable out of the funds collected by such municipality in the order of their registration after the payment of prior registered warrants, but prior to the payment of any warrant subsequently registered, except that if both warrants and notes are registered, the total of such registered notes and warrants shall not exceed one hundred percent of the unexpended balance of the total anticipated receipts of such municipality for the current year and the following year. For the purpose of making such calculation, such total anticipated receipts shall not include any anticipated receipts against which the municipality has issued notes pursuant to this section in either the current or the immediately preceding year.

(2) In addition to the provisions of subsection (1) of this section, municipalities may accept interest-free or low-interest loans from the federal government and may execute and deliver in evidence thereof their promissory notes maturing not more than twenty years from the date of execution.

18-1751 Special improvement district; authorized; when.

All cities and villages may create a special improvement district for the purpose of replacing, reconstructing, or repairing an existing street, alley, water line, sewer line, or any other such improvement. Except as provided in sections 19-2428 to 19-2431, the city council or board of trustees shall have power to assess, to the extent of such special benefits, the costs of such improvements upon the properties found especially benefited thereby, whether or not such properties were previously assessed for the same general purpose. In creating such special improvement district, the city council or board of trustees shall follow procedures applicable to the creation and assessment of the same type of improvement district as otherwise provided by law.

18-1752 Removal of garbage or refuse; authorized; procedure; costs.

(1) Any city or village may provide for the collection and removal of garbage or refuse found upon any lot or land within its corporate limits or zoning jurisdiction or upon the streets, roads, or alleys abutting such lot or land which constitutes a public nuisance. The city or village may require the owner, duly authorized agent, or tenant of such lot or land to remove the garbage or refuse from such lot or land and streets, roads, or alleys.

(2) Notice that removal of garbage or refuse is necessary shall be given to each owner or owner's duly authorized agent and to the tenant if any. Such notice shall be provided by personal service or by certified mail. After providing such notice, the city or village through its proper offices shall, in addition to other proper remedies, remove the garbage or refuse, or cause it to be removed, from such lot or land and streets, roads, or alleys.

(3) If the mayor or city manager of such city or chairperson of such village declares that the accumulation of such garbage or refuse upon any lot or land constitutes an immediate nuisance and hazard to public health and safety, the city or village shall remove the garbage or refuse, or cause it to be removed, from such lot or land within forty-eight hours after notice by personal service or following receipt of a certified letter in accordance with subsection (2) of this section if such garbage or refuse has not been removed.

(4) Whenever any city or village removes any garbage or refuse, or causes it to be removed, from any lot or land pursuant to this section, it shall, after a hearing conducted by its governing board, assess the cost of the removal against such lot or land.

18-1753 Annexation; additional population; report to Tax Commissioner; calculations.

(1) Any city or village annexing territory which thereby adds additional population to the city or village shall report such annexation to the Tax Commissioner. The annexing city or village shall provide the Tax Commissioner with a copy of the ordinance annexing the territory and specify the effective date of the annexation. The annexing city or village shall provide its calculation of the number of additional residents added to the population of the city or village by reason of the annexation and the new combined total population of the city or village and shall inform the Tax Commissioner of the source and date of the federal census relied upon in the calculations.

(2)(a) All calculations of additional population shall be based upon federal census figures from the most recent federal decennial census or the most recent federal census update or recount certified by the United States Bureau of the Census.

(b) If the boundaries of the territory annexed and those of federal census enumeration districts are the same, or if federal census enumeration districts are wholly contained within the boundaries of the area annexed, the most recent federal census figures for such enumeration districts shall be added directly to the population of the city or village.

(c) If the federal census enumeration districts are partly within and partly without the boundaries of the territory annexed, the federal census figures for such enumeration districts shall be adjusted by reasonable interpretation and supplemented by other evidence to arrive at a figure for the number of people residing in the area annexed as such population existed in that area at the time of the most recent federal census. Reasonable interpretation shall include, but not be limited to, the following methods: An actual house count of the annexed territory multiplied by the average number of persons per household as this information existed at the time of the most recent federal census; or multiplying the population that existed at the time of the most recent federal census in the enumeration district by a ratio of the actual current population of the enumeration district divided in the same manner as the annexation.

(d) The population of the city or village following annexation shall be (i) the population of the city or village as reported by the most recent federal census or (ii) the population of the city or village as reported by the most recent federal census plus the population of the territory annexed as calculated in subdivisions (b) and (c) of this subsection.

18-1754 Annexation report; Tax Commissioner; duties.

The Tax Commissioner shall review the report of the annexing city or village and its calculations as to the new population of the city or village as the result of the annexation. He or she shall determine if the methodology employed in determining such calculations has been made in conformity with section 18-1753 and shall, within sixty days of his or her receipt of a complete report from the annexing city or village, certify the total new population of the city or village following the annexation. The Tax Commissioner shall adopt and promulgate rules and regulations to carry out this section and section 18-1753.

18-1755 Acquisition of real property; procedure; public right of access for recreational use.

A city of the metropolitan, primary, first, or second class or village acquiring an interest in real property by purchase or eminent domain shall do so only after the governing body has authorized the acquisition by action taken in a public meeting after notice and public hearing. The city or village shall provide to the public a right of access for recreational use to the real property acquired for public recreational purposes. Such access shall be at designated access points and shall be equal to the right of access for recreational use held by adjacent landowners. The right of access granted to the public for recreational

use shall meet or exceed such right held by a private landowner adjacent to the real property.

18-1756 Purchase of personal property without bidding; when.

(1) Notwithstanding any other provisions of law or a home rule charter, a city or village which has established, by an interlocal agreement with any county, a joint purchasing division or agency may purchase personal property without competitive bidding if the price for the property has been established by the federal General Services Administration or the materiel division of the Department of Administrative Services.

(2) For purposes of this section:

(a) Personal property includes, but is not limited to, supplies, materials, and equipment used by or furnished to any officer, office, department, institution, board, or other agency; and

(b) Purchasing or purchase means the obtaining of personal property by sale, lease, or other contractual means.

18-1757 Issuance of citations for violations; procedure.

(1) The chief or head official of the fire department, fire inspectors as may be designated by such chief or head official, or inspectors charged with the enforcement of fire, health, or safety codes and constructional technical codes of a city of the first class, city of the primary class, or city of the metropolitan class shall have the authority, after being trained by a certified law enforcement officer in the policies and procedures for issuance of citations, to issue citations for violations of fire, health, and safety codes and constructional technical codes (a) that constitute infractions or violations of city ordinances, (b) that are violations of the fire, health, or safety code or constructional technical code that the official or inspector issuing the citation is charged with enforcing, and (c) in which the circumstances do not pose a danger to the official or inspector.

(2) If a city of the second class or village has adopted and is enforcing a fire, health, safety, or constructional technical code, the chief or head official of the fire department, fire inspectors designated by such chief or head official, or such inspectors charged with the enforcement of the fire, health, safety, or constructional technical code shall have the authority, after being trained by a certified law enforcement officer in the policies and procedures for issuance of citations, to issue citations for violations of fire, health, safety, or constructional technical codes (a) that constitute infractions or violations of city or village ordinances, (b) that are violations of the fire, health, safety, or constructional technical code that the official or inspector issuing the citation is charged with enforcing, and (c) where the circumstances do not pose a danger to the official or inspector.

(3) A citation issued under this section shall be equivalent to and have the same legal effect as a citation issued in lieu of arrest or continued custody by a peace officer if the citation and procedures utilized meet the requirements of sections 29-422 to 29-429. The citation shall be on the same form prescribed under section 29-423. Failure to appear or comply with a citation issued under

this section shall be punishable in the same manner as provided in section 29-426. An official or inspector issuing a citation under this section shall not have authority to take a person into custody or detain a person under this section or section 29-427.

18-1801 Various purpose bonds; power to issue.

Whenever any city or village is authorized to issue bonds that would constitute a general obligation of the city or village and the city or village has taken all preliminary steps required for the issuance of two or more issuances of such bonds, except the enactment of an ordinance or resolution prescribing the form thereof, the city or village may combine all such proposed bonds into a single issue in the total amount of the aggregate of the proposed separate issues and issue and sell such bonds at not less than par. The bonds shall be known as Various Purpose Bonds of the City (or Village) of ..... .

Source: Laws 1961, c. 56, § 1, p. 209.

18-1802 Various purpose bonds; terms; payment.

The various purpose bonds shall be authorized by an ordinance enacted by a majority vote of the governing body of the city or village. The ordinance shall state the various proposed bonds and the amount of each proposed issue which have been combined in the various purpose bonds. The various purpose bonds may mature and bear interest as the governing body may determine but the amount of each proposed separate issue included therein shall mature and bear interest within the maturity and interest limitations which would be applicable to such separate issue as if it were issued independently. The proceeds received from the sale of such bonds shall be allocated and applied to the same purposes as the proceeds of the separate bond issues would have been applied if issued. All money collected from special assessments or other special funds which might have been applied on the payment of any bonds if issued separately shall be kept in a special account and used to pay the principal and interest on the various purpose bonds of the city or village.

18-1803 Revenue bonds; purpose; issuance; terms, defined.

Any city or village shall have the power to issue revenue bonds for the purpose of acquiring, constructing, reconstructing, improving, extending, equipping, or furnishing any revenue-producing facility within or without its corporate limits that the municipality has power to acquire, construct, reconstruct, extend, equip, improve, or operate and for any purpose necessary or

incidental to any of the foregoing and for the purpose of refunding any such bonds and for the purpose of refunding general obligation bonds of the city or village issued to construct part or all of such revenue-producing facilities including refunding any general obligation bonds which may have been issued to refund any bonds issued to construct part or all of such revenue-producing facilities. Cities of the primary class may also issue revenue bonds for any public purpose in connection with or related to any such revenue-producing facility. For the purposes of sections 18-1803 to 18-1805, bonds shall mean and include bonds, notes, warrants, or debentures, including notes issued pending permanent revenue bond financing. For the purposes of sections 18-1803 to 18-1805, facility shall mean and include, but not be limited to, all or part of a revenue-producing undertaking, such as a health care facility, waterworks plant, water system, sanitary sewer system, sewage disposal plant, gas plant, electric light and power plant, electric distribution system, or airport facility, including an ownership interest in any such undertaking, or any combination of two or more such undertakings or an interest or interests therein.

18-1804 Revenue bonds; general provisions; enumerated.

General provisions relating to the form, sale, issuance, and other matters concerning revenue bonds shall be as follows:

(1) The form, denominations, and other features of such bond issues shall be as prescribed by the governing body in the ordinance authorizing the issuance of such bonds. The official designated shall be responsible for the sale and issuance of such bonds, for their delivery, for promptly and properly depositing the proceeds therefrom, and for other ministerial acts relating to bonds;

(2) Revenue bonds shall be issued for such terms as the ordinance authorizing them shall prescribe but shall not mature later than fifty years after the date of issuance thereof and may be issued with or without an option of redemption as shall be determined by the governing body;

(3) Revenue bonds shall be sold for such price, bear interest at such rate or rates, and be payable as to principal and interest at such time or times and at such place or places within or without the state as shall be determined by the governing body;

(4) Any ordinance authorizing revenue bonds may contain such covenants and provisions to protect and safeguard the security of the holders of such bonds as shall be deemed necessary to assure the prompt payment of the principal thereof and the interest thereon. Such covenants and provisions may establish or provide for, but shall not be limited to, the payment of interest on such bonds from the proceeds thereof for such period as the governing body deems advisable, the creation of reserve funds from bond proceeds, revenue of the facility for or with respect to which the bonds were issued or other available money, the creation of trust funds, and the appointment of trustees for the purpose of receiving and disbursing bond proceeds or the collection and disbursement of revenue from the facility for or with respect to which the bonds were issued; the limitations or conditions upon the issuance of additional bonds payable from the revenue of the facility for or with respect to which the bonds were issued; the operation, maintenance, management, accounting and auditing procedures to be followed in the operation of the facility; and the

conditions under which any trustee or bondholders committee shall be entitled to the appointment of a receiver to take possession of the facility, to manage it, and receive and apply revenue from the facility;

(5) The provisions of this section and any ordinances authorizing the issuance of revenue bonds pursuant to this section shall constitute a contract of the municipality with every holder of such bonds and shall be enforceable by any bondholder by mandamus or other appropriate action at law or in equity in any court of competent jurisdiction;

(6) Bonds issued pursuant to this section shall not be a debt of the municipality within the meaning of any constitutional, statutory, or charter limitation upon the creation of general obligation indebtedness of the municipality, and the municipality shall not be liable for the payment thereof out of any money of the municipality other than the revenue pledged to the payment thereof, and all bonds issued pursuant to this section shall contain a recital to that effect. The holders of all revenue bonds shall have a lien on the revenue of the facility for or with respect to which they are issued subject to conditions provided in the ordinance authorizing the issuance of such bonds;

(7) Whenever the governing body shall have issued any revenue bonds, it shall establish, maintain, revise and collect charges and rates throughout the life of the bonds at least sufficient to provide for all costs associated with the ownership, operation, maintenance, renewal and replacement of the facility for or with respect to which the bonds were issued, the payment of the principal and interest on all indebtedness incurred with respect thereto and to provide adequate reserves therefor, to maintain such coverage for the payment of such indebtedness as the governing body may deem advisable, to maintain such other reserves as provided in the ordinances authorizing the issuance of such bonds and to carry out the provisions of such ordinances; and

(8) Such bonds shall be signed by the mayor and countersigned by the official designated. Signatures upon such bonds and coupons shall be in such form as the governing body may prescribe in the bond ordinance concerned. At least one manual signature shall be affixed to each bond, but other required signatures may be affixed as facsimile signatures. The use on bonds and coupons of a printed facsimile of the municipal seal is also authorized.

18-1805 Revenue bonds issued prior to October 23, 1967; sections, how construed.

The provisions of sections 18-1803 to 18-1805 shall not in any way govern, impair, or restrict the issuance of revenue bonds authorized by the municipality prior to October 23, 1967.

The provisions of sections 18-1803 to 18-1805 shall be independent of and in addition to any other provisions of the laws of the State of Nebraska or provisions of home rule charters, and revenue bonds may be issued under the provisions of sections 18-1803 to 18-1805 for any purpose authorized in such sections even though other provisions of the laws of the State of Nebraska or provisions of home rule charters may provide for the issuance of revenue bonds for the same or similar purposes. The provisions of sections 18-1803 to 18-1805 shall not be considered amendatory of or limited by any other provisions of the laws of the State of Nebraska or provisions of home rule charters, and revenue

bonds may be issued under the provisions of sections 18-1803 to 18-1805 without complying with the restrictions or requirements of any other provisions of the laws of the State of Nebraska, except when specifically required by sections 18-1803 to 18-1805, or without complying with the restrictions or requirements of home rule charters. Nothing in sections 18-1803 to 18-1805 shall prohibit or limit the issuance of revenue bonds in accordance with the provisions of other applicable laws of the State of Nebraska or of home rule charters if the governing body shall determine to issue such revenue bonds under such other laws or charter or otherwise limit the provisions of any home rule charter.

PLUMBING INSPECTION

Section

18-1901 Board for examination of plumbers; members; appointment; qualifications; terms; quorum; organization; vacancies; how filled; bond; duties.

(1) In cities of the metropolitan class there shall be a board for the examination of plumbers of eight members. The board shall consist of an architect licensed to practice in the State of Nebraska and engaged in business in a city of the metropolitan class, a mechanical engineer licensed to practice in the State of Nebraska and engaged in business in a city of the metropolitan class, two journeymen plumbers, two master plumbers, one member of the general public who is not associated with the plumbing business, and a chief health officer who shall serve as a nonvoting member of the board. Such members shall be appointed by the mayor by and with the consent of the city council. A member shall continue to serve until his or her successor has been appointed and qualified.

(2) In cities of the primary class there may be a board for the examination of plumbers consisting of five members. The board shall consist of the Director of

Building and Safety of the city, a registered professional mechanical engineer licensed to practice in the State of Nebraska and engaged in business in the city, the chief plumbing inspector for the city, one master plumber, and one journeyman plumber. The mechanical engineer, the master plumber, and the journeyman plumber shall be appointed by the mayor by and with the consent of the city council or, in cities having a city manager, by the city manager.

(3) In all cities of the first and second classes and villages there may be a board for the examination of plumbers of not less than four members, consisting of at least one member to be known as the chief health officer of the city or village, one member to be known as the plumbing inspector of the city or village, one journeyman plumber, and one master plumber. The journeyman and master plumbers shall be appointed by the mayor by and with the consent of the city council, by the chairperson by and with the consent of the board of trustees, or, in cities having a city manager, by the city manager.

(4) For purposes of this section, in cities where a city-county health department has been established and is maintained as provided in section 71-1628, chief health officer shall mean the health director of such department.

(5) Except for cities of the metropolitan and primary classes and as provided in subsection (4) of this section, the chief health officer and plumbing inspector shall be appointed by and hold office during the term of office of the mayor, city manager, or chairperson of the board of trustees, as the case may be. The terms of office of the journeymen and master plumbers shall be for three years. Upon expiration of the term of each appointed member, appointments shall be made for succeeding terms by the same process as the previous appointments.

(6) The plumbing inspector and journeymen and master plumbers shall be licensed plumbers. The plumbers appointed to the board in cities of the metropolitan class shall be licensed within such cities. The chief plumbing inspector shall be licensed within such city or village and shall act in a direct advisory capacity to the plumbing board.

(7) In cities of the metropolitan class, four voting members of the board shall constitute a quorum, and in all other cities and villages, three members of the plumbing board shall constitute a quorum. The board shall organize by selecting a chairperson, and in cities of the metropolitan class a recording secretary shall be furnished to such board. The city or village shall make available to the board a location for the board to meet and conduct business at a time convenient for the members of the board. All vacancies in the board may be filled by the mayor and council, city manager, or chairperson and board of trustees as provided in this section. Any member of the board may be removed from office for cause by the district court of the county in which such city or village is situated. The governing body of the city or village may require that each member of the board give bond in the sum of one thousand dollars, conditioned according to law, the cost of which may be paid by such city or village.

(8) The plumbing board in a city of the metropolitan class shall maintain a record of all complaints filed in the city regarding violations of the plumbing code and a record of the disposition of each such complaint.

(9) If two or more municipalities organize a joint plumbing board pursuant to the Interlocal Cooperation Act, appointments shall be made according to the agreements providing for such joint board and the members of such board shall

be residents of such cities or villages or live within the zoning jurisdiction of such cities or villages.

18-1903 Board; appointments; when made; ex officio members; compensation.

The appointment of the plumbing board shall be made annually, at the first meeting of the city council or chairperson and board of trustees, or by the city manager, in August of each year, except as provided in section 18-1901. If the city or village has a chief health officer or health director and plumbing inspector, then they shall act as members of such board ex officio and shall receive no extra compensation, except that boards of cities of the primary class shall have members as provided in subsection (2) of section 18-1901. If there are no such officers in such city or village, then, on being appointed, they shall each receive as a salary an amount to be determined by the city council or chairperson and board of trustees.

18-1904 Board; meetings; examination for license; rules.

The plumbing board shall fix stated times and places of meeting, which times shall not be less than once in every two weeks and meetings may be held more often upon written call of the chairman of the board. The board shall adopt rules for the examination, at such times and places, of all persons who desire a license to work at the construction or repairing of plumbing within the city or

village, and also within the area of the zoning jurisdiction outside the corporate limits of cities of the metropolitan class.

18-1905 Assistant inspector; board members; compensation; meetings, restriction.

The assistant inspectors shall receive a salary in an amount to be determined by the city council or chairman and board of trustees. The members of the board, not ex officio members, shall be paid an amount to be determined by the city council or chairman and board of trustees. No meeting of the board shall be held at any time, except on the call of the chairman of such board. All salaries shall be paid out of the general fund of the city or village, where the board is located, the same as other city or village officers are paid. Vouchers for the same shall be duly certified by the chairman and secretary of such board to the city council, city manager, or chairman and board of trustees.

18-1906 Construction, alteration, and inspection; rules and regulations; powers of board; variances; fee; plans and specifications; approval; Building Board of Review; appeals.

The plumbing board shall have power, and it shall be its duty, to adopt rules and regulations, not inconsistent with the laws of the state or the ordinances of the city or village, for the sanitary construction, alteration, and inspection of plumbing and sewerage connections and drains placed in, or in connection with, any and every building in such city or village, in which it will prescribe the kind and size of materials to be used in such plumbing and the manner in which such work shall be done, which rules and regulations, except such as are adopted for its own convenience only, shall be approved by ordinance by the mayor and council of such city or by the chairperson and board of trustees of such village. The board shall have the power to amend or repeal its rules and regulations, subject, except such as relate to its own convenience only, to the approval of the mayor and council of such city or chairperson and board of trustees of such village. In cities of the metropolitan class the plumbing board shall have the power, without the approval of the mayor and city council, to grant a variance from the ordinances, rules, and regulations in the kind and size of materials to be used or in the manner in which the work is to be performed. The variance shall apply only to a single building and shall not be considered as a part of the ordinances, rules, and regulations of the plumbing board. If there are practical difficulties or unnecessary hardships in the manner of strictly carrying out such ordinance, the plumbing board shall have the power, in passing upon a variance, to vary or modify the application of any of the regulations or provisions of such ordinance relating to the use, construction, or alteration of buildings or structures or the use of land, so that the intent of the ordinance shall be observed, public safety and welfare secured, and substantial justice done. The board shall have power to compel the owner or

contractor to first submit the plans and specifications for plumbing that is to be placed in any building or adjoining premises to the board for approval before it shall be installed in such building or premises. When an owner or contractor submits a request for a variance, the plumbing board shall charge a reasonable fee, payable to the general fund, not to exceed twenty-five dollars. The Building Board of Review shall have the authority to hear appeals from the plumbing board in matters regarding variances and interpretation of ordinances, plumbing code changes, rules, and regulations. The Building Board of Review shall adopt rules governing such appeals.

18-1907 License; examination; when; subject matter.

Any person desiring to do any plumbing, or to work at the business of plumbing, in any such city or village which has established a plumbing board, shall make written application to the plumbing board for examination for a license, which examination shall be made at the next meeting of the board, or at an adjourned meeting. If the applicant is an individual, the application shall include the applicant's social security number. The board shall examine the applicant as to his or her practical knowledge of plumbing, house drainage, ventilation, and sanitation, which examination shall be practical as well as theoretical; and if the applicant has shown himself or herself competent, the plumbing board shall cause its chairperson and secretary to execute and deliver to the applicant a license authorizing him or her to do plumbing in such city or village and also within the area of the zoning jurisdiction outside the corporate limits of cities of the metropolitan class.

18-1908 License; renewal; reexamination; when.

All original licenses may be renewed and all renewal licenses may be renewed by the plumbing board at the dates of their expiration. Such renewal licenses shall be granted, without a reexamination, upon the written application of the licensee filed with the board and showing that his purposes and condition remain unchanged, unless it is made to appear by affidavit before the board that the applicant is no longer competent, or entitled to such renewal license, in which event the renewal license shall not be granted until the applicant has undergone the examination hereinbefore required.

18-1909 License; term; revocation; suspension; grounds; notice and hearing.

All original and renewal licenses shall be good for one year or two years from the date of issuance as determined by the plumbing board, except that any license may be revoked or suspended by the plumbing board at any time upon a hearing upon sufficient written, sworn charges filed with the board showing the

holder of the license to be incompetent or guilty of a willful breach of the rules, regulations, or requirements of the board or of the laws or ordinances relating thereto or of other causes sufficient for the revocation or suspension of his or her license, of which charges and hearing the holder of such license shall have written notice.

18-1910 License; required; compliance with codes; exception.

It shall be unlawful for any person to do any plumbing in any such city or village, or within the area of the zoning jurisdiction outside the corporate limits of cities of the metropolitan class, which has established a plumbing board unless he holds a proper license. It shall be unlawful for any person to make any connection to water mains extended from within and beyond the zoning jurisdiction of a city of the metropolitan class which has established a plumbing board, unless he complies with the applicable plumbing codes of the metropolitan city and holds a proper license as required thereby; *Provided,* that the requirements of this section shall not apply to employees of the water utility acting within the scope of their employment.

18-1911 License; fees; disposition.

The fee for the original license of a journeyman plumber shall be one dollar for a one-year license and two dollars for a two-year license. All renewal fees shall be fifty cents for a one-year license and one dollar for a two-year license. All license fees shall be paid, prior to the execution and delivery of the license, to the treasurer of the school district within the city or village for which the license was issued to be used exclusively for the support of the common schools therein.

18-1912 Inspector; duties; assistants.

The city or village plumbing inspector shall inspect all plumbing work in process of construction, alteration or repair within his respective jurisdiction, and for which a permit either has or has not been granted, and shall report to said board all violations of any law or ordinance, or rule or regulation of the board, in connection with the plumbing work being done, and also shall perform such other appropriate duties as may be required of him by said board. If necessary, the mayor, by the consent of the council, the city manager, or the chairman and board of trustees, shall employ one or more assistant inspectors, who shall be practical licensed plumbers, to assist in the performance of the duties of the inspector.

18-1913 Defective work; cessation; removal.

The inspector shall be required to stop any plumbing work not being done in accordance with the requirements of the rules and regulations of the board; and the plumbing board shall have the power to cause plumbing to be removed, if, after notice to the owner or plumber doing the work, the board shall find the work or any part thereof to be defective.

18-1914 Violations; penalties.

Any person violating any of the provisions of sections 18-1901 to 18-1913, or of any lawful ordinance or rules and regulations, authorized hereby, shall be deemed guilty of a misdemeanor, and shall be fined not exceeding fifty dollars nor less than five dollars for each and every violation thereof. If such person holds a plumber's license he shall forfeit the same, and it shall be void, and he shall not be entitled to another plumber's license for one year after such forfeiture is declared against him by the board.

18-1915 Permit fees; inspection; provisions applicable.

The State of Nebraska shall permit cities and villages to collect permit fees and inspect all sanitary plumbing installed or repaired, except for a single-family dwelling or a farm or ranch structure, within the State of Nebraska outside of the zoning jurisdiction of cities and villages. The city or village nearest the construction site shall have jurisdiction to collect such permit fees and conduct the inspection of the sanitary plumbing. If the city or village has a plumbing ordinance in force and effect, such ordinance will govern the installation of the sanitary plumbing. If there is no city ordinance in effect for such city or village, the American National Standards Institute Uniform Plumbing Code, ANSI A40-1993, shall apply to all buildings except single-family dwellings and farm and ranch structures.

Any code or ordinance enacted by a city or village which is at least equal to the American National Standards Institute Uniform Plumbing Code, ANSI A40-1993, shall take preference over the provisions of the immediately preceding sentence.

18-1917 Installation; repair; who can perform.

Any person, partnership, limited liability company, corporation, or other legal entity who installs or repairs any sanitary plumbing within the state shall be a duly qualified master plumber licensed by the city or village nearest the

construction site. The employees of the master plumbers who perform the actual installation or repair of sanitary plumbing shall also be licensed as journeymen plumbers by the city or village nearest the construction site.

STREET IMPROVEMENTS

Section

18-2001 Street improvements; without petition or creation of district; when.

Any city or village may, without petition or creating a street improvement district, grade, curb, gutter, and pave any portion of a street otherwise paved so as to make one continuous paved street, but the portion to be so improved shall not exceed two blocks, including intersections, or thirteen hundred and twenty-five feet, whichever is the lesser. Such city or village may also grade, curb, gutter, and pave any unpaved street or alley which intersects a paved street for a distance of not to exceed one block on either side of such paved street. The improvements authorized by this section may be performed upon any portion of a street or any unpaved street or alley not previously improved to meet or exceed the minimum standards for pavement set by the city or village for its paved streets.

Benesch v. City of Schuyler, 5 Neb. App. 59, 555 N.W.2d 63 (1996).

18-2002 Street improvements; additional authorization.

Any city or village may, without petition or creating a street improvement district, order the grading, curbing, guttering, and paving of any side street or alley within its corporate limits connecting with a major traffic street for a distance not to exceed one block from such major traffic street. The improvements authorized by this section may be performed upon any side street or alley not previously improved to meet or exceed the minimum standards for pavement set by the city or village for its paved streets.

18-2003 Special taxes and assessments; bonds; warrants; interest on amounts due; contractor; sinking fund.

In order to defray the costs and expenses of the improvements authorized by sections 18-2001 and 18-2002, the mayor and council or chairman and board of trustees, as the case may be, may levy and collect special taxes and assessments upon the lots and parcels of real estate adjacent to or abutting upon the portion of the street or alley thus improved, or which may be specially benefited by such improvements, notwithstanding that the same may be unplatted and not subdivided; and the method of levying, equalizing, and collecting such special assessments, and generally financing such improvements by bond issues and other means, shall be as provided by law for paving and street improvements in such municipality. For the purpose of paying the cost of street improvements as provided in section 18-2001 the mayor and council or chairman and board of trustees, as the case may be, shall have the power, after the improvements have been completed and accepted, to issue negotiable bonds of such city or village to be called Paving Bonds, payable in not exceeding fifteen years and bearing interest payable annually or semiannually, which may be sold by the city for not less than the par value thereof. For the purpose of making partial payments as the work progresses, warrants bearing interest may be issued by the governing body of the city or village upon certificates of the engineer in charge showing the amount of work completed and materials necessarily purchased and delivered for the orderly and proper continuation of the project, in a sum not exceeding ninety-five percent of the cost thereof until the work has been completed and accepted by the city or village, at which time a warrant for the balance of the amount may be issued, which warrants shall be redeemed and paid upon the sale of the bonds or from any other funds available. The city or village shall pay to the contractor interest at the rate of eight percent per annum on the amounts due on partial and final payments beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body, and running until the date that the warrant is tendered to the contractor. All special assessments which may be levied upon property specially benefited by such work or improvements shall, when collect-

ed, be set aside and constitute a sinking fund for the payment of the interest and principal of such bonds. There shall be levied annually upon all taxable property in such city or village a tax which, together with such sinking fund derived from special assessments, shall be sufficient to meet payments of interest and principal as the same become due.

18-2004 Sections, how construed.

Nothing in sections 18-2001 to 18-2004 shall be construed to repeal or amend any statutes except those hereinafter specifically repealed, and sections 18-2001 to 18-2004 shall be construed as an independent and complete act. Other statutes may be relied upon, if need be, to supplement and effectuate the purposes of sections 18-2001 to 18-2004.

COMMUNITY DEVELOPMENT

Section

Section

18-2101 Act, how cited.

Sections 18-2101 to 18-2144 shall be known and may be cited as the Community Development Law.

Source: Laws 1951, c. 224, § 1, p. 797; R.R.S.1943, § 14-1601; Laws 1957, c. 52, § 1, p. 247; R.R.S.1943, § 19-2601; Laws 1973, LB 299, § 1; Laws 1997, LB 875, § 2; Laws 2007, LB562, § 1.

In considering a challenge to actions taken by a community redevelopment authority pursuant to the Community Development Law, a district court may disturb the decision of the community redevelopment authority only if it determines that the decision was illegal or is not supported by the evidence and is thus arbitrary, unreasonable, or clearly wrong. Under the Community Development Law, land cannot be added to an existing community redevelopment area unless (1) the additional land is declared blighted or substandard within the meaning of the Community Development Law or (2) the additional land is reasonably necessary to accomplish the implementation of the existing redevelopment plan. Fitzke v. City of Hastings, 255 Neb. 46, 582 N.W.2d 301 (1998).

18-2101.01 Creation of agency; cooperation with federal government; taxes, bonds, and notes; other powers.

Cities of all classes and villages of this state are hereby granted power and authority to create a community development agency by ordinance, which agency may consist of the governing body of the city or village or a new or existing municipal division or department, or combination thereof. When such an agency is created, it shall function in the manner prescribed by ordinance and may exercise all of the power and authority granted to a community redevelopment authority in sections 18-2101 to 18-2144. Cities of all classes and villages of this state are also granted power and authority to do all community development activities, and to do all things necessary to cooperate with the federal government in all matters relating to community development program activities as a grantee, or as an agent or otherwise, under the provisions of the federal Housing and Community Development Act of 1974, as amended through the Housing and Community Development Amendments of 1981. Whenever such a city exercises the power conferred in this section, it may levy taxes for the exercise of such jurisdiction and authority and may issue general obligation bonds, general obligation notes, revenue bonds, and revenue notes including general obligation and revenue refunding bonds and notes for the purposes set forth in such sections and under the power granted to any authority described.

18-2102 Legislative findings and declarations.

It is hereby found and declared that there exist in cities of all classes and villages of this state areas which have deteriorated and become substandard and blighted because of the unsafe, insanitary, inadequate, or overcrowded condition of the dwellings therein, or because of inadequate planning of the area, or excessive land coverage by the buildings thereon, or the lack of proper light and air and open space, or because of the defective design and arrangement of the buildings thereon, or faulty street or lot layout, or congested traffic conditions, or economically or socially undesirable land uses. Such conditions or a combination of some or all of them have resulted and will continue to result in making such areas economic or social liabilities harmful to the social and economic well-being of the entire communities in which they exist, needlessly increasing public expenditures, imposing onerous municipal burdens, decreasing the tax base, reducing tax revenue, substantially impairing or arresting the sound growth of municipalities, aggravating traffic problems,

substantially impairing or arresting the elimination of traffic hazards and the improvement of traffic facilities, and depreciating general community-wide values. The existence of such areas contributes substantially and increasingly to the spread of disease and crime, necessitating excessive and disproportionate expenditures of public funds for the preservation of the public health and safety, for crime prevention, correction, prosecution, punishment and the treatment of juvenile delinquency, and for the maintenance of adequate police, fire, and accident protection and other public services and facilities. These conditions are beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by the ordinary operations of private enterprise without the aids herein provided. The elimination of such conditions and the acquisition and preparation of land in or necessary to the renewal of substandard and blighted areas and its sale or lease for development or redevelopment in accordance with general plans and redevelopment plans of communities and any assistance which may be given by any state public body in connection therewith are public uses and purposes for which public money may be expended and private property acquired. The necessity in the public interest for the provisions of the Community Development Law is hereby declared to be a matter of legislative determination.

It is further found and declared that the prevention and elimination of blight is a matter of state policy, public interest, and statewide concern and within the powers and authority inhering in and reserved to the state, in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, and consume an excessive proportion of their revenue.

It is further found and declared that certain substandard and blighted areas, or portions thereof, may require acquisition, clearance, and disposition, subject to use restrictions, as provided in the Community Development Law, since the prevailing conditions of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in the Community Development Law, be susceptible of conservation or rehabilitation in such a manner that the conditions and evils, hereinbefore enumerated, may be eliminated, remedied, or prevented; and that salvageable substandard and blighted areas can be conserved and rehabilitated through appropriate public action and the cooperation and voluntary action of the owners and tenants of property in such areas.

18-2102.01 Creation of authority or limited authority; name; membership; optional election; officers and employees; quorum; interest in contracts; accounts; loan from city; finances; deposits; audit.

Cities of all classes and villages of this state are hereby granted power and authority to create community redevelopment authorities and limited community redevelopment authorities.

(1) Whenever an authority or limited authority is created it shall bear the name of the city creating it and shall be legally known as the Community Redevelopment Authority of the City (or Village) of ..... (name of city or

village) or the Limited Community Redevelopment Authority of the City (or Village) of ..... (name of city or village).

(2) When it is determined by the governing body of any city by ordinance in the exercise of its discretion that it is expedient to create a community redevelopment authority or limited community redevelopment authority, the mayor of the city or, if the mayor shall fail to act within ninety days after the passage of the ordinance, the president or other presiding officer other than the mayor of the governing body, with the approval of the governing body of the city, shall appoint five persons who shall constitute the authority or the limited authority. The terms of office of the members of the authority initially appointed shall be for one year, two years, three years, four years, and five years, as designated by the mayor, president, other presiding officer, or city manager in making the respective appointments. As the terms of the members of the authority expire in cities not having the city manager form of government, the mayor, with the approval of the governing body of the city, shall appoint or reappoint a member of the authority for a term of five years to succeed the member whose term expires. In cities having the city manager form of government, the city manager shall appoint or reappoint the members with the approval of the governing body. The terms of office of the members of a limited community redevelopment authority shall be for the duration of only one single specific limited pilot project authorized in the ordinance creating the limited community redevelopment authority, and the terms of the members of a limited community redevelopment authority shall expire upon the completion of the single specific limited pilot project authorized in the ordinance creating the limited community redevelopment authority. A governing body may at its option submit an ordinance which creates a community redevelopment authority or a limited community redevelopment authority to the electors of the city for approval by a majority vote of the electors voting on the ordinance. On submitting the ordinance for approval, the governing body is authorized to call, by the ordinance, a special or general election and to submit, after thirty days' notice of the time and place of holding the election and according to the manner and method otherwise provided by law for the calling, conducting, canvassing, and certifying of the result of city elections on the submission of propositions to the electors, the proposition to be stated on the ballot as follows:

Shall the City (or Village) of ..... (name of city or village) create a Community Redevelopment Authority of the City (or Village) of ..... (name of city or village)?

... Yes

... No.

When the ordinance submitted to the electors for approval by a majority vote of the electors voting on the ordinance is to create a limited community redevelopment authority the proposition shall be stated on the ballot as follows:

Shall the City (or Village) of ..... (name of city or village) create a Limited Community Redevelopment Authority of the City (or Village) of .... (name of city or village)?

... Yes

... No.

Vacancies shall be filled for any unexpired term in the same manner as the original appointment. Members of the authority so appointed shall hold office until their successors have been appointed and qualified. Members of a limited authority shall hold office as provided in this section. All members of the authority shall serve without compensation, but shall be entitled to be reimbursed for all necessary expenses incurred.

(3) Any authority established under this section shall organize by electing one of its members chairperson and another vice-chairperson, shall have power to employ counsel, a director who shall be ex officio secretary of the authority, and such other officers and employees as may be desired, and shall fix the term of office, qualifications, and compensation of each. The holder of the office of community redevelopment administrator or coordinator of the city may, but need not, be appointed the director but at no additional compensation by the authority. Community redevelopment authorities of cities of the first and second class and villages may secure the services of a director, community redevelopment administrator, or coordinator, and other officers and employees as may be desired through contract with the Department of Economic Development upon terms which are mutually agreeable. Any authority established under this section may validly and effectively act on all matters requiring a resolution or other official action by a majority vote of its membership present at a meeting of the authority if a quorum of four is present. Orders, requisitions, warrants, and other documents may be executed by the chairperson or vice-chairperson or by or with others designated in its bylaws.

(4) No member or employee of any authority established under this section shall have any interest directly or indirectly in any contract for property, materials, or services to be required by such authority.

(5) The authority shall keep an accurate account of all its activities and of all receipts and disbursements and make an annual report of such activities, receipts, and disbursements to the governing body of the city.

(6) The governing body of a city creating a community redevelopment authority or a limited community redevelopment authority is hereby authorized to appropriate and loan to the authority a sum not exceeding ten thousand dollars for the purposes of paying expenses of organizing and supervising the work of the authority at the beginning of its activities. The loan shall be authorized by resolution of the governing body which shall set forth the terms and time of the repayment of the loan. The loan may be appropriated out of the general funds or any sinking fund.

(7) All income, revenue, profits, and other funds received by any authority established under this section from whatever source derived, or appropriated by the city, or realized from tax receipts or comprised in the special revenue fund of the city designated for the authority or from the proceeds of bonds, or otherwise, shall be deposited with the city treasurer as ex officio treasurer of the authority without commingling the money with any other money under his or her control and disbursed by him or her by check, draft, or order only upon warrants, orders, or requisitions by the chairperson of the authority or other person authorized by the authority which shall state distinctly the purpose for which the same are drawn. A permanent record shall be kept by the authority of all warrants, orders, or requisitions so drawn, showing the date, amount, consideration, and to whom payable. When paid, the same shall be canceled and kept on file by the city treasurer. The books of any authority established

under this section shall from time to time be audited upon the order of the governing body of the municipality in such manner as it may direct, and all books and records of the authority shall at all times be open to public inspection. The authority may contract with the holders of any of its bonds or notes as to collection, custody, securing investment, and payment of any money of the authority or any money held in trust or otherwise for the payment of bonds or notes or in any way to secure bonds or notes. The authority may carry out the contract notwithstanding that such contract may be inconsistent with the previous provisions of this subdivision. All banks, capital stock financial institutions, qualifying mutual financial institutions, and trust companies are hereby authorized to give security for the deposits of money of any authority established under the provisions of this section pursuant to the Public Funds Deposit Security Act. Section 77-2366 applies to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

18-2103 Terms, defined.

For purposes of the Community Development Law, unless the context otherwise requires:

(1) An authority means any community redevelopment authority created pursuant to section 18-2102.01 and a city or village which has created a community development agency pursuant to the provisions of section 18-2101.01 and does not include a limited community redevelopment authority;

(2) Limited community redevelopment authority means a community redevelopment authority created pursuant to section 18-2102.01 having only one single specific limited pilot project authorized;

(3) City means any city or incorporated village in the state;

(4) Public body means the state or any municipality, county, township, board, commission, authority, district, or other political subdivision or public body of the state;

(5) Governing body or local governing body means the city council, board of trustees, or other legislative body charged with governing the municipality;

(6) Mayor means the mayor of the city or chairperson of the board of trustees of the village;

(7) Clerk means the clerk of the city or village;

(8) Federal government means the United States of America, or any agency or instrumentality, corporate or otherwise, of the United States of America;

(9) Area of operation means and includes the area within the corporate limits of the city and such land outside the city as may come within the purview of section 18-2123;

(10) Substandard areas means an area in which there is a predominance of buildings or improvements, whether nonresidential or residential in character, which, by reason of dilapidation, deterioration, age or obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, and crime, (which cannot be remedied through construction of prisons), and is detrimental to the public health, safety, morals, or welfare;

(11) Blighted area means an area, which (a) by reason of the presence of a substantial number of deteriorated or deteriorating structures, existence of defective or inadequate street layout, faulty lot layout in relation to size, adequacy, accessibility, or usefulness, insanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the fair value of the land, defective or unusual conditions of title, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, substantially impairs or arrests the sound growth of the community, retards the provision of housing accommodations, or constitutes an economic or social liability and is detrimental to the public health, safety, morals, or welfare in its present condition and use and (b) in which there is at least one of the following conditions: (i) Unemployment in the designated area is at least one hundred twenty percent of the state or national average; (ii) the average age of the residential or commercial units in the area is at least forty years; (iii) more than half of the plotted and subdivided property in an area is unimproved land that has been within the city for forty years and has remained unimproved during that time; (iv) the per capita income of the area is lower than the average per capita income of the city or village in which the area is designated; or (v) the area has had either stable or decreasing population based on the last two decennial censuses. In no event shall a city of the metropolitan, primary, or first class designate more than thirty-five percent of the city as blighted, a city of the second class shall not designate an area larger than fifty percent of the city as blighted, and a village shall not designate an area larger than one hundred percent of the village as blighted;

(12) Redevelopment project means any work or undertaking in one or more community redevelopment areas: (a) To acquire substandard and blighted areas or portions thereof, including lands, structures, or improvements the acquisition of which is necessary or incidental to the proper clearance, development, or redevelopment of such substandard and blighted areas; (b) to clear any such areas by demolition or removal of existing buildings, structures, streets, utilities, or other improvements thereon and to install, construct, or reconstruct streets, utilities, parks, playgrounds, public spaces, public parking facilities, sidewalks or moving sidewalks, convention and civic centers, bus stop shelters, lighting, benches or other similar furniture, trash receptacles, shelters, skywalks and pedestrian and vehicular overpasses and underpasses, and any other necessary public improvements essential to the preparation of sites for uses in accordance with a redevelopment plan; (c) to sell, lease, or otherwise make available land in such areas for residential, recreational, commercial, industrial, or other uses, including parking or other facilities functionally related or subordinate to such uses, or for public use or to retain such land for public use,

in accordance with a redevelopment plan; and may also include the preparation of the redevelopment plan, the planning, survey, and other work incident to a redevelopment project and the preparation of all plans and arrangements for carrying out a redevelopment project; (d) to dispose of all real and personal property or any interest in such property, or assets, cash, or other funds held or used in connection with residential, recreational, commercial, industrial, or other uses, including parking or other facilities functionally related or subordinate to such uses, or any public use specified in a redevelopment plan or project, except that such disposition shall be at its fair value for uses in accordance with the redevelopment plan; (e) to acquire real property in a community redevelopment area which, under the redevelopment plan, is to be repaired or rehabilitated for dwelling use or related facilities, repair or rehabilitate the structures, and resell the property; and (f) to carry out plans for a program of voluntary or compulsory repair and rehabilitation of buildings or other improvements in accordance with the redevelopment plan;

(13) Redevelopment plan means a plan, as it exists from time to time for one or more community redevelopment areas, or for a redevelopment project, which (a) conforms to the general plan for the municipality as a whole and (b) is sufficiently complete to indicate such land acquisition, demolition and removal of structures, redevelopment, improvements, and rehabilitation as may be proposed to be carried out in the community redevelopment area, zoning and planning changes, if any, land uses, maximum densities, and building requirements;

(14) Redeveloper means any person, partnership, or public or private corporation or agency which enters or proposes to enter into a redevelopment contract;

(15) Redevelopment contract means a contract entered into between an authority and a redeveloper for the redevelopment of an area in conformity with a redevelopment plan;

(16) Real property means all lands, including improvements and fixtures thereon, and property of any nature appurtenant thereto, or used in connection therewith, and every estate, interest and right, legal or equitable, therein, including terms for years and liens by way of judgment, mortgage, or otherwise, and the indebtedness secured by such liens;

(17) Bonds means any bonds, including refunding bonds, notes, interim certificates, debentures, or other obligations issued pursuant to the Community Development Law except for bonds issued pursuant to section 18-2142.04;

(18) Obligee means any bondholder, agent, or trustee for any bondholder, or lessor demising to any authority, established pursuant to section 18-2102.01, property used in connection with a redevelopment project, or any assignee or assignees of such lessor's interest or any part thereof, and the federal government when it is a party to any contract with such authority;

18-2104 Exercise of powers; objective.

The governing body of a city, to the greatest extent it deems to be feasible in carrying out the provisions of sections 18-2101 to 18-2144, shall afford maximum opportunity, consistent with the sound needs of the city as a whole, to the rehabilitation or redevelopment of the community redevelopment area by private enterprises. The governing body of a city shall give consideration to this objective in exercising its powers under sections 18-2101 to 18-2144, including

the formulation of a workable program, the approval of community redevelopment plans consistent with the general plan for the development of the city, the exercise of its zoning powers, the enforcement of other laws, codes, and regulations, relating to the use of land and the use and occupancy of buildings and improvements, the disposition of any property acquired, and the providing of necessary public improvements.

18-2105 Formulation of workable program; disaster assistance; effect.

The governing body of a city or an authority at its direction for the purposes of the Community Development Law may formulate for the entire municipality a workable program for utilizing appropriate private and public resources to eliminate or prevent the development or spread of urban blight, to encourage needed urban rehabilitation, to provide for the redevelopment of substandard and blighted areas, or to undertake such of the aforesaid activities or other feasible municipal activities as may be suitably employed to achieve the objectives of such workable program. Such workable program may include, without limitation, provision for the prevention of the spread of blight into areas of the municipality which are free from blight through diligent enforcement of housing, zoning, and occupancy controls and standards; the rehabilitation or conservation of substandard and blighted areas or portions thereof by replanning, removing congestion, providing parks, playgrounds, and other public improvements by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures; and the clearance and redevelopment of substandard and blighted areas or portions thereof.

Notwithstanding any other provisions of the Community Development Law, where the local governing body certifies that an area is in need of redevelopment or rehabilitation as a result of flood, fire, hurricane, earthquake, storm, or other catastrophe respecting which the Governor of the state has certified the need for disaster assistance under federal law, the local governing body may approve a redevelopment plan and a redevelopment project with respect to such area without regard to the provisions of the Community Development Law requiring a general plan for the municipality and notice and public hearing or findings other than herein set forth.

The Community Development Law gives local governing bodies the discretion to remove blighted designations as they see fit to best serve the sound needs of the community. Prime Realty Dev., Inc. v. City of Omaha, 258 Neb. 72, 602 N.W.2d 13 (1999).

18-2106 Authority; member or employee; interest in project or property; restriction; disclosure.

No member or employee of an authority shall voluntarily acquire any interest, direct or indirect, in any redevelopment project or in any property included or planned by the authority to be included in any such project, or in any contract or proposed contract in connection with any such project. Where the acquisition is not voluntary, such member or employee shall immediately

disclose such interest in writing to the authority and such disclosure shall be entered upon the minutes of the authority. If any member or employee of an authority presently owns or controls or owned or controlled within the preceding two years an interest, direct or indirect, in any property included or planned by the authority to be included in any redevelopment project, he immediately shall disclose such interest in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Upon such disclosure such member or employee of an authority shall not participate in any action by the authority affecting such property.

18-2107 Authority; powers and duties.

An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of the Community Development Law and sections 18-2147 to 18-2151, including the power:

(1) To sue and to be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the authority; and to make and from time to time amend and repeal bylaws, rules, and regulations not inconsistent with the Community Development Law;

(2) To prepare or cause to be prepared and recommend redevelopment plans to the governing body of the city and to undertake and carry out redevelopment projects within its area of operation;

(3) To arrange or contract for the furnishing or repair, by any person or agency, public or private, of services, privileges, works, streets, roads, public utilities, or other facilities for or in connection with a redevelopment project; and, notwithstanding anything to the contrary contained in the Community Development Law or any other provision of law, to agree to any conditions that it may deem reasonable and appropriate attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of a redevelopment project, and to include in any contract let in connection with such a project provisions to fulfill such federally imposed conditions as it may deem reasonable and appropriate;

(4) Within its area of operation, to purchase, lease, obtain options upon, or acquire by gift, grant, bequest, devise, eminent domain, or otherwise any real or personal property or any interest therein, together with any improvements thereon, necessary or incidental to a redevelopment project; to hold, improve, clear, or prepare for redevelopment any such property; to sell, lease for a term not exceeding ninety-nine years, exchange, transfer, assign, subdivide, retain for its own use, mortgage, pledge, hypothecate, or otherwise encumber or dispose of any real or personal property or any interest therein; to enter into contracts with redevelopers of property containing covenants, restrictions, and conditions regarding the use of such property for residential, commercial, industrial, or recreational purposes or for public purposes in accordance with the redevelopment plan and such other covenants, restrictions, and conditions as the authority may deem necessary to prevent a recurrence of substandard

and blighted areas or to effectuate the purposes of the Community Development Law; to make any of the covenants, restrictions, or conditions of the foregoing contracts covenants running with the land and to provide appropriate remedies for any breach of any such covenants or conditions, including the right in the authority to terminate such contracts and any interest in the property created pursuant thereto; to borrow money, issue bonds, and provide security for loans or bonds; to establish a revolving loan fund; to insure or provide for the insurance of any real or personal property or the operation of the authority against any risks or hazards, including the power to pay premiums on any such insurance; to enter into any contracts necessary to effectuate the purposes of the Community Development Law; and to provide grants, loans, or other means of financing to public or private parties in order to accomplish the rehabilitation or redevelopment in accordance with a redevelopment plan. No statutory provision with respect to the acquisition, clearance, or disposition of property by other public bodies shall restrict an authority exercising powers hereunder, in such functions, unless the Legislature shall specifically so state;

(5) To invest any funds held in reserves or sinking funds or any funds not required for immediate disbursement in property or securities in which savings banks or other banks may legally invest funds subject to their control; and to redeem its bonds at the redemption price established therein or to purchase its bonds at less than redemption price, and such bonds redeemed or purchased shall be canceled;

(6) To borrow money and to apply for and accept advances, loans, grants, contributions, and any other form of financial assistance from the federal government, from the state, county, municipality, or other public body, or from any sources, public or private, including charitable funds, foundations, corporations, trusts, or bequests, for purposes of the Community Development Law, to give such security as may be required, and to enter into and carry out contracts in connection therewith; and notwithstanding any other provision of law, to include in any contract for financial assistance with the federal government for a redevelopment project such conditions imposed pursuant to federal law as the authority may deem reasonable and appropriate and which are not inconsistent with the purposes of the Community Development Law;

(7) Acting through one or more members of an authority or other persons designated by the authority, to conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths and to issue commissions for the examination of witnesses who are outside of the state or unable to attend before the authority or excused from attendance; and to make available to appropriate agencies or public officials, including those charged with the duty of abating or requiring the correction of nuisances or like conditions, demolishing unsafe or insanitary structures, or eliminating conditions of blight within its area of operation, its findings and recommendations with regard to any building or property where conditions exist which are dangerous to the public health, safety, morals, or welfare;

(8) Within its area of operation, to make or have made all surveys, appraisals, studies, and plans, but not including the preparation of a general plan for the community, necessary to the carrying out of the purposes of the Community Development Law and to contract or cooperate with any and all persons or agencies, public or private, in the making and carrying out of such surveys, appraisals, studies, and plans;

(9) To prepare plans and provide reasonable assistance for the relocation of families, business concerns, and others displaced from a redevelopment project area to permit the carrying out of the redevelopment project to the extent essential for acquiring possession of and clearing such area or parts thereof; and to make relocation payments to or with respect to such persons for moving expenses and losses of property for which reimbursement or compensation is not otherwise made, including the making of such payments financed by the federal government;

(10) To make such expenditures as may be necessary to carry out the purposes of the Community Development Law; and to make expenditures from funds obtained from the federal government without regard to any other laws pertaining to the making and approval of appropriations and expenditures;

(11) To certify on or before September 20 of each year to the governing body of the city the amount of tax to be levied for the succeeding fiscal year for community redevelopment purposes, not to exceed two and six-tenths cents on each one hundred dollars upon the taxable value of the taxable property in such city, which levy is subject to allocation under section 77-3443 on and after July 1, 1998. The governing body shall levy and collect the taxes so certified at the same time and in the same manner as other city taxes are levied and collected, and the proceeds of such taxes, when due and as collected, shall be set aside and deposited in the special account or accounts in which other revenue of the authority is deposited. Such proceeds shall be employed to assist in the defraying of any expenses of redevelopment plans and projects, including the payment of principal and interest on any bonds issued to pay the costs of any such plans and projects;

(12) To exercise all or any part or combination of powers granted in this section;

(13) To plan, undertake, and carry out neighborhood development programs consisting of redevelopment project undertakings and activities in one or more community redevelopment areas which are planned and carried out on the basis of annual increments in accordance with the Community Development Law and sections 18-2145 and 18-2146 for planning and carrying out redevelopment projects; and

(14) To agree with the governing body of the city for the imposition of an occupation tax for an enhanced employment area.

The taking of substandard or blighted areas by a city for redevelopment and resale in accordance with an approved redevelopment plan which is in conformity with a general plan for the municipality as a whole as provided for in these sections, is a proper public use for a municipality. Monarch Chemical Works, Inc. v. City of Omaha, 203 Neb. 33, 277 N.W.2d 423 (1979).

18-2108 Real estate; acquisition; requirement.

An authority shall not acquire real property for a redevelopment project unless the governing body of the city in which the redevelopment project area is

located has approved the redevelopment plan, as prescribed in section 18-2116.

Source: Laws 1951, c. 224, § 6(1), p. 804; R.R.S.1943, § 14-1608; R.R.S. 1943, § 19-2608.

18-2109 Redevelopment plan; preparation; requirements.

