79-209 Compulsory attendance; nonattendance; school district; duties; collaborative plan; considerations; referral to county attorney; notice.

(1) In all school districts in this state, any superintendent, principal, teacher, or member of the school board who knows of any violation of subsection (2) of section 79-201 shall within three days report such violation to the attendance officer of the school, who shall immediately investigate the case. When of his or her personal knowledge or by report or complaint from any resident of the district, the attendance officer believes that there is a violation of subsection (2) of section 79-201, the attendance officer shall immediately investigate such alleged violation.

(2) All school boards shall have a written policy on attendance developed and annually reviewed in collaboration with the county attorney of the county in which the principal office of the school district is located. The policy shall

include a provision indicating how the school district will handle cases in which excessive absences are due to illness. The policy shall also state the circumstances and number of absences or the hourly equivalent upon which the school shall render all services to address barriers to attendance. Such services shall include, but not be limited to:

(a) Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and

(b) One or more meetings between, at a minimum, a school attendance officer, a school social worker, or a school administrator or his or her designee, the person who has legal or actual charge or control of the child, and the child, when appropriate, to attempt to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:

(i) The physical, mental, or behavioral health of the child;

(ii) Educational counseling;

(iii) Educational evaluation;

(iv) Referral to community agencies for economic services;

(v) Family or individual counseling;

(vi) Assisting the family in working with other community services; and

(vii) Referral to restorative justice practices or services.

(3) The school may report to the county attorney of the county in which the person resides when the school has documented the efforts it has made as required by subsection (2) of this section that the collaborative plan to reduce barriers identified to improve regular attendance has not been successful and that the child has been absent more than twenty days per year. The school shall notify the child's family in writing prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney.

(4) Nothing in this section shall preclude a county attorney from being involved at any stage in the process to address excessive absenteeism.

79-215 Students; admission; tuition; persons exempt; department; duties.

(1) Except as otherwise provided in this section, a student is a resident of the school district where he or she resides and shall be admitted to any such school district upon request without charge.

(2) A school board shall admit a student upon request without charge if at least one of the student's parents resides in the school district.

(3) A school board shall admit any homeless student upon request without charge if the district is the district in which the student (a) is currently located, (b) attended when permanently housed, or (c) was last enrolled.

(4) A school board may allow a student whose residency in the district ceases during a school year to continue attending school in such district for the remainder of that school year.

(5) A school board may admit nonresident students to the school district pursuant to a contract with the district where the student is a resident and shall collect tuition pursuant to the contract.

(6) A school board may admit nonresident students to the school district pursuant to the enrollment option program as authorized by sections 79-232 to 79-246, and such admission shall be without charge.

(7) In order to carry out the provisions of section 79-2201, a school board shall permit children of military families to enroll preliminarily in a school district if a parent presents evidence of military orders that the military family will be stationed in this state during the current or following school year. A student of a military family shall be admitted to the school district without charge upon arrival in Nebraska if the requirements of this section are met.

(8) A school board may admit a student who is a resident of another state to the school district and collect tuition in advance at a rate determined by the school board.

(9) When a student as a ward of the state or as a ward of any court (a) has been placed in a school district other than the district in which he or she resided at the time he or she became a ward and such ward does not reside in a foster family home licensed or approved by the Department of Health and Human Services or a foster home maintained or used pursuant to section 83-108.04 or (b) has been placed in any institution which maintains a special education program which has been approved by the State Department of Education and such institution is not owned or operated by the district in which he or she resided at the time he or she became a ward, the cost of his or her education and the required transportation costs associated with the student's education shall be paid by the state, but not in advance, to the receiving school district or approved institution under rules and regulations prescribed by the Department of Health and Human Services and the student shall remain a resident of the district in which he or she resided at the time he or she became a ward. Any student who is a ward of the state or a ward of any court who resides in a foster family home licensed or approved by the Department of Health and Human Services or a foster home maintained or used pursuant to section 83-108.04 shall be deemed a resident of the district in which he or she resided at the time he or she became a foster child, unless it is determined under section 43-1311 or 43-1312 that he or she will not attend such district in

which case he or she shall be deemed a resident of the district in which the foster family home or foster home is located.

(10)(a) When a student is not a ward of the state or a ward of any court and is residing in a residential setting located in Nebraska for reasons other than to receive an education and the residential setting is operated by a service provider which is certified or licensed by the Department of Health and Human Services or is enrolled in the medical assistance program established pursuant to the Medical Assistance Act and Title XIX or XXI of the federal Social Security Act, as amended, the student shall remain a resident of the district in which he or she resided immediately prior to residing in such residential setting. The resident district for a student who is not a ward of the state or a ward of any court does not change when the student moves from one residential setting to another.

(b) If a student is residing in a residential setting as described in subdivision (10)(a) of this section and such residential setting does not maintain an interim-program school as defined in section 79-1119.01 or an approved or accredited school, the resident school district shall contract with the district in which such residential setting is located for the provision of all educational services, including all special education services and support services as defined in section 79-1125.01, unless a parent or guardian and the resident school district agree that an appropriate education will be provided by the resident school district while the student is residing in such residential setting. If the resident school district is required to contract, the district in which such residential setting is located shall contract with the resident district and provide all educational services, including all special education services, to the student. If the two districts cannot agree on the amount of the contract, the State Department of Education shall determine the amount to be paid by the resident district to the district in which such residential setting is located based on the needs of the student, approved special education rates, the department's general experience with special education budgets, and the cost per student in the district in which such residential setting is located. Once the contract has been entered into, all legal responsibility for special education and related services shall be transferred to the school district in which the residential setting is located.

(c) If a student is residing in a residential setting as described in subdivision (10)(a) of this section and such residential setting maintains an interim-program school as defined in section 79-1119.01 or an approved or accredited school, the department shall reimburse such residential setting for the provision of all educational services, including all special education services and support services, with the amount of payment for all educational services determined pursuant to the average per pupil cost of the service agency as defined in section 79-1116. The resident school district shall retain responsibility for such student's individualized education plan, if any. The educational services may be provided through (i) such interim-program school or approved or accredited school, (ii) a contract between the residential setting and the school district in which such residential setting is located, (iii) a contract between the residential setting and another service agency as defined in section 79-1124, or (iv) a combination of such educational service providers.

(d) If a school district pays a school district in which a residential setting is located for educational services provided pursuant to subdivision (10)(b) of this section and it is later determined that a different school district was the

resident school district for such student at the time such educational services were provided, the school district that was later determined to be the resident school district shall reimburse the school district that initially paid for the educational services one hundred ten percent of the amount paid.

(e) A student residing in a residential setting described in this subsection shall be defined as a student with a handicap pursuant to Article VII, section 11, of the Constitution of Nebraska, and as such the state and any political subdivision may contract with institutions not wholly owned or controlled by the state or any political subdivision to provide the educational services to the student if such educational services are nonsectarian in nature.

(11) In the case of any individual eighteen years of age or younger who is a ward of the state or any court and who is placed in a county detention home established under section 43-2,110, the cost of his or her education shall be paid by the state, regardless of the district in which he or she resided at the time he or she became a ward, to the agency or institution which: (a) Is selected by the county board with jurisdiction over such detention home; (b) has agreed or contracted with such county board to provide educational services; and (c) has been approved by the State Department of Education pursuant to rules and regulations prescribed by the State Board of Education.

(12) No tuition shall be charged for students who may be by law allowed to attend the school without charge.

(13) The State Department of Education shall establish procedures and criteria for collecting enrollment, admission, and related information needed for any student to attend a school district in this state which shall include, but not be limited to, having an adult with legal or actual charge or control of a student provide through electronic means or other means specified by the department the name of the student, the name of the adult with legal or actual charge or control of the student, the address where the student is or will be residing, and information on how and where the adult may generally be reached during the school day.

(14) The department may adopt and promulgate rules and regulations to carry out the provisions of this section.

(2) Upon receipt of a written request and authorization under subsection (1) of this section, the school and the parent or guardian, in consultation with the student's physician or such other health care professional, shall develop an asthma or anaphylaxis medical management plan for the student for the current school year. The school may consult with a registered nurse or other health care professional employed by such school during development of the plan. The plan

and the signed statement required by subsection (5) of this section shall be kept on file at the school where the student is enrolled.

(3) Pursuant to the asthma or anaphylaxis medical management plan developed under subsection (2) of this section, a student with asthma or anaphylaxis shall be permitted to self-manage his or her asthma or anaphylaxis condition in the classroom or any part of the school or on school grounds, during any school-related activity, or in any private location specified in the plan. The student for whom an asthma or anaphylaxis medical management plan has been developed under this section shall promptly notify the school nurse, such nurse's designee, or another designated adult at the school when such student has self-administered prescription asthma or anaphylaxis medication pursuant to such plan.

(4)(a) If a student for whom an asthma or anaphylaxis medical management plan has been developed under this section uses his or her prescription asthma or anaphylaxis medication other than as prescribed, he or she may be subject to disciplinary action by the school, except that such disciplinary action shall not include a limitation or restriction on the student's access to such medication. The school shall promptly notify the parent or guardian of any disciplinary action imposed.

(b) If a student for whom an asthma or anaphylaxis medical management plan has been developed under this section injures school personnel or another student as the result of the misuse of prescription asthma or anaphylaxis medication or related medical supplies, the parent or guardian of the student for whom such plan has been developed shall be responsible for any and all costs associated with such injury.

(5) The parent or guardian of a student for whom an asthma or anaphylaxis medical management plan has been developed under this section shall sign a statement acknowledging that (a) the school and its employees and agents are not liable for any injury or death arising from a student's self-management of his or her asthma or anaphylaxis condition and (b) the parent or guardian shall indemnify and hold harmless the school and its employees and agents against any claim arising from a student's self-management of his or her asthma or anaphylaxis condition.

(1) An enrollment option program is hereby established to enable any kindergarten through twelfth grade Nebraska student to attend a school in a Nebraska public school district in which the student does not reside subject to the limitations prescribed in section 79-238. The option shall be available only once to each student prior to graduation, except that the option does not count toward such limitation if such option meets, or met at the time of the option, one of the following criteria: (a) The student relocates to a different resident school district, (b) the option school district merges with another district, (c) the student will have completed either the grades offered in the school building originally attended in the option school district or the grades immediately preceding the lowest grade offered in the school building for which a new option is sought, (d) the option would allow the student to continue current enrollment in a school district, (e) the option would allow the student to enroll in a school district in which the student was previously enrolled as a student, or (f) the student is an open enrollment option student. Sections 79-232 to 79-246 do not relieve a parent or guardian from the compulsory attendance requirements in section 79-201.

(2) The program shall not apply to any student who resides in a district which has entered into an annexation agreement pursuant to section 79-473, except that such student may transfer to another district which accepts option students.

The option student may request a particular school building, but the building assignment of the option student shall be determined by the option school district except as provided in section 79-235.01 for open enrollment option students and in subsection (3) of section 79-2110 for students attending a focus school, focus program, or magnet school. In determining eligibility for extracurricular activities as defined in section 79-2,126, the option student shall be treated similarly to other students who transfer into the school from another public, private, denominational, or parochial school.

79-235.01 Open enrollment option student; continued attendance; attendance at another school building; application.

Each student attending a school building outside of the resident school district as an open enrollment student pursuant to section 79-2110 for any part of school year 2016-17 shall be automatically approved as an open enrollment option student beginning with school year 2017-18 and allowed to continue attending such school building as an option student without submitting an additional application unless the student has completed the grades offered in such school building or has been expelled and is disqualified pursuant to section 79-266.01. Except as provided in subsection (3) of section 79-2110 for students attending a focus school, focus program, or magnet school, approval as an open enrollment option student pursuant to this section does not permit the student to attend another school building within the option school district unless an application meeting the requirements prescribed in section 79-237 is approved by the school board of the option school district. Upon approval of an application meeting the requirements prescribed in section 79-237, a student previously enrolled as an open enrollment student in the option school district shall be treated as an option student of the option school district without regard to his or her former status as an open enrollment student. Except as otherwise provided in this section and sections 79-234, 79-235, 79-237, and 79-238 and subsection (3) of section 79-2110, open enrollment option students shall be treated as option students of the option school district.

79-237 Attendance; application; cancellation; forms.

(1) For a student to begin attendance as an option student in an option school district, the student's parent or legal guardian shall submit an application to the school board of the option school district between September 1 and March 15 for attendance during the following and subsequent school years. Except as provided in subsection (2) of this section, applications submitted after March 15 shall contain a release approval from the resident school district on the application form prescribed and furnished by the State Department of Education pursuant to subsection (8) of this section. A district may not accept or approve any applications submitted after such date without such a release

approval. The option school district shall provide the resident school district with the name of the applicant on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission. The option school district shall notify, in writing, the parent or legal guardian of the student and the resident school district whether the application is accepted or rejected on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission. An option school district that is a member of a learning community may not approve an application pursuant to this section for a student who resides in such learning community to attend prior to school year 2017-18.

(2) A student who relocates to a different resident school district after February 1 or whose option school district merges with another district effective after February 1 may submit an application to the school board of an option school district for attendance during the current or immediately following and subsequent school years unless the applicant is a resident of a learning community and the application is for attendance to begin prior to school year 2017-18 in an option school district that is also a member of such learning community. Such application does not require the release approval of the resident school district. The option school district shall accept or reject such application within forty-five days.

(3) A parent or guardian may provide information on the application for an option school district that is a member of a learning community regarding the applicant's potential qualification for free or reduced-price lunches. Any such information provided shall be subject to verification and shall only be used for the purposes of subsection (4) of section 79-238. Nothing in this subsection requires a parent or guardian to provide such information. Determinations about an applicant's qualification for free or reduced-price lunches for purposes of subsection (4) of section 79-238 shall be based on any verified information provided on the application. If no such information is provided, the student shall be presumed not to qualify for free or reduced-price lunches for the purposes of subsection (4) of section 79-238.

(4) Applications for students who do not actually attend the option school district may be withdrawn in good standing upon mutual agreement by both the resident and option school districts.

(5) No option student shall attend an option school district for less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end of his or her senior year, transfers to a private or parochial school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

(6) Except as provided in subsection (5) of this section or, for open enrollment option students, in section 79-235.01, the option student shall attend the option school district until graduation unless the student relocates in a different resident school district, transfers to a private or parochial school, or chooses to return to the resident school district.

(7) In each case of cancellation pursuant to subsections (5) and (6) of this section, the student's parent or legal guardian shall provide written notification to the school board of the option school district and the resident school district on forms prescribed and furnished by the department under subsection (8) of this section in advance of such cancellation.

(8) The application and cancellation forms shall be prescribed and furnished by the State Department of Education.

(9) An option student who subsequently chooses to attend a private or parochial school and who is not an open enrollment option student shall be automatically accepted to return to either the resident school district or option school district upon the completion of the grade levels offered at the private or parochial school. If such student chooses to return to the option school district, the student's parent or legal guardian shall submit another application to the school board of the option school district which shall be automatically accepted, and the deadlines prescribed in this section shall be waived.

79-238 Application acceptance and rejection; transportation for option students; specific standards; request for release; standards and conditions.

(1) Except as provided in this section and sections 79-235.01 and 79-240, the school board of the option school district shall adopt by resolution specific standards for acceptance and rejection of applications and for providing transportation for option students. Standards may include the capacity of a program, class, grade level, or school building or the availability of appropriate special education programs operated by the option school district. For a school district that is not a member of a learning community, capacity shall be determined by setting a maximum number of option students that a district will accept in any program, class, grade level, or school building, based upon available staff, facilities, projected enrollment of resident students, projected number of students with which the option school district will contract based on existing contractual arrangements, and availability of appropriate special education programs. To facilitate option enrollment within a learning community, member school districts shall annually (a) establish and report a maximum capacity for each school building under such district's control pursuant to procedures, criteria, and deadlines established by the learning community coordinating council and (b) provide a copy of the standards for acceptance and rejection of applications and transportation policies for option students to the learning community coordinating council. Except as otherwise provided in this section, the school board of the option school district may by resolution declare a program, a class, or a school unavailable to option students due to lack of capacity. Standards shall not include previous academic achievement, athletic or other extracurricular ability, disabilities, proficiency in the English language, or previous disciplinary proceedings except as provided in section 79-266.01. False or substantively misleading information submitted by a parent or guardian on an application to an option school district may be cause for the option school district to reject a previously accepted application if the rejection occurs prior to the student's attendance as an option student.

(2) The school board of every school district shall also adopt specific standards and conditions for acceptance or rejection of a request for release of a resident or option student submitting an application to an option school district

after March 15 under subsection (1) of section 79-237. Standards shall not include that a request occurred after the deadline set forth in this subsection.

(3) Any option school district that is not a member of a learning community shall give first priority for enrollment to siblings of option students, except that the option school district shall not be required to accept the sibling of an option student if the district is at capacity except as provided in subsection (1) of section 79-240.

(4) Any option school district that is in a learning community shall give first priority for enrollment to siblings of option students enrolled in the option school district, second priority for enrollment to students who have previously been enrolled in the option school district as an open enrollment student, third priority for enrollment to students who reside in the learning community and who contribute to the socioeconomic diversity of enrollment at the school building to which the student will be assigned pursuant to section 79-235, and final priority for enrollment to other students who reside in the learning community. The option school district shall not be required to accept a student meeting the priority criteria in this section if the district is at capacity as determined pursuant to subsection (1) of this section except as provided in section 79-235.01 or 79-240. For purposes of the enrollment option program, a student who contributes to the socioeconomic diversity of enrollment at a school building within a learning community means (a) a student who does not qualify for free or reduced-price lunches when, based upon the certification pursuant to section 79-2120, the school building the student will be assigned to attend either has more students qualifying for free or reduced-price lunches than the average percentage of such students in all school buildings in the learning community or provides free meals to all students pursuant to the community eligibility provision or (b) a student who qualifies for free or reduced-price lunches based on information collected voluntarily from parents and guardians pursuant to section 79-237 when, based upon the certification pursuant to section 79-2120, the school building the student will be assigned to attend has fewer students qualifying for free or reduced-price lunches than the average percentage of such students in all school buildings in the learning community and does not provide free meals to all students pursuant to the community eligibility provision.

(f) FREEHOLDERS' PETITIONS

79-458 School district; tract of land set off from district; petition; conditions; procedure; appeal.

(1) Any freeholder or freeholders, person in possession or constructive possession as vendee pursuant to a contract of sale of the fee, holder of a school land lease under section 72-232, or entrant upon government land who has not yet received a patent therefor may file a petition on or before June 1 for all other years with a board consisting of the county assessor, county clerk, and county treasurer, asking to have any tract or tracts of land described in the petition set off from an existing school district in which the land is situated and attached to a different school district which is contiguous to such tract or tracts of land if:

(a)(i) The school district in which the land is situated is a Class III school district which has had an average daily membership in grades nine through

twelve of less than sixty for the two consecutive school fiscal years immediately preceding the filing of the petition;

(ii) Such Class III school district has voted pursuant to section 77-3444 to exceed the maximum levy established pursuant to subdivision (2)(a) of section 77-3442, which vote is effective for the school fiscal year in which the petition is filed or for the following school fiscal year;

(iii) The high school in such Class III school district is within fifteen miles on a maintained public highway or maintained public road of another public high school; and

(iv) Neither school district is a member of a learning community; or

(b) Except as provided in subsection (7) of this section, the school district in which the land is situated, regardless of the class of school district, has approved a budget for the school fiscal year in which the petition is filed that will cause the combined levies for such school fiscal year, except levies for bonded indebtedness approved by the voters of such school district and levies for the refinancing of such bonded indebtedness, to exceed the greater of (i) one dollar and twenty cents per one hundred dollars of taxable valuation of property subject to the levy or (ii) the maximum levy authorized by a vote pursuant to section 77-3444.

For purposes of determining whether a tract of land is contiguous, all petitions currently being considered by the board shall be considered together as a whole.

(2) The petition shall state the reasons for the proposed change and shall show with reference to the land of each petitioner: (a) That (i) the land described in the petition is either owned by the petitioner or petitioners or that he, she, or they hold a school land lease under section 72-232, are in possession or constructive possession as vendee under a contract of sale of the fee simple interest, or have made an entry on government land but have not yet received a patent therefor and (ii) such tract of land includes all such contiguous land owned or controlled by each petitioner; (b) that the conditions of subdivision (1)(a) or (1)(b) of this section have been met; and (c) that such petition is approved by a majority of the members of the school board of the district to which such land is sought to be attached.

(3) The petition shall be verified by the oath of each petitioner. Notice of the filing of the petition and of the hearing on such petition before the board constituted as prescribed in subsection (1) or (4) of this section shall be given at least ten days prior to the date of such hearing by one publication in a legal newspaper of general circulation in each district and by posting a notice on the outer door of the schoolhouse in each district affected thereby, and such notice shall designate the territory to be transferred. Following the filing of a petition pursuant to this section, such board shall hold a public hearing on the petition and shall approve or disapprove the petition on or before July 15 following the filing of the petition based on a determination of whether the petitioner has complied with all requirements of this section. If such board approves the petition, such board shall change the boundaries of the school districts so as to set off the land described in the petition and attach it to such district pursuant to the petition with an effective date of August 15 following the filing of the petition, which actions shall cause such transfer to be in effect for levies set for the year in which such transfer takes effect.

(4) Petitions requesting transfers of property across county lines shall be addressed jointly to the county clerks of the counties concerned, and the petitions shall be acted upon by the county assessors, county clerks, and county treasurers of the counties involved as one board, with the county clerk of the county from which the land is sought to be transferred acting as chairperson of the board.

(5) Appeals may be taken from the action of such board or, when such board fails to act on the petition, on or before August 1 following the filing of the petition, to the district court of the county in which the land is located on or before August 10 following the filing of the petition, in the same manner as appeals are now taken from the action of the county board in the allowance or disallowance of claims against the county. If an appeal is taken from the action of the board approving the petition or failing to act on the petition, the transfer shall occur effective August 15 following the filing of the petition, which actions shall cause such transfer to be in effect for levies set for the year in which such transfer takes effect, unless action by the district court prevents such transfer.

(6) This section does not apply to any school district located on an Indian reservation and substantially or totally financed by the federal government.

(7) For school districts that have approved a budget for school fiscal year 2007-08 that will cause the combined levies, except levies for bonded indebtedness approved by the voters of the school district and levies for the refinancing of such bonded indebtedness, to exceed the greater of (a) one dollar and twenty cents per one hundred dollars of taxable valuation of property subject to the levy or (b) the maximum levy authorized by a vote pursuant to section 77-3444, the school boards of such school districts may adopt a binding resolution stating that the combined levies, except levies for bonded indebtedness approved by the voters of the school district and levies for the refinancing of such bonded indebtedness, for school fiscal year 2008-09 shall not exceed the greater of (i) one dollar and twenty cents per one hundred dollars of taxable valuation of property subject to the levy or (ii) the maximum levy authorized by a vote pursuant to section 77-3444. On or before May 9, 2008, such binding resolutions shall be filed with the Auditor of Public Accounts and the county assessors, county clerks, and county treasurers for all counties in which the school district has territory. If such binding resolution is filed on or before May 9, 2008, land shall not be set off and attached to another district pursuant to subdivision (2)(b) of this section in 2008.

(8) Nothing in this section shall be construed to detach obligations for voter-approved bonds from any tract of land.

(2) The State Committee for the Reorganization of School Districts shall dissolve and attach to a neighboring school district or districts any school district which, for two consecutive years, contracts for the instruction of all of its pupils with a Class III, IV, or V school district.

(3) The dissolution of any school district pursuant to this section shall be effected in the manner prescribed in section 79-498. When such dissolution would create extreme hardships on the pupils or the school district affected, the State Board of Education may, on application by the school board of the school district, waive the dissolution of the school district on an annual basis.

(4) Nothing in this section shall be construed as an extension of the limitations on contracting for the instruction of the pupils of a school district contained in section 79-598.

79-473 Class III school district; annexed school district territory; negotiation; criteria.

(1) If the territory annexed by a change of boundaries of a city or village which lies within a Class III school district as provided in section 79-407 has been part of a Class IV or Class V school district prior to such annexation, a merger of the annexed territory with the Class III school district shall become effective only if the merger is approved by a majority of the members of the school board of the Class IV or V school district and a majority of the members of the school board of the Class III school district within ninety days after the effective date of the annexation ordinance, except that a merger shall not become effective pursuant to this section if such merger involves a school district that is a member of a learning community.

(2) Notwithstanding subsection (1) of this section, when territory which lies within a Class III school district or which does not lie within a Class IV or V school district is annexed by a city or village pursuant to section 79-407, the affected school board of the city or village school district and the affected school board or boards serving the territory subject to the annexation ordinance shall meet within thirty days after the effective date of the annexation ordinance if neither school district is a member of a learning community and negotiate in good faith as to which school district shall serve the annexed territory and the effective date of any transfer. During the process of negotiation, the affected boards shall consider the following criteria:

(a) The educational needs of the students in the affected school districts;

(b) The economic impact upon the affected school districts;

(c) Any common interests between the annexed or platted area and the affected school districts and the community which has zoning jurisdiction over the area; and

(d) Community educational planning.

If no agreement has been reached within ninety days after the effective date of the annexation ordinance, the territory shall transfer to the school district of the annexing city or village ten days after the expiration of such ninety-day period unless an affected school district petitions the district court within the ten-day period and obtains an order enjoining the transfer and requiring the boards of the affected school districts to continue negotiation. The court shall issue the order upon a finding that the affected board or boards have not negotiated in good faith based on one or more of the criteria listed in this subsection. The district court shall require no bond or other surety as a condition for any preliminary injunctive relief. If no agreement is reached after such order by the district court and additional negotiations, the annexed territory shall become a part of the school district of the annexing city or village.

(3) Whenever an application for approval of a final plat or replat is filed for territory which lies within the zoning jurisdiction of a city of the first or second class and does not lie within the boundaries of a Class IV or V school district, the boundaries of a school district that is a member of a learning community, the boundaries of any county in which a city of the metropolitan class is located, or the boundaries of any county that has a contiguous border with a city of the metropolitan class, the affected school board of the school district within the city of the first or second class or its representative and the affected board or boards serving the territory subject to the final plat or replat or their representative shall meet within thirty days after such application and negotiate in good faith as to which school district shall serve the platted or replatted territory and the effective date of any transfer based upon the criteria prescribed in subsection (2) of this section.

If no agreement has been reached prior to the approval of the final plat or replat, the territory shall transfer to the school district of the city of the first or second class upon the filing of the final plat unless an affected school district petitions the district court within ten days after approval of the final plat or replat and obtains an order enjoining the transfer and requiring the affected boards to continue negotiation. The court shall issue the order upon a finding that the affected board or boards have not negotiated in good faith based on one or more of the criteria listed in subsection (2) of this section. The district court shall require no bond or other surety as a condition for any preliminary injunctive relief. If no agreement is reached after such order by the district court and additional negotiations, the platted or replatted territory shall become a part of the school district of the city of the first or second class.

For purposes of this subsection, plat and replat apply only to (a) vacant land, (b) land under cultivation, or (c) any plat or replat of land involving a substantive change in the size or configuration of any lot or lots.

(4) Notwithstanding any other provisions of this section, all negotiated agreements relative to boundaries or to real or personal property of school districts reached by the affected school boards shall be valid and binding, except that such agreements shall not be binding on reorganization plans pursuant to the Learning Community Reorganization Act.

(h) PROCEDURES AND RULES FOR NEW OR CHANGED DISTRICTS

79-479 Change of boundaries; order; transfer of assets and liabilities.

(1)(a) Beginning January 1, 1992, any school district boundaries changed by the means provided by Nebraska law, but excluding the method provided by sections 79-407 and 79-473 to 79-475, shall be made only upon an order issued by the State Committee for the Reorganization of School Districts or county clerk.

(b) The order issued by the state committee shall be certified to the county clerk of each county in which boundaries are changed and shall also be certified to the State Department of Education. Whenever the order changes the boundaries of a school district due to the transfer of land, the county assessor, the Property Tax Administrator, and the State Department of Education shall be provided with the legal description and a map of the parcel of land which is transferred. Such order shall be issued no later than June 1 and shall have an effective date no later than August 1 of the same year. For purposes of determining school district counts pursuant to sections 79-524 and 79-578 and calculating state aid allocations pursuant to the Tax Equity and Educational Opportunities Support Act, any change in school district boundaries with an effective date between June 1 and August 1 of any year shall be considered effective July 1 of such year.

(2) Unless otherwise provided by state law or by the terms of a reorganization plan or petition which is consistent with state law, all assets, including budget authority as provided in sections 79-1023 to 79-1030, and liabilities, except bonded obligations, of school districts merged, dissolved, or annexed shall be transferred to the receiving district or districts on the basis of the proportionate share of assessed valuation received at the time of reorganization.

(i) DEPOPULATED DISTRICTS

79-499 Class III school district; membership requirements; cooperative programs; when required; plan; contract for services; effect; ballot issue; when; failure; effect.

(1) If the fall school district membership or the average daily membership of an existing Class III school district shows fewer than thirty-five students in grades nine through twelve, the district shall submit a plan for developing cooperative programs with other high schools, including the sharing of curriculum and certificated and noncertificated staff, to the State Committee for the Reorganization of School Districts. The cooperative program plan shall be submitted by the school district by September 1 of the year following such fall school district membership or average daily membership report. A cooperative program plan shall not be required if there is no high school within fifteen miles from such district on a reasonably improved highway. The state committee shall review the plan and provide advice and communication to such school district and other high schools.

(2) If for two consecutive years the fall school district membership, or for two consecutive years the average daily membership, of an existing Class III school district is fewer than twenty-five pupils in grades nine through twelve as determined by the Commissioner of Education or if for one year an existing Class III school district contracts with a neighboring school district or districts to provide educational services for all of its pupils in grades nine through twelve, such school district shall, except as provided in subsection (3) or (4) of this section, be dissolved pursuant to the procedures described in subdivision (4)(b) of this section through the order of the state committee if the high school is within fifteen miles on a reasonably improved highway of another high school.

This subsection does not apply to any school district located on an Indian reservation and substantially or totally financed by the federal government.

(3) Any Class III school district which has a fall school district membership or an average daily membership of fewer than twenty-five students in grades nine through twelve may contract with another school district to provide educational services for its pupils in grades nine through twelve. Such contract may continue for a period not to exceed one year. At the end of such one-year period, the school district may resume educational services for grades nine through twelve if the average daily membership in grades nine through twelve for such school district has reached at least fifty students. If the school district has not achieved such fall school district membership or average daily membership, it shall be dissolved pursuant to the procedures described in subdivision (4)(b) of this section by order of the state committee entered after thirty days' notice to the district but without a hearing, notwithstanding the distance on a reasonably improved highway to the nearest school district conducting a high school.

(4)(a) Any Class III school district maintaining the only public high school in the county with a fall school district membership or an average daily membership of fewer than twenty-five students in grades nine through twelve shall be subject to this subsection until such school district reaches a fall school district membership or an average daily membership in grades nine through twelve of at least thirty-five students or, for two consecutive years, fewer than fifteen students or such school district dissolves. Such school district may continue to operate the high school if:

(i) The plan submitted pursuant to subsection (1) of this section provides a broad-based curriculum as determined by the state committee; and

(ii) At a districtwide election held the second Tuesday of November by whatever means the county conducts balloting, in the second consecutive school year that the fall school district membership for grades nine through twelve is fewer than twenty-five students, a majority of voters approve a ballot issue to continue to operate the high school for the immediately following school year. If such ballot issue succeeds in the initial election, the school board shall annually determine if such a districtwide election is necessary for each subsequent year that the school district is subject to this subsection, except that such school board shall hold such districtwide election if four years have passed since the last election pursuant to this section and the school district has remained subject to this subsection.

(b) If such ballot issue as provided in subdivision (4)(a)(ii) of this section fails, or if a school district falls within the provisions of subsection (2) or (3) of this section, the state committee shall dissolve the school district and attach the territory to other school districts based on the preferences of each landowner if such preference is provided in the time and manner required by the state committee and would transfer such parcels to a school district with a boundary contiguous to the school district being dissolved. Landowners submitting such preferences shall sign a statement that the district of preference is the district which children who might reside on the property, at the time of the dissolution or in the future, would be expected to attend. For property for which a preference is not provided in the time and manner required by the state committee, the state committee shall transfer such property to one or more of the school districts with boundaries contiguous to the district being dissolved in a manner that will best serve children who might reside on such property, at the time of the dissolution or in the future, and that will, to the extent possible, create compact and contiguous districts.

(c) This subsection shall not apply to any school district if the fall school district membership or an average daily membership falls to fewer than fifteen students in grades nine through twelve for two consecutive years.

(5) For purposes of this section, when calculating fall school district membership or average daily membership, a resident school district as defined in section 79-233 shall not count students attending an option district as defined in such section and a Class III school district shall not count foreign exchange students and nonresident students who are wards of the court or state.

(l) UNIFIED SYSTEM

79-4,108 Unified system; interlocal agreement; contents; application; procedure; effect.

(1) Unified system means two or more Class III school districts participating in an interlocal agreement under the Interlocal Cooperation Act with approval from the State Committee for the Reorganization of School Districts. The interlocal agreement shall provide:

(a) For a minimum term of three school years;

(b) That all property tax and state aid resources shall be shared by the unified system;

(c) That a board composed of school board members, with at least one school board member from each district, shall determine the general fund levy, within the limitations placed on school districts and multiple-district school systems pursuant to section 77-3442, to be applied in all participating districts and shall determine the distribution of property tax and state aid resources within the unified system. For purposes of section 77-3442, the multiple-district school system shall include all of the districts participating in the unified system;

(d) That certificated staff will be employees of the unified system. For any certificated staff employed by the unified system, tenure and seniority as of the effective date of the interlocal agreement shall be transferred to the unified system and tenure and seniority provisions shall continue in the unified system except as provided in sections 79-850 to 79-858. If a district withdraws from the unified system or if the interlocal agreement expires and is not renewed, certificated staff employed by a participating district immediately prior to the unification shall be reemployed by the original district and tenure and seniority as of the effective date of the withdrawal or expiration shall be transferred to the original district. The certificated staff hired by the unified system but not employed by a participating district immediately prior to the unification shall be subject to the reduction-in-force policy of the unified system;

(e) That the participating districts shall pay obligations of the unified system pursuant to sections 79-850 to 79-858 on a pro rata basis based on the adjusted valuations if a district withdraws from the unified system or if the interlocal agreement expires and is not renewed; and

(f) The permissible method or methods for accomplishing the partial or complete termination of the interlocal agreement and for disposing of assets and liabilities upon such partial or complete termination.

Additional provisions in the interlocal agreement shall be determined by the participating districts and shall encourage cooperation within the unified system.

(2) Application for unification shall be made to the state committee. The application shall contain a copy of the interlocal agreement signed by the president of each participating school board. The state committee shall approve or disapprove applications for unification within forty days after receipt of the application. If the interlocal agreement complies with subsection (1) of this section and all school boards of the participating districts have approved the

interlocal agreement, the state committee shall approve the application. Unification agreements shall be effective on June 1 following approval from the state committee for status as a unified system or on the date specified in the interlocal agreement, except that the date shall be on or after June 1 and on or before September 1 for a specified year. The board established in the interlocal agreement may begin meeting any time after the application has been approved by the state committee.

(3) Upon granting the application for unification, the State Department of Education shall recognize the unified system as a single Class III district for state aid, budgeting, accreditation, enrollment of students, state programs, and reporting. Except as otherwise required by the department, the unified system shall submit a single report document for each of the reports required of school districts pursuant to Chapter 79 and shall submit a single budget document pursuant to the Nebraska Budget Act and sections 13-518 to 13-522.

(4) The school districts participating in a unified system shall retain their separate identities for all purposes except those specified in this section, and participation in a unified system shall not be considered a reorganization.

79-611 Students; transportation; transportation allowance; when authorized; limitations; board; authorize service.

(1) The school board of any school district shall provide free transportation, partially provide free transportation, or pay an allowance for transportation in lieu of free transportation as follows:

(a) When a student attends an elementary school in his or her own district and lives more than four miles from the public schoolhouse in such district as measured by the shortest route that must actually and necessarily be traveled by motor vehicle to reach the student's residence;

(b) When a student is required to attend an elementary school outside of his or her own district and lives more than four miles from such elementary school as measured by the shortest route that must actually and necessarily be traveled by motor vehicle to reach the student's residence;

(c) When a student attends a secondary school in his or her own Class III school district and lives more than four miles from the public schoolhouse as measured by the shortest route that must actually and necessarily be traveled by motor vehicle to reach the student's residence. This subdivision does not apply to any elementary-only school district that merged with a high-school-only school district to form a new Class III school district on or after January 1, 1997, and before June 16, 2006; and

(d) When a student, other than a student in grades ten through twelve in a Class V district, attends an elementary or junior high school in his or her own Class V district and lives more than four miles from the public schoolhouse in

such district as measured by the shortest route that must actually and necessarily be traveled by motor vehicle to reach the student's residence.