An authority shall not prepare a redevelopment plan for a redevelopment project area unless the governing body of the city in which such area is located has, by resolution adopted after a public hearing with notice provided as specified in section 18-2115, declared such area to be a substandard and blighted area in need of redevelopment. The governing body of the city shall submit the question of whether an area is substandard and blighted to the planning commission or board of the city for its review and recommendation prior to making its declaration. The planning commission or board shall submit its written recommendations within thirty days after receipt of the request. Upon receipt of the recommendations or after thirty days if no recommendation is received, the governing body may make its declaration.

18-2111 Plan; who may prepare; contents.

The authority may itself prepare or cause to be prepared a redevelopment plan or any person or agency, public or private, may submit such a plan to an authority. A redevelopment plan shall be sufficiently complete to indicate its relationship to definite local objectives as to appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities and other public improvements, and the proposed land uses and building requirements in the redevelopment project area, and shall include without being limited to: (1) The boundaries of the redevelopment project area, with a map showing the existing uses and condition of the real property therein; (2) a land-use plan showing proposed uses of the area; (3) information showing the standards of population densities, land coverage, and building intensities in the area after redevelopment; (4) a statement of the proposed changes, if any, in zoning ordinances or maps, street layouts, street levels or grades, or building codes and ordinances; (5) a site plan of the area; and (6) a statement as to the kind and number of additional public facilities or utilities which will be required to support the new land uses in the area after redevelopment. Any redevelopment plan may include a proposal for the designation of an enhanced employment area.

18-2112 Plan; submit to planning commission or board; recommendations.

Prior to recommending a redevelopment plan to the governing body for approval, an authority shall submit such plan to the planning commission or board of the city in which the redevelopment project area is located for review and recommendations as to its conformity with the general plan for the development of the city as a whole. The planning commission or board shall submit its written recommendations with respect to the proposed redevelopment plan to the authority within thirty days after receipt of the plan for review. Upon receipt of the recommendations of the planning commission or board or, if no recommendations are received within such thirty days, then without such recommendations, an authority may recommend the redevelopment plan to the governing body of the city for approval.

18-2113 Plan; considerations; cost-benefit analysis.

(1) Prior to recommending a redevelopment plan to the governing body for approval, an authority shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted, and harmonious development of the city and its environs which will, in accordance with present and future needs, promote health, safety, morals, order, convenience, prosperity, and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic, and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities, and other public requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, and the prevention of the recurrence of insanitary or unsafe dwelling accommodations or conditions of blight.

(2) The authority shall conduct a cost-benefit analysis for each redevelopment project whose redevelopment plan includes the use of funds authorized by section 18-2147. In conducting the cost-benefit analysis, the authority shall use a cost-benefit model developed for use by local projects. Any cost-benefit model used by the authority shall consider and analyze the following factors:

(a) Tax shifts resulting from the approval of the use of funds pursuant to section 18-2147;

(b) Public infrastructure and community public service needs impacts and local tax impacts arising from the approval of the redevelopment project;

(c) Impacts on employers and employees of firms locating or expanding within the boundaries of the area of the redevelopment project;

(d) Impacts on other employers and employees within the city or village and the immediate area that are located outside of the boundaries of the area of the redevelopment project; and

(e) Any other impacts determined by the authority to be relevant to the consideration of costs and benefits arising from the redevelopment project.

18-2115 Plan; public hearing; notice.

(1) The governing body of the city shall hold a public hearing on any redevelopment plan or substantial modification thereof recommended by the authority, after reasonable public notice thereof by publication at least once a week for two consecutive weeks in a legal newspaper of general circulation in the community, the time of the hearing to be at least ten days from the last publication. The notice shall describe the time, date, place, and purpose of the hearing and shall specifically identify the area to be redeveloped under the plan. All interested parties shall be afforded at such public hearing a reasonable opportunity to express their views respecting the proposed redevelopment plan.

(2) Except as provided in subsection (3) of this section, the governing body of the city or such other division of the city or person as the governing body shall designate shall, at least ten days prior to the public hearing required by subsection (1) of this section, mail notice of the hearing by first-class United States mail, postage prepaid, or by certified mail to all registered neighborhood associations whose area of representation is located in whole or in part within a one-mile radius of the area to be redeveloped and to the president or chairperson of the governing body of each county, school district, community college, educational service unit, and natural resources district in which the real property subject to such plan or major modification is located and whose property tax receipts would be directly affected. The notice shall set out the time, date, place, and purpose of the hearing and shall include a map of sufficient size to show the area to be redeveloped.

(3) If the planning board or planning commission of the city will conduct a public hearing on the redevelopment plan or substantial modification thereof, the governing body of the city or such other division of the city or person as the governing body shall designate shall, at least ten days prior to the public hearing, mail notice of the hearing by first-class United States mail, postage prepaid, or by certified mail to all registered neighborhood associations whose area of representation is located in whole or in part within a one-mile radius of the area to be redeveloped and to the president or chairperson of the governing

body of each county, school district, community college, educational service unit, and natural resources district in which the real property subject to such plan or major modification is located and whose property tax receipts would be directly affected. The notice shall set out the time, date, place, and purpose of the hearing and shall include a map of sufficient size to show the area to be redeveloped. If the registered neighborhood association has been given notice of the public hearing to be held by the planning board or planning commission in conformity with the provisions of this subsection, the governing body or its designee shall not be required to comply with the notice requirements of subsection (2) of this section.

(4) Each neighborhood association desiring to receive notice of any hearing as provided in this section shall register with the city's planning department or, if there is no planning department, with the city clerk. The registration shall include a description of the area of representation of the association and the name and address of the individual designated by the association to receive the notice on its behalf. Registration of the neighborhood association for the purposes of this section shall be accomplished in accordance with such other rules and regulations as may be adopted and promulgated by the city.

18-2116 Plan; approval; findings.

(1) Following such hearing, the governing body may approve a redevelopment plan if (a) it finds that the plan is feasible and in conformity with the general plan for the development of the city as a whole and the plan is in conformity with the legislative declarations and determinations set forth in the Community Development Law and (b) it finds that, if the plan uses funds authorized in section 18-2147, (i) the redevelopment project in the plan would not be economically feasible without the use of tax-increment financing, (ii) the redevelopment project would not occur in the community redevelopment area without the use of tax-increment financing, and (iii) the costs and benefits of the redevelopment project, including costs and benefits to other affected political subdivisions, the economy of the community, and the demand for public and private services have been analyzed by the governing body and have been found to be in the long-term best interest of the community impacted by the redevelopment project.

(2) In connection with the approval of any redevelopment plan which includes the designation of an enhanced employment area, the governing body may approve the redevelopment plan if it determines that any new investment within such enhanced employment area will result in at least (a) two new employees and new investment of one hundred twenty-five thousand dollars in counties with fewer than fifteen thousand inhabitants, (b) five new employees and new investment of two hundred fifty thousand dollars in counties with at least fifteen thousand inhabitants but fewer than twenty-five thousand inhabitants, (c) ten new employees and new investment of five hundred thousand dollars in counties with at least twenty-five thousand inhabitants but fewer than fifty thousand inhabitants, (d) fifteen new employees and new investment of one million dollars in counties with at least fifty thousand inhabitants but fewer than one hundred thousand inhabitants, (e) twenty new employees and new

investment of one million five hundred thousand dollars in counties with at least one hundred thousand inhabitants but fewer than two hundred thousand inhabitants, (f) twenty-five new employees and new investment of two million dollars in counties with at least two hundred thousand inhabitants but fewer than four hundred thousand inhabitants, or (g) thirty new employees and new investment of three million dollars in counties with at least four hundred thousand inhabitants. Any business that has one hundred thirty-five thousand square feet or more and annual gross sales of ten million dollars or more shall provide an employer-provided health benefit of at least three thousand dollars annually to all new employees who are working thirty hours per week or more on average and have been employed at least six months. In making such determination, the governing body may rely upon written undertakings provided by any redeveloper in connection with application for approval of the redevelopment plan.

18-2117 Plan; modification; conditions.

A redevelopment plan which has not been approved by the governing body when recommended by the authority may again be recommended to it with any modifications deemed advisable. A redevelopment plan may be modified at any time by the authority; *Provided,* that if modified after the lease or sale of real property in the redevelopment project area, the modification must be consented to by the redeveloper or redevelopers of such real property or his successor, or their successors, in interest affected by the proposed modification. Where the proposed modification will substantially change the redevelopment plan as previously approved by the governing body the modification must similarly be approved by the governing body.

18-2117.01 Plan; report to Property Tax Administrator; contents; compilation of data.

(1) On or before December 1 each year, each city which has approved one or more redevelopment plans which are financed in whole or in part through the use of tax-increment financing as provided in section 18-2147 shall provide a report to the Property Tax Administrator on each such redevelopment plan which includes the following information:

(a) A copy of the redevelopment plan and any amendments thereto if they have not been previously filed, including the date upon which the redevelopment plan was approved, the effective date for dividing the ad valorem tax as provided to the county assessor pursuant to subsection (3) of section 18-2147, and the location and boundaries of the property in the redevelopment project; and

(b) A short narrative description of the type of development undertaken by the city or village with the financing and the type of business or commercial activity locating within the redevelopment project area as a result of the redevelopment project.

(2) The Property Tax Administrator shall compile a report for each active redevelopment project, based upon information provided by the cities pursuant to subsection (1) of this section and information reported by the county assessor or county clerk on the certificate of taxes levied pursuant to section 77-1613.01. Each report shall be transmitted to the Clerk of the Legislature not later than March 1 each year. The report may include any recommendations of the Property Tax Administrator as to what other information should be included in the report from the cities so as to facilitate analysis of the uses, purposes, and effectiveness of tax-increment financing and the process for its implementation or to streamline the reporting process provided for in this section to eliminate unnecessary paperwork.

18-2118 Real estate; sell; lease; transfer; terms.

An authority may sell, lease for a term not exceeding ninety-nine years, exchange, or otherwise transfer real property or any interest therein in a redevelopment project area to any redeveloper for residential, recreational, commercial, industrial, or other uses, including parking or other facilities functionally related or subordinate to such uses, or for public use in accordance with the redevelopment plan, subject to such covenants, conditions, and restrictions as it may deem to be in the public interest or to carry out the purposes of the Community Development Law. Such real property shall be sold, leased, or transferred at its fair value for uses in accordance with the redevelopment plan. In determining the fair value of real property for uses in accordance with the redevelopment plan, an authority shall take into account and give consideration to the uses and purposes required by such plan; the restrictions upon, and the covenants, conditions, and obligations assumed by the redeveloper of such property; the objectives of the redevelopment plan for the prevention of the recurrence of substandard and blighted areas; and such other matters as the authority shall specify as being appropriate. In fixing rentals and selling prices, an authority shall give consideration to appraisals of the property for such uses made by land experts employed by the authority.

18-2119 Redevelopment contract proposal; notice; considerations; acceptance; disposal of real property; contract relating to real estate within an enhanced employment area; recordation.

(1) An authority shall, by public notice by publication once each week for two consecutive weeks in a legal newspaper having a general circulation in the city, prior to the consideration of any redevelopment contract proposal relating to real estate owned or to be owned by the authority, invite proposals from, and make available all pertinent information to, private redevelopers or any persons interested in undertaking the redevelopment of an area, or any part thereof, which the governing body has declared to be in need of redevelopment. Such notice shall identify the area, and shall state that such further information as is available may be obtained at the office of the authority. The authority shall

consider all redevelopment proposals and the financial and legal ability of the prospective redevelopers to carry out their proposals and may negotiate with any redevelopers for proposals for the purchase or lease of any real property in the redevelopment project area. The authority may accept such redevelopment contract proposal as it deems to be in the public interest and in furtherance of the purposes of the Community Development Law if the authority has, not less than thirty days prior thereto, notified the governing body in writing of its intention to accept such redevelopment contract proposal. Thereafter, the authority may execute such redevelopment contract in accordance with the provisions of section 18-2118 and deliver deeds, leases, and other instruments and take all steps necessary to effectuate such redevelopment contract. In its discretion, the authority may, without regard to the foregoing provisions of this section, dispose of real property in a redevelopment project area to private redevelopers for redevelopment under such reasonable competitive bidding procedures as it shall prescribe, subject to the provisions of section 18-2118.

(2) In the case of any real estate owned by a redeveloper, the authority may enter into a redevelopment contract providing for such undertakings as the authority shall determine appropriate. Any such redevelopment contract relating to real estate within an enhanced employment area shall include a statement of the redeveloper's consent with respect to the designation of the area as an enhanced employment area, shall be recorded with respect to the real estate owned by the redeveloper, and shall be binding upon all future owners of such real estate.

18-2120 Project; conveyance of property for public use.

In carrying out a redevelopment project, an authority may: (1) Convey to the city in which the project is located, such real property as, in accordance with the redevelopment plan, is to be laid out into streets, alleys, and public ways; (2) grant servitudes, easements, and rights-of-way, for public utilities, sewers, streets, and other similar facilities, in accordance with the redevelopment plan; and (3) convey to the municipality, county, or other appropriate public body, such real property as, in accordance with the redevelopment plan, is to be used for parks, schools, public buildings, facilities, or other public purposes.

18-2121 Real property; temporary operation, when.

An authority may temporarily operate and maintain real property in a redevelopment project area pending the disposition of the property for redevelopment, without regard to the provisions of sections 18-2118 and 18-2119, for such uses and purposes as may be deemed desirable even though not in conformity with the redevelopment plan.

18-2122 Real property; eminent domain; effect of resolution.

An authority shall have the right to acquire by the exercise of the power of eminent domain any real property which it may deem necessary for a redevel-

opment project or for its purposes under the provisions of sections 18-2101 to 18-2144 after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724.

When an authority has found and determined by resolution that certain real property described therein is necessary for a redevelopment project or for its purposes under the provisions of sections 18-2101 to 18-2144, the resolution shall be conclusive evidence that the acquisition of such real property is necessary for the purposes described therein.

The taking of substandard or blighted areas by a city for redevelopment and resale in accordance with an approved redevelopment plan which is in conformity with a general plan for the municipality as a whole as provided for in these sections, is a proper public use for a municipality. Monarch Chemical Works, Inc. v. City of Omaha, 203 Neb. 33, 277 N.W.2d 423 (1979).

18-2123 Undeveloped vacant land; land outside city; acquisition, when.

Upon a determination, by resolution, of the governing body of the city in which such land is located, that the acquisition and development of undeveloped vacant land, not within a substandard or blighted area, is essential to the proper clearance or redevelopment of substandard or blighted areas or a necessary part of the general community redevelopment program of the city, or that the acquisition and development of land outside the city, but within a radius of three miles thereof, is necessary or convenient to the proper clearance or redevelopment of one or more substandard or blighted areas within the city or is a necessary adjunct to the general community redevelopment program of the city, the acquisition, planning, and preparation for development or disposal of such land shall constitute a redevelopment project which may be undertaken by the authority in the manner provided in the foregoing sections.

18-2124 Bonds; issuance; sources of payment; limitations.

An authority shall have power to issue bonds from time to time in its discretion for any of its corporate purposes, including the payment of principal and interest upon any advances for surveys and plans for redevelopment projects. An authority shall also have power to issue refunding bonds for the purpose of paying, retiring, or otherwise refinancing, or in exchange for any or all of the principal or interest upon bonds previously issued by it. An authority may issue such types of bonds as it may determine, including, without limiting the generality of the foregoing, bonds on which the principal and interest are payable: (1) Exclusively from the income, proceeds, and revenue of the redevelopment project financed with proceeds of such bonds; (2) exclusively from the income, proceeds, and revenue of any of its redevelopment projects whether or not they are financed in whole or in part with the proceeds of such bonds; (3) exclusively from its revenue and income, including such tax revenue or receipts as may be herein authorized, including those which may be pledged under section 18-2150, and from such grants and loans as may be received; or (4) from all or part of the income, proceeds and revenue enumerated in subdivi-

sions (1), (2), and (3) of this section; *Provided*, that any such bonds may be additionally secured by a pledge of any loan, grant, or contributions, or parts thereof, from the federal government or other source, or a mortgage of any redevelopment project or projects of the authority; that the authority shall not have the power to pledge the credit or taxing power of the state or any political subdivision thereof, except such tax receipts as may be authorized under this section or pledged under section 18-2150, or to place any lien or encumbrance on any property owned by the state, county, or city used by the authority.

18-2125 Bonds; liability; exempt from taxation; anticipation notes; renewal notes; terms; declaration of intent.

Neither the members of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of the authority, and such bonds and obligations shall so state on their face, shall not be a debt of the city and the city shall not be liable on such bonds, except to the extent authorized by sections 18-2147 to 18-2150, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of said authority acquired for the purposes of sections 18-2101 to 18-2144, except to the extent authorized by sections 18-2147 to 18-2150. Except to the extent otherwise authorized, the bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from all taxes. All bonds shall be general obligations of the authority issuing same and shall be payable out of any revenue, income, receipts, proceeds, or other money of the authority, except as may be otherwise provided in the instruments themselves.

An authority shall have power from time to time to issue bond anticipation notes, referred to as notes herein, and from time to time to issue renewal notes, such notes in any case to mature not later than thirty months from the date of incurring the indebtedness represented thereby in an amount not exceeding in the aggregate at any time outstanding the amount of bonds then or theretofore authorized. Payment of such notes shall be made from any money or revenue which the authority may have available for such purpose or from the proceeds of the sale of bonds of the authority, or such notes may be exchanged for a like amount of such bonds. The authority may pledge such money or revenue of the authority, subject to prior pledges thereof, if any, for the payment of such notes, and may in addition secure the notes in the same manner as herein provided for bonds. All notes shall be issued and sold in the same manner as bonds, and any authority shall have power to make contracts for the future sale from time to time of notes on terms and conditions stated in such contracts, and the authority shall have power to pay such consideration as it shall deem proper for any commitments to purchase notes and bonds in the future. Such notes shall also be collaterally secured by pledges and deposits with a bank or trust company, in trust for the payment of such notes, of bonds in an aggregate amount at least equal to the amount of such notes and, in any event, in an amount deemed by the issuing authority sufficient to provide for the payment of

the notes in full at the maturity thereof. The authority may provide in the collateral agreement that the notes may be exchanged for bonds held as collateral security for the notes, or that the trustee may sell the bonds if the notes are not otherwise paid at maturity, and apply the proceeds of such sale to the payment of the notes. Such notes shall bear interest at a rate set by the authority, and shall be sold at such price as shall cause an interest cost thereon not to exceed such rate.

It is the intention hereof that any pledge of revenue, income, receipts, proceeds, or other money made by an authority for the payment of bonds or notes shall be valid and binding from the time such pledge is made; that the revenue, income, receipts, proceeds, and other money so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without the physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

18-2126 Bonds; terms.

Bonds of an authority shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, its trust indenture, or mortgage may provide.

18-2127 Bonds; sale.

The bonds may be sold by the authority in such manner and for such price as the authority may determine, at par or above par, at private sale or at public sale after notice published prior to such sale in a legal newspaper having general circulation in the municipality, or in such other medium of publication as the authority may deem appropriate, or may be exchanged by the authority for other bonds issued by it under sections 18-2101 to 18-2144 and 18-2147 to 18-2151. Bonds which are issued under this section may be sold by the authority to the federal government at private sale at par or above par, and, in the event that less than all of the authorized principal amount of such bonds is sold by the authority to the federal government, the balance or any portion of the balance may be sold by the authority at private sale at par or above par.

18-2128 Bonds; signatures; validity.

In case any of the members or officers of the authority whose signatures appear on any bonds or coupons shall cease to be such members or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such members or officers had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to the provisions of section 18-2124 shall be fully negotiable.

18-2129 Bonds; actions; effect.

In any suit, action, or proceedings involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a redevelopment project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of sections 18-2101 to 18-2144.

18-2130 Bonds; authority; powers.

In connection with the issuance of bonds or the incurring of obligations under leases and in order to secure the payment of such bonds or obligations, an authority, in addition to its other powers, shall have power: (1) To pledge all or any part of its gross or net rents, fees, or revenue to which its right then exists or may thereafter come into existence; (2) to mortgage all or any part of its real or personal property, then owned or thereafter acquired; (3) to covenant against pledging all or any part of its rents, fees, and revenue, or against mortgaging all or any part of its real or personal property, to which its right or title then exists or may thereafter come into existence, or against permitting or suffering any lien on such revenue or property; to covenant with respect to limitations on its right to sell, lease, or otherwise dispose of any redevelopment project, or any part thereof; and to covenant as to what other or additional debts or obligations may be incurred by it; (4) to covenant as to the bonds to be issued and as to the issuance of such bonds in escrow or otherwise, and as to the use and disposition of the proceeds thereof; to provide for the replacement of lost, destroyed, or mutilated bonds; to covenant against extending the time for the payment of its bonds or interest thereon; and to covenant for the redemption of the bonds and to provide the terms and conditions thereof; (5) to covenant, subject to the limitations contained in the Community Development Law, as to the amount of revenue to be raised each year or other period of time by rents, fees, and other revenue, and as to the use and disposition to be made thereof; to establish or to authorize the establishment of special funds for money held for operating costs, debt service, reserves, or other purposes, and to covenant as to the use and disposition of the money held in such funds; (6) to prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given; (7) to covenant as to the use, maintenance, and replacement of any or all

of its real or personal property, the insurance to be carried thereon, and the use and disposition of insurance money, and to warrant its title to such property; (8) to covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenants, conditions, or obligations; and to covenant and prescribe as to events of default and terms and conditions upon which any or all of its bonds or obligations shall become or may be declared due before maturity, and as to the terms and conditions upon which such declaration and its consequences may be waived; (9) to vest in any obligees of the authority the right to enforce the payment of the bonds or any covenants securing or relating to the bonds; to vest in any obligee or obligees holding a specified amount in bonds the right, in the event of a default by the authority, to take possession of and use, operate, and manage any redevelopment project or any part thereof, title to which is in the authority, or any funds connected therewith, and to collect the rents and revenue arising therefrom and to dispose of such money in accordance with the agreement of the authority with such obligees; to provide for the powers and duties of such obligees and to limit the liabilities thereof; and to provide the terms and conditions upon which such obligees may enforce any covenant or rights securing or relating to the bonds; (10) to pledge all of the revenue from any occupation tax received or to be received with respect to any enhanced employment area; and (11) to exercise all or any part or combination of the powers herein granted; to make such covenants, other than and in addition to the covenants herein expressly authorized, and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of the authority, as will tend to make the bonds more marketable notwithstanding that such covenants, acts, or things may not be enumerated herein.

18-2131 Bonds; default; causes of action.

An authority will have power by its resolution, trust indenture, mortgage, lease, or other contract to confer upon any obligee holding or representing a specified amount in bonds, the right, in addition to all rights that may otherwise be conferred, upon the happening of an event of default as defined in such resolution or instruments, by suit, action, or proceeding in any court of competent jurisdiction: (1) To cause possession of any redevelopment project or any part thereof, title to which is in the authority, to be surrendered to any such obligee; (2) to obtain the appointment of a receiver of any redevelopment project of said authority or any part thereof, title to which is in the authority, and of the rents and profits therefrom. If such receiver be appointed, he may enter and take possession of, carry out, operate, and maintain such project or any part thereof and collect and receive all fees, rents, revenue, or other charges thereafter arising therefrom, and shall keep such money in a separate account or accounts and apply the same in accordance with the obligations of said authority as the court shall direct; and (3) to require the authority and the members, officers, agents, and employees thereof to account as if it and they were the trustees of an express trust.

18-2133 Bonds; obligee; causes of action.

An obligee of an authority shall have the right in addition to all other rights which may be conferred upon such obligee, subject only to any contractual restrictions binding upon such obligee:

(1) By mandamus, suit, action, or proceeding at law or in equity to compel said authority and the members, officers, agents, or employees thereof to perform each and every term, provision, and covenant contained in any contract of said authority with or for the benefit of such obligee, and to require the carrying out of any or all such covenants and agreements to the authority and the fulfillment of all duties imposed upon the authority by the provisions of sections 18-2101 to 18-2144; and

(2) By suit, action, or proceeding in equity to enjoin any acts or things which may be unlawful, or the violation of any of the rights of such obligee of the authority.

18-2134 Bonds; who may purchase.

All public officers, municipal corporations, political subdivisions and public bodies; all banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries may legally invest any sinking funds, money, or other funds belonging to them or within their control in any bonds or other obligations issued by an authority pursuant to sections 18-2101 to 18-2144 or by any public housing or redevelopment authority or commission, or agency or any other public body in the United States for redevelopment purposes, when such bonds and other obligations are secured by an agreement between the issuing agency and the federal government in which the issuing agency agrees to borrow from the federal government and the federal government agrees to lend to the issuing agency, prior to the maturity of such bonds or other obligations, money in an amount which, together with any other money irrevocably committed to the payment of interest on such bonds or other obligations, will suffice to pay the principal of such bonds or other obligations with interest to maturity thereon, which money under the terms of the agreement is required to be used for the purpose of paying the principal of and the interest on such bonds or other obligations at their maturity, and such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions, and officers, public or private, to use any funds owned or controlled by them for the purchase of any such bonds or other obligations. However, nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in the selection of securities.

18-2135 Federal government; contract for financial assistance; default; effect of cure.

In any contract for financial assistance with the federal government the authority may obligate itself, which obligation shall be specifically enforceable and shall not constitute a mortgage, notwithstanding any other laws, to convey to the federal government possession of or title to the redevelopment project and land therein to which such contract relates which is owned by the authority, upon the occurrence of a substantial default, as defined in such contract, with respect to the covenants or conditions to which the authority is subject; such contract may further provide that in case of such conveyance, the federal government may complete, operate, manage, lease, convey, or otherwise deal with the redevelopment project in accordance with the terms of such contract; *Provided,* that the contract requires that, as soon as practicable after the federal government is satisfied that all defaults with respect to the redevelopment project have been cured and that the redevelopment project will thereafter be operated in accordance with the terms of the contract, the federal government shall reconvey to the authority the redevelopment project as then constituted.

18-2136 Property; exempt from execution.

All property including funds of an authority shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same nor shall judgment against an authority be a charge or lien upon its property; *Provided,* that the provisions of this section shall not apply to or limit the right of obligees to foreclose or otherwise enforce any mortgage of an authority or the right of obligees to pursue any remedies for the enforcement of any pledge or lien given by an authority on its rents, fees, grants, or revenue.

18-2137 Property; exempt from taxation; payments in lieu of taxes.

The property of an authority is declared to be public property used for essential public and governmental purposes and shall be exempt from all taxes. Whenever such authority shall purchase or acquire real property pursuant to sections 18-2101 to 18-2144, the authority shall annually, so long as it shall continue to own such property, pay out of its revenue to the State of Nebraska, county, city, township, school district or other taxing subdivision in which such real property is located, in lieu of taxes, a sum equal to the amount which such state, county, city, township, school district or other taxing subdivision received from taxation from such real property during the year immediately preceding the purchase or acquisition of such real property by the authority. The county board of equalization may, in any year subsequent to the purchase or acquisition of such property by the authority, determine the amount that said authority shall pay out of its revenue to the State of Nebraska and its several governmental subdivisions in lieu of taxes, which sum shall be as justice and equity may require, notwithstanding the amount which the state and its governmental subdivisions may have received from taxation during the year immediately

preceding the purchase or acquisition of such property; *Provided*, that with respect to any property in a redevelopment project, the tax exemption provided herein shall terminate when the authority sells, leases, or otherwise disposes of such property to a redeveloper for redevelopment. The members of the authority shall not incur any personal liability by reason of the making of such payments.

18-2138 Public body; cooperate in planning; powers.

In addition to any other provisions governing any public body set forth in sections 18-2101 to 18-2144 and 18-2147 to 18-2151, for the purpose of aiding and cooperating in the planning, undertaking, or carrying out of a redevelopment project located within the area in which it is authorized to act, any public body may, upon such terms, with or without consideration, as it may determine: (1) Dedicate, sell, convey, or lease any of its interest in any property, or grant easements, licenses, or any other rights or privileges therein to an authority; (2) cause parks, playgrounds, recreational, community, educational, water, sewer or drainage facilities, or any other works which it is otherwise empowered to undertake, to be furnished in connection with a redevelopment project; (3) furnish, dedicate, close, vacate, pave, install, grade, regrade, plan, or replan streets, roads, sidewalks, ways, or other places, which it is otherwise empowered to undertake; (4) plan or replan, zone or rezone any part of the public body, or make exceptions from building regulations and ordinances if such functions are of the character which the public body is otherwise empowered to perform; (5) cause administrative and other services to be furnished to the authority of the character which the public body is otherwise empowered to undertake or furnish for the same or other purposes; (6) incur the entire expense of any public improvements made by such public body in exercising the powers granted in this section; (7) do any and all things necessary or convenient to aid and cooperate in the planning or carrying out of a redevelopment plan; (8) lend, grant, or contribute funds to an authority; (9) employ any funds belonging to or within the control of such public body, including funds derived from the sale or furnishing of property, service, or facilities to an authority, in the purchase of the bonds or other obligations of an authority and, as the holder of such bonds or other obligations, exercise the rights connected therewith; and (10) enter into agreements, which may extend over any period, notwithstanding any provision or rule of law to the contrary, with an authority respecting action to be taken by such public body pursuant to any of the powers granted by the provisions of sections 18-2101 to 18-2144. If at any time title to, or possession of, any redevelopment project is held by any public body or governmental agency, other than the authority, authorized by law to engage in the undertaking, carrying out or administration of redevelopment projects, including any agency or instrumentality of the United States of America, the provisions of such agreements shall inure to the benefit of and may be enforced by such public body or governmental agency.

18-2140 Estimate of expenditures; cities; grant funds; levy taxes; issue bonds.

An authority may, at such time as it may deem necessary, file with the governing body an estimate of the amounts necessary to be appropriated by the governing body to defray the expense of the authority. The governing body of such city is hereby authorized, in its discretion, to appropriate from its general fund and to place at the disposal of the authority an amount sufficient to assist in defraying such expense. Any city located within the area of operation of an authority may grant funds to an authority for the purpose of aiding such authority in carrying out any of its powers and functions under the provisions of sections 18-2101 to 18-2144. To obtain funds for this purpose, the city may levy taxes and may issue and sell its bonds. Any bonds to be issued by the city pursuant to the provisions of this section shall be issued in the manner and within the limitations, except as otherwise provided by sections 18-2101 to 18-2144, prescribed by the laws of this state for the issuance and authorization of bonds by a city for any public purpose.

18-2141 Instrument of conveyance; execution; effect.

Any instrument executed by an authority and purporting to convey any right, title, or interest in any property under sections 18-2101 to 18-2144 shall be conclusive evidence of compliance with the provisions of sections 18-2101 to 18-2144 insofar as title or other interest of any bona fide purchasers, lessees, or other transferees of such property is concerned.

18-2142.01 Validity and enforceability of bonds and agreements; presumption.

(1) In any suit, action, or proceeding involving the validity or enforceability of any bond of a city, village, or authority or the security therefor brought after the lapse of thirty days after the issuance of such bonds has been authorized, any such bond reciting in substance that it has been authorized by the city, village, or authority to aid in financing a redevelopment project shall be conclusively deemed to have been authorized for such purpose and such redevelopment project shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of the Community Development Law and sections 18-2145 to 18-2154.

(2) In any suit, action, or proceeding involving the validity or enforceability of any agreement of a city, village, or authority brought after the lapse of thirty days after the agreement has been formally entered into, any such agreement reciting in substance that it has been entered into by the city, village, or

authority to provide financing for an approved redevelopment project shall be conclusively deemed to have been entered into for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of the Community Development Law and sections 18-2145 to 18-2154.

18-2142.02 Enhanced employment area; redevelopment project; levy of general business occupation tax authorized; governing body; powers.

A city may levy a general business occupation tax upon the businesses and users of space within an enhanced employment area for the purpose of paying all or any part of the costs and expenses of any redevelopment project within such enhanced employment area. For purposes of the tax imposed under this section, the governing body may make a reasonable classification of businesses, users of space, or kinds of transactions. The collection of a tax imposed pursuant to this section shall be made and enforced in such a manner as the governing body shall by ordinance determine to produce the required revenue. The governing body may provide that failure to pay the tax imposed pursuant to this section shall constitute a violation of the ordinance and subject the violator to a fine or other punishment as provided by ordinance. Any such occupation tax agreed to by the authority and the city shall remain in effect so long as the authority has bonds outstanding which have been issued stating such occupation tax as an available source for payment.

18-2142.04 Enhanced employment area; authorized work within area; levy of general business occupation tax authorized; governing body; powers; revenue bonds authorized; terms and conditions.

(1) For purposes of this section:

(a) Authorized work means the performance of any one or more of the following purposes within an enhanced employment area designated pursuant to this section:

(i) The acquisition, construction, maintenance, and operation of public off-street parking facilities for the benefit of the enhanced employment area;

(ii) Improvement of any public place or facility in the enhanced employment area, including landscaping, physical improvements for decoration or security purposes, and plantings;

(iii) Construction or installation of pedestrian shopping malls or plazas, sidewalks or moving sidewalks, parks, meeting and display facilities, bus stop shelters, lighting, benches or other seating furniture, sculptures, trash receptacles, shelters, fountains, skywalks, and pedestrian and vehicular overpasses and underpasses, and any useful or necessary public improvements;

(iv) Leasing, acquiring, constructing, reconstructing, extending, maintaining, or repairing parking lots or parking garages, both above and below ground, or

other facilities for the parking of vehicles, including the power to install such facilities in public areas, whether such areas are owned in fee or by easement, in the enhanced employment area;

(v) Creation and implementation of a plan for improving the general architectural design of public areas in the enhanced employment area;

(vi) The development of any public activities and promotion of public events, including the management, promotion, and advocacy of retail trade activities or other promotional activities, in the enhanced employment area;

(vii) Maintenance, repair, and reconstruction of any improvements or facilities authorized by the Community Development Law;

(viii) Any other project or undertaking for the betterment of the public facilities in the enhanced employment area, whether the project is capital or noncapital in nature;

(ix) Enforcement of parking regulations and the provision of security within the enhanced employment area; or

(x) Employing or contracting for personnel, including administrators for any improvement program under the Community Development Law, and providing for any service as may be necessary or proper to carry out the purposes of the Community Development Law;

(b) Employee means a person employed at a business located within an enhanced employment area; and

(c) Number of new employees means the number of equivalent employees that are employed at a business located within an enhanced employment area designated pursuant to this section during a year that are in excess of the number of equivalent employees during the year immediately prior to the year the enhanced employment area was designated pursuant to this section.

(2) If an area is not blighted or substandard, a city may designate an area as an enhanced employment area if the governing body determines that new investment within such enhanced employment area will result in at least (a) two new employees and new investment of one hundred twenty-five thousand dollars in counties with fewer than fifteen thousand inhabitants, (b) five new employees and new investment of two hundred fifty thousand dollars in counties with at least fifteen thousand inhabitants but fewer than twenty-five thousand inhabitants, (c) ten new employees and new investment of five hundred thousand dollars in counties with at least twenty-five thousand inhabitants but fewer than fifty thousand inhabitants, (d) fifteen new employees and new investment of one million dollars in counties with at least fifty thousand inhabitants but fewer than one hundred thousand inhabitants, (e) twenty new employees and new investment of one million five hundred thousand dollars in counties with at least one hundred thousand inhabitants but fewer than two hundred thousand inhabitants, (f) twenty-five new employees and new investment of two million dollars in counties with at least two hundred thousand inhabitants but fewer than four hundred thousand inhabitants, or (g) thirty new employees and new investment of three million dollars in counties with at least four hundred thousand inhabitants. Any business that has one hundred thirty-five thousand square feet or more and annual gross sales of ten million dollars or more shall provide an employer-provided health benefit of at least three thousand dollars annually to all new employees who are working thirty hours per week or more on average and have been employed at least six months. In

making such determination, the governing body may rely upon written undertakings provided by any owner of property within such area.

(3) Upon designation of an enhanced employment area under this section, a city may levy a general business occupation tax upon the businesses and users of space within such enhanced employment area for the purpose of paying all or any part of the costs and expenses of authorized work within such enhanced employment area. For purposes of the tax imposed under this section, the governing body may make a reasonable classification of businesses, users of space, or kinds of transactions. The collection of a tax imposed pursuant to this section shall be made and enforced in such a manner as the governing body shall by ordinance determine to produce the required revenue. The governing body may provide that failure to pay the tax imposed pursuant to this section shall constitute a violation of the ordinance and subject the violator to a fine or other punishment as provided by ordinance. Any occupation tax levied by the city under this section shall remain in effect so long as the city has bonds outstanding which have been issued under the authority of this section and are secured by such occupation tax or that state such occupation tax as an available source for payment. The total amount of occupation taxes levied shall not exceed the total costs and expenses of the authorized work including the total debt service requirements of any bonds the proceeds of which are expended for or allocated to such authorized work. The assessments or taxes levied must be specified by ordinance and the proceeds shall not be used for any purpose other than the making of such improvements and for the repayment of bonds issued in whole or in part for the financing of such improvements. The authority to levy the general business occupation tax contained in this section and the authority to issue bonds secured by or payable from such occupation tax shall be independent of and separate from any occupation tax referenced in section 18-2103.

(4) A city may issue revenue bonds for the purpose of defraying the cost of authorized work and to secure the payment of such bonds with the occupation tax revenue described in this section. Such revenue bonds may be issued in one or more series or issues where deemed advisable, and each such series or issue may contain different maturity dates, interest rates, priorities on revenue available for payment of such bonds and priorities on securities available for guaranteeing payment thereof, and such other differing terms and conditions as are deemed necessary. The following shall apply to any such bonds:

(a) Such bonds shall be limited obligations of the city. Bonds and interest on such bonds, issued under the authority of this section, shall not constitute nor give rise to a pecuniary liability of the city or a charge against its general credit or taxing powers. Such limitation shall be plainly stated upon the face of each of such bonds;

(b) Such bonds may (i) be executed and delivered at any time and from time to time, (ii) be in such form and denominations, (iii) be of such tenor, (iv) be payable in such installments and at such time or times not exceeding twenty years from their date, (v) be payable at such place or places, (vi) bear interest at such rate or rates, payable at such place or places, and evidenced in such manner, (vii) be redeemable prior to maturity, with or without premium, and (viii) contain such provisions as shall be deemed in the best interest of the city and provided for in the proceedings of the governing body under which the bonds shall be authorized to be issued;

(c) The authorization, terms, issuance, execution, or delivery of such bonds shall not be subject to sections 10-101 to 10-126; and

(d) Such bonds may be sold at public or private sale in such manner and at such time or times as may be determined by the governing body to be most advantageous. The city may pay all expenses, premiums, and commissions which the governing body may deem necessary or advantageous in connection with the authorization, sale, and issuance thereof from the proceeds or the sale of the bonds or from the revenue of the occupation tax described in this section.

18-2143 Sections, how construed.

The powers conferred by sections 18-2101 to 18-2144 shall be in addition and supplemental to the powers conferred by any other law and shall be independent of and in addition to any other provision of the laws of the State of Nebraska with reference to the matters covered hereby and shall be considered as a complete and independent act and not as amendatory of or limited by any other provision of the laws of the State of Nebraska. Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provision of sections 18-2101 to 18-2144, or the application thereof to any person or circumstances is held unconstitutional or invalid, it shall not affect the other provisions of sections 18-2101 to 18-2144 or the application of such provision to other persons or circumstances. The provisions of sections 18-2101 to 18-2144 and all grants of power, authority, rights or discretion herein made to a city and to an authority created under the provisions hereof shall be liberally construed, and all incidental powers necessary to carry into effect the provisions of such sections are hereby expressly granted to and conferred upon a city or an authority created pursuant hereto.

18-2144 Sections; controlling over other laws and city charters.

Sections 18-2101 to 18-2144 shall be full authority for the creation of a community redevelopment authority by a city or village, and for the exercise of the powers therein granted to a city or village and to such authority, and shall also be full authority for the creation of a community development agency by a city or village, and for the exercise of the powers therein granted to a city or village for such purpose, and no action, proceeding, or election shall be required prior to the creation of a community redevelopment authority or community development agency hereunder or to authorize the exercise of any of the powers granted in such sections, except as specifically provided in such sections, any provision of law or of any city charter or village law to the contrary notwithstanding.

No proceedings for the issuance of bonds of an authority or of a city or village for its community development agency shall be required other than those required by the provisions of sections 18-2101 to 18-2144; and the provisions of all other laws and city charters, if any, relative to the terms and conditions for the issuance, payment, redemption, registration, sale or delivery of bonds of public bodies, corporations, or political subdivisions of this state

shall not be applicable to bonds issued by an authority pursuant to sections 18-2101 to 18-2144.

Insofar as the provisions of sections 18-2101 to 18-2144 are inconsistent with the provisions of any other law or of any city charter, if any, the provisions of sections 18-2101 to 18-2144 shall be controlling.

18-2145 Limited community redevelopment authority; laws applicable.

The provisions of sections 18-2101 to 18-2144 not in conflict with sections 18-2102.01, 18-2103, 18-2107, 18-2145, and 18-2146 and necessary or convenient to carry out the powers expressly conferred or the intent and purpose of sections 18-2102.01, 18-2103, 18-2107, 18-2145, and 18-2146 shall apply to the limited community redevelopment authority hereby authorized.

18-2147 Ad valorem tax; division authorized; limitation; fifteen-year period.

(1) Any redevelopment plan as originally approved or as later modified pursuant to section 18-2117, may contain a provision that any ad valorem tax levied upon real property in a redevelopment project for the benefit of any public body shall be divided, for a period not to exceed fifteen years after the effective date of such a provision by the governing body, as follows:

(a) That portion of the ad valorem tax which is produced by the levy at the rate fixed each year by or for each such public body upon the redevelopment project valuation shall be paid into the funds of each such public body in the same proportion as are all other taxes collected by or for the body. When there is not a redevelopment project valuation on a parcel or parcels, the county assessor shall determine the redevelopment project valuation based upon the fair market valuation of the parcel or parcels as of January 1 of the year prior to the year that the ad valorem taxes are to be divided. The county assessor shall provide written notice of the redevelopment project valuation to the authority as defined in section 18-2103 and the owner. The authority or owner may protest the valuation to the county board of equalization within thirty days after the date of the valuation notice. All provisions of section 77-1502 except dates for filing of a protest, the period for hearing protests, and the date for mailing notice of the county board of equalization's decision are applicable to any protest filed pursuant to this section. The county board of equalization shall decide any protest filed pursuant to this section within thirty days after the filing of the protest. The county clerk shall mail a copy of the decision made by the county board of equalization on protests pursuant to this section to the authority or owner within seven days after the board's decision. Any decision of the county board of equalization may be appealed to the Tax Equalization and

Review Commission, in accordance with section 77-5013, within thirty days after the date of the decision;

(b) That portion of the ad valorem tax on real property in the redevelopment project in excess of such amount, if any, shall be allocated to and, when collected, paid into a special fund of the authority to be used solely to pay the principal of, the interest on, and any premiums due in connection with the bonds of, loans, notes, or advances of money to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, such authority for financing or refinancing, in whole or in part, the redevelopment project. When such bonds, loans, notes, advances of money, or indebtedness, including interest and premiums due, have been paid, the authority shall so notify the county assessor and county treasurer and all ad valorem taxes upon taxable real property in such a redevelopment project shall be paid into the funds of the respective public bodies; and

(c) Any interest and penalties due for delinquent taxes shall be paid into the funds of each public body in the same proportion as are all other taxes collected by or for the public body.

(2) The governing body shall not implement any plan containing a provision dividing ad valorem taxes as provided in subsection (1) of this section until such time as the real property in the redevelopment project is within the corporate boundaries of the city.

(3) Beginning August 1, 2006, all notices of the provision for dividing ad valorem taxes shall be sent by the authority to the county assessor on forms prescribed by the Property Tax Administrator. The notice shall be sent to the county assessor on or before August 1 of the year of the effective date of the provision. Failure to satisfy the notice requirement of this section shall result in the taxes, for all taxable years affected by the failure to give notice of the effective date of the provision, remaining undivided and being paid into the funds for each public body receiving property taxes generated by the property in the redevelopment project. However, the redevelopment project valuation for the remaining division of ad valorem taxes in accordance with subdivisions (1)(a) and (b) of this section shall be the last certified valuation for the taxable year prior to the effective date of the provision to divide the taxes for the remaining portion of the fifteen-year period pursuant to subsection (1) of this section.

18-2148 Project valuation; county assessor; duties.

Commencing on the effective date of the provision outlined in section 18-2147, the county assessor, or county clerk where he or she is ex officio county assessor, of the county in which the redevelopment project is located, shall transmit to an authority and the county treasurer, upon request of the authority, the redevelopment project valuation and shall annually certify, on or before August 20, to the authority and the county treasurer the current valuation for assessment of taxable real property in the redevelopment project. The county assessor shall undertake, upon request of an authority, an investigation, examination, and inspection of the taxable real property in the redevelopment project and shall reaffirm or revalue the current value for assessment of such property in accordance with the findings of such investigation, examination, and inspection.

18-2149 Project valuation; how treated.

In each year after the determination of a redevelopment project valuation as outlined in section 18-2148, the county assessor and the county board of equalization shall include no more than the redevelopment project valuation of the taxable real property in the redevelopment project in the assessed valuation upon which is computed the tax rates levied by any public body on such project. In each year for which the current assessed valuation on taxable real property in the redevelopment project exceeds the redevelopment project valuation, the county treasurer shall remit to the authority, instead of to any public body, that proportion of all ad valorem taxes on real property paid that year on the redevelopment project which such excess valuation bears to the current assessed valuation.

If the current assessed valuation on taxable real property in the redevelopment project is less than the redevelopment project valuation, the current assessed valuation shall be the value assessable to the public bodies for the current year and there will be no excess valuation or tax proceeds available to the redevelopment project. The redevelopment project valuation shall be reinstated when the current assessed valuation on taxable real property in the redevelopment project is equal to or greater than the redevelopment project valuation.

18-2151 Redeveloper; penal bond; when required; purpose.

Any redeveloper entering into a contract with an authority for the undertaking of a redevelopment project pursuant to a redevelopment plan which contains the provision outlined in section 18-2147 shall be required before

commencing work to execute, in addition to all bonds that may be required, a penal bond with good and sufficient surety to be approved by an authority, conditioned that such contractor shall at all times promptly make payments of all amounts lawfully due to all persons supplying or furnishing the contractor or his or her subcontractors with labor or materials performed or used in the prosecution of the work provided for in such contract, and will indemnify and save harmless the authority to the extent any payments in connection with the carrying out of such contracts which an authority may be required to make under the law.

18-2152 Repealed. Laws 1988, LB 809, § 1.

18-2153 Sections, how construed.

The powers conferred by sections 18-2147 to 18-2153 shall be in addition and supplemental to the powers conferred by the Community Development Law and by any other law and shall be independent of and in addition to any other provision of the laws of the State of Nebraska with reference to the matters covered hereby. The provisions of such sections and all grants of power, authority, rights, or discretion to a city or village and to an authority created under the Community Development Law shall be liberally construed, and all incidental powers necessary to carry into effect such sections are hereby expressly granted to and conferred upon a city or village or an authority created pursuant to the Community Development Law.

COMMUNITY ANTENNA TELEVISION SERVICE

Section
18-2201. Legislative declaration; regulatory powers.
18-2202. Franchise; required; validity.
18-2203. Underground cables and equipment; map required.
18-2204. Annual occupation tax; levy; when due.
18-2205. Violation; notice; penalty.

Section
18-2206. Rate increase; approval; procedure.

18-2201 Legislative declaration; regulatory powers.

The furnishing of community antenna television service is hereby declared to be a business affected with such a public interest that it must be regulated locally. All municipalities in Nebraska are hereby authorized and empowered, by ordinance, to regulate, to prohibit, and to consent to the construction, installation, operation, and maintenance within their corporate limits of all persons or entities furnishing community antenna television service. All municipalities, acting through the mayor and council or board of trustees, shall have power to require every individual or entity offering such service, subject to reasonable rules and regulations, to furnish any person applying therefor along the lines of its wires, cables or other conduits, with television and radio service. The mayor and council or board of trustees shall have power to prescribe reasonable quality standards for such service and shall regulate rate increases so as to provide reasonable and compensatory rents or rates for such service including installation charges. In the regulation of rate increases the procedure provided in section 18-2206 shall be used in any franchise granted or renewed after May 23, 1979. Such person or entity furnishing community antenna television service shall be required to carry all broadcast signals as prescribed by franchise and permitted to be carried by Federal Communications Commission regulations during the full period of the broadcast day of its stations.

Source: Laws 1959, c. 68, § 1, p. 294; R.R.S.1943, § 19-2801; Laws 1969, c. 119, § 1, p. 536; Laws 1979, LB 495, § 1.

Any statutory authority the district court might have to review rates under this section is limited only to the matter of rate increases. Plaintiff whose suit is addressed to rates as initially set rather than to an increase thereof has not stated a cause of action under this section. Bard v. Cox Cable of Omaha, Inc., 226 Neb. 880, 416 N.W.2d 4 (1987).

A merely prospective cable television customer has no standing as a ratepayer to seek to void a franchise because of excessive rates, and any complaint about the rates themselves must first be directed to the ratesetting body. Hall v. Cox Cable of Omaha, Inc., 212 Neb. 887, 327 N.W.2d 595 (1982).

18-2202 Franchise; required; validity.

It shall be unlawful for any person, firm, or corporation to construct, install, operate, or maintain in or along the streets, alleys, and public ways, or elsewhere within the corporate limits of any municipality, a community antenna television service without first obtaining, from such municipality involved, a franchise authorizing the same; and the governing bodies of such municipalities are hereby authorized to grant such a franchise and such franchise shall be effective and binding without submission to the electors and approval by a majority vote thereof, notwithstanding any other law or home rule charter, for a term of not to exceed twenty-five years upon such reasonable conditions as the circumstances may require.

Source: Laws 1959, c. 68, § 2, p. 294; R.R.S.1943, § 19-2802; Laws 1969, c. 119, § 2, p. 537; Laws 1979, LB 495, § 3.

Regulation of community antenna television service is a matter of statewide concern, so that this section, allowing approval of a franchise without a vote of the electorate, takes precedence over a home rule charter provision to the contrary. Hall v. Cox Cable of Omaha, Inc., 212 Neb. 887, 327 N.W.2d 595 (1982).

18-2203 Underground cables and equipment; map required.

Municipalities may by ordinance require the filing with the city or village clerk by the person, firm, or corporation constructing, installing, operating, or

maintaining such community antenna television service of a proper map showing the exact location of all underground cables and equipment, together with a statement showing the exact nature of the same.

18-2204 Annual occupation tax; levy; when due.

Municipalities may, by appropriate ordinance, levy an annual occupation tax against any person, firm, or corporation now maintaining and operating any community antenna television service within its boundaries; and may levy an annual occupation tax against any persons, firms, or corporations hereafter constructing, installing, operating, or maintaining such community antenna television service. Any such occupation tax so levied shall be due and payable on May 1 of each year to the treasurer of such city or village.

The power granted by this section to the city to levy by ordinance an occupation tax upon community antenna television service is a special statute which takes precedence over the general provisions of section 14-811 requiring submission of franchise annuity or royalty to the electorate. Hall v. Cox Cable of Omaha, Inc., 212 Neb. 887, 327 N.W.2d 595 (1982).

18-2205 Violation; notice; penalty.

In the event of violation of any franchise provision or the provisions of sections 18-2201 to 18-2205 by any duly franchised person or entity furnishing community antenna television service, the municipality having granted such franchise shall immediately serve notice of such violation upon the franchise holder with directions to correct such violation within ninety days or show cause why such violation should not be corrected at a public hearing held in conjunction with the next regularly scheduled meeting of the franchising body. Continued violation of sections 18-2201 to 18-2205 may be enjoined by the district court. Any person who willfully violates any provision of sections 18-2201 to 18-2205 or of any local franchise ordinance shall be guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine of not more than five hundred dollars.

Source: Laws 1969, c. 119, § 5, p. 538.

18-2206 Rate increase; approval; procedure.

(1) Approval of a rate increase for a person or entity furnishing community antenna television service shall be required and shall be made by the council or board of trustees which granted the franchise to such person or entity. Such approval shall be made by ordinance or resolution.

(2) Prior to voting on a rate increase the council or board of trustees shall hold at least two public meetings at which the ratepayers and the franchisee may comment on the programming content and rates of such franchisee.

(3) At least thirty days prior to the first public meeting held to examine programming content and rates, each ratepayer or subscriber shall be notified by a billing statement or other written notice when and where such public meeting shall be held. Such notice shall also provide information as to what rates are proposed by the franchisee for consideration by the council or board of trustees.

ARTICLE 23
AIR CONDITIONING AIR DISTRIBUTION BOARD

Section

18-2301 Terms, defined.

As used in sections 18-2301 to 18-2315, unless the context otherwise requires:

(1) Air conditioning air distribution shall mean the control of any one or more of the following factors affecting both physical and chemical conditions of the atmosphere within a structure: Temperature, humidity, movement and purity;

(2) Furnace shall mean a self-contained, flue-connected or vented, appliance intended primarily to supply heated air through ducts to spaces remote from or adjacent to the appliance location as well as to the space in which it is located;

(3) Contractor shall mean a holder of a valid certificate of competency for air conditioning air distribution;

(4) Ventilating system shall mean each process of removing air by natural gravity exhauster or mechanical exhaust fan from any space; and

(5) Kitchen exhaust system shall mean a duct system or air passageway for removal of kitchen air contaminates by mechanical means.

Source: Laws 1969, c. 98, § 1, p. 468.

18-2302 Board for examination of contractors; membership; duties.

In any city or village, there may be a board for the examination of air conditioning air distribution contractors for the issuance of certificates of competency and for such other duties and responsibilities as may be prescribed by sections 18-2301 to 18-2315. Such board shall consist of not more than five members all of whom shall be appointed by the mayor, the chairman of the board of trustees, or the city manager with the approval of the city council. All vacancies occurring on the board by reason of death, disability or inability of a member to serve shall be filled in the same manner as the original appointment. The qualifications for members of the board may be prescribed by the city council or in the case of a village, by the board of trustees.

Source: Laws 1969, c. 98, § 2, p. 469.

18-2303 Officers; secretary; duties.

The persons who compose the air conditioning air distribution board shall, within ten days after their appointments, meet in their respective city or village building or place designated by the city council, city manager or chairman and board of trustees and organize by the selection of one of their members as chairman, one as vice-chairman, and one as secretary. It shall be the duty of the secretary to keep full, true and correct minutes and records of all meetings, applications for examinations, examinations given and results thereof, and certificates issued, which records shall be open for free inspection by all persons during business hours.

Source: Laws 1969, c. 98, § 3, p. 469.

18-2304 Members; terms; compensation.

The appointment of the air conditioning air distribution board shall be for staggered terms of three years as provided by the city council or board of trustees of the respective city or village with the appointments to be made in December of each year. Compensation shall be determined by the city council or chairman and board of trustees.

Source: Laws 1969, c. 98, § 4, p. 469.

18-2305 Meetings; certificates of competency; examination; rules.

The air conditioning air distribution board shall meet at least once a month at a fixed time as determined by the city council or chairman and board of trustees. The board shall adopt rules for the examination at such times and places of all persons who desire a certificate of competency to engage in the business of designing, installing, altering, repairing, cleaning or adding to any air conditioning air distribution system, furnace, restaurant appliance hood and duct system or other exhaust or intake ventilating system within the city or village and also within the area of zoning jurisdiction outside the corporate limits of cities of the metropolitan class.

Source: Laws 1969, c. 98, § 5, p. 469.

18-2306 Rules and regulations; approval; plans and specifications; approval.

The air conditioning air distribution board, subject to the approval of the city council or board of trustees, may adopt rules and regulations, not inconsistent with the laws of the state or the ordinances of the city or village, for the designing, installing, altering, inspecting or repairing of an air conditioning air distribution and ventilating system placed in or in connection with any building in such city or village or within the area of zoning jurisdiction outside the corporate limits of cities of the metropolitan class describing the kind and size of materials to be used in such systems and the manner in which such work shall be done. All plans and specifications for any such system to be placed in a building shall be first submitted to the board or other body designated by the council or chairman and board of trustees for its approval before it shall be installed.

Source: Laws 1969, c. 98, § 6, p. 470.

18-2307 Contractor; certificate of competency; application; examination; issuance.

Any person desiring to engage in business as an air conditioning air distribution contractor in a city or village which has established an air conditioning air distribution board or within the area of zoning jurisdiction outside the corporate limits of cities of the metropolitan class if it has such a board, shall secure a certificate of competency; and any person desiring to engage in the business, or to proceed to install, alter, repair, clean, or add to or change in any manner any air conditioning air distribution system or any furnace, restaurant appliance hood and duct system, or other exhaust or intake ventilating system within such city or village or within the area of zoning jurisdiction outside the corporate limits of cities of the metropolitan class shall be the holder of a certificate of competency or in the direct employ of a person, firm, or corporation holding such certificate. The board shall, upon written application, examine the applicant at its next meeting or at an adjourned meeting as to his or her practical and theoretical knowledge of the designing and installing of residential, commercial, and industrial air conditioning air distribution and ventilating systems and if found competent deliver to the applicant a certificate of competency. If the applicant is an individual, the application for a certificate of competency shall include the applicant's social security number.

Source: Laws 1969, c. 98, § 7, p. 470; Laws 1997, LB 752, § 77.

18-2308 Sections; exemptions.

Nothing contained in sections 18-2301 to 18-2315 shall be construed to prohibit a homeowner from personally performing air conditioning air distribution work on the property in which he resides and he will not be required to have a certificate of competency to do such work, but the work must conform to the rules and regulations set forth by the city council or chairman and board of trustees for such work as provided by the provisions of sections 18-2301 to 18-2315.

Source: Laws 1969, c. 98, § 8, p. 471.

18-2309 Certificate of competency; applicant; bond; conditions.

All applicants who have successfully passed the examination may, prior to receiving a certificate of competency, be required by the air conditioning air distribution board to furnish a corporate surety bond in the penal sum of not more than ten thousand dollars conditioned that the applicant shall, in all material by him furnished and in all work by him done and performed within the city or village or within the area of zoning jurisdiction outside the corporate limits of cities of the metropolitan class, in installing, altering and repairing any air conditioning air distribution system or ventilating system, strictly comply with all regulations of the board and ordinances of the city or village related thereto.

Source: Laws 1969, c. 98, § 9, p. 471.

18-2310 Certificate of competency; renewal; examination; when.

All original certificates of competency may be renewed and all renewed certificates of competency may be renewed by the board before the dates of their expiration. Such renewal certificates shall be granted without a reexamination upon the written application of the certificate holder filed with the board and showing that his purposes and condition remain unchanged unless it is made to appear by affidavit before the board that the certificate holder is no

longer competent or entitled to such renewal certificate, in which event the renewal certificate shall not be granted until the applicant has undergone the examination required by section 18-2307.

Source: Laws 1969, c. 98, § 10, p. 471.

18-2311 Certificate of competency; term; revocation.

All original and renewal certificates shall be good for one year from their dates but any certificate may be revoked by the board at any time after a hearing upon sufficient notice after sworn charges are filed with the board showing the holder of the certificate to be then incompetent, guilty of willful breach of the rules, regulations or requirements of the board, or of the laws or ordinances relating thereto, or of other causes sufficient for the revocation of the certificate as determined by the city council or chairman and board of trustees of each city or village of which charges and hearing the holder of such certificate shall have written notice.

Source: Laws 1969, c. 98, § 11, p. 472.

18-2312 Certificate of competency; requirement.

It shall be unlawful for any person to engage in business as an air conditioning air distribution contractor or to engage in the business of installing, altering, repairing, cleaning, adding to or changing in any manner any air conditioning air distribution system or any furnace, restaurant appliance hood or its duct system or any other exhaust or intake ventilating system within a city or village having an air conditioning air distribution board or within the area of zoning jurisdiction outside the corporate limits of cities of the metropolitan class having such a board unless he holds a certificate or is employed by a person, firm, or corporation holding such a certificate.

Source: Laws 1969, c. 98, § 12, p. 472.

18-2313 Certificate of competency; permit; fees.

Fees for the original certificates, renewal certificates and permits shall be fixed by the city council or chairman and board of trustees of each city or village having an air conditioning air distribution board. The fee for the original or renewal certificate shall in no event be more than fifty dollars.

Source: Laws 1969, c. 98, § 13, p. 472.

18-2314 Inspectors; employment authorized; noncomplying system; correction or removal.

Any city or village having an air conditioning air distribution board shall be authorized to employ inspectors who shall inspect all parts of any air conditioning air distribution system or ventilating or exhaust system in process of construction, alteration or repair within the respective jurisdiction of such city or village. Any such system found not to comply with the regulations of the board or ordinances of the city or village shall be reported to the board and if not corrected in accordance with requirements of the rules and regulations of the board and ordinances of the city or village shall be removed, if, after notice to the owner or contractor or certificate holder doing the work, the board shall

find the work or any part thereof to be defective or not in compliance with such rules and regulations or ordinances.

Source: Laws 1969, c. 98, § 14, p. 472.

18-2315 Violations; penalties.

Any person violating any of the provisions of sections 18-2301 to 18-2315 or of any lawful ordinance shall be deemed guilty of a misdemeanor and shall, upon conviction thereof, be fined not more than five hundred dollars, or be imprisoned not more than six months, or be both so fined and imprisoned, and as a part of such punishment their license may be revoked.

18-2401 Act, how cited.

Sections 18-2401 to 18-2485 shall be known and may be cited as the Municipal Cooperative Financing Act.

Source: Laws 1981, LB 132, § 1.

18-2402 Legislative declarations.

It is declared that cooperative action by cities and villages of this state in the fields of the supplying, treatment, and distribution of water, the generation, transmission, and distribution of electric power and energy, and the collection, treatment, and disposal of sewerage and solid waste is in the public interest; that there is a need in order to insure the stability and continued viability of such systems to provide for a means by which municipalities may cooperate with one another in the financing, acquisition, and operation of such facilities and interests therein and rights thereto in all ways possible; that the creation of agencies through which the municipalities of this state may act cooperatively is in the best interest of this state and the inhabitants thereof and is for a public use and public purpose; and that the necessity in the public interest for the provisions included in sections 18-2401 to 18-2485 is declared as a matter of legislative determination. It is further declared that the intent of sections 18-2401 to 18-2485 is to replace competition between participating municipalities in connection with the projects described in sections 18-2401 to 18-2485 by allowing such municipalities to combine and cooperate in connection with the acquisition, construction, operation, financing, and all other functions authorized by sections 18-2401 to 18-2485 with respect to such projects.

18-2420 Creation of agency; procedure; board of directors; appointment.

The governing body of each of the municipalities participating in the creation of such agency shall by appropriate action by ordinance or resolution determine that there is a need for such agency and set forth the names of the proposed participating municipalities of the agency. Such an action may be taken by a municipality's governing body on its own motion upon determining, in its discretion, that a need exists for an agency. In determining whether such a need exists, a governing body may take into consideration the present and future needs of the municipality with respect to the commodities and services which an agency may provide, the adequacy and suitability of the supplies of such commodities and services to meet such needs, and economic or other advantages or efficiencies which may be realized by cooperative action through an agency. Upon the adoption of an ordinance or passage of a resolution as provided in this section, the mayor, in the case of a city, the chairperson of the board of trustees, in the case of a village, or the chairperson of the governing body, of each of the proposed participating municipalities, with the approval of the respective governing body, shall appoint a director who shall be an elector of the municipality for which he or she acts as director. The directors shall constitute the board in which shall be vested all powers of the agency.

18-2421 Projects other than power projects; sections applicable.

If the agency does not intend to engage in the operation of power projects or the generation or supply of electric energy, sections 18-2422 to 18-2425 shall apply.

18-2422 Projects other than power projects; directors; file certificate; contents.

The directors shall file with the Secretary of State a certificate signed by them setting forth (1) the names of all the proposed participating municipalities, (2) the name and residence of each of the directors so far as known to them, (3) a certified copy of each of the ordinances or resolutions of the participating municipalities determining the need for such an agency, (4) a certified copy of the proceedings of each municipality evidencing the director's right to office, and (5) the name of the agency. The certificate shall be subscribed and sworn to by such directors before an officer or officers authorized by the laws of the state to administer and certify oaths.

18-2423 Projects other than power projects; certificate of incorporation; issuance; Secretary of State; duties.

The Secretary of State shall examine the certificate and, if he or she finds that the name proposed for the agency is not identical with that of any other corporation or public authority of this state, or so nearly similar as to lead to confusion and uncertainty, and that such certificate conforms to the requirements of sections 18-2419 to 18-2424, the Secretary of State shall record it and issue and record a certificate of incorporation. The certificate shall state the name of the agency, the fact and date of incorporation, and the names of the participating municipalities. Upon the issuance of the certificate of incorporation, the existence of the agency as a public body corporate and politic of this state shall commence. Notice of the issuance of such certificate shall be given to all of the proposed participating municipalities by the Secretary of State. If a director of any such municipality has not signed the certificate to the Secretary of State and such municipality does not notify the Secretary of State of the appointment of a director within thirty days after receipt of notice of the issuance of a certificate of incorporation, such municipality shall be deemed to have elected not to be a participating municipality. As soon as practicable after the expiration of such thirty-day period, the Secretary of State shall issue an amended certificate of incorporation, if necessary, setting forth the names of those municipalities which have elected to become participating municipalities. The failure of any proposed municipality to become a participating municipality shall not affect the validity of the corporate existence of the agency.

18-2424 Projects other than power projects; certificate of incorporation; proof of agency's establishment.

In any suit, action, or proceeding involving the validity or enforcement of, or relating to, any contract of the agency, the agency shall be conclusively deemed to have been established, except as against the state, in accordance with sections 18-2401 to 18-2485 upon proof of the issuance of the certificate of incorporation by the Secretary of State. A copy of such certificate, duly certified by the Secretary of State, shall be admissible in evidence in any such suit, action, or proceeding and shall be conclusive proof of the filing and contents thereof.

Source: Laws 1981, LB 132, § 24.

18-2425 Projects other than power projects; participation of additional municipalities; procedure.

After the creation of an agency, any other municipality may become a participating municipality therein upon (1) application to such agency, (2) the adoption of an ordinance or passage of a resolution by the governing body of the municipality setting forth the determination prescribed in section 18-2420 and authorizing such municipality to become a participating municipality, and (3) at least a majority vote of the directors, except that an agency's bylaws may require a greater percentage of approval for such authorization. Thereupon such municipality shall become a participating municipality entitled to appoint a director or directors of such agency in the manner prescribed by section 18-2420 and to otherwise participate in such agency to the same extent as if such municipality had participated in the creation of the agency. Upon the

filing with the Secretary of State of certified copies of the ordinances and resolutions described in this section, the Secretary of State shall issue an amended certificate of incorporation setting forth the names of the participating municipalities.

18-2427 Power projects; creation of agency; petition; contents.

Upon adoption of ordinances or resolutions in accordance with section 18-2420, a petition shall be addressed to the Nebraska Power Review Board stating that it is the intent and purpose to create an agency pursuant to sections 18-2426 to 18-2434, subject to approval by the Nebraska Power Review Board. The petition shall state the name of the proposed agency, the names of the proposed participating municipalities, the name and residence of each of the directors so far as known, a certified copy of each of the ordinances or resolutions of the participating municipalities determining the need for such an agency, a certified copy of the proceedings of each municipality evidencing the director's right to office, a general description of the operation in which the agency intends to engage, and the location and method of operation of the proposed plants and systems of the agency.

18-2428 Power projects; agency organization; conflict with certain entities; limitations.

Nothing in sections 18-2401 to 18-2485 shall be construed to prevent the organization of an agency whose participating municipalities operate within, or partly within, the territorial boundaries of a district or corporation organized under the provisions of Chapter 70, article 6, 7, or 8, so long as the plants, systems, and works, the operation of the same, the exercise of powers, and the assumption of duties and responsibilities of, or on the part of, such agency do not nullify, conflict with, or materially affect those of a district or corporation organized under the provisions of Chapter 70, article 6, 7, or 8.

18-2429 Repealed. Laws 2003, LB 165, § 15.

18-2430 Power projects; petition; approval procedure.

If the Nebraska Power Review Board determines that the statements in the petition filed pursuant to section 18-2427 are true and conform to public convenience and welfare and, so long as the plants, systems, and works, the operation of the same, the exercise of powers, and the assumption of duties and responsibilities of, or on the part of, such agency, do not nullify, conflict with, or materially affect those of a district or corporation organized under the provisions of Chapter 70, article 6 or 8 or the Electric Cooperative Corporation

Act, the Nebraska Power Review Board or its successor shall, within thirty days after the receipt of such petition, execute a certificate in duplicate setting forth a true copy of the petition and declaring that the petition has been approved.

18-2433 Power projects; petition for agency creation; amendment; approval procedure.

(1) A petition for the creation of an agency which intends to engage in the operation of power projects or the generation or supply of electrical energy may be amended as provided in this section. Upon a majority vote of the directors, an agency may amend its petition for creation or may amend its charter to provide for a change in the general description of the nature of the business in which the agency is engaged, upon petition to the Nebraska Power Review Board and approval by the Nebraska Power Review Board in accordance with the procedure established in sections 18-2426 to 18-2434.

(2) After notice to interested parties and a public hearing which may be held at the option of the Nebraska Power Review Board, such amendments shall be approved if the Nebraska Power Review Board determines that the statements in the petition are true and conform to public convenience and welfare, and so long as the plants, systems, and works, the operation of the same, the exercise of powers, and the assumptions of duties and responsibilities of, or on the part of, such agency, do not nullify, conflict with, or materially affect those of any other district or a corporation organized under the provisions of Chapter 70, article 6 or 8 or the Electric Cooperative Corporation Act, or those of any part of such district or corporation.

18-2435 Director; removal; certificate of appointment; term; vacancy; expenses.

A director may be removed for any cause at any time by the governing body of the municipality for which such director acts. A certificate of the appointment or reappointment of any director shall be filed with the clerk of the municipality for which such director acts and such certificate shall be conclusive evidence of the due and proper appointment of such director. Each director shall serve for a term of three years or until his or her successor has been appointed and has qualified in the same manner as the original appointment. A director shall be eligible for reappointment upon the expiration of his or her term. A vacancy shall be filled for the balance of the unexpired term of the person who has ceased to hold office in the same manner as the original appointment. A director shall receive no compensation for his or her services but shall be entitled to the necessary expenses, including travel expenses, incurred in the discharge of his or her official duties, including mileage at the rate provided in section 81-1176 for state employees.

18-2436 Directors; number; voting; quorum; meetings.

Each participating municipality shall be entitled to appoint one director, but with the approval of each of the participating municipalities as evidenced by an ordinance or resolution of the governing body thereof, an agency's bylaws may contain a provision entitling any of the participating municipalities to appoint more than one director and specifying the number of directors to be appointed by each of the participating municipalities of the agency. The number of directors may be increased or decreased from time to time by an amendment to the bylaws approved by each of the participating municipalities as evidenced by an ordinance or resolution of the governing body thereof. Each participating municipality shall at all times be entitled to appoint at least one director. Each director shall be entitled to one vote, but with the approval of each of the participating municipalities as evidenced by an ordinance or resolution of the governing body thereof, an agency's bylaws may contain a provision entitling any director or directors to cast more than one vote and specifying the number or numbers of votes such director or directors may cast. Unless the bylaws of the agency shall require a larger number, a quorum of the board shall be

constituted for the purpose of conducting the business and exercising the powers of the agency and for all other purposes when directors are present who are entitled to cast a majority of the total votes which may be cast by all of the board's directors. Action may be taken upon a vote of a majority of the votes which the directors present are entitled to cast unless the bylaws of the agency shall require a larger number. The manner of scheduling regular board meetings and the method of calling special board meetings, including the giving or waiving notice thereof, shall be as provided in the bylaws. Such meetings may be held by any means permitted by the Open Meetings Act.

18-2437 Board; elect officers; executive director; employees.

The directors shall elect a chairperson and vice-chairperson of the board from among the directors. The agency shall have power to employ an executive director. The directors shall elect a secretary who shall either be from among the directors or the executive director. The agency may employ legal counsel for such legal services as it may require. The agency may also employ technical experts and such other officers, agents, and employees as it may require and shall determine their qualifications, duties, compensation, and term of office. The board may delegate to one or more of the agency's employees or agents such powers and duties as the board may deem proper.

18-2438 Board; create committees; powers; meetings.

The board of an agency may create an executive committee the composition of which shall be set forth in the bylaws of the agency. The executive committee shall have and exercise the power and authority of the board during intervals between the board's meetings in accordance with the board's bylaws, rules, motions, or resolutions. The terms of office of the members of the executive committee and the method of filling vacancies shall be fixed by the bylaws of the agency. The board may also create one or more committees to which the board may delegate such powers and duties as the board shall specify. In no event shall any committee be empowered to authorize the issuance of bonds. The membership and voting requirements for action by a committee shall be specified by the board. An agency which contracts with municipalities outside the State of Nebraska may hold meetings outside the State of Nebraska if such meetings are held only in such contracting municipalities. Meetings of any committee which is a public body for purposes of the Open Meetings Act may be held by any means permitted by the act.

18-2439 Agency; dissolution; withdrawal of municipality; outstanding bonds, how treated; assets, how distributed.

An agency shall be dissolved upon the adoption, by the governing bodies of at least half of the participating municipalities, of an ordinance or resolution setting forth the determination that the need for such municipality to act cooperatively through an agency no longer exists. An agency shall not be dissolved so long as the agency has bonds outstanding, unless provision for full payment of such bonds and interest thereon, by escrow or otherwise, has been made pursuant to the terms of such bonds or the ordinance, resolution, trust indenture, or security instrument securing such bonds. If the governing bodies of one or more, but less than a majority, of the participating municipalities adopt such an ordinance or resolution, such municipalities shall be permitted to withdraw from participation in the agency, but such withdrawal shall not affect the obligations of such municipality pursuant to any contracts or other agreements with such agency. Such withdrawal shall not impair the payment of any outstanding bonds or interest thereon. In the event of the dissolution of an agency, its board shall provide for the disposition, division, or distribution of the agency's assets among the participating municipalities by such means as such board shall determine, in its sole discretion, to be fair and equitable.

18-2440 Agency; power to tax denied; general powers and duties.

An agency established pursuant to sections 18-2401 to 18-2485 shall constitute a political subdivision and a public body corporate and politic of this state exercising public powers separate from the participating municipalities. An agency shall have the duties, privileges, immunities, rights, liabilities, and disabilities of a political subdivision and a public body corporate and politic, but shall not have taxing power. An agency shall have power (1) to sue and be sued, (2) to have a seal and alter the same at pleasure, or to dispense with the necessity thereof, (3) to make and execute contracts and other instruments necessary or convenient to the exercise of its powers, and (4) from time to time, to make, amend, and repeal bylaws, rules, and regulations not inconsistent with sections 18-2401 to 18-2485 to carry out and effectuate its powers and purposes.

18-2441 Agency; powers; enumerated.

The powers of an agency shall include the power:

(1) To plan, develop, construct, reconstruct, operate, manage, dispose of, participate in, maintain, repair, extend, improve, or acquire by purchase, gift, lease, or otherwise, one or more projects within or outside this state and act as agent, or designate one or more other persons to act as its agent, in connection with the planning, acquisition, construction, operation, maintenance, repair, extension, or improvement of such project, except that before any power project is constructed by an agency, approval of the power project shall have been obtained from the Nebraska Power Review Board under sections 70-1012 to 70-1016;

(2) To produce, acquire, sell, and distribute commodities, including, without limitation, fuels necessary to the ownership, use, operation, or maintenance of one or more projects;

(3) To enter into franchises, exchange, interchange, pooling, wheeling, transmission, and other similar agreements;

(4) To make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the agency;

(5) To employ agents and employees;

(6) To contract with any person within or outside this state for the sale or transmission of any service, product, or commodity supplied, transmitted, conveyed, transformed, produced, or generated by any project, or for any interest therein or any right to capacity thereof, on such terms and for such period of time as the agency's board shall determine;

(7) To purchase, sell, exchange, produce, generate, transmit, or distribute any service, product, or commodity within and outside the state in such amounts as it shall determine to be necessary and appropriate to make the most effective use of its powers and to meet its responsibilities, and to enter into agreements with any person with respect to such purchase, sale, exchange, production, generation, transmission, or distribution on such terms and for such period of time as the agency's board shall determine;

(8) To acquire, own, hold, use, lease, as lessor or lessee, sell, or otherwise dispose of, mortgage, pledge, or grant a security interest in any real or personal property, commodity, product, or service or any interest therein or right thereto;

(9) To exercise the power of eminent domain in the manner set forth in Chapter 76, article 7. No real property of the state, any municipality, or any political subdivision of the state, may be so acquired without the consent of the state, such municipality, or such subdivision;

(10) To incur debts, liabilities, or obligations including the borrowing of money and the issuance of bonds, secured or unsecured, pursuant to sections 18-2401 to 18-2485;

(11) To borrow money or accept contributions, grants, or other financial assistance from a public authority and to comply with such conditions and enter into such contracts, covenants, mortgages, trust indentures, leases, or agreements as may be necessary, convenient, or desirable;

(12) To fix, maintain, revise, and collect fees, rates, rents, and charges for functions, services, facilities, or commodities provided by the agency, and it shall be the mandatory duty of each agency to fix, maintain, revise, and collect such fees, rates, rents, and charges as will always be sufficient to pay all operating and maintenance expenses of the agency, to pay for costs of renewals and replacements to a project, to pay interest on and principal of, whether at maturity or upon sinking-fund redemption, any outstanding bonds or other indebtedness of the agency, and to provide, as may be required by a resolution, trust indenture, security instrument, or other agreement of the agency, for any reasonable reserves for any such expenses, costs, or debt service or for any margins or coverages over and above debt service;

(13) Subject to any agreements with holders of outstanding bonds, to invest any funds held in reserve or sinking funds, or any funds not required for immediate disbursement, including the proceeds from the sale of any bonds, in such obligations, securities, and other investments as the board shall deem proper;

(14) To join and pay dues to organizations, membership in which is deemed by the board to be beneficial to the accomplishment of the agency's purposes; and

(15) To exercise any other powers which are deemed necessary and convenient to carry out sections 18-2401 to 18-2485.

18-2442 Construction and other contracts; cost estimate; sealed bids; when; exceptions.

(1) An agency shall cause estimates of the costs to be made by some competent engineer or engineers before the agency enters into any contract for:

(a) The construction, reconstruction, remodeling, building, alteration, maintenance, repair, extension, or improvement, for the use of the agency, of any:

(i) Power project, power plant, or system;

(ii) Irrigation works; or

(iii) Part or section of a project, plant, system, or works described in subdivision (i) or (ii) of this subdivision; or

(b) The purchase of any materials, machinery, or apparatus to be used in a project, plant, system, or works described in subdivision (1)(a) of this section.

(2) If the estimated cost exceeds the sum of one hundred thousand dollars, no such contract shall be entered into without advertising for sealed bids.

(3)(a) The provisions of subsection (2) of this section and sections 18-2443 and 18-2444 relating to sealed bids shall not apply to contracts entered into by an agency in the exercise of its rights and powers relating to (i) radioactive material or the energy therefrom, (ii) any technologically complex or unique equipment, (iii) equipment or supplemental labor procurement from an electric utility or from or through an electric utility alliance, or (iv) any maintenance or repair, if the requirements of subdivisions (b) and (c) of this subsection are met.

(b) A contract described in subdivision (a) of this subsection need not comply with subsection (2) of this section or sections 18-2443 and 18-2444 if:

(i) The engineer or engineers certify that, by reason of the nature of the subject matter of the contract, compliance with subsection (2) of this section would be impractical or not in the public interest;

(ii) The engineer's certification is approved by a two-thirds vote of the board; and

(iii) The agency advertises notice of its intention to enter into such contract, the general nature of the proposed work, and the name of the person to be contacted for additional information by anyone interested in contracting for such work.

(c) Any contract for which the board has approved an engineer's certificate described in subdivision (b) of this subsection shall be advertised in three issues, not less than seven days between issues, in one or more newspapers of general circulation in the municipality or county where the principal office or place of business of the agency is located, or if no newspaper is so published then in a newspaper qualified to carry legal notices having general circulation therein, and in such additional newspapers or trade or technical periodicals as may be selected by the board in order to give proper notice of its intention to enter into such contract, and any such contract shall not be entered into prior to twenty days after the last advertisement.

(4) The provisions of subsection (2) of this section and sections 18-2443 and 18-2444 shall not apply to contracts in excess of one hundred thousand dollars

entered into for the purchase of any materials, machinery, or apparatus to be used in projects, plants, systems, or works described in subdivision (1)(a) of this section when the contract does not include onsite labor for the installation thereof if, after advertising for sealed bids:

(a) No responsive bids are received; or

(b) The board of directors of such agency determines that all bids received are in excess of the fair market value of the subject matter of such bids.

(5) Notwithstanding any other provision of subsection (2) of this section or sections 18-2443 and 18-2444, an agency may, without advertising or sealed bidding, purchase replacement parts or services relating to such replacement parts for any generating unit, transformer, or other transmission and distribution equipment from the original manufacturer of such equipment upon certification by an engineer or engineers that such manufacturer is the only available source of supply for such replacement parts or services and that such purchase is in compliance with standards established by the board. A written statement containing such certification and a description of the resulting purchase of replacement parts or services from the original manufacturer shall be submitted to the board by the engineer or engineers certifying the purchase for the board's approval. After such certification, but not necessarily before the board's review, notice of any such purchase shall be published once a week for at least three consecutive weeks in one or more newspapers of general circulation in the municipality or county where the principal office or place of business of the agency is located and published in such additional newspapers or trade or technical periodicals as may be selected by the board in order to give proper notice of such purchase.

(6) Notwithstanding any other provision of subsection (2) of this section or sections 18-2443 and 18-2444, an agency may, without advertising or sealed bidding, purchase used equipment and materials on a negotiated basis upon certification by an engineer that such equipment is or such materials are in compliance with standards established by the board. A written statement containing such certification shall be submitted to the board by the engineer for the board's approval.

18-2443 Construction and other contracts; bids; advertisement.

Prior to advertisement for sealed bids, plans and specifications for the proposed work or materials shall be prepared and filed at the principal office or place of business of the agency. Such advertisement shall be made in three issues, not less than seven days between issues, in one or more newspapers of general circulation in the municipality or county where the principal office or place of business of the agency is located, or if no newspaper is so published then in a newspaper qualified to carry legal notices having general circulation therein, and in such additional newspapers or trade or technical periodicals as may be selected by the board in order to give proper notice of the receiving of bids. Such advertisement shall designate the nature of the work proposed to be done or materials proposed to be purchased, that the plans and specifications therefor may be inspected at the office of the agency, giving the location

thereof, and shall designate the time within which bids shall be filed, and the date, hour, and place the same shall be opened.

18-2444 Construction and other contracts; responsible bidder; considerations; letting of contract.

The board of directors of the agency may let the contract for such work or materials to the responsible bidder who submits the lowest and best bid or, in the sole discretion of the board, all bids tendered may be rejected, and readvertisement for bids made, in the manner, form, and time as provided in section 18-2443. In determining whether a bidder is responsible, the board may consider the bidder's financial responsibility, skill, experience, record of integrity, ability to furnish repairs and maintenance services, ability to meet delivery or performance deadlines, and whether the bid is in conformance with specifications. Consideration may also be given by the board of directors to the relative quality of supplies and services to be provided, the adaptability of machinery, apparatus, supplies, or services to be purchased to the particular uses required, to the preservation of uniformity, and the coordination of machinery and equipment with other machinery and equipment already installed. No such contract shall be valid nor shall any money of the agency be expended thereunder unless advertisement and letting shall have been had as provided in sections 18-2442 to 18-2444.

18-2445 Emergencies; conditions created by war; contracting requirements inapplicable; Nebraska workers preferred; bonds; laws applicable.

(1) In the event of sudden or unexpected damage, injury, or impairment of such project, plant, works, system, or other property belonging to the agency, or an order of a regulatory body which would prevent compliance with section 18-2442, the board of directors may, in its discretion, declare an emergency, and proceed with the necessary construction, reconstruction, remodeling, building, alteration, maintenance, repair, extension, or improvement without first complying with the provisions of sections 18-2442 to 18-2444.

(2) When, by reason of disturbed or disrupted economic conditions due to war or due to the operation of laws, rules, or regulations of governmental authorities, whether enacted, passed, promulgated, or issued under or due to the emergency or necessities of war or national defense, the contracting or purchasing by the agency is so restricted, prohibited, limited, allocated, regulated, rationed, or otherwise controlled, that the letting of contracts therefor, pursuant to the requirements of such sections, is legally or physically impossible or impractical, the provisions of sections 18-2442 to 18-2444 shall not apply to such contracts or purchases.

(3) Such contract shall provide that, to the extent practicable, workers who are citizens of Nebraska shall be given preference for employment by the contractor.

(4) All provisions of section 52-118, with reference to contractors' bonds, shall be applicable and effective as to any contract let pursuant to sections 18-2401 to 18-2485.

18-2446 Funds; how expended; bonds.

(1) Money of the agency shall be paid out or expended only upon the authorization or approval of the board of directors by specific agreement, by a written contract, or by a resolution. All money of the agency shall be paid out or expended only by check, draft, warrant, or other instrument in writing, signed by the treasurer, assistant treasurer, or such other officer, employee, or agent of the agency as shall be authorized by the treasurer to sign in his or her behalf. Such authorization shall be in writing and filed with the secretary of the agency.

(2) Money of the agency paid out or expended shall be examined by the board of directors at the next regular meeting following such expenditure.

(3) In the event that there is no treasurer's bond that expressly insures the agency against loss resulting from the fraudulent, illegal, negligent, or otherwise wrongful or unauthorized acts or conduct by or on the part of any and every person authorized to sign checks, drafts, warrants, or other instruments in writing, there shall be procured and filed with the secretary of the agency, together with the written authorization filed with the secretary of the board, a surety bond, effective for protection against such loss, in such form and penal amount and with such corporate surety as shall be approved in writing by the signed endorsement thereon of any two officers of the agency other than the treasurer. The secretary shall report to the board at each meeting any such bonds filed, or any change in the status of any such bonds, since the last previous meeting of the board.

18-2447 Purchase of services by municipality; terms and conditions.

Notwithstanding any other provision of Nebraska law, any municipality may enter into agreements with an agency for the purchase of water, electric power and energy, energy conservation services or devices, energy sources or fuels, sewerage services, or solid waste disposal services whereby the purchasing municipality is obligated to make payments in amounts which shall be sufficient to pay all operating and maintenance expenses of the agency, to pay for costs of renewals and replacements to a project, to pay interest on and principal of, whether at maturity or upon sinking-fund redemption, any outstanding bonds or other indebtedness of the agency, and to provide, as may be required by any resolution, trust indenture, security instrument, or other agreement of the agency, for any reasonable reserves for any such expenses, costs, or debt service or for any margins or coverages over and above debt service. A purchase agreement may contain such other terms and conditions as the agency and the purchasing municipality may determine, including provisions whereby the purchasing municipality is obligated to make payments for water, electric power and energy, energy conservation services or devices, the acquisition of energy sources or fuel, sewerage service, or solid waste disposal irrespective of whether water, electric power and energy, energy conservation services or devices, energy sources or fuel, sewerage service, or solid waste disposal is provided or produced or delivered to the purchaser or whether any project contemplated by any purchase agreement is completed, operable, or operating, and notwithstanding suspension, interruption, interference, reduction, or curtailment of the output or services of such project. A purchase agreement may be for a term covering the life of a project or for any other

term, or for an indefinite period. A purchase agreement may provide that if one or more of the purchasing municipalities shall default in the payment of its obligations under any purchase agreement, then some or all of the remaining municipalities which also have purchase agreements with the same agency shall be required to accept and pay for, and shall be entitled proportionately to use or otherwise dispose of, the output, devices, fuel, or services undertaken to be purchased by such defaulting municipality.

18-2448 Purchase agreement; obligations of nondefaulting municipality; contracting municipality; duties; contributions authorized.

(1) The obligations of a nondefaulting municipality under a purchase agreement with an agency or arising out of the default by any other municipality with respect to a purchase agreement shall constitute special and limited obligations of the nondefaulting municipality payable solely from the revenue and other money derived by the nondefaulting municipality from its municipal utility with respect to which the purchase agreement relates and shall not be construed as constituting a debt of the nondefaulting municipality. If and to the extent provided in the purchase agreement, such obligations shall be treated as expenses of operating a municipal utility owned and operated by the nondefaulting municipality. It shall be the mandatory duty of any municipality entering into any contract or purchase agreement with an agency to fix, maintain, revise, and collect fees, rates, rents, and charges for functions, services, facilities, or commodities, furnished to its customers and users by and through its municipal utility as will be sufficient to pay the cost of operating and maintaining its municipal utility, renewals, or replacements thereto, including all amounts due and payable under any contract or purchase agreement with an agency, the interest on and principal of any outstanding bonds or other indebtedness of the municipality, whether at maturity or upon sinking-fund redemption, which are payable from the revenue of its municipal utility, and to provide, as may be required by any resolution, ordinance, trust indenture, security instrument, or other agreement of the agency, for any reasonable reserves for operating and maintenance expenses and for any margins or coverages over and above debt service.

(2) The purchase agreement also may provide for payments in the form of contributions to defray the cost of any purchase permitted by the purchase agreement and as advances for any such purchase subject to repayment by the agency.

18-2449 Sale of excess capacity; joint projects; authorized.

(1) An agency may sell or exchange excess capacity of any project or any excess water, electrical energy or power, energy source, or fuel, produced or owned by the agency not required by any of the participating municipalities. An agency may make such sale to any person for such consideration and for such period and upon such terms and conditions as the agency may determine, except that no such agency shall sell or exchange excess capacity of power or energy at retail, within the State of Nebraska.

(2) Notwithstanding any other provision of sections 18-2401 to 18-2485 or any other statute, nothing shall prohibit an agency from undertaking any project in conjunction with or owning any project jointly with any person.

18-2451 Power project agencies; books and records; open to public; annual audit.

The books and records of an agency created pursuant to sections 18-2426 to 18-2434 shall be public records and shall be kept at the principal place of business of such agency. The agency books and records shall be open to public inspection at reasonable times and upon reasonable notice. The agency shall annually cause to be filed with the Auditor of Public Accounts an audit of the books, records, and financial affairs of the agency. Such audit shall be made by a certified public accountant or firm of such accountants selected by the agency and shall be conducted in the manner prescribed in section 84-304.01. When the audit has been completed, written copies of the audit shall be placed and kept on file at the principal place of business of the agency and shall be filed with the Auditor of Public Accounts and the Nebraska Power Review Board within one hundred eighty days after December 31 of each year. If any agency created pursuant to sections 18-2426 to 18-2434 fails to file a copy of an audit within the time prescribed in this section, the books, records, and financial affairs of such agency shall, within one hundred eighty days after the close of the fiscal year of the agency, be audited by a certified public accountant or firm of accountants selected by the Auditor of Public Accounts. The cost of the audit shall be paid by the agency.

18-2453 Power project agency; electrical systems; powers and duties.

Subject to the limitations of the petition for its creation and all amendments thereto, an agency may own, construct, reconstruct, purchase, lease, or otherwise acquire, improve, extend, manage, use, or operate any electric light and power plants, lines, and systems, either within or beyond, or partly within and partly beyond, the boundaries of the participating municipalities, and may engage in, transact business, or enter into any kind of contract or arrangement with any person, firm, corporation, state, county, city, village, governmental

subdivision or agency, the United States, or any officer, department, bureau, or agency thereof, any corporation organized by federal law, or any body politic or corporate, for any of the purposes enumerated in this section, or for or incident to the exercise of any one or more of the powers enumerated in this section, or for the generation, distribution, transmission, sale, or purchase of electrical energy for lighting, power, heating, and any and every other useful purpose whatsoever, and for any and every service involving, employing, or in any manner pertaining to the use of, electrical energy, by whatever means generated or distributed, or for the financing or payment of the cost and expense incident to the acquisition or operation of any such power plant or system, or incident to any obligation or indebtedness entered into or incurred by the agency. In the case of the acquisition, by purchase, lease, or any other contractual obligation, of an existing electric light and power plant, lines, or system, from any person, firm, association, or private corporation by any such agency, a copy of the proposed contract shall be filed with the Nebraska Power Review Board and open to public inspection and examination for a period of thirty days before such proposed contract may be signed, executed, or delivered, and such proposed contract shall not be valid for any purpose and no rights may arise thereunder until after such period of thirty days has expired.

18-2454 Power project agency; irrigation works; powers.

Subject to the limitations of the petition for its creation and all amendments thereto, an agency may own, construct, reconstruct, improve, purchase, lease, or otherwise acquire, extend, manage, use, or operate any irrigation works, as defined in section 70-601, either within or beyond, or partly within and partly beyond, the boundaries of the participating municipalities, and any and every kind of property, personal or real, necessary, useful, or incident to such acquisition, extension, management, use, and operation, whether the same be independent of or in connection or conjunction with an electric light and power business, in whole or in part. In connection with the powers enumerated in this section, such agency shall have the right and power to enter into any contract, lease, agreement, or arrangement with any state, county, city, village, governmental or public corporation or association, person, public or private firm or corporation, the United States, or any officer, department, bureau or agency thereof, or any corporation organized under federal law for the purpose of exercising or utilizing any one or more of the powers enumerated in this section, or for the sale, leasing, or otherwise furnishing or establishing, water rights, water supply, water service, or water storage, for irrigation or flood control, or for the financing or payment of the cost and expenses incident to the construction, acquisition, or operation of such irrigation works, or incident to any obligation or liability entered into or incurred by such agency.

18-2455 Power project agency; radioactive material; powers.

In addition to all other rights and powers which may be possessed by an agency under the petition for its creation and all amendments thereto or by statute, any such agency which has radioactive material available to it in association with facilities constructed in connection with the production of electrical energy shall have the power to use, sell, lease, transport, dispose of,

furnish, or make available under contract or otherwise to any person, firm, corporation, state, county, city, village, governmental subdivision or agency, the United States or any officer, department, bureau or agency thereof, any corporation organized by federal law, or any body politic or corporate any such radioactive material or the energy therefrom; to own, operate, construct, reconstruct, purchase, remove, lease, or otherwise acquire, improve, extend, manage, use, or operate any facilities or any property, real or personal, to engage in or transact business, or enter into any kind of contract or arrangement with anyone, for any of the purposes enumerated in this section, or for or incident to the exercise of any one or more of the powers enumerated in this section, and for any and every service involving, employing, or in any manner pertaining to the use of radioactive material or the energy therefrom; or for the financing or payment of the cost and expense incident to the acquisition, construction, reconstruction, improvement, or operation of any such facilities or property, real or personal, or incident to any obligation or indebtedness entered or incurred by any such agency, for any of the purposes enumerated in this section.

18-2457 Power project agency; joint exercise of powers; agreement; agent; liabilities; sale, lease, merger, or consolidation; procedure.

(1) Such agency shall have and may exercise any one or more of the powers, rights, privileges, and franchises mentioned in sections 70-625 to 70-628, either alone or jointly with one or more public power districts. In any joint exercise of powers, rights, privileges, and franchises with respect to the construction, operation, and maintenance of electric generation or transmission facilities, each entity shall own an undivided interest in such facility and be entitled to the share of the output or capacity therefrom attributable to its undivided interest. Each entity may enter into an agreement or agreements with respect to any electric generation or transmission facility with other entities participating therein, and any such agreement shall contain such terms, conditions, and provisions consistent with the provisions of this section as the board of directors of the entity shall deem to be in the interests of the entity.

(2) The agreement may include, but not be limited to, (a) provisions for the construction, operation, and maintenance of an electric generation or transmission facility by any one of the participating entities, which shall be designated in or pursuant to such agreement as agent, on behalf of itself and the other participating entities or by such other means as may be determined by the participating entities, and (b) provisions for a uniform method of determining and allocating among participating entities the costs of construction, operation, maintenance, renewals, replacements, and improvements with respect to such facility. In carrying out its functions and activities as the agent with respect to

construction, operation, and maintenance of a facility, such agent shall be governed by the laws and regulations applicable to such agent as a separate legal entity and not by any laws or regulations which may be applicable to any of the other participating entities.

(3) Notwithstanding the provisions of any other law to the contrary, pursuant to the terms of the agreement any participating agency or district may delegate its powers and duties with respect to the construction, operation, and maintenance of a facility to the participating entity acting as agent, and all actions taken by such agent in accordance with the provisions of the agreement shall be binding upon each of such participating entities without further action or approval by their respective boards of directors. The entity acting as the agent shall be required to exercise all such powers and perform its duties and functions under the agreement in a manner consistent with prudent utility practice. As used in this section, prudent utility practice shall mean any of the practices, methods, and acts at a particular time which, in the exercise of reasonable judgment in the light of the facts, including but not limited to the practices, methods, and acts engaged in or approved by a significant portion of the electrical utility industry prior thereto, known at the time the decision was made, would have been expected to accomplish the desired result at the lowest reasonable cost consistent with reliability, safety, and expedition. In no event shall anything in this section be deemed to authorize any agency or district to become liable for and to pay for any costs, expenses, or liabilities attributable to the undivided interest of any other entity participating in such electric generation or transmission facility. Any agency or district that is interested by ownership, lease, or otherwise in the operation of electric power plants, distribution systems, or transmission lines, either alone or in association with another entity, in thirteen or more counties in the state may sell, lease, combine, merge, or consolidate all or a part of its property with the property of any other agency or district.

18-2458 Power project agency; joint exercise of powers with municipalities and public agencies; authority.

It is hereby declared to be in the public interest of the State of Nebraska that agencies be empowered to participate jointly or in cooperation with municipalities and other public agencies in the establishment and operation of facilities for the generation or transmission of electric power and energy located within or outside this state in order to achieve economies and efficiencies in meeting the future electric energy needs of the people of the State of Nebraska. In furtherance of such need and in addition to but not in substitution for any other powers granted such agencies, each such agency shall have and may exercise its power and authority to plan, finance, acquire, construct, own, operate, maintain, and improve electric generation or transmission facilities located within or outside this state jointly and in cooperation with one or more other such agencies, cities, or villages of this state which own or operate electrical facilities, or municipal corporations or other governmental entities of this or other states which own or operate electrical facilities. The powers granted under this section may be exercised with respect to any electric generation or

transmission facility jointly with the powers granted under any other provision of sections 18-412.07 to 18-412.09 and 70-628.02 to 70-628.04.

18-2459 Power project agency; joint exercise of power with electric cooperatives or corporations; authority.

It is hereby declared to be in the public interest of the State of Nebraska that agencies be empowered to participate jointly or in cooperation with one or more electric cooperatives or electric membership corporations organized under the laws of this state or any other state in the establishment and operation of facilities for the generation or transmission of electric power and energy located within or outside this state in order to achieve economies and efficiencies in meeting the future electric energy needs of the people of the State of Nebraska. In furtherance of such end and in addition to but not in substitution for any other powers granted such agencies, each such agency shall have and may exercise its power and authority to plan, finance, acquire, construct, own, operate, maintain, and improve electric generation or transmission facilities located in this state jointly and in cooperation with one or more electric cooperatives or electric membership corporations organized under the laws of this state or any other state, and each agency shall have and may exercise such power and authority with respect to electric generation or transmission facilities located outside of this state jointly or in cooperation with one or more electric cooperatives or electric membership corporations organized under the laws of this state or any other state. The power granted under this section may be exercised with respect to any electric generation or transmission facilities jointly with the powers granted under any other provision of sections 18-412.07 to 18-412.09 and 70-628.02 to 70-628.04.

18-2460 Power project agency; joint exercise of powers; agreement; terms and conditions; agent; powers and duties; liability.

Any agency participating jointly and in cooperation with others in an electric generation or transmission facility shall own an undivided interest in such facility and be entitled to the share of the output or capacity therefrom attributable to such undivided interest. Such agency may enter into an agreement or agreements with respect to each such electric generation or transmission facility with the other participants therein, and any such agreement shall contain such terms, conditions, and provisions consistent with the provisions of sections 18-2401 to 18-2485 as the board of directors of such agency shall deem to be in the interests of such agency. The agreement may include, but not be limited to, provision for the construction, operation, and maintenance of such electric generation or transmission facility by any one of the participants, which shall be designated in or pursuant to such agreement as agent, on behalf of itself and the other participants or by such other means as may be determined by the participants and provision for a uniform method of determining and allocating among participants costs of construction, operation, maintenance, renewals, replacements, and improvements with respect to such facility. In carrying out its functions and activities as such agent with respect to construc-

tion, operation, and maintenance of such a facility, including without limitation the letting of contracts therefor, such agent shall be governed by the laws and regulations applicable to such agent as a separate legal entity and not by any laws or regulations which may be applicable to any of the other participants. Notwithstanding the provisions of any other law to the contrary, pursuant to the terms of any such agreement in which or pursuant to which an agency, public power district, public power and irrigation district, city, or village of this state shall be designated as the agent thereunder for the construction, operation, and maintenance of such a facility, each of the participants may delegate its powers and duties with respect to the construction, operation, and maintenance of such facility to such agent, and all actions taken by such agent in accordance with the provisions of such agreement shall be binding upon each of such participants without further action or approval by their respective boards of directors or governing bodies. Such agent shall be required to exercise all such powers and perform its duties and functions under the agreement in a manner consistent with prudent utility practice. As used in this section, prudent utility practice shall mean any of the practices, methods, and acts at a particular time which, in the exercise of reasonable judgment in the light of the facts, including but not limited to the practices, methods, and acts engaged in or approved by a significant portion of the electrical utility industry prior thereto, known at the time the decision was made, would have been expected to accomplish the desired result at the lowest reasonable cost consistent with reliability, safety, and expedition. In no event shall anything in sections 18-2450 to 18-2462 be deemed to authorize any agency to become liable for and to pay for any costs, expenses, or liabilities attributable to the undivided interest of any other participant in such electric generation or transmission facility, and no funds of such agency may be used for any such purpose.

18-2461 Power project agency; restrictions on sale or mortgage of certain property; revenue; pledge; alienation to private power producers, prohibited; indebtedness; default; possession by creditors; agreements authorized.

No power plant, system, or works owned by an agency shall be sold, alienated, or mortgaged by such agency. Nothing in sections 18-2401 to 18-2485 shall prevent an agency from assigning, pledging, or otherwise hypothecating, its revenue, incomes, receipts, or profits to secure the payment of indebtedness, but the credit or funds of the State of Nebraska or any subdivision thereof shall never be pledged for the payment or settlement of any indebtedness or obligation whatever of any agency created pursuant to sections 18-2426 to 18-2434. Neither by sale under foreclosure, receivership, or bankruptcy proceedings, nor by alienation in any other manner, may the property of such an agency become the property of or come under the control of any private person, firm, or corporation engaged in the business of generating, transmitting, or distributing electricity for profit. In order to protect and safeguard the security and the rights of the purchasers or holders of revenue debentures, notes, bonds, warrants, or other evidences of indebtedness, issued by any agency created pursuant to sections 18-2426 to 18-2434, such agency may agree with the purchasers or holders that in the event of default in the payment on, or principal of, any such evidences of indebtedness or in the event of default in performance of any duty or obligation of such agency in connec-

tion therewith, such purchasers or holders, or trustees selected by them, may take possession and control of the business and property of the agency and proceed to operate the same, and to collect and receive the income thereof, and after paying all necessary and proper operating expenses and all other proper disbursements or liabilities made or incurred, use the surplus, if any, of the revenue of the agency as follows: (1) In the payment of all outstanding past-due interest on each issue of revenue debentures, notes, warrants, bonds, or other evidences of indebtedness, so far as such net revenue will go, and paying pro rata the interest due on each issue thereof when there is not enough to pay in full all of the interest; and (2) if any sums shall remain after the payment of interest, then in the payment of the revenue debentures, notes, warrants, bonds, or other evidences of indebtedness, which, by the terms thereof, shall be due and payable on each outstanding issue in accordance with the terms thereof, and paying pro rata when the money available is not sufficient to pay in full. When all legal taxes and charges, all arrears of interest, and all matured revenue debentures, notes, warrants, bonds, or other evidences of indebtedness, have been paid in full, the control of the business and the possession of the property of the agency shall then be restored to such agency. The privilege granted in this section shall be a continuing one as often as the occasion therefor may arise.

18-2462 Power project agency; receivership; when authorized; lease or alienation to private person; prohibited.

The board of directors of any agency issuing revenue debentures, notes, warrants, bonds, or other evidences of indebtedness under sections 18-2461 to 18-2480 is hereby authorized and empowered to agree and contract with the purchasers or holders thereof that in the event of default in the payment of interest on, or principal of, any such revenue debentures, notes, warrants, bonds, or other evidences of indebtedness, issued, or in the event of default in the performance of any duty or obligation under any agreement by such agency, the holder or holders of such revenue debentures, notes, warrants, bonds, or other evidences of indebtedness then outstanding, shall be entitled as a matter of right, upon application to a court of competent jurisdiction, to have appointed a receiver of the business and property of the agency including all tolls, rents, revenue, issues, income, receipts, profits, benefits, and additions derived, received, or had thereof or therefrom, with power to operate and maintain such business and property, collect, receive, and apply all revenue, income, profits, and receipts arising therefrom, and prescribe rates, tolls, and charges, in the same way and manner as the agency might do. Whenever all defaults in the payment of principal of, and interest on, such revenue debentures, notes, warrants, bonds, or other evidences of indebtedness, and any other defaults under any agreement made by the agency, shall have been made good, such receiver shall be discharged by the court and shall therefor surrender control of the business and possession of the property in his or her hands to the agency. An agency created under sections 18-2401 to 18-2485 shall never lease or alienate the franchises, plant, or physical equipment of the agency to any private person, firm, association, or corporation for operating, or for any other purpose, except as specifically provided in sections 18-2452 to 18-2462.

18-2466 Bonds; liability; limitations.

(1) Neither the members of an agency's board nor any person executing the bonds shall be liable personally on such bonds by reason of the issuance thereof.

(2) The bonds shall not be a debt of any municipality or of this state and neither this state nor any municipality shall be liable thereon. Bonds shall be payable only out of any funds or properties of the issuing agency. Such limitations shall be plainly stated upon the face of the bonds.

18-2467 Bonds; issuance; terms; signatures.

Bonds shall be authorized by resolution of the issuing agency's board and may be issued under a resolution or under a trust indenture or other security instrument in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in

such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, trust indenture, or other security instrument may provide, and without limitation by the provisions of any other law limiting amounts, maturities, or interest rates. Any officer authorized or designated to sign, countersign, execute, or attest any bond or any coupon may utilize a facsimile signature in lieu of his or her manual signature.

18-2468 Bonds; negotiable; sale.

(1) Except as the issuing agency's board may otherwise provide, any bond and any interest coupons thereto attached shall be fully negotiable within the meaning of and for all purposes of article 8, Uniform Commercial Code.

(2) The bonds may be sold at public or private sale as the issuing agency's board may provide and at such price or prices as such board shall determine.

18-2470 Bonds; issuance; powers; enumerated.

An agency shall have power in connection with the issuance of its bonds:

(1) To covenant as to the use of any or all of its property, real or personal;

(2) To redeem the bonds, to covenant for their redemption, and to provide the terms and conditions thereof;

(3) To covenant to charge or seek necessary approvals to charge rates, fees, and charges sufficient to meet operating and maintenance expenses of the agency, costs of renewals and replacements to a project, interest and principal payments, whether at maturity or upon sinking-fund redemption, on any outstanding bonds or other indebtedness of the agency, creation and maintenance of any reasonable reserves therefor, and to provide for any margins or coverages over and above debt service on the bonds deemed desirable for the marketability or security of the bonds;

(4) To covenant and prescribe as to events of default and terms and conditions upon which any or all of its bonds shall become or may be declared due before maturity, as to the terms and conditions upon which such declaration and its consequences may be waived and as to the consequences of default and the remedies of bondholders;

(5) To covenant as to the mortgage or pledge of or the grant of any other security interest in any real or personal property and all or any part of the revenue from any project or projects or any revenue-producing contract or contracts made by the agency with any person to secure the payment of bonds, subject to such agreements with the holders of outstanding bonds as may then exist;

(6) To covenant as to the custody, collection, securing, investment, and payment of any revenue, assets, money, funds, or property with respect to which the agency may have any rights or interest;

(7) To covenant as to the purposes to which the proceeds from the sale of any bonds then or thereafter to be issued may be applied, and the pledge of such proceeds to secure the payment of the bonds;

(8) To covenant as to limitations on the issuance of any additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds;

(9) To covenant as to the rank or priority of any bonds with respect to any lien or security;

(10) To covenant as to the procedure by which the terms of any contract with or for the benefit of the holders of bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(11) To covenant as to the custody of any of its properties or investments, the safekeeping thereof, the insurance to be carried thereon, and the use and disposition of insurance proceeds;

(12) To covenant as to the vesting in a trustee or trustees, within or outside the state, of such properties, rights, powers, and duties in trust as the agency may determine;

(13) To covenant as to the appointing and providing for the duties and obligations of a paying agent or paying agents or other fiduciaries within or outside the state;

(14) To make all other covenants and to do any and all such acts and things as may be necessary, convenient, or desirable in order to secure its bonds, or in the absolute discretion of the agency tend to make the bonds more marketable, notwithstanding that such covenants, acts, or things may not be enumerated in this section; and

(15) To execute all instruments necessary or convenient in the exercise of the powers in sections 18-2401 to 18-2485 granted or in the performance of covenants or duties, which instruments may contain such covenants and provisions as any purchaser of bonds may reasonably require.

18-2471 Refunding bonds; authorized; amount.

An agency may issue and sell refunding bonds for the purpose of paying or providing for the payment of any of its bonds at or prior to maturity or upon acceleration or redemption. Refunding bonds may be issued at any time prior to or at the maturity or redemption of the refunded bonds as the agency's board deems appropriate. The refunding bonds may be issued in principal amount not exceeding an amount sufficient to pay or to provide for the payment of (1) the principal of the bonds being refunded, (2) any redemption premium thereon, (3) interest accrued or to accrue to the first or any subsequent redemption date or dates selected by the agency's board in its discretion, or to the date or dates of maturity, whichever shall be determined to be most advantageous or convenient for the agency, (4) the expenses of issuing the refunding bonds, including bond discount, and redeeming the bonds being refunded, and (5) such reserves for debt service or other capital or current expenses from the proceeds of such

refunding bonds as may be deemed necessary or convenient by the board of the issuing agency. A determination by the board that any refinancing is advantageous or necessary to the agency, or that any of the amounts provided in this section should be included in such refinancing, or that any of the bonds to be refinanced should be called for redemption on the first or any subsequent redemption date or permitted to remain outstanding until their respective dates of maturity, shall be conclusive.

Source: Laws 1981, LB 132, § 71.