(2)(a) For school years prior to school year 2017-18 and as required pursuant to subsection (3) of section 79-241, the school board of any school district that is a member of a learning community shall provide free transportation for a student who resides in such learning community and attends school in such school district if (i) the student is transferring pursuant to the open enrollment provisions of section 79-2110, qualifies for free or reduced-price lunches, lives more than one mile from the school to which he or she transfers, and is not otherwise disqualified under subdivision (2)(c) of this section, (ii) the student is transferring pursuant to the open enrollment provisions of section 79-2110, is a student who contributes to the socioeconomic diversity of enrollment at the school building he or she attends, lives more than one mile from the school to which he or she transfers, and is not otherwise disqualified under subdivision (2)(c) of this section, (iii) the student is attending a focus school or program and lives more than one mile from the school building housing the focus school or program, or (iv) the student is attending a magnet school or program and lives more than one mile from the magnet school or the school housing the magnet program.

(b) For purposes of this subsection, student who contributes to the socioeconomic diversity of enrollment at the school building he or she attends has the definition found in section 79-2110. This subsection does not prohibit a school district that is a member of a learning community from providing transportation to any intradistrict student.

(c) For any student who resides within a learning community and transfers to another school building pursuant to the open enrollment provisions of section 79-2110 and who had not been accepted for open enrollment into any school building within such district prior to September 6, 2013, the school board is exempt from the requirement of subdivision (2)(a) of this section if (i) the student is transferring to another school building within his or her home school district or (ii) the student is transferring to a school building in a school district that does not share a common border with his or her home school district.

(3) The transportation allowance which may be paid to the parent, custodial parent, or guardian of students qualifying for free transportation pursuant to subsection (1) or (2) of this section shall equal two hundred eighty-five percent of the mileage rate provided in section 81-1176, multiplied by each mile actually and necessarily traveled, on each day of attendance, beyond which the one-way distance from the residence of the student to the schoolhouse exceeds three miles. Such transportation allowance does not apply to students residing in a learning community who qualify for free or reduced-price lunches.

(4) Whenever students from more than one family travel to school in the same vehicle, the transportation allowance prescribed in subsection (3) of this section shall be payable as follows:

(a) To the parent, custodial parent, or guardian providing transportation for students from other families, one hundred percent of the amount prescribed in subsection (3) of this section for the transportation of students of such parent's, custodial parent's, or guardian's own family and an additional five percent for students of each other family not to exceed a maximum of one hundred twenty-five percent of the amount determined pursuant to subsection (3) of this section; and

(b) To the parent, custodial parent, or guardian not providing transportation for students of other families, two hundred eighty-five percent of the mileage rate provided in section 81-1176 multiplied by each mile actually and necessarily traveled, on each day of attendance, from the residence of the student to the pick-up point at which students transfer to the vehicle of a parent, custodial parent, or guardian described in subdivision (a) of this subsection.

(5) When a student who qualifies under the mileage requirements of subsection (1) of this section lives more than three miles from the location where the student must be picked up and dropped off in order to access school-provided free transportation, as measured by the shortest route that must actually and necessarily be traveled by motor vehicle between his or her residence and such location, such school-provided transportation shall be deemed partially provided free transportation. School districts partially providing free transportation shall pay an allowance to the student's parent or guardian equal to two hundred eighty-five percent of the mileage rate provided in section 81-1176 multiplied by each mile actually and necessarily traveled, on each day of attendance, beyond which the one-way distance from the residence of the student to the location where the student must be picked up and dropped off exceeds three miles.

(6) The board may authorize school-provided transportation to any student who does not qualify under the mileage requirements of subsection (1) of this section and may charge a fee to the parent or guardian of the student for such service. No transportation payments shall be made to a family for mileage not actually traveled by such family. The number of days the student has attended school shall be reported monthly by the teacher to the board of such public school district.

(7) No more than one allowance shall be made to a family irrespective of the number of students in a family being transported to school.

(8) No student shall be exempt from school attendance on account of distance from the public schoolhouse.

It is the responsibility of society to ensure that youth are given the opportunity to become competent, responsible, patriotic, and civil citizens to ensure a strong, stable, just, and prosperous America. Such a citizenry necessitates that every member thereof be knowledgeable of our nation's history, government, geography, and economic system. The youth in our state should be committed to the ideals and values of our country's democracy and the constitutional republic established by the people. Schools should help prepare our youth to make informed and reasoned decisions for the public good. Civic competence is necessary to sustain and improve our democratic way of life and must be taught in all public, private, denominational, and parochial schools. A central role of schools is to impart civic knowledge and skills that help our youth to see the relevance of a civic dimension for their lives. Students should be made fully aware of the liberties, opportunities, and advantages we possess and the sacrifices and struggles of those through whose efforts these benefits were gained. Since young people are most susceptible to the acceptance of principles and doctrines that will influence them throughout their lives, it is one of the first duties of our educational system to conduct its activities, choose its textbooks, and arrange its curriculum in such a way that the youth of our state have the opportunity to become competent, responsible, patriotic, and civil American citizens.

(1) The school board of each school district shall, at the beginning of each calendar year, appoint from its members a committee of three, to be known as the committee on American civics, which shall:

(a) Hold no fewer than two public meetings annually, at least one when public testimony is accepted;

(b) Keep minutes of each meeting showing the time and place of the meeting, which members were present or absent, and the substance and details of all matters discussed;

(c) Examine and ensure that the social studies curriculum used in the district is aligned with the social studies standards adopted pursuant to section 79-760.01 and teaches foundational knowledge in civics, history, economics, financial literacy, and geography;

(d) Review and approve the social studies curriculum to ensure that it stresses the services of the men and women who played a crucial role in the

achievement of national independence, establishment of our constitutional government, and preservation of the union and includes the incorporation of multicultural education as set forth in sections 79-719 to 79-723 in order to instill a pride and respect for the nation's institutions and not be merely a recital of events and dates;

(e) Ensure that any curriculum recommended or approved by the committee on American civics is made readily accessible to the public and contains a reference to this section;

(f) Ensure that the district develops and utilizes formative, interim, and summative assessments to measure student mastery of the social studies standards adopted pursuant to section 79-760.01;

(g) Ensure that the social studies curriculum in the district incorporates one or more of the following for each student:

(i) Administration of a written test that is identical to the entire civics portion of the naturalization test used by United States Citizenship and Immigration Services prior to the completion of eighth grade and again prior to the completion of twelfth grade with the individual score from each test for each student made available to a parent or guardian of such student; or

(ii) Attendance or participation between the commencement of eighth grade and completion of twelfth grade in a meeting of a public body as defined by section 84-1409 followed by the completion of a project or paper in which each student demonstrates or discusses the personal learning experience of such student related to such attendance or participation; or

(iii) Completion of a project or paper and a class presentation between the commencement of eighth grade and the completion of twelfth grade on a person or persons or an event commemorated by a holiday listed in subdivision (6) of this section or on a topic related to such person or persons or event; and

(h) Take all such other steps as will assure the carrying out of the provisions of this section and provide a report to the school board regarding the committee's findings and recommendations.

(2) All social studies courses approved for grade levels as provided by this section shall include and adequately stress contributions of all ethnic groups to (a) the development and growth of America into a great nation, (b) art, music, education, medicine, literature, science, politics, and government, and (c) the military in all of this nation's wars.

(3) All grades of all public, private, denominational, and parochial schools, below the sixth grade, shall devote at least one hour per week to exercises or teaching periods for the following purpose:

(a) The discussion of noteworthy events pertaining to American history or the exceptional acts of individuals and groups of Americans;

(b) The historical background, memorization, and singing of patriotic songs such as the Star-Spangled Banner and America the Beautiful;

(c) The development of respect for the American flag as a symbol of freedom and the sacrifices of those who secured that freedom; and

(d) Instruction as to proper conduct in the presentation of the American flag.

(4) In at least two of the three grades from the fifth grade to the eighth grade in all public, private, denominational, and parochial schools, time shall be set aside for the teaching of American history from the social studies curriculum,

which shall be taught in such a manner that all students are given the opportunity to (a) become competent, responsible, patriotic, and civil citizens who possess a deep understanding of and respect for both the Constitution of the United States and the Constitution of Nebraska and (b) prepare to preserve, protect, and defend freedom and democracy in our nation and our world.

(5) In at least two courses in every high school, time shall be devoted to the teaching of civics and American history as outlined in the social studies standards adopted pursuant to section 79-760.01, during which specific attention shall be given to the following matters:

(a) The Declaration of Independence, the United States Constitution, the Constitution of Nebraska, and the structure and function of local government in this state;

(b) The benefits and advantages of representative government, the rights and responsibilities of citizenship in our government, and the dangers and fallacies of forms of government that restrict individual freedoms or possess antidemocratic ideals such as, but not limited to, Nazism and communism;

(c) The duties of citizenship, which include active participation in the improvement of a citizen's community, state, country, and world and the value and practice of civil discourse between opposing interests; and

(d) The application of knowledge in civics, history, economics, financial literacy, and geography to address societal issues.

(6) Appropriate patriotic exercises suitable to the occasion shall be held under the direction of the superintendent in every public, private, denominational, and parochial school on George Washington's birthday, Abraham Lincoln's birthday, Dr. Martin Luther King, Jr.'s birthday, Native American Heritage Day, Constitution Day, Memorial Day, Veterans Day, and Thanksgiving Day, or on the day or week preceding or following such holiday, if the school is in session.

(7) Every school board, the State Board of Education, and the superintendent of each school district in the state shall be held directly responsible in the order named for carrying out this section. Neglect thereof by any employee may be considered a cause for dismissal.

The State Board of Education may by rules and regulations provide for exceptions to the conditions of repayment pursuant to this subdivision based upon mitigating circumstances.

(c) For eligible students who apply for the first time on or after April 23, 2009, the contract shall require that if (i) the borrower is not employed as a full-time teacher teaching in an approved or accredited school in Nebraska and teaching at least a portion of the time in the shortage area for which the loan was received for a time period equal to the number of years required for loan forgiveness pursuant to subsection (3) of this section or is not enrolled as a full-time student in a graduate program within six months after obtaining an undergraduate degree for which a loan from the program was obtained or (ii) the borrower does not complete the requirements for graduation within five consecutive years after receiving the initial loan under the program, then the loan shall be repaid with interest at the rate fixed pursuant to section 45-103 accruing as of the date the borrower signed the contract and actual collection costs as determined by the department. (b) Beginning after the first two years of teaching full-time in Nebraska following graduation for the degree for which the loan was received, for each year that the borrower teaches full-time in Nebraska pursuant to the contract, the loan shall be forgiven in an amount equal to three thousand dollars, except that if the borrower teaches full-time in a school district that is in a local system classified as very sparse as defined in section 79-1003, teaches in a school building that provides free meals to all students pursuant to the community eligibility provision, teaches in a school building in which at least forty percent of the formula students are poverty students as defined in section 79-1003, or teaches in an accredited or approved private school in Nebraska in which at least forty percent of the enrolled students qualified for free lunches as determined by the most recent data available from the department, payments shall be forgiven each year in an amount equal to six thousand dollars.

(b) For a school employee hired before July 1, 2017, the determinations shall be based on the 1994 Group Annuity Mortality Table reflecting sex-distinct factors blended using twenty-five percent of the male table and seventy-five percent of the female table. An interest rate of eight percent per annum shall be reflected in making these determinations except when a lump-sum settlement is made to an estate.

(c) For a school employee hired on or after July 1, 2017, or rehired on or after July 1, 2017, after termination of employment and being paid a retirement benefit or taking a refund of contributions, the determinations shall be based on a unisex mortality table and an interest rate specified by the board. Both the mortality table and the interest rate shall be recommended by the actuary and approved by the retirement board following an actuarial experience study, a benefit adequacy study, or a plan valuation. The mortality table, interest rate, and actuarial factors in effect on the school employee's retirement date will be used to calculate actuarial equivalency of any retirement benefit. Such interest rate may be, but is not required to be, equal to the assumed rate.

(d) If the lump-sum settlement is made to an estate, the interest rate will be determined by the AAA-rated segment of the Bloomberg Barclays Long U.S.

Corporate Bond Index as of the prior June 30, rounded to the next lower quarter percent. (2) On and after July 1, 2010, no school employee shall be authorized to participate in the retirement system provided for in the School Employees Retirement Act unless the employee (a) is a United States citizen or (b) is a qualified alien under the federal Immigration and Nationality Act, 8 U.S.C.

1101 et seq., as such act existed on January 1, 2009, and is lawfully present in the United States.

(3)(a) The board may determine that a governmental entity currently participating in the retirement system no longer qualifies, in whole or in part, under section 414(d) of the Internal Revenue Code as a participating employer in a governmental plan.

(b)(i) To aid governmental entities in their business decisionmaking process, any governmental entity currently participating in the retirement system contemplating a business transaction that may result in such entity no longer qualifying, in whole or in part, under section 414(d) of the Internal Revenue Code may notify the board in writing as soon as reasonably practicable, but no later than one hundred eighty days before the transaction is to occur.

(ii) The board when timely notified shall, as soon as is reasonably practicable, obtain from its contracted actuary the cost of any actuarial study necessary to determine the potential funding obligation. The board will notify the entity of such cost.

(iii) If such entity pays the board's contracted actuary pursuant to subdivision (3)(c)(vi) of this section for any actuarial study necessary to determine the potential funding obligation, the board shall, as soon as reasonably practicable following its receipt of the actuarial study, (A) determine whether the entity's contemplated business transaction will cause the entity to no longer qualify under section 414(d) of the Internal Revenue Code, (B) determine whether the contemplated business transaction constitutes a plan termination by the entity, (C) determine the potential funding obligation, (D) determine the administrative costs that will be incurred by the board or the Nebraska Public Employees Retirement Systems in connection with the entity's removal from the retirement system, and (E) notify the entity of such determinations.

(iv) Failure to timely notify the board pursuant to subdivision (3)(b)(i) of this section may result in the entity being treated as though the board made a decision pursuant to subdivision (3)(a) of this section.

(c) If the board makes a determination pursuant to subdivision (3)(a) of this section, or if the entity engages in the contemplated business transaction reviewed under subdivision (3)(b) of this section that results in the entity no longer qualifying under section 414(d) of the Internal Revenue Code:

(i) The board shall notify the entity that it no longer qualifies under section 414(d) of the Internal Revenue Code within ten business days after the determination;

(ii) The affected plan members shall be immediately considered fully vested;

(iii) The affected plan members shall become inactive within ninety days after the board's determination;

(iv) The entity shall pay to the School Retirement Fund an amount equal to any funding obligation;

(v) The entity shall pay to the Expense Fund an amount equal to any administrative costs incurred by the board or the Nebraska Public Employees Retirement Systems in connection with the entity's removal from the retirement system; and

(vi) The entity shall pay directly to the board's contracted actuary an amount equal to the cost of any actuarial study necessary to aid the board in determining the amount of such funding obligation, if not previously paid.

(d) For purposes of this subsection:

(i) Business transaction means a merger; consolidation; sale of assets, equipment, or facilities; termination of a division, department, section, or subgroup of the entity; or any other business transaction that results in termination of some or all of the entity's workforce; and

(ii) Funding obligation means the financial liability of the retirement system to provide benefits for the affected plan members incurred by the retirement system due to the entity's business transaction calculated using the methodology and assumptions recommended by the board's contracted actuary and approved by the board. The methodology and assumptions used must be structured in a way that ensures the entity is financially liable for all the costs of the entity's business transaction, and the retirement system is not financially liable for any of the cost of the entity's business transaction.

(e) The board may adopt and promulgate rules and regulations to carry out this subsection including, but not limited to, the methods of notifying the board of pending business transactions, the acceptable methods of payment, and the timing of such payment.

79-916 Retirement system; membership; member of any other system; transfer of funds; when; Service Annuity Fund; created; use; investment.

(1)(a) On July 1, 2004, the board shall transfer from the School Retirement Fund to the Service Annuity Fund an amount equal to the funded ratio of the retirement system which is equal to the market value of the retirement system assets divided by the actuarial accrued liability of the retirement system, times the actuarial accrued liability of the service annuity, as determined pursuant to section 79-966.01, of the employees who are members of the retirement system established pursuant to the Class V School Employees Retirement Act. Beginning July 1, 2013, such actuarial accrued liability shall be determined for each employee on a level percentage of salary basis. On or before July 1 of each fiscal year, the state shall deposit into the Service Annuity Fund such amounts as may be necessary to pay the normal cost and amortize the unfunded actuarial accrued liability of the service annuity, as determined pursuant to section 79-966.01, as of the end of the previous fiscal year of the employees who are members of the retirement system established pursuant to the Class V School Employees Retirement Act. Based on the fiscal year of the retirement system established pursuant to the Class V School Employees Retirement Act, the administrator of such system shall provide all membership information needed for the actuary engaged by the retirement board to determine the normal cost and the amortization payment of the unfunded actuarial accrued liability, as determined pursuant to section 79-966.01, to be paid by the state to the Service Annuity Fund each fiscal year as required by this subdivision.

(b) At the time of retirement of any employee who is a member of the retirement system established pursuant to the Class V School Employees Retirement Act and who was hired prior to July 1, 2016, the retirement board shall, upon receipt of a certification of the administrator of such retirement system of the name, identification number, date of birth, retirement date, last

date of employment, type of retirement, and number of years of service credited to such eligible employee at the date of retirement, transfer to such retirement system from the Service Annuity Fund the actuarial accrued liability of the service annuity to be paid by the state to the eligible employee for the years of service thus certified as provided for members of the School Employees Retirement System of the State of Nebraska under sections 79-933 and 79-952. Such transfer of the actuarial accrued liability to the retirement system established pursuant to the Class V School Employees Retirement Act shall be in lieu of the payment of the service annuity to which the employee would be entitled.

(c) The Service Annuity Fund is created. The fund shall consist of the amounts paid by the state and transferred from the School Retirement Fund pursuant to this section to pay the service annuity to be paid by the state to employees who are members of the retirement system established pursuant to the Class V School Employees Retirement Act. Any money in the Service Annuity Fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

(2) In addition to the transfer of the actuarial accrued liability of the service annuity to be paid by the state, the state shall also transfer to the funds of the Class V school district's retirement system an amount determined by multiplying the compensation of all members of such retirement system by the percent specified in subsection (2) of section 79-966 for determining the amount of the state's payment to the School Retirement Fund plus the amount determined under subdivision (1)(b) of section 79-966. The transfer shall be made annually on or before July 1 of each fiscal year.

In order to qualify for prior service credit toward a service annuity, a school employee, unless temporarily out of service for further professional education, for service in the armed forces, or for temporary disability, must have completed four years of service on a part-time or full-time basis during the five calendar years immediately preceding July 1, 1945, or have completed eighteen years out of the last twenty-five years prior to July 1, 1945, full time or part time, and two years out of the five years immediately preceding July 1, 1945, full time or part time, or such school employee must complete, unless temporarily out of service for further professional education, for service in the armed forces, or for temporary disability, four years of service within the five calendar years immediately following July 1, 1945. (b) The employer shall be liable for funding any obligation of the plan to provide benefits based upon such period of military service. To satisfy the liability, the employer shall pay to the retirement system an amount equal to:

(i) The sum of the member and employer contributions that would have been paid during such period of military service; and

(ii) Any actuarial costs necessary to fund the obligation of the plan to provide benefits based upon such period of military service. For the purposes of determining the amount of such liability and obligation of the plan, earnings and forfeitures, gains and losses, regular interest, or interest credits that would have accrued on the member and employer contributions that are paid by the employer pursuant to this section shall not be included.

(c) The amount required in subdivision (b) of this subsection shall be paid to the retirement system as soon as reasonably practicable following the date of reemployment, but must be paid within eighteen months of the date the board notifies the employer of the amount due. If the employer fails to pay the required amount within such eighteen-month period, then the employer is also responsible for any actuarial costs and interest on actuarial costs that accrue from eighteen months after the date the employer is notified by the board until the date the amount is paid.

79-966 School Retirement Fund; state deposits; amount; determination; contingent state deposit; how calculated; hearing.

(1)(a) On the basis of all data in the possession of the retirement board, including such mortality and other tables as are recommended by the actuary engaged by the retirement board and adopted by the retirement board, the retirement board shall annually, on or before July 1, determine the state deposit to be made by the state in the School Retirement Fund for that fiscal year. The amount of such state deposit shall be determined pursuant to section 79-966.01. The retirement board shall thereupon certify the amount of such state deposit, and on the warrant of the Director of Administrative Services, the State Treasurer shall, as of July 1 of such year, transfer from funds appropriated by the state for that purpose to the School Retirement Fund the amount of such state deposit.

(b) Beginning July 1, 2016, the contingent state deposit described in this subsection shall be calculated as a percent of compensation of all members of the retirement system. For any year in which a deposit is made to the School Retirement Fund under this subsection, if the actuary for a retirement system

provided for under the Class V School Employees Retirement Act determines that the actuarially required contribution rate, for the fiscal year of the retirement system that begins before the state deposit, exceeds the rate of all contributions required pursuant to the Class V School Employees Retirement Act, using the thirty-year amortization period specified in section 79-966.01, the Class V district school board may request a public hearing of the Appropriations Committee of the Legislature to ask the state to transfer to the funds of the retirement system provided for under the Class V School Employees Retirement Act an amount determined by multiplying the compensation of all members of such retirement system by the lesser of the percent of compensation deposited into the School Retirement Fund under this subsection or the percent of compensation of the members of the retirement system provided for under the Class V School Employees Retirement Act needed to meet the actuarially required contribution rate for such system, using the thirty-year amortization period specified in section 79-966.01. Any additional amount of transfer so calculated, recommended by the Appropriations Committee of the Legislature and approved by the Legislature, shall be added to the two percent specified in subsection (2) of this section for the amount required by subsection (2) of section 79-916 to be transferred to the funds of the retirement system provided for under the Class V School Employees Retirement Act.

(2) For each fiscal year beginning July 1, 2014, in addition to the state deposits required by subsections (1) and (3) of this section, the state shall deposit in the School Retirement Fund an amount equal to two percent of the compensation of all members of the retirement system.

(3) In addition to the state deposits required by subsections (1) and (2) of this section, beginning on July 1, 2005, and each fiscal year thereafter for employees who become members prior to July 1, 2016, the state shall deposit in the Service Annuity Fund such amounts as may be necessary to pay the normal cost and amortize the unfunded actuarial accrued liability of the service annuity benefit established pursuant to sections 79-933 and 79-952 as accrued through the end of the previous fiscal year of the school employees who are members of the retirement system established pursuant to the Class V School Employees Retirement Act.

79-990 Employees retirement system; time served in armed forces or on leave of absence; resignation for maternity purposes; effect.

(1) Any member who is eligible for reemployment on or after December 12, 1994, pursuant to 38 U.S.C. 4301 et seq., as adopted under section 55-161, or who is eligible for reemployment under section 55-160 may pay to the retirement system after the date of his or her return from active military service, and within the period required by law, not to exceed five years, an amount equal to the sum of all deductions which would have been made from the salary which he or she would have received during the period of military service for which creditable service is desired. If such payment is made, the member shall be entitled to credit for membership service in determining his or her annuity for the period for which contributions have been made and the board of education shall be responsible for any funding necessary to provide for the benefit which is attributable to this increase in the member's creditable service. The member's payments shall be paid as the board of trustees may direct, through direct payments to the retirement system or on an installment basis pursuant to a

Such time shall be included in creditable service when determining eligibility for death, disability, termination, and retirement benefits. The member who receives the credit shall earn benefits during the leave based on salary at the level received immediately prior to the leave of absence. Such credit shall be received if such member pays into the retirement system (a) an amount equal to the sum of the deductions from his or her salary for the portion of the leave for which creditable service is desired, (b) any contribution which the school district would have been required to make for the portion of the leave for which creditable service is desired had he or she continued to receive salary at the level received immediately prior to the leave of absence, and (c) interest on these combined payments from the date such deductions would have been made to the date of repayment determined by using the rate of interest for interest on such purchases of service credit. Such amounts shall be paid as the board of trustees may direct, through direct payments to the retirement system or on an installment basis pursuant to a binding irrevocable payroll deduction authorization between the member and the school district over a period not to exceed five years from the date of the termination of his or her leave of absence. Interest on any delayed payment shall be at the rate of interest for determining interest on delayed payments by members to the retirement system. Creditable service may be purchased only in one-tenth-year increments, starting with the most recent years' salary, and if payments are made on an installment basis, creditable service will be credited only as payment has been made to the retirement system to purchase each additional one-tenth-year increment. Leave of absence shall be construed to include, but not be limited to, sabbaticals, maternity leave, exchange teaching programs, full-time leave as an elected official of a professional association or collective-bargaining unit, or leave of absence to pursue further education or study. A leave of absence granted pursuant to this section shall not exceed four years in length, and in order to receive credit for the leave of absence, the member must have returned to employment with the school district within one year after termination of the leave of absence.

(3) Until one year after May 2, 2001, any member currently employed by the school district who resigned from full-time employment with the school district for maternity purposes prior to September 1, 1979, and was reemployed as a full-time employee by the school district before the end of the school year following the school year of such member's resignation may have such absence treated as though the absence was a leave of absence described in subsection (2) of this section. The period of such absence for maternity purposes shall be included in creditable service when determining the member's eligibility for death, disability, termination, and retirement benefits if the member submits satisfactory proof to the board of education that the prior resignation was for

maternity purposes and the member complies with the payment provisions of subsection (2) of this section before the one-year anniversary of May 2, 2001.

79-991 Employees retirement system; member; prior service credit; how obtained.

(1) An employee who becomes a member without prior service credit may purchase prior service credit, not to exceed the lesser of ten years or the member's years of membership service, for the period of service the member was employed by a school district or by an educational service unit and which is not used in the calculation of any retirement or disability benefit having been paid, being paid, or payable in the future to such member under any defined benefit retirement system or program maintained by such other school district or educational service unit. The purchase of prior service credit shall be made in accordance with and subject to the following requirements:

(a) A member who desires to purchase prior service credit shall make written application to the administrator of the retirement system that includes all information and documentation determined by the administrator as necessary to verify the member's prior service and qualification to purchase the prior service credit. Such application shall include the member's written authorization for the administrator to request and receive from any of the member's former employers verification of the member's prior service, salary, and other information for determining the member's eligibility to purchase prior service credit. Before prior service credit may be purchased, the administrator shall have received verification of the member's salary in each year with the other school district or educational service unit and confirmation that the prior service to be purchased by the member is not also credited in the calculation of a retirement or disability benefit for such member under another defined benefit retirement system or program. The member's application to purchase prior service credit may be made at any time before the fifth anniversary of the member's membership in the retirement system or, if earlier, the member's termination of employment with the school district;

(b) The member shall pay to the retirement system the total amount he or she would have contributed to the retirement system had he or she been a member of the retirement system during the period for which prior service is being purchased, together with interest thereon as determined using the rate of interest for the purchase of prior service credit. Such payment shall be based on the most recent years' salary the member earned in another school district or educational service unit if the salary is verified by the other school district or educational service unit or, if not, the payment shall be based on the member's annual salary at the time he or she became a member;

(c) Payments by the member for the purchase of the prior service credit shall be paid as the board of trustees may direct through direct payments to the

retirement system or on an installment basis pursuant to a binding irrevocable payroll deduction authorization between the member and the school district over a period not to exceed five years from the date of membership. Interest on delayed payments shall be at the rate of interest for determining interest on delayed payments by members to the retirement system. In the event the member terminates employment with the school district for any reason before full payment for the prior service has been made, the remaining installments shall be immediately due and payable to the retirement system. Prior service credit may be purchased only in one-tenth-year increments, and if payments are made on an installment basis, the prior service will be credited only as payment has been made to the retirement system. If the prior service to be purchased by the member exceeds the member's membership service at the time of application or any subsequent date, such excess prior service shall be credited to the member only as the member completes and is credited additional membership service, in one-tenth-year increments, notwithstanding the member's payment for such prior service credit. If the member retires or terminates employment before completing sufficient membership service to permit all of the excess prior service that has been purchased by the member to be credited to such member, the retirement system shall refund to the member, or to the member's beneficiary if the member's termination is due to his or her death, the payments that have been made to the retirement system for such uncredited prior service, together with regular interest on such refund; and

(d) The school district shall contribute to the retirement system an amount equal to the amount paid by each member for the purchase of prior service credit at the time such payments are made by such member.

(2) Any employee who became a member before July 1, 2014, and who has five or more years of creditable service and any employee who became a member for the first time on or after July 1, 2014, and who has ten or more years of creditable service, excluding in either case years of prior service acquired pursuant to section 79-990, 79-994, 79-995, or 79-997, or subsection (1) of this section, may elect to purchase up to a total of five years of additional creditable service under the retirement system, and upon such purchase the member shall be given the same status as though he or she had been a member of the retirement system for such additional number of years, except as otherwise specifically provided in the Class V School Employees Retirement Act. Creditable service may be purchased only in one-tenth-year increments. The amount to be paid to the retirement system for such creditable service shall be equal to the actuarial cost to the retirement system of the increased benefits attributable to such additional creditable service as determined by the retirement system's actuary at the time of the purchase pursuant to actuarial assumptions and methods adopted by the board of trustees for this purpose. The election to purchase additional creditable service may be made at any time before the member's termination of employment, and all payments for the purchase of such creditable service must be completed within five years after the election or before the member's termination or retirement, whichever event occurs first. Payment shall be made as the board of trustees may direct through a single payment to the retirement system, on an installment basis, including payments pursuant to a binding irrevocable payroll deduction authorization between the member and the school district, or by such other method approved by the board of trustees and permitted by law. If payments are made on an installment basis, creditable service will be credited only as payment has been

made to the retirement system to purchase each additional one-tenth-year increment. Interest shall be charged on installment payments at the rate of interest for determining interest on delayed payments by members to the retirement system.

79-992 Employees retirement system; termination of employment; refunds; reemployment.

(1) A member who has five years or more of creditable service, excluding years of prior service acquired pursuant to section 79-990, 79-991, 79-994, 79-995, or 79-997, and who terminates his or her employment may elect to leave his or her contributions in the retirement system, in which event he or she shall receive a retirement allowance at normal retirement age based on the annuity earned to the date of such termination of employment. Such member may elect to receive a retirement allowance at early retirement age if such member retires at an early retirement date. Such annuity shall be adjusted in accordance with section 79-9,100. Upon termination of employment, except on account of retirement, a member shall be entitled to receive refunds as follows: (a) An amount equal to the accumulated contributions to the retirement system by the member; and (b) any contributions made to a previously existing system which were refundable under the terms of that system. Any member receiving a refund of contributions shall thereby forfeit and relinquish all accrued rights in the retirement system including all accumulated creditable service, except that if any member who has withdrawn his or her contributions as provided in this section reenters the service of the district and again becomes a member of the retirement system, he or she may restore any or all money previously received by him or her as a refund, including the interest on the amount of the restored refund for the period of his or her absence from the district's service as determined using the interest rate for interest on such restored refunds, and he or she shall then again receive credit for that portion of service which the restored money represents. Such restoration may be made as the board of trustees may direct through direct payments to the system or on an installment basis pursuant to a binding irrevocable payroll deduction authorized between the member and the school district over a period of not to exceed five years from the date of reemployment. Interest on delayed payments shall be at the rate of interest for determining interest on delayed payments by members to the retirement system. Creditable service may be purchased only in one-tenth-year increments, starting with the most recent years' salary.

(2) Except as provided in section 79-992.01:

(a) A retired member who returns to employment as an employee of the school district shall again participate in the retirement system as a new member and shall make contributions to the retirement system commencing upon reemployment. The retirement annuity of a retired member who returns to employment with the school district shall continue to be paid by the

retirement system. A retired member who returns to employment as an employee of the school district shall receive creditable service only for service performed after his or her return to employment and in no event shall creditable service which accrues or the compensation paid to the member after such return to employment after retirement increase the amount of the member's original retirement annuity; and

(b) Upon termination of employment of the reemployed member, the member shall receive in addition to the retirement annuity which commenced at the time of the previous retirement (i) if the member has accrued five years or more of creditable service after his or her return to employment, excluding years of prior service acquired pursuant to section 79-990, 79-991, 79-994, 79-995, or 79-997, a retirement annuity as provided in section 79-999 or 79-9,100, as applicable, calculated solely on the basis of creditable service and final average compensation accrued and earned after the member's return to employment after his or her original retirement, and as adjusted to reflect any payment in other than the normal form or (ii) if the member has not accrued five years or more of creditable service after his or her return to employment, a refund equal to the member's accumulated contributions which were credited to the member after the member's return to employment. In no event shall the member's creditable service which accrued prior to a previous retirement be considered as part of the member's creditable service after his or her return to employment for any purpose of the Class V School Employees Retirement Act.

(3) In the event a member is entitled to receive a refund of contributions pursuant to subsection (1) or subdivision (2)(b)(ii) of this section in an amount greater than one thousand dollars, if the member does not elect to have the refund paid directly to himself or herself or transferred to an eligible retirement plan designated by the member as a direct rollover pursuant to section 79-998, then the refund of contributions shall be paid in a direct rollover to an individual retirement plan designated by the board of trustees.

79-992.01 Termination of employment; employer; duties; member; duties.

(1) An employer participating in a retirement system established pursuant to the Class V School Employees Retirement Act shall:

(a) Notify the board of trustees in writing of the date upon which a termination of employment has occurred and provide the board of trustees with such information as the board of trustees deems necessary;

(b) Notify the board of trustees in writing whether or not a member accepted and received an early retirement inducement; and

(c) Submit in writing with the notice of termination of employment and notice of receipt of an early retirement inducement a completed certification by the employer and member under penalty of prosecution pursuant to section

79-992.02 that, prior to the member's termination, there was no prearranged written or verbal agreement for the member to return to service in any capacity with the same employer.

(2) The member shall submit to the board of trustees upon the member's termination, under penalty of prosecution pursuant to section 79-992.02, completed certification on forms prescribed by the board of trustees stating whether or not the member accepted and received an early retirement inducement from his or her employer.

(3) The board of trustees may adopt and promulgate rules and regulations and prescribe forms as the board determines appropriate in order to carry out this section and to ensure full disclosure and reporting by the employer and member in order to minimize fraud and abuse and the filing of false or fraudulent claim or benefit applications.

79-992.02 False or fraudulent claim or benefit application; prohibited acts; penalty.

(1) Any person who, knowing it to be false or fraudulent, presents or causes to be presented a false or fraudulent claim or benefit application, any false or fraudulent proof in support of such a claim or benefit, or false or fraudulent information which would affect a future claim or benefit application to be paid under a retirement system for the purpose of defrauding or attempting to defraud the retirement system shall be guilty of a Class II misdemeanor. The board of trustees shall deny any benefits that it determines are based on false or fraudulent information and shall have a cause of action against the member to recover any benefits already paid on the basis of such information.

(2) Any employee, member of a board of education, or agent of any employer who willfully fails or refuses to furnish to the board of trustees upon its request and in the manner prescribed by it such information, data, or records, as may be necessary for carrying into effect the Class V School Employees Retirement Act, shall be guilty of a Class V misdemeanor.

79-998 Additional service credits; accept payments and rollovers; limitations; how treated; tax consequences; direct transfer to retirement plan.

(1) The retirement system may accept as payment for additional service credit that is purchased pursuant to sections 79-990 to 79-992 an eligible rollover distribution from or on behalf of the member who is making payments for such service credit if the eligible rollover distribution does not exceed the amount of payment required for the service credit being purchased by the member. The eligible rollover distribution may be contributed to the retirement system by the member or directly transferred from the plan that is making the eligible rollover distribution on behalf of the member. Contribution by a member pursuant to this section may only be made in the form of a cash contribution. For purposes of this section, an eligible rollover distribution means all or any portion of an amount that qualifies as an eligible rollover distribution under the Internal Revenue Code from:

(a) A plan of another employer which is qualified under section 401(a) or 403(a) of the Internal Revenue Code;

(b) An annuity contract or custodial account described in section 403(b) of the Internal Revenue Code;

(c) An eligible deferred compensation plan under section 457(b) of the Internal Revenue Code which is maintained by a governmental employer described in section 457(e)(1)(A) of the Internal Revenue Code; or

(d) An individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code that is eligible to be rolled over to an employer plan under the Internal Revenue Code.

(2) The retirement system may accept as payment for service credit that is purchased pursuant to sections 79-990 to 79-992 a direct trustee-to-trustee transfer from an eligible deferred compensation plan as described in section 457(e)(17) of the Internal Revenue Code on behalf of a member who is making payments for such service credit if the amount transferred from the eligible deferred compensation plan does not exceed the amount of payment required for the service credit being purchased and the purchase of such service credit qualifies as the purchase of permissive service credit by the member as defined in section 415(n)(3) of the Internal Revenue Code.

(3) The board of trustees may establish rules, regulations, and limitations on the eligible rollover distributions and direct trustee-to-trustee transfers that may be accepted by the retirement system pursuant to this section, including restrictions on the type of assets that may be transferred to the retirement system.

(4) Cash and other properties contributed or transferred to the system pursuant to this section shall be deposited and held as a commingled asset of the system and shall not be separately accounted for or invested for the member's benefit. Contributions or direct transfers made by or on behalf of any member pursuant to this section shall be treated as qualifying payments under sections 79-990 to 79-992 and as employee contributions for all other purposes of the Class V School Employees Retirement Act except in determining federal and state tax treatment of distributions from the system.