18-2472 Refunding bonds; exchange for outstanding obligations.

Refunding bonds may be exchanged for and in payment and discharge of any of the outstanding obligations being refunded. The refunding bonds may be exchanged for a like, greater, or smaller principal amount of the bonds being refunded as the issuing agency's board may determine in its discretion. The holder or holders of the bonds being refunded need not pay accrued interest on the refunding bonds if and to the extent that interest is due or accrued and unpaid on the bonds being refunded and to be surrendered.

Source: Laws 1981, LB 132, § 72.

18-2473 Refunding bonds; surplus funds; how used.

To the extent not required for the immediate payment and retirement of the obligations being refunded or for the payment of expenses incurred in connection with such refunding and subject to any agreement with the holders of any outstanding bonds, principal proceeds from the sale of any refunding bonds shall be deposited in trust to provide for the payment and retirement of the bonds being refunded, payment of interest and any redemption premiums, and payment of any expenses incurred in connection with such refunding, but provision may be made for the pledging and disposition of any surplus, including, but not limited to, provision for the pledging of any such surplus to the payment of the principal of and interest on any issue or series of refunding bonds. Money in any such trust fund may be invested in direct obligations of or obligations the principal of and interest on which are guaranteed by the United States Government, or obligations of any agency or instrumentality of the United States Government, or in certificates of deposit issued by a bank, capital stock financial institution, qualifying mutual financial institution, or trust company if such certificates shall be secured by a pledge of any of such obligations having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. Nothing in this section shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refunded but which shall not have matured and which shall not be presently redeemable or, if presently redeemable, shall not have been called for redemption. Section 77-2366 shall apply to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

18-2474 Refunding bonds; provisions governing.

The issue of refunding bonds, the manner of sale, the maturities, interest rates, form, and other details thereof, the security therefor, the rights of the

holders thereof, and the rights, duties, and obligations of the agency in respect of the same shall be governed by the provisions of sections 18-2401 to 18-2485 relating to the issue of bonds other than refunding bonds insofar as the same may be applicable.

Source: Laws 1981, LB 132, § 74.

18-2475 Bonds; provisions of sections; exclusive.

Bonds may be issued under sections 18-2401 to 18-2485 without obtaining the consent of any department, division, commission, board, bureau, or instrumentality of this state, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things which are specifically required therefor by sections 18-2401 to 18-2485, and the validity of and security for any bonds shall not be affected by the existence or nonexistence of any such consent or other proceedings, conditions, or things.

Source: Laws 1981, LB 132, § 75.

18-2476 Resolution or other proceeding; publication.

The board may provide for the publication of any resolution or other proceeding adopted by it pursuant to sections 18-2401 to 18-2485, in a newspaper of general circulation published in the municipality or county where the principal office or place of business of the agency is located, or if no newspaper is so published, then in a newspaper qualified to carry legal notices having general circulation therein.

Source: Laws 1981, LB 132, § 76.

18-2477 Bonds; notice of intention to issue bonds; publication; contents.

In the case of a resolution or other proceeding providing for the issuance of bonds pursuant to sections 18-2401 to 18-2485, the board may, either before or after the adoption of such resolution or other proceeding, in lieu of publishing the entire resolution or other proceeding, publish a notice of intention to issue bonds under sections 18-2401 to 18-2485, titled as such, containing:

(1) The name of the agency;

(2) The purpose of the issue, including a brief description of the project and the name of the municipalities to be serviced by the project;

(3) The principal amount of bonds to be issued;

(4) The maturity date or dates and amount or amounts maturing on such dates;

(5) The maximum rate of interest payable on the bonds; and

(6) The times and place where a copy of the form of the resolution or other proceeding providing for the issuance of the bonds may be examined, which shall be at an office of the agency, identified in the notice, during regular business hours of the agency as described in the notice and for a period of at least thirty days after the publication of the notice.

Source: Laws 1981, LB 132, § 77.

18-2478 Publication; contest board action; limitation.

For a period of thirty days after such publication any person in interest shall have the right to contest the legality of such resolution or proceeding or any

bonds which may be authorized thereby, any provisions made for the security and payment of such bonds, any contract of purchase, sale, or lease, or any contract for the supply of water, power or electricity, energy conservation services or devices, or acquisition of energy sources or fuel, or sewerage or solid waste disposal services, and after such time no one shall have any cause of action to contest the regularity, formality, or legality thereof for any cause whatsoever.

18-2479 Bonds; authorized as investments; made securities.

Bonds issued pursuant to sections 18-2401 to 18-2485 are hereby made securities in which all public officers and instrumentalities of the state and all political subdivisions, all insurance companies, trust companies, banks, savings and loan associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any officer or instrumentality of this state or any political subdivision for any purpose for which the deposit of bonds or obligations of this state or any political subdivision thereof is now or may hereafter be authorized by law.

18-2480 Bonds and property; tax exempt; when.

(1) All bonds of an agency are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempt from all taxes.

(2) The property of an agency, including any pro rata share of any property owned by an agency in conjunction with any other person, is declared to be public property of a governmental subdivision of the state. Such property and the income of an agency shall be exempt from all taxes of the state or any municipality or other political subdivision of the state and shall be exempt from all special assessments of any participating municipality if used for a public purpose.

18-2482 Sections, how construed.

The provisions of sections 18-2401 to 18-2485 shall be deemed to provide an additional, alternative, and complete method for the doing of the things authorized hereby and shall be deemed and construed to be supplemental and

additional to, and not in derogation of, powers conferred upon municipalities, agencies, and others by law. Insofar as the provisions of sections 18-2401 to 18-2485 are inconsistent with the provisions of any general or special law, administrative order, or regulation, the provisions of sections 18-2401 to 18-2485 shall be controlling.

Source: Laws 1981, LB 132, § 82.

18-2483 Bondholders; pledge; agreement of the state.

The State of Nebraska does hereby pledge to and agree with the holders of any bonds and with those parties who may enter into contracts with any agency or municipality under sections 18-2401 to 18-2485 that the state will not alter, impair, or limit the rights thereby vested until the bonds, together with applicable interest, are fully met and discharged and such contracts are fully performed. Nothing contained in sections 18-2401 to 18-2485 shall preclude such alteration, impairment, or limitation if and when adequate provisions shall be made by law for the protection of the holders of the bonds or persons entering into contracts with any agency or municipality. Each agency and municipality is authorized to include this pledge and undertaking for the state in such bonds or contracts.

Section

18-2501 Powers; use; provisions governing.

(1) The powers of initiative and referendum are hereby reserved to the qualified electors of each municipal subdivision in the state. Sections 18-2501 to 18-2537 shall govern the use of initiative to enact, and the use of referendum to amend or repeal measures affecting the governance of all municipal subdivisions in the state, except those operating under home rule charter and as specified in section 18-2537.

(2) Cities operating under home rule charter shall provide, by charter provision or ordinance, for the exercise of the powers of initiative and referendum within the cities. Nothing in sections 18-2501 to 18-2537 shall be construed to prevent such cities from adopting any or all of the provisions of sections 18-2501 to 18-2537.

18-2511 Signature sheet, defined.

Signature sheet shall mean a sheet of paper which is part of a petition and which is signed by persons wishing to support the petition effort.

Source: Laws 1982, LB 807, § 11.

18-2512 Prospective petition; filing; city clerk; duties; revision; procedure; verification; effect.

Before circulating an initiative or referendum petition, the petitioner shall file with the city clerk a prospective petition. The city clerk shall date the prospective petition immediately upon its receipt. The city clerk shall verify that the prospective petition is in proper form and shall provide a ballot title for the initiative or referendum proposal, pursuant to section 18-2513. If the prospective petition is in proper form, the city clerk shall authorize the circulation of the petition and such authorization shall be given within three working days from the date the prospective petition was filed. If the form of the prospective petition is incorrect, the city clerk shall, within three working days from the date the prospective petition was filed, inform the petitioner of necessary changes and request that those changes be made. When the requested changes have been made and the revised prospective petition has been submitted to the city clerk in proper form, the city clerk shall authorize the circulation of the petition and such authorization shall be given within two working days from the receipt of the properly revised petition. Verification by the city clerk that the prospective petition is in proper form does not constitute an admission by the city clerk, governing body, or municipality that the measure is subject to referendum or limited referendum or that the measure may be enacted by initiative.

Source: Laws 1982, LB 807, § 12; Laws 1984, LB 1010, § 5.

18-2513 Ballot title; contents; ballots; form.

(1) The ballot title of any measure to be initiated or referred shall consist of:

(a) A briefly worded caption by which the measure is commonly known or which accurately summarizes the measure;

(b) A briefly worded question which plainly states the purpose of the measure and is phrased so that an affirmative response to the question corresponds to an affirmative vote on the measure; and

(c) A concise and impartial statement, of not more than seventy-five words, of the chief purpose of the measure.

(2) The ballots used when voting on an initiative or referendum proposal shall contain the entire ballot title. Proposals for initiative and referendum shall be submitted on separate ballots and the ballots shall be printed in lowercase ten-point type, except that the caption shall be in boldface type. All initiative and referendum measures shall be submitted in a nonpartisan manner without indicating or suggesting on the ballot that they have or have not been approved or endorsed by any political party or organization.

18-2514 Petitions; form; Secretary of State; duties; copies.

The Secretary of State shall design the form to be used for initiative and referendum petitions. The petitions shall conform to section 32-628. These forms shall be made available to the public by the city clerk, and they shall serve as a guide for individuals preparing prospective petitions. Substantial compliance with initiative and referendum forms is required before authorization to circulate such petition shall be granted by the city clerk pursuant to section 18-2512. Chief petitioners or circulators preparing prospective petitions shall be responsible for making copies of the petition for circulation after authorization for circulation has been granted.

18-2515 Petition; contents; chief petitioners or sponsors; requirements.

(1) Each petition presented for signature must be identical to the petition authorized for circulation by the city clerk pursuant to section 18-2512.

(2) Every petition shall contain the name and place of residence of not more than three persons as chief petitioners or sponsors of the measure. The chief petitioners or sponsors shall be qualified electors of the municipal subdivision potentially affected by the initiative or referendum proposal.

(3) Every petition shall contain the caption and the statement specified in subdivisions (1)(a) and (1)(c) of section 18-2513.

(4) When a special election is being requested, such fact shall be stated on every petition.

18-2516 Signature sheet; requirements.

Every signature sheet shall:

(1) Contain the caption required in subdivision (1)(a) of section 18-2513;

(2) Be part of a complete and authorized petition when presented to potential signatories; and

(3) Comply with the requirements of section 32-628.

18-2518 Petition; filed; signature verification; costs; time limitation.

(1) Signed petitions shall be filed with the city clerk for signature verification. Upon the filing of a petition, a city, upon passage of a resolution by the governing body of such city, and the county clerk or election commissioner of the county in which such city is located may by mutual agreement provide that the county clerk or election commissioner shall ascertain whether the petition is signed by the requisite number of voters. The city shall reimburse the county for any costs incurred by the county clerk or election commissioner. When the verifying official has determined that one hundred percent of the necessary signatures required by sections 18-2501 to 18-2537 have been obtained, he or she shall notify the municipal subdivision's governing body of that fact, and shall immediately forward to the governing body a copy of the petition.

(2) In order for an initiative or referendum proposal to be submitted to the governing body and the voters, the necessary signatures shall be on file with the city clerk within six months from the date the prospective petition was authorized for circulation. If the necessary signatures are not obtained by such date, the petition shall be void.

Source: Laws 1982, LB 807, § 18.

Under section 18-2538, if a municipality does not bring an action for declaratory judgment to determine whether a measure is subject to limited referendum or referendum or whether a measure may be enacted by initiative until after it receives notification pursuant to this section, it shall be required to proceed with the initiative or referendum election. Sydow v. City of Grand Island, 263 Neb. 389, 639 N.W.2d 913 (2002).

18-2519 Measure; resubmission; limitation.

The same measure, either in form or in essential substance, may not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once every two years. No attempt to repeal or alter an existing measure or portion of such measure by referendum petition may be made within two years from the last attempt to do the same. Such prohibition shall apply only when the subsequent attempt to repeal or alter is designed to accomplish the same, or essentially the same purpose as the previous attempt.

18-2520 Measure submitted to voters by municipal subdivision; procedure; approval.

(1) Except as provided in subsection (2) of this section, the executive officer and governing body of a municipal subdivision may at any time, by resolution, provide for the submission to a direct vote of the electors of any measure pending before it, passed by it, including an override of any veto, if necessary, or enacted by the electors under sections 18-2501 to 18-2538 and may provide in such resolution that such measure shall be submitted at a special election or the next regularly scheduled primary or general election. Immediately upon the passage of any such resolution for submission, the city clerk shall cause such measure to be submitted to a direct vote of the electors, at the time specified in such resolution and in the manner provided in sections 18-2501 to 18-2538 for submission of measures upon proposals and petitions filed by voters. Such matter shall become law if approved by a majority of the votes cast.

(2) The executive officer and governing body of a municipal subdivision shall not submit to a direct vote of the electors the question of whether the municipal subdivision should initiate proceedings for the condemnation of a natural gas system.

18-2521 Elections; when held; city clerk; duties; notice; form.

Elections under sections 18-2501 to 18-2538, either at a special election or regularly scheduled primary or general election, shall be called by the city clerk. Any special election to be conducted by the election commissioner or county clerk shall be subject to section 32-405.

The city clerk shall cause notice of every such election to be printed in one or more newspapers of general circulation in such municipal subdivision at least once not less than thirty days prior to such election and also posted in the office of the city clerk and in at least three conspicuous places in such municipal subdivision at least thirty days prior to such election. The notice shall be substantially as follows:

Notice is hereby given that on Tuesday, the ..... day of ..... 20...., at (identify polling place or precinct) of the city (or village) of ....., Nebraska, an election will be held at which there will be submitted to the electors of the municipality for their approval or rejection, the following measures, propositions, or issues:

. . . . . .

. . . . . .

(naming measures, propositions, or issues), which election will be open at 8 a.m. and will continue open until 8 p.m., of the same day.

18-2522 Ballots; preparation; form.

All ballots for use in special elections under sections 18-2501 to 18-2538 shall be prepared by the city clerk and furnished by the governing body, unless the governing body contracts with the county for such service, and shall be in form the same as provided by law for election of the executive officer and governing body of such municipal subdivision. When ordinances under such sections are submitted to the electors at a regularly scheduled primary or general election,

they shall be placed upon the official ballots as provided in sections 18-2501 to 18-2538.

18-2523 Initiative powers; scope.

(1) The power of initiative allows citizens the right to enact measures affecting the governance of each municipal subdivision in the state. An initiative proposal shall not have as its primary or sole purpose the repeal or modification of existing law except if such repeal or modification is ancillary to and necessary for the adoption and effective operation of the initiative measure.

(2) An initiative shall not be effective if the direct or indirect effect of the passage of such initiative measure shall be to repeal or alter an existing law, or portion thereof, which is not subject to referendum or subject only to limited referendum pursuant to section 18-2528.

(3) The power of initiative shall extend to a measure to provide for the condemnation of an investor-owned natural gas system by a municipal subdivision when the condemnation would, if initiated by the governing body of the municipal subdivision, be governed by the provisions of the Municipal Natural Gas System Condemnation Act.

(4) An initiative measure to provide for the condemnation of an investor-owned natural gas system by a municipal subdivision shall be a measure to require the municipal subdivision to initiate and pursue condemnation proceedings subject to the provisions of the Municipal Natural Gas System Condemnation Act.

18-2524 Initiative petition; failure of municipal governing body to pass; effect; regular or special election.

Whenever an initiative petition bearing signatures equal in number to at least fifteen percent of the qualified electors of a municipal subdivision has been filed with the city clerk and verified pursuant to section 18-2518, it shall be the duty of the municipal subdivision's governing body to consider passage of the measure contained in the petition, including an override of any veto, if necessary. If the governing body fails to pass the measure without amendment, including an override of any veto, if necessary, within thirty days from the date it received notification pursuant to section 18-2518, the city clerk shall cause the measure to be submitted to a vote of the people at the next regularly scheduled primary or general election held within the municipal subdivision. If the governing body desires to submit the measure to a vote of the people at a special election prior to the next regularly scheduled primary or general election held within the municipal subdivision, the governing body shall, by resolution, direct the city clerk to cause the measure to be submitted at a special election. Such resolution shall not be subject to referendum or limited referendum.

18-2525 Initiative petition; request for special election; failure of municipal governing body to pass; effect.

Whenever an initiative petition bearing signatures equal in number to at least twenty percent of the qualified electors of a municipal subdivision, which petition requests that a special election be called to submit the initiative measure to a vote of the people, has been filed with the city clerk and verified pursuant to section 18-2518, it shall be the duty of the municipal subdivision's governing body to consider passage of the measure contained in the petition, including an override of any veto, if necessary. If the governing body fails to pass the measure, without amendment, including an override of any veto, if necessary, within thirty days from the date it received notification pursuant to section 18-2518, the city clerk shall cause the measure to be submitted to a vote of the people at a special election called for such purpose. Subject to the provisions of section 18-2521, the date of such election shall not be less than thirty nor more than sixty days from the date the governing body received notification pursuant to section 18-2518.

18-2526 Adopted initiative measure; when effective; amendment or repeal; restrictions.

If a majority of the voters voting on the initiative measure shall vote in favor of such measure, it shall become a valid and binding measure of the municipal subdivision thirty days after certification of the election results, unless the governing body by resolution orders an earlier effective date or the measure itself provides for a later effective date, which resolution shall not be subject to referendum or limited referendum. A measure passed by such method shall not be amended or repealed except by two-thirds majority of the members of the governing body. No such attempt to amend or repeal shall be made within one year from the passage of the measure by the electors.

18-2528 Referendum; measures excluded; measures subject to limited referendum; procedure.

(1) The following measures shall not be subject to referendum or limited referendum:

(a) Measures necessary to carry out contractual obligations, including, but not limited to, those relating to the issuance of or provided for in bonds, notes, warrants, or other evidences of indebtedness, for projects previously approved by a measure which was, or is, subject to referendum or limited referendum or previously approved by a measure adopted prior to July 17, 1982;

(b) Measures relating to any industrial development projects, subsequent to measures giving initial approval to such projects;

(c) Measures adopting proposed budget statements following compliance with procedures set forth in the Nebraska Budget Act;

(d) Measures relating to the immediate preservation of the public peace, health, or safety which have been designated as urgent measures by unanimous vote of those present and voting of the municipal subdivision's governing body and approved by its executive officer;

(e) Measures relating to projects for which notice has been given as provided for in subsection (4) of this section and for which a sufficient referendum petition was not filed within the time limit stated in such notice or which received voter approval after the filing of such petition;

(f) Resolutions directing the city clerk to cause measures to be submitted to a vote of the people at a special election as provided in sections 18-2524 and 18-2529;

(g) Resolutions ordering an earlier effective date for measures enacted by initiative as provided in section 18-2526;

(h) Measures relating to any facility or system adopted or enacted pursuant to the Integrated Solid Waste Management Act by municipalities and which are necessary to carry out contractual obligations provided for in previously issued bonds, notes, warrants, or other evidence of indebtedness;

(i) Measures that amend, supplement, change, modify, or repeal a zoning regulation, restriction, or boundary and are subject to protest as provided in section 14-405 or 19-905;

(j) Measures relating to personnel issues, including, but not limited to, establishment, modification, or elimination of any personnel position, policy, salary, or benefit and any hiring, promotion, demotion, or termination of personnel; and

(k) Measures relating to matters subject to the provisions of the Municipal Natural Gas System Condemnation Act.

(2) The following measures shall be subject to limited referendum:

(a) Measures in furtherance of a policy of the municipal subdivision or relating to projects previously approved by a measure which was subject to referendum or which was enacted by initiative or has been approved by the voters at an election, except that such measures shall not be subject to referendum or limited referendum for a period of one year after any such policy or project was approved at a referendum election, enacted by initiative, or approved by the voters at an election;

(b) Measures relating to the acquisition, construction, installation, improvement, or enlargement, including the financing or refinancing of the costs, of public ways, public property, utility systems, and other capital projects and measures giving initial approval for industrial development projects;

(c) Measures setting utility system rates and charges, except for measures necessary to carry out contractual obligations provided for in previously issued bonds, notes, warrants, or other evidences of indebtedness, and pay rates and salaries for municipal subdivision employees other than the members of the governing body and the executive officer; and

(d) Measures relating to any facility or system adopted or enacted pursuant to the Integrated Solid Waste Management Act by municipalities except for

measures necessary to carry out contractual obligations provided for in previously issued bonds, notes, warrants, or other evidence of indebtedness.

(3) Measures subject to limited referendum shall ordinarily take effect thirty days after their passage by the governing body, including an override of any veto, if necessary. Referendum petitions directed at measures subject to limited referendum shall be filed for signature verification pursuant to section 18-2518 within thirty days after such measure's passage by the governing body, including an override of any veto, if necessary, or after notice is first published pursuant to subdivision (4)(c) of this section. If the necessary number of signatures as provided in section 18-2529 or 18-2530 has been obtained within the time limitation, the effectiveness of the measure shall be suspended unless approved by the voters.

(4) For any measure relating to the acquisition, construction, installation, improvement, or enlargement of public ways, public property, utility systems, or other capital projects or any measure relating to any facility or system adopted or enacted pursuant to the Integrated Solid Waste Management Act, a municipality may exempt all subsequent measures relating to the same project from the referendum and limited referendum procedures provided for in sections 18-2501 to 18-2537 by the following procedure:

(a) By holding a public hearing on the project, the time and place of such hearing being published at least once not less than five days prior to the date set for hearing in a newspaper of general circulation within the governing body's jurisdiction;

(b) By passage of a measure approving the project, including an override of a veto if necessary, at a meeting held on any date subsequent to the date of hearing; and

(c) After passage of such measure, including an override of a veto if necessary, by giving notice as follows: (i) For those projects for which applicable statutes require an ordinance or resolution of necessity, creating a district or otherwise establishing the project, notice shall be given for such project by including either as part of such ordinance or resolution or as part of any publicized notice concerning such ordinance or resolution a statement that the project as described in the ordinance or resolution is subject to limited referendum for a period of thirty days after the first publication of such notice and that, after such thirty-day period, the project and measures related to it will not be subject to any further right of referendum; and (ii) for projects for which applicable statutes do not require an ordinance or resolution of necessity, notice shall be given by publication of a notice concerning such projects stating in general terms the nature of the project and the engineer's estimate of costs of such project and stating that the project described in the notice is subject to limited referendum for a period of thirty days after the first publication of such notice and that, after such thirty-day period, the project and measures related to it will not be subject to any further right of referendum. The notice required by subdivision (c)(ii) of this subsection shall be published in at least one newspaper of general circulation within the municipal subdivision and shall be published not later than fifteen days after passage by the governing body, including an override of a veto, if necessary, of a measure approving the project. The right of a municipal subdivision to hold such a hearing prior to passage of the measure by the governing body and give such notice after passage of such measure by the governing body to obtain exemption for any

particular project in a manner described in this subsection is optional, and no municipal subdivision shall be required to hold such a hearing or give such notice for any particular project.

(5) Nothing in subsections (2) and (4) of this section shall be construed as subjecting to limited referendum any measure related to matters subject to the provisions of the Municipal Natural Gas System Condemnation Act.

(6) All measures, except as provided in subsections (1), (2), and (4) of this section, shall be subject to the referendum procedure at any time after such measure has been passed by the governing body, including an override of a veto, if necessary, or enacted by the voters by initiative.

18-2538 Declaratory judgment; procedure; effect.

The municipality or any chief petitioner may seek a declaratory judgment regarding any questions arising under Chapter 18, article 25, as it may be from time to time amended, including, but not limited to, determining whether a measure is subject to referendum or limited referendum or whether a measure may be enacted by initiative. If a chief petitioner seeks a declaratory judgment, the municipality shall be served as provided in section 25-510.02. If the municipality seeks a declaratory judgment, only the chief petitioner or chief petitioners shall be required to be served. Any action brought for declaratory judgment for purposes of determining whether a measure is subject to limited referendum or referendum, or whether a measure may be enacted by initiative, may be filed in the district court at any time after the filing of a referendum or initiative petition with the city clerk for signature verification until forty days from the date the governing body received notification pursuant to section 18-2518. If the municipality does not bring an action for declaratory judgment to determine whether the measure is subject to limited referendum or referendum, or whether the measure may be enacted by initiative until after it has received notification pursuant to section 18-2518, it shall be required to proceed with the initiative or referendum election in accordance with sections 18-2501 to 18-2537 and this section. If the municipality does file such an action prior to receiving notification pursuant to section 18-2518, it shall not be required to proceed to hold such election until a final decision has been rendered in the action. Any action for a declaratory judgment shall be governed generally by sections 25-21,149 to 25-21,164, as amended from time to time, except that only the municipality and each chief petitioner shall be required to

be made parties. The municipality, city clerk, governing body, or any of the municipality's officers shall be entitled to rely on any order rendered by the court in any such proceeding. Any action brought for declaratory judgment pursuant to this section shall be given priority in scheduling hearings and in disposition as determined by the court. When an action is brought to determine whether the measure is subject to limited referendum or referendum, or whether a measure may be enacted by initiative, a decision shall be rendered by the court no later than five days prior to the election. The provisions of this section relating to declaratory judgments shall not be construed as limiting, but construed as supplemental and additional to other rights and remedies conferred by law.

18-2601 Act, how cited.

Sections 18-2601 to 18-2609 shall be known and may be cited as the Municipal Infrastructure Redevelopment Fund Act.

Source: Laws 1989, LB 683, § 2; Laws 2000, LB 968, § 6.

18-2602 Legislative findings.

The Legislature finds that the municipalities of the state face an urgent need to construct, upgrade, and develop municipal infrastructure facilities. By providing basic public facilities, the municipalities of the state provide the building blocks for economic development. Not only does the investment in infrastructure generate an immediate stream of economic activity, it also lays the groundwork for private investment that will use the facilities so provided. Municipalities in the state currently are in critical need of assistance in providing these facilities.

The Legislature determines that it is in the public interest to establish a Municipal Infrastructure Redevelopment Fund to provide funds to municipalities in the state to use to provide infrastructure facilities and to permit municipalities in the state to issue bonds secured by amounts payable from the Municipal Infrastructure Redevelopment Fund and other sources.

Source: Laws 1989, LB 683, § 3; Laws 2000, LB 968, § 7.

18-2603 Terms, defined.

For purposes of the Municipal Infrastructure Redevelopment Fund Act:

(1) Bond means any evidence of indebtedness, including, but not limited to, bonds, notes including notes issued pending long-term financing arrangements, warrants, debentures, obligations under a loan agreement or a lease-purchase agreement, or any similar instrument or obligation;

(2) Fund means the Municipal Infrastructure Redevelopment Fund;

(3) Infrastructure project means any of the following projects, or any combination thereof, to be owned or operated by a municipality: Solid waste management facilities; wastewater, storm water, and water treatment works and systems, water distribution facilities, and water resources projects, including, but not limited to, pumping stations, transmission lines, and mains and their appurtenances; hazardous waste disposal systems; resource recovery systems; airports; port facilities; buildings and capital equipment used in the operations and activities of municipal government and to provide services to the residents of the municipality; convention and tourism facilities; redevelopment projects as defined in section 18-2103; and mass transit and other transportation systems, including parking facilities and excluding public highways and bridges and municipal roads, streets, and bridges;

(4) Municipal allocation amount means, for each municipality, the amount derived by multiplying the amount to be allocated by the fraction determined by dividing the total population of the municipality by the total population of the state living in municipalities, each as determined by the most recent federal census figures certified by the Tax Commissioner as provided in section 77-3,119; and

(5) Municipality means any city of the primary class.

18-2604 Municipal Infrastructure Redevelopment Fund; created; investment.

There is hereby created in the state treasury a cash fund to be known as the Municipal Infrastructure Redevelopment Fund. The fund shall have a separate account for each municipality in the state. Money shall be deposited into the fund pursuant to section 77-2602.

Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act. Investment earnings on each account shall be credited to that account.

18-2605 State Treasurer; distribute funds.

Five business days prior to each January 1 and July 1, the State Treasurer shall distribute the amounts on deposit in the fund by crediting the municipal allocation amount to each municipality's account and immediately disbursing

such amount to the municipality or, upon notice to the State Treasurer from the municipality, its assignee.

Source: Laws 1989, LB 683, § 6.

18-2606 Funds; use by municipality.

Money received by a municipality or credited to its account from the fund shall be used for one of the following purposes:

(1) To pay for the construction, acquisition, or equipping of infrastructure projects or portions thereof; or

(2) To pay principal, interest, premium, and costs of issuance on bonds issued by the municipality to finance the construction, acquisition, or equipping of infrastructure projects or portions thereof.

Source: Laws 1989, LB 683, § 7; Laws 2000, LB 968, § 9.

18-2607 Municipality; pledge of funds; effect.

Each municipality shall be permitted to pledge the amounts on deposit or to be deposited in its account of the fund, as and when appropriated by the Legislature, to the holders of any bonds issued by the municipality to finance the construction, acquisition, or equipping of infrastructure projects as long as the lien of such pledge does not attach until funds are actually deposited into the municipality's account, and in no event shall such a pledge be construed as an obligation of the Legislature to appropriate such funds. Any such pledge shall be valid and binding from the time when the pledge is made. The money so pledged and thereafter received by the municipality or deposited into its respective account shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the municipality, irrespective of whether the parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

Source: Laws 1989, LB 683, § 8; Laws 2000, LB 968, § 10.

18-2608 Bonds; state; no obligation; statement.

No bonds issued by any municipality which pledges funds to be deposited in its account of the fund shall constitute a debt, liability, or general obligation of this state or a pledge of the faith and credit of this state but shall be payable, to the extent payable from state revenue, solely from amounts credited to the accounts of the fund as provided by the Municipal Infrastructure Redevelopment Fund Act, as and when appropriated by the Legislature. Each bond issued by any municipality which pledges funds to be deposited in its account of the fund shall contain on the face thereof a statement that neither the faith and credit nor the taxing power of this state is pledged to the payment of the principal of or the interest on such bond.

Source: Laws 1989, LB 683, § 9; Laws 2000, LB 968, § 11.

18-2609 Bond issuance; conditions.

Any municipality may by ordinance issue bonds in one or more series for the construction or acquisition of an infrastructure project or any portion thereof and pay the principal of and interest on any such bonds by pledging funds

received from the fund. Such bonds shall have a final maturity not later than August 1, 2009, and the aggregate debt service payments and related expenses with respect to all series of such bonds for any twelve-month period during which such bonds are outstanding shall not exceed the anticipated receipts from the fund by such municipality. For purposes of this section, anticipated receipts means the amount received by the municipality from the fund for the twelve-month period immediately preceding the date of issuance of such bonds.

Any municipality which has or may issue bonds under this section may dedicate a portion of its property tax levy authority as provided in section 77-3442 to meet debt service obligations under the bonds, but only to the extent the receipts from the fund pledged to the payment of such bonds and any other money made available and used for that purpose are insufficient to pay the principal of and interest on such bonds as they mature.

18-2702 Legislative findings.

The Legislature finds that:

(1) There is a high degree of competition among states and municipalities in our nation in their efforts to provide incentives for businesses to expand or to locate in their respective jurisdictions;

(2) Municipalities in Nebraska are hampered in their efforts to effectively compete because of their inability under Nebraska law to respond quickly to opportunities or to raise sufficient capital from local sources to provide incentives for the provision of new services or business location or expansion decisions which are tailored to meet the needs of the local community;

(3) The ability of a municipality to encourage the provision of new services or business location and expansion has a direct impact not only upon the economic well-being of the community and its residents but upon the whole state as well; and

(4) There is a need to provide Nebraska municipalities with the opportunity of providing assistance to business enterprises in their communities, whether for expansion of existing operations, the creation of new businesses, or the provision of new services, by the use of funds raised by local taxation when the voters in the municipality determine that it is in the best interest of their community to do so.

18-2705 Economic development program, defined.

Economic development program shall mean any project or program utilizing funds derived from local sources of revenue for the purpose of providing direct or indirect financial assistance to a qualifying business or the payment of related costs and expenses or both, without regard to whether that business is identified at the time the project or program is initiated or is to be determined by specified means at some time in the future. An economic development program may include, but shall not be limited to, the following activities: Direct loans or grants to qualifying businesses for fixed assets or working capital or both; loan guarantees for qualifying business; grants for public works improvements which are essential to the location or expansion of, or the provision of new services by, a qualifying business; grants or loans for job training; the purchase of real estate, options for such purchases, and the renewal or extension of such options; the issuance of bonds as provided for in the Local Option Municipal Economic Development Act; and payments for salaries and support of city staff to implement the economic development program or the contracting of such to an outside entity. For cities of the first and second class and villages, an economic development program may also include grants or loans for the construction or rehabilitation for sale or lease of housing for persons of low or moderate income. An economic development program may be conducted jointly by two or more cities after the approval of the program by the voters of each participating city.

18-2709 Qualifying business, defined.

Qualifying business shall mean any corporation, partnership, limited liability company, or sole proprietorship which derives its principal source of income from any of the following: The manufacture of articles of commerce; the conduct of research and development; the processing, storage, transport, or sale of goods or commodities which are sold or traded in interstate commerce; the sale of services in interstate commerce; headquarters facilities relating to eligible activities as listed in this section; telecommunications activities, including services providing advanced telecommunications capability; or tourism-related activities. In cities of the first and second class and villages, a business shall also be a qualifying business if it derives its principal source of income from the construction or rehabilitation of housing. In cities with a population of more than two thousand five hundred inhabitants and less than ten thousand inhabitants, a business shall also be a qualifying business if it derives its principal source of income from retail trade, except that no more than forty percent of the total revenue generated pursuant to the Local Option Municipal Economic Development Act for an economic development program in any twelve-month period and no more than twenty percent of the total revenue generated pursuant to the act for an economic development program in any five-year period, commencing from the date of municipal approval of an economic development program, shall be used by the city for or devoted to the use of retail trade businesses. For purposes of this section, retail trade shall mean a business which is principally engaged in the sale of goods or commodities to ultimate consumers for their own use or consumption and not for resale. In cities with a population of two thousand five hundred inhabitants or less, a business shall be a qualifying business even though it derives its principal source of income from activities other than those set out in this section.

If a business which would otherwise be a qualifying business employs people and carries on activities in more than one city in Nebraska or will do so at any time during the first year following its application for participation in an economic development program, it shall be a qualifying business only if, in each such city, it maintains employment for the first two years following the date on which such business begins operations in the city as a participant in its economic development program at a level not less than its average employment in such city over the twelve-month period preceding participation.

A qualifying business need not be located within the territorial boundaries of the city from which it is or will be receiving financial assistance.

18-2710 Economic development program; proposed plan, contents.

The governing body of any city proposing to adopt an economic development program shall prepare a proposed plan for such economic development program. The proposed plan shall include:

(1) A description of the city's general community and economic development strategy;

(2) A statement of purpose describing the city's general intent and proposed goals for the establishment of the economic development program;

(3) A description of the types of businesses and economic activities that will be eligible under the program for the city's assistance;

(4) A statement specifying the total amount of money that is proposed to be directly collected from local sources of revenue by the city to finance the program, whether the city desires the authority to issue bonds pursuant to the Local Option Municipal Economic Development Act to provide funds to carry out the economic development program, the time period within which the funds from local sources of revenue are to be collected, the time period during which the program will be in existence, and a basic preliminary proposed budget for the program;

(5) A description of the manner in which a qualifying business will be required to submit an application for financial assistance, including the type of information that will be required from the business, the process that will be used to verify the information, and the steps that will be taken to insure the privacy and confidentiality of business information provided to the city;

(6) A description of the administrative system that will be established to administer the economic development program, including a description of the personnel structure that will be involved and the duties and responsibilities of those persons involved; and

(7) A description of how the city will assure that all applicable laws, regulations, and requirements are met by the city and the qualifying businesses which receive assistance.

18-2710.01 Economic development program; housing for low-income or moderate-income persons; proposed plan; contents; eligibility criteria.

(1) If the proposed economic development program involves the making of grants or loans for the construction or rehabilitation for sale or lease of housing for persons of low or moderate income, the proposed plan shall specify (a) the income levels which will qualify persons for participation in the housing program and (b) the criteria for determining the adjustments to be made to the income of persons to determine their qualification for participation. For purposes of the Local Option Municipal Economic Development Act, the city shall determine low-income and moderate-income standards for the economic development program by basing such standards upon existing federal government guidelines or standards for qualifying for any federal housing assistance program as such levels may be modified by the consideration of existing local and regional economic conditions and income levels.

(2) In establishing the criteria to be applied in determining appropriate adjustments to the income of persons seeking consideration for participation in the program pursuant to subsection (1) of this section, the city shall consider the following factors:

(a) The amount of income of the person which is available for housing needs;

(b) The size of the family to reside in each housing unit;

(c) The cost and condition of housing available in the city;

(d) Whether the person or any member of the person's family who will be residing in the housing unit is elderly, infirm, or disabled;

(e) The ability of the person to compete successfully in the private housing market and to pay the amounts the private enterprise market requires for safe, sanitary, and uncrowded housing; and

(f) Such other factors as the city determines which are particularly relevant to the conditions facing persons seeking new or rehabilitated housing in the city.

18-2711 Land purchase; creation of loan fund; additional requirements.

(1) If the proposed economic development program involves the purchase of or option to purchase land, the proposed plan shall also specify the manner in which tracts of land will be identified for purchase or option to purchase and whether or not the city proposes to use the proceeds from the future sale of such land for additional land purchases.

(2) If the proposed economic development program involves the creation of a loan fund, the proposed plan shall also specify:

(a) The types of financial assistance that will be available, stating the maximum proportion of financial assistance that will be provided to any single qualifying business and specifying the criteria that will be used to determine the appropriate level of assistance;

(b) The criteria and procedures that will be used to determine the necessity and appropriateness of permitting a qualifying business to participate in the loan fund program;

(c) The criteria for determining the time within which a qualifying business must meet the goals set for it under its participation agreement;

(d) What personnel or other assistance beyond regular city employees will be needed to assist in the administration of the loan fund program and the manner in which they will be paid or reimbursed;

(e) The investment strategies that the city will pursue to promote the growth of the loan fund while assuring its security and liquidity; and

(f) The methods of auditing and verification that will be used by the city to insure that the assistance given is used in an appropriate manner and that the city is protected against fraud or deceit in the conduct or administration of the economic development program.

18-2712 Public hearing; governing body; adopt resolution; filing.

Upon completion of the proposed plan, the governing body of the city shall schedule a public hearing at which such plan shall be presented for public comment and discussion. Following the public hearing, the governing body shall adopt the proposed plan and any amendments by resolution. At the discretion of the governing body, the resolution may include the full text of the proposed plan or it may be incorporated by reference. The resolution shall include a statement of the date at which the economic development program will be presented to the voters of the city for approval pursuant to section

18-2713 and the language of the ballot question as it will appear on the ballot. Following its adoption, a copy of the resolution and the proposed plan shall be filed with the city clerk who shall make it available for public review at city hall during regular business hours.

18-2713 Election; procedures.

Before adopting an economic development program, a city shall submit the question of its adoption to the registered voters at an election. The governing body of the city shall order the submission of the question by filing a certified copy of the resolution proposing the economic development program with the election commissioner or county clerk not later than forty-one days prior to a special election or not later than fifty days prior to a primary or general election. The question on the ballot shall briefly set out the terms, conditions, and goals of the proposed economic development program, including the length of time during which the program will be in existence, the year or years within which the funds from local sources of revenue are to be collected, the source or sources from which the funds are to be collected, the total amount to be collected for the program from local sources of revenue, and whether the city proposes to issue bonds pursuant to the Local Option Municipal Economic Development Act to provide funds to carry out the economic development program. The ballot question shall also specify whether additional funds from other noncity sources will be sought beyond those derived from local sources of revenue. In addition to all other information, if the funds are to be derived from the city's property tax, the ballot question shall state the present annual cost of the economic development program per ten thousand dollars of assessed valuation based upon the most recent valuation of the city certified to the Property Tax Administrator pursuant to section 77-1613.01. The ballot question shall state: ''Shall the city of (name of the city) establish an economic development program as described here by appropriating annually from local sources of revenue $..... for ..... years?''. If the only city revenue source for the proposed economic development program is a local option sales tax that has not yet been approved at an election, the ballot question specifications in this section may be repeated in the sales tax ballot question.

If a majority of those voting on the issue vote in favor of the question, the governing body may implement the proposed economic development program upon the terms set out in the resolution. If a majority of those voting on the economic development program vote in favor of the question when the only city revenue source is a proposed sales tax and a majority of those voting on the local option sales tax vote against the question, the governing body shall not implement the economic development program, and it shall become null and void. If a majority of those voting on the issue vote against the question, the governing body shall not implement the economic development program.

18-2714 Economic development program; established by ordinance; amendment; repeal; procedures.

(1) After approval by the voters of an economic development program, the governing body of the city shall, within forty-five days after such approval,

establish the economic development program by ordinance in conformity with the terms of such program as set out in the original enabling resolution.

(2) After the adoption of the ordinance establishing the economic development program, such ordinance shall only be amended (a) to conform to the provisions of any existing or future state or federal law or (b) after notice, at least one public hearing, and a two-thirds vote of the members of the governing body of the city, when necessary to accomplish the purposes of the original enabling resolution.

(3) The governing body of a city shall not amend the economic development program so as to fundamentally alter its basic structure or goals, either with regard to the qualifying businesses that are eligible to participate, the uses of the funds collected, or the basic terms set out in the original enabling resolution, without submitting the proposed changes to a new vote of the registered voters of the city in the manner provided for in section 18-2713.

(4) The governing body of a city may, at any time after the adoption of the ordinance establishing the economic development program, by a two-thirds vote of the members of the governing body, repeal the ordinance in its entirety and end the economic development program, subject only to the provisions of any existing contracts relating to such program and the rights of any third parties arising from those contracts. Prior to such vote by the governing body, it shall publish notice of its intent to consider the repeal and hold a public hearing on the issue. Any funds in the custody of the city for such economic development program which are not spent or committed at the time of the repeal and any funds to be received in the future from the prior operation of the economic development program shall be placed into the general fund of the city.

18-2715 Citizen advisory review committee; membership; meetings; powers; unauthorized disclosure of information; penalty.

(1) The ordinance establishing the economic development program shall provide for the creation of a citizen advisory review committee. The committee shall consist of not less than five or more than ten registered voters of the city who shall be appointed to the committee by the mayor or chairperson subject to approval by the governing body of the city. At least one member of the committee shall have expertise or experience in the field of business finance or accounting. The ordinance shall designate an appropriate city official or employee with responsibility for the administration of the economic development program to serve as an ex officio member of the committee with responsibility for assisting the committee and providing it with necessary information and advice on the economic development program.

(2) No member of the citizen advisory review committee shall be an elected or appointed city official, an employee of the city, a participant in a decision-making position regarding expenditures of program funds, or an official or employee of any qualifying business receiving financial assistance under the economic development program or of any financial institution participating directly in the economic development program.

(3) The ordinance shall provide for regular meetings of the citizen advisory review committee to review the functioning and progress of the economic development program and to advise the governing body of the city with regard

to the program. At least once in every six-month period after the effective date of the ordinance, the committee shall report to the governing body on its findings and suggestions at a public hearing called for that purpose.

(4) Members of the citizen advisory review committee, in their capacity as members and consistent with their responsibilities as members, may be permitted access to business information received by the city in the course of its administration of the economic development program, which information would otherwise be confidential (a) under section 84-712.05, (b) by agreement with a qualifying business participating in the economic development program, or (c) under any ordinance of the city providing access to such records to members of the committee and guaranteeing the confidentiality of business information received by reason of its administration of the economic development program. Such ordinance may provide that unauthorized disclosure of any business information which is confidential under section 84-712.05 shall be a Class III misdemeanor.

18-2717 Appropriations; restrictions.

(1) No city shall appropriate from funds derived directly from local sources of revenue for all approved economic development programs, in each year during which such programs are in existence, an amount in excess of four-tenths of one percent of the taxable valuation of the city in the year in which the funds are collected.

(2) Notwithstanding the provisions of subsections (1) and (3) of this section, no city of the metropolitan or primary class shall appropriate from funds derived directly from local sources of revenue more than three million dollars for all approved economic development programs in any one year, no city of the first class shall appropriate from funds derived directly from local sources of revenue more than two million dollars for all approved economic development programs in any one year, and no city of the second class or village shall appropriate from funds derived directly from local sources of revenue more than one million dollars for all approved economic development programs in any one year.

(3) Notwithstanding the provisions of subsections (1) and (2) of this section, no city shall appropriate from funds derived directly from local sources of revenue an amount for an economic development program in excess of the total amount approved by the voters at the election or elections in which the economic development program was submitted or amended.

(4) The restrictions on the appropriation of funds from local sources of revenue as set out in subsections (1) through (3) of this section shall apply only to the appropriation of funds derived directly from local sources of revenue. Sales tax collections in excess of the amount which may be appropriated as a

result of the restrictions set out in such subsections shall be deposited in the city's economic development fund and invested as provided for in section 18-2718. Any funds in the city's economic development fund not otherwise restricted from appropriation by reason of the city's ordinance governing the economic development program or this section may be appropriated and spent for the purposes of the economic development program in any amount and at any time at the discretion of the governing body of the city subject only to section 18-2716.

(5) The restrictions on the appropriation of funds from local sources of revenue shall not apply to the reappropriation of funds which were appropriated but not expended during previous fiscal years.

18-2718 Economic development fund; required; use; investment; termination of program; effect; continuation of program; election.

(1) Any city conducting an economic development program shall establish a separate economic development fund. All funds derived from local sources of revenue for the economic development program, any earnings from the investment of such funds including, but not limited to, interest earnings, loan payments, and any proceeds from the sale or rental by the city of assets purchased by the city under its economic development program shall be deposited into the economic development fund. Any proceeds from the issuance and sale of bonds pursuant to the Local Option Municipal Economic Development Act to provide funds to carry out the economic development program, except as provided in section 18-2732, shall be deposited into the economic development fund. Except as provided in this section, subsection (4) of section 18-2714, and subsection (7) of section 18-2722, no money in the economic development fund shall be deposited in the general fund of the city. The city shall not transfer or remove funds from the economic development fund other than for the purposes prescribed in the Local Option Municipal Economic Development Act, and the money in the economic development fund shall not be commingled with any other city funds.

(2) Any money in the economic development fund not currently required or committed for purposes of the economic development program shall be invested as provided for in section 77-2341.

(3) In the event that the city's economic development program is terminated as provided in subsection (4) of section 18-2714 or subsection (7) of section 18-2722, the balance of money in the economic development fund not otherwise committed by contract under the program shall be deposited in the general fund of the city. Any funds received by the city by reason of the economic development program after the termination of such program shall be transferred from the economic development fund to the general fund of the city as such funds are received. The economic development fund shall not be terminated until such time as all projects and contracts related to the program have been finally completed and all funds related to them fully accounted for, with no further city action required, and after the completion of a final audit pursuant to section 18-2721.

(4) When the economic development program is terminated, the governing body of the city shall by resolution certify the amount of money to be trans-

ferred from the economic development fund to the general fund of the city and the amount that is anticipated will be received by the city between such time and the final audit of the economic development fund. The sum of those two amounts shall be divided by the number of years in which funds for the economic development program were collected from local sources of revenue. The resulting figure shall constitute the amount to be applied against the budgeted expenditures of the city during each succeeding year until all funds from the economic development program have been expended. The installments shall be used to reduce the property tax levy of the city by that amount in each year in which they are expended.

(5) If, after five full budget years following initiation of the approved economic development program, less than fifty percent of the money collected from local sources of revenue is spent or committed by contract for the economic development program, the governing body of the city shall place the question of the continuation of the city's economic development program on the ballot at the next regular election.

18-2719 Loan fund program; qualifying business; documentation required.

At the time when a qualifying business makes application to a city to participate in a loan fund program, the qualifying business shall provide to the city appropriate documentation evidencing its negotiations with one or more primary lenders and the terms upon which it has received or will receive the portion of the total financing for its activities which will not be provided by the city.

Source: Laws 1991, LB 840, § 20.

18-2720 Loan fund program; loan servicing requirements.

(1) If the economic development program involves the establishment of a loan fund, the governing body of the city shall designate an appropriate individual to assume primary responsibility for loan servicing and shall provide such other assistance or additional personnel as may be required. The individual may be an employee of the city, or the city may contract with an appropriate business or financial institution for loan servicing functions. The governing body of the city shall be provided with an account of the status of each loan outstanding, program income, and current investments of unexpended funds on a monthly basis. Program income shall mean payments of principal and interest on loans made from the loan fund and the interest earned on these funds.

(2) The individual responsible for loan servicing shall establish a separate account in a financial institution for each loan made from the loan fund. Records kept on such accounts and reports made to the governing body of the city shall include, but not be limited to, the following information: (a) The name of the borrower; (b) the purpose of the loan; (c) the date the loan was made; (d) the amount of the loan; (e) the basic terms of the loan, including the interest rate, the maturity date, and the frequency of payments; and (f) the payments made to date and the current balance due.

(3) The individual responsible for loan servicing shall monitor the status of each loan and, with the cooperation of the governing body of the city and the primary lender or lenders, take appropriate action when a loan becomes

delinquent. The governing body shall establish standards for the determination of loan delinquency, when a loan shall be declared to be in default, and what action shall be taken to deal with the default to protect the interests of the qualifying business, third parties, and the city. The governing body shall establish a process to provide for consultation, agreement, and joint action between the city and the primary lender or lenders in pursuing appropriate remedies following the default of a qualifying business in order to collect amounts owed under the loan.

18-2721 Audit.

The city shall provide for an annual, outside, independent audit of its economic development program by a qualified private auditing business. The auditing business shall not, at the time of the audit or for any period during the term subject to the audit, have any contractual or business relationship with any qualifying business receiving funds or assistance under the economic development program or any financial institution directly involved with a qualifying business receiving funds or assistance under the economic development program. The results of such audit shall be filed with the city clerk and made available for public review during normal business hours.

18-2722 Continuation of program; election; procedure.

(1) The registered voters of any city that has established an economic development program shall, at any time after one year following the original vote on the program, have the right to vote on the continuation of the economic development program. The question shall be submitted to the voters whenever petitions calling for its submission, signed by registered voters of the city in number equal to at least twenty percent of the number of persons voting in the city at the last preceding general election, are presented to the governing body of the city.

(2) Upon the receipt of the petitions, the governing body of the city shall submit the question at a special election to be held not less than thirty days nor more than forty-five days after receipt of the petitions, except that if any other election is to be held in such city within ninety days of the receipt of the petitions, the governing body may provide for holding the election on the same date.

(3) Notwithstanding the provisions of subsection (2) of this section, if two-thirds of the members of the governing body of the city vote to repeal the ordinance establishing the economic development program within fifteen days of the receipt of the petitions for an election, the economic development program shall end and the election shall not be held.

(4) The governing body shall give notice of the submission of the question of whether to continue the economic development program not more than twenty days nor less than ten days prior to the election by publication one time in one or more newspapers published in or having a general circulation in the city in which the question is to be submitted. Such notice shall be in addition to any other notice required by the election laws of the state.

(5) The question on the ballot shall generally set out the basic terms and provisions of the economic development program as required for the initial submission, except that the question shall be: ''Shall the city of (name of the city) continue its economic development program?''.

(6) A majority of the registered voters voting on the question at the election shall determine the question. The final vote shall be binding on the city, and the governing body of the city shall act within sixty days of the certification of the vote by the county clerk or the election commissioner to repeal the ordinance establishing the economic development program if a majority of the voters voting on the question vote to discontinue the program.

(7) The repeal of the ordinance and the discontinuation of the economic development program shall be subject only to the provisions of any contracts related to the economic development program and the rights of any third parties arising from those contracts existing on the date of the election. Any funds collected by the city under the economic development program and unexpended for that program on the date of its repeal and any funds received by the city on account of the operation of the economic development program thereafter shall be deposited in the general fund of the city.

18-2724 Issuance of bonds; purpose; not general obligation of city.

Any city which has received voter approval to conduct an economic development program pursuant to the Local Option Municipal Economic Development Act, which program as presented to the voters included the authority to issue bonds pursuant to the act, may from time to time issue bonds as provided in sections 18-2724 to 18-2736. Such bonds shall be in such principal amounts as the city's governing body deems necessary to provide sufficient funds to carry out any of the purposes of and powers granted pursuant to the economic development program, including the establishment or increase of reserves and the payment of all other costs or expenses of the city incident to and necessary or convenient to carry out the economic development program. Principal and interest on the bonds shall be payable from one or more sources which are to be deposited in the economic development fund pursuant to section 18-2718. The bonds shall not be a general obligation of the city or a pledge of its credit or taxing power except to the extent of the obligation of the city to contribute funds to the economic development program pursuant to the act.

18-2725 Issuance of bonds; immunity.

The members of a city's governing body and any person executing bonds under section 18-2724 shall not be liable personally on such bonds by reason of the issuance thereof.

Source: Laws 1993, LB 732, § 2.

18-2726 Issuance of bonds; authorization; form.

Bonds issued under section 18-2724 shall be authorized by resolution of the issuing city's governing body, may be issued under a resolution or under a trust indenture or other security instrument in one or more series, and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment and at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, trust indenture, or other security instrument may provide and without limitation by any other law limiting amounts, maturities, or interest rates. Any officer authorized or designated to sign, countersign, execute, or attest any bond or any coupon may utilize a facsimile signature in lieu of his or her manual signature.

Source: Laws 1993, LB 732, § 3.

18-2727 Bonds; negotiability; sale.

(1) Except as the issuing city's governing body may otherwise provide, any bond and any attached interest coupons shall be fully negotiable within the meaning of and for all purposes of article 8, Uniform Commercial Code.

(2) The bonds may be sold at public or private sale as provided by the city's governing body and at such price or prices as determined by such governing body.

Source: Laws 1993, LB 732, § 4.

18-2728 Bonds; officers' signatures; validity.

If any of the officers whose signatures appear on any bonds or coupons issued under section 18-2724 cease to be such officers before the delivery of such obligations, such signatures shall nevertheless be valid and sufficient for all purposes to the same extent as if such officers had remained in office until such delivery.

18-2729 Issuance of bonds; city covenants and powers.

Any city may in connection with the issuance of its bonds under section 18-2724:

(1) Covenant as to the use of any or all of the property, real or personal, acquired pursuant to its economic development program;

(2) Redeem the bonds, covenant for their redemption, and provide the terms and conditions of redemption;

(3) Covenant to charge or seek necessary approval to charge rates, fees, and charges sufficient to meet operating and maintenance expenses of the agency, costs of renewals and replacements to a project, interest and principal pay-

ments, whether at maturity or upon sinking-fund redemption, on any outstanding bonds or other indebtedness of the city, and creation and maintenance of any reasonable reserves therefor and to provide for any margins or coverages over and above debt service on the bonds deemed desirable for the marketability or security of the bonds;

(4) Covenant and prescribe as to events of default and terms and conditions upon which any or all of its bonds shall become or may be declared due before maturity, as to the terms and conditions upon which such declaration and its consequences may be waived, and as to the consequences of default and the remedies of bondholders;

(5) Covenant as to the mortgage or pledge of or the grant of any other security interest in any real or personal property and all or any part of the revenue from any property, contract, or other source within the city's economic development program to secure the payment of bonds, subject to such agreements with the holders of outstanding bonds as may then exist;

(6) Covenant as to the custody, collection, securing, investment, and payment of any revenue, assets, money, funds, or property with respect to which the city may have any rights or interest pursuant to the economic development program;

(7) Covenant as to the purposes to which the proceeds from the sale of any bonds may be applied and the pledge of such proceeds to secure the payment of the bonds;

(8) Covenant as to limitations on the issuance of any additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds;

(9) Covenant as to the rank or priority of any bonds with respect to any lien or security;

(10) Covenant as to the procedure by which the terms of any contract with or for the benefit of the bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(11) Covenant as to the custody, safekeeping, and insurance of any of the properties or investments of the city and the use and disposition of insurance proceeds;

(12) Covenant as to the vesting in a trustee or trustees, within or outside the state, of such properties, rights, powers, and duties in trust as the city may determine;

(13) Covenant as to the appointing and providing for the duties and obligations of a paying agent or paying agents or other fiduciaries within or outside the state;

(14) Make all other covenants and do any and all such acts and things as may be necessary, convenient, or desirable in order to secure its bonds or, in the absolute discretion of the city, tend to make the bonds more marketable, notwithstanding that such covenants, acts, or things may not be enumerated in this section; and

(15) Execute all instruments necessary or convenient in the exercise of the economic development program granted or in the performance of covenants or

duties, which instruments may contain such covenants and provisions as any purchaser of bonds may reasonably require.

18-2730 Refunding bonds; issuance authorized.

Any city may issue and sell refunding bonds for the purpose of paying or providing for the payment of any of its bonds issued under section 18-2724 at or prior to maturity or upon acceleration or redemption. Refunding bonds may be issued at any time prior to or at the maturity or redemption of the refunded bonds as the city's governing body deems appropriate. The refunding bonds may be issued in principal amount not exceeding an amount sufficient to pay or to provide for the payment of (1) the principal of the bonds being refunded, (2) any redemption premium thereon, (3) interest accrued or to accrue to the first or any subsequent redemption date or dates selected by the city's governing body in its discretion or to the date or dates of maturity, whichever is determined to be most advantageous or convenient for the city, (4) the expenses of issuing the refunding bonds, including bond discount, and redeeming the bonds being refunded, and (5) such reserves for debt service or other capital or current expenses from the proceeds of such refunding bonds as may be deemed necessary or convenient by the governing body of the issuing city. A determination by the governing body that any refinancing is advantageous or necessary, that any of the amounts provided in this section should be included in such refinancing, or that any of the bonds to be refinanced should be called for redemption on the first or any subsequent redemption date or permitted to remain outstanding until their respective dates of maturity shall be conclusive.

18-2731 Refunding bonds; use; holder of bonds; payment of interest.

Refunding bonds issued under section 18-2730 may be exchanged for and in payment and discharge of any of the outstanding obligations being refunded. The refunding bonds may be exchanged for a like, greater, or smaller principal amount of the bonds being refunded as the issuing city's governing body may determine in its discretion. The holder or holders of the bonds being refunded need not pay accrued interest on the refunding bonds if and to the extent that interest is due or accrued and unpaid on the bonds being refunded and to be surrendered.

Source: Laws 1993, LB 732, § 8.

18-2732 Refunding bonds; deposit of proceeds in trust; investments authorized; section, how construed.

To the extent not required for the immediate payment and retirement of the obligations being refunded or for the payment of expenses incurred in connection with such refunding and subject to any agreement with the holders of any outstanding bonds, principal proceeds from the sale of any refunding bonds under section 18-2730 shall be deposited in trust to provide for the payment and retirement of the bonds being refunded, payment of interest and any redemption premiums, and payment of any expenses incurred in connection with such refunding, but provision may be made for the pledging and disposition of any surplus, including, but not limited to, provision for the pledging of any such surplus to the payment of the principal of and interest on any issue or

series of refunding bonds. Money in any such trust fund may be invested in direct obligations of or obligations the principal of and interest on which are guaranteed by the United States Government, in obligations of any agency or instrumentality of the United States Government, or in certificates of deposit issued by a bank, capital stock financial institution, qualifying mutual financial institution, or trust company if such certificates are secured by a pledge of any of such obligations having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. Nothing in this section shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refunded but which have not matured and which are not presently redeemable or, if presently redeemable, have not been called for redemption. Section 77-2366 shall apply to deposits in capital stock financial institutions. Section 77-2365.01 shall apply to deposits in qualifying mutual financial institutions.

18-2733 Refunding bonds; general provisions applicable.

The issue of refunding bonds, the manner of sale, the maturities, interest rates, form, and other details thereof, the security therefor, the rights of the holders thereof, and the rights, duties, and obligations of the city in respect of the same shall be governed by the provisions of sections 18-2724 to 18-2736 relating to the issue of bonds other than refunding bonds insofar as the same may be applicable.

Source: Laws 1993, LB 732, § 10.

18-2734 Issuance of bonds; consent or other conditions not required.

Bonds may be issued under sections 18-2724 to 18-2736 without obtaining the consent of any department, division, commission, board, bureau, or instrumentality of this state and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions, or things which are specifically required therefor by such sections, and the validity of and security for any bonds shall not be affected by the existence or nonexistence of any such consent or other proceedings, conditions, or things.

Source: Laws 1993, LB 732, § 11.

18-2735 Bonds; securities; investment authorized.

Bonds issued pursuant to sections 18-2724 to 18-2736 shall be securities in which all public officers and instrumentalities of the state and all political subdivisions, insurance companies, trust companies, banks, savings and loan associations, investment companies, executors, administrators, personal representatives, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds shall be securities which may properly and legally be deposited with and received by any officer or instrumentality of this state or any political subdivision for any purpose for which the deposit of bonds or obligations of this state or any political subdivision thereof is now or may hereafter be authorized by law.

18-2737 Economic development program approved prior to June 1, 1993; bond issuance; authorized; procedure.

(1) Any city which has received voter approval to conduct an economic development program pursuant to the Local Option Municipal Economic Development Act prior to June 1, 1993, may, subject to subsection (2) of this section, issue bonds as provided by the act even though the proposed plan prepared pursuant to section 18-2710 did not contemplate or provide for the issuance of bonds and the question on the ballot approved by the voters did not set out that the city proposed to issue bonds to provide funds to carry out the economic development program.

(2) The governing body of any city proposing to issue bonds pursuant to the authority granted by subsection (1) of this section shall adopt a resolution expressing the intent of the city to issue bonds from time to time pursuant to the act to provide funds to carry out the economic development program. Such resolution shall set a date for a public hearing on the issue of exercising such authority, and notice of such hearing shall be published in a newspaper of general circulation in the city at least seven days prior to the date of such hearing. Following such hearing, the governing body of the city shall amend or incorporate into the ordinance adopted pursuant to section 18-2714 a provision authorizing the governing body to exercise, in the manner set forth in the act, the authority granted by the act to issue bonds to provide funds to carry out the economic development program.

(3) Any city desiring to exercise the authority granted by this section which complies with the provisions of subsection (2) of this section may exercise the authority to issue bonds as provided in the act.

18-2738 Act; supplemental powers; how construed.

The powers conferred by the Local Option Municipal Economic Development Act shall be in addition and supplemental to the powers conferred by any other law and shall be independent of and in addition to any other provisions of the law of Nebraska, including the Community Development Law. The act and all grants of power, authority, rights, or discretion to a city under the act shall be liberally construed, and all incidental powers necessary to carry the act into effect are hereby expressly granted to and conferred upon a city.

ARTICLE 28
MUNICIPAL PROPRIETARY FUNCTIONS

Section

18-2801 Act, how cited.

Sections 18-2801 to 18-2808 shall be known and may be cited as the Municipal Proprietary Function Act.

Source: Laws 1993, LB 734, § 1.

18-2802 Purpose of act.

The purpose of the Municipal Proprietary Function Act is to require municipal governing bodies of cities of all classes and villages to follow prescribed procedures and make available to the public pertinent financial information with regard to functions of municipal government which generate revenue and expend funds based largely on customer demand.

Source: Laws 1993, LB 734, § 2.

18-2803 Terms, defined.

For purposes of the Municipal Proprietary Function Act:

(1) Fiscal year shall mean the twelve-month period established by each governing body for each proprietary function of municipal government for determining and carrying on its financial affairs for each proprietary function;

(2) Governing body shall mean the city council in the case of a city of any class and the board of trustees in the case of a village and shall include any city with a home rule charter;

(3) Municipal budget statement shall mean a budget statement adopted by a governing body for nonproprietary functions of the municipality under the Nebraska Budget Act;

(4) Proprietary budget statement shall mean a budget adopted by a governing body for each proprietary function pursuant to the Municipal Proprietary Function Act; and

(5) Proprietary function shall mean a water supply or distribution utility, a wastewater collection or treatment utility, an electric generation, transmission, or distribution utility, a gas supply, transmission, or distribution utility, an integrated solid waste management collection, disposal, or handling utility, or a hospital or a nursing home owned by a municipality.

Source: Laws 1993, LB 734, § 3.

Cross References

Nebraska Budget Act, see section 13-501.

18-2804 Fiscal year established.

Each governing body may establish a separate fiscal year for each proprietary function, except that any proprietary function which is subsidized by appropriations from the municipality's general fund shall have the same fiscal year as the municipality. For purposes of this section, subsidization shall mean that the costs of operation of a proprietary function are regularly financed by appropriations from the municipality's general fund in excess of the amount paid by the municipality to the proprietary function for actual service or services received.

Source: Laws 1993, LB 734, § 4.

18-2805 Proposed proprietary budget statement; contents; filing.

(1) At least thirty days prior to the start of the fiscal year of each proprietary function, a proposed proprietary budget statement shall be prepared in writing and filed with the municipal clerk containing the following information:

(a) For the immediately preceding fiscal year, the revenue from all sources, the unencumbered cash balance at the beginning and end of the year, the amount received by taxation, and the amount of actual expenditure;

(b) For the current fiscal year, actual and estimated revenue from all sources separately stated as to each such source, the actual unencumbered cash balance available at the beginning of the year, the amount received from taxation, and the amount of actual and estimated expenditure, whichever is applicable;

(c) For the immediately ensuing fiscal year, an estimate of revenue from all sources separately stated as to each such source, the actual or estimated unencumbered cash balance, whichever is applicable, to be available at the beginning of the year, the amounts proposed to be expended during the fiscal year, and the amount of cash reserve based on actual experience of prior years; and

(d) A uniform summary of the proposed budget statement which shall include a total of all funds maintained for the proprietary function.

(2) Such statement shall contain the estimated cash reserve for each fiscal year and shall note whether or not such reserve is encumbered. The cash reserve projections shall be based upon the actual experience of prior years.

(3) Each proprietary budget statement shall be filed on forms prescribed and furnished by the Auditor of Public Accounts following consultation with representatives of such governing bodies as operate proprietary functions subject to the provisions of the Municipal Proprietary Function Act.

18-2806 Proposed proprietary budget statement; hearing; procedure; adopted statement; filing.

(1) After a proposed proprietary budget statement is filed with the municipal clerk, the governing body shall conduct a public hearing on such statement. Notice of the time and place of the hearing, a summary of the proposed proprietary budget statement, and notice that the full proposed proprietary budget statement is available for public review with the municipal clerk during

normal business hours shall be published one time at least five days prior to the hearing in a newspaper of general circulation within the governing body's jurisdiction or by mailing to each resident within the governing body's jurisdiction.

(2) After such hearing, the proposed proprietary budget statement shall be adopted or amended and adopted as amended, and a written record shall be kept of such hearing. If the adopted proprietary budget statement reflects a change from the proposed proprietary budget statement presented at the hearing, a copy of the adopted proprietary budget statement shall be filed with the municipal clerk within twenty days after its adoption and published in a newspaper of general circulation within the governing body's jurisdiction or by mailing to each resident within the governing body's jurisdiction.

Source: Laws 1993, LB 734, § 6.

18-2807 Proprietary function reconciliation statement; when adopted; filing; public hearing; when.

If the actual expenditures for a proprietary function exceed the estimated expenditures in the proprietary budget statement during its fiscal year, the governing body shall adopt a proprietary function reconciliation statement within ninety days after the end of such fiscal year which reflects any difference between the adopted proprietary budget statement for the previous fiscal year and the actual expenditures and revenue for such fiscal year. After adoption of a proprietary function reconciliation statement, it shall be filed with the municipal clerk and published in a newspaper of general circulation within the governing body's jurisdiction or by mailing to each resident within the governing body's jurisdiction. If the difference between the adopted proprietary budget for the previous fiscal year and the actual expenditures and revenue for such fiscal year is greater than ten percent, the proprietary function reconciliation statement shall only be adopted following a public hearing.

Source: Laws 1993, LB 734, § 7.

18-2808 Act; exemption; accounting of income.

If the budget of a proprietary function is included in the municipal budget statement created pursuant to the Nebraska Budget Act, the Municipal Proprietary Function Act need not be followed for that proprietary function. Any income from a proprietary function which is transferred to the general fund of the municipality shall be shown as a source of revenue in the municipal budget statement created pursuant to the Nebraska Budget Act.

MUNICIPAL DEVELOPMENT FUNDS
(Applicable to cities of the metropolitan or primary class.)

Section
19-101. Legislative intent.
19-102. City of the Primary Class Development Fund; created; use; investment.
19-103. City of the Metropolitan Class Development Fund; created; use; investment.
19-104. Bonds authorized; requirements.

19-101 Legislative intent.

The Legislature recognizes that the more populous cities of the state serve medical, educational, recreational, transportation, and retail needs of the entire state and that infrastructure costs and needs are great. The governing bodies of such cities have a duty to identify projects which benefit from development funds made available by the Legislature. The creation of the City of the Primary

Class Development Fund under section 19-102 and the City of the Metropolitan Class Development Fund under section 19-103 shall be used to meet such needs.

Source: Laws 2001, LB 657, § 1.

19-102 City of the Primary Class Development Fund; created; use; investment.

There is hereby created the City of the Primary Class Development Fund. Amounts credited to the fund pursuant to section 77-2602 shall, upon appropriation by the Legislature, be first expended to support the design and development of the Antelope Valley project and financing costs related thereto for the Antelope Valley Study as outlined in the Environmental Impact Statement and Comprehensive Plan Amendment 94-60 to the 1994 Lincoln/Lancaster County Comprehensive Plan. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

No distribution from the fund shall be made unless the city of the primary class provides matching funds equal to the ratio of one dollar for each three dollars of the state distribution. Funds derived from any state source may not be utilized as matching funds for purposes of this section.

19-103 City of the Metropolitan Class Development Fund; created; use; investment.

There is hereby created the City of the Metropolitan Class Development Fund. Amounts credited to the fund pursuant to section 77-2602 shall, upon appropriation by the Legislature, be first expended to support the design and development of the redevelopment projects within the riverfront redevelopment plan designated for the area along the Missouri River generally north of Interstate 480 to Interstate 680 by the city of Omaha, except that each fiscal year there shall be no distribution from the fund until the finance director of the city certifies that other funds have been encumbered for that calendar year by the city to pay the cost of the combined sewer separation program project east of Seventy-second Street in the city of Omaha. Such certification shall be required only until such sewer separation project is completed or until no cigarette tax money is available to the fund. The amount certified shall be at least seven million dollars each calendar year until 2007 and at least four million dollars each calendar year thereafter. The sewer separation project has such a significant impact on the health and welfare of such a large percentage of the population and on public health in general that the project is a matter of statewide concern. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

No distribution from the fund shall be made unless the city of the metropolitan class provides matching funds equal to the ratio of one dollar for each three

dollars of the state distribution. Funds derived from any state source may not be utilized as matching funds for purposes of this section.

19-104 Bonds authorized; requirements.

(1) Cities of the primary class and cities of the metropolitan class may by ordinance issue their bonds and refunding bonds to finance and refinance the acquisition, construction, improving, and equipping of the projects authorized by sections 19-101 to 19-103 and provide for the payment of the same as specified in this section. Bonds, except refunding bonds, authorized by this section may only be issued once, and such issuance must occur within two years after July 1, 2001. An issuer shall be permitted to pledge the amounts on deposit or to be deposited in the City of the Primary Class Development Fund or the City of the Metropolitan Class Development Fund, as applicable, as and when appropriated by the Legislature, to the registered owners of any bonds issued to finance the acquisition, construction, improving, or equipping of projects as approved in sections 19-101 to 19-103 as long as the lien of such pledge does not attach until funds are actually deposited into the issuer's respective fund, and in no event shall such a pledge be construed as an obligation of the Legislature to appropriate such funds. Any such pledge shall be valid and binding from the time when the pledge is made. The money so pledged and thereafter received by the issuer or deposited into its respective fund shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the issuer, irrespective of whether the parties have notice thereof. Neither the ordinance nor any other instrument by which a pledge is created need be recorded.

(2) Such bonds may be sold by the issuer in such manner and for such price as the mayor and city council determine, at a discount, at par, or at a premium, at private negotiated sale or at public sale. The bonds shall have a stated maturity of fifteen years or less and shall bear interest at such rate or rates and otherwise be issued by ordinance adopted by the mayor and city council with such other terms and provisions as are established, permitted, or authorized by applicable state laws, notwithstanding any provisions of a home rule charter. In addition to the pledge of the amounts on deposit or to be deposited in the City of the Primary Class Development Fund or the City of the Metropolitan Class Development Fund, as the case may be and as appropriate, permitted by subsection (1) of this section, such bonds may also be secured as to payment in whole or in part by a pledge, as shall be determined by the issuer, (a) from the income, proceeds, and revenue, if any, of the facilities financed with proceeds of such bonds, and (b) from its revenue and income, including its sales, use, or occupation tax revenue, fees, or receipts, as may be determined by the issuer. The issuer may further secure such bonds by a mortgage or deed of trust encumbering all or any portion of the facilities financed with the proceeds of such bonds and by a bond insurance policy or other credit support facility. No general obligation bonds, except refunding bonds, shall be issued until authorized by a majority of the issuer's electors voting on the question as to the

issuance of the bonds at a statewide regular primary election or at a special election duly called for such purpose.

(3) The face of all such bonds shall plainly state that the bonds and the interest thereon shall not constitute nor give rise to an indebtedness, obligation, or pecuniary liability of the state nor a charge against the general credit, revenue, or taxing power of the state. Bonds issued in accordance with the provisions of this section are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempt from all state income taxes.

(4) For purposes of this section, general obligation bond means any bond or refunding bond which is payable from the proceeds of an ad valorem tax.

COMMISSION FORM OF GOVERNMENT
(Applicable to cities of 2,000 population or over.)

Section

Section
19-433. Commission plan; discontinuance; petition; election; procedure.
19-434. Repealed. Laws 1986, LB 734, § 2.

19-401 Commission plan; population requirement.

Any city in this state having not less than two thousand inhabitants according to the last official state or national census, or according to the last census taken and promulgated in such city by the authority of the mayor and city council of any such city, may adopt the provisions of sections 19-401 to 19-433 and be governed thereunder by proceeding as hereinafter provided.

Source: Laws 1911, c. 24, § 1, p. 150; R.S.1913, § 5288; Laws 1919, c. 35, § 1, p. 113; C.S.1922, § 4511; Laws 1923, c. 141, § 1, p. 344; C.S.1929, § 19-401.

Laws 1911, Chapter 24 (sections 19-401 to 19-433), is an act complete in itself, and the constitutional provision respecting the manner of amendment and repeal of former statutes has no application. State ex rel. Baughn v. Ure, 91 Neb. 31, 135 N.W. 224 (1912).

19-402 Commission plan; petition for adoption; election; ballot form.

If a petition is filed with the city clerk of any city meeting the requirements of section 19-401, signed by registered voters equal in number to twenty-five percent of the votes cast for all candidates for mayor at the last preceding general city election, the mayor of the city shall, by appropriate proclamation and notice within twenty days after such filing, call and proclaim a special election to be held upon a date fixed in such proclamation and notice, which date shall not be less than fifteen nor more than sixty days after the date and issuance of such proclamation. After the filing of any petition provided for in this section, no signer thereon shall be permitted to withdraw his or her name therefrom. At such special election the proposition of adopting the provisions of sections 19-401 to 19-433 shall be submitted to the registered voters of the city, and such proposition shall be stated as follows: Shall the city of (name of city) adopt the provisions of (naming the charter of the published law containing such sections) called the commission plan of city government? The special election shall be held and conducted, the vote canvassed, and the result declared in the same manner as provided for the holding and conducting of the general city election in any such city. All officers charged with any duty respecting the calling, holding, and conducting of such general city election shall perform such duties for and at such special election.

19-404 Adoption of commission plan; effect.

If the proposition is adopted for the commission plan of city government at least sixty days prior to the next general city election in the city, then at the next

general city election provided by law in such city, council members shall be elected as provided in section 32-539. If the proposition is not adopted at least sixty days prior to the date of holding the next general city election in such city, then such city shall continue to be governed under its existing laws until council members are elected as provided in section 32-539 at the next general city election thereafter occurring in any such city.

19-405 Council members; nomination; candidate filing form; primary election; waiver.

(1) Any person desiring to become a candidate for the office of council member provided for in section 19-404 shall file a candidate filing form as provided in sections 32-606 and 32-607 and pay the filing fee as provided in section 32-608.

(2) Candidates shall be nominated at large either at the statewide primary election or by filing a candidate filing form if there are not more than two candidates who have filed for each position or if the council waives the requirement for a primary election.

(3) The council may waive the requirement for a primary election by adopting an ordinance prior to January 5 of the year in which the primary election would have been held. If the council waives the requirement for a primary election, all candidates filing candidate filing forms by August 1 prior to the date of the general election as provided in subsection (2) of section 32-606 shall be declared nominated. If the council does not waive the requirement for a primary election and if there are not more than two candidates filed for each position to be filled, all candidates filing candidate filing forms by the deadline prescribed in subsection (1) of section 32-606 shall be declared nominated as provided in subsection (1) of section 32-811 and their names shall not appear on the primary election ballot.

19-409 Council members; excise members; candidates; terms.

(1) The two candidates receiving the highest number of votes at the primary election shall be placed upon the official ballot for such position at the statewide general election. If no candidates appeared on the primary election ballot or if the council waived the primary election under section 19-405, all persons filing pursuant to section 19-405 shall be the only candidates whose names shall be placed upon the official ballot for such position at the statewide general election.

(2) If excise members are to be elected, the six candidates receiving the highest number of votes for excise members at the primary election or all candidates, if there are less than six on the primary election ballot or if no primary election is held, shall be the only candidates whose names shall be placed upon the official ballot for excise members at the statewide general election in any such city.

(3) Terms for council members shall begin on the date of the first regular meeting of the council in December following the statewide general election. The terms of council members holding office on August 28, 1999, shall be extended to the first regular meeting of the council in December following the statewide general election. The changes made to this section by Laws 1999, LB 250, shall not change the staggering of the terms of council members in cities that have adopted the commission plan of government prior to January 1, 1999.

19-410 Repealed. Laws 1994, LB 76, § 615.

19-411 Council members; excise members; bonds; vacancies, how filled.

The council members and excise members shall qualify and give bond in the manner and amount provided by the existing laws governing the city in which they are elected. If any vacancy occurs in the office of council member, the vacancy shall be filled as provided in section 32-568. If any vacancy occurs in the office of excise members, the remaining members of the excise board shall appoint a person to fill such vacancy for the remainder of the term. The terms of office of all other elective or appointive officers in force within or for any such city shall cease as soon as the council selects or appoints their successors and such successors qualify and give bond as by law provided or as soon as such council by resolution declares the terms of any such elective or appointive officers at an end or abolishes or discontinues any of such offices.

19-412 Officers; employees; compensation.

(1) The officers and employees of the city shall receive such compensation as the mayor and council shall fix by ordinance.

(2) The emoluments of any elective officer shall not be increased or diminished during the term for which he or she was elected, except that when there are officers elected to a council, board, or commission having more than one member and the terms of one or more members commence and end at different times, the compensation of all members of such council, board, or commission may be increased or diminished at the beginning of the full term of any member thereof. No person who has resigned or vacated any office shall be eligible to the same during the time for which he or she was elected when, during the same time, the emoluments have been increased.

(3) The salary or compensation of all other officers or employees of the city shall be determined when they are appointed or elected by the council, board, or commission and shall be payable at such times or for such periods as the council, board, or commission shall determine.

19-413 Council; powers.

The council herein provided for, upon taking office, shall have, possess, and exercise, by itself or through such methods as it may provide, all executive or legislative or judicial powers and duties theretofore held, possessed or exercised under the then existing laws governing any such city, by the mayor or mayor and city council or water commissioners or water board or water and light commissioner or board of fire and police commissioners or park commissioners or park board or excise board, or members thereof, or fire warden; and the powers, duties and office of such fire warden and of all such boards and the members thereof shall then and thereupon cease and terminate; and the powers and duties and officers of all other boards created by statute for the government of any such city shall also thereupon cease and terminate; *Provided, however,*

nothing herein contained shall be so construed as to interfere with the powers, duties, authority, and privileges that have been, are, or may be hereafter conferred and imposed upon the water board in metropolitan cities as prescribed by law or shall affect the power of city school or school district officers, nor of any office or officer named in the state Constitution exercising office, powers or functions within any such city. Such council, upon taking office, shall have and may exercise all executive or legislative or judicial powers possessed or exercised by any other officer or board theretofore provided by law for or within any such city, except officers named in the state Constitution; *Provided, however,* the excise board herein provided for, upon taking office, shall possess and exercise by itself all of the duties and powers theretofore possessed or exercised by the excise board under the existing laws governing any such city except the appointment, removal and control of the police force, which power shall be vested in the council.

19-414 Council; departments; assignment of duties.

The executive and administrative powers, authorities, and duties in such cities shall be distributed into and among departments as follows:

In metropolitan cities, (1) department of public affairs, (2) department of accounts and finances, (3) department of police, sanitation, and public safety, (4) department of fire protection and water supply, (5) department of street cleaning and maintenance, (6) department of public improvements, and (7) department of parks and public property;

In primary cities, (1) department of public affairs, (2) department of accounts and finances, (3) department of public safety, (4) department of streets and public improvements, and (5) department of parks and public property; and

In cities containing two thousand or more and not more than forty thousand population, (1) department of public affairs and public safety, (2) department of accounts and finances, (3) department of streets, public improvements, and public property, (4) department of public works, and (5) department of parks and recreation.

The council shall provide, as nearly as possible, the powers and duties to be exercised and performed by, and assign them to, the appropriate departments. It may prescribe the powers and duties of all officers and employees of the city and may assign particular officers, or employees, to more than one of the departments, may require any officer or employee to perform duties in two or more of the departments, and may make such other rules and regulations as may be necessary or proper for the efficient and economical management of the business affairs of the city.

The general plan of the commission form of government has been followed in Lincoln under the home rule charter. Eppley Hotels Co. v. City of Lincoln, 133 Neb. 550, 276 N.W. 196 (1937).

The fact that an officer had been in the habit of employing men in the past does not override the provision of the statute unless it had previously been agreed to by the city commissioner. Scott v. City of Lincoln, 104 Neb. 546, 178 N.W. 203 (1920).

The power to fix salaries of police officers and members of the fire department in cities of the metropolitan class was not included in this section. Adams v. City of Omaha, 101 Neb. 690, 164 N.W. 714 (1917).

19-415 Mayor; council members; powers and duties; heads of departments.

In cities of the metropolitan class, the council shall consist of the mayor who shall be superintendent of the department of public affairs, one council member to be superintendent of the department of accounts and finances, one council member to be superintendent of the department of police, sanitation, and public safety, one council member to be superintendent of the department of fire protection and water supply, one council member to be superintendent of the department of street cleaning and maintenance, one council member to be superintendent of the department of public improvements, and one council member to be superintendent of parks and public property.

In cities containing at least forty thousand and less than three hundred thousand inhabitants, the council shall consist of the mayor who shall be superintendent of the department of public affairs, one council member to be superintendent of the department of accounts and finances, one council member to be superintendent of the department of public safety, one council member to be superintendent of the department of streets and public improvements, and one council member to be superintendent of the department of parks and public property.

In cities containing at least two thousand and less than forty thousand inhabitants, the council shall consist of the mayor who shall be commissioner of the department of public affairs and public safety, one council member to be commissioner of the department of streets, public improvements and public property, one council member to be commissioner of the department of public accounts and finances, one council member to be commissioner of the department of public works, and one council member to be commissioner of the department of parks and recreation.

In all of such cities the commissioner of the department of accounts and finances shall be vice president of the city council and shall, in the absence or inability of the mayor to serve, perform the duties of the mayor of the city. In case of vacancy in the office of mayor by death or otherwise, the vacancy shall be filled as provided in section 32-568.

19-416 Officers; employees; appointment; compensation; removal.

The council shall at its first meeting, or as soon as possible thereafter, elect as many of the city officers provided for by the laws or ordinances governing any such city as may, in the judgment of the council, be essential and necessary to the economical but efficient and proper conduct of the government of the city and shall at the same time fix the salaries of the officers so elected either by providing that such salaries shall remain the same as fixed by the laws or ordinances for such officers or may then raise or lower the existing salaries of any such officers; and the council may modify the powers or duties of any such officers, as provided by laws or ordinances, or may completely define and fix such powers or duties, anew. Any such officers or any assistant or employee

elected or appointed by the council may be removed by the council at any time; *Provided, however,* in cities of the metropolitan class no member or officer of the fire department or department of fire protection and water supply shall be discharged for political reasons, nor shall a person be employed or taken into either of such departments for political reasons. Before any such officer or employee can be discharged charges must be filed against him before the council and a hearing had thereon, and an opportunity given such officer or employee to defend against such charges, but this provision shall not be construed to prevent peremptory suspension of such member by the council in case of misconduct or neglect of duty or disobedience of orders. Whenever any such suspension is made, charges shall be at once filed by the council with the officer having charge of the records of the council and a trial had thereon at the second meeting of the council after such charges are filed. For the purpose of hearing such charges the council shall have power to enforce attendance of witnesses, the production of books and papers, and to administer oaths to witnesses in the same manner and with like effect and under the same penalty, as in the case of magistrates exercising civil and criminal jurisdiction under the statutes of the State of Nebraska.

The city council of Lincoln, under the provisions of its home rule charter, had the right to discharge one of its firemen without a hearing before the council. State ex rel. Fischer v. City of Lincoln, 137 Neb. 97, 288 N.W. 499 (1939).

A police officer holds indefinitely during good behavior and cannot be discharged for cause without a hearing and opportunity to defend. Rooney v. City of Omaha, 105 Neb. 447, 181 N.W. 143 (1920).

Statutes and judicial opinions refer to policemen as officers, and under the charter of the city of Omaha, can only be removed for cause after notice and hearing. Rooney v. City of Omaha, 104 Neb. 260, 177 N.W. 166 (1920).

Member of fire department cannot be discharged without stating cause and without hearing and opportunity to defend. State ex rel. Marrow v. City of Lincoln, 101 Neb. 57, 162 N.W. 138 (1917).

19-417 Offices and boards; creation; discontinuance.

The council shall have power to discontinue any employment or abolish any office at any time, when, in the judgment of the council, such employment or office is no longer necessary. The council shall have power, at any time and at any meeting, to create any office or board it deems necessary, including the office of city manager, and fix salaries; and it may create a board of three or more members composed of other officers of the city, and confer upon such board any power not required to be exercised by the council itself. It may require such officers to serve upon any such board and perform the services required of it with or without any additional pay for such additional service.

19-418 Council; meetings; quorum.

The regular meetings of the council in metropolitan cities shall be held at least once in each week and upon such day and hour as the council may designate. In all other cities having a population of two thousand or more, the regular meetings of the council shall be held at such intervals and upon such day and hour as the council may by ordinance or resolution designate; and

special meetings of the council in any of such cities may be called, from time to time, by the mayor or two council members, giving notice in such manner as may be fixed or defined by law or ordinance in any of such cities or as shall be fixed by ordinance or resolution by such council. A majority of such council shall constitute a quorum for the transaction of any business, but it shall require a majority vote of the whole council in any such city to pass any measure or transact any business.

19-432 Commission plan; discontinuance; petition; election.

Any city which shall have operated for more than four years under the provisions of sections 19-401 to 19-433 may abandon organization thereunder, and accept the provisions of the general law of the state then applicable to cities of its population, by proceeding as follows: Upon a petition, signed by such number of the qualified electors of any such city as equals at least twenty-five percent of the highest vote cast for any of the council members elected at the last preceding general or regular election in any such city, being filed with and found sufficient by the city clerk or clerk of such council, a special election shall be called in any such city, at which special election the following proposition only shall be submitted: Shall the city of (name of city) abandon its organization under Chapter 19, article 4, and become a city under the general laws of the state governing cities of like population? If a majority of the votes cast at any such special election are in favor of such proposition, the officers elected at the next succeeding general city election in any such city shall be those then prescribed by the general laws of the state for cities of like population, and upon the qualification of such officers, according to the terms of such general state law, such city shall become a city governed by and under such general state law; *Provided,* if such special election is not held and the result thereof declared at least sixty days before the election date in any such city, then such city shall continue to be governed under the provisions of said sections until the second general city election occurring after the date of such special election, and at such general city election the officers provided by such general state law for the government of any such city shall be elected, and,

upon their qualification, the terms of office of the council members elected under the provisions of this article shall cease and terminate.

19-433 Commission plan; discontinuance; petition; election; procedure.

(1) Within ten days after the date of filing the petition asking for a special election on the issue of discontinuing the commission plan of government, the city clerk shall examine it and, with the assistance of the election commissioner or county clerk, ascertain whether the petition is signed by the requisite number of registered voters. If necessary, the city council shall allow the city clerk extra help for the purpose of examining the petition. No new signatures may be added after the initial filing of the petition. If the petition contains the requisite number of signatures, the city clerk shall promptly submit the petition to the council.

(2) Upon receipt of the petition, the council shall promptly order and fix a date for holding the special election, which date shall not be less than thirty nor more than sixty days from the date of the clerk's certificate to the council showing the petition sufficient. The special election shall be conducted in the same manner as provided for the election of council members under sections 19-401 to 19-433.

(i) PETITION FOR ABANDONMENT

(a) GENERAL PROVISIONS

19-601 City, defined.

The term city as used in sections 19-601 to 19-648 includes any city having a population of one thousand or more and less than two hundred thousand.

Source: Laws 1917, c. 208, § 1, p. 497; C.S.1922, § 4538; C.S.1929, § 19-601; R.S.1943, § 19-601; Laws 1955, c. 55, § 4, p. 180; Laws 1963, c. 89, § 2, p. 300; Laws 1985, LB 372, § 1; Laws 1998, LB 893, § 1.

The sections in this article relate to cities operating under the city manager plan. State ex rel. Warren v. Kleman, 178 Neb. 564, 134 N.W.2d 254 (1965).

19-602 Population; how determined.

For the purposes of sections 19-601 to 19-648, the population of a city shall be the number of inhabitants as ascertained by the last state census or United States census, whichever shall be later.

Source: Laws 1917, c. 208, § 2, p. 498; C.S.1922, § 4539; C.S.1929, § 19-602.

19-603 Charter and general laws; force and effect.

The charter and all general laws governing any city shall continue in full force and effect, except that insofar as any provisions thereof are inconsistent with sections 19-601 to 19-648, the same shall be superseded in any city upon the taking effect of sections 19-601 to 19-648 therein.

(b) ADOPTION AND ABANDONMENT OF PLAN

19-605 City manager plan; petition for adoption; election.

Whenever electors of any city, equal in number to twenty percent of those who voted at the last regular city election, shall file a petition with the city clerk, asking that the question of organizing the city under the plan of government provided in sections 19-601 to 19-648 be submitted to the electors thereof, said clerk shall within one week certify that fact to the council of the city, and the council shall, within thirty days, adopt a resolution to provide for

submitting such question at a special election to be held not less than thirty days after the adoption of the resolution except as provided in this section. Any such election shall be conducted in accordance with the general election laws of the state except as otherwise provided in sections 19-601 to 19-648. If such petition is filed not more than one hundred eighty days nor less than seventy days prior to the regular municipal statewide primary or statewide general election, the council shall adopt a resolution to provide for submitting such question at the next such election.

Source: Laws 1917, c. 208, § 6, p. 498; C.S.1922, § 4543; C.S.1929, § 19-606; R.S.1943, § 19-605; Laws 1974, LB 897, § 2.

19-606 City manager plan; adoption or abandonment; election.

The proposition to adopt or to abandon the plan of government provided in sections 19-601 to 19-648, shall not be submitted to the electors of any city later than sixty days before a regular municipal election. If, in any city, a sufficient petition is filed requiring that the question of adopting the commission plan of city government, or the question of choosing a convention to frame a charter, be submitted to the electors thereof, or if an ordinance providing for the election of such a charter convention is passed by the city council, the proposition to adopt the plan of government provided in sections 19-601 to 19-648 shall not be submitted in that city so long as the question of adopting such plan of government, or of choosing such convention, or adopting a charter framed by it, is pending.

19-607 Election; ballot; form.

In submitting the question of adopting the plan of government provided in sections 19-601 to 19-648 the city council shall cause to be printed on the ballots the following question: Shall the city manager plan of government as provided in (giving the legal designation of sections 19-601 to 19-648 as published) be adopted? Immediately following such question there shall be printed on the ballots the following propositions in the order here set forth: For the adoption of the city manager plan of government and Against the adoption of the city manager plan of government. Immediately to the left of each proposition shall be placed a square in which the electors may vote by making a cross (X) mark.

19-608 Election; adoption of plan; when effective; rejection; resubmission.

If the plan of government provided in sections 19-601 to 19-648 is approved by a majority of the electors voting thereon, it shall go into effect immediately, insofar as it applies to the nomination and election of officers provided for herein, and in all other respects it shall go into effect on the first Monday following the next regular municipal election. If the proposition to adopt the

provisions of sections 19-601 to 19-648 is rejected by the electors, it shall not again be submitted in that city within two years thereafter.

19-609 City manager plan; abandonment; petition; election.

Any city which shall have operated four years under the plan provided in sections 19-601 to 19-648 may abandon such organization and either accept the provisions of the general law applicable to such city, or adopt any other optional plan or organization open thereto. The petition for abandonment shall designate the plan desired, and the following proposition shall be submitted: Shall the city of (.....) abandon the city manager plan of government and adopt the (name of plan) as provided in (giving the legal designation of the law as published)? If a majority of the votes cast thereon be in favor of such proposition, the officers elected at the next regular municipal election shall be those prescribed by the laws designated in the petition, and upon the qualification of such officers the city shall become organized under said law. Such change shall not affect the property right or ability of any nature of such city, but shall extend merely to its form of government.

19-616 Appointive or elected official; compensation; no change during term of office.

The annual compensation of the mayor and a council member in cities adopting sections 19-601 to 19-648 shall be payable quarterly in equal installments and shall be fixed by the council. The emoluments of any appointive or elective officer shall not be increased or diminished during the term for which such officer was elected or appointed, except that when there are officers elected or appointed to the council, or a board or commission having more than one member and the terms of one or more members commence and end at different times, the compensation of all members of such council, board, or commission may be increased or diminished at the beginning of the full term of any member thereof. No person who has resigned or vacated any office shall be eligible to the same during the time for which such person was elected or appointed when, during the same time, the emoluments have been increased. For each absence from regular meetings of the council, unless authorized by a two-thirds vote of all members thereof, there shall be deducted a sum equal to two percent of such annual salary.

19-617 Council; organization, when; president; powers.

At the first regular meeting in December following the general election in every even-numbered year, the council shall elect one of its members as president, who shall be ex officio mayor, and another as vice president, who shall serve in the absence of the president. In the absence of the president and the vice president, the council may elect a temporary chairperson. The president shall preside over the council and have a voice and vote in its proceedings but no veto. The president shall be recognized as the official head of the city for all ceremonial purposes, by the courts for the purpose of serving civil process, and by the Governor for military purposes. In addition, the president shall exercise such other powers and perform such duties, not inconsistent with sections 19-601 to 19-648, as are conferred upon the mayor of the city.

19-618 Council; city manager; appointment; investigatory powers of council.

The council shall choose a city manager, a city clerk, and, where required, a civil service commission, but no member of the council shall be chosen as manager or as a member of the civil service commission. Neither the council nor any of its committees or members shall dictate the appointment of any person to office or employment by the city manager or in any manner seek to

prevent him or her from exercising his or her own judgment in the appointment of officers and employees in the administrative service. Except for the purpose of inquiry, the council and its members shall deal with the administrative service solely through the city manager, and neither the council nor any member thereof shall give orders to any of the subordinates of the city manager, either publicly or privately. The council, or a committee thereof, may investigate the affairs of any department or the official acts and conduct of any city officer. It shall have power to administer oaths and compel the attendance of witnesses and the production of books and papers and may punish for contempt any person failing to obey its subpoena or refusing to testify. No person shall be excused from testifying, but his or her testimony shall not be used against him or her in any criminal proceeding other than for perjury.

(g) CITY MANAGER

19-645 City manager; how chosen; qualifications; salary.

The chief executive officer of the city shall be a city manager, who shall be responsible for the proper administration of all affairs of the city. He shall be chosen by the council for an indefinite period, solely on the basis of administrative qualifications, and need not be a resident of the city or state when appointed. He shall hold office at the pleasure of the council, and receive such salary as it shall fix by ordinance. During the absence or disability of the city manager the council shall designate some properly qualified person to perform the duties of the office.

(i) PETITION FOR ABANDONMENT

19-662 Plan of government; abandoning; petition; filing; election.

Whenever electors of any city, equal in number to thirty percent of those who voted at the last regular city election, shall file a petition with the city clerk, asking that the question of abandoning the plan of government provided by the provisions of Chapter 19, article 6, be submitted to the electors thereof, such clerk shall within one week certify that fact to the council of the city, and the council shall, within thirty days, adopt a resolution to provide for submitting such question at the next regular municipal election after adoption of the resolution. When such a petition is filed with the city clerk within a seventy-day period prior to a regular municipal election, the resolution adopted by the city council shall provide for the submission of such question at the second regular municipal election thereafter as provided by law.

ARTICLE 7
EMINENT DOMAIN

Section

19-701 Public utility; condemnation; election; resubmission.

Whenever the qualified electors of any city of the primary class, city of the first class, city of the second class, or village shall vote at any general or special election to acquire and appropriate, by an exercise of the power of eminent domain, any waterworks, waterworks system, electric light plant, electric light and power plant, heating plant, street railway, or street railway system, located or operating within or partly within and partly without such city or village, together with real and personal property needed or useful in connection therewith, if the main part of such works, plant, or system be within any such city or village and even though a franchise for the construction and operating of any such works, plant, or system may or may not have expired, then any such city or village shall possess and have the power and authority, by an exercise of the power of eminent domain to appropriate and acquire, for the public use of

any such city or village, any such works, plant, railway, pipelines, or system. If any public utility properties supplying different kinds of service to such a city or village are operated as one unit and under one management, the right to acquire and appropriate, as provided in sections 19-701 to 19-707, shall cover and extend to the entire property and not to any divided or segregated part thereof, and the duly constituted authorities of any such city or village shall have the power to submit such question or proposition, in the usual manner, to the qualified electors of any such city or village at any general city or village election or at any special city or village election and may submit the proposition in connection with any city or village special election called for any other purpose, and the votes cast thereon shall be canvassed and the result found and declared as in any other city or village election. Such city or village authorities shall submit such question at any such election whenever a petition asking for such submission, signed by the legal voters of such a city or village equaling in number fifteen percent of the votes cast at the last general city or village election, and filed in the city or village clerk's office at least sixty days before the election at which the submission is asked, but if the question of acquiring any particular plant or system has been submitted once, the same question shall not again be submitted to the voters of such a city or village until two years shall have elapsed from and after the date of the findings by the board of appraisers regarding the value of the property and the city's or village's rejection of the same.

19-702 Court of condemnation; members; hearing; parties; notice.

If the election at which the question is submitted is a special election and sixty percent of the votes cast upon such proposition are in favor thereof, or if the election at which the question is submitted is a general election and a

majority of the votes cast upon such proposition are in favor thereof, then the city council or village board of trustees or officer possessing the power and duty to ascertain and declare the result of such election shall certify such result immediately to the Supreme Court of the state. The Supreme Court shall within thirty days after the receipt of such certificate, appoint three district judges from three of the judicial districts of the state, and said three judges shall constitute a court of condemnation for the ascertainment and finding of the value of any such plant, works or system and the said Supreme Court shall enter an order requiring such judges to attend as a court of condemnation at the county seat in which such city or village is located within such time as may be stated in such order. Said district judges shall so attend as ordered and such court of condemnation at such time it meets shall organize and proceed with its duties. It may adjourn from time to time, and it shall fix a time for the appearance before it of all such corporations or persons as the court may deem necessary to be made parties to such condemnation proceedings or which the city, the village or the corporation or persons owning any such plant, system or works may desire to have made a party to such proceedings. If such time of appearance shall occur after any proceedings have begun, they shall be reviewed by the court, as it may direct, to give all parties full opportunity to be heard. All corporations or persons, including all mortgagees, bondholders, trustees for bondholders, leaseholders, or any other party or person claiming any interest in or lien upon any such works, plant or system may be made parties to such condemnation proceedings, and shall be served with notice of such proceedings and the time and place of the meeting of the court of condemnation in the same manner and for such length of time as the service of a summons in cases begun in the district court of the state, either by personal service or service by publication, and actual personal service of notice within or without the state shall supersede the necessity of notice by publication.

19-703 Court of condemnation; powers and duties; vacancy, how filled.

Such court of condemnation shall have full power to summon and swear witnesses, take evidence, order the taking of depositions, and require the production of any and all books and papers deemed necessary for a full investigation and ascertainment of the value of any such works, plant or system; *Provided*, that when part of the public utilities appropriated under sections 19-701 to 19-707 extends beyond the territory within which the city or village exercising the right of eminent domain has a right to operate the same, the court of condemnation, in determining the damages caused by the appropriation thereof, shall take into consideration the fact that such portion of the utility beyond such territory is being detached and not appropriated by the city or village, and the court of condemnation shall award damages by reason of such detachment and the destruction in value and usefulness of the detached and unappropriated property as it will remain and be left after the detachment

and appropriation. Such court of condemnation may appoint a reporter of its proceedings who shall report and preserve all evidence introduced before it. Such court shall have all the powers and perform all the duties of commissioners in the condemnation and ascertainment of the value and in making of an award of all property of any such works, plant or system. The clerk of the district court, in the county where such city or village is located, shall attend upon said court of condemnation and perform such duties, as the clerk thereof, as such condemnation court may direct. The sheriff of any such county, or any of his deputies shall attend upon said court and shall have power to serve summons, subpoenas, and all other orders or papers ordered to be served by such condemnation court. In case of vacancy in said court of condemnation such vacancy shall be filled by the Supreme Court if the vacancy occurs while the court is in session, and if it occurs while the court is not in session, then by the Chief Justice of said court.

19-704 Court of condemnation; award; appeal; procedure; effect of appeal.

Upon the determination and filing of a finding of the value of any such plant, works or system by the said court of condemnation, such city or village shall then have the right and power by ordinance duly passed by its duly constituted authorities, to elect to abandon such condemnation proceedings. If it does not elect within ninety days after the finding and filing of value, then the person or corporation owning any such plant, works or system may appeal from the finding of value and award by the said court of condemnation to the district court by filing within twenty days from the expiration of the said time given the city or village to exercise its rights of abandonment, with the city clerk of any such city or the village clerk of any such village, a bond, to be approved by him, conditioned for the payment of all costs which may be made on any such appeal, and by filing in said district court, within ninety days after such bond is filed, a transcript of the proceedings before such condemnation court including the evidence taken before it certified by the clerk, reporter, and judges of such court. The appeal in the district court shall be tried and determined upon the pleadings, proceedings, and evidence embraced in such transcript; *Provided*, that if such appeal is taken the city or village, upon tendering the amount of the value and award made by such condemnation court, to the party owning any such plant, works or system, shall, notwithstanding such appeal, have the right and power to take immediate possession of any such plant, works or system, and the city or village authorities, without vote of the people, shall have the power, if necessary, to issue and sell bonds of the city or village to provide funds to make such tender.

Provision is made for making up and preservation of record of the hearing before court of condemnation. Kansas-Nebraska Nat. Gas Co. v. Village of Deshler, 192 F.Supp. 303 (D. Neb. 1960).

19-705 Court of condemnation; appeal; judgment; bonds.

Upon the hearing of such appeal in the district court, judgment shall be pronounced, as in ordinary cases, for the value of any such works, plant, or system. The city, village, party, or corporation owning any such plant, works, or system may appeal to the Court of Appeals. Upon a final judgment being pronounced as to the value of any such plant, works, or system, the duly constituted authorities of any such city or village shall issue and sell bonds of any such city or village to pay the amount of such value and judgment without a vote of the people.

19-706 Court of condemnation; members; compensation; costs; witness fees.

The district judges constituting the aforesaid court of condemnation shall each receive from and be paid by such city or village fifteen dollars per day for their services and their necessary traveling expenses, hotel bills, and all other necessary expenses incurred while in attendance upon the sittings of such court of condemnation, with reimbursement for expenses to be made as provided in sections 81-1174 to 81-1177 for state employees, and the city or village shall pay the reporter that may be appointed by said court such an amount as said court of condemnation shall allow him or her. The sheriff shall serve all such summons, subpoenas, or other orders or papers ordered issued or served by such condemnation court at the same rate and compensation for which he or she serves like papers issued by the district court, but shall account for all such compensation to the county as is required by him or her under the law governing his or her duties as sheriff of the county. The court of condemnation shall have power to apportion the cost made before it, between the city or village and the corporation or party owning any such plant, works, or system and the city or village shall provide for and pay all such costs or portion of costs as the said court shall order, and shall also make provisions for the necessary funds and expenses to carry on the proceedings of such condemnation court, from time to time while such proceedings are in progress, but in the event the city or village elects to abandon the condemnation proceedings, as aforesaid, then the city or village shall pay all the costs made before such condemnation court; *Provided*, if services of expert witnesses are secured then their fees or compensation to be taxed and paid as costs shall be only such amount as the said condemnation court shall fix, notwithstanding any contract between such experts and the party producing them to pay them more, but a contract to pay them more than the court shall allow as costs may be enforced between any such experts and the litigant or party employing them. The costs made by any such appeal or appeals shall be adjudged against the party defeated in such appeal in the same degree and manner as is done under the general court practice relating to appellate proceedings.

19-708 Public utility; acquisition by city or village of distribution system; wholesale service.

Whenever the local distribution system of any public utility, has been acquired by any city or village under the provisions of Chapter 19, article 7, the condemnee, if it is also the owner of any transmission system, whether by wire, pipeline, or otherwise, from any other point to such city or village shall, at the option of such city or village, be required to render wholesale service to such city or village whether otherwise acting as wholesaler or not; *Provided*, that if the condemnee is a public power district subject to the provisions of section 70-626.01, the obligations of the public power district to the condemner under this section shall be no greater than to other cities and villages under said section 70-626.01.

Right of village to purchase gas at wholesale, as an incident to condemnation, is recognized. Kansas-Nebraska Nat. Gas Co. v. Village of Deshler, 192 F.Supp. 303 (D. Neb. 1960).

19-709 Property; acquisition for public use; limitation; purposes enumerated; procedure.

The mayor and city council of any city of the first or second class or the chairperson and members of the board of trustees of any village shall have power to purchase or appropriate private property or school lands for the use of the city or village for streets, alleys, avenues, parks, parkways, boulevards, sanitary sewers, storm water sewers, public squares, public auditoriums, public fire stations, training facilities for firefighters, market places, public heating plants, power plants, gas works, electric light plants, wells, or waterworks, including mains, pipelines, and settling basins therefor, and to acquire outlets and the use of streams for sewage disposal. When necessary for the proper construction of any of the works above provided, the right of appropriation shall extend such distance as may be necessary from the corporate limits of the city or village, except that no city of the first or second class or village may acquire through the exercise of the power of eminent domain or otherwise any real estate within the zoning jurisdiction of any other city of the first or second class or village for any of the works enumerated in this section if the use for which the real estate is to be acquired would be contrary to or would not be a use permitted by the existing zoning ordinances and regulations of such other city or village, but such real estate may be acquired within the zoning jurisdiction of another city of the first or second class or village for such contrary or nonpermitted use if the governing body of such other city or village shall approve such acquisition and use. Such power shall also include the right to appropriate for any of the above purposes any plant or works already construct-

ed, or any part thereof, whether the same lies wholly within the city or village or part within and part without the city or village or beyond the corporate limits of such city or village, including all real estate, buildings, machinery, pipes, mains, hydrants, basins, reservoirs, and all appurtenances reasonably necessary thereto and a part thereof, or connected with such works or plants, and all franchises to own and operate the same, if any. The procedure to condemn property shall be exercised in the manner set forth in sections 76-704 to 76-724, except as to property specifically excluded by section 76-703 and as to which sections 19-701 to 19-707 or the Municipal Natural Gas System Condemnation Act is applicable.

CITY PLANNING, ZONING

(Applicable to cities of the first or second class and villages.)

Section

19-901 Zoning regulations; power to adopt; when; comprehensive development plan; planning commission; reports and hearings; purpose; validity of plan; not applicable; when.

(1) For the purpose of promoting health, safety, morals, or the general welfare of the community, the legislative bodies in cities of the first and second class and in villages may adopt zoning regulations which regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes.

(2) Such powers shall be exercised only after the municipal legislative body has established a planning commission, received from its planning commission a recommended comprehensive development plan as defined in section 19-903, adopted such comprehensive development plan, and received the specific recommendation of the planning commission on the adoption or amendment of zoning regulations. The planning commission shall make a preliminary report and hold public hearings on its recommendations regarding the adoption or repeal of the comprehensive development plan and zoning regulations and shall hold public hearings thereon before submitting its final report to the legislative body. Amendments to the comprehensive plan or zoning regulations shall be considered at public hearings before submitting recommendations to the legislative body.

(3) A comprehensive development plan as defined in section 19-903 which has been adopted and not rescinded by such legislative body prior to May 17, 1967, shall be deemed to have been recommended and adopted in compliance with the procedural requirements of this section when, prior to the adoption of the plan by the legislative body, a recommendation thereon had been made to the legislative body by a zoning commission in compliance with the provisions of section 19-906, or by a planning commission appointed under the provisions of Chapter 19, article 9, regardless of whether the planning commission had been appointed as a zoning commission.

(4) The requirement that a planning commission be appointed and a comprehensive development plan be adopted shall not apply to cities of the first and second class and villages which have legally adopted a zoning ordinance prior to May 17, 1967, and which have not amended the zoning ordinance or zoning map since May 17, 1967. Such city or village shall appoint a planning commission and adopt the comprehensive plan prior to amending the zoning ordinance or zoning map.

When a legislative body does not specify the manner in which a comprehensive development plan is to be adopted, it is assumed that such plan may be effectively adopted via resolution. Smith v. City of Papillion, 270 Neb. 607, 705 N.W.2d 584 (2005).

Zoning powers granted to villages under section 19-901, R.R.S.1943, shall be exercised only after the municipal legislative body has appointed a planning commission, received from its planning commission a recommended comprehensive development plan as defined in section 19-903, R.R.S.1943, adopted such comprehensive development plan, and received the specific recommendation of the planning commission on the adoption or amendment of zoning regulations. 19-902 Building zones; regulations; uniformity; manufactured homes; certain codes excepted.