(5) The system, the board of education, the board of trustees, and their respective members, officers, and employees shall have no responsibility or liability with respect to the federal and state income tax consequences of any contribution or transfer to the system pursuant to this section, and the board of trustees may require as a condition to the system's acceptance of any rollover contribution or transfer satisfactory evidence that the proposed contribution or

transfer is a qualifying rollover contribution or trustee-to-trustee transfer under the Internal Revenue Code and reasonable releases or indemnifications from the member against any and all liabilities which may in any way be connected with such contribution or transfer.

(6) Effective January 1, 1993, any member who is to receive an eligible rollover distribution, as defined in the Internal Revenue Code, from the system may, in accordance with such rules, regulations, and limitations as may be established by the board of trustees, elect to have such distribution made in the form of a direct transfer to a retirement plan eligible to receive such transfer under the provisions of the Internal Revenue Code. Any such election shall be made in the form and within the time periods established by the board of trustees.

(7) A member's surviving spouse or former spouse who is an alternate payee under a qualified domestic relations order and, on or after September 1, 2010, any designated beneficiary of a member who is not a surviving spouse or former spouse who is entitled to receive an eligible rollover distribution from the system may, in accordance with such rules, regulations, and limitations as may be established by the board of trustees, elect to have such distribution made in the form of a direct transfer to a retirement plan eligible to receive such transfer under the provisions of the Internal Revenue Code.

(8) An eligible rollover distribution on behalf of a designated beneficiary of a member who is not a surviving spouse or former spouse of the member may be transferred to an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code that is established for the purpose of receiving the distribution on behalf of the designated beneficiary and that will be treated as an inherited individual retirement account or individual retirement annuity described in section 408(d)(3)(C) of the Internal Revenue Code.

(9) All distributions from the system shall be subject to all withholdings required by federal or state tax laws.

79-9,100 Employees retirement system; formula retirement annuity; computation.

(1) In lieu of the retirement annuity provided by section 79-999 or 79-9,113, any member who becomes eligible to receive a retirement annuity after February 20, 1982, under the Class V School Employees Retirement Act shall receive a formula retirement annuity based on final average compensation, except that if the monthly formula retirement annuity based on final average compensation is less than the monthly retirement annuity specified in section 79-999 or 79-9,113, accrued to the date of retirement or August 31, 1983, whichever first occurs, the member shall receive the monthly retirement annuity specified in section 79-999 or 79-9,113 accrued to the date of retirement or August 31, 1983, whichever first occurs.

(2) The monthly formula retirement annuity based on final average compensation shall be determined by multiplying the number of years of creditable

service for which such member would otherwise receive the retirement annuity provided by section 79-999 or 79-9,113 by one and one-half percent of his or her final average compensation. For retirements after June 15, 1989, and before April 18, 1992, the applicable percentage shall be one and sixty-five hundredths percent of his or her final average compensation. For retirements on or after April 18, 1992, and before June 7, 1995, the applicable percentage shall be one and seventy-hundredths percent of his or her final average compensation. For retirements on or after June 7, 1995, and before March 4, 1998, the applicable percentage shall be one and eighty-hundredths percent of his or her final average compensation. For retirements on or after March 4, 1998, and before March 22, 2000, the applicable percentage shall be one and eighty-five hundredths percent of his or her final average compensation. For retirements on or after March 22, 2000, the applicable percentage shall be two percent of his or her final average compensation.

(3) Final average compensation shall be determined:

(a) Except as provided in subdivision (3)(b) of this section, by dividing the member's total compensation for the three fiscal years in which such compensation was the highest by thirty-six; and

(b) For an employee who became a member on or after July 1, 2013, by dividing the member's total compensation for the five fiscal years in which such compensation was the highest by sixty.

(4)(a) In the determination of compensation for members whose retirement date is on or after July 1, 2016, that part of a member's compensation for the plan year which exceeds the member's compensation for the preceding plan year by more than eight percent during the capping period shall be excluded. If the compensation for the preceding plan year was reduced as a result of unpaid absence from work, the compensation used in the capping calculation will be the greater of (i) the annualized compensation for the preceding year as if it had been fully received or (ii) the most recent preceding plan year in which the member had no unpaid absence from work. Such member's compensation for the first plan year of the capping period shall be compared to the member's compensation received for the plan year immediately preceding the capping period. If the first plan year of the capping period is the member's first year of membership service, these capping provisions shall not be applied to that first plan year.

(b) For purposes of this subsection:

(i) Capping period means the five plan years preceding the later of (A) such member's retirement date or (B) such member's final compensation date; and

(ii) Final compensation date means the later of (A) the date on which a retiring member's final compensation is actually paid or (B) if a retiring member's final compensation is paid in advance as a lump sum, the date on which such final compensation would have been paid to the member in the absence of such advance payment.

(5) This subsection does not apply to employees who become members on or after July 1, 2016. If the annuity begins prior to the sixty-second birthday of the member and the member has completed thirty-five or more years of creditable service, the annuity shall not be reduced. For retirements on or after June 7, 1995, any retirement annuity which begins prior to the sixty-second birthday of the member shall be reduced by twenty-five hundredths percent for each month

or partial month between the date the annuity begins and the member's sixty-second birthday. If the annuity begins at a time when:

(a) The sum of the member's attained age and creditable service is eighty-five or more, the annuity shall not be reduced;

(b) The sum of the member's attained age and creditable service totals eighty-four, the annuity shall not be reduced by an amount greater than three percent of the unreduced annuity;

(c) The sum of the member's attained age and creditable service totals eighty-three, the annuity shall not be reduced by an amount greater than six percent of the unreduced annuity; and

(d) The sum of the member's attained age and creditable service totals eighty-two, the annuity shall not be reduced by an amount greater than nine percent of the unreduced annuity.

(6) For purposes of this section, a member's creditable service and attained age shall be measured in one-half-year increments.

(7)(a) Except as provided in section 79-9,104, the normal form of the formula retirement annuity based on final average compensation shall be an annuity payable monthly during the remainder of the member's life with the provision that in the event of the member's death before sixty monthly payments have been made the monthly payments will continue until sixty monthly payments have been made in total pursuant to section 79-9,119.

(b) A member may elect to receive, in lieu of the normal form of annuity, an actuarially equivalent annuity in any optional form provided by section 79-9,101.

(8) Any member receiving a formula retirement annuity based on final average compensation who is a member prior to July 1, 2016, shall also receive the service annuity to be paid by the State of Nebraska as provided in sections 79-933 to 79-935 and 79-951.

(2)(a) For an employee who becomes a member prior to July 1, 2018, if the annuity begins on or after the sixtieth birthday of the member and the member has completed at least a total of five years of creditable service, the annuity shall be reduced by twenty-five hundredths percent for each month or partial month between the date the annuity begins and the member's sixty-fifth birthday.

(b) For a member hired or rehired on or after July 1, 2018, if the annuity begins on or after the sixtieth birthday and the member has completed at least a total of five years of creditable service including eligibility and vesting credit but has not qualified for an unreduced annuity as specified in this section, the annuity shall be reduced by twenty-five hundredths percent for each month or partial month between the date the annuity begins and the member's sixty-fifth birthday.

(3) A member's attained age shall be measured in one-half-year increments.

(4) Except as provided in section 42-1107, the normal form of the formula retirement annuity based on final average compensation shall be an annuity payable monthly during the remainder of the member's life with the provision that, in the event of his or her death before sixty monthly payments have been made, the monthly payments will be continued to his or her estate or to the beneficiary he or she has designated until a total of sixty monthly payments have been made. A member may elect to receive, in lieu of the normal form of annuity, an actuarially equivalent annuity in any optional form provided by section 79-9,101.

(5) All formula annuities shall be paid from the Class V School Employees Retirement Fund.

79-9,102 Employees retirement system; annuity or other benefit; limitations.

(1) Notwithstanding any other provision of the Class V School Employees Retirement Act, no member or beneficiary of the retirement system shall receive in any calendar year an annuity or other benefit which would exceed the maximum benefit permitted under section 415 of the Internal Revenue Code, or any successor provision and the regulations issued thereunder, as they may be amended from time to time, and as adjusted as of January 1 of each calendar year to the dollar limitation as determined for such year by the Commissioner of Internal Revenue pursuant to section 415(d) of the Internal Revenue Code to reflect cost-of-living adjustments, and the amount of benefit to be paid to any member or beneficiary by the retirement system shall be adjusted each calendar year, if necessary, to conform with the maximum benefit permitted under section 415 of the Internal Revenue Code. The cost-of-living adjustment to the maximum benefit permitted under section 415 of the Internal Revenue Code shall apply to determining the maximum benefit of a member who severed employment or commenced receiving benefits prior to the effective date of the adjustment.

(2) Any payments provided for by sections 79-990, 79-991, and 79-992 for the purchase or restoration of creditable service shall be subject to the limitations of section 415 of the Internal Revenue Code on annual additions to the system, and the board of trustees may suspend payments, alter installment periods, or, if such suspension or alteration is not possible, deny the purchase of all or a

portion of the creditable service desired to be purchased, as necessary to comply with the requirements of section 415 of the Internal Revenue Code.

(3) This section is intended to meet and incorporate the requirements of section 415 of the Internal Revenue Code and regulations under that section that are applicable to governmental plans and shall be construed in accordance with section 415 of the Internal Revenue Code and the regulations issued thereunder and shall, by this reference, incorporate any subsequent changes made to such section as the same may apply to the retirement system.

79-9,103 Annuity payment; cost-of-living adjustments; additional adjustments.

(1) Any annuity paid on or after September 1, 1983, to a member who retired prior to February 21, 1982, pursuant to the Class V School Employees Retirement Act, or to such member's beneficiary, or to a person who retired under the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, or to such person's beneficiary, shall be adjusted by the increase in the cost of living or wage levels between the effective date of retirement and June 30, 1983, except that such increase shall not exceed the sum of one dollar and fifty cents per month for each year of creditable service and one dollar per month for each completed year of retirement as measured from the effective date of retirement to June 30, 1983. No separate adjustment in such annuity shall be made as a result of the changes made in section 79-9,113 pursuant to Laws 1983, LB 488. If a joint and survivor annuity was elected, the increase shall be actuarially adjusted so that the joint and survivor annuity remains the actuarial equivalent of the life annuity otherwise payable.

(2) In addition to the cost-of-living adjustment provided in subsection (1) of this section, any annuity paid on or after September 1, 1986, pursuant to the act or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, and on which the first payment was dated on or before September 1, 1985, shall be adjusted by the increase in the cost of living or wage levels between the effective date of retirement and June 30, 1986, except that such increase shall not exceed (a) three and one-half percent for annuities first paid on or after September 1, 1984, (b) seven percent for annuities first paid on or after September 1, 1983, but before September 1, 1984, or (c) ten and one-half percent for all other annuities.

(3) In addition to the cost-of-living adjustments provided in subsections (1) and (2) of this section, any annuity paid on or after September 1, 1989, pursuant to the act or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, and on which the first payment was dated on or before September 1, 1988, shall be adjusted by the increase in the cost of living or wage levels between the effective date of retirement and June 30, 1989, except that such increase shall not exceed (a) three percent for annuities first paid on or after September 1, 1987, (b) six percent for annuities first paid on or after

September 1, 1986, but before September 1, 1987, or (c) nine percent for all other annuities.

(4) In addition to the cost-of-living adjustments provided in subsections (1), (2), and (3) of this section, any annuity paid on or after September 1, 1992, pursuant to the act or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, and on which the first payment was dated on or before October 1, 1991, shall be adjusted by the increase in the cost of living or wage levels between the effective date of retirement and June 30, 1992, except that such increase shall not exceed (a) three percent for annuities first paid after October 1, 1990, (b) six percent for annuities first paid after October 1, 1989, but on or before October 1, 1990, or (c) nine percent for all other annuities.

(5) In addition to the cost-of-living adjustments provided in subsections (1), (2), (3), and (4) of this section, any annuity paid on or after September 1, 1995, pursuant to the act or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, and on which the first payment was dated on or before October 1, 1994, shall be adjusted by the increase in the cost of living or wage levels between the effective date of retirement and June 30, 1995, except that such increase shall not exceed (a) three percent for annuities first paid after October 1, 1993, (b) six percent for annuities first paid after October 1, 1992, but on or before October 1, 1993, or (c) nine percent for all other annuities.

(6) In addition to the cost-of-living adjustments provided in subsections (1), (2), (3), (4), and (5) of this section, any annuity paid pursuant to the act or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, and on which the first payment was dated on or before October 1, 1994, shall be subject to adjustment to equal the greater of (a) the annuity payable to the member or beneficiary as adjusted, if applicable, under the provisions of subsection (1), (2), (3), (4), or (5) of this section or (b) ninety percent of the annuity which results when the original annuity that was paid to the member or beneficiary (before any cost-of-living adjustments under this section), is adjusted by the increase in the cost of living or wage levels between the commencement date of the annuity and June 30, 1995.

(7) In addition to the cost-of-living adjustments provided in subsections (1), (2), (3), (4), (5), and (6) of this section, any annuity paid on or after September 1, 1998, pursuant to the act or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, and on which the first payment was dated on or before October 3, 1997, shall be adjusted by the increase in the cost of living or wage levels between the effective date of retirement and June 30, 1998, except that such increase shall not exceed (a) three percent for annuities first paid after October 1, 1996, (b) six percent for annuities first paid after October 1, 1995, but on or before October 1, 1996, or (c) nine percent for all other annuities.

(8) Beginning January 1, 2000, and on January 1 of every year thereafter, for employees of Class V school districts who were members prior to July 1, 2013, a cost-of-living adjustment shall be made for any annuity being paid pursuant to the act, or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1,

1951, and on which the first payment was dated on or before October 3 preceding such January 1 adjustment date. The cost-of-living adjustment for any such annuity shall be the lesser of (a) one and one-half percent or (b) the increase in the consumer price index from the date such annuity first became payable through the August 31 preceding the January 1 adjustment date as reduced by the aggregate cost-of-living adjustments previously made to the annuity pursuant to this section.

(9) Beginning January 1, 2014, and on January 1 of every year thereafter, for employees of Class V school districts who became members on or after July 1, 2013, a cost-of-living adjustment shall be made for any annuity being paid pursuant to the act and on which the first payment was dated on or before October 3 preceding such January 1 adjustment date. The cost-of-living adjustment for any such annuity shall be the lesser of (a) one percent or (b) the increase in the consumer price index from the date such annuity first became payable through the August 31 preceding the January 1 adjustment date as reduced by the aggregate cost-of-living adjustments previously made to the annuity pursuant to this section.

(10) Beginning September 1, 1999, the actuary shall make an annual valuation of the assets and liabilities of the system. If the annual valuation made by the actuary, as approved by the board of trustees, indicates that the system has sufficient actuarial surplus to provide for a cost-of-living adjustment in addition to the adjustment made pursuant to subsection (8) or (9) of this section, the board of trustees may, in its discretion, declare by resolution that each annuity being paid pursuant to the act, or pursuant to the provisions of the retirement system established by statute for employees of Class V school districts in effect prior to September 1, 1951, and on which the first payment was dated on or before October 3 of the year such resolution is adopted, shall be increased beginning as of the January 1 following the date of the board of trustees' resolution by such percentage as may be declared by the board of trustees, except that such increase for any such annuity shall not exceed the increase in the consumer price index from the date such annuity first became payable through the applicable valuation date as reduced by the aggregate cost-of-living adjustments previously made to the annuity pursuant to this section.

(11) Except for the adjustments pursuant to subsection (13) of this section, the consumer price index to be used for determining any cost-of-living adjustment under this section shall be the Consumer Price Index - All Urban Consumers, as published by the Bureau of Labor Statistics of the United States Department of Labor. If this consumer price index is discontinued or replaced, a substitute index published by the United States Department of Labor shall be selected by the board of trustees, which shall be a reasonable representative measurement of the cost of living for retired employees. An annuity as increased by any cost-of-living adjustment made under this section shall be considered the base annuity amount for the purpose of future adjustments pursuant to this section. In no event shall any cost-of-living adjustment be deemed to affect or increase the amount of the base retirement annuity of a member as determined under section 79-999 or 79-9,100.

(12) Any decision or determination by the board of trustees (a) to declare or not declare a cost-of-living adjustment, (b) as to whether the annual valuation indicates a sufficient actuarial surplus to provide for a cost-of-living adjustment, or (c) pursuant to the selection of a substitute index shall be made in the sole, absolute, and final discretion of the board of trustees and shall not be subject to

challenge by any member or beneficiary. In no event shall the Legislature be constrained or limited in amending the system or increasing the benefits of members under the system, nor shall the board of education or board of trustees be constrained from supporting any such change to the system, notwithstanding the effect of any such change upon the actuarial surplus of the system and the ability of the board of trustees to declare future cost-of-living adjustments.

(13) The Legislature finds and declares that there exists in this state a pressing need to attract and retain qualified and dedicated public school employees and that one of the factors prospective public school employees consider when seeking or continuing public school employment is the retirement system and benefits the employment provides. The Legislature further finds that over the past decades, as reflected by the Medical Price Index published by the United States Department of Labor, the cost of medical care, including the cost of medications and insurance coverages, has increased at a rate in excess of that by which the Consumer Price Index - All Urban Consumers has increased. The Legislature further finds and declares that there accordingly exists a need to adjust the amount of retirement benefits paid to retired public school employees in order to assist them in meeting the increased cost of medical care. Therefore, in addition to the cost-of-living adjustments provided in subsections (1) through (12) of this section, commencing on October 3, 2001, and on October 3 of every year thereafter, a medical cost-of-living adjustment shall be paid to any annuitant who became a member prior to July 1, 2016, and has been paid an annuity from the retirement system for at least ten years through the October 3 adjustment date. The cost-of-living adjustment shall be paid in the form of a supplemental annuity providing monthly payments equal to the amount which results when (a) the fraction, not to exceed one, that results when the annuitant's years of creditable service at his or her retirement date is divided by twenty, is multiplied by (b) the product of ten dollars times the number of years, including attained one-half years, that such annuitant has received annuity payments from the retirement system through the October 3 adjustment date. The supplemental annuity being paid to an annuitant shall increase by ten dollars on October 3 of each subsequent year to reflect the additional year of annuity payments to the annuitant until the total amount of the supplemental annuity is two hundred fifty dollars. In no event shall the medical cost-of-living adjustment for any annuitant pursuant to this subsection result in the payment of a supplemental annuity exceeding two hundred fifty dollars per month. The supplemental annuity paid to an annuitant pursuant to this subsection shall cease at the death of the annuitant regardless of the form of retirement annuity being paid to the annuitant at the time of his or her death.

79-9,104 Employees retirement system; annuities; benefits; exempt from claims of creditors; exceptions.

(1) All annuities and other benefits payable under the Class V School Employees Retirement Act and all accumulated credits of members of the

retirement system shall not be assignable or subject to execution, garnishment, or attachment except to the extent that such annuity or benefit is subject to a qualified domestic relations order as such term is defined in and which meets the requirements of section 414(p) of the Internal Revenue Code. Payments under such a qualified domestic relations order shall be made only after the administrator of the retirement system receives written notice of such order and such additional information and documentation as the administrator may require.

(2) In lieu of the assignment of a member's future annuity or benefit to the member's spouse or former spouse, the retirement system shall permit the spouse or former spouse of a member to receive, pursuant to a qualified domestic relations order, a single sum payment of a specified percentage of the member's accumulated contributions on the condition that upon the payment of such amount the spouse or former spouse shall have no further interest in the retirement system or in the remaining benefit of the member under the retirement system.

(3) A member's interest and benefits under the retirement system shall be reduced, either at termination of employment, retirement, disability, or death, by the actuarial value of the benefit assigned or paid to the member's spouse, former spouse, or other dependents under a qualified domestic relations order, as determined by the plan actuary on the basis of the actuarial assumptions then recommended by the actuary pursuant to section 79-984.

79-9,105 Employees retirement system; member; disability; benefits.

(1) Any member with five or more years of creditable service, excluding years of prior service acquired pursuant to section 79-990, 79-991, 79-994, 79-995, or 79-997, who becomes totally disabled for further performance of duty on or after March 22, 2000, may be approved for deferred disability retirement by the board of trustees. In the case of such deferred disability retirement, the member, during the period specified in subsection (3) of this section, shall be credited with creditable service for each year or portion thereof, to be determined in accordance with policies of the board of trustees governing creditable service, that the member defers retirement, up to a maximum of thirty-five years of total creditable service, including creditable service accrued before the member became totally disabled. The member approved for deferred disability retirement may at any time of the member's choosing request the deferral to end and retirement annuity payments to begin. The retirement annuity of such member shall be based on the total number of years of the member's creditable service, including the years credited to the member during his or her total disability under this section, and the member's final average salary as of the date that the member became totally disabled and as adjusted from such date by a percentage equal to the cumulative percentage cost-of-living adjustments that were made or declared for annuities in pay status pursuant to section 79-9,103 after the date of the approval of the board of trustees for deferred disability retirement and before the cessation of the accrual of additional creditable service pursuant to subsection (3) of this section. Except as provided

in subsection (4) of this section, the retirement annuity so determined for the member shall be payable to the member without reduction due to any early commencement of benefits, except that the retirement annuity shall be reduced by the amount of any periodic payments to such employee as workers' compensation benefits. Additional creditable service acquired through deferred disability retirement shall apply to the service requirements specified in section 79-9,106. The board of trustees shall consider a member to be totally disabled when it has received an application by the member and a statement by at least two licensed and practicing physicians designated by the board of trustees certifying that the member is totally and presumably permanently disabled and unable to perform his or her duties as a consequence thereof.

(2) Notwithstanding the provisions of subsection (1) of this section, the payment of the retirement annuity of a member may not be deferred later than the member's required beginning date as defined in section 401(a)(9) of the Internal Revenue Code, as defined in section 49-801.01. If the payment of a disabled member's retirement annuity is required to commence before the member has elected to end his or her deferred disability retirement, the amount of benefit that would have accrued pursuant to subsection (1) of this section in the fiscal year of the member's required beginning date, and in each subsequent fiscal year through the year of the member's election to end the deferred disability retirement period, shall be reduced, but not below zero, by the actuarial equivalent of the payments which were paid to the member during each such fiscal year and after the member's required beginning date. The retirement annuity of any member that commences before the end of the member's deferred disability retirement shall be adjusted as of each September 1 pursuant to the requirements of this subsection.

(3) The accrual of creditable service and any adjustment of final average salary provided in subsection (1) of this section shall begin from the first day of the month following the date of the first of the two examinations by which the member is determined by the board of trustees to be totally disabled, shall continue only so long as the member does not receive any wages or compensation for services, and shall end at the earlier of (a) the time total disability ceases as determined by the board of trustees or (b) the date the member elects to end the deferred disability retirement and begin to receive his or her retirement annuity. The board of trustees may require periodic proof of disability but not more frequently than semiannually.

(4)(a) For an employee hired prior to July 1, 2018, the payment of any retirement annuity to a disabled member, which begins to be paid under this section (i) before the member's sixty-second birthday or (ii) at a time before the sum of the member's attained age and creditable service is eighty-five or more, shall be suspended if the board of trustees determines at any time before the member's sixty-second birthday that the member's total disability has ceased.

(b) For an employee hired on or after July 1, 2018, the payment of any retirement annuity to a disabled member, which begins to be paid under this section (i) before the member's sixty-fifth birthday or (ii) at a time before the sum of the member's attained age and creditable service is eighty-five or more, shall be suspended if the board of trustees determines at any time before the member's sixty-fifth birthday that the member's total disability has ceased.

(c) Payment of the retirement annuity of such member as determined under this section shall recommence at the member's early retirement date or normal

retirement date but shall be subject to reduction at such time as specified in section 79-9,100.

79-9,106 Employees retirement system; member; death; effect; survivorship annuity; amount; direct transfer to retirement plan; death while performing qualified military service; additional death benefit.

(1) Upon the death of a member who has not yet retired and who has twenty years or more of creditable service, the member's primary beneficiary, as designated by the member in writing on forms provided by the system, shall receive a survivorship annuity in accordance with subdivision (1) of section 79-9,101 if the primary beneficiary is (a) the member's spouse or (b) one other designated beneficiary whose attained age in the calendar year of the member's death is no more than ten years less than the attained age of the member in such calendar year. The amount of such actuarially equivalent annuity shall be calculated using the attained ages of the member and the beneficiary and be based on the annuity earned to the date of the member's death without reduction due to any early commencement of benefits. Within sixty days from the date of the member's death, if the member has not previously filed with the administrator of the retirement system a form requiring that only the survivorship annuity be paid, the beneficiary may request to receive in a lump sum an amount equal to the member's accumulated contributions. If prior to the member's death, the member files with the administrator of the retirement system a form requiring that the beneficiary receive a lump-sum settlement in lieu of the survivorship annuity, the beneficiary shall receive, in lieu of the survivorship annuity, a lump-sum settlement in an amount equal to the member's accumulated contributions notwithstanding any other provision of this section.

(2) Upon the death of a member who has not yet retired and who has less than twenty years of creditable service or upon the death of a member who has not yet retired and who has twenty years or more of creditable service but whose beneficiary does not meet the criteria in subsection (1) of this section, a lump sum in an amount equal to the member's accumulated contributions shall be paid pursuant to section 79-9,119.

(3) A lump-sum death benefit paid pursuant to subsection (1) or (2) of this section, other than the member's estate, that is an eligible distribution may be distributed in the form of a direct transfer to a retirement plan eligible to receive such transfer under the provisions of the Internal Revenue Code.

(4) For any member whose death occurs on or after January 1, 2007, while performing qualified military service as defined in section 414(u) of the Internal Revenue Code, the member's beneficiary shall be entitled to any additional death benefit that would have been provided, other than the accrual of any benefit relating to the period of qualified military service. The additional death benefit shall be determined as if the member had returned to employment with

the school district and such employment had terminated on the date of the member's death.

Except as otherwise provided in the Class V School Employees Retirement Act, no trustee and no member of the board of education shall have any direct interest in the income, gains, or profits of any investment made by the board of trustees, nor shall any such person receive any pay or emolument for services in connection with any such investment. Neither the state investment officer nor any trustee, member of the board of education, nor member of the council shall become an endorser or surety or in any manner an obligor for money loaned by or borrowed from the retirement system. Any person who violates any of these restrictions shall be guilty of a Class II misdemeanor.

79-1003.01 Summer school allowance; summer school student units; calculations.

(1) The department shall calculate a summer school allowance for each district which submits the information required for the calculation on a form prescribed by the department on or before October 15 of the school fiscal year preceding the school fiscal year for which aid is being calculated. For aid calculated for school fiscal years through school fiscal year 2013-14, the summer school allowance shall be equal to two and one-half percent of the summer school student units for such district multiplied by eighty-five percent of the statewide average general fund operating expenditures per formula student. For aid calculated for school fiscal year 2014-15 and each school fiscal year thereafter, the summer school allowance shall be equal to the lesser of two and one-half percent of the product of the summer school student units for such district multiplied by eighty-five percent of the statewide average general fund operating expenditures per formula student or the summer school and early childhood summer school expenditures that are paid for with noncategorical funds generated by state or local taxes as reported on the annual financial report for the most recently available data year and that are not included in other allowances.

(2) Summer school student units shall be calculated for each student enrolled in summer school as defined in section 79-536 in a school district who attends such summer school for at least twelve days in the most recently available complete data year, whether or not the student is in the membership of the school district. The initial number of units for each such student shall equal the sum of the ratios, each rounded down to the nearest whole number, of the number of days for which the student attended summer school classes in such district for at least three hours and less than six hours per day divided by twelve days and of two times the number of days for which the student attended summer school classes in such district for six or more hours per day divided by twelve days.

(3) Each school district shall receive an additional summer school student unit for each summer school student unit attributed to remedial math or reading programs. Each school district shall also receive an additional summer school student unit for each summer school student unit attributed to a student who in the school year immediately preceding summer school either (a) qualified for free lunches or free milk and attended a school that uses information collected from parents and guardians to determine such qualifications or (b) attended a school that provides free meals to all students pursuant to the community eligibility provision.

(4) Beginning with state aid calculated for school fiscal year 2012-13, summer school student units shall be calculated for each student who was both enrolled in the most recently available complete data year in a summer session of an early childhood education program for which a qualified early childhood education fall membership greater than zero has been calculated for the school fiscal year for which aid is being calculated and eligible to attend kindergarten in the fall immediately following such summer session. The initial number of units for each such early childhood education student shall equal the sum of the ratios, each rounded down to the nearest whole number, of the number of days for which the student attended the summer session in such district for at least three hours and less than six hours per day divided by twelve days and of two times the number of days for which the student attended the summer session in such district for six or more hours per day divided by twelve days. The initial summer school student units for early childhood education students shall be multiplied by six-tenths. Instructional hours included in the calculation of the qualified early childhood education fall membership or the qualified early childhood education average daily membership shall not be included in the calculation of the summer school allowance.

(5) Each school district shall receive an additional six-tenths of a summer school student unit for each early childhood education student unit attributed to an early childhood education student who is either qualified for free lunches or free milk based on information collected from parents and guardians to determine such qualifications or is registered to attend a school in the school year immediately following such summer that provides free meals to all students pursuant to the community eligibility provision.

(6) This section does not prevent school districts from requiring and collecting fees for summer school or summer sessions of early childhood education programs, except that summer school student units shall not be calculated for school districts which collect fees for summer school from students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs or who attended, or are registered to attend, a

school in the school year immediately following such summer that provides free meals to all students pursuant to the community eligibility provision.

79-1005 Community achievement plan aid; new community achievement plan adjustment; calculation.

(1) For school fiscal year 2017-18 and each school fiscal year thereafter, the department shall determine the community achievement plan aid to be paid to each school district that will participate in a community achievement plan approved by the State Board of Education pursuant to section 79-2122 for such school fiscal year. For the first two school fiscal years a school district will participate in such plan, a new community achievement plan adjustment equal to the community achievement aid shall be included in the calculation of formula need for such school district. For all other school fiscal years, a community achievement plan allowance equal to the community achievement aid shall be included in the calculation of formula need for school districts qualifying for community achievement plan aid. Community achievement plan aid shall be included as a formula resource pursuant to section 79-1017.01.

(2) Community achievement plan aid shall equal 0.4643 percent of the product of the statewide average general fund operating expenditures per formula student multiplied by the total formula students for all of the member school districts in such learning community. The community achievement plan aid for each learning community shall be divided proportionally among the member school districts based on the sum of two percent of the poverty allowance calculated pursuant to section 79-1007.06, two percent of the limited English proficiency allowance calculated pursuant to section 79-1007.08, and, for school districts with poverty students greater than forty percent of the formula students, except as otherwise provided in this section, three percent of the product of the statewide average general fund operating expenditures per formula student multiplied by the difference of the poverty students minus forty percent of the formula students for such school district.

(3) For school fiscal year 2017-18, community achievement plan aid and a new community achievement plan adjustment shall be calculated for school districts that are members of a learning community and shall be included in formula resources pursuant to section 79-1017.01 in such amount regardless of the status of the approval of a community achievement plan, but community achievement plan aid shall not be paid to such school districts until a community achievement plan for such learning community is approved by the state board. If a community achievement plan is not approved for such learning community prior to September 1, 2017, the adjustment and aid calculated pursuant to this section shall be removed for the final calculation of state aid pursuant to section 79-1065 for school fiscal year 2017-18 and such amount shall be subtracted from the state aid appropriated by the Legislature for the determination of the local effort rate pursuant to section 79-1015.01 for the final calculation of state aid for school fiscal year 2017-18.

79-1005.01 Tax Commissioner; certify data; department; calculate allocation percentage and local system's allocated income tax funds.

(1) Not later than November 15 of each year, the Tax Commissioner shall certify to the department for the preceding tax year the income tax liability of resident individuals for each local system.

(2) For school fiscal years prior to 2017-18, one hundred two million two hundred eighty-nine thousand eight hundred seventeen dollars which is equal to the amount appropriated to the School District Income Tax Fund for distribution in school fiscal year 1992-93 shall be disbursed as option payments as determined under section 79-1009 and as allocated income tax funds as determined in this section and sections 79-1008.01, 79-1015.01, 79-1017.01, and 79-1018.01. For school fiscal years prior to school fiscal year 2017-18, funds not distributed as allocated income tax funds due to minimum levy adjustments shall not increase the amount available to local systems for distribution as allocated income tax funds.

(3) Using the data certified by the Tax Commissioner pursuant to subsection (1) of this section, the department shall calculate the allocation percentage and each local system's allocated income tax funds. The allocation percentage shall be the amount stated in subsection (2) of this section minus the total amount paid for option students pursuant to section 79-1009, with the difference divided by the aggregate statewide income tax liability of all resident individuals certified pursuant to subsection (1) of this section. Each local system's allocated income tax funds shall be calculated by multiplying the allocation percentage times the local system's income tax liability certified pursuant to subsection (1) of this section.

(4) For school fiscal year 2017-18 and each school fiscal year thereafter, each local system's allocated income tax funds shall be calculated by multiplying the local system's income tax liability certified pursuant to subsection (1) of this section by two and twenty-three hundredths percent.

Each school district shall designate a maximum poverty allowance on a form prescribed by the department on or before October 15 of the school fiscal year immediately preceding the school fiscal year for which aid is being calculated. The school district may decline to participate in the poverty allowance by providing the department with a maximum poverty allowance of zero dollars on such form on or before October 15 of the school fiscal year immediately preceding the school fiscal year for which aid is being calculated.

(2) The poverty allowance for each school district shall equal the lesser of:

(a) The maximum amount designated pursuant to subsection (1) of this section by the school district in the local system, if such school district designated a maximum amount, for the school fiscal year for which aid is being calculated; or

(ii) The amount of federal funds received based on poverty as defined by the federal program providing the funds; and

(iii) The expenditures and sources of funding for each program related to poverty and the expenditures and sources of funding for support costs directly attributable to poverty.

(b) The department shall set up accounting codes for the receipts and expenditures required to be reported on the annual financial report pursuant to this subsection.

(3) If the poverty allowance expenditures do not equal 117.65 percent or more of the poverty allowance for the most recently available complete data year, the department shall calculate a poverty allowance correction. The poverty allowance correction shall equal the poverty allowance minus eighty-five percent of the poverty allowance expenditures.

(4) The department may request additional information from any school district to assist with calculations and determinations pursuant to this section. If the school district does not provide information upon the request of the department pursuant to this section, the school district shall be disqualified from receiving a poverty allowance for the school fiscal year for which aid is being calculated.

(iii) The expenditures and sources of funding for each program related to limited English proficiency and the expenditures and sources of funding for support costs directly attributable to limited English proficiency.

(b) The department shall set up accounting codes for the receipts and expenditures required to be reported on the annual financial report pursuant to this subsection.

(2) The department shall determine the limited English proficiency allowance expenditures using the reported expenditures on the annual financial report for the most recently available complete data year that would only include in the limited English proficiency allowance expenditures those expenditures that are not included in other allowances, that were used to specifically address issues related to the education of students with limited English proficiency, that do not replace expenditures that would have occurred if the students involved in the program did not have limited English proficiency, and that are paid for with noncategorical funds generated by state or local taxes.

(3) If the limited English proficiency allowance expenditures do not equal 117.65 percent or more of the limited English proficiency allowance for the most recently available complete data year, the department shall calculate a limited English proficiency allowance correction. (5) If the formula need calculated for a school district pursuant to subsections (1) through (4) of this section is less than one hundred percent of the formula need for such district for the school fiscal year immediately preceding the

school fiscal year for which aid is being calculated, the formula need for such district shall equal one hundred percent of the formula need for such district for the school fiscal year immediately preceding the school fiscal year for which aid is being calculated.

(6) If the formula need calculated for a school district pursuant to subsections (1) through (4) of this section is more than one hundred twelve percent of the formula need for such district for the school fiscal year immediately preceding the school fiscal year for which aid is being calculated, the formula need for such district shall equal one hundred twelve percent of the formula need for such district for the school fiscal year immediately preceding the school fiscal year for which aid is being calculated, except that the formula need shall not be reduced pursuant to this subsection for any district receiving a student growth adjustment for the school fiscal year for which aid is being calculated.

79-1007.18 Averaging adjustment; calculation.

(1) For school fiscal years prior to school fiscal year 2017-18:

(a) The department shall calculate an averaging adjustment for districts if the basic funding per formula student is less than the averaging adjustment threshold and the general fund levy for the school fiscal year immediately preceding the school fiscal year for which aid is being calculated was at least one dollar per one hundred dollars of taxable valuation. For the calculation of aid for school fiscal years prior to school fiscal year 2018-19, the general fund levy for school districts that are members of a learning community for purposes

of this section includes both the common general fund levy and the school district general fund levy authorized pursuant to subdivisions (2)(b) and (2)(c) of section 77-3442. The averaging adjustment shall equal the district's formula students multiplied by the percentage specified in this subsection for such district of the difference between the averaging adjustment threshold minus such district's basic funding per formula student;

(b) The averaging adjustment threshold shall equal the aggregate basic funding for all districts with nine hundred or more formula students divided by the aggregate formula students for all districts with nine hundred or more formula students for the school fiscal year for which aid is being calculated; and

(c) The percentage to be used in the calculation of an averaging adjustment shall be based on the general fund levy for the school fiscal year immediately preceding the school fiscal year for which aid is being calculated and shall be as follows:

(i) If such levy was at least one dollar per one hundred dollars of taxable valuation but less than one dollar and one cent per one hundred dollars of taxable valuation, the percentage shall be fifty percent;

(ii) If such levy was at least one dollar and one cent per one hundred dollars of taxable valuation but less than one dollar and two cents per one hundred dollars of taxable valuation, the percentage shall be sixty percent;

(iii) If such levy was at least one dollar and two cents per one hundred dollars of taxable valuation but less than one dollar and three cents per one hundred dollars of taxable valuation, the percentage shall be seventy percent;

(iv) If such levy was at least one dollar and three cents per one hundred dollars of taxable valuation but less than one dollar and four cents per one hundred dollars of taxable valuation, the percentage shall be eighty percent; and

(v) If such levy was at least one dollar and four cents per one hundred dollars of taxable valuation, the percentage shall be ninety percent.