(1) For any or all of the purposes designated in section 19-901, the city council or village board may divide the municipality into districts of such number, shape, and area as may be deemed best suited to carry out the purposes of sections 19-901 to 19-914 and may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land within the districts. All such regulations shall be uniform for each class or kind of buildings throughout each district, but the regulations applicable to one district may differ from those applicable to other districts. If a regulation affects the Niobrara scenic river corridor as defined in section 72-2006 and is not incorporated within the boundaries of the municipality, the Niobrara Council shall act on the regulation as provided in section 72-2010.

(2)(a) The city council or village board shall not adopt or enforce any zoning ordinance or regulation which prohibits the use of land for a proposed residential structure for the sole reason that the proposed structure is a manufactured home if such manufactured home bears an appropriate seal which indicates that it was constructed in accordance with the standards of the Uniform Standard Code for Manufactured Homes and Recreational Vehicles, the Nebraska Uniform Standards for Modular Housing Units Act, or the United States Department of Housing and Urban Development. The city council or village board may require that a manufactured home be located and installed according to the same standards for foundation system, permanent utility connections, setback, and minimum square footage which would apply to a site-built, single-family dwelling on the same lot. The city council or village board may also require that manufactured homes meet the following standards:

(i) The home shall have no less than nine hundred square feet of floor area;

(ii) The home shall have no less than an eighteen-foot exterior width;

(iii) The roof shall be pitched with a minimum vertical rise of two and one-half inches for each twelve inches of horizontal run;

(iv) The exterior material shall be of a color, material, and scale comparable with those existing in residential site-built, single-family construction;

(v) The home shall have a nonreflective roof material which is or simulates asphalt or wood shingles, tile, or rock; and

(vi) The home shall have wheels, axles, transporting lights, and removable towing apparatus removed.

(b) The city council or village board may not require additional standards unless such standards are uniformly applied to all single-family dwellings in the zoning district.

(c) Nothing in this subsection shall be deemed to supersede any valid restrictive covenants of record.

(3) For purposes of this section, manufactured home shall mean (a) a factory-built structure which is to be used as a place for human habitation, which is not constructed or equipped with a permanent hitch or other device allowing it to be moved other than to a permanent site, which does not have permanently attached to its body or frame any wheels or axles, and which bears a label certifying that it was built in compliance with National Manufactured Home Construction and Safety Standards, 24 C.F.R. 3280 et seq., promulgated by the United States Department of Housing and Urban Development, or (b) a modular housing unit as defined in section 71-1557 bearing a seal in accordance with the Nebraska Uniform Standards for Modular Housing Units Act.

(4) Subdivision regulations and building, plumbing, electrical, housing, fire, or health codes or similar regulations and the adoption thereof shall not be subject to sections 19-901 to 19-915.

19-903 Comprehensive development plan; requirements; regulations and restrictions made in accordance with plan; considerations.

The regulations and restrictions authorized by sections 19-901 to 19-915 shall be in accordance with a comprehensive development plan which shall consist of both graphic and textual material and shall be designed to accommodate anticipated long-range future growth which shall be based upon documented population and economic projections. The comprehensive development plan shall, among other possible elements, include:

(1) A land-use element which designates the proposed general distributions, general location, and extent of the uses of land for agriculture, housing, commerce, industry, recreation, education, public buildings and lands, and other categories of public and private use of land;

(2) The general location, character, and extent of existing and proposed major roads, streets, and highways, and air and other transportation routes and facilities;

(3) The general location, type, capacity, and area served of present and projected or needed community facilities including recreation facilities, schools, libraries, other public buildings, and public utilities and services; and

(4)(a) When next amended after January 1, 1995, an identification of sanitary and improvement districts, subdivisions, industrial tracts, commercial tracts, and other discrete developed areas which are or in the future may be appropri-

ate subjects for annexation and (b) a general review of the standards and qualifications that should be met to enable the municipality to undertake annexation of such areas. Failure of the plan to identify subjects for annexation or to set out standards or qualifications for annexation shall not serve as the basis for any challenge to the validity of an annexation ordinance.

Regulations shall be designed to lessen congestion in the streets; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to secure safety from flood; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; to protect property against blight and depreciation; to protect the tax base; to secure economy in governmental expenditures; and to preserve, protect, and enhance historic buildings, places, and districts.

Such regulations shall be made with reasonable consideration, among other things, for the character of the district and its peculiar suitability for particular uses and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such municipality.

19-904 Building zones and regulations; creation; hearing; notice.

The legislative body of such municipality shall provide for the manner in which such regulations and restrictions, and the boundaries of such districts, shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. The legislative body shall receive the advice of the planning commission before taking definite action on any contemplated amendment, supplement, change, modification, or repeal. No such regulation, restriction, or boundary shall become effective until after separate public hearings are held by both the planning commission and the legislative body in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Notice of the time and place of such hearing shall be given by publication thereof in a paper of general circulation in such municipality at least one time ten days prior to such hearing.

19-904.01 Building zones and regulations; nonconforming use; continuation; termination.

The use of a building, structure, or land, existing and lawful at the time of the adoption of a zoning regulation, or at the time of an amendment of a regulation, may, except as provided in this section, be continued, although such use does not conform with provisions of such regulation or amendment; and such use may be extended throughout the same building if no structural alteration of such building is proposed or made for the purpose of such extension. If such nonconforming use is in fact discontinued for a period of twelve months, such right to the nonconforming use shall be forfeited and any future use of the building and premises shall conform to the regulation. The municipal legislative body may provide in any zoning regulation for the restoration, reconstruction, extension, or substitution of nonconforming uses upon such terms and conditions as may be set forth in the zoning regulations. The municipal legislative body may, in any zoning regulation, provide for the termination of nonconforming uses, either by specifying the period or periods in which nonconforming uses shall be required to cease, or by providing a formula whereby the compulsory termination of a nonconforming use may be so fixed as to allow for the recovery of amortization of the investment in the nonconformance, except that in the case of a legally erected outdoor advertising sign, display, or device, no amortization schedule shall be used.

19-905 Building zones and regulations; changes; protest; notice; publication; posting; mailing; personal service; when not applicable.

Regulations, restrictions, and boundaries authorized to be created pursuant to sections 19-901 to 19-915 may from time to time be amended, supplemented, changed, modified, or repealed. In case of a protest against such change, signed by the owners of twenty percent or more either of the area of the lots included in such proposed change, or of those immediately adjacent on the sides and in the rear thereof extending three hundred feet therefrom, and of those directly opposite thereto extending three hundred feet from the street frontage of such opposite lots, and such change is not in accordance with the comprehensive development plan, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the legislative body of such municipality. The provisions of section 19-904 relative to public hearings and official notice shall apply equally to all changes or amendments. In addition to the publication of the notice therein prescribed, a notice shall be posted in a conspicuous place on or near the property on which action is pending. Such notice shall not be less than eighteen inches in height and twenty-four inches in width with a white or yellow background and black letters not less than one and one-half inches in height. Such posted notice shall be so placed upon such premises that it is easily visible from the street nearest the same and shall be so posted at least ten days prior to the date of such hearing. It shall be unlawful for anyone to remove, mutilate, destroy, or change such posted notice prior to such hearing. Any person so doing shall be deemed guilty of a misdemeanor. If the record title owners of any lots included in such proposed change be

nonresidents of the municipality, then a written notice of such hearing shall be mailed by certified mail to them addressed to their last-known addresses at least ten days prior to such hearing. At the option of the legislative body of the municipality, in place of the posted notice provided above, the owners or occupants of the real estate to be zoned or rezoned and all real estate located within three hundred feet of the real estate to be zoned or rezoned may be personally served with a written notice thereof at least ten days prior to the date of the hearing, if they can be served with such notice within the county where such real estate is located. Where such notice cannot be served personally upon such owners or occupants in the county where such real estate is located, a written notice of such hearing shall be mailed to such owners or occupants addressed to their last-known addresses at least ten days prior to such hearing. The provisions of this section in reference to notice shall not apply (1) in the event of a proposed change in such regulations, restrictions, or boundaries throughout the entire area of an existing zoning district or of such municipality, or (2) in the event additional or different types of zoning districts are proposed, whether or not such additional or different districts are made applicable to areas, or parts of areas, already within a zoning district of the municipality, but only the requirements of section 19-904 shall be applicable.

19-907 Board of adjustment; appointment; restriction on powers.

Except as provided in section 19-912.01, the local legislative body shall provide for the appointment of a board of adjustment. Any actions taken by the board of adjustment shall not exceed the powers granted by section 19-910.

19-908 Board of adjustment; members; term; vacancy; adopt rules; meetings; records; open to public.

The board of adjustment shall consist of five regular members, plus one additional member designated as an alternate who shall attend and serve only when one of the regular members is unable to attend for any reason, each to be appointed for a term of three years and removable for cause by the appointing authority upon written charges and after public hearings. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant. One member only of the board of adjustment shall be appointed from the membership of the planning commission, and the loss of membership on the planning commission by such member shall also result in his or her immediate loss of membership on the board of adjustment and the appointment of another

planning commissioner to the board of adjustment. After September 9, 1995, the first vacancy occurring on the board of adjustment shall be filled by the appointment of a person who resides in the extraterritorial zoning jurisdiction of the city or village at such time as more than two hundred persons reside within such area. Thereafter, at all times, at least one member of the board of adjustment shall reside outside of the corporate boundaries of the city or village but within its extraterritorial zoning jurisdiction. The board of adjustment shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to sections 19-901 to 19-914. Meetings of the board shall be held at the call of the chairperson and at such other times as the board may determine. Such chairperson, or in his or her absence the acting chairperson, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

19-909 Board of adjustment; appeals to board; record on appeal; hearing; stays.

Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown. The board of adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

19-910 Board of adjustment; powers; jurisdiction on appeal; variance; when permitted.

(1) The board of adjustment shall, subject to such appropriate conditions and safeguards as may be established by the legislative body, have only the follow-

ing powers: (a) To hear and decide appeals when it is alleged there is error in any order, requirement, decision, or determination made by an administrative official or agency based on or made in the enforcement of any zoning regulation or any regulation relating to the location or soundness of structures, except that the authority to hear and decide appeals shall not apply to decisions made under subsection (3) of section 19-929; (b) to hear and decide, in accordance with the provisions of any zoning regulation, requests for interpretation of any map; and (c) when by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of the enactment of the zoning regulations, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any enacted regulation under this section and sections 19-901, 19-903 to 19-904.01, and 19-908 would result in peculiar and exceptional practical difficulties to or exceptional and undue hardships upon the owner of such property, to authorize, upon an appeal relating to the property, a variance from such strict application so as to relieve such difficulties or hardship, if such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of any ordinance or resolution.

(2) No such variance shall be authorized by the board unless it finds that: (a) The strict application of the zoning regulation would produce undue hardship; (b) such hardship is not shared generally by other properties in the same zoning district and the same vicinity; (c) the authorization of such variance will not be of substantial detriment to adjacent property and the character of the district will not be changed by the granting of the variance; and (d) the granting of such variance is based upon reason of demonstrable and exceptional hardship as distinguished from variations for purposes of convenience, profit, or caprice. No variance shall be authorized unless the board finds that the condition or situation of the property concerned or the intended use of the property is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the zoning regulations.

(3) In exercising the powers granted in this section, the board may, in conformity with sections 19-901 to 19-915, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from, and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken. The concurring vote of four members of the board shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such regulation or to effect any variation in such regulation.

As such board of adjustment it shall adopt rules and procedures that are in harmony with sections 19-907 to 19-910, and shall have the powers and duties therein provided for the board of adjustment, and other parties shall have all the rights and privileges therein provided for. 19-912 Board of adjustment; appeal; procedure.

Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment, or any taxpayer, or any officer, department, board, or bureau of the municipality, may present to the district court a petition duly verified, setting forth that such decision is illegal, in whole or in part, and specifying the grounds of such illegality. Such petition must be presented to the court within fifteen days after the filing of the decision in the office of the board. Upon the filing of such petition a summons shall be issued and be served upon the board of adjustment, together with a copy of the petition. Return of service shall be made within four days after the issuance of the summons. Within ten days after the return day of such summons, the board of adjustment shall file an answer to said petition which shall admit or deny the substantial averments of the petition, and shall state the contentions of the board with reference to the matters in dispute as disclosed by the petition. The answer shall be verified in like manner as required for the petition. At the expiration of the time for filing answer, the court shall proceed to hear and determine the cause without delay and shall render judgment thereon according to the forms of law. If, upon the hearing, it shall appear to the court that testimony is

necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review. Said appeal to the district court shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order. Any appeal from such judgment of the district court shall be prosecuted in accordance with the general laws of the state regulating appeals in actions at law.

19-912.01 Zoning board of adjustment of a county; serve municipalities, when; board of zoning appeals.

The zoning board of adjustment of a county that has adopted a comprehensive development plan, as defined by section 23-114.02, and is enforcing zoning regulations based upon such a plan, shall, upon request of the governing body of a village or second-class city, serve as the zoning board of adjustment for such village or city of the second class in that county. A city of the first class may request that the county zoning board of adjustment of the county in which it is located serve as that city's zoning board of adjustment, and such county government shall comply with that request within ninety days. A municipality located in more than one county shall be served by request or otherwise only by the county zoning board of adjustment of the county in which the greatest area of the municipality is located, and the jurisdiction of such county zoning board of adjustment shall include all portions of the municipality and its area of extraterritorial control, regardless of county lines. In a county where there is a city of the primary class, the board of zoning appeals, created under section 23-174.09, may serve in the same capacity for all cities of the second class and villages in place of a zoning board of adjustment.

19-914 Zoning regulations; conflict with other laws; effect.

Whenever the regulations made under authority of sections 19-901 to 19-905 require a greater width or size of yards, courts or other open spaces, or require a lower height of building or less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other statute, local ordinance or regulation, the provisions of the regulations made under authority of said sections shall govern. Wherever the provisions of any other statute or local ordinance or regulation require a greater width or size of yards, courts or other open spaces, or require a lower height of building or a less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required by the regulations made under authority of said sections, the provisions of such statute, local ordinance or regulation shall govern.

(1) When any city of the first or second class or any village has enacted zoning regulations in accordance with statutory authority and as a part of such regulations has bounded and defined the various zoning or building districts with reference to a zoning map such zoning or building districts may from time to time, be changed, modified or terminated, or additional or different zoning or building districts may from time to time be created, changed, modified or terminated, by an appropriate amendatory action which describes the changed, modified, terminated or created zone or district or part thereof by legal description or metes and bounds, or by republishing a part only of the original zoning map, and without republishing the original zoning map as a part of the amendatory action and without setting forth and repealing the entire section or ordinance adopting the rezoning maps, or a part of the zoning map, as a part of

the amendatory action, notwithstanding the provisions of section 16-404 or 17-614.

(2) When any city of the first or second class or any village has, prior to March 21, 1969, changed the boundaries of a zoning or building district without compliance with section 16-404 or 17-614, any such amendments of the zoning ordinances shall stand as valid and subsisting amendments until repealed and the action of any such city or village in executing any such amendment is expressly ratified by the Legislature.

19-916 Additions; platting; procedure; rights and privileges of inhabitants; powers of legislative body; approval required; effect.

(1) The proprietor or proprietors of any land within the corporate limits of any city of the first or second class or village, or of any land within the area designated by a city of the first class pursuant to subsection (1) of section 16-902 or within the area designated by a city of the second class or village pursuant to subsection (1) of section 17-1002, may lay out such land into lots, blocks, streets, avenues, alleys, and other grounds under the name of ..... Addition to the City or Village of ....., and shall cause an accurate map or plat thereof to be made out, designating explicitly the land so laid out and particularly describing the lots, blocks, streets, avenues, alleys, and other grounds belonging to such addition. The lots shall be designated by numbers, and streets, avenues, and other grounds, by names or numbers. Such plat shall be acknowledged before some officer authorized to take the acknowledgments of deeds, and shall contain a dedication of the streets, alleys, and public grounds therein to the use and benefit of the public, and have appended a survey made by some competent surveyor with a certificate attached, certifying that he or she has accurately surveyed such addition and that the lots, blocks, streets, avenues, alleys, parks, commons, and other grounds are well and accurately staked off and marked. When such map or plat is so made out, acknowledged, and certified, and has been approved by the local legislative body, the same shall be filed and recorded in the office of the register of deeds and county assessor of the county.

(2) The legislative body may designate by ordinance an employee of such city or village to approve further subdivision of existing lots and blocks whenever all required public improvements have been installed, no new dedication of public rights-of-way or easements is involved, and such subdivision complies with the ordinance requirements concerning minimum areas and dimensions of such lots and blocks.

(3) Upon approval by the legislative body or its designated agent, such plat shall be equivalent to a deed in fee simple absolute to the municipality from the proprietor of all streets, avenues, alleys, public squares, parks and commons, and of such portion of the land as is therein set apart for public and municipal use, or is dedicated to charitable, religious, or educational purposes.

All additions thus laid out and previously located within the corporate boundaries of the municipality shall remain a part of the municipality.

(4) All additions laid out adjoining or contiguous to the corporate limits may be included within the corporate limits and become a part of such municipality for all purposes whatsoever at such time as the addition is approved if (a) after giving notice of the time and place of the hearing as provided in section 19-904,

the planning commission and the legislative body both hold public hearings on the inclusion of the addition within the corporate limits. Such hearings shall be separate from the public hearings held regarding approval of the addition and (b) the legislative body votes to approve the inclusion of the addition within the corporate boundaries of the municipality in a separate vote from the vote approving the addition. If the legislative body includes the addition within the corporate limits, the inhabitants of such addition shall be entitled to all the rights and privileges, and shall be subject to all the laws, ordinances, rules, and regulations of the municipality to which such land is an addition.

(5) The local legislative body shall have power by ordinance to provide the manner, plan, or method by which land within the corporate limits of any such municipality, or land within the area designated by a city of the first class pursuant to subsection (1) of section 16-902 or within the area designated by a city of the second class or village pursuant to subsection (1) of section 17-1002, may be subdivided, platted, or laid out, including a plan or system for the avenues, streets, or alleys to be laid out within or across the same, and to compel the owners of any such land in subdividing, platting, or laying out the same to conform to the requirements of the ordinance and to lay out and dedicate the avenues, streets, and alleys in accordance therewith. No addition shall have any validity, right, or privileges as an addition, and no plat of land or, in the absence of a plat, no instrument subdividing land within the corporate limits of any such municipality or of any land within the area designated by a city of the first class pursuant to subsection (1) of section 16-902 or within the area designated by a city of the second class or village pursuant to subsection (1) of section 17-1002, shall be recorded or have any force or effect, unless the same be approved by the legislative body, or its designated agent, and its or his or her approval endorsed thereon.

19-917 Additions; vacating; powers; procedure; costs.

Power is hereby given to such municipality through its governing body by proper ordinance therefor duly enacted to vacate any such existing plat and addition to the municipality or such part or parts thereof as such municipality may deem advantageous and best for its interests, and the power hereby granted shall be exercised by such municipality upon the petition of the owner or all the owners of lots or lands in such plat or addition. Such ordinance vacating such plat or addition shall specify whether, and, if any, what public highways, streets, alleys, and public grounds thereof are to be retained by such municipality; otherwise such ways, streets, and public grounds shall upon such vacation revert to the owner or owners of lots or lands abutting the same in proportion to the respective ownerships of such lots or grounds. In case of total or partial vacation of such plat or addition, the ordinance providing therefor

shall be, at the cost of the owner or owners, certified to the office of the register of deeds and be there recorded by the owner or owners. Whereupon said officer shall note such total or partial vacation of such plat or addition by writing in plain and legible letters upon such plat or portion thereof so vacated the word vacated, and also make on the same reference to the volume and page in which said ordinance of vacation is recorded; and the owner or owners of the lots and lands in a plat so vacated shall cause the same and the proportionate part of the abutting highway, streets, alleys and public grounds so vacated to be replatted and numbered by the city or county surveyor. When such replat so executed is acknowledged by such owner or owners and is recorded in the office of the register of deeds of such county such property so replatted may be conveyed and assessed by the numbers given in such replat.

19-918 Additions; subdivision; plat of streets; duty of owner to obtain approval.

No owner of real estate within the corporate limits of such municipality shall be permitted to subdivide, plat, or lay out said real estate into blocks, lots, streets, or other portions of the same intended to be dedicated for public use, or for the use of the purchasers or owners of lots fronting thereon or adjacent thereto, without first having obtained the approval thereof of the governing body of such municipality or its agent designated pursuant to section 19-916. Any and all additions to be made to the municipality shall be made, so far as the same relate to the avenues, streets, and alleys therein, under and in accordance with the provisions of sections 19-916 to 19-918.

19-919 Additions; subdivisions; plat; governing body; approve before recording; powers.

No plat of or instruments effecting the subdivision of real property described in section 19-918 shall be recorded or have any force and effect unless the same be approved by the governing body of such municipality or its agent designated pursuant to section 19-916. The governing body of such municipality shall have power, by ordinance, to provide the manner, plan, or method by which real property in any such area may be subdivided, platted, or laid out, including a plan or system for the avenues, streets, or alleys to be laid out within or across the same; and to prohibit the sale or offering for sale of, and the construction of buildings and other improvements on, any lots or parts of real property not subdivided, platted, or laid out as required in sections 19-918 and 19-920.

19-921 Subdivision, defined; where applicable.

For the purposes of sections 16-901 to 16-905 and 19-916 to 19-920, in the area where the municipality has a comprehensive plan and has adopted subdivision regulations pursuant thereto, subdivision shall mean the division of lot, tract, or parcel of land into two or more lots, sites, or other divisions of land for the purpose, whether immediate or future, of ownership or building development, except that the division of land shall not be considered to be a subdivision when the smallest parcel created is more than ten acres in area.

19-922 Legislative body of municipality; adopt building regulations; publish; reference to existing codes; ordinances open to public; ordinances to apply to entire municipal area.

The legislative body of any first- or second-class city or any village may adopt by ordinance, which shall have the force and effect of law, the conditions, provisions, limitations, and terms of a building code, a plumbing code, an electrical code, a fire prevention code, or any other code relating to building or relating to the erection, construction, reconstruction, alteration, repair, conversion, maintenance, placing, or using of any building, structure, automobile trailer, house trailer, or cabin trailer. The local legislative body shall, before such ordinance takes effect, cause such ordinance setting forth the code to be published one time in book or pamphlet form or in a legal newspaper published in and of general circulation in the municipality or, if none is published in the municipality, in a legal newspaper of general circulation in the municipality. The legislative body may by ordinance, which shall have the force and effect of law, amend such code so adopted. For this purpose, the local legislative body may adopt any standard code which contains rules or regulations printed as a code in book or pamphlet form, by reference to such code, or portions thereof, alone without setting forth in such ordinance the conditions, provisions, limitations, or terms of such code. When such code or any such standard code, or portion thereof, shall be incorporated by reference into any ordinance pursuant to this section, it shall have the same force and effect as though it has been spread at large in such ordinance without further or additional publication. At least one copy of such code or such standard code, or portion thereof, shall be filed for use and examination by the public in the office of the clerk of such municipality prior to its adoption. The adoption of any such standard code by reference shall be construed to incorporate such amendments as may be made from time to time if one copy of such standard code so filed shall be at all times kept current in the office of the clerk of the municipality. Any code adopted and approved by the local legislative body as provided in this section and the

building permit requirements or occupancy permit requirements imposed by any such code or by section 19-913 shall apply to all of the city or village and within the unincorporated area where a city or village has been granted zoning jurisdiction and is exercising such jurisdiction.

19-923 Municipality; notify board of education; when.

In order to provide for orderly school planning and development, a municipality considering the adoption or amendment of a zoning ordinance, or approval of the platting or replatting of any development of real estate, shall notify the board of education of each school district in which the real estate, or some part thereof, to be affected by such a proposal lies, of the next regular meeting of the planning commission at which such proposal is to be considered and shall submit a copy of the proposal to the board of education at least ten days prior to such meeting. The provisions of this section shall not apply to zoning, rezoning, or approval of plats by any city of the metropolitan or primary class, which has adopted a comprehensive subdivision ordinance pursuant to sections 14-115 and 14-116, or Chapter 15, articles 9 and 11. Plats of subdivisions approved by the agent of a municipality designated pursuant to section 19-916 shall not be subject to the notice requirement in this section.

19-924 Municipal planning; terms, defined.

For purposes of sections 19-924 to 19-933:

(1) Municipality or municipal shall mean or relate to cities of the first and second classes and villages;

(2) Mayor shall mean the chief executive of the municipality, whether the official designation of the office is mayor, chairperson, city manager, or otherwise; and

(3) Council shall mean the chief legislative body of the municipality.

City of first class has authority to carry out municipal planning. City of Grand Island v. Ehlers, 180 Neb. 331, 142 N.W.2d 770 (1966).

19-925 Municipal plan; planning commission; authorized.

Any municipality is hereby authorized and empowered to make, adopt, amend, extend, and carry out a municipal plan as provided in sections 19-924 to 19-933 and to create by ordinance a planning commission with the powers and duties set forth in such sections. The planning commission of a city shall be designated city planning commission or city plan commission, and the planning commission of a village shall be designated the village planning commission or village plan commission.

19-926 Planning commission; members; term; removal; vacancies; alternate members.

(1) The planning commission shall consist of nine regular members who shall represent, insofar as is possible, the different professions or occupations in the municipality and shall be appointed by the mayor, by and with the approval of a majority vote of the members elected to the council or the village board. Two of the regular members may be residents of the area over which the municipality is authorized to exercise extraterritorial zoning and subdivision regulation. When there is a sufficient number of residents in the area over which the municipality exercises extraterritorial zoning and subdivision regulation, one regular member of the commission shall be a resident from such area. If it is determined by the city council or village board that a sufficient number of residents reside in the area subject to extraterritorial zoning or subdivision regulation, and no such resident is a regular member of the commission, the first available vacancy on the commission shall be filled by the appointment of such an individual. For purposes of this section, a sufficient number of residents shall mean: (a) For a village, two hundred residents; (b) for a city of the second class, five hundred residents; and (c) for a city of the first class, one thousand residents. A number of commissioners equal to a majority of the number of regular members appointed to the commission shall constitute a quorum for the transaction of any business. All regular members of the commission shall serve without compensation and shall hold no other municipal office except when appointed to serve on the board of adjustment as provided in section 19-908. The term of each regular member shall be three years, except that three regular members of the first commission to be so appointed shall serve for terms of one year, three for terms of two years, and three for terms of three years. All regular members shall hold office until their successors are appointed. Any member may, after a public hearing before the council or village board, be removed by the mayor with the consent of a majority vote of the members elected to the council or village board for inefficiency, neglect of duty or malfeasance in office, or other good and sufficient cause. Vacancies occurring otherwise than through the expiration of term shall be filled for the unexpired portion of the term by the mayor.

(2) Notwithstanding the provisions of subsection (1) of this section, the planning commission for any city of the second class or village may have either five, seven, or nine regular members as the city council or village board of trustees establishes by ordinance. If a city or village planning commission has either five or seven regular members, approximately one-third of the regular members of the first commission shall serve for terms of one year, one-third for terms of two years, and one-third for terms of three years.

(3) A city of the first or second class or a village may, by ordinance, provide for the appointment of one alternate member to the planning commission who shall be chosen by the mayor with the approval of a majority vote of the elected members of the council or village board. The alternate member shall serve without compensation and shall hold no other municipal office. The term of the alternate member shall be three years, and he or she shall hold office until his or her successor is appointed and approved. The alternate member may be removed from office in the same manner as a regular member. If the alternate member position becomes vacant other than through the expiration of the term, the vacancy shall be filled for the unexpired portion of the term by the mayor with the approval of a majority vote of the elected members of the council or

village board. The alternate member may attend any meeting and may serve as a voting and participating member of the commission at any time when less than the full number of regular commission members is present and capable of voting.

19-927 Planning commission; organization; meetings; rules and regulations; records.

The commission shall elect its chairperson from its members and create and fill such other of its offices as it may determine. The term of the chairperson shall be one year, and he or she shall be eligible for reelection. The commission shall hold at least one regular meeting in each calendar quarter, except the municipal governing body may require the commission to meet more frequently and the chairperson of the commission may call for a meeting when necessary to deal with business pending before the commission. The commission shall adopt rules and regulations for the transaction of business and shall keep a record of its resolutions, transactions, findings, and determinations, which shall be a public record.

19-928 Planning commission; funds, equipment and accommodations; limit upon expenditures.

The council may provide the funds, equipment and accommodations necessary for the work of the commission, but the expenditures of the commission, exclusive of gifts, shall be within the amounts appropriated for that purpose by the council; and no expenditures nor agreements for expenditures shall be valid in excess of such amounts.

19-929 Planning commission; municipal governing body; powers and duties; appeal.

(1) Except as provided in sections 19-930 to 19-933, the planning commission shall (a) make and adopt plans for the physical development of the municipality, including any areas outside its boundaries which in the commission's judgment bear relation to the planning of such municipality and including a comprehensive development plan as defined by section 19-903, (b) prepare and adopt such implemental means as a capital improvement program, subdivision regulations, building codes, and a zoning ordinance in cooperation with other interested municipal departments, and (c) consult with and advise public officials and agencies, public utilities, civic organizations, educational institutions, and citizens with relation to the promulgation and implementation of the comprehensive development plan and its implemental programs. The commission may delegate authority to any such group to conduct studies and make surveys for the commission, make preliminary reports on its findings, and hold public hearings before submitting its final reports. The municipal governing body shall not take final action on matters relating to the comprehensive

development plan, capital improvements, building codes, subdivision development, the annexation of territory, or zoning until it has received the recommendation of the planning commission if such commission in fact has been created and is existent. The governing body shall by ordinance set a reasonable time within which the recommendation from the planning commission is to be received. A recommendation from the planning commission shall not be required for subdivision of existing lots and blocks whenever all required public improvements have been installed, no new dedication of public rights-of-way or easements is involved, and such subdivision complies with the ordinance requirements concerning minimum areas and dimensions of such lots and blocks, if the governing body has designated, by ordinance, an agent pursuant to section 19-916.

(2) The commission may, with the consent of the governing body, in its own name (a) make and enter into contracts with public or private bodies, (b) receive contributions, bequests, gifts, or grant funds from public or private sources, (c) expend the funds appropriated to it by the municipality, (d) employ agents and employees, and (e) acquire, hold, and dispose of property.

The commission may on its own authority make arrangements consistent with its program, conduct or sponsor special studies or planning work for any public body or appropriate agency, receive grants, remuneration, or reimbursement for such studies or work, and at its public hearings, summon witnesses, administer oaths, and compel the giving of testimony.

(3) The commission may grant conditional uses or special exceptions to property owners for the use of their property if the municipal governing body has, through a zoning ordinance or special ordinance, generally authorized the commission to exercise such powers and has approved the standards and procedures adopted by the commission for equitably and judiciously granting such conditional uses or special exceptions. The granting of a conditional use permit or special exception shall only allow property owners to put their property to a special use if it is among those uses specifically identified in the zoning ordinance as classifications of uses which may require special conditions or requirements to be met by the owners before a use permit or building permit is authorized. The power to grant conditional uses or special exceptions shall be the exclusive authority of the commission, except that the municipal governing body may choose to retain for itself the power to grant conditional uses or special exceptions for those classifications of uses specified in the zoning ordinance. The municipal governing body may exercise such power if it has formally adopted standards and procedures for granting such conditional uses or special exceptions in a manner that is equitable and will promote the public interest. An appeal of a decision by the commission or municipal governing body regarding a conditional use or special exception shall be made to the district court.

19-930 Interjurisdictional planning commission; assume powers and duties of planning commission; when.

(1) For any matter within the jurisdiction of a municipality's planning commission relating to that portion of the municipality's zoning jurisdiction as defined in section 16-901 or 17-1001 outside the corporate limits of the municipality which is within a county other than the county in which the municipality is located, the powers, duties, responsibilities, and functions of the planning commission of the municipality with regard to such matter shall be assumed by the municipality's interjurisdictional planning commission established under section 19-931 when the formation of such a commission is requested by either the municipality or the county within which the municipality is not located as provided in subsection (2) of this section.

(2) Any municipality exercising zoning jurisdiction as defined in section 16-901 or 17-1001 outside its corporate limits but within a county other than the county within which the municipality is located or the county within which such municipality is exercising such zoning jurisdiction may, by formal resolution of a majority of the voting members of its governing body, request the formation of an interjurisdictional planning commission to exercise the jurisdiction granted by sections 19-930 to 19-933. Such resolution shall be transmitted to the appropriate municipality or county and its receipt formally acknowledged.

19-931 Interjurisdictional planning commission; members; term; vacancies.

The interjurisdictional planning commission of a municipality shall consist of six members. Three members shall be chosen by the mayor of the municipality with the approval of the council from the membership of the municipality's planning commission. Three members shall be chosen by the county board of the county within which the municipality exercises zoning jurisdiction under the circumstances specified in section 19-930. The three members chosen by the county board shall be members of the county planning commission as described in section 23-114.01. Members of the interjurisdictional planning commission shall serve without compensation and without reimbursement for expenses incurred pursuant to carrying out sections 19-930 to 19-933 for terms of one year. Members shall hold office until their successors are appointed and qualified. Vacancies shall be filled by appointment by the body which appointed the member creating the vacancy.

19-932 Interjurisdictional planning commission; creation; elimination.

A municipality exercising zoning jurisdiction under the circumstances set out in section 19-930 shall create an interjurisdictional planning commission by ordinance within sixty days after the formal passage of a resolution pursuant to subsection (2) of section 19-930. All matters filed with the municipality within ninety days after such date which are properly within the jurisdiction of the interjurisdictional planning commission shall, after the effective date of the ordinance, be referred to such commission until such time as both the municipality and the county agree by majority vote of each governing body to eliminate the interjurisdictional planning commission and transfer its jurisdiction to the planning commission of the municipality.

The local governing body of any city of the first or second class or any village, subject to all the limitations set forth in sections 19-1301 to 19-1304, shall have the power to levy a tax of not to exceed ten and five-tenths cents on each one hundred dollars in any one year upon the taxable value of all the taxable property within such municipality for a term of not to exceed ten years, in addition to the amount of tax which may be annually levied for the purposes of the adopted budget statement of such municipality, for the purpose of establishing a sinking fund for the construction, purchase, improvement, extension, original equipment, or repair, not including maintenance, of any one or more of the following public improvements, including acquisition of any land incident to the making thereof: Municipal library; municipal auditorium or community house for social or recreational purposes; city or village hall; municipal public library, auditorium, or community house in a single building; municipal swimming pool and appurtenances thereto; municipal jail; municipal building to house equipment or personnel of a fire department, together with firefighting equipment or apparatus; municipal park; municipal cemetery; municipal medical clinic building, together with furnishings and equipment; or municipal hospital. No such city or village shall be authorized to levy the tax or to establish the sinking fund as provided in this section if, having bonded indebtedness, such city or village has been in default in the payment of interest thereon or principal thereof for a period of ten years prior to the date of the

passage of the resolution providing for the submission of the proposition for establishment of the sinking fund as required in section 19-1303.

19-1303 Sinking fund; resolution to establish; contents; election; laws governing.

Before any sinking fund or funds shall be established or before any annual tax shall be levied for planned municipal improvement mentioned in section 19-1302, by any such city or village, its local governing body shall declare its purpose by resolution to submit to the qualified electors of the city or village at the next general municipal election the proposition to provide such city or village with the specific municipal improvement planned for consummation under sections 19-1301 to 19-1304. Such resolution of submission shall, among other things, set forth a clear description of the improvement planned, the estimated cost according to the prevailing costs, the amount of annual levy over a definite period of years, not exceeding ten years, required to provide such cost, and the specific name or designation for the sinking fund sought to be established to carry out the planned improvement, together with a statement of the proposition for placement upon the ballot at such election. Notice of the submission of the proposition, together with a copy of the official ballot containing the same, shall be published in its entirety three successive weeks before the day of the election in a legal newspaper published in the municipality or, if no legal newspaper is published therein, in some legal newspaper published in the county in which such city or village is located and of general circulation. If no legal newspaper is published in the county, such notice shall be published in some legal newspaper of general circulation in the county in which the municipality is located. No such sinking fund shall be established unless the same shall have been authorized by a majority or more of the legal votes of such city or village cast for or against the proposition. If less than a majority of the legal votes favor the establishment of the sinking fund, the planned improvement shall not be made, no annual tax shall be levied therefor, and no sinking fund or sinking funds shall be established in connection therewith, but such resolution of submission shall immediately be repealed. If the proposition shall carry at such election in the manner prescribed in this section, the local governing body and its successors in office shall proceed to do all things authorized under such resolution of submission but never inconsistent with sections 19-1301 to 19-1304. Provisions of the statutes of this state relating to election of officers, voting places, election apparatus and blanks, preparation and form of ballots, information to voters, delivery of ballots, conduct of elections, manner of voting, counting of votes, records and certificates of elections, and recounts of votes, so far as applicable, shall apply to voting on the proposition under this section.

This section does not apply to creating a sinking fund for payment of interest and principal of bonds. Talbott v. City of Lyons, 171 Neb. 186, 105 N.W.2d 918 (1960).

19-1304 Sinking funds; investments authorized; limitation upon use.

All funds received by municipal treasurers, by donation or by tax levy, as hereinbefore provided, shall, as they accumulate, be immediately invested by said treasurer, with the written approval of the local governing body, in the manner provided in section 77-2341. Whenever investments of said sinking fund or funds are made, as aforesaid, the nature and character of the same shall be reported to the local governing body, and said investment report shall be made a matter of record by the municipal clerk in the proceedings of such local governing body. The sinking fund, or sinking funds, accumulated under the provisions of sections 19-1301 to 19-1304, shall constitute a special fund, or funds, for the purpose or purposes for which the same was authorized and shall not be used for any other purpose unless authorized by sixty percent of the qualified electors of said municipality voting at a general election favoring such change in the use of said sinking fund or sinking funds; *Provided,* that the question of the change in the use of said sinking fund or sinking funds, when it shall fail to carry, shall not be resubmitted in substance for a period of one year from and after the date of said election.

19-1305 Public utilities; extension and improvements; indebtedness; pledge of revenue; combined revenue bonds.

Any city of the first or second class or any village in the State of Nebraska, which owns and operates public utilities consisting of a waterworks plant, water system, sanitary sewer system, gas plant, gas system, electric light and power plant or electric distribution system, may pay for extensions and improvements to any of said public utilities by issuing and selling its combined revenue bonds and securing the payment thereof by pledging and hypothecating the revenue and earnings of any two or more of said public utilities and may enter into such contracts in connection therewith as may be necessary or proper. Such combined revenue bonds shall not be general obligations of the city or village issuing the same and no taxes shall be levied for their payment but said bonds shall be a lien only upon the revenue and earnings of the public utilities owned and operated by the municipality and which are pledged for their payment.

19-1306 Public utilities; plans and specifications; notice; contents; revenue bonds, sale; procedure; subsequent issuance of revenue bonds; procedure.

The governing body of such city or village shall first cause plans and specifications for said proposed extensions and improvements and an estimate of the cost thereof to be made by the city or village engineer or by a special engineer employed for that purpose. Such plans, specifications and estimate of cost, after being approved and adopted by the governing body, shall be filed with the city or village clerk and be open to public inspection. The governing body shall then, by resolution entered in the minutes of their proceedings, direct that public notice be given in regard thereto. This notice shall state: (1) The general nature of the improvements or extensions proposed to be made; (2)

that the plans, specifications and estimate thereof are on file in the office of the city or village clerk and are open to public inspection; (3) the estimated cost thereof; (4) that it has proposed to pay for the same by combined revenue bonds; (5) the principal amount of said bonds which it proposes to issue; (6) the maximum rate of interest which such bonds will bear; (7) that the payment of said bonds will be a lien upon and will be secured by a pledge of the revenue and earnings of certain public utilities; (8) the names of the utilities whose revenue and earnings are to be so pledged; (9) that any qualified elector of the city or village may file written objections to the issuance of said bonds with the city or village clerk within twenty days after the first publication of said notice; (10) that if such objections are filed within said time by qualified electors of the city or village, equal in number to forty percent of the electors of the city or village who voted at the last preceding general municipal election, the bonds will not be issued unless the issuance of such bonds is otherwise authorized in accordance with law; and (11) that if such objections are not so filed by such percentage of such electors, the governing body of such city or village proposes to pass an ordinance authorizing the sale of said bonds and making such contracts with reference thereto as may be necessary or proper. Such notice shall be signed by the city or village clerk and be published three consecutive weeks in a legal newspaper published or of general circulation in such city or village. Once combined revenue bonds have been issued pursuant to this section or section 18-1101, the procedure outlined in this section shall not be required to issue additional combined revenue bonds unless an additional public utility not previously included is to be combined with the bonds contemplated to be issued.

19-1307 Public utilities; combined revenue bonds; objections; submit to electors; effect.

If the electors of such city or village, equal in number to forty percent of the electors of said city or village voting at the last preceding general municipal election, file written objections to proposed issuance of combined revenue bonds with the city or village clerk within twenty days after the first publication of said notice, the governing body shall submit such proposition of issuing such bonds to the electors of such city or village at a special election called for that purpose or at a general city or village election, notice of which shall be given by publication in a legal newspaper published or of general circulation in such city or village three consecutive weeks. If a majority of the qualified electors of such city or village, voting upon the proposition, vote in favor of issuing such bonds, the governing body may issue and sell such combined revenue bonds and pledge, for the payment of same, the revenue and earnings of the public utilities owned and operated by the city or village, as proposed in such notice, and enter into such contracts in connection therewith as may be necessary or proper. Such bonds shall draw interest from and after the date of the issuance thereof. In the event the electors fail to approve the proposition by such majority vote, such proposition shall not be again submitted to the electors for their consideration until one year has elapsed from the date of said election.

19-1308 Sections, how construed.

Sections 19-1305 to 19-1308 are supplementary to existing statutes and confer upon and give to cities of the first and second class and villages powers not heretofore granted and sections 19-1305 to 19-1308 shall not be construed as repealing or amending any existing statute.

19-1309 Public funds; all-purpose levy; maximum limit.

Notwithstanding provisions in the statutes of Nebraska to the contrary, for any fiscal year the governing body of any city of the first class, city of the second class, or village may decide to certify to the county clerk for collection one all-purpose levy required to be raised by taxation for all municipal purposes instead of certifying a schedule of levies for specific purposes added together. Subject to the limits in section 77-3442, the all-purpose levy shall not exceed an annual levy of eighty-seven and five-tenths cents on each one hundred dollars for cities of the first class and one dollar and five cents on each one hundred dollars for cities of the second class and villages upon the taxable valuation of all the taxable property in such city or village. Otherwise authorized extraordinary levies to service and pay bonded indebtedness of such municipalities may be made by such municipalities in addition to such all-purpose levy.

19-1310 Public funds; all-purpose levy; allocation.

If the method provided in section 19-1309, is followed in municipal financing the municipalities shall allocate the amount so raised to the several departments of the municipality in its annual budget and appropriation ordinance, or in other legal manner, as the governing body of such municipality shall deem wisest and best.

19-1311 Public funds; all-purpose levy; length of time effective; abandonment.

Should any of such municipalities elect to follow the method provided in section 19-1309, it shall be bound by that election during the ensuing fiscal year but may abandon such method in succeeding fiscal years.

LIGHT, HEAT, AND ICE
(Applicable to all except cities of the metropolitan class.)

Section

19-1401 Municipal heat, light, and ice plants; construction; operation.

Primary cities, first-class cities, second-class cities, and villages shall have the power to purchase, construct, maintain and improve heating and lighting systems and ice plants for the use of their respective municipalities and the inhabitants thereof.

Source: Laws 1919, c. 181, § 1, p. 404; Laws 1921, c. 128, § 1, p. 538; C.S.1922, § 4396; C.S.1929, § 18-101.

City could not buy completely new power plant without an authorizing election. Nacke v. City of Hebron, 155 Neb. 739, 53 N.W.2d 564 (1952).

An action against village under declaratory judgment act alleging violation of above statute by the village board is not properly brought where members of such board are not made parties. Southern Nebraska Power Co. v. Village of Deshler, 130 Neb. 133, 264 N.W. 462 (1936).

Cities of the second class have power to purchase, construct, maintain, and improve lighting systems, but have neither express nor implied power to purchase and pay for them by pledge of future net earnings. Interstate Power Co. v. City of Ainsworth, 125 Neb. 419, 250 N.W. 649 (1933).

A city or village has power to construct and operate an electric light system for the purpose of furnishing lights and pumping water for the use of the city and its inhabitants. Bell v. City of David City, 94 Neb. 157, 142 N.W. 523 (1913).

The power of a city is not limited in constructing a plant to one costing not more than the amount of bonds that may be so issued. Village of Oshkosh v. Fairbanks, Morse & Co., 8 F.2d 329 (8th Cir. 1925).

19-1402 Municipal heat, light, and ice plants; cost; how defrayed.

The cost of such utilities may be defrayed by the levy of a tax of not to exceed three and five-tenths cents on each one hundred dollars upon the taxable value of all the taxable property in such city or village in any one year for a heating or lighting plant and of not to exceed two and one-tenth cents on each one hundred dollars upon the taxable value of all the taxable property in such city or village in any one year for an ice plant, or when such tax is insufficient for the purpose, the cost of such utilities may be defrayed by the issuance of bonds of the municipality.

Two methods are provided of raising funds for a heating or lighting plant, one by a direct levy of a tax and the other by a bond issue, but this section does not provide specifically any method for raising funds to maintain and improve them. Interstate Power Co. v. City of Ainsworth, 125 Neb. 419, 250 N.W. 649 (1933).

Where a city of the second class has on hand sufficient available money it may use the same to pay the purchase price of a municipal lighting utility. The word ''may'' in the statute authorizing such city to defray the cost of a municipal lighting plant by means of a tax levy or a bond issue does not necessarily mean ''shall'' or exclude other methods. Carr v. Fenstermacher, 119 Neb. 172, 228 N.W. 114 (1929).

A city was required to levy a tax for the payment of a judgment for amount of cost of constructing two utility plants in excess of bonds the city was authorized to issue. Village of Oshkosh v. State of Nebraska ex rel. Fairbanks, Morse & Co., 20 F.2d 621 (8th Cir. 1927).

The power of a city is not limited to construct a plant to one costing not more than the amount of bonds that may be so issued. Village of Oshkosh v. Fairbanks, Morse & Co., 8 F.2d 329 (8th Cir. 1925).

19-1403 Municipal heat, light, and ice plants; bonds; interest; amount; approval of electors; tax.

The question of issuing bonds for any of the purposes mentioned in section 19-1401 shall be submitted to the electors at an election held for that purpose after not less than thirty days' notice thereof has been given (1) by publication in some newspaper published and of general circulation in such municipality or (2) if no newspaper is published therein, by posting in five or more public places therein. Such bonds may be issued only when a majority of the electors voting on the question favor their issuance. They shall bear interest, payable annually or semiannually, and shall be payable at any time the municipality may determine at the time of their issuance but in not more than twenty years after their issuance. The aggregate amount of bonds that may be issued for the construction or the purchase of a heating or lighting plant shall not exceed four percent of the taxable value of the assessed property and, for the construction or purchase of an ice plant, shall not exceed one percent of the taxable value of the assessed property within such municipality, as shown by the last annual assessment. The council or board shall levy annually a sufficient tax to maintain, operate, and extend any system or plant and to provide for the payment of the interest on and principal of any bonds that may have been or shall be issued as provided in this section.

An action against village under declaratory judgment act alleging violation of above statute by the village board is not properly brought where members of such board are not made parties. Southern Nebraska Power Co. v. Village of Deshler, 130 Neb. 133, 264 N.W. 462 (1936).

This section has no application to raising funds or issuing bonds to maintain or improve a light plant. Interstate Power Co. v. City of Ainsworth, 125 Neb. 419, 250 N.W. 649 (1933).

The procedure prescribed hereby for issuing bonds is not applicable where equipment for municipal lighting plant is paid for out of funds on hand and net earnings of plant. Carr v. Fenstermacher, 119 Neb. 172, 228 N.W. 114 (1929).

A writ of mandamus was issued compelling the Auditor of Public Accounts to register bonds, when issued within scope of general powers of a city to pay debt incurred for repair and restoration of light plant even though no previous appropriation was made for the debt. State ex rel. City of Tekamah v. Marsh, 108 Neb. 835, 189 N.W. 381 (1922).

The provisions of the city charter of cities having a population of from five thousand to twenty-five thousand inhabitants at the time of the submission and election must govern and be complied with. Brownfield v. City of Kearney, 94 Neb. 419, 143 N.W. 475 (1913).

INCOMPLETELY PERFORMED CONTRACTS
(Applicable to all except cities of the metropolitan class.)

19-1501 Incompletely performed contracts; acceptance; tax levy; bond issue.

In all cases where a primary city, a city of the first or second class, or village has heretofore entered into a contract for paving or otherwise improving a street or streets therein, or for the construction or improvement of a system of waterworks or sanitary or storm sewers, and the contract has not been completed on account of any order or regulation issued by the United States or any board or agency thereof, such city or village may accept that part of the work which has been completed, levy special assessments and taxes, and issue bonds to pay the cost of the work so completed and accepted, in the same manner and on the same conditions as if said contract had been fully completed.

19-1826 Terms, defined.

As used in the Civil Service Act, unless the context otherwise requires:

(1) Commission shall mean a civil service commission created pursuant to the Civil Service Act, and commissioner shall mean a member of such commission;

(2) Appointing authority shall mean: (a) In a mayor and council form of government, the mayor with the approval of the council, except to the extent that the appointing authority is otherwise designated by ordinance to be the mayor or city administrator; (b) in a commission form of government, the mayor and city council or village board; (c) in a village form of government, the village board; and (d) in a city manager plan of government, the city manager;

(3) Appointment shall mean all means of selecting, appointing, or employing any person to hold any position or employment subject to civil service;

(4) Municipality shall mean all cities and villages specified in subsection (1) of section 19-1827 having full-time police officers or full-time firefighters;

(5) Governing body shall mean: (a) In a mayor and council form of government, the mayor and council; (b) in a commission form of government, the mayor and council or village board; (c) in a village form of government, the

village board; and (d) in a city manager plan of government, the mayor and council;

(6) Full-time police officers shall mean police officers in positions which require certification by the Nebraska Law Enforcement Training Center, created pursuant to section 81-1402, who have the power of arrest, who are paid regularly by a municipality, and for whom law enforcement is a full-time career, but shall not include clerical, custodial, or maintenance personnel;

(7) Full-time firefighter shall mean duly appointed firefighters who are paid regularly by a municipality and for whom firefighting is a full-time career, but shall not include clerical, custodial, or maintenance personnel who are not engaged in fire suppression;

(8) Promotion or demotion shall mean changing from one position to another, accompanied by a corresponding change in current rate of pay; and

(9) Position shall mean an individual job which is designated by an official title indicative of the nature of the work.

Fully paid fire department means a fire department having members paid regularly by city and devoting their whole time to firefighting. State ex rel. Retchless v. Cook, 181 Neb. 863, 152 N.W.2d 23 (1967).

By definition contained in this section, employee is required to devote his whole time to firefighting or law enforcement. Dlouhy v. City of Fremont, 175 Neb. 115, 120 N.W.2d 590 (1963).

19-1827 Civil service commission; applicability; members; appointment; compensation; term; removal; appeal; quorum.

(1) There is hereby created, in cities in the State of Nebraska having a population of more than five thousand and having full-time police officers or full-time firefighters, a civil service commission, except in cities with a population in excess of forty thousand which have or may adopt a home rule charter pursuant to sections 2 to 5 of Article XI of the Constitution of this state. Any city or village having a population of five thousand or less may adopt the Civil Service Act and create a civil service commission by a vote of the electors of such city or village. If any city of the first class which established a civil service commission decreases in population to less than five thousand, as determined by the latest federal census, and continues to have full-time police officers or full-time firefighters, the civil service commission shall be continued for at least four years, and thereafter continued at the option of the local governing body of such city. The members of such commission shall be appointed by the appointing authority.

(2) The governing body shall by ordinance determine if the commission shall be comprised of three or five members. The members of the civil service commission shall serve without compensation. No person shall be appointed a member of such commission who is not a citizen of the United States, a resident of such municipality for at least three years immediately preceding such appointment, and an elector of the county wherein such person resides. If the commission is comprised of three members, the term of office of such commissioners shall be six years, except that the first three members of such commission shall be appointed for different terms, as follows: One to serve for a period of two years, one to serve for a period of four years, and one to serve for a period of six years. If the commission is comprised of five members, the term of office of such members shall be for five years, except that the first members

of such commission shall be appointed for different terms, as follows: One to serve for a period of one year, one to serve for a period of two years, one to serve for a period of three years, one to serve for a period of four years, and one to serve for a period of five years. If the municipality determines by ordinance to change from a three-member commission to a five-member commission, or from a five-member commission to a three-member commission, the members of the commission serving before the effective date of such ordinance shall hold office until reappointed or their successors are appointed.

(3) Any member of the civil service commission may be removed from office for incompetency, dereliction of duty, malfeasance in office, or other good cause by the appointing authority, except that no member of the commission shall be removed until written charges have been preferred, due notice given such member, and a full hearing had before the appointing authority. Any member so removed shall have the right to appeal to the district court of the county in which such commission is located, which court shall hear and determine such appeal in a summary manner. Such an appeal shall be only upon the ground that such judgment or order of removal was not made in good faith for cause, and the hearing on such appeal shall be confined to the determination of whether or not it was so made.

(4) The members of the civil service commission shall devote due time and attention to the performance of the duties specified and imposed upon them by the Civil Service Act. Two commissioners in a three-member commission and three commissioners in a five-member commission shall constitute a quorum for the transaction of business. Confirmation of the appointment or appointments of commissioners, made under subsection (1) of this section, by any other legislative body shall not be required. At the time of any appointment, not more than two commissioners of a three-member commission, or three commissioners of a five-member commission, including the one or ones to be appointed, shall be registered electors of the same political party.

Procedure regulating discharge of city employee in classified civil service is governed by the Nebraska Civil Service Act. Wachtel v. Fremont Civil Service Commission, 190 Neb. 49, 206 N.W.2d 56 (1973).

This article prescribes civil service for cities having a full paid fire or police department. State ex rel. Retchless v. Cook, 181 Neb. 863, 152 N.W.2d 23 (1967).

Civil Service Act is applicable to all cities having a full paid fire or police department. Dlouhy v. City of Fremont, 175 Neb. 115, 120 N.W.2d 590 (1963).

19-1828 Application of act.

The Civil Service Act shall apply to all municipalities, as defined in section 19-1826, in the State of Nebraska specified in subsection (1) of section 19-1827. All present full-time firefighters and full-time police officers of such municipalities and future appointees to such full-time positions shall be subject to civil service.

19-1829 Employees subject to act; appointment; promotion.

The Civil Service Act shall only apply to full-time firefighters or full-time police officers of each municipality, including any paid full-time police or fire chief of such department. All appointments to and promotions in such department shall be made solely on merit, efficiency, and fitness, which shall be ascertained by open competitive examination and impartial investigation. If the appointing authority fills a vacancy in a position subject to the Civil Service Act, the appointing authority shall consider factors including, but not limited to:

(1) The multiple job skills recently or currently being performed by the applicant which are necessary for the position;

(2) The knowledge, skills, and abilities of the applicant which are necessary for the position;

(3) The performance appraisal of any applicant who is already employed in the department, including any recent or pending disciplinary actions involving the employee;

(4) The employment policies and staffing needs of the department together with contracts, ordinances, and statutes related thereto;

(5) Required federal, state, or local certifications or licenses necessary for the position; and

(6) The qualifications of the applicants who are already employed in the department and have successfully completed all parts of the examination for the position. No person shall be reinstated in or transferred, suspended, or discharged from any such position or employment contrary to the Civil Service Act.

Civil Service Act applies to cities of first class having home rule charters. Simpson v. City of Grand Island, 166 Neb. 393, 89 N.W.2d 117 (1958).

19-1830 Civil service commission; organization; meetings; appointment; discharge; duties of commission; enumeration; rules and regulations.

(1) Immediately after the appointment of the commission, and annually thereafter, the commission shall organize by electing one of its members chairperson. The commission shall hold meetings as may be required for the proper discharge of its duties. The commission shall appoint a secretary and a chief examiner who shall keep the records of the commission, preserve all reports made to it, superintend and keep a record of all examinations held under its direction, and perform such other duties as the commission may prescribe. The commission may merge the positions of secretary and chief examiner and appoint one person to perform the duties of both positions. If the municipality has a personnel officer, the commission shall appoint such personnel officer as secretary and chief examiner, if requested to do so by the appointing authority. The secretary and chief examiner shall be subject to suspension or discharge upon the vote of a majority of the appointed members of the commission.

(2) The commission shall adopt and promulgate procedural rules and regulations consistent with the Civil Service Act. Such rules and regulations shall provide in detail the manner in which examinations may be held and any other

matters assigned by the appointing authority. At least one copy of the rules and regulations, and any amendments, shall be made available for examination and reproduction by members of the public. One copy of the rules and regulations and any amendments shall be given to each full-time firefighter and full-time police officer.

(3) The commission shall provide that all tests shall be practical and consist only of subjects which will fairly determine the capacity of persons who are to be examined to perform the duties of the position to which an appointment is to be made and may include, but not be limited to, tests of physical fitness and of manual skill and psychological testing.

(4) The commission shall provide, by the rules and regulations, for a credit of ten percent in favor of all applicants for an appointment under civil service who, in time of war or in any expedition of the armed forces of the United States, have served in and been discharged or otherwise separated with a characterization of honorable or general (under honorable conditions) from the armed forces of the United States and who have equaled or exceeded the minimum qualifying standard established by the appointing authority. These credits shall only apply to entry-level positions as defined by the appointing authority.

(5) The commission may conduct an investigation concerning and report upon all matters regarding the enforcement and effect of the Civil Service Act and the rules and regulations prescribed. The commission may inspect all institutions, departments, positions, and employments affected by such act to determine whether such act and all such rules and regulations are being obeyed. Such investigations may be conducted by the commission or by any commissioner designated by the commission for that purpose. The commission shall also make a like investigation on the written petition of a citizen, duly verified, stating that irregularities or abuses exist or setting forth, in concise language, the necessity for such an investigation. The commission may be represented in such investigations by the municipal attorney, if authorized by the appointing authority. If the municipal attorney does not represent the commission, the commission may be represented by special counsel appointed by the commission in any such investigation. In the course of such an investigation, the commission, designated commissioner, or chief examiner shall have the power to administer oaths, issue subpoenas to require the attendance of witnesses and the production by them of books, papers, documents, and accounts appertaining to the investigation, and to cause the deposition of witnesses, residing within or without the state, to be taken in the manner prescribed by law for like depositions in civil actions in the courts of this state. The oaths administered and subpoenas issued shall have the same force and effect as the oaths administered by a district judge in a judicial capacity and subpoenas issued by the district courts of Nebraska. The failure of any person so subpoenaed to comply shall be deemed a violation of the Civil Service Act and be punishable as such. No investigation shall be made pursuant to this section if there is a written accusation concerning the same subject matter against a person in the civil service. Such accusations shall be handled pursuant to section 19-1833.

(6) The commission shall provide that all hearings and investigations before the commission, designated commissioner, or chief examiner shall be governed by the Civil Service Act and the rules of practice and procedure to be adopted by the commission. In the conduct thereof, they shall not be bound by the

technical rules of evidence. No informality in any proceedings or hearing or in the manner of taking testimony shall invalidate any order, decision, rule, or regulation made, approved, or confirmed by the commission, except that no order, decision, rule, or regulation made by any designated commissioner conducting any hearing or investigation alone shall be of any force or effect unless it is concurred in by a majority of the appointed members of the commission, including the vote of any commissioner making the investigation.

(7) The commission shall establish and maintain a roster of officers and employees.

(8) The commission shall provide for, establish, and hold competitive tests to determine the relative qualifications of persons who seek employment in any position and, as a result thereof, establish eligible lists for the various positions.

(9) The commission shall make recommendations concerning a reduction-in-force policy to the governing body or city manager in a city manager plan of government. The governing body or city manager in a city manager plan of government shall consider such recommendations, but shall not be bound by them in establishing a reduction-in-force policy. Prior to the adoption of a reduction-in-force policy, the governing body or, in the case of a city manager plan, the city manager and the governing body shall, after giving reasonable notice to each police officer and firefighter by first-class mail, conduct a public hearing.

(10) The governing body shall in all municipalities, except those with a city manager plan in which the city manager shall, adopt a reduction-in-force policy which shall consider factors including, but not limited to:

(a) The multiple job skills recently or currently being performed by the employee;

(b) The knowledge, skills, and abilities of the employee;

(c) The performance appraisal of the employee including any recent or pending disciplinary actions involving the employee;

(d) The employment policies and staffing needs of the department together with contracts, ordinances, and statutes related thereto;

(e) Required federal, state, or local certifications or licenses; and

(f) Seniority.

(11) The commission shall keep such records as may be necessary for the proper administration of the Civil Service Act.

19-1831 Civil service; applicant for position; qualifications; fingerprints; when required; restrictions on release.

(1) An applicant for a position of any kind under civil service shall be able to read and write the English language, meet the minimum job qualifications of the position as established by the appointing authority, and be of good moral character. An applicant shall be required to disclose his or her past employment history and his or her criminal record, if any, and submit a full set of his

or her fingerprints and a written statement of permission authorizing the appointing authority to forward the fingerprints for identification. Prior to certifying to the appointing authority the names of the persons eligible for the position or positions, the commission shall validate the qualifications of such persons.

(2) The appointing authority shall require an applicant, as part of the application process, to submit a full set of his or her fingerprints along with written permission authorizing the appointing authority to forward the fingerprints to the Federal Bureau of Investigation through the Nebraska State Patrol, for identification. The fingerprint identification shall be solely for the purpose of confirming information provided by the applicant.

(3) Any fingerprints received by the commission or appointing authority pursuant to a request made under subsection (2) of this section and any information in the custody of the commission or appointing authority resulting from inquiries or investigations made with regard to those fingerprints initiated by the commission or appointing authority shall not be a public record within the meaning of sections 84-712 to 84-712.09 and shall be withheld from the public by the lawful custodians of such fingerprints and information and shall only be released to those lawfully entitled to the possession of such fingerprints and information. Any member, officer, agent, or employee of the commission, appointing authority, or municipality who comes into possession of fingerprints and information gathered pursuant to subsection (2) of this section shall be an official within the meaning of section 84-712.09.

19-1832 Civil service; employees; discharge; demotion; grounds.

The tenure of a person holding a position of employment under the Civil Service Act shall be only during good behavior. Any such person may be removed or discharged, suspended with or without pay, demoted, reduced in rank, or deprived of vacation, benefits, compensation, or other privileges, except pension benefits, for any of the following reasons:

(1) Incompetency, inefficiency, or inattention to or dereliction of duty;

(2) Dishonesty, prejudicial conduct, immoral conduct, insubordination, discourteous treatment of the public or a fellow employee, any act of omission or commission tending to injure the public service, any willful failure on the part of the employee to properly conduct himself or herself, or any willful violation of the Civil Service Act or the rules and regulations adopted pursuant to such act;

(3) Mental or physical unfitness for the position which the employee holds;

(4) Drunkenness or the use of intoxicating liquors, narcotics, or any other habit-forming drug, liquid, or preparation to such an extent that the use interferes with the efficiency or mental or physical fitness of the employee or precludes the employee from properly performing the functions and duties of his or her position;

(5) Conviction of a felony or misdemeanor tending to injure the employee's ability to effectively perform the duties of his or her position; or

(6) Any other act or failure to act which, in the judgment of the civil service commissioners, is sufficient to show the offender to be an unsuitable and unfit person to be employed in the public service.

The Civil Service Act prohibits the suspension or discharge of employees for political or religious reasons but provides they may be suspended or discharged for any of the reasons listed herein. Sailors v. City of Falls City, 190 Neb. 103, 206 N.W.2d 566 (1973).

The tenure of an employee is only during good behavior. Ackerman v. Civil Service Commission, 177 Neb. 232, 128 N.W.2d 588 (1964).

19-1833 Civil service; employees; discharge; demotion; procedure; investigation; appeal.

(1) No person in the civil service who shall have been permanently appointed or inducted into civil service under the Civil Service Act shall be removed, suspended, demoted, or discharged except for cause and then only upon the written accusation of the police or fire chief, appointing authority, or any citizen or taxpayer.

(2) The governing body of the municipality shall establish by ordinance procedures for acting upon such written accusations and the manner by which suspensions, demotions, removals, discharges, or other disciplinary actions may be imposed by the appointing authority. At least one copy of the rules and regulations, and any amendments to such rules and regulations, shall be made available for examination and reproduction by members of the public. One copy of the rules and regulations and any such amendments shall be given to each full-time firefighter and full-time police officer.

(3) Any person so removed, suspended, demoted, or discharged may, within ten days after being notified by the appointing authority of such removal, suspension, demotion, or discharge, file with the commission a written demand for an investigation, whereupon the commission shall conduct such investigation. The governing body of the municipality shall establish procedures by ordinance consistent with this section by which the commission shall conduct such investigation. At least one copy of the rules and regulations, and any amendments to such rules and regulations, shall be made available for examination and reproduction by members of the public. One copy of the rules and regulations and any such amendments shall be given to each full-time firefighter and full-time police officer. Such procedures shall comply with minimum due process requirements. The commission may be represented in such investigation and hearing by the municipal attorney if authorized by the appointing authority. If the municipal attorney does not represent the commission, the commission may be represented by special counsel appointed by the commission for any such investigation and hearing. The investigation shall be confined to the determination of the question of whether or not such removal, suspension, demotion, or discharge was made in good faith for cause which shall mean that the action was not arbitrary or capricious and was not made for political or religious reasons.

(4) After such investigation, the commission shall hold a public hearing after giving reasonable notice to the accused of the time and place of such hearing. Such hearing shall be held not less than ten or more than twenty days after

filing of the written demand for an investigation and a decision shall be rendered no later than ten days after the hearing. At such hearing the accused shall be permitted to appear in person and by counsel and to present his or her defense. The commission may affirm the action taken if such action of the appointing authority is supported by a preponderance of the evidence. If it shall find that the removal, suspension, demotion, or discharge was made for political or religious reasons or was not made in good faith for cause, it shall order the immediate reinstatement or reemployment of such person in the position or employment from which such person was removed, suspended, demoted, or discharged, which reinstatement shall, if the commission in its discretion so provides, be retroactive and entitle such person to compensation and restoration of benefits and privileges from the time of such removal, suspension, demotion, or discharge. The commission upon such hearing, in lieu of affirming the removal, suspension, demotion, or discharge, may modify the order of removal, suspension, demotion, or discharge by directing a suspension, with or without pay, for a given period and the subsequent restoration to duty or demotion in position or pay. The findings of the commission shall be certified in writing to and enforced by the appointing authority.

(5) If such judgment or order be concurred in by the commission or a majority thereof, the accused or governing body may appeal to the district court. Such appeal shall be taken within forty-five days after the entry of such judgment or order by serving the commission with a written notice of appeal stating the grounds and demanding that a certified transcript of the record and all papers, on file in the office of the commission affecting or relating to such judgment or order, be filed by the commission with such court. The commission shall, within ten days after the filing of such notice, make, certify, and file such transcript with and deliver such papers to the district court. The district court shall proceed to hear and determine such appeal in a summary manner. The hearing shall be confined to the determination of whether or not the judgment or order of removal, discharge, demotion, or suspension made by the commission was made in good faith for cause which shall mean that the action of the commission was based upon a preponderance of the evidence, was not arbitrary or capricious, and was not made for political or religious reasons. No appeal to such court shall be taken except upon such ground or grounds.

If such appeal is taken by the governing body and the district court affirms the decision of the commission, the municipality shall pay to the employee court costs and reasonable attorney's fees incurred as a result of such appeal and as approved by the district court. If such appeal is taken by the governing body and the district court does not affirm the decision of the commission, the court may award court costs and reasonable attorney's fees to the employee as approved by the district court.

19-1834 Civil service; municipality provide facilities and assistance.

The municipality shall afford the commission and its members and employees all reasonable facilities and assistance to inspect all books, papers, documents, and accounts applying or in any way appertaining to any and all positions and employments subject to civil service and shall produce such books, papers, documents, and accounts. All municipal officers and employees shall attend and testify whenever required to do so by the commission, the accused, or the appointing authority.

19-1835 Civil service; vacancies; procedure.

(1) Whenever a position subject to the Civil Service Act becomes vacant, the appointing authority shall make requisition upon the commission for the names and addresses of the persons eligible for appointment and may decline to fill such vacancy for an indefinite period.

(2) The commission, upon request of the appointing authority, shall establish and maintain a list, for a period of time established by the appointing authority, of those eligible for appointment to or promotion within the department. Such list shall be established and maintained through the open competitive examinations required by section 19-1829, with the time and date of any examination to be established by the appointing authority. Any person having satisfactorily passed the examination for any position shall be placed on the list of those eligible for appointment or promotion to such position.

(3) Upon the request of the appointing authority, the commission shall certify the names of the persons who are the three highest on the eligible list, following the most recent examination, and whose qualifications have been validated by the commission for the vacant position. If fewer than three names are on the eligible list the commission shall certify those that do appear. If the commission certifies fewer than three names for each vacancy to the appointing authority, the appointing authority may appoint one of such persons to fill the vacancy, may decline to fill the vacancy, or may order that another examination be held by the civil service commission.

(4) If a vacancy occurs and there is no eligible list for the position or if the commission has not certified persons from the eligible list, a temporary appointment may be made by the appointing authority. Such temporary appointment shall not continue for a period longer than four months. No person shall receive more than one temporary appointment or serve more than four months as a temporary appointee in any one fiscal year.

(5) To enable the appointing authority to exercise a choice in the filling of positions, no appointment, employment, or promotion in any position in the service shall be deemed complete until after the expiration of a period of three to six months' probationary service for firefighters and not less than six months nor more than one year after certification by the Nebraska Law Enforcement Training Center for police officers, as may be provided in the rules of the civil service commission, during which time the appointing authority may terminate the employment of the person appointed by it if, during the performance test thus afforded and upon an observation or consideration of the performance of duty, the appointing authority deems such person unfit or unsatisfactory for service in the department. The appointing authority may appoint one of the other persons certified by the commission and such person shall likewise enter upon such duties until some person is found who is fit for appointment, employment, or promotion for the probationary period provided and then the appointment, employment, or promotion shall be complete.

Civil service commission acted within bounds of its discretion in giving original entrance rather than promotion examination in selecting candidates for fire chief. Short v. Kissinger, 184 Neb. 491, 168 N.W.2d 917 (1969).

19-1836 Civil service; creation or elimination of positions.

All positions subject to the Civil Service Act shall be created or eliminated by the governing body of the municipality. The Civil Service Act shall not be construed to infringe upon the power and authority of (1) the governing body of the municipality to establish pursuant to section 16-310, 17-108, or 17-209 the salaries and compensation of all employees employed hereunder or (2) the city manager, pursuant to Chapter 19, article 6, to establish the salaries and compensation of employees within the compensation schedule or ranges established by the governing body for the positions.

19-1838 Civil service; leave of absence.

A leave of absence, with or without pay, may be granted by the appointing authority to any person under civil service. The appointing authority shall give notice of such leave to the commission. All appointments for temporary employ-

ment resulting from such leaves of absence shall be made from the eligible list, if any, of the civil service.

19-1839 Civil service commission; conduct of litigation; representation.

It shall be the duty of the commission to begin and conduct all civil suits which may be necessary for the proper enforcement of the Civil Service Act and of the rules of the commission. The commission may be represented in such suits and all investigations pursuant to the Civil Service Act by the municipal attorney if authorized by the appointing authority. If the municipal attorney does not represent the commission, the commission may be represented by special counsel appointed by it in any particular case.

19-1841 Civil service; political service disregarded.

No person holding any position subject to civil service shall be under any obligation to contribute to any political fund or to render any political service to any person or party whatsoever. No person shall be removed, reduced in position or salary, or otherwise prejudiced for refusing so to do. No public officer, whether elected or appointed, shall discharge, promote, demote, or in any manner change the official rank, employment, or compensation of any person under civil service, or promise or threaten to do so, for giving, withholding, or neglecting to make any contribution of money, services, or any other valuable thing for any political purpose.

19-1842 Municipality; duty to enact appropriate legislation; failure; effect.

Any municipality subject to the Civil Service Act shall, after September 6, 1985, enact appropriate legislation for carrying into effect such act. The failure

of the governing body of any such municipality to do so shall be a violation of the Civil Service Act and shall be punishable as such.

19-1843 Municipality; duty to provide quarters and equipment; failure; effect.

The governing body of every municipality subject to the Civil Service Act shall provide the commission with suitable and convenient rooms and accommodations and cause the same to be furnished, heated, lighted, and supplied with all office supplies and equipment necessary to carry on the business of the commission and with such clerical assistance as may be necessary, all of which is to be commensurate with the number of persons in each such municipality subject to the Civil Service Act. Failure upon the part of the governing body to do so shall be a violation of the Civil Service Act and shall be punishable as such.

19-1845 Commission; duty to organize; rules and regulations; failure; effect.

It shall be the duty of each commission appointed subject to the Civil Service Act to immediately organize and adopt and promulgate procedural rules and regulations, consistent with the purpose of such act, to carry out such act. The failure upon the part of such commission or any individual member to do so shall be a violation of the Civil Service Act and shall be punishable as such.

The commission must timely make rules and regulations but absence of such does not prevent discharge for reasons set out in statute. Sailors v. City of Falls City, 190 Neb. 103, 206 N.W.2d 566 (1973).

19-1846 Municipality; duty to make appropriation.

It shall be the duty of each municipality subject to the Civil Service Act to appropriate each fiscal year, from the general funds of such municipality, a sum of money sufficient to pay the necessary expenses involved in carrying out the purposes of such act, including, but not limited to, reasonable attorney's fees for any special counsel appointed by the commission when the municipal attorney is not authorized by the appointing authority to represent the commission. The appointing authority may establish the hourly or monthly rate of pay of such special counsel.

GARBAGE DISPOSAL
(Applicable to cities of the first or second class and villages.)

Section

19-2101 Garbage disposal plants, systems and solid waste disposal areas; construction and maintenance; acquisition; eminent domain.

Cities of the first class, cities of the second class and villages shall have the power to purchase, construct, maintain and improve garbage disposal plants, systems or solid waste disposal areas, and purchase equipment for the operation thereof, for the use of their respective municipalities and the inhabitants thereof, and are hereby authorized and empowered to lease or to take land in fee within their corporate limits or without their corporate limits by donation, gift, devise, purchase or appropriation for rights-of-way and for construction and operation of such a disposal plant, system or solid waste disposal area.

19-2103 Garbage disposal plants, systems and solid waste disposal areas; issuance of bonds; limitation on amount.

The question of issuing bonds for the purpose herein contemplated shall be submitted to the electors at any election held for that purpose, after not less than thirty days' notice thereof shall have been given by publication in some newspaper published and of general circulation in such municipality or, if no newspaper is published therein, then by posting in five or more public places therein. Such bonds may be issued only when a majority of the electors voting on the question approve their issuance. The bonds shall bear interest payable annually or semiannually, and shall be payable at any time the municipality may determine at the time of their issuance, but in not more than twenty years after their issuance. The aggregate amount of bonds that may be issued for the construction, installation or purchase of a garbage disposal plant, system or solid waste disposal area shall not exceed five percent of the taxable value of the property within such municipality as shown by the last annual assessment.

ARTICLE 22

CORRECTION OF CORPORATE LIMITS
(Applicable to cities of the first or second class and villages.)

Section

19-2201 Error in platting; corporate limits; city council or board of trustees; resolution; contents.

When any part of a city of the first or second class or village shall have been platted (1) the plat having been recorded with the register of deeds of the proper county for more than ten years; (2) the streets and alleys having been dedicated to the public and such city or village having accepted such dedication by maintenance and use of the said streets and alleys, and the inhabitants of that part of such city or village having been subject to taxation including the levy of such city or village and having had the right of franchise in all the elections of such city or village for a period of more than ten years; and (3) such part of such city or village is contiguous and adjacent to such corporate city or village or a properly annexed addition thereto; but, when there is error in the platting thereof or the proceeding to annex the part of such city or village which renders the annexation ineffectual or where there is a total lack of an attempted annexation of record, the council or board of trustees of such city or village may by resolution correct the corporate limits, if adopted by a two-thirds vote of all members of such council or board of trustees. The resolution shall describe the part of such city or village in general terms, direct the proper officers of the city or village to make application to the district court of the county in which such territory lies for the correction and reestablishment of the corporate limits of such city or village. The resolution, and the vote thereon, shall be spread upon the records of the council or board.

19-2202 Error in platting; application; district court; contents.

The application presented to the district court of the county in which the territory lies shall: (1) Contain a recital of the resolution of the council or board of trustees for correction and reestablishment of the corporate limits and the vote thereon; (2) set forth the name of the plat or plats, the date of record, the book and page of the record book in which such plat or plats have been

recorded, and the book and page of the record in which the original charter and annexations, if any there be, are recorded; (3) describe in general terms the area contained within the corporate limits and the territory affected by the corrections and reestablishment sought; (4) set forth the streets and alleys of such area which are maintained or used; and (5) be supported by exhibits consisting of a certificate of the county treasurer of the county in which the territory lies showing the years for which the real estate and the property therein situated shall have been subject to the tax levy of such city or village and a certificate of the city or village clerk or other officer having custody of the sign-in registers for elections of the city or village in which the territory lies showing the years during which the inhabitants thereof enjoyed the right of franchise in the elections of such city or village. The application shall pray for an order of the district court correcting and reestablishing the corporate limits of the city or village to include such territory.

19-2203 Error in platting; application; order to show cause; contents; publication.

If it shall appear to the judge of the district court that such application is properly filed, he or she shall make an order directing all persons owning real estate or having an interest in real estate situated in such part of such city or village, giving the name of the plat as recorded as well as a general description of the territory affected by the proposed correction and reestablishment of corporate limits, to appear before him or her at a time and place to be specified, not less than four and not more than ten weeks from the time of making such order, to show cause why a decree correcting and reestablishing the corporate limits of such city or village should not be entered. The notice of such order to show cause shall be made by publication in a legal newspaper published in such city or village if there is any printed in such city or village and, if there is not, in some legal newspaper printed in the county having general circulation in such city or village. If no legal newspaper is printed in the county, such notice shall be published in a legal newspaper having general circulation in such city or village. The notice shall be published four consecutive weeks in such newspaper and shall contain a summary statement of the object and prayer of the application, mention the court where it is filed, and notify the persons interested when they are required to appear and show cause why such decree should not be entered.

19-2204 Error in platting; application; district court; hearing; order; appeal.

If the court finds that the allegations of the application are true and that the conditions set forth in section 19-2201 exist, a decree shall be entered correcting any errors or omissions in the platting and annexation of the territory, reestablishing the corporate limits of the city or village, and barring any future challenge of the validity of the proceedings. A certified copy of the decree shall be recorded in the office of the register of deeds of the county in which the territory lies. Appeals may be taken from the district court to the Court of Appeals as in other civil actions.

PARKING METERS
(Applicable to cities of the first or second class and villages.)

Section
19-2301. Parking meters; acquisition, erection, maintenance, operation; ordinance.
19-2302. Revenue; disposition.
19-2303. Terms, defined.
19-2304. Regulation and control of parking vehicles; other means.

19-2301 Parking meters; acquisition, erection, maintenance, operation; ordinance.

The governing body of any city of the first class, city of the second class, or village may enact ordinances providing for the acquisition, establishment, erection, maintenance, and operation of a system of parking meters or other similar mechanical devices requiring a reasonable deposit from those who park vehicles for stipulated periods of time in certain areas of such a city or village in which the congestion of vehicular traffic is such that the public convenience and safety require such regulation.

MUNICIPAL IMPROVEMENTS
(Applicable to cities of the first or second class and villages.)

Section

19-2401 Municipal improvements; combination of projects; notice; allocation of cost.

(1) Any city of the first or second class or village when constructing any municipal improvement or public works may combine two or more similar

pending projects although authorized by separate ordinances and located in separate improvement districts for the purpose of advertising for bids for the construction of such projects, and for the further purpose of awarding one contract for the construction of such two or more similar pending projects.

(2) The published notice may set forth the engineer's lump-sum estimate of the total cost for the aggregate of all work to be performed in the combined districts and shall (a) enumerate the estimated quantities of work to be done in each separate district; and (b) call for an aggregate bid on all work to be performed in the combined districts, broken down in such a manner as will accurately reflect unit prices for such estimated quantities, so that, notwithstanding that such a submitted aggregate or alternate aggregate bid may be accepted, the actual cost of the construction of each of such projects may be allocated by any such city or village to the improvement district in which it is located for the purpose of levying any authorized special assessments to defray, in whole or in part, such cost of construction of such projects.

(3) Any such city or village may also request alternate aggregate bids for such projects.

Notice to affected property owners is not required when a city creates a water district under this section. Purdy v. City of York, 243 Neb. 593, 500 N.W.2d 841 (1993).

19-2402 Water service; sanitary sewer service; extension districts; ordinance; contents.

(1) Whenever the city council of any city of the first or second class or the board of trustees of a village deems it necessary and advisable to extend municipal water service or municipal sanitary sewer service to territory beyond the existing systems, such municipal officials may, by ordinance, create a district or districts to be known as sanitary sewer extension districts or water extension districts for such purposes, and such district or districts may include properties within the corporate limits of the municipality and the extraterritorial zoning jurisdiction as established pursuant to section 16-902 or 17-1002.

(2) The owners of lots and lands abutting upon a street, avenue, or alley, or part thereof, may petition the council or board to create a sanitary sewer extension district or a water extension district. The petition shall be signed by owners representing at least two-thirds of the front footage abutting upon the street, avenue, or alley, or part thereof, within the proposed district, which will become subject to an assessment for the cost of the improvement.

(3) If creation of the district is not initiated by petition, a vote of at least three-fourths of all the members of the council or board shall be required to adopt the ordinance creating the district.

(4) Such ordinance shall state the size and kind of sewer mains or water mains proposed to be constructed in such district and shall designate the location and terminal points thereof. Such ordinance shall also refer to the plans and specifications for such utility extensions which shall have been made and filed with the municipal clerk by the municipal engineer prior to the introduction of the ordinance, and the city or village engineer at the time of filing such plans and specifications shall make and file an estimate of the total cost of the proposed utility extension. The ordinance shall also state the outer

boundaries of the district or districts in which it is proposed to make special assessments.

(5) Upon creation of an extension district, whether by vote of the governing body or by petition, the council or board shall order the sewer extension main or water extension main laid and, to the extent of special benefit, assess the cost thereof against the property which abuts upon the street, avenue, or alley, or part thereof, which is located in the district.

Water extension districts established pursuant to this section must consist of territory beyond the existing municipal water system. Garden Dev. Co. v. City of Hastings, 231 Neb. 477, 436 N.W.2d 832 (1989).

Ordinance creating sanitary sewer extension district was void for failure to state the outer boundaries of the district; either a course or a distance was in error. Christensen v. City of Tekamah, 230 Neb. 576, 432 N.W.2d 798 (1988).

A water extension district is an area of land or contiguous tracts of land located apart and outside and served by an existing municipal water system, wherein water extension mains are to be constructed and service extended. Matzke v. City of Seward, 193 Neb. 211, 226 N.W.2d 340 (1975).

Special assessments are charges imposed by law on land to defray the expense of a local municipal improvement on the theory that the property owner has received special benefits therefrom in excess of the benefits accrued to people generally, and a property owner who attacks a special assessment as void has the burden of establishing its invalidity. Midwest Development Corp. v. City of Norfolk, 192 Neb. 475, 222 N.W.2d 566 (1974).

19-2403 Water service; sanitary sewer service; extension districts; connection compelled; penalty; assessments.

(1) When the extension of the sewer or water service involved in an extension district created pursuant to section 19-2402 is completed, the municipality shall compel all proper connections of occupied properties in the district with the extension and may provide a penalty for failure to comply with regulations of the municipality pertaining to the district.

(2) In case any property owner neglects or fails, for ten days after notice, either by personal service or by publication in some newspaper published and of general circulation in the municipality, to comply with municipal regulations pertaining to municipal water service or municipal sanitary service extensions or to make connections of his or her property with such utility service, the city council or board of trustees may cause the same to be done, assess the cost thereof against the property, and collect the same in the manner provided for the collection of general municipal taxes.

19-2404 Sanitary sewer extension mains; water extension mains; assessments; maturity; interest; rate.

(1) Except as provided in subsection (2) of this section, the assessment of special taxes for sanitary sewer extension mains or water extension mains in a district shall be levied at one time and shall become delinquent in equal annual installments over a period of years equal to the number of years for which the bonds for such project were issued pursuant to section 19-2405. The first installment becomes delinquent fifty days after the making of such levy. Subsequent installments become delinquent on the anniversary date of the levy. Each installment, except the first, shall draw interest at the rate set by the city council or board of trustees from the time of such levy until such installment becomes delinquent. After an installment becomes delinquent, interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon until such installment is

collected and paid. Such special taxes shall be collected and enforced as in the case of general municipal taxes and shall be a lien on such real estate from and after the date of the levy. If three or more of such installments become delinquent and unpaid on the same property, the city council or the board of trustees may by resolution declare all future installments on such delinquent property to be due on a future fixed date. The resolution shall set forth the description of the property and the name of its record title owner and shall provide that all future installments shall become delinquent upon the date fixed. A copy of such resolution shall be published one time in a legal newspaper of general circulation published in the municipality or, if none is published in such municipality, in a legal newspaper of general circulation in the municipality. After the fixed date such future installments shall be deemed to be delinquent and the municipality may proceed to enforce and collect the total amount due including all future installments.

(2) If the city or village incurs no new indebtedness pursuant to section 19-2405 for any water service extension or sanitary sewer extension in a district, the assessment of special taxes for such improvements shall be levied at one time and shall become delinquent in equal annual installments over such period of years as the city council or board of trustees determines at the time of making the levy to be reasonable and fair.

19-2405 Water service; sanitary sewer service; extension districts; bonds; interest; issuance.

For the purpose of paying the cost of any such water service extension or sanitary sewer service extension, in any such district, the city council or board of trustees may, by ordinance, cause bonds of the municipality to be issued, called district water service extension bonds of district No. .... or district sanitary sewer service extension bonds of district No. ...., payable in not exceeding twenty years from date and to bear interest payable annually or semiannually with interest coupons attached. The ordinance effectuating the issuance of such bonds shall provide that the special tax and assessments shall constitute a sinking fund for the payment of such bonds and interest. If a written protest, signed by owners of the property located in the improvement district and representing a majority of the front footage which may become subject to assessment for the cost of the improvement, is filed with the municipal clerk within three days before the date of the meeting for the consideration of such ordinance, such ordinance shall not be passed. The entire cost of such water extension mains or sanitary sewer extension mains in any such street, avenue, or alley may be chargeable to the private property therein and may be paid by the owner of such property within fifty days from the levy of such special taxes and assessments, and thereupon such property shall be exempt from any lien for the special taxes and assessments. The bonds shall not be sold for less than their par value. If the assessment or any part thereof fails or for any reason is invalid, the governing body of the municipality may, without further notice, make such other and further assessments on the lots and lands as may be required to collect from the lots and lands the cost of the improvement, properly chargeable as provided in this section. In lieu of such general obligation bonds, the municipality may issue revenue bonds as provided

in section 18-502, to pay all or part of the cost of the construction of such improvement.

19-2406 Water service; sanitary sewer service; extension districts; warrants; interest; issuance; contractor; interest.

For the purpose of making partial payments as the work progresses, warrants may be issued by the mayor and council or the chairman and board of trustees, as the case may be, upon certificates of the engineer in charge showing the amount of work completed and materials necessarily purchased and delivered for the orderly and proper continuation of the project, in a sum not exceeding ninety-five percent of the cost thereof and upon the completion and acceptance of the work issue a final warrant for the balance due the contractor, which warrants shall be redeemed and paid upon the sale of the bonds issued and sold as provided in section 19-2405, and which shall bear interest at such rate as the mayor and council or chairman and board of trustees, as the case may be, shall order. The city or village shall pay to the contractor interest at the rate of eight percent per annum on the amounts due on partial and final payments beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body, and running until the date that the warrant is tendered to the contractor. Said warrants shall be registered in the manner provided for the registration of other warrants, and called and paid whenever there are funds available for that purpose in the manner provided for the calling and paying of other warrants. For the purpose of paying said warrants and the interest thereon from the time of their registration until paid, the special assessments hereinbefore provided for shall be kept as they are paid and collected in a fund to be designated as the sewer and water service extension fund.

19-2407 Water service; sanitary sewer service; extension districts; special taxes; levy; collection.

Special taxes may be levied by the mayor and council or chairman and board of trustees, as the case may be, for the purpose of paying the cost of constructing extension water mains or sanitary service connections, as provided in sections 19-2402 to 19-2407. Such tax shall be levied on the real property lying and being within the utility main district in which such extension mains may be situated to the extent of benefits to such property by reason of such improvement. The benefits to such property shall be determined by the mayor and council, or chairman and board of trustees, as the case may be, sitting as a board of equalization after notice to property owners, as provided in other cases of special assessment. After the mayor and council, or chairman and board of trustees, sitting as such board of equalization, shall find such benefits to be equal and uniform, such levy may be made according to the front footage of the lots or real estate within such utility district, or according to such other rule as the board of equalization may adopt for the distribution or adjustment of such cost upon the lots or real estate in such district benefited by such

improvement. All such taxes shall be collected in the same manner as general municipal taxes and shall be subject to the same penalty.

19-2408 Combined improvements; legislative intent.

The Legislature finds that it is advantageous to cities of the first class, cities of the second class, and villages and to the inhabitants thereof to authorize such cities and villages to make various street improvements and install water mains and sewer lines as a single project when the aggregate cost of the individual improvement does not exceed fifty thousand dollars and the aggregate cost of all improvements in a single project does not exceed two hundred thousand dollars, in lieu of the cities and villages making such improvements as separate projects.

19-2410 Combined improvements; petition; contents; authority of governing body.

Whenever a petition, signed by sixty percent of the owners of all real property in the proposed improvement district, is presented to the city council or board of trustees of the village setting forth (1) the property to be included in the improvement district, (2) the improvement or improvements authorized by the Combined Improvement Act which they desire made in such district in reasonable detail and stating the location of each, and (3) an estimate of the cost of the improvement, which estimate does not exceed the dollar limitations in section 19-2408, the city council or board of trustees of the village shall cause the petition to be examined and the estimate of cost of the improvement verified. If the petition is found correct, the city council or board of trustees of the village shall by ordinance create an improvement district consecutively numbered, known as Improvement District No. ....., and cause the improvements to be made if such can be done within such dollar limitations.

Source: Laws 1961, c. 64, § 3, p. 252; Laws 2003, LB 52, § 4.

19-2411 Combined improvements; district; creation; notice; objections.

The city council or board of trustees of a village may without petition create an improvement district and cause one or more of the improvements specified in section 19-2409 to be made in the district. The ordinance shall designate the property included within the district or the outer boundaries thereof, the improvement or improvements to be made in the district, and the total estimated cost of the improvements, which shall not exceed the dollar limita-

tions in section 19-2408. After passage, approval, and publication of the ordinance the city or village clerk shall cause notice of the creation of such district to be published for two consecutive weeks in a newspaper published or of general circulation in the city or village, or in lieu of publication cause such notice to be served personally or by certified mail on all owners of real property located within the district. If a majority of the owners of all the real property in the district file written objections to the creation of the district with the city or village clerk within twenty days after the first publication of such notice or within twenty days after the date of mailing or service of written notice on the property owners in the district, the city or village shall not proceed further and shall repeal such ordinance. If no such objections are filed, the city shall proceed with making the improvements.

19-2412 Combined improvements; contract; bids; warrants; payment; interest.

The contract shall be let and the improvements made in the same manner as required for street improvements. The city council or board of trustees of the village may direct the improvements to be made under a single contract or that separate bids be taken for the street improvement, installation of water mains and installation of sewers, but the aggregate of said contracts shall not exceed the estimate as shown in the ordinance creating the district. For the purpose of making partial payment as the work progresses warrants may be issued by the mayor and city council or the board of trustees of the village upon certificate of the engineer in charge showing the amount of the work completed and materials necessarily purchased and delivered for the orderly and proper continuance of the project in an amount not exceeding ninety-five percent of the cost thereof, which warrants shall be redeemed and paid from the amounts received on the special assessments or from the sale of bonds issued to pay the cost of the project as provided in section 19-2414. The city or village shall pay to the contractor interest, at the rate of eight percent per annum on the amounts due on partial and final payments, beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body and running until the date that the warrant is tendered to the contractor.

19-2417 Sidewalks; construct, replace, repair; districts; contract.

The mayor and council of any city of the first class or second class or the board of trustees of any village shall have the power to construct, replace, repair, or otherwise improve sidewalks within such city or village. Whenever the mayor and council of a city or board of trustees of a village shall by resolution passed by a three-fourths vote of all members of such council or board of trustees determine the necessity for sidewalk improvements, the mayor and council or board of trustees shall by ordinance create a sidewalk district, and shall cause such improvements to be made, and shall contract therefor.

19-2418 Sidewalks; construct, replace, repair; districts; assessments; payment.

The mayor and council or board of trustees shall levy assessments on the lots and parcels of land abutting on or adjacent to the sidewalk improvements especially benefited thereby in such district in proportion to the benefits, to pay the cost of such improvement. All assessments shall be a lien on the property on which levied from the date of the levy until paid. The assessment of the special tax, for the sidewalk improvement, shall be levied at one time and shall become delinquent as follows: One-seventh of the total assessment shall become delinquent in ten days after such levy; one-seventh in one year; one-seventh in two years; one-seventh in three years; one-seventh in four years; one-seventh in five years; and one-seventh in six years. Each of such installments, except the first, shall draw interest at the rate of not exceeding the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the time of the levy until the same shall become delinquent; and after the same shall become delinquent, interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, shall be paid thereon as in the case of other special taxes. All such assessments shall be made and collected in accordance with the procedure established for paving assessments for the particular city or village.

19-2419 Sidewalks; construct, replace, repair; districts; bonds; general obligation; interest; payment.

For the purpose of paying the cost of sidewalk improvements in any sidewalk district, the mayor and council or board of trustees shall have the power and may, by ordinance, cause to be issued bonds of the city or village, to be called Sidewalk Bonds of District No. ...., payable in not exceeding six years from date, and to bear interest annually or semiannually, with interest coupons attached. Such bonds shall be general obligations of the city or village, with principal and interest payable from a fund made up of the special assessments collected and supplemented by transfers from the general fund to make up any deficiency in the collection of the special assessments. For the purpose of making partial payments as the work progresses, warrants bearing interest may be issued by the mayor and council, or the board of trustees, upon certificate of the engineer in charge showing the amount of the work completed and materials necessarily purchased and delivered for the orderly and proper continuance of the project, in a sum not exceeding ninety-five percent of the cost thereof, which warrants shall be redeemed and paid upon the sale of the bonds issued and sold as aforesaid. The city or village shall pay to the contractor interest, at the rate of eight percent per annum on the amounts due on partial and final payments, beginning forty-five days after the certification of the amounts due by the engineer in charge and approval by the governing body and running until the date that the warrant is tendered to the contractor.

19-2420 Sewage and water facilities; acquire by gift or purchase from federal government; rates.

A city of the first or second class may acquire by gift or purchase from the federal government or any agency thereof sewer lines and sewage disposal systems, waterworks, and water distribution systems, whether within or without the corporate limits, and operate and extend the same, even though such system or systems are or may be and continue to be wholly disconnected and separate from any such utility system already belonging to such city, when, in the judgment of the mayor and council of such a city not having a board of public works or of its board of public works in such a city having such board, it is beneficial to any such city to do so. For the purpose of acquiring, maintaining, operating, and extending any such system any such city of the first or second class may use funds from any sewer, water or electrical system presently owned and operated by it, without prior appropriation of such funds, and any other funds lawfully available for such purpose.

Rates charged for the use of any system or works so acquired shall be reasonable and based on cost properly allocable to the customers of any such system.

19-2421 Leases authorized; term; option to purchase.

The mayor and council of any city of the first or second class and the chairman and board of trustees of any village, in addition to other powers granted by law, may enter into contracts for lease of real or personal property for any purpose for which the city or village is authorized by law to purchase property or construct improvements. Such leases shall not be restricted to a single year, and may provide for the purchase of the property in installment payments.

19-2422 Special assessment; appeal; district court; powers; tried de novo.

Any owner of real property who feels aggrieved by the levy of any special assessment by any city of the first or second class or village may appeal from such assessment, both as to the validity and amount thereof, to the district court of the county where such assessed real property is located. The issues on such appeal shall be tried de novo. The district court may affirm, modify, or vacate the special assessment, or may remand the case to the local board of equalization for rehearing.

This section provides a taxpayer with a means by which his or her constitutional challenges to a special tax assessment can be fairly and fully adjudicated. Francis v. City of Columbus, 267 Neb. 553, 676 N.W.2d 346 (2004).

Plaintiffs did not waive their right to contest the assessment for a sanitary sewer extension district by failing to file notice of appeal within 10 days of the levy. Plaintiffs attacked the formation of the district, not the amount of assessments that have been levied against their property. A special assessment is subject to collateral attack for a fundamental defect. Christensen v. City of Tekamah, 230 Neb. 576, 432 N.W.2d 798 (1988).

A landowner's right to challenge the validity and amount of a special assessment pursuant to this section is not waived when such landowner attains a deferral of payment of the assessment, pursuant to sections 19-2425 to 19-2431. Brown v. City of York, 227 Neb. 183, 416 N.W.2d 574 (1987).

19-2423 Special assessment; notice of appeal; time; bond; costs.

The owner appealing shall, within ten days from the levy of such special assessment, file a notice of appeal with the city or village clerk, and shall post a bond in the amount of two hundred dollars conditioned that such appeal shall be prosecuted without delay and the appellant shall pay all costs charged against him.

19-2426 Irrigation or drainage ditch, canal, or lateral; wall, enclose, or cover; procedure.

Any first- or second-class city or village may wall, enclose, or cover in a manner that will not restrict or impair the intended purpose, function, or operation of a segment of any irrigation or drainage ditch, canal, or lateral, whether on public or private property, which lies within the corporate limits of such city or village, and for this purpose may acquire and hold land or an interest in land. Nothing in this section shall be construed to authorize the taking of property without payment of compensation when required by law. Such city or village may undertake and finance a project authorized by this section either independently or jointly with any person owning or operating such irrigation ditch, canal, or lateral; *Provided*, that if such project is undertaken independently, the owner or operator of such irrigation ditch, canal, or lateral shall approve the design of the project prior to any construction.

19-2427 Improvement district; adjacent land; how treated; assessments.

Supplemental to any existing law on the subject, any first- or second-class city or village may include land adjacent to such city or village when creating an improvement district, such as a sewer, paving, water, water extension, or sanitary sewer extension district. The city council or board of trustees shall have power to assess, to the extent of special benefits, the costs of such improvements upon the properties found especially benefited thereby, except as provided in sections 19-2428 to 19-2431.

19-2428 Improvement district; land within agricultural use zone; how treated.

(1) Whenever the governing body of a city of the first or second class or village creates an improvement district as specified in section 19-2427 which includes land adjacent to such city or village and such adjacent land is within an agricultural use zone and is used exclusively for agricultural use, the owners of record title of such adjacent land may apply for a deferral from special assessments pursuant to sections 19-2428 to 19-2431.

(2) For purposes of sections 19-2428 to 19-2431:

(a) Agricultural use means the use of land as described in section 77-1359, so that incidental use of the land for nonagricultural or nonhorticultural purposes shall not disqualify the land; and

(b) Agricultural use zone means designation of any land predominantly for agricultural or horticultural use by any political subdivision pursuant to sections 19-924 to 19-933, Chapter 14, article 4, Chapter 15, article 9, Chapter 16, article 9, Chapter 17, article 10, or Chapter 23, article 1. The primary objective of the agricultural use zoning shall be to preserve and protect agricultural activities and the potential for the agricultural, horticultural, or open use of land. Uses to be allowed on such lands include primarily agricultural-related or horticultural-related uses, and nonagricultural or nonhorticultural industrial, commercial, or residential uses allowed on such lands shall be restricted so that they do not conflict with or detract from this objective.

19-2429 Agricultural land within improvement district; deferral of special assessment; procedure.

(1) Any owner of record title eligible for the deferral granted by section 19-2428 shall, to secure such assessment, make application to the city council or board of trustees of any city of the first or second class or village within ninety days after creation of an improvement district as specified in section 19-2427 which includes land adjacent to such city or village which is within an agricultural use zone and is used exclusively for agricultural use.

(2) Any owner of record title who makes application for the deferral provided by sections 19-2428 to 19-2431 shall notify the county register of deeds of such application in writing prior to approval by the city council or board of trustees.

(3) The city council or board of trustees shall approve the application of any owner of record title upon determination that the property (a) is within an agricultural use zone and is used exclusively for agricultural use and (b) the owner has complied with subsection (2) of this section.

19-2430 Agricultural land within improvement district; deferral of special assessment; termination; when.

The deferral provided for in sections 19-2428 to 19-2431 shall be terminated upon any of the following events:

(1) Notification by the owner of record title to the city council or board of trustees to remove such deferral;

(2) Sale or transfer to a new owner who does not make a new application within sixty days of the sale or transfer, except as provided in subdivision (3) of this section;

(3) Transfer by reason of death of a former owner to a new owner who does not make application within one hundred twenty-five days of the transfer;

(4) The land is no longer being used as agricultural land; or

(5) Change of zoning to other than an agricultural zone.

Source: Laws 1983, LB 94, § 7.

19-2431 Agricultural land within improvement district; payment of special assessments; when; interest; lien.

(1) Whenever property which has received a deferral pursuant to sections 19-2428 to 19-2431 becomes disqualified for such deferral, the owner of record title of such property shall pay to the city or village an amount equal to the total amount of special assessments which would have been assessed against such property, to the extent of special benefits, had such deferral not been granted. Interest upon the special assessments shall be deferred and shall accrue from the time the property becomes disqualified for deferral. The interest rate shall be the same as was charged to other property owners within the special assessment district in question and amortized over a term to coincide with the original amortization period.

(2) In cases where the deferral provided by sections 19-2428 to 19-2431 is terminated as a result of a sale or transfer described in subdivision (2) or (3) of section 19-2430, the lien for assessments and interest shall attach as of the day preceding such sale or transfer.

(a) CONTRACTS
(Applicable to cities of the first or second class.)

19-2701 Public utilities; service outside city; authorization; limitation on length of contracts.

A city of the first or second class may enter into a contract or contracts to sell electric, water, or sewer service to persons beyond the corporate limits of such

a city when, in the judgment of the mayor and council of such a city not having a board of public works or of its board of public works in such a city having such board, it is beneficial to any such city to do so. No such contract shall run for a period in excess of twenty-five years. Such a city is hereby authorized and empowered to enter into contracts for the furnishing of electric service to persons, firms, associations, and corporations beyond the corporate limits of such a city.

19-2902 Terms, defined.

For purposes of the Nebraska Municipal Auditing Law, unless the context otherwise requires:

(1) Municipality or municipalities shall mean and include all incorporated cities of the first class, cities of the second class, and villages in this state;

(2) Municipal authority shall mean the city council, board of trustees of a village, or any other body or officer having authority to levy taxes, make appropriations, or approve claims for any municipality;

(3) Accountant shall mean a duly licensed public accountant or certified public accountant who otherwise is not an employee of or connected in any way with the municipality involved;

(4) Annual audit report shall mean the written report of the accountant and all appended statements and schedules relating thereto presenting or recording the findings of an examination or audit of the financial transactions, affairs, or financial condition of a municipality and its proprietary functions for the fiscal year immediately prior to the making of such annual report; and

(5) Fiscal year shall mean the fiscal year for the particular municipality involved or the fiscal year established in section 18-2804 for a proprietary function if different than the municipal fiscal year.

19-2903 Annual audit; independent accountant; when completed and reported; villages, waiver; public utility or other enterprise; separate audit and account.

The municipal authorities of each municipality shall cause an audit of the municipality's accounts to be made by a recognized independent and qualified accountant as expeditiously as possible following the close of the fiscal year for such municipality and to cover all financial transactions and affairs of the municipality for such preceding fiscal year. Such audit shall be made on a cash or accrual method at the discretion of the municipality. Such audit shall be completed and the annual audit report made by such accountant shall be submitted within six months after the close of the fiscal year in any event, unless an extension of time shall be granted by a written resolution adopted by the municipal authorities. A village may request a waiver of the audit requirement subject to the requirements of subdivision (4) of section 84-304. If a municipality other than a village owns or operates any type of public utility or other enterprise which substantially generates its own revenue, that phase of the affairs of such municipality shall be audited separately from the other functions of such municipality and the result shall appear separately in the annual audit report made by the accountant to the municipality and such audit shall be on an accrual basis and shall contain statements and materials which conform to generally accepted accounting principles. Any municipality, other than a village, operating its utilities through a board of public works may provide for an entirely separate audit, on an accrual basis, of such operations and report and by a different accountant than the one making the general audit. A village which is required to conduct an audit under subdivision (4) of section 84-304 and which owns or operates any type of public utility or other enterprise which substantially generates its own revenue shall have that phase of the village's affairs reported separately from the other functions of such village, the result of the audit shall appear separately in the annual audit report made by the accountant to the village, and the audit shall be on a cash or accrual basis at the discretion of the village.

19-2904 Annual audit; contents.

The annual audit report shall set forth, insofar as possible, the financial position and results of financial operations for each fund or group of accounts of the municipality. When the accrual method is selected for the annual audit report, such report shall be in accordance with generally accepted accounting

principles. The annual audit report shall also include the professional opinion of the accountant with respect to the financial statements, or, if an opinion cannot be expressed, a declaration that the accountant is unable to express such an opinion with an explanation of the reasons why he cannot do so.

19-2905 Annual audit report; supplemental report; copies; filing; public records; retain for five years.

At least three copies of such annual audit report shall be properly signed and attested by the accountant; two copies shall be filed with the clerk of the municipality involved and one copy shall be filed with the Auditor of Public Accounts. The copy of the annual audit report submitted to the Auditor of Public Accounts shall be accompanied by a supplemental report, if appropriate, by the accountant making the audit identifying any illegal acts or indications of illegal acts discovered as a result of the audit.

The annual audit report filed, together with any accompanying comment or explanation, shall become a part of the public records of the clerk of the municipality involved and shall at all times thereafter be open and subject to public inspection. The copies filed with the auditor shall be kept as a part of the public records in that office for at least five years and shall at all times be subject to public inspection.

19-2906 Accountant; prohibited disclosures; penalty.

It shall be unlawful for an accountant making any municipal audit to make any disclosure of the result of any examination of any municipal account except in the report to the municipality audited. Any violation of this section shall constitute a Class III misdemeanor, and upon conviction thereof, the offender shall be ordered to pay the costs of prosecution. This section shall not apply to an accountant reporting illegal acts or indications of illegal acts found during a municipal audit to an appropriate law enforcement official or governmental oversight body.

19-2907 Annual audit; failure or refusal of municipality; mandamus; damages; notice; State Treasurer; withhold distribution of funds.

Should any municipality fail or refuse to cause such annual audit to be made of all of its functions, activities, and transactions for the fiscal year within a period of six months following the close of such fiscal year, then and in such event, any resident taxpayer may make a written demand on the governing body of such municipality to commence such annual audit within thirty days, and if such demand is ignored, a mandamus action may be instituted by any taxpayer or taxpayers residing in such municipality against the then municipal authorities of such municipality requiring the municipality to proceed forthwith to cause such audit to be made, and if such action is decided in favor of the taxpayer or taxpayers instituting the same, the then municipal authorities of such municipality shall be personally, and jointly and severally, liable for the costs of such action, including a reasonable attorney fee to be allowed by the

court for the attorney employed by the taxpayer or taxpayers and who prosecuted the action. Upon a failure, refusal, or neglect to cause such annual audit to be made as required by sections 19-2903 and 19-2904, and a failure to file a copy thereof with the Auditor of Public Accounts as required by section 19-2905, the Auditor of Public Accounts shall, after due notice and a hearing to show cause by such city or village, notify the State Treasurer of such failure to file a copy with the Auditor of Public Accounts. The State Treasurer shall, upon receipt of such notice, withhold distribution of all money to which such city or village may be entitled under the provisions of sections 39-2511 to 39-2520, until such annual audit shall have been made and have been filed with the Auditor of Public Accounts. If such annual audit is not filed within a period of six months from the time of the order and notice of delinquency given by the Auditor of Public Accounts to the State Treasurer, the amount so withheld shall be distributed to the other cities and villages in the county where such delinquent city is located. Upon compliance with the law requiring annual audits, the delinquent city or village shall again become entitled to distribution of all money to which it is entitled from the State Treasurer beginning with the date of such compliance.

19-2908 Sections, how construed; failure to comply, effect on taxes levied.

The provisions of sections 19-2901 to 19-2909 shall not be construed to relieve any officer of any duties now required by law of him with relation to public accounts of a municipality or the disbursement of public funds of the same. Failure of the municipality to comply with any provisions of sections 19-2901 to 19-2909 shall not affect the legality of taxes levied for any of the funds of such municipality or any special assessments levied in connection with public improvements.

19-2909 Audit; expense; payment.

The expenses of the audit required in sections 19-2901 to 19-2909 shall be paid by the municipal authorities of the municipality involved from appropriate municipal funds; *Provided,* that if any municipality has completed its annual budget and passed its appropriation ordinance before March 30, 1959, then such expenses may be paid from the general fund of such municipality for the first annual audit made under the provisions of sections 19-2901 to 19-2909.

19-3052 Annexation of territory; redistricting; when.

(1) For purposes of this section, municipality shall mean any city of the first or second class or village which elects members of its governing board by districts.

(2) Any municipality which annexes territory and thereby brings sufficient new residents into such municipality so as to require that election districts be redrawn to maintain substantial population equality between districts shall redistrict its election districts so that such districts are substantially equal in population within one hundred and eighty days after the effective date of the ordinance annexing the territory. Such redistricting shall create election districts which are substantially equal in population as determined by the most recent federal decennial census.

(3) No municipality which proposes to annex territory and thereby bring new residents into the municipality shall annex such territory unless the redistricting required by subsection (2) of this section will be accomplished at least eighty days prior to the next primary election in which candidates for the governing body of the municipality are nominated.

(4)(a) No city of the first or second class shall annex any territory during the period from eighty days prior to any primary election in which candidates for the governing body of the city are nominated until the date of the general election of the same year if such annexation would bring sufficient new residents into such city so as to require that election districts be redrawn to maintain substantial population equality between districts.

(b) No village shall annex any territory during the period eighty days prior to the election at which members of the governing body of the village are chosen until the date of such election if such annexation would bring sufficient new

residents into such village so as to require that election districts be redrawn to maintain substantial population equality between districts.