(2) For school fiscal year 2017-18 and each school fiscal year thereafter, the department shall calculate an averaging adjustment for districts with at least nine hundred formula students if the basic funding per formula student is less than the averaging adjustment threshold. The averaging adjustment shall equal the district's formula students multiplied by ninety percent of the difference of the averaging adjustment threshold minus such district's basic funding per formula student. The averaging adjustment threshold shall equal the aggregate basic funding for all districts with nine hundred or more formula students divided by the aggregate formula students for all districts with nine hundred or more formula students for the school fiscal year for which aid is being calculated.

79-1008.02 Repealed. Laws 2019, LB675, § 57.**79-1009 Option school districts; net option funding; calculation.**

(1)(a) A district shall receive net option funding if (i) option students as defined in section 79-233 were actually enrolled in the school year immediately preceding the school year in which the aid is to be paid, (ii) option students as defined in such section will be enrolled in the school year in which the aid is to be paid as converted contract option students, or (iii) for the calculation of aid for school fiscal year 2017-18 for school districts that are members of a learning community, open enrollment students were actually enrolled for school year 2016-17 pursuant to section 79-2110.

(b) The determination of the net number of option students shall be based on (i) the number of students enrolled in the district as option students and the number of students residing in the district but enrolled in another district as option students as of the day of the fall membership count pursuant to section 79-528, for the school fiscal year immediately preceding the school fiscal year in which aid is to be paid, (ii) the number of option students that will be enrolled in the district or enrolled in another district as converted contract option students for the fiscal year in which the aid is to be paid, and (iii) for the calculation of aid for school fiscal year 2017-18 for school districts that are members of a learning community, the number of students enrolled in the district as open enrollment students and the number of students residing in the district but enrolled in another district as open enrollment students as of the day of the fall membership count pursuant to section 79-528 for school fiscal year 2016-17.

(c) Except as otherwise provided in this subsection, net number of option students means the difference of the number of option students enrolled in the district minus the number of students residing in the district but enrolled in another district as option students. For purposes of the calculation of aid for school fiscal year 2017-18 for school districts that are members of a learning community, net number of option students means the difference of the number of students residing in another school district who are option students or open enrollment students enrolled in the district minus the number of students

residing in the district but enrolled in another district as option students or open enrollment students.

(2)(a) For all school fiscal years except school fiscal years 2017-18 and 2018-19, net option funding shall be the product of the net number of option students multiplied by the statewide average basic funding per formula student.

(b) For school fiscal years 2017-18 and 2018-19, net option funding shall be the product of the net number of option students multiplied by ninety-five and five-tenths percent of the statewide average basic funding per formula student.

79-1016 Adjusted valuation; how established; objections; filing; appeal; notice; correction due to clerical error; injunction prohibited.

(1) On or before August 20, the county assessor shall certify to the Property Tax Administrator the total taxable value by school district in the county for the current assessment year on forms prescribed by the Tax Commissioner. The county assessor may amend the filing for changes made to the taxable valuation of the school district in the county if corrections or errors on the original certification are discovered. Amendments shall be certified to the Property Tax Administrator on or before August 31.

(2) On or before October 10, the Property Tax Administrator shall compute and certify to the State Department of Education the adjusted valuation for the current assessment year for each class of property in each school district and each local system. The adjusted valuation of property for each school district and each local system, for purposes of determining state aid pursuant to the Tax Equity and Educational Opportunities Support Act, shall reflect as nearly as possible state aid value as defined in subsection (3) of this section. The Property Tax Administrator shall notify each school district and each local system of its adjusted valuation for the current assessment year by class of property on or before October 10. Establishment of the adjusted valuation shall be based on the taxable value certified by the county assessor for each school district in the county adjusted by the determination of the level of value for each school district from an analysis of the comprehensive assessment ratio study or other studies developed by the Property Tax Administrator, in compliance with professionally accepted mass appraisal techniques, as required by section 77-1327. The Tax Commissioner shall adopt and promulgate rules and regulations setting forth standards for the determination of level of value for state aid purposes.

(3) For purposes of this section, state aid value means:

(a) For real property other than agricultural and horticultural land, ninety-six percent of actual value;

(b) For agricultural and horticultural land, seventy-two percent of actual value as provided in sections 77-1359 to 77-1363. For agricultural and horticultural land that receives special valuation pursuant to section 77-1344, seventy-two percent of special valuation as defined in section 77-1343; and

(c) For personal property, the net book value as defined in section 77-120.

(4) On or before November 10, any local system may file with the Tax Commissioner written objections to the adjusted valuations prepared by the Property Tax Administrator, stating the reasons why such adjusted valuations are not the valuations required by subsection (3) of this section. The Tax Commissioner shall fix a time for a hearing. Either party shall be permitted to introduce any evidence in reference thereto. On or before January 1, the Tax Commissioner shall enter a written order modifying or declining to modify, in whole or in part, the adjusted valuations and shall certify the order to the State Department of Education. Modification by the Tax Commissioner shall be based upon the evidence introduced at hearing and shall not be limited to the modification requested in the written objections or at hearing. A copy of the written order shall be mailed to the local system within seven days after the date of the order. The written order of the Tax Commissioner may be appealed within thirty days after the date of the order to the Tax Equalization and Review Commission in accordance with section 77-5013.

(5) On or before November 10, any local system or county official may file with the Tax Commissioner a written request for a nonappealable correction of the adjusted valuation due to clerical error as defined in section 77-128 or, for agricultural and horticultural land, assessed value changes by reason of land qualified or disqualified for special use valuation pursuant to sections 77-1343 to 77-1347.01. On or before the following January 1, the Tax Commissioner shall approve or deny the request and, if approved, certify the corrected adjusted valuations resulting from such action to the State Department of Education.

(6) On or before May 31 of the year following the certification of adjusted valuation pursuant to subsection (2) of this section, any local system or county official may file with the Tax Commissioner a written request for a nonappealable correction of the adjusted valuation due to changes to the tax list that change the assessed value of taxable property. Upon the filing of the written request, the Tax Commissioner shall require the county assessor to recertify the taxable valuation by school district in the county on forms prescribed by the Tax Commissioner. The recertified valuation shall be the valuation that was certified on the tax list, pursuant to section 77-1613, increased or decreased by changes to the tax list that change the assessed value of taxable property in the school district in the county in the prior assessment year. On or before the following July 31, the Tax Commissioner shall approve or deny the request and, if approved, certify the corrected adjusted valuations resulting from such action to the State Department of Education.

(7) No injunction shall be granted restraining the distribution of state aid based upon the adjusted valuations pursuant to this section.

(8) A school district whose state aid is to be calculated pursuant to subsection (5) of this section and whose state aid payment is postponed as a result of failure to calculate state aid pursuant to such subsection may apply to the state board for lump-sum payment of such postponed state aid. Such application may be for any amount up to one hundred percent of the postponed state aid. The state board may grant the entire amount applied for or any portion of such amount. The state board shall notify the Director of Administrative Services of the amount of funds to be paid in a lump sum and the reduced amount of the monthly payments. The Director of Administrative Services shall, at the time of the next state aid payment made pursuant to section 79-1022, draw a warrant

for the lump-sum amount from appropriated funds and forward such warrant to the district.

79-1033 State aid; payments; reports; use; requirements; failure to submit reports; effect; early payments.

(1) Except as otherwise provided in the Tax Equity and Educational Opportunities Support Act, state aid payable pursuant to the act for each school fiscal year shall be based upon data found in applicable reports for the most recently available complete data year. The annual financial reports and the annual statistical summary of all school districts shall be submitted to the Commissioner of Education pursuant to the dates prescribed in section 79-528. If a school district fails to timely submit its reports, the commissioner, after notice to the district and an opportunity to be heard, shall direct that any state aid granted pursuant to the act be withheld until such time as the reports are received by the department. In addition, the commissioner shall direct the county treasurer to withhold all school money belonging to the school district until such time as the commissioner notifies the county treasurer of receipt of such reports. The

county treasurer shall withhold such money. For school districts that are members of learning communities, a determination of school money belonging to the district shall be based on the proportionate share of state aid and property tax receipts allocated to the school district by the learning community coordinating council for school fiscal years prior to school fiscal year 2017-18, and the county treasurer shall withhold any such school money in the possession of the county treasurer from the school district. If the school district does not comply with this section prior to the end of the state's biennium following the biennium which included the school fiscal year for which state aid was calculated, the state aid funds shall revert to the General Fund. The amount of any reverted funds shall be included in data provided to the Governor in accordance with section 79-1031.

(2) A district which receives, or has received in the most recently available complete data year or in either of the two school fiscal years preceding the most recently available complete data year, federal funds in excess of twenty-five percent of its general fund budget of expenditures may apply for early payment of state aid paid pursuant to the act when such federal funds are not received in a timely manner. Such application may be made at any time by a district suffering such financial hardship and may be for any amount up to fifty percent of the remaining amount to which the district is entitled during the current school fiscal year. The state board may grant the entire amount applied for or any portion of such amount if the state board finds that a financial hardship exists in the district. The state board shall notify the Director of Administrative Services of the amount of funds to be paid in lump sum and the reduced amount of the monthly payments. The Director of Administrative Services shall, at the time of the next state aid payment made pursuant to section 79-1022, draw a warrant for the lump-sum amount from appropriated funds and forward such warrant to the district. For purposes of this subsection, financial hardship means a situation in which income to a district is exceeded by liabilities to such a degree that if early payment is not received it will be necessary for the district to discontinue vital services or functions.

The State Department of Education shall adjust payments of state funds provided under Chapter 79 or federal funds provided under federal law to school districts which, after final determination, received funds not equal to the appropriate allocation for the previous school fiscal year such that the district will receive the funds to which it was finally determined to be entitled. If the total adjustment cannot be made from the funds to be provided in the current school fiscal year, the adjustment shall be prorated, with additional adjustments made to payments for future school fiscal years. The department shall maintain an accurate account and a record of the reasons the adjustments were made and the amount of such adjustments.

If the adjustment under section 79-1065 results in a school district being entitled to the payment of additional funds, the State Department of Education shall automatically make a lump-sum payment to the school district if the payment is less than one thousand dollars. 79-1065.02 State aid payments; adjustments; application; calculation.

(1) State aid payments shall be adjusted when property within the boundaries of a school district is transferred to another school district due to a change in school district boundaries in response to annexation of the transferred property by a city or village.

(2) To qualify for additional state aid pursuant to this section, the school district from which property is being transferred shall apply on a form prescribed by the State Department of Education on or before August 20 preceding the first school fiscal year for which the property will not be available for taxation for the school district's general fund levy. On or before such deadline, the applicant school district shall send copies of the application to the high school districts of the local systems receiving valuation in the transfer. For purposes of this section, property is deemed transferred from the school district whether the property was within the boundaries of the school district or the property was affiliated with the school district.

(3) Upon receipt of the application, the department, with the assistance of the Property Tax Administrator, shall calculate the amount of additional state aid, if any, that the local system, as defined in section 79-1003, for the applicant school district would have received for such school fiscal year if the adjusted valuation for the transferred property had not been included in the adjusted valuation of such local system for the calculation of state aid for such school fiscal year. On or before September 20 of such school fiscal year, the department shall certify to the applicant school district the amount of additional state aid, if any, the district will receive. Except as otherwise provided in this subsection, if such applicant school district receives a lump-sum payment pursuant to subsection (2) of section 79-1022, such lump-sum payment shall be increased by the amount of additional state aid. Except as otherwise provided in this subsection, if such applicant school district does not receive a lump-sum payment pursuant to such subsection, state aid payments shall be increased by one-tenth of the amount of additional state aid for each of the ten state aid payments for such school fiscal year. If a portion of the total reduction calculated pursuant to subsection (4) of this section for local systems receiving valuation in the transfer of property that is the subject of the application is delayed until future years, the additional state aid to be paid in the school fiscal year described in subsection (2) of this section shall be reduced by the amount of the total reduction that is delayed until future years. The amount of the reduction shall be paid as additional aid in the next school fiscal year.

(4) The state aid payments shall be reduced for the high school district of each receiving local system. An amount equal to the additional state aid calculated pursuant to subsection (3) of this section for the local system of an applicant school district shall be attributed to the local systems receiving valuation in such transfer based upon the ratio of the adjusted valuation received by each local system divided by the total adjusted valuation transferred from the applicant school district. If such high school district receives a lump-sum payment pursuant to subsection (2) of section 79-1022, such lump-sum payment shall be reduced by the amount attributed to the receiving local system. If the high school district of a receiving local system does not receive a lump-sum payment pursuant to such subsection, state aid payments shall be reduced by one-tenth of the amount attributed to such receiving local system for each of the ten state aid payments for such school fiscal year. If the total reduction is greater than the total state aid payments for such school fiscal year, the remainder shall be subtracted from state aid payments in future school fiscal years until the total reduction has been subtracted from state aid payments. On or before September 20 of such school fiscal year, the department shall certify to the high school district of the receiving local system the amount of the reduction in state aid.

(5) For purposes of the final calculation of state aid pursuant to section 79-1065, the adjusted valuation of the property that was transferred shall also be transferred for purposes of adjusted valuation for the final calculation of state aid. For determining adjustments in state aid pursuant to section 79-1065, the final calculation of state aid shall be compared to the state aid certified for such school fiscal year combined with any adjustments in state aid payments and transfers from other districts pursuant to this section.

79-10,110 Health and safety modifications prior to April 19, 2016, qualified zone academy, or American Recovery and Reinvestment Act of 2009 purpose; school board; powers and duties; hearing; tax levy authorized; issuance of bonds authorized.

(1) Prior to April 19, 2016, after making a determination that an actual or potential environmental hazard or accessibility barrier exists, that a life safety code violation exists, or that expenditures are needed for indoor air quality or mold abatement and prevention within the school buildings or grounds under its control, a school board may make and deliver to the county clerk of such county in which any part of the school district is situated, not later than the date provided in section 13-508, an itemized estimate of the amounts necessary to be expended for the abatement of such environmental hazard, for accessibili-

ty barrier elimination, or for modifications for life safety code violations, indoor air quality, or mold abatement and prevention in such school buildings or grounds. The board shall designate the particular environmental hazard abatement project, accessibility barrier elimination project, or modification for life safety code violations, indoor air quality, or mold abatement and prevention for which the tax levy provided for by this section will be expended, the period of years, which shall not exceed ten years, for which the tax will be levied for such project, and the estimated amount of the levy for each year of the period based on the taxable valuation of the district at the time of issuance.

(2) Prior to April 19, 2016, after a public hearing, a school board may undertake any qualified capital purpose in any qualified zone academy under its control and may levy a tax as provided in this section to repay a qualified zone academy bond issued for such undertaking. The board shall designate: (a) The particular qualified capital purpose for which the qualified zone academy bond was issued and for which the tax levy provided for by this section will be expended; (b) the period of years for which the tax will be levied to repay such qualified zone academy bond, not exceeding the maturity term for such qualified zone academy bond established pursuant to federal law or, for any such bond issued prior to May 20, 2009, fifteen years; and (c) the estimated amount of the levy for each year of the period based on the taxable valuation of the district at the time of issuance. The hearing required by this subsection shall be held only after notice of such hearing has been published for three consecutive weeks prior to the hearing in a legal newspaper published or of general circulation in the school district.

(3) Prior to April 19, 2016, after a public hearing, a school board may undertake any American Recovery and Reinvestment Act of 2009 purpose and may levy a tax to repay any American Recovery and Reinvestment Act of 2009 bond issued for such undertaking. The board shall designate: (a) The American Recovery and Reinvestment Act of 2009 purpose for which the American Recovery and Reinvestment Act of 2009 bond will be issued and for which the tax levy provided by this section will be expended; (b) the period of years for which the tax will be levied to repay such American Recovery and Reinvestment Act of 2009 bond, not exceeding the maturity term for the type of American Recovery and Reinvestment Act of 2009 bond established pursuant to federal law or, if no such term is established, thirty years; and (c) the estimated amount of the levy for each year of such period based on the taxable valuation of the district at the time of issuance. Prior to the public hearing, the school board shall prepare an itemized estimate of the amounts necessary to be expended for the American Recovery and Reinvestment Act of 2009 purpose. The hearing required by this subsection shall be held only after notice of such hearing has been published for three consecutive weeks prior to the hearing in a legal newspaper published or of general circulation in the school district.

(4) Prior to April 19, 2016, the board may designate more than one project under subsection (1) of this section, more than one qualified capital purpose under subsection (2) of this section, or more than one American Recovery and Reinvestment Act of 2009 purpose under subsection (3) of this section and levy a tax pursuant to this section for each such project, qualified capital purpose, or American Recovery and Reinvestment Act of 2009 purpose, concurrently or consecutively, as the case may be, if the aggregate levy in each year and the duration of each such levy will not exceed the limitations specified in this section. Each levy for a project, a qualified capital purpose, or an American

Recovery and Reinvestment Act of 2009 purpose which is authorized by this section may be imposed for such duration as the board specifies, notwithstanding the contemporaneous existence or subsequent imposition of any other levy for another project, qualified capital purpose, or American Recovery and Reinvestment Act of 2009 purpose imposed pursuant to this section and notwithstanding the subsequent issuance by the district of bonded indebtedness payable from its general fund levy.

(5) The county clerk shall levy such taxes, not to exceed five and one-fifth cents per one hundred dollars of taxable valuation on the taxable property of the district necessary to (a) cover the environmental hazard abatement or accessibility barrier elimination project costs or costs for modification for life safety code violations, indoor air quality, or mold abatement and prevention itemized by the board pursuant to subsection (1) of this section and (b) repay any qualified zone academy bonds or American Recovery and Reinvestment Act of 2009 bonds pursuant to subsection (2) or (3) of this section. Such taxes shall be collected by the county treasurer at the same time and in the same manner as county taxes are collected and when collected shall be paid to the treasurer of the district and used to cover the project costs.

(6) Each board which submits an itemized estimate shall establish an environmental hazard abatement and accessibility barrier elimination project account, a life safety code modification project account, an indoor air quality project account, or a mold abatement and prevention project account, each board which undertakes a qualified capital purpose shall establish a qualified capital purpose undertaking account, within the qualified capital purpose undertaking fund, and each board which undertakes an American Recovery and Reinvestment Act of 2009 purpose shall establish an American Recovery and Reinvestment Act of 2009 purpose undertaking account. (1) If a school board has issued or shall issue bonds pursuant to section 79-10,110 or 79-10,110.02 and such bonds or any part of such bonds are unpaid, are a legal liability against the school district governed by such school board, and are bearing interest, the school board may issue refunding bonds with which to call and redeem all or any part of such outstanding bonds at or before the date of maturity or the redemption date of such bonds. Such school board may include various series and issues of the outstanding bonds in a single issue of refunding bonds and may issue refunding bonds to pay any redemption premium and interest to accrue and become payable on the outstanding bonds being refunded. The refunding bonds may be issued and delivered at any time prior to the date of maturity or the redemption date of the bonds to be refunded that the school board determines to be in the best interests of the school district. The proceeds derived from the sale of the refunding bonds issued pursuant to this section may be invested in obligations of or guaranteed by the United States Government pending the time the proceeds are required for the purposes for which such refunding bonds were issued. To further secure the refunding bonds, the school board may enter into a contract with any bank or trust company within or without the state with respect to the safekeeping and application of the proceeds of the refunding bonds and the safekeeping and application of the earnings on the investment.

All bonds issued under this section shall be redeemable at such times and under such conditions as the school board shall determine at the time of issuance.

(2) Any outstanding bonds or other evidences of indebtedness issued by a school board for which sufficient funds or obligations of or guaranteed by the United States Government have been pledged and set aside in safekeeping to be applied for the complete payment of such bonds or other evidences of indebtedness at maturity or upon redemption prior to maturity, interest thereon, and redemption premium, if any, shall not be considered as outstanding and unpaid.

(3) Each refunding bond issued under this section shall state on the bond (a) the object of its issue, (b) this section or the sections of the law under which such issue was made, including a statement that the issue is made in pursuance of such section or sections, and (c) the date and principal amount of the bond or bonds for which the refunding bonds are being issued.

(4) The refunding bonds shall be paid and the levy made and the tax collected for their payment in the same manner and under the same authorization for levy of taxes as applied for the bonds being refunded, in accordance with section 79-10,110 or 79-10,110.02.

79-10,110.02 Health and safety modifications on and after April 19, 2016; school board; powers and duties; tax levy authorized; issuance of bonds authorized.

(1) On and after April 19, 2016, the school board of any school district may make a determination that an additional property tax levy is necessary for a specific abatement project to address an actual or potential environmental hazard, accessibility barrier, life safety code violation, life safety hazard, or mold which exists within one or more existing school buildings or the school grounds of existing school buildings controlled by the school district. Such determination shall not include abatement projects related to the acquisition of new property, the construction of a new building, the expansion of an existing building, or the remodeling of an existing building for purposes other than the abatement of environmental hazards, accessibility barriers, life safety code violations, life safety hazards, or mold. Upon such determination, the school board may, not later than the date provided in section 13-508, make and deliver to the county clerk of such county in which any part of the school district is situated an itemized estimate of the amounts necessary to be expended for such abatement project, any insurance proceeds or other anticipated funds that will be received by the school district related to the abatement project, the period of years for which the property tax will be levied for such project, and the estimated amount of the levy for each year of the period based on the taxable valuation of the district at the time of issuance. The period of years for such levy shall not exceed ten years and the levy for such project when combined with all other levies pursuant to this section and section 79-10,110 shall not exceed three cents per one hundred dollars of taxable valuation. Nothing in this section shall affect levies pursuant to section 79-10,110.

(2) The county clerk shall levy such taxes and such taxes shall be collected by the county treasurer at the same time and in the same manner as county taxes are collected and when collected shall be paid to the treasurer of the district. A separate abatement project account shall be established for each project by the

school district. Taxes collected pursuant to this section shall be credited to the appropriate account to cover the project costs.

(3) For purposes of this section:

(a) Abatement includes, but is not limited to, any related inspection and testing, any maintenance to reduce, lessen, put an end to, diminish, moderate, decrease, control, dispose of, eliminate, or remove the issue causing the need for abatement, any related restoration or replacement of material or property, any related architectural and engineering services, and any other action to reduce or eliminate the issue causing the need for abatement in existing school buildings or on the school grounds of existing school buildings under the board's control;

(b) Accessibility barrier means anything which impedes entry into, exit from, or use of any building or facility by all people; and

(c) Environmental hazard means any contamination of the air, water, or land surface or subsurface caused by any substance adversely affecting human health or safety if such substance has been declared hazardous by a federal or state statute, rule, or regulation.

(4) For the purpose of paying amounts necessary for the abatement project, the board may borrow money, establish a sinking fund, and issue bonds and other evidences of indebtedness of the district, which bonds and other evidences of indebtedness shall be secured by and payable from an irrevocable pledge by the district of amounts received in respect of the tax levy provided for by this section and any other funds of the district available therefor. Bonds and other evidences of indebtedness issued by a district pursuant to this subsection shall not constitute a general obligation of the district or be payable from any portion of its general fund levy. The total principal amount of bonds for abatement projects pursuant to this section shall not exceed the total amount specified in the itemized estimate described in subsection (1) of this section.

(5) A district may exceed the maximum levy of three cents per one hundred dollars of taxable valuation authorized by this section in any year in which (a) the taxable valuation of the district is lower than the taxable valuation in the year in which the district last issued bonds pursuant to this section and (b) such maximum levy is insufficient to meet the combined annual principal and interest obligations for all bonds issued pursuant to this section and section 79-10,110. The amount generated from a district's levy in excess of three cents per one hundred dollars of taxable valuation shall not exceed the combined annual principal and interest obligations for such bonds minus the amount generated by levying three cents per one hundred dollars of taxable valuation.

A parent or guardian of any student enrolled in, or in the process of enrolling in, any school district in the state may voluntarily provide information on any application submitted pursuant to Nebraska law, rules, and regulations regarding the applicant's potential to meet the qualifications for free or reduced-price lunches solely for determining eligibility pursuant to subsection (4) of section 79-238, subsection (2) of section 79-241, section 79-2,131, section 79-2,133, subsection (2) of section 79-611, subdivision (1)(c) and subsection (3) of section 79-2110, or section 85-2104. (j) LEARNING COMMUNITY TRANSITION AID

79-10,145 Learning community transition aid; calculation.

(1) For school fiscal year 2017-18, the department shall, based on data for school fiscal year 2016-17, calculate the amount of learning community transition aid, if any, to be paid from the Nebraska Education Improvement Fund to each school district that is a member of a learning community which levied a common levy for member school districts prior to school fiscal year 2017-18. Learning community transition aid for each such district shall be calculated by:

(a) Recalculating the 2016-17 state aid for each member school district as if the district were not a member of the learning community using the same data that was used in the certification pursuant to section 79-1022 to determine the calculated 2016-17 individual state aid for each member school district;

(b) Multiplying the aggregate taxable valuation for all member school districts for the 2016 tax year by the ratio of ninety-five cents per one hundred dollars of taxable valuation and multiplying the result by ninety-nine percent to determine the calculated 2016-17 common levy receipts;

(c) Dividing the calculated 2016-17 common levy receipts among member school districts proportionally based on the difference of the formula need calculated pursuant to section 79-1007.11 minus the sum of the state aid certified pursuant to section 79-1022 and the other actual receipts included in local system formula resources pursuant to section 79-1018.01 for the 2016-17 school fiscal year to determine the district share of the calculated 2016-17 common levy receipts for each member district;

(d) Adding the district share of the calculated 2016-17 common levy receipts to the state aid certified pursuant to section 79-1022 for the 2016-17 school fiscal year to determine the calculated 2016-17 common levy resources total for each member school district;

(e) Multiplying the taxable valuation for each member school district for the 2016 tax year by the ratio of ninety-five cents per one hundred dollars of taxable valuation and multiplying the result by ninety-nine percent to determine the calculated 2016-17 individual levy receipts for each member school district;

(f) Adding the calculated 2016-17 individual levy receipts to the calculated 2016-17 individual state aid to determine the calculated 2016-17 individual district resources total for each member school district; and

(g) Multiplying the difference of the calculated 2016-17 common levy resources total minus both the calculated 2016-17 individual district resources total and the community achievement plan aid calculated for school fiscal year 2017-18 pursuant to section 79-1005 for each member school district by fifty percent to equal the 2017-18 learning community transition aid for each member school district for which the calculated common levy resources total is greater than such sum of the calculated individual district resources total plus the community achievement plan aid.

(2) For school fiscal year 2018-19, the department shall, based on data for school fiscal year 2017-18, calculate the amount of learning community transi-

tion aid, if any, to be paid from the Nebraska Education Improvement Fund to each school district that is a member of a learning community which levied a common levy for member school districts prior to school fiscal year 2017-18. Learning community transition aid for each such district shall be calculated by:

(a) Recalculating the 2017-18 state aid for each member school district as if the district continued to be subject to a learning community general fund common levy and without any poverty allowance adjustment pursuant to section 79-1007.06 or community achievement aid pursuant to section 79-1005 using the same data that was used in the certification pursuant to section 79-1022 to determine the calculated 2017-18 common levy formula need and calculated 2017-18 common levy state aid for each member school district;

(b) Multiplying the aggregate taxable valuation for all member school districts for the 2017 tax year by the ratio of ninety-five cents per one hundred dollars of taxable valuation and multiplying the result by ninety-nine percent to determine the calculated 2017-18 common levy receipts;

(c) Dividing the calculated 2017-18 common levy receipts among member school districts proportionally based on the difference of the calculated common levy formula need minus the sum of the calculated 2017-18 common levy state aid and the other actual receipts included in local system formula resources pursuant to section 79-1018.01 for the 2017-18 school fiscal year to determine the district share of the calculated 2017-18 common levy receipts for each member district;

(d) Adding the district share of the calculated 2017-18 common levy receipts to the calculated 2017-18 common levy state aid to determine the calculated 2017-18 common levy resources total for each member school district;

(e) Multiplying the taxable valuation for each member school district for the 2017 tax year by the ratio of ninety-five cents per one hundred dollars of taxable valuation and multiplying the result by ninety-nine percent to determine the calculated 2017-18 individual levy receipts for each member school district;

(f) Adding the calculated 2017-18 individual levy receipts to the state aid certified pursuant to section 79-1022 for school fiscal year 2017-18 to determine the calculated 2017-18 individual district resources total for each member school district; and

(g) Multiplying the difference between the calculated 2017-18 common levy resources total minus the calculated 2017-18 individual district resources total for each member school district by twenty-five percent to equal the 2018-19 learning community transition aid for each member school district for which the calculated common levy resources total is greater than the calculated individual district resources total.

(3) Learning community transition aid shall not be considered in the calculation of formula resources pursuant to section 79-1017.01.

(1) Autism means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three, that adversely affects a child's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. Autism does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance;

(2) Blind and visually impaired means partially seeing or blind, which visual impairment, even with correction, adversely affects a child's educational performance;

(3) Deaf means a hearing impairment which is so severe that processing linguistic information through hearing, with or without amplification, is impaired to the extent that educational performance is adversely affected;

(4) Deaf-blind means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational problems that such impairments cannot be accommodated in special education programs solely for children who are deaf or blind;

(5) Developmental delay means either (a) a significant delay in function in one or more of the following areas: (i) Cognitive development; (ii) physical development; (iii) communication development; (iv) social or emotional development; or (v) adaptive behavior or skills development, or (b) a diagnosed physical or mental condition that has a high probability of resulting in a substantial delay in function in one or more of such areas;

(6) Dyslexia means a specific learning disability under subdivision (13) of this section that (a) is neurobiological in origin, (b) is characterized by difficulties with accurate or fluent word recognition and by poor spelling and decoding abilities, (c) typically results from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and effective classroom instruction, and (d) has secondary consequences that may include problems in reading comprehension and reduced reading experience that may impede growth of vocabulary and background knowledge;

(7)(a) Emotional disturbance means a condition in which a student exhibits one or more of the following characteristics over a long period of time and to a marked degree which adversely affects educational performance:

(i) An inability to learn which cannot be explained by intellectual, sensory, or health factors;

(ii) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;

(iii) Inappropriate types of behavior or feelings under normal circumstances;

(iv) A general pervasive mood of unhappiness or depression; or

(v) A tendency to develop physical symptoms or fears associated with personal or school problems.

(b) Emotional disturbance includes schizophrenia but does not include social maladjustment unless a characteristic defined in subdivision (7)(a)(i) or (ii) of this section is also present;

(8) Hard of hearing means a hearing impairment, whether permanent or fluctuating, which adversely affects educational performance but is not included under the term deaf in subdivision (3) of this section;

(9) Intellectual disability means a condition in which a child exhibits significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period which adversely affects educational performance;

(10) Multiple disabilities means concomitant impairments, such as intellectual disability-blind or intellectual disability-orthopedic impairment, the combination of which causes such severe educational problems that a child with such impairments cannot be accommodated in special education programs for one of the impairments. Multiple disabilities does not include deaf-blind;

(11) Orthopedic impairment means a severe orthopedic impairment which adversely affects a child's educational performance. Severe orthopedic impairments include impairments caused by (a) congenital anomaly, including, but not limited to, clubfoot or absence of a member, (b) disease, including, but not limited to, poliomyelitis or bone tuberculosis, or (c) other causes, including, but not limited to, cerebral palsy, amputations, and fractures and burns which cause contractures;

(12) Other health impaired means having limited strength, vitality, or alertness due to chronic or acute health problems, including, but not limited to, a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, or diabetes, which adversely affects a child's educational performance;

(13) Specific learning disability means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations. Specific learning disability includes, but is not limited to, perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia;

(14) Speech-and-language-impaired means having a communication disorder such as stuttering, impaired articulation, language impairments, or voice impairment which adversely affects a child's educational performance; and

(15) Traumatic brain injury means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a child's educational performance. Traumatic brain injury applies to open or closed head injuries resulting in impairments in one or more areas, including cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. Traumatic brain injury does not include brain injuries that are congenital or degenerative or brain injuries induced by birth trauma.

The hearing officers shall not be persons who are employees or officers of a state or local public agency which is involved in the education or care of the child with a disability on whose behalf the hearing is being held. Within forty-five days after the receipt of a request for a hearing, the hearing officer shall prepare a final decision and order directing such action as may be necessary. The report and the final decision and order shall be delivered via certified mail to each party or attorney of record and to the Commissioner of Education.

(1) Any party to a hearing conducted under sections 79-1162 to 79-1166 aggrieved by the findings, conclusions, or final decision and order of the hearing officer is entitled to judicial review under this section. Any party of record also may seek enforcement of the final decision and order of the hearing officer pursuant to this section.

(2) Proceedings for judicial review shall be instituted by filing a petition in the district court of the county in which the main administrative offices of the school district are located within two years after service of the final decision and order on the party seeking such review. All parties of record shall be made parties to the proceedings. The court, in its discretion, may permit other interested parties to intervene.

If the decision of the hearing officer agrees with the parent or guardian of the child that a change in placement is appropriate, then that placement shall be treated as an agreement between the parties for purposes of this subsection.

(4) Within fifteen days after receiving notification that a petition for judicial review has been filed or if good cause is shown within such further time as the court may allow, the department shall prepare and transmit to the court a certified transcript of the proceedings before the hearing officer.

(5) Judicial review shall be conducted by the court without a jury. The court shall receive the records of the administrative proceedings, hear additional evidence at the request of a party, base its decision on the preponderance of the evidence, and grant such relief as the court determines is appropriate.

(6) An aggrieved party may secure a review of any final judgment of the district court under this section by appeal to the Court of Appeals. Such appeal shall be taken in the manner provided by law for appeals in civil cases and shall be heard de novo on the record.

(7) Proceedings for enforcement of a hearing officer's final decision and order shall be instituted by filing a petition for appropriate relief in the district court of the county in which the main administrative offices of the school district are located within one year after the date of the hearing officer's final decision and order.

(c) The satellite office allocation for each educational service unit shall equal one percent of the funds appropriated for distribution pursuant to this section for each office of the educational service unit, except the educational service unit headquarters, up to the maximum number of satellite offices. The maximum number of satellite offices used for the calculation of the satellite office allocation for any educational service unit shall equal the difference of the ratio of the number of square miles within the boundaries of the educational service unit divided by four thousand minus one with the result rounded to the closest whole number.

(d) The statewide adjusted valuation shall equal the total adjusted valuation for all member districts of educational service units pursuant to section 79-1016 used for the calculation of state aid for school districts pursuant to the Tax Equity and Educational Opportunities Support Act for the school fiscal year for which the distribution is being calculated pursuant to this section.

(e) The adjusted valuation for each educational service unit shall equal the total adjusted valuation of the member school districts pursuant to section 79-1016 used for the calculation of state aid for school districts pursuant to the act for the school fiscal year for which the distribution is being calculated pursuant to this section, except that such adjusted valuation for member school districts that are also member districts of a learning community shall be reduced by ten percent. The adjusted valuation for each learning community shall equal ten percent of the total adjusted valuation of the member school districts pursuant to section 79-1016 used for the calculation of state aid for school districts pursuant to the act for the school fiscal year for which the distribution is being calculated pursuant to this section.

(f) The local effort rate shall equal \$0.0135 per one hundred dollars of adjusted valuation.

(g) The statewide student allocation shall equal the difference of the sum of the amount appropriated for distribution pursuant to this section plus the product of the statewide adjusted valuation multiplied by the local effort rate minus the distance education and telecommunications allowance, base allocation, and satellite office allocation for all educational service units and minus any adjustments required by subsection (4) of this section.

(h) The sparsity adjustment for each educational service unit and learning community shall equal the sum of one plus one-tenth of the ratio of the square miles within the boundaries of the educational service unit divided by the fall membership of the member school districts for the school fiscal year immediately preceding the school fiscal year for which the distribution is being calculated pursuant to this section.

(i) The adjusted students for each multidistrict educational service unit shall equal the fall membership for the school fiscal year immediately preceding the

school fiscal year for which aid is being calculated of the member school districts that will not be members of a learning community and ninety percent of the fall membership for such school fiscal year of the member school districts that will be members of a learning community pursuant to this section multiplied by the sparsity adjustment for the educational service unit. The adjusted students for each single-district educational service unit shall equal ninety-five percent of the fall membership for the school fiscal year immediately preceding the school fiscal year for which aid is being calculated if the member school district will not be a member of a learning community and eighty-five percent of the fall membership for such school fiscal year if the member school district will be a member of a learning community pursuant to this section, multiplied by the sparsity adjustment for the educational service unit. The adjusted students for each learning community shall equal ten percent of the fall membership for such school fiscal year of the member school districts multiplied by the sparsity adjustment for the learning community.