(5)(a) No proposed annexation by a municipality shall be restricted or governed by this section unless such annexation would bring sufficient new residents into such municipality so as to require the election districts of the municipality to be redrawn to maintain substantial population equality between districts.

(b) Nothing in this section shall be construed to require a municipality to redraw the boundaries of its election districts following an annexation unless such annexation brought sufficient new residents into such municipality so as to require such redistricting to maintain substantial population equality between districts.

(c) For the purposes of this section only, a municipal annexation shall be held to have brought sufficient new residents into such municipality so as to require that its election districts be redrawn to maintain substantial population equality between districts if, following such annexation, the total range of deviation from the mean population of each election district, according to the most recent federal decennial census, exceeds ten percent.

(a) OFFSTREET PARKING DISTRICT ACT

19-3301 Act, how cited.

Sections 19-3301 to 19-3326 shall be known and may be cited as the Offstreet Parking District Act.

Source: Laws 1967, c. 60, § 1, p. 198; R.S.Supp.,1967, § 16-812; Laws 1969, c. 88, § 1, p. 437; Laws 1997, LB 746, § 2.

19-3302 Terms, defined.

As used in sections 19-3301 to 19-3326, unless the context otherwise requires:

Offstreet parking facilities includes parking lots, garages, buildings and multifloor buildings for the parking of motor vehicles.

Source: Laws 1967, c. 60, § 2, p. 198; R.S.Supp.,1967, § 16-813; Laws 1969, c. 88, § 2, p. 437.

19-3303 Districts authorized; powers.

In addition to matters specifically elsewhere set forth in sections 19-3301 to 19-3326, such sections authorize and include the following:

(1) The formation of offstreet parking districts;

(2) The acquisition of lands, property and rights-of-way necessary or convenient for use as offstreet parking facilities;

(3) The acquisition of lands, property and rights-of-way necessary or convenient for the opening, widening, straightening or extending of streets or alleys necessary or convenient for ingress to and egress from any offstreet parking facility;

(4) The acquisition by condemnation, purchase or gift of property or any interest therein. Any lands or property necessary or convenient for offstreet parking facilities may be acquired in fee simple by condemnation or otherwise;

(5) The improvement of any acquired lands by the construction thereon of garages or other buildings, including multifloor buildings, or improvements necessary or convenient for offstreet parking facilities including paying from revenue received pursuant to sections 19-3301 to 19-3326 all or a portion of the cost of a covered or uncovered mall to be constructed in a street or alley pursuant to city authority to construct such improvements in connection with paving and street improvements;

(6) The improvement of parking places and any alleys, streets or ways necessary or convenient for ingress to or egress from offstreet parking facilities;

(7) The issuance, sale and payment of bonds to pay the cost and expense of any acquisition or improvement authorized by sections 19-3301 to 19-3326;

(8) The administration, maintenance, operation and repair of such offstreet parking facilities, including the maintenance of parking meters thereon;

(9) The collection of fees or charges to pay all or any part of the cost of improving, repairing, maintaining or operating offstreet parking facilities and of acquiring and improving offstreet parking facilities;

(10) The employment of engineers, attorneys and other persons necessary or convenient for the doing of any acts authorized by sections 19-3301 to 19-3326; and

(11) The doing of all acts and things necessary or convenient for the accomplishment of the purpose of sections 19-3301 to 19-3326. The enumeration of specific authority in sections 19-3301 to 19-3326 does not limit in any way the general authority granted by sections 19-3301 to 19-3326.

19-3311 Offstreet parking facilities; authorized; powers; home rule charter provisions excepted; limitations; duties of city council.

Notwithstanding the provisions of any home rule charter and in addition to the powers set out in sections 15-269 to 15-276 and 16-801 to 16-811, any city of the primary, first or second class in Nebraska is hereby authorized to own, purchase, construct, equip, lease, either as lessee or lessor, or operate within such city, offstreet parking facilities for the use of the general public and to refund bonds of the city issued pursuant to sections 19-3301 to 19-3326, or in a city of the first class to refund outstanding bonds issued to purchase, construct,

equip or operate such offstreet parking facilities pursuant to sections 16-801 to 16-811. Except as otherwise provided in any home rule charter, the grant of power herein does not include power to engage, directly or indirectly, in the sale of gasoline, oil, or other merchandise or in furnishing of any service other than of parking motor vehicles as provided in sections 19-3301 to 19-3326. Any such city shall have the authority to acquire by grant, contract, purchase or through condemnation, as provided by law or by any home rule charter for such acquisition, all real or personal property, including a site or sites on which to construct such offstreet parking facility, necessary or convenient in carrying out of this grant of power; *Provided*, that property now used or hereafter acquired for public offstreet motor vehicle parking by a private operator shall not be subject to condemnation. Before any such city may commence a program to construct, purchase, or acquire by other means a proposed offstreet parking facility or facilities, notice shall be given, by publication once each week for not less than thirty days, inviting application for private ownership and operation of offstreet parking facilities, which notice shall fix a date for a public hearing on any application received. If no application or applications have been received or if received, the same have been disapproved by the governing body of such city after a public hearing concerning such applications, then such city may proceed in the exercise of the powers herein granted. The procedure to condemn property shall be exercised in the manner set forth in sections 76-701 to 76-724, except as to properties specifically excluded by section 76-703, and as to which sections 19-701 to 19-707 are applicable. The duties set forth for the mayor and city council in sections 19-3312 to 19-3325 shall be the duties and responsibilities of the city council in any city which by law or by home rule charter has exclusively vested all legislative powers of the city in such council.

19-3312 Proposed districts; boundaries; notice; objections; hearing.

The mayor and city council may fix and establish by resolution pursuant to the provisions of sections 19-3301 to 19-3326 the boundaries of a proposed district, which boundaries shall include all the land in the district which in the opinion of the mayor and city council will be specially benefited thereby. Notice of the time and place of a hearing before the city council on the creation of such district and of protests and objections to the creation of the district as set forth in the notice shall be given by publication one time each week for not less than three weeks in a daily or weekly newspaper of general circulation published in the city. The notice shall set forth in addition the proposed boundaries of the district and the engineer's estimate of the sum of money to be expended in the acquisition of property and the construction of the offstreet parking facility. Not later than the hour set for the hearing any owner or any person interested in any real estate within the proposed district may severally or with other owners file with the city clerk written objections to the thing proposed to be done, the extent of the proposed district, or both, and every person so interested shall have a right to protest on any grounds and to object to his real estate being included in the district, and at such hearing all

objections and protests shall be heard and passed upon by the mayor and city council.

19-3313 Objections to formation of district; percentage required; effect; designation of district.

If the owners of the record title representing more than fifty percent of the taxable valuation of all of the taxable real property included in such proposed district or districts and who were such owners at the time the notice of hearing on objections to the creation of the district was first published file with the city clerk within twenty days of the first publication of the notice written objections to the formation of the district, such district shall not be formed. If objections are not filed by owners of such fifty percent of the taxable valuation of all of the taxable real property and if the mayor and city council find, after considering any other protests and objections that may be filed and after considering the evidence presented at the hearing, that the public health, welfare, convenience, or necessity requires the formation of such an offstreet parking district and facilities, then such district shall be formed by ordinance. If the mayor and city council find that the boundaries as set forth in the resolution and notice include land which should not be included, then the ordinance shall fix the boundaries of the district so as to exclude such land. Each district formed pursuant to this section shall be numbered and the designation of the district shall be called, using appropriate numbers, Vehicle Offstreet Parking District No. .... of the City of ....., Nebraska. The ordinance creating the district need not designate the exact location of the proposed offstreet parking facility but shall designate the engineer's estimate of the sum of money to be expended in the acquisition of property and construction of such offstreet parking facility or the share of such project as will be borne by the district. The total cost and expenses shall include:

(1) The amounts estimated to be paid for the property to be acquired;

(2) All costs and expenses in construction of the offstreet parking facility;

(3) All engineering expense; and

(4) The estimated expense of issuing and selling bonds and all other expenses which the city would not have except for the creation of such offstreet parking district.

19-3314 Costs; special assessment; notice; contents; appeal.

In the ordinance creating the district, the mayor and city council shall provide that in addition to the levy of taxes and pledge of revenue all or a portion of the cost of acquisition, including construction, maintenance, repair, and reconstruction of any offstreet parking facility may be paid for by special assessment against the real estate located in such district in proportion to the special benefit of each parcel of real estate. The amounts of such special assessments shall be determined by the mayor and city council sitting as a board of equalization. Notice of a hearing on any special assessments to be

levied under section 19-3315 shall be given to the landowners in such district by publication of the description of the land, the amount proposed to be assessed, and the general purpose for which such assessment is to be made one time each week for three weeks in a daily or weekly newspaper of general circulation published in the city. The notice shall provide the date, time, and place of hearing to determine any objection or protest by landowners in the district as to the amount of assessment made against their land. An appeal by writ of error or direct appeal to the district court of the county in which such city is located may be taken from the decision of the city council in the same manner and under like terms and conditions as appeals may be taken from the amount of special assessments levied in street improvement districts of such city as now provided by law.

19-3315 Taxes and assessments; purpose; procedure; notice; hearing.

The mayor and city council may by resolution levy and assess taxes and assessments as follows:

(1) A property tax within any district of not to exceed thirty-five cents on each one hundred dollars of taxable valuation of taxable property within such district subject to section 77-3443 to pay all or any part of the cost to improve, repair, maintain, reconstruct, operate, or acquire any offstreet parking facility and to pay principal and interest on any bonds issued for an offstreet parking facility for such district. Such tax shall be levied and collected at the same time and under the same provisions as the regular general city tax. The taxes collected from any district shall be used only for the benefit of such district. For purposes of subsection (2) of section 77-3443, the tax shall be counted in the allocation by the city proportionately, by dividing the total taxable valuation of the taxable property within the district by the total taxable valuation of the taxable property within the city multiplied by the levy of the district;

(2) A special assessment against the real property located in such district to the extent of the special benefit thereto for the purpose of paying all or any part of the total costs and expenses of acquisition, including construction, of an offstreet parking facility in such district. The special assessment shall be levied as provided in section 19-3314. In the event that subsequent to the levy of assessments the use of any parcel of land changes so that, had the new use existed at the time of making such levy, the assessment on such parcel would have been higher than the assessment actually made, an additional assessment may be made on such parcel by the mayor and city council taking into consideration the new and changed use of the property. The total amount of assessments levied under this subdivision shall not exceed the total costs and expenses of acquiring a facility defined in section 19-3313. The levy of an additional assessment shall not reduce or affect in any manner the assessments previously levied. Additional assessments shall be levied as provided in section 19-3314, except that published notice may be omitted if notice is personally served on the owner at least twenty days prior to the date of hearing. All assessments levied under this subdivision shall constitute a sinking fund for the payment of principal and interest on bonds issued for such facility as provided by section 19-3317 until such bonds and interest are fully paid; and

(3) A special assessment against the real property located in such district to the extent of special benefit thereto for the purpose of paying all or any part of the costs of maintenance, repair, and reconstruction of such offstreet parking facility in the district. The mayor and city council may levy such assessments under either of the following methods: (a) The mayor and city council may, not more frequently than annually, determine the costs of maintenance, repair, and reconstruction of such facility and such costs shall be assessed to the real property located in such district as provided by section 19-3314. At the hearing on such assessments, objections may be made to the total costs and the proposed allocation of such costs among the parcels of real property in such district; or (b) after notice is given to the owners as provided in section 19-3314, the mayor and city council may establish and may change from time to time the percentage of such costs of maintenance, repair, and reconstruction which each parcel of real property in any district shall pay. Thereafter, the mayor and city council shall annually determine the total amount of such costs for each period since costs were last assessed and shall after a hearing assess such costs to the real property in the district in accordance with the percentages previously established or as established at such hearing. Notice of such hearing shall be given as provided in section 19-3314 and shall state the total cost and percentage to be assessed to each parcel of real property. Unless written objections are filed with the city clerk at least five days before the hearing, all objections to the amount of total costs and the assessment percentages shall be deemed to have been waived and assessments shall be levied as stated in such notice unless the mayor and city council reduce any assessment. At such hearing, the assessment percentage for the assessment of costs in the future may be changed.

19-3315.01 Taxes, assessments, and revenue; use; notice; protest.

(1) In addition to uses otherwise authorized in the Offstreet Parking District Act, any money available from taxes or assessments levied pursuant to section 19-3315 or revenue derived from the operation of an offstreet parking facility may be used in the district for any one or more of the following purposes as determined by a vote of the majority of the city council:

(a) Improvement of any public place or facility, including landscaping, physical improvements for decoration or security purposes, and plantings;

(b) Construction or installation of pedestrian shopping malls or plazas, sidewalks or moving sidewalks, parks, meeting and display facilities, bus stop shelters, lighting, benches or other seating furniture, sculptures, trash receptacles, shelters, foundations, skywalks, and pedestrian and vehicular overpasses and underpasses, and any useful or necessary public improvements;

(c) Leasing, acquiring, constructing, reconstructing, extending, maintaining, or repairing parking lots or parking garages, both above and below the ground, or other facilities for the parking of vehicles, including the power to install such facilities in public areas, whether such areas are owned in fee or by easement;

(d) Creation and implementation of a plan for improving the general architectural design of public areas;

(e) Development of any public activities and promotion of public events, including the management, promotion, and advocacy of retail trade activities or other promotional activities;

(f) Maintenance, repair, and reconstruction of any publicly owned improvements or facilities;

(g) The creation by ordinance and operation of a revolving loan fund for the purpose of providing financing upon appropriate terms and conditions for capital improvements to privately owned facilities, subject to the following conditions:

(i) No loan from such fund shall exceed an amount equivalent to forty-nine percent of the total cost of the improvements to be financed by the loan;

(ii) The city shall require and receive appropriate security to guarantee the repayment of the loan; and

(iii) The proposed improvements to be financed shall serve to foster the purposes of the act, promote economic activity, or contribute to the public health, safety, and welfare;

(h) Any other project or undertaking for the betterment of the public facilities, whether the project is capital or noncapital in nature;

(i) Enforcement of parking regulations and the provision of security; and

(j) Employing or contracting for personnel, including administrators, for any improvement program under the act, and providing for any service as may be necessary or proper to carry out the purposes of the act.

(2) If any part of the revenue from fees and charges on the use of an offstreet parking facility or from onstreet parking meters within the district has been dedicated for the payment of principal or interest on bonds issued pursuant to section 19-3317 or has been pledged as security for such bonds, such revenue shall not be used for the purposes set forth in subsection (1) of this section until such time as such bonds have been fully paid or sufficient revenue has been placed in the sinking fund to guarantee such repayment.

(3) If the city council proposes to exercise the authority granted by subsection (1) of this section for any one or more of the purposes set forth in such subsection within the boundaries of a district in existence prior to September 13, 1997, the city clerk shall give notice of the council's intention to exercise such authority by publishing notice of such intent in a newspaper of general circulation in the city once a week for two consecutive weeks. The notice shall describe the proposed new uses for district revenue and shall specify the time for hearing objections to such uses, which time shall be at least fifteen days after the date of publication of the notice. The clerk shall accept written protests or objections to the approval of the proposed new uses of district revenue. If the owners of real property representing more than fifty percent of the actual valuation of all real property in the district file a written protest or objection within twenty days after the date of publication of the notice, district revenue shall not be applied to such uses.

19-3316 Assessments; delinquent; interest; notice; lien; payment.

Special assessments levied pursuant to section 19-3315 shall become due in fifty days after the date of such levy and shall become delinquent in one or

more installments over a period of not to exceed twenty years, in such manner as the mayor and city council shall determine at the time of making the levy. The first installment may become delinquent in fifty days after the date of levy if so specified by the mayor and the city council. Each of such installments shall draw interest before due date of not more than the rate of interest specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, and after delinquency at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, as the mayor and city council shall determine at the time the levy shall be made, except that any installment may be paid within fifty days of the date of such levy without interest being charged thereon. If three or more of such installments become delinquent and unpaid on the same property, the mayor and city council may by resolution declare all future installments on such delinquent property to be due on a future fixed date. The resolution shall set forth the description of the property and the name of its record title owner and shall provide that all future installments shall become delinquent upon such fixed date. A copy of such resolution shall be published one time each week for not less than twenty days in a legal newspaper of general circulation published in the city or, if none is published in the city, a legal newspaper of general circulation in such city. After the fixed date such future installments shall be deemed to be delinquent and the city may proceed to enforce and collect the total amount due and all future installments. Except as otherwise provided, all special assessments levied under section 19-3315 shall be liens on the property and shall be certified for collection and be collected in the same manner as special assessments made for improvements in street improvement districts in the city are collected.

19-3317 Bonds, authorized; interest; rate; funding; terms; warrants.

For the purpose of paying the cost of such offstreet parking facility, or any portion thereof or to refund all or a portion of any outstanding bonds of the city authorized to be refunded by sections 19-3301 to 19-3326, the mayor and city council shall have power and may, by ordinance, cause to be issued general obligation bonds of the city, to be called Offstreet Parking Bonds of the City of ....., Nebraska, payable in not exceeding twenty years from date and bearing interest, payable either annually or semiannually, not exceeding a rate of twelve percent per annum with interest coupons attached. In such cases they shall also provide that special taxes levied within the district pursuant to section 19-3315 shall constitute a sinking fund for the payment of such bonds and the mayor and city council may, in the ordinance, pledge all or any part of the revenue from fees and charges on the use of the parking facility or fees and charges from onstreet parking meters within the district not already pledged as security for such bonds. There shall be levied upon all the taxable property in such city a tax which, together with such sinking fund derived from special assessments and other revenue pledged for the payment of the bonds and interest thereon, shall be sufficient to meet payments of interest and principal as the same become due. All such bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, and at such place or places within or

without the State of Nebraska as such ordinance may provide. No proceedings for the issuance of bonds of any city shall be required other than those required by the provisions of sections 19-3301 to 19-3326. Such bonds may be issued either before or after the completion of the acquisition or construction of the offstreet parking facility, as the mayor and city council may determine best. For the purpose of paying costs of an offstreet parking facility prior to issuance of bonds, warrants may be issued by the mayor and city council upon such terms as the mayor and city council may determine, which warrants shall be redeemed and paid upon the sale of bonds authorized in this section.

19-3318 Proposed offstreet parking district; petition; contents; signers; requisite number.

The owners of the record title of any real property within a given area in any city of the first or second class representing fifty-five percent of the total taxable valuation of all of the taxable real property within the proposed district to be formed, which district must consist of contiguous lands and lots, may petition the mayor and city council to create a vehicle offstreet parking district by ordinance, which district shall be consecutively numbered, and to acquire property and construct an offstreet parking facility thereon as provided in the Offstreet Parking District Act. For purposes of the act, property separated by streets or alleys shall be deemed to be contiguous. The petition shall contain:

(1) A general description of the exterior boundaries of the proposed district;

(2) A general statement of the estimated amount of money involved in the acquisition of the land and property and construction of the facility;

(3) A general description of the improvements proposed to be made or constructed; and

(4) A statement that the petition is filed pursuant to this section.

The petition may consist of any number of separate instruments, but a description of the real property represented by each petitioner shall be included either opposite the signature or by separate instrument.

When the petition is filed, the city clerk shall check or cause it to be checked. If it is signed by qualified signers representing the required percentage of the total taxable valuation, the clerk shall make a certificate to that effect and present the petition and certificate to the mayor and city council.

19-3319 Petition; notice; protest.

When such petition is presented to the mayor and city council it shall be the duty of the mayor and city council to proceed as provided in sections 19-3312 and 19-3313 as upon the passage of a resolution for the creation of an offstreet

parking district. The same procedure for publication of notice and objections to the creation of the district shall apply.

19-3320 District boundaries; change; notice; contents.

Whether the ordinance creating the offstreet parking district is passed on the initiative of the council or on the petition of landowners, the council shall not change the boundaries, except after notice of intention to do so given by the clerk by one insertion in the newspaper in which the ordinance and notice were published. The notice shall describe the proposed change and specify the time for hearing objections, which shall be at least fifteen days after publication of the notice.

19-3321 District boundaries; additional land; notice; mailing; protest; number required; effect.

If the change proposed is to include additional land in the district, the clerk also shall mail a copy of the notice to each person to whom land in the area proposed to be added is assessed as shown in the office of the register of deeds or the county clerk at such person's last-known address. The notice shall be mailed by certified mail at least fifteen days prior to the time set for hearing objections. If the boundaries are changed, objection or protest made by owners of lands excluded by the change shall not be counted in computing a protest but written objection or protest made by owners of the remaining assessable land in the district, including assessable land added by the change and filed with the clerk not later than the time set for hearing, objecting to the proposed change shall be included in computing the protest. If owners of real property representing more than fifty percent of the taxable valuation of all real property in such new proposed district after the change of boundaries file a written protest within twenty days after the notice is published in such newspaper, then such district may not be changed.

19-3323 Termination of proceedings for creation or change of district by protest; effect.

If the proceedings for the creation of an original offstreet parking district or for an offstreet parking district under which the boundaries have been changed, are terminated by a protest to the council, a proceeding under the provisions of sections 19-3301 to 19-3326 for the same or substantially the same acquisition

and improvement shall not be commenced within one year thereafter, except on petitions signed by owners of the record title representing a majority of the total land area in the district.

19-3324 Protest or objection; withdrawal; effect.

Any protest or objection made pursuant to the provisions of sections 19-3301 to 19-3326 or any signature to such objection or protest may be withdrawn by a written withdrawal signed by the person or persons who signed the protest or objection or who affixed the signature to be withdrawn and filed with the clerk at any time prior to the determination of the mayor and city council as to whether or not a protest exists. Any protest, objection or signature withdrawn shall not be counted in computing the protest.

19-3326 Issuance of bonds; certificate by city clerk; annual taxes; collection.

(1) After the issuance of bonds hereunder by a city of the first or second class, a certificate shall be issued by the city clerk certifying the same to the county treasurer of the county in which such city is located and the annual taxes within the district shall be handled in the same manner and collected in the same manner as intersection bonds for street paving in the cities of the first class or second class in Nebraska and to be paid to the city for use as provided by sections 19-3301 to 19-3326.

(2) After the issuance of bonds hereunder by a city of the primary class, a certificate shall be issued by the city clerk. Taxes shall be handled and collected as otherwise provided by law or by home rule charter for such city and those taxes paid to the city shall be used as provided in sections 19-3301 to 19-3327.

(b) MISCELLANEOUS

19-3327 Offstreet parking; additional authority; notice; hearing; written objections; resolution; procedure.

Any city of the primary, first, or second class, after the creation of an offstreet parking district pursuant to the Offstreet Parking District Act, shall have the power to own, purchase, construct, equip, lease, or operate within such city any

offstreet parking facility in addition to any offstreet parking facility contemplated at the time of the creation of the district if the mayor and city council are of the opinion that the district will be benefited thereby. Whenever the city council deems it advisable to own, purchase, construct, equip, lease, or operate such additional facility, the council shall by resolution set forth the engineer's estimate of the sum of money to be expended in the acquisition of property and the construction of the offstreet parking facility and a description of the facility to be constructed, and if such resolution proposes to acquire by grant, contract, purchase, or through condemnation any offstreet parking facility, the resolution shall state the price and conditions and how such facility shall be acquired, and if assessments are to be levied, the resolution shall state the proposed boundaries of the area in the district in which the special assessments shall be levied. Notice of the time and place of a hearing before the city council on such resolution shall be given by publication one time each week for two weeks in a daily or weekly newspaper of general circulation published in the city. The publication shall contain the entire resolution. The last publication shall not be less than five days nor more than two weeks prior to the date set for such hearing. Not later than the hour set for the hearing, any owner or any person interested in any real property within the proposed area may file with the city clerk written objections to the resolution, the extent of the proposed area, or both, and every person so interested shall have a right to protest on any grounds and to object to his or her real property being included in the area. At such hearing all objections and protests shall be heard and passed upon by the mayor and city council. If the owners of record title representing more than sixty percent of the taxable valuation of all of the taxable real property included in such proposed area and who were such owners at the time the notice of hearing on objections to the creation of the facility was first published file a petition with the city clerk within three days of the date set for the hearing, such resolution shall not be passed.

PENSION PLANS

(Applicable to cities of the first or second class and villages.)

Section
19-3501. Pension plans authorized; employees covered; contributions; funding past service benefits; joinder in plan by two or more cities; reports.

19-3501 Pension plans authorized; employees covered; contributions; funding past service benefits; joinder in plan by two or more cities; reports.

(1) The governing body of cities of the first and second classes and villages may, by appropriate ordinance or proper resolution, establish a pension plan

designed and intended for the benefit of the regularly employed or appointed full-time employees of the city. Any recognized method of funding a pension plan may be employed. The plan shall be established by appropriate ordinance or proper resolution, which may provide for mandatory contribution by the employee. The city may also contribute, in addition to any amounts contributed by the employee, amounts to be used for the purpose of funding employee past service benefits. Any two or more cities of the first and second classes and villages may jointly establish such a pension plan by adoption of appropriate ordinances or resolutions. Such a pension plan may be integrated with old age and survivors insurance, otherwise generally known as social security.

(2)(a) Beginning December 31, 1998, and each December 31 thereafter, the clerk of a city or village with a retirement plan established pursuant to this section and section 401(a) of the Internal Revenue Code shall file with the Public Employees Retirement Board an annual report on such plan and shall submit copies of such report to the members of the Nebraska Retirement Systems Committee of the Legislature. The annual report shall be in a form prescribed by the Public Employees Retirement Board and shall contain the following information for each such retirement plan:

(i) The number of persons participating in the retirement plan;

(ii) The contribution rates of participants in the plan;

(iii) Plan assets and liabilities;

(iv) The names and positions of persons administering the plan;

(v) The names and positions of persons investing plan assets;

(vi) The form and nature of investments;

(vii) For each defined contribution plan, a full description of investment policies and options available to plan participants; and

(viii) For each defined benefit plan, the levels of benefits of participants in the plan, the number of members who are eligible for a benefit, and the total present value of such members' benefits, as well as the funding sources which will pay for such benefits.

If a plan contains no current active participants, the city or village clerk may file in place of such report a statement with the Public Employees Retirement Board indicating the number of retirees still drawing benefits, and the sources and amount of funding for such benefits.

(b) Beginning December 31, 1998, and every four years thereafter, if such retirement plan is a defined benefit plan, the city council or village board shall cause to be prepared a quadrennial report and shall file the same with the Public Employees Retirement Board and submit to the members of the Nebraska Retirement Systems Committee of the Legislature a copy of each report. The report shall consist of a full actuarial analysis of each such retirement plan established pursuant to this section. The analysis shall be prepared by an independent private organization or public entity employing actuaries who are members in good standing of the American Academy of Actuaries, and which organization or entity has demonstrated expertise to perform this type of analysis and is unrelated to any organization offering investment advice or which provides investment management services to the retirement plan.

(3) Subsection (1) of this section shall not apply to firefighters or police officers who are included under an existing pension or retirement system established by the municipality employing such firefighters or police officers or

the Legislature. If a city of the first class decreases in population to less than five thousand, as determined by the latest federal census, any police officer or firefighter employed by such city on or prior to the date such city becomes a city of the second class shall retain the level of benefits established by the Legislature for police officers or firefighters employed by a city of the first class on the date such city becomes a city of the second class.

19-4017 Sections; purpose.

Cities of the metropolitan, primary, first, and second class in the state at present have business areas in need of improvement and development, but lack the funds with which to provide and maintain such improvements. The purpose of sections 19-4015 to 19-4038 is to provide a means by which such cities may raise the necessary funds to be used for the purpose of providing and maintaining the improvements authorized by sections 19-4015 to 19-4038.

Source: Laws 1979, LB 251, § 3.

19-4017.01 Terms, defined.

As used in sections 19-4015 to 19-4038, unless the context otherwise requires:

(1) Record owner shall mean the fee owner of real property as shown in the records of the register of deeds office in the county in which the business area is located. A contract purchaser of real property shall be considered the record owner for purposes of sections 19-4015 to 19-4038 and the only person entitled to petition pursuant to section 19-4028 or protest pursuant to section 19-4027, if the contract is recorded in the register of deeds office in the county in which the business area is located;

(2) Assessable unit shall mean front foot, square foot, equivalent front foot, or other unit of assessment established under the proposed method of assessment set forth in the resolution of intention to create a business improvement district; and

(3) Space shall mean the square foot space wherein customers, patients, clients, or other invitees are received and space from time to time used or available for use in connection with a business or profession of a user, excepting all space owned or used by political subdivisions.

19-4019 Available funds; uses; enumerated.

Any money available under section 19-4018 may be used for any one or more of the following purposes:

(1) The acquisition, construction, maintenance, and operation of public offstreet parking facilities for the benefit of the district area;

(2) Improvement of any public place or facility in the district area, including landscaping, physical improvements for decoration or security purposes, and plantings;

(3) Construction or installation of pedestrian shopping malls or plazas, sidewalks or moving sidewalks, parks, meeting and display facilities, bus stop shelters, lighting, benches or other seating furniture, sculptures, trash receptacles, shelters, fountains, skywalks, and pedestrian and vehicular overpasses and underpasses, and any useful or necessary public improvements;

(4) Leasing, acquiring, constructing, reconstructing, extending, maintaining, or repairing parking lots or parking garages, both above and below ground, or other facilities for the parking of vehicles, including the power to install such facilities in public areas, whether such areas are owned in fee or by easement, in the district area;

(5) Creation and implementation of a plan for improving the general architectural design of public areas in the district;

(6) The development of any public activities and promotion of public events, including the management and promotion and advocacy of retail trade activities or other promotional activities, in the district area;

(7) Maintenance, repair, and reconstruction of any improvements or facilities authorized by the Business Improvement District Act;

(8) Any other project or undertaking for the betterment of the public facilities in the district area, whether the project be capital or noncapital in nature;

(9) Enforcement of parking regulations and the provision of security within the district area; and

(10) Employing or contracting for personnel, including administrators for any improvement program under the act, and providing for any service as may be necessary or proper to carry out the purposes of the act.

19-4020 Business improvement district; created; location.

A business improvement district may be created as provided by sections 19-4015 to 19-4038 and shall be within the boundaries of an established business area of the city zoned for business, public, or commercial purposes.

Source: Laws 1979, LB 251, § 6; Laws 1983, LB 22, § 2.

19-4021 Business improvement board; membership; powers; duties.

The mayor, with the approval of the city council, shall appoint a business improvement board consisting of property owners, residents, business operators, or users of space within the business area to be improved. The boundaries of the business area shall be declared by resolution of the city council at or prior to the time of the appointment of the board. The board shall make recommendations to the city council for the establishment of a plan or plans for improvements in the business area. If it is found that the improvements to be included in one business area offer benefits that cannot be equitably assessed together under sections 19-4015 to 19-4038, more than one business improvement district as part of the same development plan for that business area may be proposed. The board may make recommendations to the city as to the use of

any occupation tax funds collected, and may administer such funds if so directed by the mayor and city council.

19-4022 Board; members; terms; vacancy.

The board shall consist of five or more members to serve such terms as the city council, by resolution, determines. The mayor, with the approval of the city council, shall fill any vacancy for the term vacated. A board member may serve more than one term. The board shall select from its members a chairperson and a secretary.

19-4024 Business improvement district; creation by city council; resolution of intention; contents; tax or assessment; basis.

Upon receiving the recommendation from the business improvement board, the city council, after receipt of recommendations from the planning commission if the city has a planning commission, may create one or more business improvement districts by adopting a resolution of intention to establish a district or districts. The resolution shall contain the following information:

(1) A description of the boundaries of any proposed district;

(2) The time and place of a hearing to be held by the city council to consider establishment of a district or districts;

(3) The proposed public facilities and improvements to be made or maintained within any such district; and

(4) The proposed or estimated costs for improvements and facilities within any district, and the method by which the revenue shall be raised. If a special assessment is proposed, the resolution also shall state the proposed method of assessment.

The notice of intention shall recite that the method of raising revenue shall be fair and equitable. In the use of a general occupation tax, the tax shall be based primarily on the square footage of the owner's and user's place of business. In the use of a special assessment, the assessment shall be based upon the special benefit to the property within the district.

The proper time for a choice as to what method of special assessment is to be used, if such is the route decided upon, is at the time of adoption of the creating ordinance, as set forth in section 19-4029. North Star Lodge #227, A.F. & A.M. v. City of Lincoln, 212 Neb. 236, 322 N.W.2d 419 (1982).

19-4025 Notice of hearing; manner given.

A notice of hearing under sections 19-4015 to 19-4038 shall be given by (1) one publication of the resolution of intention in a newspaper of general circulation in the city and (2) mailing a complete copy of the resolution of intention to each owner of taxable property as shown on the latest tax rolls of the county treasurer for such county. If an occupation tax is to be imposed, a copy of the resolution of intention shall also be mailed to each user of space in the proposed district. Publication and mailing shall be completed at least ten days prior to the time of hearing.

19-4026 Hearing to create a district; call by petition.

In the event that the city council has not acted to call a hearing to create a district as provided in sections 19-4015 to 19-4038, it shall do so when presented with a petition signed by the record owners of thirty percent of the assessable front footage in a business area or by the users of thirty percent of space in a business area.

19-4027 Hearing; city council; duties; protest; effect.

Whenever a hearing is held under the provisions of sections 19-4015 to 19-4038, the city council shall:

(1) Hear all protests and receive evidence for or against the proposed action;

(2) Rule upon all written protests received prior to the close of the hearing, which ruling shall be final; and

(3) Continue the hearing from time to time as the city council may deem necessary.

If a special assessment is to be used, proceedings shall terminate if written protest is made prior to the close of the hearing by the record owners of over fifty percent of the assessable units in the proposed district. If an occupation tax is to be used, proceedings shall terminate if protest is made by over fifty percent of the users of space in the proposed district.

Publicly owned property is exempt from general purpose taxation, but it is not exempt from special assessment taxation. Therefore, publicly owned front feet are not excluded in making the computations concerning assessable front footage. Lessees are not ''owners'' for purposes of protest under this section. Easley v. City of Lincoln, 213 Neb. 450, 330 N.W.2d 130 (1983).

The term ''assessable unit'' contained herein is not synonymous with the term ''front foot''; it refers, rather, to a delineation of the resulting assessments on a lot or parcel basis. North Star Lodge #227, A.F. & A.M. v. City of Lincoln, 212 Neb. 236, 322 N.W.2d 419 (1982).

19-4028 Proposed district; boundary amendment; hearing continued.

If the city council decides to change the boundaries of the proposed district, the hearing shall be continued to a time at least fifteen days after such decision and the notice shall be given as prescribed in section 19-4026, showing the boundary amendments, but no new or additional resolution of intention shall be required.

19-4029 City council; ordinance to establish district; when; contents.

The city council, following the hearing, may establish or reject any proposed district or districts. If the city council decides to establish any district, it shall adopt an ordinance to that effect. This ordinance shall contain the following information:

(1) The number, date, and title of the resolution of intention pursuant to which it was adopted;

(2) The time and place the hearing was held concerning the formation of such district;

(3) A statement that a business improvement district has been established;

(4) The purposes of the district, and the public improvements and facilities to be included in such district;

(5) The description of the boundaries of such district;

(6) A statement that the businesses and professions in the area established by the ordinance shall be subject to the general business occupation tax or that the real property in the area will be subject to the special assessment authorized by sections 19-4015 to 19-4038;

(7) The proposed method of assessment to be imposed within the district or the initial rate of the occupation tax to be imposed; and

(8) Any penalties to be imposed for failure to pay the tax or special assessment.

Source: Laws 1979, LB 251, § 15; Laws 1983, LB 22, § 9.

19-4030 Business improvement district; special assessment; purpose; notice; appeal; lien.

A city may levy a special assessment against the real estate located in such district, to the extent of the special benefit thereto, for the purpose of paying all or any part of the total costs and expenses of performing any authorized work, except maintenance, repair, and reconstruction costs, within such district. The amount of each special assessment shall be determined by the city council sitting as a board of equalization. Assessments shall be levied in accordance with the method of assessment proposed in the ordinance creating the district. If the city council finds that the proposed method of assessment does not provide a fair and equitable method of apportioning costs, then it may assess the costs under such method as the city council finds to be fair and equitable. Notice of a hearing on any special assessments to be levied under sections 19-4015 to 19-4038 shall be given to the landowners in such district by publication of the description of the land, the amount proposed to be assessed, and the general purpose for which such assessment is to be made one time each week for three weeks in a daily or weekly newspaper of general circulation published in the city. The notice shall provide the date, time, and place of hearing to hear any objections or protests by landowners in the district as to the amount of assessment made against their land. A direct appeal to the district court of the county in which such city is located may be taken from the decision of the city council in the same manner and under like terms and conditions as appeals may be taken from the amount of special assessments levied in street improvement districts in such city as now provided by law. All special assessments levied under sections 19-4015 to 19-4038 shall be liens on the property and shall be certified for collection and collected in the same manner as special

assessments for improvements and street improvement districts of the city are collected.

19-4031 District; general business occupation tax; purpose; notice; appeal; collection; basis.

(1) In addition to or in place of the special assessments authorized by sections 19-4015 to 19-4038, a city may levy a general business occupation tax upon the businesses and users of space within a district established for acquiring, constructing, maintaining or operating public offstreet parking facilities and providing in connection therewith other public improvements and facilities authorized by sections 19-4015 to 19-4038, for the purpose of paying all or any part of the total cost and expenses of any authorized improvement or facility within such district. Notice of a hearing on any such tax levied under sections 19-4015 to 19-4038 shall be given to the businesses and users of space of such districts, and appeals may be taken, all in the manner provided in section 19-4030.

(2) For the purposes of the tax to be imposed under this section, the city council may make a reasonable classification of businesses or users of space. The collection of a tax imposed pursuant to this section shall be made and enforced in such a manner as the city council shall by ordinance determine to produce the required revenue. The city council may provide that failure to pay the tax imposed pursuant to this section shall constitute a violation of the ordinance and subject the violator to a fine or other punishment as provided by ordinance.

19-4032 District; additional assessment or levy; when; procedure.

If, subsequent to the levy of taxes or assessments, the use of any parcel of land shall change so that, had the new use existed at the time of making such levy, the assessment or levy on such parcel would have been higher than the levy or assessment actually made, an additional assessment or levy may be made on such parcel by the city council taking into consideration the new and changed use of the property. Reassessments or changes in the rate of levy of assessments or taxes may be made by the city council after notice and hearing as provided in section 19-4030. The city council shall adopt a resolution of intention to change the rate of levy at least fifteen days prior to the hearing required for changes. This resolution shall specify the proposed change and shall give the time and place of the hearing.

19-4033 Assessments or taxes; limitations; effect.

The total amount of assessments or general business occupation taxes levied under sections 19-4015 to 19-4038 shall not exceed the total costs and expenses of performing the authorized work. The levy of any additional assessment or tax shall not reduce or affect in any manner the assessments previously levied. The assessments or taxes levied must be for the purposes specified in the ordinances and the proceeds shall not be used for any other purpose.

19-4034 Business improvement district; special assessment or business tax; maintenance, repair, or reconstruction; levy; procedure.

A city may levy a general business occupation tax, or a special assessment against the real estate located in a district to the extent of special benefit to such real estate, for the purpose of paying all or any part of the cost of maintenance, repair, and reconstruction, including utility costs of any improvement or facility in the district. Districts created for taxation or assessment of maintenance, repair, and reconstruction costs, including utility costs of improvements or facilities which are authorized by sections 19-4015 to 19-4038, but which were not acquired or constructed pursuant to sections 19-4015 to 19-4038, may be taxed or assessed as provided in sections 19-4015 to 19-4038. Any occupation tax levied under this section shall be limited to those improvements and facilities authorized by section 19-4030. The city council may levy such taxes or assessments under either of the following methods:

(1) The city council, sitting as a board of equalization, may, not more frequently than annually, determine the costs of maintenance or repair, and reconstruction, of a facility. Such costs shall be either assessed to the real estate located in such district in accordance with the proposed method of assessment, or taxed against the businesses and users of space in the district, whichever may be applicable as determined by the ordinance creating the district. However, if the city council finds that the method of assessment proposed in the ordinance creating the district does not provide a fair and equitable method of apportioning such costs, then it may assess the costs under such method as the city council finds to be fair and equitable. At the hearing on such taxes or assessments, objections may be made to the total cost and the proposed allocation of such costs among the parcels of real estate or businesses in such district; or

(2) After notice is given to the owners or businesses as provided in section 19-4030 the city council may establish and may change from time to time, the percentage of such costs for maintenance, repair, and reconstruction which each parcel of real estate or each business or user of space in any district shall pay. The city council shall annually determine the total amount of such costs for each period since costs were last taxed or assessed, and shall, after a hearing, tax or assess such costs to the real estate in the district in accordance with the percentages previously established at such hearing. Notice of such hearing shall be given as provided in section 19-4030 and shall state the total costs and percentage to be taxed or assessed to each parcel of real estate. Unless objections are filed with the city clerk at least five days before the hearing, all objections to the amount of total costs and the assessment percentages should be deemed to have been waived and the assessments shall be levied as stated in such notice except that the city council may reduce any assessment percentage.

19-4035 District; disestablish; procedure.

The city council may disestablish a district by ordinance after a hearing before the city council. The city council shall adopt a resolution of intention to disestablish the area at least fifteen days prior to the hearing required by this section. The resolution shall give the time and place of the hearing.

PUBLIC STREETS AND SIDEWALKS
(Applicable to all cities.)

Section
19-4301. Public streets and sidewalks; sale of services or goods; permitted; closure; conditions.

19-4301 Public streets and sidewalks; sale of services or goods; permitted; closure; conditions.

(1) The city council of any city may permit the public streets and sidewalks within such city to be occupied and used under a lease, license, or other permission by a person, business, or others for the sale of services or goods and may permit the placement of nonpermanent sidewalk cafes, tables, chairs, benches, and other temporary improvements from which such sales can be transacted on the public streets and sidewalks.

(2) In addition to subsection (1) of this section, the city council of any city of the primary class may permit public streets and sidewalks to be closed and a fee to be charged for access to such streets and sidewalks if the following conditions have been met:

(a) The person seeking such permission is a tax-exempt nonprofit or charitable organization exempt from taxation by the federal government;

(b) The event for which a street or sidewalk is to be closed is conducted by and for the benefit of such nonprofit or charitable organization; and

(c) The nonprofit or charitable organization has obtained written consent to close such street or sidewalk for the duration of the permitted event from all of the owners of any land or lots abutting on the street or sidewalk to be closed.

PLANNED UNIT DEVELOPMENT
(Applicable to cities of the metropolitan, primary, or first class.)

Section
19-4401. Planned unit development ordinance; authorized; conditions.

19-4401 Planned unit development ordinance; authorized; conditions.

(1) Notwithstanding any provisions of Chapter 14, article 4, Chapter 15, article 9, Chapter 19, article 9, or of any home rule charter to the contrary, every metropolitan-, primary-, and first-class city shall have the power to

include within its zoning ordinance, provisions authorizing and regulating planned unit developments within such city or within the zoning jurisdiction of such city, except such cities shall not have authority to impose such power over organized cities or villages within the zoning jurisdiction of such cities. As used in this section, planned unit development shall include any development of a parcel of land or an aggregation of contiguous parcels of land to be developed as a single project which proposes density transfers, density increases, and mixing of land uses, or any combination thereof, based upon the application of site planning criteria. The purpose of such ordinance shall be to permit flexibility in the regulation of land development, to encourage innovation in land use and variety in design, layout, and type of structures constructed, to achieve economy and efficiency in the use of land, natural resources, energy, and the provision of public services and utilities, to encourage the preservation and provision of useful open space, and to provide improved housing, employment, or shopping opportunities particularly suited to the needs of an area.

(2) An ordinance authorizing and regulating planned unit developments shall establish criteria relating to the review of proposed planned unit developments to ensure that the land use or activity proposed through a planned unit development shall be compatible with adjacent uses of land, the capacities of public services and utilities affected by such planned unit development, and to ensure that the approval of such planned unit development is consistent with the public health, safety, and general welfare of the city, and is in accordance with the comprehensive plan.

(3) Within a planned unit development, regulations relating to the use of land, including permitted uses, lot sizes, setbacks, height limits, required facilities, buffers, open spaces, roadway and parking design, and land-use density shall be determined in accordance with the planned unit development regulations specified in the zoning ordinance. The planned unit development regulations need not be uniform with regard to each type of land use.

(4) The approval of planned unit developments, as authorized under a planned unit development ordinance, shall be generally similar to the procedures established for the approval of zone changes. In approving any planned unit development, a city may, either as a condition of the ordinance approving a planned unit development, by covenant, by separate agreement, or otherwise, impose reasonable conditions as deemed necessary to ensure that a planned unit development shall be compatible with adjacent uses of land, will not overburden public services and facilities, and will not be detrimental to the public health, safety, and welfare. Such conditions or agreements may provide for dedications of land for public purposes.

19-4625 Eminent domain authorized.

A city may acquire and appropriate a gas system through the exercise of the power of eminent domain if such power is exercised in the manner specified in and subject to the Municipal Natural Gas System Condemnation Act.

Source: Laws 2002, LB 384, § 2.

19-4626 Act; applicability.

(1) A city may condemn the property of a utility which constitutes a portion of a gas system without complying with the Municipal Natural Gas System Condemnation Act if the condemnation is necessary for the public purpose of acquiring an easement or right-of-way across the property of the utility or is for the purpose of acquiring a portion of the gas system for a public use unrelated to the provision of natural gas service.

(2) Nothing in the act shall be construed to govern or affect the manner in which a city which owns and operates its own gas system condemns the property of a utility when such property is brought within the corporate boundaries of the city by annexation.

19-4627 Terms, defined.

For purposes of the Municipal Natural Gas System Condemnation Act:

(1) City means a city of the primary class, city of the first class, city of the second class, or village;

(2) Commission means the Public Service Commission;

(3) Gas system means all or any portion of a gas plant or a gas system, including a natural or bottled gas plant, gas distribution system, or gas pipelines, located or operating within or partly within and partly without a city, together with real and personal property needed or useful in connection therewith, if the main part of the works, plant, or system is located within the city; and

(4) Utility means an investor-owned utility owning, maintaining, and operating a gas system within a city.

19-4628 Resolution of intent.

A city proposing to acquire a gas system through the exercise of the power of eminent domain shall initiate the process by ordering the preparation of a resolution of intent to pursue condemnation of the gas system in accordance with the requirements of the Municipal Natural Gas System Condemnation Act by a vote of a majority of the members of the governing body of the city.

19-4629 Resolution of intent; contents.

(1) The resolution of intent shall describe the property subject to the proposed condemnation, including the types of property and facilities to be subject to the condemnation and the extent and amount of property to be appropriated. The resolution of intent shall set forth one or more of the following:

(a) A description of the acts and omissions of the utility regarding natural gas safety which the city believes have created or may create a material threat to

the health and safety of the public in the city and a description of the nature of the threat;

(b) A description of the acts and omissions of the utility regarding the terms, conditions, and quality of natural gas service to natural gas ratepayers in the city which the city believes fail to meet generally accepted standards of customer service within the natural gas industry;

(c) A comparison of the rates for natural gas charged by the utility to ratepayers in the city and of the rates charged to similarly situated ratepayers in comparably sized cities in Nebraska and neighboring states which are served by the same or different utilities, which comparison the city believes shows that the rates charged in the city are excessive; or

(d) A description of recent or contemporaneous events or disclosures regarding the utility, including, but not limited to, changes in ownership, corporate structure, financial stability, or debt rating or any other factor which the city believes indicates financial instability in the utility which may materially impair its ability to maintain appropriate levels of safety and consumer service in the city.

(2) If the resolution of intent contains provisions as set out in subdivision (1)(a) or (b) of this section, the resolution shall describe the efforts by the city to inform the utility of the utility's acts or omissions regarding safety or service and shall describe the opportunities afforded the utility to remedy the stated defects.

(3) The resolution of intent shall not contain any provision regarding nor make any references to any expected or anticipated revenue to be derived by the city in consequence of the city's condemnation or operation of the gas system.

19-4630 Resolution of intent; public hearing.

(1) The resolution of intent to pursue condemnation shall be presented to the governing body of the city at a regular meeting of such governing body. At that meeting the governing body may adopt the resolution of intent and, if it does so, shall set a time at least forty-five days after the date of the meeting at which the resolution of intent was adopted at which time the governing body of the city shall hold a public hearing.

(2) At the public hearing, the sole item of business to be conducted shall be the public hearing on the resolution of intent at which the public shall be permitted to comment on the proposed condemnation, the utility shall be permitted to respond to the statements set out in the resolution of intent and any comments made at the public hearing, and the governing body may act as provided in section 19-4631.

(3) The clerk of the city shall transmit a copy of the resolution of intent and notice of the date and time of the public hearing to the utility by United States registered mail with signature confirmation within seven days after the meeting at which the resolution of intent was adopted. At least thirty days prior to the public hearing, the city shall publish notice of the time and place of the public hearing and a summary of the resolution of intent in a legal newspaper published in or of general circulation in the city.

(4) The utility may present to the city a description of portions of the gas system which (a) are not described as part of the gas system being condemned by the city and (b) are served through the town border station of the city. The utility may require the city to include in its description of the gas system being condemned any or all of those portions of the system if the proposed condemnation would sever those portions of the system from the utility's distribution facilities and would require the utility to create new infrastructure to link these portions to its existing delivery system outside the city. If the utility chooses to require the city to include additional portions of the gas system in the description of the property being condemned, it shall do so prior to the adjournment of the public hearing.

19-4631 Condemnation motion.

After the public hearing provided for in section 19-4630, the governing body of the city, by majority vote of its members, may vote to exercise the power of eminent domain and condemn the gas system or such portion thereof as described in the motion. The motion shall identify fully and accurately the property subject to the condemnation.

19-4632 Court of condemnation; establishment.

Following the adoption of the motion, including an override of any veto, if necessary, the clerk of the city shall transmit to the Chief Justice of the Supreme Court notice of the decision of the city to pursue condemnation of the gas system. The Supreme Court shall, within thirty days after the receipt of such notice, appoint three judges of the district court from three of the judicial districts of the state to constitute a court of condemnation to ascertain and find the value of the gas system being taken. The Supreme Court shall enter an order requiring the judges to attend as a court of condemnation at the county seat of the county in which the city is located, within such time as may be stated in the order, except upon stipulation by all necessary parties as to the value of the gas system filed with the Supreme Court prior to such date. The judges shall attend as ordered and at the first meeting shall select a presiding judge, organize, and proceed with the court's duties. The court may adjourn from time to time and shall fix a time for the appearance before it of all such corporations or persons as the court may deem necessary to be made parties to such condemnation proceedings or which the city or the utility may desire to have made a party to the proceedings. If such time of appearance shall occur after any proceedings have begun, the proceedings shall be reviewed by the court, as it may direct, to give all parties full opportunity to be heard. All corporations or persons, including all mortgagees, bondholders, trustees for bondholders, leaseholders, or other parties or persons claiming any interest in or lien upon the gas system, may be made parties to the proceedings. All parties shall be served with notice of the proceedings and the time and place of the meeting of the court of condemnation in the same manner and for such length of time as the service of a summons in cases begun in the district court, either by personal service or service by publication, and actual personal service of

notice within or without the state shall supersede the necessity of notice by publication.

19-4633 Court of condemnation; procedure.

In all proceedings before it, the court of condemnation shall appoint a reporter of its proceedings who shall report and preserve all evidence introduced before it. The clerk of the district court, in the county where the city is located, shall attend upon the court of condemnation and perform the duties of the clerk thereof, as the court of condemnation may direct. The sheriff of the county or any of his or her deputies shall attend upon the court and shall have power to serve summonses, subpoenas, and all other orders or papers ordered to be served by the court. In case of a vacancy on the court, the vacancy shall be filled by the Supreme Court if the vacancy occurs while the Supreme Court is in session, and if it occurs while the Supreme Court is not in session, then by the Chief Justice. The judges constituting the court of condemnation shall be paid by the city a per diem for their services in an amount to be established by rule of the Supreme Court and the city shall pay their necessary traveling expenses, accommodation bills, and all other necessary expenses incurred while in attendance upon the sittings of the court of condemnation, with reimbursement for expenses to be made as provided in sections 81-1174 to 81-1177. The city shall pay the reporter that is appointed by the court the amount that is set by the court. The sheriff shall serve all summonses, subpoenas, or other orders or papers ordered issued or served by the court of condemnation at the same rate and compensation for which he or she serves like papers issued by the district court, but shall account to the county for all compensation as required of him or her under the law governing his or her duties as sheriff.

19-4634 Court of condemnation; powers and duties; costs.

(1) In ascertaining the value of the gas system, the court of condemnation shall have full power to summon witnesses, administer oaths, take evidence, order the taking of depositions, and require the production of any and all books and papers deemed necessary for a full investigation and ascertainment of the value of any portion of the gas system. When part of the gas system appropriated under the Municipal Natural Gas System Condemnation Act extends beyond the territory within which the city exercising the power of eminent domain has a right to operate the gas system, the court of condemnation, in determining the damages caused by the appropriation, shall take into consideration the fact that the portion of the gas system beyond that territory is being detached and not appropriated by the city, and the court of condemnation shall award damages by reason of the detachment and the destruction in value and usefulness of the detached and unappropriated property as it will remain and be left after the detachment and appropriation. The court shall have all the necessary powers and perform all the necessary duties in the condemnation and ascertainment of the value and in making an award of the value of the gas system.

(2) The court of condemnation shall have power to apportion the costs of the proceedings before it between the city and the utility and the city shall provide for and pay the costs as ordered by the court. The city shall make provisions for

the necessary funds and expenses to carry on the proceedings of the court while the proceedings are in progress. If the governing body of the city elects to abandon the condemnation proceedings, the city shall pay all the costs made before the court.

(3) If the services of expert witnesses or attorneys are secured by the utility, their fees or compensation as billed to the utility are to be taxed and paid as costs by the city to the extent that the court determines that the fees and compensation sought (a) reflect the prevailing industry or professional charges for such services in cases of the size involved in the condemnation and (b) were reasonably necessary to a just and accurate determination of the value of the gas system. The costs of any appeal shall be adjudged against the party defeated in the appeal in the same degree and manner as is done under the general court practice relating to appellate proceedings.

19-4635 Court of condemnation; finding of value; procedure; appeal; abandonment; when.

(1) Upon the determination and filing of a finding of the value of the gas system by the court of condemnation, the city shall have the right and power, by resolution adopted by a majority of the members of its governing body, to elect to abandon the proceedings to acquire the gas system by the exercise of the power of eminent domain.

(2) If the city (a) does not elect to abandon within ninety days after the finding and filing of value or (b) formally notifies the utility by United States registered mail with signature confirmation that its governing body has voted to proceed with the condemnation, the utility owning the gas system may appeal from the finding of value and award by the court of condemnation to the district court.

(3) The appeal shall be made by filing with the city clerk within twenty days after (a) the expiration of the time given the city to exercise its rights of abandonment or (b) the date of the receipt of the notice of the city's intent to proceed with condemnation, a bond to be approved by the court of condemnation, conditioned for the payment of all costs which may be made on any appeal, and by filing in the district court, within ninety days after such bond is filed, a transcript of the proceedings before the court of condemnation, including the evidence taken before it, certified by the clerk, reporter, and judges of the court of condemnation. The appeal in the district court shall be tried and determined upon the pleadings, proceedings, and evidence in the transcript.