(j) The per student allocation shall equal the statewide student allocation divided by the total adjusted students for all educational service units and learning communities.

(k) The student allocation for each educational service unit and learning community shall equal the per student allocation multiplied by the adjusted students for the educational service unit or learning community.

(l) The needs for each educational service unit shall equal the sum of the distance education and telecommunications allowance, base allocation, satellite office allocation, and student allocation for the educational service unit and the needs for each learning community shall equal the student allocation for the learning community.

(m) The distribution of core services and technology infrastructure funds for each educational service unit and learning community shall equal the needs for each educational service unit or learning community minus the product of the adjusted valuation for the educational service unit or learning community multiplied by the local effort rate.

(3) If an educational service unit is the result of a merger or received new member school districts from another educational service unit, the educational service unit shall be considered a new educational service unit for purposes of this section. For each new educational service unit, the needs minus the distance education and telecommunications allowance for such new educational service unit shall, for each of the three fiscal years following the fiscal year in which the merger takes place or the new member school districts are received, equal an amount not less than the needs minus the distance education and telecommunications allowance for the portions of the educational service units transferred to the new educational service unit for the fiscal year immediately preceding the merger or receipt of new member school districts, except that if the total amount available to be distributed pursuant to subsections (2) through (5) of this section for the year for which needs are being calculated is less than the total amount distributed pursuant to such subsections for the fiscal year immediately preceding the merger or receipt of new member school districts, the minimum needs minus the distance education and telecommunications allowance for each educational service unit pursuant to this subsection shall be reduced by a percentage equal to the ratio of such difference divided by the total amount distributed pursuant to subsections (2) through (5) of this section

for the fiscal year immediately preceding the merger or receipt of new member school districts. The needs minus the distance education and telecommunications allowance for the portions of educational service units transferred to the new educational service unit for the fiscal year immediately preceding a merger or receipt of new member school districts shall equal the needs minus the distance education and telecommunications allowance calculated for such fiscal year pursuant to subsections (2) through (5) of this section for any educational service unit affected by the merger or the transfer of school districts multiplied by a ratio equal to the valuation that was transferred to the new educational service unit for which the minimum is being calculated divided by the total valuation of the educational service unit transferring the territory.

(4) If the minimum needs minus the distance education and telecommunications allowance pursuant to subsection (3) of this section for any educational service unit exceeds the amount that would otherwise be calculated for such educational service unit pursuant to subsection (2) of this section, the statewide student allocation shall be reduced such that the total amount to be distributed pursuant to this section equals the appropriation for core services and technology infrastructure funds and no educational service unit has needs minus the distance education and telecommunications allowance less than the greater of any minimum amounts calculated for such educational service unit pursuant to subsection (3) of this section.

(5) The State Department of Education shall certify the distribution of core services and technology infrastructure funds pursuant to subsections (2) through (5) of this section to each educational service unit and learning community on or before July 1 of each year for the following school fiscal year. Except as otherwise provided in this subsection, any funds appropriated for distribution pursuant to this section shall be distributed in ten as nearly as possible equal payments on the first business day of each month beginning in September of each school fiscal year and ending in June. Funds distributed to educational service units pursuant to this section shall be used for core services and technology infrastructure with the approval of representatives of two-thirds of the member school districts of the educational service unit, representing a majority of the adjusted students in the member school districts used in calculations pursuant to this section for such funds. The valuation of individual school districts shall not be considered in the utilization of such core services or technology infrastructure funds by member school districts for funds received after July 1, 2010. Funds distributed to learning communities shall be used for evaluation and research pursuant to section 79-2104.02 with the approval of the learning community coordinating council.

(6) For purposes of this section, the determination of whether or not a school district will be a member of an educational service unit or a learning community shall be based on the information available May 1 for the following school fiscal year.

(7) It is the intent of the Legislature that:

(a) Funding for core services and technology infrastructure for each educational service unit consist of both amounts received pursuant to this section and an amount greater than or equal to the product of the adjusted valuation for the educational service unit multiplied by the local effort rate; and

(b) Each multidistrict educational service unit use an amount equal to at least five percent of such funding for core services and technology infrastructure for cooperative projects between member school districts and that each such educational service unit use an amount equal to at least five percent of such funding for core services and technology infrastructure for statewide projects managed by the Educational Service Unit Coordinating Council.

79-1337 Distance education incentives; application; contents; calculation of incentives; denial of incentives; appeal.

(1) For fiscal years 2007-08 through 2020-21, the State Department of Education shall provide distance education incentives to school districts and educational service units for qualified distance education courses coordinated through the Educational Service Unit Coordinating Council as provided in this section. Through fiscal year 2015-16, funding for such distance education incentives shall come from the Education Innovation Fund. For fiscal years 2016-17 through 2020-21, funding for such distance education incentives shall come from the Nebraska Education Improvement Fund.

(2) School districts and educational service units shall apply for incentives annually through calendar year 2020 to the department on or before August 1 on a form specified by the department. The application shall:

(a) For school districts, specify (i) the qualified distance education courses which were received by students in the membership of the district in the then-current school fiscal year and which were not taught by a teacher employed by the school district and (ii) for each such course (A) the number of students in the membership of the district who received the course, (B) the educational entity employing the teacher, and (C) whether the course was a two-way interactive video distance education course; and

(b) For school districts and educational service units, specify (i) the qualified distance education courses which were received by students in the membership of another educational entity in the then-current school fiscal year and which were taught by a teacher employed by the school district or educational service unit, (ii) for each such course for school districts, the number of students in the membership of the district who received the course, and (iii) for each such course (A) the other educational entities in which students received the course and how many students received the course at such educational entities, (B) any school district that is sparse or very sparse as such terms are defined in section 79-1003 that had at least one student in the membership who received the course, and (C) whether the course was a two-way interactive video distance education course.

(3) On or before September 1 of each year through calendar year 2020, the department shall certify the incentives for each school district and educational service unit which shall be paid on or before October 1 of such year. The incentives for each district shall be calculated as follows:

(a) Each district shall receive distance education units for each qualified distance education course as follows:

(i) One distance education unit for each qualified distance education course received as reported pursuant to subdivision (2)(a) of this section if the course was a two-way interactive video distance education course;

(ii) One distance education unit for each qualified distance education course sent as reported pursuant to subdivision (2)(b) of this section if the course was not received by at least one student who was in the membership of another school district which was sparse or very sparse;

(iii) One distance education unit for each qualified distance education course sent as reported pursuant to subdivision (2)(b) of this section if the course was received by at least one student who was in the membership of another school district which was sparse or very sparse, but the course was not a two-way interactive video distance education course; and

(iv) Two distance education units for each qualified distance education course sent as reported pursuant to subdivision (2)(b) of this section if the course was received by at least one student who was in the membership of another school district which was sparse or very sparse and the course was a two-way interactive video distance education course;

(b) The difference of the amount available for distribution in the Education Innovation Fund on the August 1 when the applications were due minus any amount to be paid to school districts pursuant to section 79-1336 shall be divided by the number of distance education units to determine the incentive per distance education unit, except that the incentive per distance education unit shall not equal an amount greater than one thousand dollars; and

(c) The incentives for each school district shall equal the number of distance education units calculated for the school district multiplied by the incentive per distance education unit.

(4) If there are additional funds available for distribution after equipment reimbursements pursuant to section 79-1336 and incentives calculated pursuant to subsections (1) through (3) of this section, school districts and educational service units may qualify for additional incentives for elementary distance education courses. Such incentives shall be calculated for sending and receiving school districts and educational service units as follows:

(a) The per-hour incentives shall equal the funds available for distribution after equipment reimbursements pursuant to section 79-1336 and incentives calculated pursuant to subsections (1) through (3) of this section divided by the sum of the hours of elementary distance education courses sent or received for each school district and educational service unit submitting an application, except that the per-hour incentives shall not be greater than ten dollars; and

(b) The elementary distance education incentives for each school district and educational service unit shall equal the per-hour incentive multiplied by the hours of elementary distance education courses sent or received by the school district or educational service unit.

(5) The department may verify any or all application information using annual curriculum reports and may request such verification from the council.

(6) On or before October 1 of each year through calendar year 2020, a school district or educational service unit may appeal the denial of incentives for any course by the department to the State Board of Education. The board shall allow a representative of the school district or educational service unit an opportunity to present information concerning the appeal to the board at the November board meeting. If the board finds that the course meets the requirements of this section, the department shall pay the district from the Education Innovation Fund as soon as practical in an amount for which the district or educational service unit should have qualified based on the incentive per distance education unit used in the original certification of incentives pursuant to this section.

(7) The State Board of Education shall adopt and promulgate rules and regulations to carry out this section.

79-2110 Diversity plan; limitations; school building maximum capacity; attendance areas; school board; duties; application to attend school outside attendance area; procedure; continuing student; notice.

(1)(a) Each diversity plan shall provide for open enrollment in all school buildings in the learning community for school years prior to school year 2017-18, subject to specific limitations necessary to bring about diverse enrollments in each school building in the learning community. Such limitations, for school buildings other than focus schools and programs other than focus programs, shall include giving preference at each school building first to siblings of students who will be enrolled as continuing students in such school building or program for the first school year for which enrollment is sought in such school building and then to students that contribute to the socioeconomic diversity of enrollment at each building and may include establishing zone limitations in which students may access several schools other than their home

attendance area school. Notwithstanding the limitations necessary to bring about diversity, open enrollment shall include providing access to students who do not contribute to the socioeconomic diversity of a school building, if, subsequent to the open enrollment selection process that is subject to limitations necessary to bring about diverse enrollments, capacity remains in a school building. In such a case, students who have applied to attend such school building shall be selected to attend such school building on a random basis up to the remaining capacity of such building. A student who has otherwise been disqualified from the school building pursuant to the school district's code of conduct or related school discipline rules shall not be eligible for open enrollment pursuant to this section. Any student who attended a particular school building in the prior school year and who is seeking education in the grades offered in such school building shall be allowed to continue attending such school building as a continuing open enrollment student through school year 2016-17.

(b) To facilitate the open enrollment provisions of this subsection, each school year each member school district in a learning community shall establish a maximum capacity for each school building under such district's control pursuant to procedures and criteria established by the learning community coordinating council. Each member school district shall also establish attendance areas for each school building under the district's control, except that the school board shall not establish attendance areas for focus schools or focus programs. The attendance areas shall be established such that all of the territory of the school district is within an attendance area for each grade. Students residing in a school district shall be allowed to attend a school building in such school district.

(c) For purposes of this section and sections 79-238 and 79-611, student who contributes to the socioeconomic diversity of enrollment means (i) a student who does not qualify for free or reduced-price lunches when, based upon the certification pursuant to section 79-2120, the school building the student will attend either has more students qualifying for free or reduced-price lunches than the average percentage of such students in all school buildings in the learning community or provides free meals to all students pursuant to the community eligibility provision or (ii) a student who qualifies for free or reduced-price lunches based on information collected from parents and guardians when, based upon the certification pursuant to section 79-2120, the school building the student will attend has fewer students qualifying for free or reduced-price lunches than the average percentage of such students in all school buildings in the learning community and does not provide free meals to all students pursuant to the community eligibility provision.

(2)(a) On or before March 15 of each year prior to 2017, a parent or guardian of a student residing in a member school district in a learning community may submit an application to any school district in the learning community on behalf of a student who is applying to attend a school building for the following school year that is not in an attendance area where the applicant resides or a focus school, focus program, or magnet school as such terms are defined in section 79-769. On or before April 1 of each year beginning with the year immediately following the year in which the initial coordinating council for the learning community takes office, the school district shall accept or reject such applications based on the capacity of the school building, the eligibility of the applicant for the school building or program, the number of such applicants

that will be accepted for a given school building, and whether or not the applicant contributes to the socioeconomic diversity of the school or program to which he or she has applied and for which he or she is eligible. The school district shall notify such parent or guardian in writing of the acceptance or rejection.

(b) A student may not apply to attend a school building in the learning community for any grades that are offered by another school building for which the student had previously applied and been accepted pursuant to this section, absent a hardship exception as established by the individual school district. On or before September 1 of each year prior to 2017, each school district shall provide to the learning community coordinating council a complete and accurate report of all applications received, including the number of students who applied at each grade level at each building, the number of students accepted at each grade level at each building, the number of such students that contributed to the socioeconomic diversity that applied and were accepted, the number of applicants denied and the rationales for denial, and other such information as requested by the learning community coordinating council.

(3) Each diversity plan may include establishment of one or more focus schools or focus programs and the involvement of every member school district in one or more pathways across member school districts. Enrollment in each focus school or focus program shall be designed to reflect the socioeconomic diversity of the learning community as a whole. School district selection of students for focus schools or focus programs shall be on a random basis from two pools of applicants, those who qualify for free and reduced-price lunches and those who do not qualify for free and reduced-price lunches. The percentage of students selected for focus schools from the pool of applicants who qualify for free and reduced-price lunches shall be as nearly equal as possible to the percentage of the student body of the learning community who qualify for free and reduced-price lunches. The percentage of students selected for focus schools from the pool of applicants who do not qualify for free and reduced-price lunches shall be as nearly equal as possible to the percentage of the student body of the learning community who do not qualify for free and reduced-price lunches. If more capacity exists in a focus school or program than the number of applicants for such focus school or program that contribute to the socioeconomic diversity of the focus school or program, the school district shall randomly select applicants up to the number of applicants that will be accepted for such building. A student who will complete the grades offered at a focus program, focus school, or magnet school that is part of a pathway shall be allowed to attend the focus program, focus school, or magnet school offering the next grade level as part of the pathway as a continuing student. A student who completes the grades offered at a focus program, focus school, or magnet school shall be allowed to attend a school offering the next grade level in the school district responsible for the focus program, focus school, or magnet school as a continuing student. A student who attended a program or school in the school year immediately preceding the first school year for which the program or school will operate as a focus program or focus school approved by the learning community and meeting the requirements of section 79-769 and who has not completed the grades offered at the focus program or focus school shall be a continuing student in the program or school. For school year 2016-17, students attending a focus program or focus school outside of the school district shall be considered open enrollment

students and, for school year 2017-18 and each school year thereafter, students attending a focus program or focus school shall be considered option enrollment students.

(4) On or before February 15 of each year, a parent or guardian of a student who is currently attending a school building or program, except a magnet school, focus school, or focus program, outside of the school district where the student resides and who will complete the grades offered at such school building prior to the following school year shall provide notice, on a form provided by the school district, to the school board of the school district containing such school building (a) for years prior to 2017, if such student will attend another school building within such district as a continuing student and which school building such student would prefer to attend or (b) for 2017 and each year thereafter, if such student will apply to enroll as an option student in another school building within such district and which school building such student would prefer to attend. 79-2703. Model memorandum of understanding; department; develop and distribute; school district; superintendent; duties.

79-2704. Memorandum of understanding; contents.

79-2701 Legislative findings and declarations.

The Legislature finds and declares that:

(1) Our public school children, faculty, and staff are entitled to be safe in schools when they attend school and study or work;

(2) Schools have an interest in keeping students safe;

(3) The interest of schools in keeping students safe may include the presence of school resource officers or security guards if a school district determines such resources are necessary to keep schools safe;

(4) Parents and guardians of students have a vested interest in being informed of school discipline matters involving their children and to be notified as soon as possible if their children are contacted in response to a possible law violation, questioned, searched, cited, or arrested by a peace officer working with school officials;

(5) A comprehensive and clear memorandum of understanding between law enforcement and school officials will delineate the roles and responsibilities of school resource officers, security guards, and school officials to balance the interests of safety for students and school staff in relation to parental rights, student success, and family integrity, with the goal that an increased law enforcement presence at schools will not result in a disparate impact on students in federally identified demographic categories; and

(6) Schools have a duty to respond to and manage disciplinary issues. The primary role of school resource officers and security officers should be to enhance safety with the understanding that school resource officers also work to prevent and respond to law violations and serve as a community resource for students, parents, and school staff.

- (5) Security agency means a contractor that employs security guards used by a school district; and
- (6) Security guard means a person who is contracted or employed by a security agency to protect buildings and people and who does not have law enforcement authority or the power to arrest under any apparent authority in the jurisdiction where such person is contracted or employed as a security guard. 81-161.03 Direct purchases, contracts, or leases; approval required, when; report required; materiel division; duties; Department of Correctional Services; purchases authorized.

The materiel division may, by written order, permit purchases, contracts, or leases to be made by any using agency directly with the vendor or supplier whenever it appears to the satisfaction of the materiel division that, because of the unique nature of the personal property, the price in connection therewith, the quantity to be purchased, the location of the using agency, the time of the use of the personal property, or any other circumstance, the interests of the state will be served better by purchasing or contracting direct than through the materiel division.

Such permission shall be revocable and shall be operative for a period not exceeding twelve months from the date of issue. Using agencies receiving such permission shall report their acts and expenditures under such orders to the materiel division in writing and furnish proper evidence that competition has been secured at such time and covering such period as may be required by the materiel division.

The materiel division shall adopt and promulgate rules and regulations establishing criteria which must be met by any agency seeking direct market purchase authorization. Purchases for miscellaneous needs may be made directly by any agency without prior approval from the materiel division for purchases of less than twenty-five thousand dollars if the agency has completed a certification program as prescribed by the materiel division.

The Department of Correctional Services may purchase raw materials, supplies, component parts, and equipment perishables directly for industries established pursuant to section 83-183, whether such purchases are made to fill specific orders or for general inventories. Any such purchase shall not exceed fifty thousand dollars. The department shall comply with the bidding process of the materiel division and shall be subject to audit by the materiel division for such purchases.

81-161.04 Materiel division; surplus property; sale; procedure; proceeds of sale, how credited.

(1) Whenever any using agency has any personal property for which it no longer has any need or use, it shall notify the materiel division in writing setting forth a description of the property and the approximate length of time that the property has been in the possession of the using agency. The materiel division shall appraise the property and notify all other using agencies of the state that the materiel division has the property for sale and that the property can be bought at the appraised price. No property will be sold until first offered to using agencies as provided by this section unless the property is unusable. If the materiel division fails to receive an offer from any using agency, it may sell or dispose of the property by any method which is most advantageous to the State of Nebraska, including auction, sealed bid, private or public sale, or trade-in for other property, with priorities given to the other political subdivisions. All sales shall be made in the name of the State of Nebraska. The materiel division shall charge an administrative fee for the disposition of surplus property. Such administrative fee shall be a percentage of the amount of the sale of the surplus property. In the event surplus property is determined to have no market value, the materiel administrator may waive the administrative fee.

(2) Except as otherwise provided in this subsection, the proceeds of the sales shall be deposited with the State Treasurer and credited to the General Fund unless the using agency certifies to the materiel division that the property was purchased in part or in total from either cash accounts or federal funds or from a percentage of such accounts or funds, in which case the proceeds of the sale to that extent shall be credited to the cash or federal account in the percentage used in originally purchasing the property. The cost of selling surplus property shall be deducted from the proceeds of the surplus property sold. The proceeds received from the sale of passenger-carrying motor vehicles originally purchased with money from the General Fund, other than passenger-carrying motor vehicles used by the Nebraska State Patrol, less selling costs, shall be deposited in the state treasury and credited by the State Treasurer to the Transportation Services Bureau Revolving Fund. The proceeds received from the sale of passenger-carrying motor vehicles used by the Nebraska State Patrol, less selling costs, shall be deposited in the state treasury and credited by the State Treasurer to the Nebraska State Patrol Vehicle Replacement Cash Fund. The proceeds received from the sale of micrographic equipment, other than that of the University of Nebraska and state colleges, less selling costs,

shall be deposited in the state treasury and credited by the State Treasurer to the Records Management Micrographics Services Revolving Fund. The proceeds received from the sale of aircraft, less selling costs, shall be deposited in the state treasury and credited by the State Treasurer to the Aeronautics Cash Fund.

The fee shall be paid by the person distributing the product to the ultimate user.

(2) Payment of the inspection fee shall be evidenced by a statement made with documents showing that fees corresponding to the tonnage were received by the director.

(3) Every person who distributes commercial fertilizer or soil conditioners to the ultimate user in this state shall file, not later than the last day of January and July of each year, a semiannual tonnage report on forms provided by the department setting forth the number of net tons of commercial fertilizer and soil conditioners distributed in this state during the preceding six-month period, which report shall cover the periods from July 1 to December 31 and January 1 to June 30, and such other information as the director shall deem necessary. The department may waive the additional administrative fee based upon the existence and extent of any mitigating circumstances that have resulted in the late payment of such fee. The purpose of the additional administrative fee is to cover the administrative costs associated with collecting fees and all money collected as an additional administrative fee shall be remitted to the State Treasurer for credit to the Fertilizers and Soil Conditioners Administrative Fund. Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided in this subsection shall constitute sufficient cause for the cancellation of all product registrations, licenses, or both on file for such person.

(q) PERSONS WITH DISABILITIES

81-6,121 Persons with disabilities; legislative findings and declarations.

The Legislature finds and declares that:

(1) In 1999 the United States Supreme Court held in the case of *Olmstead v. L.C.*, 527 U.S. 581, that unjustified segregation of persons with disabilities constitutes discrimination in violation of Title II of the federal Americans with Disabilities Act of 1990. The court held that public entities must provide community-based services to persons with disabilities when (a) such services are appropriate, (b) the affected persons do not oppose community-based services, and (c) community-based services can be reasonably accommodated, taking into account the resources available to the public entity and the needs of others who are receiving disability services from the entity. The court stated that institutional placement of persons who can handle and benefit from community-based services perpetuates unwarranted assumptions that persons so isolated are incapable or unworthy of participating in community life and that confinement in an institution severely diminishes the everyday life activities of individuals, including family relations, social contacts, work options, economic independence, educational advancement, and cultural enrichment;

(2) Many Nebraskans with disabilities live in institutional placements and settings where they are segregated and isolated with diminished opportunities to participate in community life; and

(3) The United States Supreme Court further stated in the *Olmstead* decision that development of (a) a comprehensive, effective working plan for providing services to qualified persons with disabilities in the most integrated community-based settings and (b) a waiting list that moves at a reasonable pace could be important ways for a state to demonstrate its commitment to achieving compliance with the federal Americans with Disabilities Act of 1990.

(2) The chief executive officer of the Department of Health and Human Services shall convene a team to:

(a) Develop the strategic plan described in subsection (1) of this section;

(b) Appoint and convene a stakeholder advisory committee to assist in the review and development of the strategic plan, such committee members to include a representative from the State Advisory Committee on Mental Health Services, the Advisory Committee on Developmental Disabilities, the Nebraska Statewide Independent Living Council, the Nebraska Planning Council on Developmental Disabilities, the Division of Rehabilitation Services in the State Department of Education, the Public Service Commission, the Commission for the Deaf and Hard of Hearing, the Commission for the Blind and Visually Impaired, a housing authority in a city of the first or second class and a

(c) Arrange for consultation with an independent consultant to assist with the continued analysis and revision of the strategic plan and determine whether the benchmarks, deadlines, and timeframes are in substantial compliance with the strategic plan;

(d) Provide continuing analysis of the strategic plan and a report on the progress of the strategic plan and changes or revisions to the Legislature by December 15, 2021, and every three years thereafter; and

(e) Provide the completed strategic plan to the Legislature and the Governor by December 15, 2019.

81-829.42 Governor's Emergency Program; established.

(1) The Legislature recognizes that, while appropriations are adequate to meet the normal needs, the necessity exists for anticipating and making advance provision to care for the unusual and extraordinary burdens imposed on the state and its political subdivisions by disasters, emergencies, or civil defense emergencies. To meet such situations, it is the intention of the Legislature to confer emergency powers on the Governor, acting through the Adjutant General and the Nebraska Emergency Management Agency, and to vest him or her with adequate power and authority within the limitation of available funds appropriated to the Governor's Emergency Program to meet any disaster, emergency, or civil defense emergency.

(2) There is hereby established the Governor's Emergency Program. Funds appropriated to the program shall be expended, upon direction of the Governor, for any state of emergency. The state of emergency proclamation shall set forth the emergency and shall state that it requires the expenditure of public funds to furnish immediate aid and relief. The Adjutant General shall administer the funds appropriated to the program.

(3) It is the intent of the Legislature that the first recourse shall be to funds regularly appropriated to state and local agencies. If the Governor finds that the demands placed upon these funds are unreasonably great, he or she may make funds available from the Governor's Emergency Program. Expenditures may be made upon the direction of the Governor for any or all emergency management functions or to meet the intent of the state emergency operations plans as outlined in section 81-829.41. Expenditures may also be made to state and federal agencies to meet the matching requirement of any applicable assistance programs.

(4) Assistance shall be provided from the funds appropriated to the Governor's Emergency Program to political subdivisions of this state which have suffered from a disaster, emergency, or civil defense emergency to such an extent as to impose a severe financial burden exceeding the ordinary capacity of the subdivision affected. Applications for aid under this section shall be made to the Nebraska Emergency Management Agency on such forms as shall be prescribed and furnished by the agency. The forms shall require the furnishing of sufficient information to determine eligibility for aid and the extent of the financial burden incurred. The agency may call upon other agencies of the state in evaluating such applications. The Adjutant General shall review each application for aid under this section and recommend its approval or disapproval, in whole or in part, to the Governor. If the Governor approves, he or she shall determine and certify to the Adjutant General the amount of aid to be furnished. The Adjutant General shall thereupon issue his or her voucher to the Director of Administrative Services who shall issue his or her warrants therefor to the applicant.

(5) When a state of emergency has been proclaimed by the Governor, the Adjutant General, upon order of the Governor, shall have authority to expend funds for purposes including, but not limited to:

(a) The purposes of the Emergency Management Act, including emergency management functions and the responsibilities of the Governor as outlined in the act;

(b) Employing for the duration of the state of emergency additional personnel and contracting or otherwise procuring all necessary appliances, supplies, and equipment;

(c) Performing services for and furnishing materials and supplies to state government agencies and local governments with respect to performance of any duties enjoined by law upon such agencies and local governments which they are unable to perform because of extreme climatic phenomena and receiving reimbursement in whole or in part from such agencies and local governments able to pay therefor under such terms and conditions as may be agreed upon by the Adjutant General and any such agency or local government;

(d) Performing services for and furnishing materials to any individual in connection with alleviating hardship and distress growing out of extreme climatic phenomena and receiving reimbursement in whole or in part from such individual under such terms as may be agreed upon by the Adjutant General and such individual;

(e) Opening up, repairing, and restoring roads and highways;

(f) Repairing and restoring bridges;

(g) Furnishing transportation for supplies to alleviate suffering and distress;

(h) Restoring means of communication;

(i) Furnishing medical services and supplies to prevent the spread of disease and epidemics;

(j) Quelling riots and civil disturbances;

(k) Training individuals or governmental agencies for the purpose of perfecting the performance of emergency management duties as provided in the Nebraska emergency operations plans;

(l) Procurement and storage of special emergency supplies or equipment, determined by the Adjutant General to be required to provide rapid response by state government to assist local governments in impending or actual disasters, emergencies, or civil defense emergencies;

(m) Clearing or removing debris and wreckage which may threaten public health or safety from publicly owned or privately owned land or water; and

(n) Such other measures as are customarily necessary to furnish adequate relief in cases of disaster, emergency, or civil defense emergency.

(6) If response to a disaster or emergency is immediately required, the Adjutant General may make expenditures of up to twenty-five thousand dollars per event without a state of emergency proclamation issued by the Governor. Such expenditures shall be used for the purposes as provided in subsection (5) of this section.

(7) The Governor may receive such voluntary contributions as may be made from any nonfederal source to aid in carrying out the purposes of this section and shall credit the same to the Governor's Emergency Cash Fund.

(8) All obligations and expenses incurred by the Governor in the exercise of the powers and duties vested in the Governor by this section shall be paid by the State Treasurer out of available funds appropriated to the Governor's Emergency Program, and the Director of Administrative Services shall draw his

or her warrants upon the State Treasurer for the payment of such sum, or so much thereof as may be required, upon receipt by him or her of proper vouchers duly approved by the Adjutant General.

(9) This section shall be liberally construed in order to accomplish the purposes of the Emergency Management Act and to permit the Governor to adequately cope with any disaster, emergency, or civil defense emergency which may arise, and the powers vested in the Governor by this section shall be construed as being in addition to all other powers presently vested in him or her and not in derogation of any existing powers.

(10) Such funds as may be made available by the government of the United States for the purpose of alleviating distress from disasters, emergencies, and civil defense emergencies may be accepted by the State Treasurer and shall be credited to a separate and distinct fund unless otherwise specifically provided in the act of Congress making such funds available or as otherwise allowed and provided by state law.

(11) It is the intent of the Legislature that the four million dollars saved due to the elimination of funding for the Angel Investment Tax Credit Act be used to increase the appropriation to the Military Department for the Governor's Emergency Program by four million dollars for fiscal year 2020-21.

(1)(a) The Director of Administrative Services shall have power to develop and implement a system of warrant preparation and issuance in accordance with acceptable accounting and internal control safeguards and by use of such mechanical means as may be most economical.

(b) Warrant or state warrant shall include an order drawn by the director upon the State Treasurer, directing the latter to pay a specified amount to a specified payee by the use of a dual signature negotiable instrument as provided for in subsections (2) and (3) of this section, electronic funds transfer system, telephonic funds transfer system, electric funds transfer system, funds transfers as provided for in article 4A, Uniform Commercial Code, mechanical funds transfer system, or other funds transfer system established by the director and the State Treasurer. The warrant, when it is an order drawn by the director upon the State Treasurer directing the latter to pay a specified amount to a specified payee by the use of a dual signature negotiable instrument as provided for in subsections (2) and (3) of this section, shall affect the state's cash balance in the bank when redeemed by the State Treasurer, not when cashed by a financial institution.

The use of an electronic funds transfer system, telephonic funds transfer system, electric funds transfer system, funds transfers as provided for in article 4A, Uniform Commercial Code, mechanical funds transfer system, or other funds transfer system established by the director and the State Treasurer or any state agency shall not create any rights that would not have been created had an order, drawn by the director upon the State Treasurer directing the latter to pay a specified amount to a specified payee by the use of a dual signature negotiable instrument as provided for in subsections (2) and (3) of this section, been used as the payment medium.

(6) Whenever it is ascertained that by mistake or otherwise any county treasurer or other person has paid into the state treasury any sum not due the state, the director shall refund to such county treasurer or other person the amount so paid. Such refund shall be carried on the books of the state as an adjustment to income and not as an expenditure or disbursement.

(6) The statement of expenses shall be duly verified and supported by receipts for all of such expenditures for which reimbursement is requested except for (a) items reimbursed through a per diem payment and (b) immaterial items identified by the director.

(7) No charge for mileage shall be allowed when such mileage accrues while using an automobile owned by the State of Nebraska.

(8) No personal maintenance expenses shall be allowed to any state officer, state employee, or member of any commission, council, committee, or board of the state when such expenses are incurred in the city or village in which the residence or primary work location of such individual is located, except that individuals required to attend official functions, conferences, or hearings within such location, not to include normal day-to-day operations of the department,

agency, commission, council, committee, or board, may be paid or reimbursed in accordance with policies established by the Director of Administrative Services. 81-1227 Legislative findings.

The Legislature finds that:

(1) Current economic conditions and limited availability of modern housing units impact the ability of Nebraska's rural communities to recruit and retain a world-class workforce. A lack of workforce housing affects the ability of communities to maintain and develop viable, stable, and thriving economies. A housing shortage in rural areas also impacts the ability of local private, nonprofit, and public employers to grow and prosper;

(2) Impediments exist to the construction, rehabilitation, and financing of rural workforce housing. There is a shortage of contractors willing to develop new housing units in rural communities. Developers and contractors perceive increased risk associated with housing development in rural areas. Today's worker who is considering a job in a rural area has different expectations about the type and style of housing he or she desires. Costs for new housing in rural areas generally continue to grow faster than Nebraska incomes and the cost of living; and

(3) In order to develop attractive housing options that lead to the recruitment and retention of a world-class workforce in Nebraska's rural communities, it is the intent of the Legislature to use new and existing resources to support creation of workforce housing investment funds. Such funds will be used to encourage development of workforce housing in Nebraska's rural and underserved regions.

81-1236 Urban workforce housing; shortage; effect; development; impediments; legislative intent.

(1) Current economic conditions and limited availability of modern housing units impact the ability of Nebraska's older urban neighborhoods and majority-minority communities to maintain residential stability. Low rates of homeownership and a lack of high-quality, non-income-restricted rental housing negatively affects the ability of residents of such neighborhoods and communities to achieve housing stability and invest in their neighborhoods and communities. A lack of workforce housing affects the ability of neighborhoods and communities to maintain and develop viable, stable, and thriving economies. A shortage of quality housing in such areas also impacts the ability of local private, nonprofit, and public employers to grow and prosper.

(2) Impediments exist to the construction, rehabilitation, and financing of urban workforce housing. Comparable home sale and appraisal prices do not justify the cost of new construction homes. There is a lack of space that would be large enough for development to achieve cost efficiencies. Due to generations of disinvestment, these neighborhoods and communities frequently receive a stigma that negatively impacts the residential real estate market.

(3) In order to develop attractive housing options that lead to the recruitment and retention of a world-class workforce in Nebraska's older urban communities, it is the intent of the Legislature to use new and existing resources to support creation of workforce housing investment funds. Such funds will be used to encourage development of workforce housing in Nebraska's urban and underserved neighborhoods and communities.

- (2) Any failure by the applicant to timely provide the updates or information required by the director or the act may result in the loss of the right to receive matching funds or, at the discretion of the director, result in the deferral of matching fund disbursements until such updates and information have been provided to the director by the applicant.

If the notice of proposed determination is not protested in writing by the applicant within the sixty-day period, the proposed determination is a final determination. - During 3rd year of continuous employment 96 hours per year
- During 4th year of continuous employment 96 hours per year

During 15th year of continuous employment	192 hours per year
During 16th year of continuous employment	200 hours per year
After 16th year of continuous employment	200 hours per year

(3) State employees who are regularly employed less than forty hours a week shall be entitled to vacation leave proportionate to their regular workweek. Any state employee who has been employed by the Legislature or Legislative Council shall, for vacation leave entitlement purposes, be credited with one continuous year of employment for each two hundred sixty working days such state employee was employed by the Legislature or Legislative Council.

(4) As used in this section, state employee shall mean any person or officer employed by the state including the head of any department or agency, except when such a head is a board or commission, and who works a full-time or part-time schedule on an ongoing basis.

(5) For purposes of this section, a state employee who has terminated employment with the state for any reason other than disciplinary and who returns to state employment within one year from the date of termination shall have his or her service for vacation leave entitlement computed by combining prior continuous service with current continuous service disregarding the period of absence, except that a state employee who has retired or voluntarily terminated in lieu of retirement shall, if he or she returns to state employment, be considered a new state employee for the purpose of vacation leave entitlement.

(6) The vacation leave account of each state employee shall be balanced as of 11:59 p.m. Central Standard Time on December 31 each calendar year. Each state employee shall be entitled to have accumulated as of such time the number of hours of vacation leave which he or she earned during that calendar year. Any vacation time not used within one calendar year following the calendar year during which the time accrued shall be forfeited. In special and meritorious cases, when to limit the annual leave to the period therein specified would work a peculiar hardship, such leave may be extended in the discretion of the Governor, or in situations involving employees of the Legislature, in the discretion of the Executive Board of the Legislative Council.

(7) It is the responsibility of the head of an employing agency to provide reasonable opportunity for a state employee to use rather than forfeit accumulated vacation leave. If a state employee makes a reasonable written request to use vacation leave before the leave must be forfeited under this section and the employing agency denies the request, the employing agency shall pay the state employee the cash equivalent of the amount of forfeited vacation leave that was requested and denied. Such cash payment shall be made within thirty days

after the requested and denied vacation leave is forfeited under this section. Such cash payment shall be considered compensation for purposes of a state employee's retirement benefit in a defined contribution or cash balance benefit plan administered by the Public Employees Retirement Board but shall not be considered compensation for purposes of a state employee's retirement benefit in any other defined benefit plan administered by the Public Employees Retirement Board. In determining whether a state employee's request to use vacation leave is reasonable, the employing agency shall consider the amount of vacation leave requested, the number of days remaining prior to forfeiture during which the state employee may take vacation leave, the amount of notice given to the employing agency prior to the requested vacation leave, any effects on public safety, and other relevant factors. This subsection shall not apply to state employees who are exempt from the State Personnel System pursuant to subdivisions (1)(g) and (h) of section 81-1316.

(8) Each state employee, upon retirement, dismissal, or voluntary separation from state employment, shall be paid for unused accumulated vacation leave. Upon the death of a state employee, his or her beneficiary shall be paid for unused accumulated vacation leave.

(9) A permanent state employee who is transferred from one agency to another shall have his or her accrued vacation leave transferred to the receiving agency.

(10) The Director of Personnel shall adopt and promulgate such rules and regulations as are necessary to administer this section.

Such standards of quality shall be such as to protect the public health and welfare. The council shall classify air, water, and land contaminant sources according to levels and types of discharges, emissions, and other characteristics which relate to air, water, and land pollution and may require reporting for any such class or classes. Such classifications and standards made pursuant to this section may be made for application to the state as a whole or to any designated area of the state and shall be made with special reference to effects on health, economic and social factors, and physical effects on property. Such standards and classifications may be amended as determined necessary by the council.

(2) In adopting the classifications of waters and water quality standards, the primary purpose for such classifications and standards shall be to protect the public health and welfare and the council shall give consideration to:

(a) The size, depth, surface area, or underground area covered, the volume, direction, and rate of flow, stream gradient, and temperature of the water;

(b) The character of the area affected by such classification or standards, its peculiar suitability for particular purposes, conserving the value of the area, and encouraging the most appropriate use of lands within such area for domestic, agricultural, industrial, recreational, and aquatic life purposes;

(c) The uses which have been made, are being made, or are likely to be made, of such waters for agricultural, transportation, domestic, and industrial consumption, for fishing and aquatic culture, for the disposal of sewage, industrial waste, and other wastes, or other uses within this state and, at the discretion of the council, any such uses in another state on interstate waters flowing through or originating in this state;

(d) The extent of present pollution or contamination of such waters which has already occurred or resulted from past discharges therein; and

(e) Procedures pursuant to section 401 of the Clean Water Act, as amended, 33 U.S.C. 1251 et seq., for certification by the department of activities requiring a federal license or permit which may result in a discharge.

(3) In adopting effluent limitations or prohibitions, the council shall give consideration to the type, class, or category of discharges and the quantities, rates, and concentrations of chemical, physical, biological, and other constituents which are discharged from point sources into navigable or other waters of the state, including schedules of compliance, best practicable control technology, and best available control technology.

(4) In adopting standards of performance, the council shall give consideration to the discharge of pollutants which reflect the greatest degree of effluent reduction which the council determines to be achievable through application of the best available demonstrated control technology, processes, operating meth-

ods, or other alternatives, including, when practicable, a standard permitting no discharge of pollutants.

(5) In adopting toxic pollutant standards and limitations, the council shall give consideration to the combinations of pollutants, the toxicity of the pollutant, its persistence, degradability, the usual or potential presence of the affected organisms in any waters, the importance of the affected organisms, and the nature and extent of the effect of the toxic pollutant on such organisms.

(6) In adopting pretreatment standards, the council shall give consideration to the prohibitions or limitations to noncompatible pollutants, prohibitions against the passage through a publicly owned treatment works of pollutants which would cause interference with or obstruction to the operation of publicly owned treatment works, damage to such works, and the prevention of the discharge of pollutants therefrom which are inadequately treated.

(7) In adopting treatment standards, the council shall give consideration to providing for processes to which wastewater shall be subjected in a publicly owned wastewater treatment works in order to make such wastewater suitable for subsequent use.

(8) In adopting regulations pertaining to the disposal of domestic and industrial liquid wastes, the council shall give consideration to the minimum amount of biochemical oxygen demand, suspended solids, or equivalent in the case of industrial wastewaters, which must be removed from the wastewaters and the degree of disinfection necessary to meet water quality standards with respect to construction, installation, change of, alterations in, or additions to any wastewater treatment works or disposal systems, including issuance of permits and proper abandonment, and requirements necessary for proper operation and maintenance thereof.

(9)(a) The council shall adopt and promulgate rules and regulations for controlling mineral exploration holes and mineral production and injection wells. The rules and regulations shall include standards for the construction, operation, and abandonment of such holes and wells. The standards shall protect the public health and welfare and air, land, water, and subsurface resources so as to control, minimize, and eliminate hazards to humans, animals, and the environment. Consideration shall be given to:

(i) Area conditions such as suitability of location, geologic formations, topography, industry, agriculture, population density, wildlife, fish and other aquatic life, sites of archaeological and historical importance, mineral, land, and water resources, and the existing economic activities of the area including, but not limited to, agriculture, recreation, tourism, and industry;

(ii) A site-specific evaluation of the geologic and hydrologic suitability of the site and the injection, disposal, and production zones;

(iii) The quality of the existing ground water, the effects of exemption of the aquifer from any existing water quality standards, and requirements for restoration of the aquifer;

(iv) Standards for design and use of production facilities, which shall include, but not be limited to, all wells, pumping equipment, surface structures, and associated land required for operation of injection or production wells; and

(v) Conditions required for closure, abandonment, or restoration of mineral exploration holes, injection and production wells, and production facilities in

order to protect the public health and welfare and air, land, water, and subsurface resources.

(b) The council shall establish fees for regulated activities and facilities and for permits for such activities and facilities. The fees shall be sufficient but shall not exceed the amount necessary to pay the department for the direct and indirect costs of evaluating, processing, and monitoring during and after operation of regulated facilities or performance of regulated activities.

(c) With respect to mineral production wells, the council shall adopt and promulgate rules and regulations which require restoration of air, land, water, and subsurface resources and require mineral production well permit applications to include a restoration plan for the air, land, water, and subsurface resources affected. Such rules and regulations may provide for issuance of a research and development permit which authorizes construction and operation of a pilot plant by the permittee for the purpose of demonstrating the permittee's ability to inject and restore in a manner which meets the standards required by this subsection and the rules and regulations.

The rules and regulations adopted and promulgated may also provide for issuance of a commercial permit after a finding by the department that the injection and restoration procedures authorized by the research and development permit have been successful in demonstrating the applicant's ability to inject and restore in a manner which meets the standards required by this subsection and the rules and regulations.

(d) For the purpose of this subsection, unless the context otherwise requires, restoration shall mean the employment, during and after an activity, of procedures reasonably designed to control, minimize, and eliminate hazards to humans, animals, and the environment, to protect the public health and welfare and air, land, water, and subsurface resources, and to return each resource to a quality of use consistent with the uses for which the resource was suitable prior to the activity.

(10) In adopting livestock waste control regulations, the council shall consider the discharge of livestock wastes into the waters of the state or onto land not owned by the livestock operator, conditions under which permits for such operations may be issued, including design, location, and proper management of such facilities, protection of ground water from such operations, and revocation, modification, or suspension of such permits for cause and all requirements of the Livestock Waste Management Act.

(11) In adopting regulations for the issuance of permits under the National Pollutant Discharge Elimination System created by the Clean Water Act, as amended, 33 U.S.C. 1251 et seq., the council shall consider when such permits shall be required and exemptions, application and filing requirements, terms and conditions affecting such permits, notice and public participation, duration and review of such permits, the evaluation provided for under section 81-1517, and monitoring, recording, and reporting under the system.

(12) The council shall adopt and promulgate rules and regulations for air pollution control which shall include:

(a) A construction permit program which requires the owner or operator of an air contaminant source to obtain a permit prior to construction. Application fees shall be according to section 81-1505.06;

(b) An operating permit program consistent with requirements of the Clean Air Act, as amended, 42 U.S.C. 7401 et seq., and an operating permit program for minor sources of air pollution, which programs shall require permits for both new and existing sources;

(c) Provisions for operating permits to be issued after public notice, to be terminated, modified, or revoked for cause, and to be modified to incorporate new requirements;

(d) Provisions for applications to be on forms provided by the department and to contain information necessary to make a determination on the appropriateness of issuance or denial. The department shall make a completeness determination in a timely fashion and after such determination shall act on the application within time limits set by the council. Applications for operating permits shall include provisions for certification of compliance by the applicant;

(e) Requirements for operating permits which may include such conditions as necessary to protect public health and welfare, including, but not limited to (i) monitoring and reporting requirements on all sources subject to the permit, (ii) payment of annual fees sufficient to pay the reasonable direct and indirect costs of developing and administering the air quality permit program, (iii) retention of records, (iv) compliance with all air quality standards, (v) a permit term of no more than five years from date of issuance, (vi) any applicable schedule of compliance leading to compliance with air quality regulations, (vii) site access to the department for inspection of the facility and records, (viii) emission limits or control technology requirements, (ix) periodic compliance certification, and (x) other conditions necessary to carry out the purposes of the Environmental Protection Act. For purposes of this subsection, control technology shall mean a design, equipment, a work practice, an operational standard which may include a requirement for operator training or certification, or any combination thereof;

(f) Classification of air quality control regions;

(g) Standards for air quality that may be established based upon protection of public health and welfare, emission limitations established by the United States Environmental Protection Agency, and maximum achievable control technology standards for sources of toxic air pollutants. For purposes of this subdivision, maximum achievable control technology standards shall mean an emission limit or control technology standard which requires the maximum degree of emission reduction that the council, taking into consideration the cost of achieving such emission reduction, any health and environmental impacts not related to air quality, and energy requirements, determines is achievable for new or existing sources in the category or subcategory to which the standard applies through application of measures, processes, methods, systems, or techniques, including, but not limited to, measures which accomplish one or a combination of the following:

(i) Reduce the volume of or eliminate emissions of the pollutants through process changes, substitution of materials, or other modifications;

(ii) Enclose systems or processes to eliminate emissions; or

(iii) Collect, capture, or treat the pollutants when released from a process, stack, storage, or fugitive emission point;

(13)(a) In adopting regulations for hazardous waste management, the council shall give consideration to generation of hazardous wastes, labeling practices, containers used, treatment, storage, collection, transportation including a manifest system, processing, resource recovery, and disposal of hazardous wastes. It shall consider the permitting, licensing, design and construction, and development and operational plans for hazardous waste treatment, storage, and disposal facilities, and conditions for licensing or permitting of hazardous waste treatment, storage, and disposal areas. It shall consider modification, suspension, or revocation of such licenses and permits, including requirements for waste analysis, site improvements, fire prevention, safety, security, restricted access, and covering and handling of hazardous liquids and materials. Licenses and permits for hazardous waste, treatment, storage, and disposal facilities shall not be issued until certification by the State Fire Marshal as to fire prevention and fire safety has been received by the department. The council shall further consider the need at treatment, storage, or disposal facilities for required equipment, communications and alarms, personnel training, and contingency plans for any emergencies that might arise and for a coordinator during such emergencies.

In addition the council shall give consideration to (i) ground water monitoring, (ii) use and management of containers and tanks, (iii) surface impoundments, (iv) waste piles, (v) land treatment, (vi) incinerators, (vii) chemical or biological treatment, (viii) landfills including the surveying thereof, and (ix) special requirements for ignitable, reactive, or incompatible wastes.

In considering closure and postclosure of hazardous waste treatment, storage, or disposal facilities, the council shall consider regulations that would result in the owner or operator closing his or her facility so as to minimize the need for future maintenance, and to control, minimize, or eliminate, to the extent necessary to protect humans, animals, and the environment, postclosure escape of hazardous waste, hazardous waste constituents, and leachate to the ground water or surface waters, and to control, minimize, or eliminate, to the

extent necessary to protect humans, animals, and the environment, waste decomposition to the atmosphere. In considering corrective action for hazardous waste treatment, storage, or disposal facilities, the council shall consider regulations that would require the owner or operator, or any previous owner or operator with actual knowledge of the presence of hazardous waste at the facility, to undertake corrective action or such other response measures necessary to protect human health or the environment for all releases of hazardous waste or hazardous constituents from any treatment, storage, or disposal facility or any solid waste management unit at such facility regardless of the time at which waste was placed in such unit.

Such regulations adopted pursuant to this subsection shall in all respects comply with the Environmental Protection Act and the Resource Conservation and Recovery Act, as amended, 42 U.S.C. 6901 et seq.

(b) In adopting regulations for hazardous waste management, the council shall consider, in addition to criteria in subdivision (a) of this subsection, establishing criteria for (i) identifying hazardous waste including extraction procedures, toxicity, persistence, and degradability in nature, potential for accumulation in tissue, flammability or ignitability, corrosiveness, reactivity, and generation of pressure through decomposition, heat, or other means, and other hazardous characteristics, (ii) listing all materials it deems hazardous and which should be subject to regulation, and (iii) locating treatment, storage, or disposal facilities for such wastes. In adopting criteria for flammability and ignitability of wastes pursuant to subdivision (b)(i) of this subsection, no regulation shall be adopted without the approval of the State Fire Marshal.

(c) In adopting regulations for hazardous waste management, the council shall establish a schedule of fees to be paid to the director by licensees or permittees operating hazardous waste processing facilities or disposal areas on the basis of a monetary value per cubic foot or per pound of the hazardous wastes, sufficient but not exceeding the amount necessary to reimburse the department for the costs of monitoring such facilities or areas during and after operation of such facilities or areas. The licensees may assess a cost against persons using the facilities or areas. The director shall remit any money collected from fees paid to him or her to the State Treasurer who shall credit the entire amount thereof to the General Fund.

(d) In adopting regulations for solid waste disposal, the council shall consider storage, collection, transportation, processing, resource recovery, and disposal of solid waste, developmental and operational plans for solid waste disposal areas, conditions for permitting of solid waste disposal areas, modification, suspension, or revocation of such permits, regulations of operations of disposal areas, including site improvements, fire prevention, ground water protection, safety and restricted access, handling of liquid and hazardous materials, insect and rodent control, salvage operations, and the methods of disposing of accumulations of junk outside of solid waste disposal areas. Such regulations shall in all respects comply with the Environmental Protection Act, the Integrated Solid Waste Management Act, and the Resource Conservation and Recovery Act, as amended, 42 U.S.C. 6901 et seq.

(14) In adopting regulations governing discharges or emissions of oil and other hazardous materials into the waters, in the air, or upon the land of the state, the council shall consider the requirements of the Integrated Solid Waste Management Act, methods for prevention of such discharges or emissions, and

the responsibility of the discharger or emitter for cleanup, toxicity, degradability, and dispersal characteristics of the substance.

(15) In adopting regulations governing composting and composting sites, the council shall give consideration to:

(a) Approval of a proposed site by the local governing body, including the zoning authority, if any, prior to issuance of a permit by the department;

(b) Issuance of permits by the department for such composting operations, with conditions if necessary;

(c) Submission of construction and operational plans by the applicant for a permit to the department, with approval of such plans before issuance of such permit;

(d) A term of up to ten years for such permits;

(e) Renewal of permits if the operation has been in substantial compliance with composting regulations adopted pursuant to this subsection, permit conditions, and operational plans;

(f) Review by the department of materials to be composted, including chemical analysis when found by the department to be necessary;

(g) Inspections of such compost sites by the department. Operations out of compliance with composting regulations, permit conditions, or operational plans shall be given a reasonable time for voluntary compliance, and failure to do so within the specified time shall result in a hearing after notice is given, at which time the owner or operator shall appear and show cause why his or her permit should not be revoked;

(h) Special permits of the department for demonstration projects not to exceed six months;

(i) Exemptions from permits of the department; and

(j) The Integrated Solid Waste Management Act.

(16) Any person operating or responsible for the operation of air, water, or land contaminant sources of any class for which the rules and regulations of the council require reporting shall make reports containing information as may be required by the department concerning quality and quantity of discharges and emissions, location, size, and height of contaminant outlets, processes employed, fuels used, and the nature and time periods or duration of discharges and emissions, and such other information as is relevant to air, water, or land pollution and is available.

(17) Prior to adopting, amending, or repealing standards and classifications of air, water, and land quality and rules and regulations under the Integrated Solid Waste Management Act or the Livestock Waste Management Act, the council shall, after due notice, conduct public hearings thereon. Notice of public hearings shall specify the waters or the area of the state for which standards of air, water, or land are sought to be adopted, amended, or repealed and the time, date, and place of such hearing. Such hearing shall be held in the general area to be affected by such standards. Such notice shall be given in accordance with the Administrative Procedure Act.

(18) Standards of quality of the air, water, or land of the state and rules and regulations adopted under the Integrated Solid Waste Management Act or the Livestock Waste Management Act or any amendment or repeal of such standards or rules and regulations shall become effective upon adoption by the

council and filing in the office of the Secretary of State. In adopting standards of air, water, and land quality or making any amendment thereof, the council shall specify a reasonable time for persons discharging wastes into the air, water, or land of the state to comply with such standards and upon the expiration of any such period of time may revoke or modify any permit previously issued which authorizes the discharge of wastes into the air, water, or land of this state which results in reducing the quality of such air, water, or land below the standards established therefor by the council.

(19) All standards of quality of air, water, or land and all rules and regulations adopted pursuant to law by the council prior to May 29, 1981, and applicable to specified air, water, or land are hereby approved and adopted as standards of quality of and rules and regulations for such air, water, or land.

(20) In addition to such standards as are heretofore authorized, the council shall adopt and promulgate rules and regulations to set standards of performance, effluent standards, pretreatment standards, treatment standards, toxic pollutant standards and limitations, effluent limitations, effluent prohibitions, and quantitative limitations or concentrations which shall in all respects conform with and meet the requirements of the National Pollutant Discharge Elimination System in the Clean Water Act, as amended, 33 U.S.C. 1251 et seq.

(21)(a) The council shall adopt and promulgate rules and regulations requiring all new or renewal permit or license applicants regulated under the Environmental Protection Act, the Integrated Solid Waste Management Act, or the Livestock Waste Management Act to establish proof of financial responsibility by providing funds in the event of abandonment, default, or other inability of the permittee or licensee to meet the requirements of its permit or license or other conditions imposed by the department pursuant to the acts. The council may exempt classes of permittees or licensees from the requirements of this subdivision when a finding is made that such exemption will not result in a significant risk to the public health and welfare.

(b) Proof of financial responsibility shall include any of the following made payable to or held in trust for the benefit of the state and approved by the department:

(i) A surety bond executed by the applicant and a corporate surety licensed to do business in this state;

(ii) A deposit of cash, negotiable bonds of the United States or the state, negotiable certificates of deposit, or an irrevocable letter of credit of any bank or other savings institution organized or transacting business in the United States in an amount or which has a market value equal to or greater than the amount of the bonds required for the bonded area under the same terms and conditions upon which surety bonds are deposited;

(iii) An established escrow account; or

(iv) A bond of the applicant without separate surety upon a satisfactory demonstration to the director that such applicant has the financial means sufficient to self-bond pursuant to bonding requirements adopted by the council consistent with the purposes of this subdivision.

(c) The director shall determine the amount of the bond, deposit, or escrow account which shall be reasonable and sufficient so the department may, if the permittee or licensee is unable or unwilling to do so and in the event of forfeiture of the bond or other financial responsibility methods, arrange to

rectify any improper management technique committed during the term of the permit or license and assure the performance of duties and responsibilities required by the permit or license pursuant to law, rules, and regulations.

(d) In determining the amount of the bond or other method of financial responsibility, the director shall consider the requirements of the permit or license or any conditions specified by the department, the probable difficulty of completing the requirements of such permit, license, or conditions due to such factors as topography, geology of the site, and hydrology, and the prior history of environmental activities of the applicant.

This subsection shall apply to hazardous waste treatment, storage, or disposal facilities which have received interim status.

(22)(a) The council shall adopt and promulgate rules and regulations no more stringent than the provisions of section 1453 et seq. of the federal Safe Drinking Water Act, as amended, 42 U.S.C. 300j-13 et seq., for public water system source water assessment programs.

(b) The council may adopt and promulgate rules and regulations to implement a source water petition program no more stringent than section 1454 et seq. of the federal Safe Drinking Water Act, as amended, 42 U.S.C. 300j-14 et seq.

(23) The council may adopt and promulgate rules and regulations for the issuance of permits relating to the discharge of dredged or fill material into the waters of the United States under section 404 of the Clean Water Act, as amended, 33 U.S.C. 1251 et seq., giving consideration to (a) when such permits are required and exemptions, application, and filing requirements, (b) terms and conditions affecting such permits, notice and public participation, and duration, (c) review of such permits, (d) monitoring, recording, and reporting requirements, and (e) such other requirements not inconsistent with the Clean Water Act, as amended, 33 U.S.C. 1251 et seq.

81-1517 Political subdivision; permits; department; powers; evaluation and determination of terms and conditions; factors.

(1) In issuing permits to any political subdivision under the National Pollutant Discharge Elimination System created by the Clean Water Act, as amended, 33 U.S.C. 1251 et seq., the department may exercise all possible discretion allowed by the United States Environmental Protection Agency to enable the political subdivision to maintain environmental infrastructure while improving water quality in a manner that is sustainable and within the financial capability of the political subdivision. In exercising such discretion, the department may, when requested by a political subdivision, undertake an evaluation and make a determination of the necessity of specific permit terms and conditions to achieve water quality objectives. Such determination may affect the level of water treatment or pollution control, the length of time necessary for compliance, or both. Any political subdivision may request this evaluation and determination from the department in the issuance or reissuance of its permit.

(2) The department may include, but is not limited to, consideration of the following factors in making its evaluation and determination under subsection (1) of this section:

(a) The financial capability of a political subdivision to raise and secure necessary funding at a reasonable cost;

(b) The affordability for ratepayers for implementation of pollution control options available to a political subdivision using the most appropriate methodology and measurements for the political subdivision in making such affordability determination;

(c) The future growth potential and projections of a political subdivision and whether its infrastructure is sufficient for projected needs;

(d) The overall costs and environmental benefits of control technologies;

(e) Other environmental improvement investments made by a political subdivision; and

(f) Any other relevant economic and social concerns or environmental conditions.

(g) PETROLEUM PRODUCTS AND HAZARDOUS
SUBSTANCES STORAGE AND HANDLING**81-15,118 Legislative findings.**

The Legislature finds that the number of leaking underground storage tanks throughout the state is increasing and that there exists a serious threat to the health and safety of citizens because substances contained in leaking storage tanks are often potential ground water contaminants and major fire and explosive hazards.

For the reasons stated in this section, the Legislature deems it necessary to provide a program of storage tank registration and inspection as a preventative measure and a comprehensive leak cleanup program as a responsive measure. Primary responsibility for the Petroleum Products and Hazardous Substances Storage and Handling Act shall be with the Department of Environment and Energy. However, preventative measures described in such act shall also be carried out by the State Fire Marshal. The State Fire Marshal's actions shall be pursuant to an interagency agreement with the department.

81-15,124 Release of regulated substance; Department of Environment and Energy; State Fire Marshal; powers and duties; remedial action plan.

Any reported or suspected release of a regulated substance from any tank shall be investigated consistent with principles of risk-based corrective action by the State Fire Marshal and the Department of Environment and Energy. In the event that the State Fire Marshal or the department finds an adverse effect caused by a release of a regulated substance from a tank:

(1) The State Fire Marshal shall (a) determine the immediate danger presented by the release, (b) take all steps necessary to assure immediate public safety, and (c) assist the department in determining the source of the release and taking all steps necessary to ensure that the release is halted;

(2) By order of the department, the owner or operator of the tank causing the release shall, after securing the source of the release, develop a plan for remedial action to be approved by the department. The department shall inform the owner or operator of its approval or disapproval of a plan for remedial action within one hundred twenty days after receipt of a remedial action plan which contains all required information. If after one hundred twenty days the department fails to either deny, approve, or amend the remedial action plan submitted, the proposed plan shall be deemed approved; and

(3) The approved remedial action plan shall then be carried out by the owner or operator of the tank causing the release. All expenses incurred during the remedial action shall be paid by the owner or operator subject to reimbursement pursuant to the Petroleum Release Remedial Action Act.

If it is determined that the source of the release is unknown or that the owner or operator of the facility causing the release is unknown or unavailable, a remedial action plan shall be developed by or under the direction of the department. Such remedial action plan shall be developed and carried out by the department with money from the Petroleum Products and Hazardous Substances Storage and Handling Fund if funds are available. If at a later date the owner or operator of the facility which caused the release is determined, he

or she shall be responsible for remedial action costs incurred on his or her behalf subject to reimbursement pursuant to the Petroleum Release Remedial Action Act. Any money received from such person shall be deposited in the Petroleum Products and Hazardous Substances Storage and Handling Fund.

81-15,124.01 Environmental Quality Council; rules and regulations.

(1) The Environmental Quality Council shall adopt and promulgate rules and regulations consistent with principles of risk-based corrective action governing all phases of remedial action to be taken by owners, operators, and other persons in response to a release or suspected release of a regulated substance from a tank. Such rules and regulations shall include:

(a) Provisions governing remedial action to be taken by owners and operators pursuant to section 81-15,124;

(b) Provisions by which the Department of Environment and Energy may determine the cleanup levels to be achieved through soil or water remediation and the applicable limitations for air emissions at the petroleum release site or occurring by reason of such remediation; and

(c) Such other provisions necessary to carry out the Petroleum Products and Hazardous Substances Storage and Handling Act.

(2) In developing rules and regulations, the Environmental Quality Council shall take into account risk-based corrective action assessment principles which identify the risks presented to the public health and safety or the environment by each release in a manner that will protect the public health and safety and the environment using, to the extent appropriate, a tiered approach consistent with the American Society for Testing of Materials guidance for risk-based corrective action applicable to petroleum release sites.

81-15,124.02 Access to property.

If necessary in the course of an investigation or inspection or during the remedial action and if the owner of property or the owner's agent has specifically denied the Department of Environment and Energy access to the property for such purposes, the department may order the owner or owner's agent to grant access to property for the performance of reasonable steps, including drilling, to determine the source and extent of contamination or for remediation. Access shall be by the department or by a person conducting an investigation, inspection, or remedial action at the direction of the department. All actions taken on the property shall be performed in the least obtrusive manner possible to allow the investigation, inspection, or remedial action to

proceed. Upon completion of any such actions, the property shall be restored as nearly as possible to its original condition.

The Department of Environment and Energy shall provide briefing on the use by the department of risk-based corrective action. The briefing shall be directed toward comprehension and knowledge of the use by the department of risk-based corrective action, and a fee may be charged for attending the briefing which shall be remitted to the State Treasurer for credit to the Petroleum Release Remedial Action Cash Fund. The department may contract for providing such briefing and shall maintain and make available to the public a list of attendees.

81-15,124.05 Remedial action plan; certificate of completion; form; effect.

(1) If a remedial action plan submitted by a responsible person as defined in section 66-1514 is approved or deemed to be approved by the Department of Environment and Energy pursuant to subdivision (2) of section 81-15,124 and has been carried out, the department may issue to the responsible person a certificate of completion stating that no further remedial action needs to be taken at the site relating to any contamination for which remedial action has already been taken in accordance with the approved remedial action plan. The department shall condition the certificate of completion upon compliance with any monitoring, institutional, or technological controls that may be necessary and which were relied upon by the responsible person to demonstrate compliance with the remedial action plan. Any certificate of completion issued pursuant to this section shall be in a form which can be filed for record in the real estate records of the county in which the remedial action took place. The responsible person shall file the certificate of completion and notify the department within ten days after issuance as to the date and location of the real estate filing. If the department issues a certificate of completion to a responsible person under this section, a covenant not to sue shall arise by operation of law subject to subsection (2) of this section. The covenant not to sue releases the responsible person from liability to the state and from liability to perform additional environmental assessment, remedial activity, or response action with regard to the release of a petroleum product for which the responsible person has complied with the requirements of this subsection. The covenant not to sue shall be voided if the responsible person fails to conduct additional remedial action as required under subsection (2) of this section, if a certificate of completion is revoked by the department under subsection (3) of this section, or if the responsible person fails to comply with the monitoring, institutional, or technological controls, if any, upon which the certificate of completion is conditioned.

(2) A certificate of completion issued by the department under subsection (1) of this section shall require the responsible person to conduct additional remedial action in the event that any monitoring conducted at or near the real property or other circumstances indicate that (a) contamination is reoccurring, (b) additional contamination is present for which remedial action was not taken

according to the remedial action plan, or (c) contamination from the site presents a threat to human health or the environment and was not addressed in the remedial action plan.

(3) A certificate of completion shall be revoked if the department demonstrates by a preponderance of the evidence that any approval provided under this section was obtained by fraud or material misrepresentation, knowing failure to disclose material information, or false certification to the department. The department shall file a copy of the notice of revocation of any certificate of completion in the real estate records of the county in which the remedial action took place within ten days after such revocation.

(4) If a responsible person transfers property to an affiliate in order for that affiliate to obtain a benefit to which the transferor would not otherwise be eligible under this section or to avoid an obligation under this section, the affiliate shall be subject to the same obligations and obtain the same level of benefits as those available to the transferor under this section.

81-15,159 Legislative findings and intent; state purchases; preference requirements.

(1) The Legislature hereby finds and declares that:

(a) Some landfills operating with or without a permit in Nebraska exhibit numerous operational and management practices which are inconsistent with proper landfill management and permit requirements, and the owners and operators of such landfills should be encouraged to cooperate and work with the Department of Environment and Energy to ensure that the air, land, and water of this state are not polluted;

(b) Some landfills in Nebraska are reaching capacity and the siting of a new location can be a financially expensive and socially disruptive process, and because of this situation all Nebraska citizens and businesses are encouraged to implement waste reduction measures that will result in a reduction of waste entering landfills by at least twenty-five percent;

(c) Recycling and waste reduction are necessary components of any well-managed waste management system and can extend the lifespan of a landfill and provide alternative waste management options; and

(d) The state can encourage recycling by the example of its own purchase and use of recycled and recyclable materials. The state can also encourage recycling and waste reduction by the creation of funding grants which support existing and future waste management systems.

(2) It is the intent of the Legislature that the state, as a major consumer and an example for others, should assist resource recovery by making a concerted effort to use recyclable and recycled products and encourage other levels of government and the private sector to follow its example. When purchasing products, materials, or supplies for use by the State of Nebraska, the Department of Administrative Services, the University of Nebraska, and any other state agency making such purchases shall give preference to and purchase products, materials, and supplies which are manufactured or produced from

recycled material or which can be readily reused or recycled after their normal use. Preference shall also be given to the purchase of corn-based biodegradable plastics and road deicers, depending on the availability and suitability of such products. Such preference shall not operate when it would result in the purchase of products, materials, or supplies which are of inadequate quality or substantially higher cost.

Such local energy code shall be deemed equivalent to the Nebraska Energy Code if it does not result in energy consumption greater than would result from the strict application of the Nebraska Energy Code and is reasonably consistent with the intent of sections 81-1608 to 81-1626. Any building or portion thereof subject to the jurisdiction of and inspected by such county, city, or village shall be deemed

to comply with sections 81-1608 to 81-1626 if it meets the standards of such local energy code. Such county, city, or village may by ordinance or resolution prescribe a schedule of fees sufficient to pay the costs incurred pursuant to sections 81-1608 to 81-1626.

Any county, city, or village which adopts and enforces a local energy code may waive a specific requirement of the Nebraska Energy Code when meeting such requirement is not economically justified. The local code authority shall submit to the department its analysis for determining that a specific requirement is not justified. The department shall review such analysis and transmit its findings and conclusions to the local code authority within a reasonable time. The local code authority shall submit to the department its explanation as to how the original code or any revised code addresses the issues raised by the department. After a local code authority has submitted such explanation, the authority may proceed to enforce its local energy code.

(2) When an architect or engineer is retained: (a) The architect or engineer shall place his or her state registration seal on all construction drawings which shall indicate that the design meets the Nebraska Energy Code and (b) the prime contractor responsible for the actual construction shall build or cause to be built in accordance with the construction documents prepared by the architect or engineer.

81-2017 Retirement system; contributions; payment; funding of system.

(1) Commencing July 1, 2010, and until July 1, 2011, each officer while in the service of the Nebraska State Patrol shall pay or have paid on his or her behalf a sum equal to sixteen percent of his or her monthly compensation. Commencing July 1, 2011, and until July 1, 2013, each officer while in the service of the Nebraska State Patrol shall pay or have paid on his or her behalf a sum equal to nineteen percent of his or her monthly compensation. Commencing July 1, 2013, each officer who commenced service prior to July 1, 2016, while in the service of the Nebraska State Patrol shall pay or have paid on his or her behalf a sum equal to sixteen percent of his or her monthly compensation. Each officer who commenced service on or after July 1, 2016, while in the service of the Nebraska State Patrol shall pay or have paid on his or her behalf a sum equal to seventeen percent of his or her monthly compensation. Such amounts shall be deducted monthly by the Director of Administrative Services who shall draw a warrant monthly in the amount of the total deductions from the compensation of members of the Nebraska State Patrol in accordance with subsection (4) of this section, and the State Treasurer shall credit the amount of such warrant to the State Patrol Retirement Fund. The director shall cause a detailed report of all monthly deductions to be made each month to the board.

(2) In addition, commencing July 1, 2010, and until July 1, 2011, there shall be assessed against the appropriation of the Nebraska State Patrol a sum equal to the amount of sixteen percent of each officer's monthly compensation which shall be credited to the State Patrol Retirement Fund. Commencing July 1, 2011, and until July 1, 2013, there shall be assessed against the appropriation of the Nebraska State Patrol a sum equal to the amount of nineteen percent of each officer's monthly compensation which shall be credited to the State Patrol Retirement Fund. Commencing July 1, 2013, for each officer who commenced service prior to July 1, 2016, there shall be assessed against the appropriation of the Nebraska State Patrol a sum equal to the amount of sixteen percent of each officer's monthly compensation which shall be credited to the State Patrol Retirement Fund. Commencing July 1, 2016, for each officer who commenced service on or after July 1, 2016, there shall be assessed against the appropriation of the Nebraska State Patrol a sum equal to the amount of seventeen percent of each officer's monthly compensation which shall be credited to the

State Patrol Retirement Fund. This assessment constitutes an employer match and shall be contingent upon the officer making his or her contributions to the retirement system.

(3) For the fiscal year beginning on July 1, 2002, and each fiscal year thereafter, the actuary for the board shall perform an actuarial valuation of the system using the entry age actuarial cost method. Under this method, the actuarially required funding rate is equal to the normal cost rate, plus the contribution rate necessary to amortize the unfunded actuarial accrued liability on a level percentage of salary basis. The normal cost under this method shall be determined for each individual member on a level percentage of salary basis. The normal cost amount is then summed for all members. Beginning July 1, 2006, any existing unfunded liabilities shall be reinitialized and amortized over a thirty-year period, and during each subsequent actuarial valuation, changes in the funded actuarial accrued liability due to changes in benefits, actuarial assumptions, the asset valuation method, or actuarial gains or losses shall be measured and amortized over a thirty-year period beginning on the valuation date of such change. If the unfunded actuarial accrued liability under the entry age actuarial cost method is zero or less than zero on an actuarial valuation date, then all prior unfunded actuarial accrued liabilities shall be considered fully funded and the unfunded actuarial accrued liability shall be reinitialized and amortized over a thirty-year period as of the actuarial valuation date. If the actuarially required contribution rate exceeds the rate of all contributions required pursuant to the Nebraska State Patrol Retirement Act, there shall be a supplemental appropriation sufficient to pay for the differences between the actuarially required contribution rate and the rate of all contributions required pursuant to the Nebraska State Patrol Retirement Act. Such valuation shall be on the basis of actuarial assumptions recommended by the actuary, approved by the board, and kept on file with the board.

(4) The state shall pick up the member contributions required by this section for all compensation paid on or after January 1, 1985, and the contributions so picked up shall be treated as employer contributions pursuant to section 414(h)(2) of the Internal Revenue Code in determining federal tax treatment under the code and shall not be included as gross income of the member until such time as they are distributed or made available. The contributions, although designated as member contributions, shall be paid by the state in lieu of member contributions. The state shall pay these member contributions from the same source of funds which is used in paying earnings to the member. The state shall pick up these contributions by a compensation deduction through a reduction in the cash compensation of the member. Member contributions picked up shall be treated for all purposes of the Nebraska State Patrol Retirement Act in the same manner and to the extent as member contributions made prior to the date picked up.

81-2019.01 Board; power to adjust contributions and benefits; overpayment of benefits; investigatory powers; subpoenas.

(1)(a) If the board determines that the retirement system has previously received contributions or distributed benefits which for any reason are not in accordance with the statutory provisions of sections 81-2014 to 81-2036, the board shall refund contributions, require additional contributions, adjust benefits, or require repayment of benefits paid. In the event of an overpayment of a benefit, the board may, in addition to other remedies, offset future benefit payments by the amount of the prior overpayment, together with regular interest thereon. In the event of an underpayment of a benefit, the board shall immediately make payment equal to the deficit amount plus regular interest.

(b) The board shall have the power, through the director of the Nebraska Public Employees Retirement Systems or the director's designee, to make a thorough investigation of any overpayment of a benefit, when in the judgment of the retirement system such investigation is necessary, including, but not limited to, circumstances in which benefit payments are made after the death of a member or beneficiary and the retirement system is not made aware of such member's or beneficiary's death. In connection with any such investigation, the board, through the director or the director's designee, shall have the power to compel the attendance of witnesses and the production of books, papers, records, and documents, whether in hardcopy, electronic form, or otherwise, and issue subpoenas for such purposes. Such subpoenas shall be served in the same manner and have the same effect as subpoenas from district courts.

(2) The board may adopt and promulgate rules and regulations implementing this section, which shall include, but not be limited to, the following: (a) The procedures for refunding contributions, adjusting future contributions or benefit payments, and requiring additional contributions or repayment of benefits; (b) the process for a member, member's beneficiary, employee, or employer to dispute an adjustment of contributions or benefits; and (c) notice provided to all

81-2026 Retirement; annuity; officers; surviving spouse; children; benefit; disability or death in line of duty; benefit; maximum benefit; direct transfer to retirement plan; death while performing qualified military service; additional death benefit.

(1)(a) Any officer qualified for an annuity as provided in section 81-2025 for reasons other than disability shall be entitled to receive a monthly annuity for the remainder of the officer's life. The annuity payments shall continue until the end of the calendar month in which the officer dies. The amount of the annuity shall be a percentage of the officer's final average monthly compensation. For retirement on or after the fifty-fifth birthday of the member or on or after the fiftieth birthday of a member who has been in the employ of the state for twenty-five years, as calculated in section 81-2033, the percentage shall be three percent multiplied by the number of years of creditable service, as calculated in section 81-2033, except that the percentage shall never be greater than seventy-five percent.

(b) For retirement pursuant to subsection (2) of section 81-2025 on or after the fiftieth birthday of the member but prior to the fifty-fifth birthday of the member who has been in the employ of the state for less than twenty-five years, as calculated in section 81-2033, the annuity which would apply if the member were age fifty-five at the date of retirement shall be reduced by five-ninths of one percent for each month by which the early retirement date precedes age fifty-five or for each month by which the early retirement date precedes the date upon which the member has served for twenty-five years, whichever is earlier. Any officer who has completed thirty years of creditable service with the Nebraska State Patrol shall have retirement benefits computed as if the officer had reached age fifty-five.

(c) For purposes of this computation:

(i) For an officer who became a member prior to July 1, 2016, final average monthly compensation means the sum of the officer's total compensation during the three twelve-month periods of service as an officer in which compensation was the greatest divided by thirty-six and:

(A) For any officer employed on or before January 4, 1979, the officer's total compensation includes payments received for unused vacation and sick leave accumulated during the final three years of service; or

(B) For any officer employed after January 4, 1979, and prior to July 1, 2016, the officer's total compensation includes payments received for unused holiday compensatory time and unused compensatory time; and

(ii) For an officer who became a member on or after July 1, 2016, final average monthly compensation means the sum of the officer's total compensation during the five twelve-month periods of service as an officer in which compensation was the greatest divided by sixty and does not include payments received for unused sick leave, unused vacation leave, unused holiday compen-

satory time, unused compensatory time, or any other type of unused leave, compensatory time, or similar benefits, converted to cash payments. The five twelve-month periods used for calculating an officer's final average monthly compensation ends with the month during which the officer's final compensation is paid. In the determination of compensation, that part of an officer's compensation for the plan year which exceeds the officer's compensation for the preceding plan year by more than eight percent during the capping period shall be excluded. Such officer's compensation for the first plan year of the capping period shall be compared to the officer's compensation received for the plan year immediately preceding the capping period. For purposes of this subdivision, capping period means the five plan years preceding the officer's retirement date. The board may adopt and promulgate rules and regulations for the implementation of this section, including rules and regulations related to prorating, annualizing, or recalculating an officer's final average monthly compensation for each plan year in the capping period.

(2) Any officer qualified for an annuity as provided in section 81-2025 for reasons of disability shall be entitled to receive a monthly annuity for the remainder of the period of disablement as provided in sections 81-2028 to 81-2030. The amount of the annuity shall be fifty percent of the officer's monthly compensation at the date of disablement if the officer has completed seventeen or fewer years of creditable service. If the officer has completed more than seventeen years of creditable service, the amount of the annuity shall be three percent of the final monthly compensation at the date of disablement multiplied by the total years of creditable service but not to exceed seventy-five percent of the final average monthly compensation as defined in subsection (1) of this section. The date of disablement shall be the date on which the benefits as provided in section 81-2028 have been exhausted.

(3) Upon the death of an officer after retirement for reasons other than disability, benefits shall be provided as a percentage of the amount of the officer's annuity, calculated as follows:

(a) If there is a surviving spouse but no dependent child or children of the officer under nineteen years of age, the surviving spouse shall receive a benefit equal to seventy-five percent of the amount of the officer's annuity for the remainder of the surviving spouse's life;

(b) If there is a surviving spouse and the surviving spouse has in his or her care a dependent child or children of the officer under nineteen years of age and there is no other dependent child or children of the officer not in the care of the surviving spouse under nineteen years of age, the benefit shall be equal to one hundred percent of the officer's annuity. When there is no remaining dependent child of the officer under nineteen years of age, the benefit shall be seventy-five percent of the amount of the officer's annuity to the surviving spouse for the remainder of the surviving spouse's life;

(c) If there is a surviving spouse and the surviving spouse has in his or her care a dependent child or children of the officer under nineteen years of age or there is another dependent child or children of the officer under nineteen years of age not in the care of the surviving spouse, the benefit shall be twenty-five percent of the amount of the officer's annuity to the surviving spouse and seventy-five percent of the amount of the officer's annuity to the dependent children of the officer under nineteen years of age to be divided equally among such dependent children but in no case shall the benefit received by a surviving

spouse and dependent children residing with such spouse be less than fifty percent of the amount of the officer's annuity. At such time as any dependent child of the officer attains nineteen years of age, the benefit shall be divided equally among the remaining dependent children of the officer who have not yet attained nineteen years of age. When there is no remaining dependent child of the officer under nineteen years of age, the benefit shall be seventy-five percent of the amount of the officer's annuity to the surviving spouse for the remainder of the surviving spouse's life;

(d) If there is no surviving spouse and a dependent child or children of the officer under nineteen years of age, the benefit shall be equal to seventy-five percent of the officer's annuity to the dependent children of the officer under nineteen years of age to be divided equally among such dependent children. At such time as any dependent child of the officer attains nineteen years of age, the benefit shall be divided equally among the remaining dependent children of the officer who have not yet attained nineteen years of age; and

(e) If there is no surviving spouse or no dependent child or children of the officer under nineteen years of age, the amount of benefit such officer has received under the Nebraska State Patrol Retirement Act shall be computed. If such amount is less than the contributions to the State Patrol Retirement Fund made by such officer, plus regular interest, the difference shall be paid to the officer's designated beneficiary or estate.

(4) Upon the death of an officer after retirement for reasons of disability, benefits shall be provided as if the officer had retired for reasons other than disability.

(5) Upon the death of an officer before retirement, benefits shall be provided as if the officer had retired for reasons of disability on the date of such officer's death, calculated as follows:

(a) If there is a surviving spouse but no dependent child or children of the officer under nineteen years of age, the surviving spouse shall receive a benefit equal to seventy-five percent of the amount of the officer's annuity for the remainder of the surviving spouse's life;

(b) If there is a surviving spouse and the surviving spouse has in his or her care a dependent child or children of the officer under nineteen years of age and there is no other dependent child or children of the officer not in the care of the surviving spouse under nineteen years of age, the benefit shall be equal to one hundred percent of the officer's annuity. When there is no remaining dependent child of the officer under nineteen years of age, the benefit shall be seventy-five percent of the amount of the officer's annuity to the surviving spouse for the remainder of the surviving spouse's life;

(c) If there is a surviving spouse and the surviving spouse has in his or her care a dependent child or children of the officer under nineteen years of age or there is another dependent child or children of the officer under nineteen years of age not in the care of the surviving spouse, the benefit shall be twenty-five percent of the amount of the officer's annuity to the surviving spouse and seventy-five percent of the amount of the officer's annuity to the dependent children of the officer under nineteen years of age to be divided equally among such dependent children but in no case shall the benefit received by a surviving spouse and dependent children residing with such spouse be less than fifty percent of the amount of the officer's annuity. At such time as any dependent child of the officer attains nineteen years of age, the benefit shall be divided

equally among the remaining dependent children of the officer who have not yet attained nineteen years of age. When there is no remaining dependent child of the officer under nineteen years of age, the benefit shall be seventy-five percent of the amount of the officer's annuity to the surviving spouse for the remainder of the surviving spouse's life;

(d) If there is no surviving spouse and a dependent child or children of the officer under nineteen years of age, the benefit shall be equal to seventy-five percent of the officer's annuity to the dependent children of the officer under nineteen years of age to be divided equally among such dependent children. At such time as any dependent child of the officer attains nineteen years of age, the benefit shall be divided equally among the remaining dependent children of the officer who have not yet attained nineteen years of age; and

(e) If no benefits are paid to a surviving spouse or dependent child or children of the officer, benefits will be paid as described in subsection (1) of section 81-2031.

(6) A lump-sum death benefit paid to the member's beneficiary, other than the member's estate, that is an eligible distribution may be distributed in the form of a direct transfer to a retirement plan eligible to receive such transfer under the provisions of the Internal Revenue Code.

(7) For any member whose death occurs on or after January 1, 2007, while performing qualified military service as defined in section 414(u) of the Internal Revenue Code, the member's beneficiary shall be entitled to any additional death benefit that would have been provided, other than the accrual of any benefit relating to the period of qualified military service. The additional death benefit shall be determined as if the member had returned to employment with the Nebraska State Patrol and such employment had terminated on the date of the member's death.

(8) Any changes made to this section by Laws 2004, LB 1097, shall apply only to retirements, disabilities, and deaths occurring on or after July 16, 2004.

81-2027.08 Officer who became member prior to July 1, 2016; annual benefit adjustment; cost-of-living adjustment calculation method.

(1) Beginning July 1, 2011, and each July 1 thereafter, the board shall determine the number of retired members or beneficiaries described in subdivision (4)(b) of this section in the retirement system and an annual benefit adjustment shall be made by the board for each retired member or beneficiary

under one of the cost-of-living adjustment calculation methods found in subsection (2), (3), or (4) of this section. Each retired member or beneficiary, if eligible, shall receive an annual benefit adjustment under the cost-of-living adjustment calculation method that provides the retired member or beneficiary the greatest annual benefit adjustment increase. No retired member or beneficiary shall receive an annual benefit adjustment under more than one of the cost-of-living adjustment calculation methods provided in this section.

(2) The current benefit paid to a retired member or beneficiary under this subsection shall be adjusted so that the purchasing power of the benefit being paid is not less than sixty percent of the purchasing power of the initial benefit. The purchasing power of the initial benefit in any year following the year in which the initial benefit commenced shall be calculated by dividing the United States Department of Labor, Bureau of Labor Statistics, Consumer Price Index for Urban Wage Earners and Clerical Workers factor on June 30 of the current year by the Consumer Price Index for Urban Wage Earners and Clerical Workers factor on June 30 of the year in which the benefit commenced. The result shall be multiplied by the product that results when the amount of the initial benefit is multiplied by sixty percent. In any year in which applying the adjustment provided in subsection (3) of this section results in a benefit which would be less than sixty percent of the purchasing power of the initial benefit as calculated in this subsection, the adjustment shall instead be equal to the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers factor from the prior year to the current year.

(3) The current benefit paid to a retired member or beneficiary under this subsection shall be increased annually by the lesser of (a) the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers for the period between June 30 of the prior year to June 30 of the present year or (b) two and one-half percent.

(4)(a) The current benefit paid to a retired member or beneficiary under this subsection shall be calculated by multiplying the retired member's or beneficiary's total monthly benefit by the lesser of (i) the cumulative change in the Consumer Price Index for Urban Wage Earners and Clerical Workers from the last adjustment of the total monthly benefit of each retired member or beneficiary through June 30 of the year for which the annual benefit adjustment is being calculated or (ii) an amount equal to three percent per annum compounded for the period from the last adjustment of the total monthly benefit of each retired member or beneficiary through June 30 of the year for which the annual benefit adjustment is being calculated.

(b) In order for a retired member or beneficiary to receive the cost-of-living adjustment calculation method in this subsection, the retired member or beneficiary shall be (i) a retired member or beneficiary who has been receiving a retirement benefit for at least five years if the member had at least twenty-five years of creditable service, (ii) a member who has been receiving a disability retirement benefit for at least five years pursuant to section 81-2025, or (iii) a beneficiary who has been receiving a death benefit pursuant to section 81-2026 for at least five years, if the member's or beneficiary's monthly accrual rate is less than or equal to the minimum accrual rate as determined by this subsection.

(c) The monthly accrual rate under this subsection is the retired member's or beneficiary's total monthly benefit divided by the number of years of creditable service earned by the retired or deceased member.

(d) The total monthly benefit under this subsection is the total benefit received by a retired member or beneficiary pursuant to the Nebraska State Patrol Retirement Act and previous adjustments made pursuant to this section or any other provision of the act that grants a benefit or cost-of-living increase, but the total monthly benefit shall not include sums received by an eligible retired member or eligible beneficiary from federal sources.

(e) Beginning July 1, 2010, the minimum accrual rate under this subsection was forty dollars and sixteen cents. Beginning July 1, 2011, the minimum accrual rate under this subsection was forty-one dollars and seventy-nine cents. Beginning July 1, 2012, the minimum accrual rate under this subsection was forty-two dollars and forty-five cents. Beginning July 1, 2013, the board shall annually adjust the minimum accrual rate to reflect the cumulative percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers from the last adjustment of the minimum accrual rate.

(5) Beginning July 1, 2011, and each July 1 thereafter, each retired member or beneficiary shall receive the sum of the annual benefit adjustment and such retiree's total monthly benefit less withholding, which sum shall be the retired member's or beneficiary's adjusted total monthly benefit. Each retired member or beneficiary shall receive the adjusted total monthly benefit until the expiration of the annuity option selected by the member or until the retired member or beneficiary again qualifies for the annual benefit adjustment, whichever occurs first.

(6) The annual benefit adjustment pursuant to this section shall not cause a current benefit to be reduced, and a retired member or beneficiary shall never receive less than the adjusted total monthly benefit until the annuity option selected by the member expires.

(7) The board shall adjust the annual benefit adjustment provided in this section so that the cost-of-living adjustment provided to the retired member or beneficiary at the time of the annual benefit adjustment does not exceed the change in the Consumer Price Index for Urban Wage Earners and Clerical Workers for the period between June 30 of the prior year to June 30 of the present year. If the consumer price index used in this section is discontinued or replaced, a substitute index published by the United States Department of Labor shall be selected by the board which shall be a reasonable representative measurement of the cost-of-living for retired employees.

(8) This section applies to an officer who became a member prior to July 1, 2016.

81-2027.09 Officer who became member on or after July 1, 2016; annual benefit adjustment.

On July 1 of each year, for officers who became members on or after July 1, 2016:

(1) The board shall determine the number of retired members or beneficiaries of members in the retirement system who became members on or after July 1,

2016, and an annual benefit adjustment shall be made by the board for each such retired member or beneficiary. The benefit paid to a retired member or beneficiary under this section shall be increased annually by the lesser of (a) the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers for the period between June 30 of the prior year to June 30 of the present year or (b) one percent. If the consumer price index used in this section is discontinued or replaced, a substitute index published by the United States Department of Labor shall be selected by the board which shall be a reasonable representative measurement of the cost-of-living for retired employees;

(2) Each retired member or beneficiary shall receive the sum of the annual benefit adjustment and such retired member's or beneficiary's total monthly benefit less withholding, which sum shall be the retired member's or beneficiary's adjusted total monthly benefit. Each such retired member or beneficiary shall receive the adjusted total monthly benefit until the expiration of the annuity option selected by the member or until the retired member or beneficiary again qualifies for the annual benefit adjustment, whichever occurs first; and

(3) The annual benefit adjustment pursuant to this section shall not cause a current benefit to be reduced, and a retired member or beneficiary shall never receive less than the adjusted total monthly benefit until the annuity option selected by the member expires.

81-2027.10 Officer who became member on or after July 1, 2016; lump-sum cost-of-living payment.

(1) Beginning July 1, 2016, for officers who became members on or after July 1, 2016, if the annual valuation made by the actuary, as approved by the board, indicates that the retirement system is fully funded and has sufficient actuarial surplus to provide for a supplemental, lump-sum cost-of-living payment, the board may, in its discretion, elect to pay up to a maximum one and one-half percent supplemental, lump-sum cost-of-living payment to each retired member or beneficiary based on the retired member's or beneficiary's total monthly benefit through June 30 of the year for which the supplemental, lump-sum cost-of-living payment is being calculated. The supplemental, lump-sum cost-of-living payment shall be paid within sixty days after the board's decision. In no event shall the board declare a supplemental, lump-sum cost-of-living payment if such adjustment would cause the plan to be less than fully funded.

(2) For purposes of this section, fully funded means the unfunded actuarial accrued liability, based on the lesser of the actuarial value and the market value, under the entry age actuarial cost method, is less than zero on the most recent actuarial valuation date.

(3) Any decision or determination by the board to declare or not declare a cost-of-living payment or as to whether the annual valuation indicates a sufficient actuarial surplus to provide for a cost-of-living payment shall be made in the sole, absolute, and final discretion of the board and shall not be subject to challenge by any member or beneficiary. In no event shall the Legislature be constrained or limited in amending the system notwithstanding the effect of any

such change upon the actuarial surplus of the system and the ability of the board to declare future cost-of-living payments.

(2) For distributions made to a distributee on or after January 1, 1993, a distributee may elect to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee.

The member's interest under subdivision (a) or (b) of this subsection must be transferred to the retirement system within sixty days from the date of the distribution from the qualified plan, individual retirement account, or individual retirement annuity.

(2) Cash transferred to the retirement system as a rollover contribution shall be deposited as other payments for service credits.

81-2034 Retirement; method of crediting for military service; effect.

(1)(a) Any officer of the Nebraska State Patrol who is reemployed pursuant to 38 U.S.C. 4301 et seq., shall be treated as not having incurred a break in service by reason of the officer's period of military service. Such military service shall be credited for purposes of determining the nonforfeitability of the officer's accrued benefits and the accrual of benefits under the plan.

(b) The state shall be liable for funding any obligation of the plan to provide benefits based upon such period of military service. To satisfy the liability, the Nebraska State Patrol shall pay to the retirement system an amount equal to:

(i) The sum of the officer and employer contributions that would have been paid during such period of military service; and

(ii) Any actuarial costs necessary to fund the obligation of the plan to provide benefits based upon such period of military service. For the purposes of determining the amount of such liability and obligation of the plan, earnings and forfeitures, gains and losses, regular interest, or interest credits that would have accrued on the officer and employer contributions that are paid by the Nebraska State Patrol pursuant to this section shall not be included.

(c) The amount required in subdivision (b) of this subsection shall be paid to the retirement system as soon as reasonably practicable following the date of reemployment, but must be paid within eighteen months of the date the board notifies the Nebraska State Patrol of the amount due. If the Nebraska State Patrol fails to pay the required amount within such eighteen-month period, then the Nebraska State Patrol is also responsible for any actuarial costs and interest on actuarial costs that accrue from eighteen months after the date the Nebraska State Patrol is notified by the board until the date the amount is paid.

(d) The board may adopt and promulgate rules and regulations to carry out this subsection, including, but not limited to, rules and regulations on:

(i) How and when the officer and Nebraska State Patrol must notify the retirement system of a period of military service;

(ii) The acceptable methods of payment;

(iii) Determining the service and compensation upon which the contributions must be made;

(iv) Accelerating the payment from the employer due to unforeseen circumstances that occur before payment is made pursuant to this section, including, but not limited to, the officer's termination or retirement or the employer's reorganization, consolidation, merger, or closing; and

(v) The documentation required to substantiate that the officer was reemployed pursuant to 38 U.S.C. 4301 et seq.

(2) This section only applies to military service that falls within the definition of uniformed service under 38 U.S.C. 4301 et seq. Military service does not include service provided pursuant to sections 55-101 to 55-181.

(1) Any officer who became a member prior to July 1, 2016, and who meets the participation requirements of subsection (2) of this section may participate in DROP. DROP provides that subsequent to attaining normal age and service retirement eligibility, a member may voluntarily choose to participate in DROP upon its adoption which, for purposes of this section, shall be the earlier of September 1, 2008, or the first of the month following a favorable letter determination by the Internal Revenue Service. If the member chooses to participate in DROP, the member shall be deemed to have retired but shall not be deemed to be terminated, and the member may continue in active employment for up to a five-year period. During the DROP period, the member's retirement benefit payments shall be deposited into the DROP account for the benefit of the member until the member actually retires from active employment at or before the expiration of the DROP period. Thereafter, future retirement benefit payments shall be made directly to the member, and the member shall have access to all funds in the DROP account designated for the benefit of the member. DROP funds shall be held and invested in a defined contribution account under section 414(k) of the Internal Revenue Code and shall meet the limitations in section 415 of the code.

(2) To participate in the DROP program, a member shall meet the following requirements:

(a) A member shall be eligible to enter DROP at any time subsequent to the date when the member has (i) attained normal retirement age and (ii) completed twenty-five years of service. Members having attained normal retirement age and completed twenty-five years of service on or before the date of adoption of DROP shall be eligible to enter DROP at any future date;

(b) A member who elects to enter DROP shall be entitled to receive regular age and service retirement benefits in accordance with section 81-2026. A member is entitled to remain in DROP for a maximum of five years subsequent to the date of the member's DROP election. A member may separate from service and thereby exit DROP at any time during the DROP period. On or before the completion of the DROP period, the member must separate from active employment and exit DROP. During the DROP period, a member's retirement benefit shall be payable to the DROP account vendor designated in the member's name. Amounts transferred or paid to a participating member's DROP account shall not constitute annual additions under section 415 of the Internal Revenue Code;

(c) A member electing to enter DROP shall choose an annuity payment option. After the option is chosen, the member shall not be entitled to any retirement benefit changes, for reasons including, but not limited to, wage increases, promotions, and demotions, except that the restriction on retirement

benefit changes shall not apply in the event of duty-related death or duty-related disability. The benefit amount shall be fixed as of the date of election and shall be payable as if the employee retired on that date and separated from active employment. Upon the death of a member during the DROP period, monthly benefits shall be provided as a percentage of the amount of the member's annuity as set forth in subsection (3) of section 81-2026 based upon the annuity benefit calculation made at commencement of the DROP period. In addition, the balance of the DROP account, if any, shall be provided to the beneficiary or beneficiaries of the member in accordance with subsection (6) of section 81-2026 or, if no beneficiary is provided, to the estate of the member. Upon the disability of a member during the DROP period, the member shall be deemed to have completed the DROP period, shall begin receiving the annuity benefit as calculated at the commencement of the DROP period, and shall be paid the balance of the DROP account, if any;

(d) No member shall be allowed to continue making the required contributions while the member is enrolled in DROP;

(e) During the DROP period, the Nebraska State Patrol shall not be assessed the amount required under subsection (2) of section 81-2017 nor shall such amount be credited to the State Patrol Retirement Fund;

(f) The member shall be paid the balance of the DROP account upon the member's separation from active employment or at the expiration of the DROP period thereby ending the member's participation in DROP. If a member has not voluntarily separated from active employment on or before the completion of the DROP period, the member's retirement benefit shall be paid directly to the member thereby ending the member's active employment. The member's DROP account shall consist of accrued retirement benefits and interest on such benefits;

(g) Any member that is enrolled in DROP shall be responsible for directing the DROP account designated for the benefit of the member by investing the account in any DROP investment options. There shall be no guaranteed rate of investment return on DROP account assets. Any losses, charges, or expenses incurred by the participating DROP member in such member's DROP account by virtue of the investment options selected by the participating DROP member shall not be made up by the retirement system but all of the same shall be borne by the participating DROP member. The retirement system, the state, the board, and the state investment officer shall not be responsible for any investment results under the DROP agreement. Transfers between investment options shall be in accordance with the rules and regulations of DROP. A DROP account shall be established for each participating DROP member. Such DROP account shall be adjusted no less frequently than annually for the member's retirement benefit distributions and net investment earnings and losses;

(h) If the DROP account is subject to administrative or other fees or charges, such fees or charges shall be charged to the participating DROP member's DROP account;

(i) Cost-of-living adjustments or payments as provided for in section 81-2027.08 or 81-2027.09 and 81-2027.10 shall not be applied to retirement benefits during the DROP period; and

(j) Any officer who became a member on or after July 1, 2016, is specifically prohibited from participating in DROP.

FIRST REGIMENT NEBRASKA VOLUNTEER INFANTRY

Section

82-801. Legislative findings.

82-802. Fort Donelson National Battlefield; placement of monument; request for approval and authorization; agreement.

82-803. First Regiment Nebraska Volunteer Infantry at Fort Donelson Committee;

created; purpose; members; meetings; duties; vacancy; report; termination.

82-804. First Regiment Nebraska Volunteer Infantry at Fort Donelson Committee; purpose; funding.

82-801 Legislative findings.

The Legislature finds that:

(1) In February 1862, the Battle of Fort Donelson was fought in the woods of northwestern Tennessee. On February 13, Brigadier General Ulysses S. Grant's Union army laid siege to Confederate fortifications surrounding the town of Dover, fortifications that guarded the vital Cumberland River route to Nashville. Bottled up in their trenches were thousands of Confederate defenders;

(2) Grant's army had failed to break the Confederate lines during brutal fighting on February 13. The next day, February 14, Union gunboats on the Cumberland River were repulsed by Confederate cannon firing from the shore. In the meantime, Union reinforcements reached the battlefield, including the First Regiment Nebraska Volunteer Infantry. That night, while both armies slept fitfully and snow fell upon the camps, Confederate generals hatched a plan for their army to break out of encirclement and to escape to open countryside. The First Nebraska would help ensure that the Confederate army would not escape, and made an important contribution to the first decisive Union victory of the Civil War;

(3) At dawn on February 15, the Confederates assaulted the Union army's right and forced the blue-clad soldiers into headlong retreat. By mid-morning, the Union line had been broken. Just as the Confederates seemed poised on the brink of victory, Brigadier General Lew Wallace ordered up the First Nebraska, several Illinois and Ohio regiments, and two cannon batteries to block the Confederates' decisive attack. When the attack came, reported Private Thomas Keen, the First Nebraska soldiers "kept up a terrible fire on them" for three quarters of an hour and the enemy withdrew in confusion. The Nebraskans' performance in their first battle drew General Wallace's praise: "The (First Nebraska) met the storm, no man flinching, and their fire was terrible. To say they did well is not enough. Their conduct was splendid. They alone repelled the charge.";

(4) After the Confederate attack had been turned back, Grant ordered Union troops at the other end of his line to charge enemy trenches from which troops had been withdrawn to join the morning breakout. This charge captured part of the Confederate lines, giving the Union army the upper hand. The next morning, the Confederates surrendered, netting Grant a dramatic victory along with an estimated sixteen to seventeen thousand rebel soldiers as prisoners of war. General Grant earned his moniker "Unconditional Surrender" Grant from this battle;

(5) Civil War historian Bruce Catton called the Battle of Fort Donelson "one of the most decisive engagements of the entire war." It was a devastating blow to the Confederate strategic position in the western theater, and Nashville soon became the first rebel state capital to fall to Union forces. Moreover, Grant's success at Fort Donelson brought him to national attention. He would go on to command all Union armies by 1864; and

(6) Nebraskans can be proud of their regiment's role in this pivotal Civil War battle. The members of the First Nebraska deserve a monument at the battlefield commemorating their actions.

If the physician or psychologist is of the opinion that the person

cannot be given proper treatment in that facility, the director may arrange for his or her transfer for examination, study, and treatment to any medical-correctional facility or to another institution in the Department of Health and Human Services where proper treatment is available. A person who is so transferred shall remain subject to the jurisdiction and custody of the Department of Correctional Services and shall be returned to the department when, prior to the expiration of his or her sentence, treatment in such facility is no longer necessary.

(2) When the physician or psychologist designated by the Director of Correctional Services finds that a person committed to the department suffers from a physical disease or defect or mental illness which in his or her opinion cannot be properly treated in any facility or institution in the Department of Health and Human Services, the director may arrange for his or her transfer for treatment to a hospital or psychiatric facility outside the department. (3) The director shall adopt and promulgate rules and regulations to establish evidence-based criteria which the department shall use to identify any person nearing release who should be evaluated to determine whether he or she is a mentally ill and dangerous person as defined in section 71-908. When two psychiatrists designated by the director find that a person about to be released or discharged from any facility is a mentally ill and dangerous person as defined in section 71-908, the director shall transfer him or her to, or if he or she has already been transferred, permit him or her to remain in, a psychiatric facility in the Department of Health and Human Services and shall promptly commence proceedings under the Nebraska Mental Health Commitment Act.

(4) The director shall adopt and promulgate rules and regulations for risk assessment and management for inmates. Such rules and regulations shall establish a structured decisionmaking process that is consistent with professional standards of care and is consistent with available risk assessment and management guidelines. The process developed shall be performed by individuals with proper training and continuing education related to relevant areas of risk assessment and management. Appropriate quality assurance and outcome assessment shall be included to ensure fidelity to the process and address relevant challenges. The rules and regulations shall establish a rational process for prioritizing who shall be screened and evaluated and when, which shall include, but not be limited to: Incidents of violent activity during incarceration; attempts of suicide or other major self-harm behaviors; and a process for staff to nominate inmates for screening based upon behavior that raises concern for community safety as release approaches.

(5) The director shall adopt and promulgate rules and regulations to ensure that all persons who are incarcerated receive a full mental health screening within the first two weeks of intake to determine whether or not an inmate is mentally ill as defined in section 71-907. Such determination shall be reflected in the inmate's individualized treatment plan and shall include adequate mental health treatment. If, at any point during his or her incarceration, an inmate is

The Legislature recognizes that many inmate self-betterment clubs and cultural clubs help achieve this goal by providing constructive opportunities for personal growth.

(3) If a person committed to the department refuses to participate in the structured programming described in subsection (1) of this section, he or she shall be subject to disciplinary action, except that a person committed to the department who refuses to participate in structured programming consisting of classes and activities organized by inmate self-betterment clubs, cultural clubs, or other inmate-led or volunteer-led groups shall not be subject to disciplinary action.

(1) The board, in consultation with the department, shall adopt and promulgate rules and regulations to reduce the number of inmates under the custody of the department who serve their entire sentence in a correctional facility and are released without supervision. The rules and regulations shall establish clear guidelines and procedures to ensure that each parolee is subject to a minimum of nine months of supervision and shall place priority on providing supervision lengths that enable meaningful transition periods for all offenders. The report also shall provide recommendations from the department and board for changes to policy and practice to meet the goal of achieving a reduction in the number of inmates under the custody of the department who serve their entire sentence in a correctional facility and are released without supervision. The report to the Legislature shall be submitted electronically.

the individual's personal freedom, which minimize the risk of recidivism and are compatible with public safety; and

(e) In determining the conditions of supervision to be imposed, the division shall consider the following:

83-1,107 Reductions of sentence; personalized program plan; how credited; forfeiture; withholding; restoration; release or reentry plan; treatment programming; individualized post-release supervision plan.

(1)(a) Within sixty days after initial classification and assignment of any offender committed to the department, all available information regarding such committed offender shall be reviewed and a committed offender department-approved personalized program plan document shall be drawn up. The document shall specifically describe the department-approved personalized program plan and the specific goals the department expects the committed offender to achieve. The document shall also contain a realistic schedule for completion of the department-approved personalized program plan. The department-approved personalized program plan shall be developed with the active participation of the committed offender. The department shall provide programs to allow compliance by the committed offender with the department-approved personalized program plan.

Programming may include, but is not limited to:

(i) Academic and vocational education, including teaching such classes by qualified offenders;

(ii) Substance abuse treatment;

(iii) Mental health and psychiatric treatment, including criminal personality programming;

(iv) Constructive, meaningful work programs; and

(v) Any other program deemed necessary and appropriate by the department.

(b) A modification in the department-approved personalized program plan may be made to account for the increased or decreased abilities of the committed offender or the availability of any program. Any modification shall be made only after notice is given to the committed offender. The department may not impose disciplinary action upon any committed offender solely because of the committed offender's failure to comply with the department-approved personalized program plan, but such failure may be considered by the board in its deliberations on whether or not to grant parole to a committed offender.

(2)(a) The department shall reduce the term of a committed offender by six months for each year of the offender's term and pro rata for any part thereof which is less than a year.

(b) In addition to reductions granted in subdivision (2)(a) of this section, the department shall reduce the term of a committed offender by three days on the first day of each month following a twelve-month period of incarceration within the department during which the offender has not been found guilty of (i) a Class I or Class II offense or (ii) more than three Class III offenses under the department's disciplinary code. Reductions earned under this subdivision shall not be subject to forfeit or withholding by the department.

(c) The total reductions under this subsection shall be credited from the date of sentence, which shall include any term of confinement prior to sentence and commitment as provided pursuant to section 83-1,106, and shall be deducted from the maximum term, to determine the date when discharge from the custody of the state becomes mandatory.

(3) While the offender is in the custody of the department, reductions of terms granted pursuant to subdivision (2)(a) of this section may be forfeited, withheld, and restored by the chief executive officer of the facility with the approval of the director after the offender has been notified regarding the charges of misconduct.

(4) The department shall ensure that a release or reentry plan is complete or near completion when the offender has served at least eighty percent of his or her sentence. For purposes of this subsection, release or reentry plan means a comprehensive and individualized strategic plan to ensure an individual's safe and effective transition or reentry into the community to which he or she resides with the primary goal of reducing recidivism. At a minimum, the release or reentry plan shall include, but not be limited to, consideration of the individual's housing needs, medical or mental health care needs, and transportation and job needs and shall address an individual's barriers to successful release or reentry in order to prevent recidivism. The release or reentry plan does not include an individual's programming needs included in the individual's personalized program plan for use inside the prison.

(5)(a) The department shall make treatment programming available to committed offenders as provided in section 83-1,110.01 and shall include continuing participation in such programming as part of each offender's parolee personalized program plan.

(b) Any committed offender with a mental illness shall be provided with the community standard of mental health care. The mental health care shall utilize evidence-based therapy models that include an evaluation component to track the effectiveness of interventions.

(c) Any committed offender with a mental illness shall be evaluated before release to ensure that adequate monitoring and treatment of the committed offender will take place or, if appropriate, that a commitment proceeding under the Nebraska Mental Health Commitment Act or the Sex Offender Commitment Act will take place.

(6)(a) Within thirty days after any committed offender has been paroled, all available information regarding such parolee shall be reviewed and a case plan document shall be drawn up and approved by the Division of Parole Supervision. The document shall specifically describe the approved case plan and the specific goals the division expects the parolee to achieve. The document shall also contain a realistic schedule for completion of the approved case plan. The approved case plan shall be developed with the active participation of the parolee. During the term of parole, the parolee shall comply with the approved

case plan and the division shall provide programs to allow compliance by the parolee with the approved case plan.

Programming may include, but is not limited to:

- (i) Academic and vocational education;
- (ii) Substance abuse treatment;
- (iii) Mental health and psychiatric treatment, including criminal personality programming;
- (iv) Constructive, meaningful work programs;
- (v) Community service programs; and
- (vi) Any other program deemed necessary and appropriate by the division.

(b) A modification in the approved case plan may be made to account for the increased or decreased abilities of the parolee or the availability of any program. Any modification shall be made only after notice is given to the parolee. Intentional failure to comply with the approved case plan by any parolee as scheduled for any year, or pro rata part thereof, shall cause disciplinary action to be taken by the division resulting in the forfeiture of up to a maximum of three months' good time for the scheduled year.

(7) While the offender is in the custody of the board, reductions of terms granted pursuant to subdivision (2)(a) of this section may be forfeited, withheld, and restored by the director upon the recommendation of the board after the offender has been notified regarding the charges of misconduct or breach of the conditions of parole.

(8) Good time or other reductions of sentence granted under the provisions of any law prior to July 1, 1996, may be forfeited, withheld, or restored in accordance with the terms of the Nebraska Treatment and Corrections Act.

(9) Pursuant to rules and regulations adopted by the probation administrator and the director, an individualized post-release supervision plan shall be collaboratively prepared by the Office of Probation Administration and the department and provided to the court to prepare individuals under custody of the department for post-release supervision. All records created during the period of incarceration shall be shared with the Office of Probation Administration and considered in preparation of the post-release supervision plan.

83-1,107.01 Fees; waiver; when; failure to pay; effect.

(1) Unless otherwise provided by this section, whenever an adult offender is paroled, the board shall require a parolee to pay a monthly parole programming fee.

(2) Parolees under the supervision of the Division of Parole Supervision shall pay a monthly parole programming fee of twenty-five dollars, not later than the

tenth day of each month, beginning the second month of parole supervision and continuing for the duration of the parole.

(3) The board shall waive payment of the monthly parole programming fee in whole or in part if after a hearing a determination is made that such payment would constitute an undue hardship on the parolee due to limited income, employment or school status, or physical or mental handicap. Such waiver shall be in effect only during the period of time that the parolee is unable to pay his or her monthly parole programming fee.

(4) When monthly parole programming fees are waived, in whole or in part, the parole officer, pursuant to rules and regulations adopted by the board, may contract with the parolee to perform approved community service at the rate of five dollars per hour in lieu of payment of monthly parole programming fees. A parolee may be required to pay a participation fee in order to take advantage of community service programs. A parolee may not accumulate more than three months' advance credit for community service. The use of community service alternatives does not preclude the imposition of other intermediate measures.

(5) The division with the approval of the Board of Parole shall implement sanctions if a parolee defaults in the payment of monthly parole programming fees or any installment thereof as established by subsection (2) of this section, except that parole shall not be revoked nor shall the parolee be imprisoned for such nonpayment if the parolee is financially unable to make the payment.

(6) If the board determines that the default in payment described in subsection (5) of this section was not attributable to a deliberate refusal to obey the order of the board or to failure on the parolee's part to make a good faith effort to obtain the funds required for payment, the board may allow the parolee additional time for payment, reduce the amount of each installment, or revoke the fees or the unpaid portion in whole or in part.

(7) No parolee shall be required to pay more than one monthly parole programming fee per month.

(8) The imposition of monthly parole programming fees in this section shall be considered separate and apart from specific service delivery fees.

(9) Any adult offender received for supervision pursuant to section 29-2637 or the Interstate Compact for Adult Offender Supervision shall be assessed a monthly parole programming fee during the period of time the offender is actively supervised by Nebraska parole authorities.

(10) A parolee shall pay the fees described in this section to the division. The division shall remit all fees to the State Treasurer for credit to the Parole Program Cash Fund.

(11) The board and the division shall adopt and promulgate rules and regulations to carry out this section.

83-1,110.02 Medical parole; eligibility; conditions; term.

(1) A committed offender who is not under sentence of death or of life imprisonment and who because of an existing medical or physical condition is determined by the department to be terminally ill or permanently incapacitated may be considered for medical parole by the board. A committed offender may be eligible for medical parole in addition to any other parole. The department shall identify committed offenders who may be eligible for medical parole based upon their medical records.

(2) The board shall decide to grant medical parole only after a review of the medical, institutional, and criminal records of the committed offender and such additional medical evidence from board-ordered examinations or investigations as the board in its discretion determines to be necessary. The decision to grant medical parole and to establish conditions of release on medical parole in addition to the conditions stated in subsection (3) of this section is within the sole discretion of the board.

(3) As conditions of release on medical parole, the board shall require that the committed offender agree to placement for medical treatment and that he or she be placed for a definite or indefinite period of time in a hospital, a hospice, or another housing accommodation suitable to his or her medical condition, including, but not limited to, his or her family's home, as specified by the board.

(1) A committed offender serving an indeterminate sentence under which he or she may become eligible for parole shall be interviewed and have his or her record reviewed by two or more members of the Board of Parole or a person designated by the board within sixty days before the expiration of his or her minimum term less any reductions as provided in section 83-1,110. If, in the opinion of the reviewers, the review indicates the offender is reasonably likely to be granted parole and has a potential parole term of no less than one month, the Board of Parole shall schedule a public hearing before a majority of its members. At such hearing the offender may present evidence, call witnesses, and be represented by counsel. If, in the opinion of the reviewers, the review indicates the offender should be denied parole, the offender may request an additional review by a majority of the members of the board. A review by the majority of the members of the board may be conducted not more than once annually. Any hearing and review shall be conducted in an informal manner, but a complete record of the proceedings shall be made and preserved.

(2) The board shall render its decision regarding the committed offender's release on parole within a reasonable time after the hearing or review. The decision shall be by majority vote of the board. The decision shall be based on the entire record before the board which shall include the opinion of the person who conducted the review. If the board denies parole, written notification listing the reasons for such denial and the recommendations for correcting deficiencies which cause the denial shall be given to the committed offender within thirty days following the hearing.

(3) If the board fixes the release date, such date shall be not more than six months from the date of the committed offender's parole hearing or from the date of last reconsideration of his or her case, unless there are special reasons for fixing a later release date.

(4) If the board defers the case for later reconsideration, the committed offender shall be afforded a parole review at least once a year until a release date is fixed. The board may order a reconsideration or a rehearing of the case at any time.

(5) The release of a committed offender on parole shall not be upon the application of the offender but by the initiative of the Board of Parole. No application for release on parole made by a committed offender or on his or her behalf shall be entertained by the board. This subsection does not prohibit the Director of Correctional Services from recommending to the board that it consider an individual offender for release on parole.

83-1,114 Board; deferment of parole; grounds.

(1) Whenever the board considers the release of a committed offender who is eligible for release on parole, it shall order his or her release unless it is of the opinion that his or her release should be deferred because:

(a) There is a substantial risk that he or she will not conform to the conditions of parole;

(b) His or her release would depreciate the seriousness of his or her crime or promote disrespect for law;

(c) His or her release would have a substantially adverse effect on institutional discipline; or

(d) His or her continued correctional treatment, medical care, or vocational or other training in the facility will substantially enhance his or her capacity to lead a law-abiding life when released at a later date.

(2) In making its determination regarding a committed offender's release on parole, the board shall give consideration to its decision guidelines as set forth in its rules and regulations and shall take into account each of the following factors:

(a) The offender's personality, including his or her maturity, stability, and sense of responsibility and any apparent development in his or her personality which may promote or hinder his or her conformity to law;

(b) The adequacy of the offender's parole plan;

(c) The offender's ability and readiness to assume obligations and undertake responsibilities;

(e) The offender's family status and whether he or she has relatives who display an interest in him or her or whether he or she has other close and constructive associations in the community;

(f) The offender's employment history, his or her occupational skills, and the stability of his or her past employment;

(g) The type of residence, neighborhood, or community in which the offender plans to live;

83-1,118 Board; parolee; discharge from parole; when; department; discharge from custody; notice of civil rights.

(1) If, in the opinion of the board, upon receipt of information from the Director of Supervision and Services, a parolee has shown suitable compliance with his or her parole programming plan, the board may reduce the level of supervision for a parolee that is commensurate with the best interests of the parolee and is compatible with the protection of the public.

(2) The board shall discharge a parolee from parole when the time served in the custody of the department and the time served on parole equal the maximum term less good time.

(3) The department shall discharge a committed offender from the custody of the department when the time served in the facility equals the maximum term less good time.

(4) Upon completion of the lawful requirements of the sentence, the department shall provide the parolee or committed offender with a written notice regarding his or her civil rights. The notice shall inform the parolee or committed offender that voting rights are restored two years after completion of the sentence. The notice shall also include information on restoring other civil rights through the pardon process, including application to and hearing by the Board of Pardons.

(5) The Board of Parole may discharge a parolee from parole when such parolee is under the supervision of another state's correctional institution and

such offender has reached the expiration date of his or her Nebraska parole term.

83-1,119 Parolee; violation of parole; parole officer; administrative sanction; report to Board of Parole; action of board.

(1) For purposes of this section:

(a) Absconding parole supervision means a parolee has purposely avoided supervision for a period of at least two weeks and reasonable efforts by a parole officer and staff to locate the parolee in person have proven unsuccessful;

(b) Administrative sanction means additional parole requirements imposed upon a parolee by his or her parole officer, with the full knowledge and consent of the parolee, designed to hold the parolee accountable for substance abuse or technical violations of conditions of parole, including, but not limited to:

(i) Counseling or reprimand by the Division of Parole Supervision;

(ii) Increased supervision contact requirements;

(iii) Increased substance abuse testing;

(iv) Referral for substance abuse or mental health evaluation or other specialized assessment, counseling, or treatment;

(v) Imposition of a designated curfew for a period to be determined by the division; and

(vi) Travel restrictions to stay within his or her county of residence or employment unless otherwise permitted by the division;

(c) Contract facility means a county jail that contracts with the department to house parolees or other offenders under the jurisdiction of the department;

(d) Substance abuse violation means a parolee's activities or behaviors associated with the use of chemical substances or related treatment services resulting in a violation of an original condition of parole, including:

(i) Positive breath test for the consumption of alcohol if the parolee is required to refrain from alcohol consumption;

(ii) Positive urinalysis for the illegal use of drugs;

(iii) Failure to report for alcohol testing or drug testing; and

(iv) Failure to appear for or complete substance abuse or mental health treatment evaluations or inpatient or outpatient treatment; and

(e) Technical violation means a parolee's activities or behaviors which create the opportunity for re-offending or diminish the effectiveness of parole supervision resulting in a violation of an original condition of parole and includes:

(i) Moving traffic violations;

(ii) Failure to report to his or her parole officer;

(iii) Leaving the state without the permission of the Board of Parole;

(iv) Failure to work regularly or attend training or school;

(v) Failure to notify his or her parole officer of change of address or employment;

(vi) Frequenting places where controlled substances are illegally sold, used, distributed, or administered; and

(vii) Failure to pay fines, court costs, restitution, or any fees imposed pursuant to section 83-1,107.01 as directed.

Technical violation does not include absconding parole supervision.

(2) The division shall develop a matrix of rewards for compliance and positive behaviors and graduated administrative sanctions and custodial sanctions for use in responding to and deterring substance abuse violations and technical violations. A custodial sanction of thirty days in a correctional facility or a contract facility shall be designated as the most severe response to a violation in lieu of revocation.

(3) Whenever a parole officer has reasonable cause to believe that a parolee has committed or is about to commit a substance abuse violation or technical violation while on parole, but that the parolee will not attempt to leave the jurisdiction and will not place lives or property in danger, the parole officer shall either:

(a) Impose one or more administrative sanctions based upon the parolee's risk level, the severity of the violation, and the parolee's response to the violation. If administrative sanctions are to be imposed, the parolee shall acknowledge in writing the nature of the violation and agree upon the administrative sanction. The parolee has the right to decline to acknowledge the violation. If he or she declines to acknowledge the violation, the parole officer shall take action pursuant to subdivision (3)(b) of this section. A copy of the report shall be submitted to the Board of Parole; or

(b) Submit a written report to the Board of Parole, outlining the nature of the parole violation, and request the imposition of a custodial sanction of up to thirty days in a correctional facility or a contract facility. On the basis of the report and such further investigation as the board may deem appropriate, the board shall determine whether and how the parolee violated the conditions of parole and may:

(i) Dismiss the charge of violation; or

(ii) If the board finds a violation justifying a custodial sanction, issue a warrant if necessary and impose a custodial sanction of up to thirty days in a correctional facility or a contract facility.

(4) Whenever a parole officer has reasonable cause to believe that a parolee has violated or is about to violate a condition of parole by a violation other than a substance abuse violation or a technical violation and the parole officer has reasonable cause to believe that the parolee will not attempt to leave the jurisdiction and will not place lives or property in danger, the parole officer shall submit a written report to the Board of Parole which may, on the basis of such report and such further investigation as it may deem appropriate:

(a) Dismiss the charge of violation;

(b) Determine whether the parolee violated the conditions of his or her parole;

(c) Impose a custodial sanction of up to thirty days in a correctional facility or a contract facility;

(d) Revoke his or her parole in accordance with the Nebraska Treatment and Corrections Act; or

(e) Issue a warrant for the arrest of the parolee.

(5) Whenever a parole officer has reasonable cause to believe that a parolee has violated or is about to violate a condition of parole and that the parolee will attempt to leave the jurisdiction or will place lives or property in danger, the parole officer shall arrest the parolee without a warrant and call on any peace officer to assist him or her in doing so.

(6) Whenever a parolee is arrested with or without a warrant, he or she shall be detained in a local jail or other detention facility operated by the Department of Correctional Services pending completion of review of parole proceedings by the Board of Parole. Immediately after such arrest and detention, the parole officer shall notify the Board of Parole and submit a written report of the reason for such arrest. A complete investigation shall be made by the Division of Parole Supervision and submitted to the board. After prompt consideration of such written report, the board shall order the parolee's release from detention or continued confinement to await a final decision on imposition of a custodial sanction or the revocation of parole.

(7) The Board of Parole shall adopt and promulgate rules and regulations necessary to carry out this section.

83-1,120 Parolee; violation of parole; hearing.

Whenever a parolee is charged with a violation of parole, he or she shall be entitled to a prompt hearing on such charge by the Board of Parole, which hearing in no event shall occur more than thirty days after receipt of the parole officer's written report. At such hearing, the parolee shall be permitted to be present, to testify, to produce witnesses, to cross-examine adverse witnesses, and to introduce such other evidence as may be pertinent. The parolee shall be informed of his or her right to request counsel at such hearing, and if the parolee thereafter makes such request, based on a timely and colorable claim (1) that he or she has not committed the alleged violation of the conditions upon which he or she is at liberty, or (2) that, even if the violation is a matter of public record or is uncontested, there are substantial reasons which justified or mitigated the violation and make revocation inappropriate and that the reasons are complex or otherwise difficult to develop or present, and upon consideration of whether or not the parolee appears to be capable of speaking effectively for himself or herself, the board in the exercise of sound discretion may provide counsel unless retained counsel is available to the parolee. In every case in which a request for counsel is refused, the grounds for refusal shall be stated in the record.

(1) If the board finds that the parolee has engaged in criminal conduct, the board may order revocation of the parolee's parole.

(a) The parolee receive a reprimand and warning;

(b) Parole supervision and reporting be intensified;

(c) Good time granted pursuant to section 83-1,108 be forfeited or withheld;

(d) The parolee serve a custodial sanction of up to thirty days in a correctional facility or a contract facility as defined in section 83-1,119; or

(e) The parolee be required to conform to one or more additional conditions of parole which may be imposed in accordance with the Nebraska Treatment and Corrections Act.

(3) Cumulative custodial sanctions in a correctional facility or a contract facility under this section and section 83-1,119 shall not exceed sixty days. If a parolee has previously received sixty days of cumulative custodial sanctions before the current violation, the board shall either order revocation of the parolee's parole or one or more of the other sanctions described in subsection (2) of this section.

(4) Time spent in custodial sanctions under this section and section 83-1,119 shall be credited to the parolee's sentence.

(2) If the authority notifies the Director of Supervision and Services that it intends to execute the warrant or detainer when the offender is released, the Director of Supervision and Services shall advise the authority concerned of the sentence under which the offender is held, the time of parole eligibility, any decision of the board relating to the offender, and the nature of the offender's adjustment during imprisonment and shall give reasonable notice to such authority of the offender's release date.

(3) The board may parole an offender who is eligible for release to a warrant or detainer. If an offender is paroled to such a warrant or detainer, the board may provide, as a condition of release, that if the charge or charges on which the warrant or detainer is based are dismissed, or are satisfied after conviction and sentence, prior to the expiration of the offender's parole term, the authority to whose warrant or detainer the offender is released shall return the offender to serve the remainder of the parole term or such part as the board may determine.

(1) When legislation is enacted requiring the adoption and promulgation of rules and regulations by an agency, such agency shall adopt and promulgate such rules and regulations within one year after the public hearing required under subsection (2) of section 84-907. Such time shall not include the time necessary for submission of the rules and regulations to the Attorney General pursuant to section 84-905.01 or submission of the rules and regulations to the Governor pursuant to section 84-908. (2) If such agency has not adopted and promulgated such rules and regulations within three years after the operative or effective date of such enacting legislation, the standing committee of the Legislature which has subject matter jurisdiction over the matters included in the legislation shall hold a public

hearing to determine the reason that such rules and regulations have not been enacted.

(3) The changes made to the Administrative Procedure Act by Laws 2011, LB617, shall not affect the validity or effectiveness of a rule or regulation adopted prior to May 25, 2011.

84-901.02 Legislative findings.

The Legislature finds that:

(1) The regulatory authority given to agencies has a significant impact on the people of the state;

(2) When agencies create substantive standards by which Nebraskans are expected to abide, it is essential that those standards be adopted through the rules and regulations process to enable the public to be aware of the standards and have an opportunity to participate in the approval or repeal process;

(3) Agencies should be encouraged to advise the public of current opinions, interpretations, approaches, and likely courses of action by means of guidance documents; and

(4) Oversight of the regulatory authority over occupations and professions given to agencies is required to ensure respect for the fundamental right of an individual to pursue an occupation.

84-901.03 Agency; guidance document; issuance; availability; notice; request to revise or repeal; response; agency publish index.

(1) Upon the issuance of a guidance document, an agency shall make such document available at one public location and on the agency's web site. The agency shall also publish on its web site an index summarizing the subject matter of all currently applicable rules and regulations and guidance documents. Such agency shall provide the index electronically to the Clerk of the Legislature by December 31 of each year.

(2) An agency shall ensure that the first page of each guidance document includes the following notice: This guidance document is advisory in nature but is binding on an agency until amended by such agency. A guidance document does not include internal procedural documents that only affect the internal operations of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules and regulations made in accordance with the Administrative Procedure Act. If you believe that this guidance document imposes additional requirements or penalties on regulated parties, you may request a review of the document.

(3) A person may request in writing that an agency revise or repeal a guidance document or convert a guidance document into a rule or regulation. No later than sixty calendar days after the agency receives such a request, the agency shall advise the requestor in writing of its decision to (a) revise or repeal the guidance document, (b) initiate a proceeding to consider a revision or

repeal of a guidance document, (c) initiate the rulemaking or regulationmaking process to convert the guidance document into a rule or regulation, or (d) deny the request and state the reason for the denial.

84-901.04 Emergency rule or regulation; factors; procedure; duration; renewal; filing; publication.

(1) If an agency determines that the adoption, amendment, or repeal of a rule or regulation is necessitated by an emergency situation, the agency may adopt, amend, or repeal a rule or regulation upon approval of the Governor. Such agency's request shall be submitted to the Governor in writing and include a justification as to why the emergency rule or regulation is necessary. Factors for the justification shall include:

- (a) Imminent peril to the public health, safety, or welfare; or
- (b) The unforeseen loss of federal funding for an agency program.

(2) Any agency may use the emergency rule or regulation procedure as provided in this section. However, no agency shall use such procedure to avoid the consequences for failing to timely adopt and promulgate rules and regulations.

(3) Rules and regulations adopted, amended, or repealed under this section shall be exempted from the notice and hearings requirements of section 84-907 and the review process required under section 84-905.01 and shall be valid upon approval of the Governor. An emergency rule or regulation shall remain in effect for a period of ninety calendar days and is renewable once for a period not to exceed ninety calendar days.

(4) Any agency which adopts, amends, or repeals a rule or regulation under this section shall file such rule or regulation with the Secretary of State. The agency shall also publish such rule or regulation on the agency's web site.

Such file shall be updated and kept current upon receipt of any rules and regulations adopted, amended, or repealed and filed with the Secretary of State as provided in the Administrative Procedure Act and shall be open to public inspection during regular business hours of his or her office. (2) Rules and regulations filed with the Secretary of State pursuant to the Administrative Procedure Act shall be filed in the manner and form prescribed by the Secretary of State including electronic filing if so directed by the Secretary of State. The Secretary of State shall issue instructions to all state agencies setting forth the format to be followed by all agencies in submitting

rules and regulations to the Secretary of State. Such instructions shall provide for a uniform page size, a generally uniform and clear indexing system, and annotations including designation of enabling legislation and court or agency decisions interpreting the particular rule or regulation. For good cause shown, the Secretary of State may grant exceptions to the uniform page size requirement and the general indexing instructions for any agency.

No rule or regulation required under the Administrative Procedure Act to be filed with the Secretary of State shall remain valid as against any person until the certified copy of the rule or regulation has been so filed on the date designated and in the form prescribed by the Secretary of State. (2) A rule or regulation adopted after August 1, 1994, shall be invalid unless adopted in substantial compliance with the provisions of the act, except that inadvertent failure to mail a notice of the proposed rule or regulation to any person shall not invalidate a rule or regulation.

(3) Any action to contest the validity of a rule or regulation on the grounds of its noncompliance with any provision of the act shall be commenced within four years after the effective date of the rule or regulation.

(4) The changes made to the act by Laws 1994, LB 446, shall not affect the validity or effectiveness of a rule or regulation adopted prior to August 1, 1994, or noticed for hearing prior to such date.

(5) The changes made to the act by Laws 2005, LB 373, shall not affect the validity or effectiveness of a rule or regulation adopted prior to October 1, 2005, or noticed for hearing prior to such date.

84-917 Contested case; appeal; right to cross-appeal; procedure.

(1) Any person aggrieved by a final decision in a contested case, whether such decision is affirmative or negative in form, shall be entitled to judicial review under the Administrative Procedure Act. Nothing in this section shall be deemed to prevent resort to other means of review, redress, or relief provided by law.

(2)(a)(i) Proceedings for review shall be instituted by filing a petition in the district court of the county where the action is taken within thirty days after the service of the final decision by the agency. All parties of record shall be made parties to the proceedings for review. A party of record for district court proceedings for review shall include any person who appeared either personally or through an attorney, who was a participant in the agency's contested hearing, and who was treated as a party by the agency's hearing officer. If an agency's only role in a contested case is to act as a neutral factfinding body, the agency shall not be a party of record. In all other cases, the agency shall be a party of record. Summons shall be served on the agency within thirty days of the filing of the petition in the manner provided for service of a summons in section 25-510.02. Summons on any nongovernmental parties shall be served within thirty days of the filing of the petition in the manner provided for service of summons in a civil action. If the agency whose decision is appealed from is not a party of record, the petitioner shall serve a copy of the petition and a request for preparation of the official record upon the agency within thirty days of the filing of the petition. The court, in its discretion, may permit other interested persons to intervene.

(ii) The filing of a petition for review shall vest in a responding party of record the right to a cross-appeal against any other party of record. A respon-

dent shall serve its cross-appeal within thirty days after being served with the summons and petition for review.

(b) A petition for review shall set forth: (i) The name and mailing address of the petitioner; (ii) the name and mailing address of the agency whose action is at issue; (iii) identification of the final decision at issue together with a duplicate copy of the final decision; (iv) identification of the parties in the contested case that led to the final decision; (v) facts to demonstrate proper venue; (vi) the petitioner's reasons for believing that relief should be granted; and (vii) a request for relief, specifying the type and extent of the relief requested.

(3) The filing of the petition or the service of summons upon such agency shall not stay enforcement of a decision. The agency may order a stay. The court may order a stay after notice of the application therefor to such agency and to all parties of record. If the agency has found that its action on an application for stay or other temporary remedies is justified to protect against a substantial threat to the public health, safety, or welfare, the court may not grant relief unless the court finds that: (a) The applicant is likely to prevail when the court finally disposes of the matter; (b) without relief, the applicant will suffer irreparable injuries; (c) the grant of relief to the applicant will not substantially harm other parties to the proceedings; and (d) the threat to the public health, safety, or welfare relied on by the agency is not sufficiently serious to justify the agency's action in the circumstances. The court may require the party requesting such stay to give bond in such amount and conditioned as the court may direct.

(4) Within thirty days after service of the petition or within such further time as the court for good cause shown may allow, the agency shall prepare and transmit to the clerk of the district court in which the petition is filed a certified copy of the official record of the proceedings had before the agency. Such official record shall include: (a) Notice of all proceedings; (b) any pleadings, motions, requests, preliminary or intermediate rulings and orders, and similar correspondence to or from the agency pertaining to the contested case; (c) the transcribed record of the hearing before the agency, including all exhibits and evidence introduced during such hearing, a statement of matters officially noticed by the agency during the proceeding, and all proffers of proof and objections and rulings thereon; and (d) the final order appealed from. The agency shall charge the petitioner with the reasonable direct cost or require the petitioner to pay the cost for preparing the official record for transmittal to the court in all cases except when the petitioner is not required to pay a filing fee. The agency may require payment or bond prior to the transmittal of the record. The official record shall be considered by the court without being offered and received in evidence.

(5)(a) The review shall be conducted by the court without a jury de novo on the record of the agency. The court may affirm, reverse, or modify the decision of the agency or remand the case for further proceedings.

(b)(i) If the court determines that the interest of justice would be served by the resolution of any other issue not raised before the agency, the court may remand the case to the agency for further proceedings.

(ii) The agency shall affirm, modify, or reverse its findings and decision in the case by reason of the additional proceedings and shall file the decision following remand with the reviewing court. The agency shall serve a copy of the

decision following remand upon all parties to the district court proceedings. (a) Information on the name of the person giving the grant or gift and the amount of the grant or gift is available to the public;

(b) The grant or gift is given to and accepted by the agency without placing any condition on the membership of a negotiated rulemaking committee or the outcome of the negotiated rulemaking process; and

(c) There is consensus among the members of the negotiated rulemaking committee that the acceptance of the grant or gift will not diminish the integrity of the negotiated rulemaking process.

84-946 Statement of policy.

It is the policy of the State of Nebraska:

(1) To protect the fundamental right of an individual to pursue a lawful occupation;

(2) To use the least restrictive regulation which is necessary to protect consumers from undue risk of present, significant, and substantiated harms that clearly threaten or endanger the health, safety, or welfare of the public when competition alone is not sufficient and which is consistent with the public interest;

(3) To enforce an occupational regulation against an individual only to the extent that the individual sells goods or services that are included explicitly in the statutes that govern the occupation;

(4) To construe and apply occupational regulations to increase opportunities, promote competition, and encourage innovation;

(5) To use the least restrictive method of regulation as set out in section 71-6222 for lawful occupations subject to the Nebraska Regulation of Health Professions Act; and

(6) To provide ongoing legislative review of occupational regulations.

84-947 Individual with criminal conviction; submit preliminary application; occupational board; duties; determination; appeal; fee.

(1) The fundamental right of an individual to pursue an occupation includes the right of an individual with a criminal history to obtain an occupational license, government certification, or state recognition of the individual's personal qualifications.

(2)(a) An individual who has a criminal conviction may submit to the appropriate occupational board a preliminary application for an occupational license, government certification, or state recognition of the individual's personal qualifications for a determination as to whether the individual's criminal

conviction would disqualify the individual from obtaining the occupational license, government certification, or state recognition of the individual's personal qualifications from that occupational board. The preliminary application may be submitted at any time, including prior to obtaining required education or paying any fee, other than the fee for the preliminary application under subsection (7) of this section.

(b) The individual may include with the preliminary application additional information about the individual's current circumstances, including the time since the offense, completion of the criminal sentence, other evidence of rehabilitation, testimonials, employment history, and employment aspirations.

(3) Upon receipt of a preliminary application under subsection (2) of this section and a fee if required under subsection (7) of this section, the appropriate occupational board shall make a determination of whether the individual's criminal conviction would disqualify the individual from obtaining an occupational license, government certification, or state recognition of the individual's personal qualifications from that occupational board.

(4) The occupational board shall issue its determination in writing within ninety days after receiving a preliminary application under subsection (2) of this section. The determination shall include findings of fact and conclusions of law. If the occupational board determines that the individual's criminal conviction would disqualify the individual, the occupational board may advise the individual of any action the individual may take to remedy the disqualification. If the occupational board finds that the individual has been convicted of a subsequent criminal conviction, the occupational board may rescind a determination upon finding that the subsequent criminal conviction would be disqualifying under subsection (3) of this section.

(5) The individual may appeal the determination of the occupational board. The appeal shall be in accordance with the Administrative Procedure Act.

(6) An individual shall not file another preliminary application under this section with the same occupational board within two years after the final decision on the previous preliminary application, except that if the individual has taken action to remedy the disqualification as advised by the occupational board, the individual may file another preliminary application under this section with the same occupational board six months after the final decision on the previous preliminary application.

(7) An occupational board may charge a fee not to exceed one hundred dollars for each preliminary application filed pursuant to this section. The fee is intended to offset the administrative costs incurred under this section.

84-948 Standing committee of Legislature; duties; report; contents.

(1) Beginning in 2019, each standing committee of the Legislature shall annually review and analyze approximately twenty percent of the occupational regulations within the jurisdiction of the committee and prepare and submit an annual report electronically to the Clerk of the Legislature by December 15 of each year as provided in this section. Each committee shall complete this process for all occupational regulations within its jurisdiction within five years

and every five years thereafter. Each report shall include the committee's recommendations regarding whether the occupational regulations should be terminated, continued, or modified.

(2) Each committee may require the submission of information by the affected occupational board and other affected or interested parties.

(3) A committee's report shall include, but not be limited to, the following:

(a) The title of the regulated occupation and the name of the occupational board responsible for enforcement of the occupational regulations;

(b) The statutory citation or other authorization for the creation of the occupational regulations and occupational board;

(c) The number of members of the occupational board and how the members are appointed;

(d) The qualifications for membership on the occupational board;

(e) The number of times the occupational board is required to meet during the year and the number of times it actually met;

(f) Annual budget information for the occupational board for the five most recently completed fiscal years;

(g) For the immediately preceding five calendar years, or for the period of time less than five years for which the information is practically available, the number of government certifications, occupational licenses, and registrations the occupational board has issued, revoked, denied, or assessed penalties against, listed anonymously and separately per type of credential, and the reasons for such revocations, denials, and other penalties;

(h) A review of the basic assumptions underlying the creation of the occupational regulations;

(i) A statement from the occupational board on the effectiveness of the occupational regulations; and

(j) A comparison of whether and how other states regulate the occupation.

(4) Subject to subsection (5) of this section, each committee shall also analyze, and include in its report, whether the occupational regulations meet the policies stated in section 84-946 considering the following recommended courses of action for meeting such policies:

(a) If the need is to protect consumers against fraud, the likely recommendation will be to strengthen powers under the Uniform Deceptive Trade Practices Act or require disclosures that will reduce misleading attributes of the specific goods or services;

(b) If the need is to protect consumers against unclean facilities or to promote general health and safety, the likely recommendation will be to require periodic inspections of such facilities;

(c) If the need is to protect consumers against potential damages from failure by providers to complete a contract fully or up to standards, the likely recommendation will be to require that providers be bonded;

(d) If the need is to protect a person who is not party to a contract between the provider and consumer, the likely recommendation will be to require that the provider have insurance;

(e) If the need is to protect consumers against potential damages by transient providers, the likely recommendation will be to require that providers register their businesses with the Secretary of State;

(f) If the need is to protect consumers against a shortfall or imbalance of knowledge about the goods or services relative to the providers' knowledge, the likely recommendation will be to enact government certification; and

(g) If the need is to address a systematic information shortfall such that a reasonable consumer is unable to distinguish between the quality of providers, there is an absence of institutions that provide adequate guidance to the consumer, and the consumer's inability to distinguish between providers and the lack of adequate guidance allows for undue risk of present, significant, and substantiated harms, the likely recommendation will be to enact an occupational license.

(5) If a lawful occupation is subject to the Nebraska Regulation of Health Professions Act, the analysis under subsection (4) of this section shall be made using the least restrictive method of regulation as set out in section 71-6222.

(6) In developing recommendations under this section, the committee shall review any report issued to the Legislature pursuant to the Nebraska Regulation of Health Professions Act, if applicable, and consider any findings or recommendations of such report related to the occupational regulations under review.

(7) If the committee finds that it is necessary to change occupational regulations, the committee shall recommend the least restrictive regulation consistent with the public interest and the policies in this section and section 84-946.

For purposes of the State Employees Retirement Act, unless the context otherwise requires:

(1)(a) Actuarial equivalent means the equality in value of the aggregate amounts expected to be received under different forms of an annuity payment.

(b) For an employee hired prior to January 1, 2018, the mortality assumption used for purposes of converting the member cash balance account shall be the 1994 Group Annuity Mortality Table using a unisex rate that is fifty percent male and fifty percent female. For purposes of converting the member cash balance account attributable to contributions made prior to January 1, 1984, that were transferred pursuant to the act, the 1994 Group Annuity Mortality Table for males shall be used.

(c) For an employee hired on or after January 1, 2018, or rehired on or after January 1, 2018, after termination of employment and being paid a retirement benefit or taking a refund of contributions, the mortality assumption used for purposes of converting the member cash balance account shall be a unisex mortality table that is recommended by the actuary and approved by the board following an actuarial experience study, a benefit adequacy study, or a plan valuation. The mortality table and actuarial factors in effect on the member's retirement date will be used to calculate the actuarial equivalency of any retirement benefit;

(2) Annuity means equal monthly payments provided by the retirement system to a member or beneficiary under forms determined by the board beginning the first day of the month after an annuity election is received in the office of the Nebraska Public Employees Retirement Systems or the first day of the month after the employee's termination of employment, whichever is later. The last payment shall be at the end of the calendar month in which the member dies or in accordance with the payment option chosen by the member;

(3) Annuity start date means the date upon which a member's annuity is first effective and shall be the first day of the month following the member's termination or following the date the application is received by the board, whichever is later;

(4) Cash balance benefit means a member's retirement benefit that is equal to an amount based on annual employee contribution credits plus interest credits and, if vested, employer contribution credits plus interest credits and dividend amounts credited in accordance with subdivision (4)(c) of section 84-1319;

(5)(a) Compensation means gross wages or salaries payable to the member for personal services performed during the plan year. Compensation does not include insurance premiums converted into cash payments, reimbursement for expenses incurred, fringe benefits, per diems, or bonuses for services not actually rendered, including, but not limited to, early retirement inducements,

cash awards, and severance pay, except for retroactive salary payments paid pursuant to court order, arbitration, or litigation and grievance settlements. Compensation includes overtime pay, member retirement contributions, and amounts contributed by the member to plans under sections 125, 403(b), and 457 of the Internal Revenue Code or any other section of the code which defers or excludes such amounts from income.

84-1311.03 Defined contribution benefit; employer account; investment options; procedures; administration.

(1) Each member employed and participating in the retirement system prior to January 1, 2003, who has elected not to participate in the cash balance benefit, shall be allowed to allocate all contributions to his or her employer account to various investment options. Such investment options shall be the same as the investment options of the employee account as provided in subsection (1) of section 84-1310.01. If a member fails to select an option or combination of options, all of his or her funds in the employer account shall be

placed in the investment option described in subdivision (1)(a)(v) or (1)(b)(v) of section 84-1310.01, whichever option is applicable based on the date of contribution. Each member shall be given a detailed current description of each investment option prior to making or revising his or her allocation.

(2) Each member of the retirement system may allocate contributions to his or her employer account to the investment options in percentage increments as set by the board in any proportion, including full allocation to any one option. A member under subdivision (1)(a) of section 84-1323 or his or her beneficiary may transfer any portion of his or her funds among the options. The board may adopt and promulgate rules and regulations for changes of a member's allocation of contributions to his or her accounts after his or her most recent allocation and for transfers from one investment account to another.

(3) The board shall develop a schedule for the allocation of administrative costs of maintaining the various investment options and shall assess the costs so that each member pays a reasonable fee as determined by the board.

(4) In order to carry out the provisions of this section, the board may enter into administrative services agreements for accounting or record-keeping services. No agreement shall be entered into unless the board determines that it will result in administrative economy and will be in the best interests of the state and its participating employees.

(5) The state, the board, the state investment officer, the members of the Nebraska Investment Council, or the agency shall not be liable for any investment results resulting from the member's exercise of control over the assets in the employer account.

(d) Eligible rollover distribution means any distribution to a distributee of all or any portion of the balance to the credit of the distributee in the plan, except

such term shall not include any distribution which is one of a series of substantially equal periodic payments, not less frequently than annually, made for the life of the distributee or joint lives of the distributee and the distributee's beneficiary or for the specified period of ten years or more and shall not include any distribution to the extent such distribution is required under section 401(a)(9) of the Internal Revenue Code.

(2) For distributions made to a distributee on or after January 1, 1993, a distributee may elect to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee.

(3) A member's surviving spouse or former spouse who is an alternate payee under a qualified domestic relations order and, on or after January 1, 2010, any designated beneficiary of a member who is not a surviving spouse or former spouse who is entitled to receive an eligible rollover distribution from the retirement system may, in accordance with such rules, regulations, and limitations as may be established by the board, elect to have such distribution made in the form of a direct transfer to a retirement plan eligible to receive such transfer under the provisions of the Internal Revenue Code.

(4) An eligible rollover distribution on behalf of a designated beneficiary of a member who is not a surviving spouse or former spouse of the member may be transferred to an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code that is established for the purpose of receiving the distribution on behalf of the designated beneficiary and that will be treated as an inherited individual retirement account or individual retirement annuity described in section 408(d)(3)(C) of the Internal Revenue Code.

(1) The retirement system may accept cash rollover contributions from a member who is making payment pursuant to section 84-1322 or 84-1325 if the contributions do not exceed the amount of payment authorized to be paid by the member pursuant to section 84-1322 or 84-1325 and the contributions represent (a) all or any portion of the balance of the member's interest in a qualified plan under section 401(a) of the Internal Revenue Code or (b) the interest of the member from an individual retirement account or an individual retirement annuity, the entire amount of which is attributable to a qualified total distribution, as defined in the Internal Revenue Code, from a qualified plan under section 401(a) of the code and qualified as a tax-free rollover amount. The member's interest under subdivision (a) or (b) of this subsection must be transferred to the retirement system within sixty days from the date of the distribution from the qualified plan, individual retirement account, or individual retirement annuity.

(2) Cash transferred to the retirement system as a rollover contribution shall be deposited as other payments made under section 84-1322 or 84-1325.

(3) Under the same conditions as provided in subsection (1) of this section, the retirement system may accept eligible rollover distributions from (a) an annuity contract described in section 403(b) of the Internal Revenue Code, (b) a plan described in section 457(b) of the code which is maintained by a state, a political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state, or (c) the portion of a distribution from an individual retirement account or annuity described in section 408(a) or 408(b) of the code that is eligible to be rolled over and would otherwise be includable in gross income. Amounts accepted pursuant to this subsection shall be deposited as all other payments under this section.

(4) The retirement system may accept direct rollover distributions made from a qualified plan pursuant to section 401(a)(31) of the Internal Revenue Code. The direct rollover distribution shall be deposited as all other payments under this section.

(5) The board may adopt and promulgate rules and regulations defining procedures for acceptance of rollovers which are consistent with sections 401(a)(31) and 402 of the Internal Revenue Code.

84-1317 Employees; retirement date; application for benefits; deferment of benefits; board; duties; certain required minimum distributions; election authorized.

(1) Upon filing an application for benefits with the board, an employee may elect to retire after the attainment of age fifty-five or an employee may retire as a result of disability at any age.

(2) The member shall specify in the application for benefits the manner in which he or she wishes to receive the retirement benefit under the options provided by the State Employees Retirement Act. Payment under the application for benefits shall be made (a) for annuities, no sooner than the annuity start date, and (b) for other distributions, no sooner than the date of final account value.

(3) Payment of any benefit provided under the retirement system shall not be deferred later than the required beginning date.

(4) The board shall make reasonable efforts to locate the member or the member's beneficiary and distribute benefits by the required beginning date. If the board is unable to make such a distribution, the benefit shall be distributed pursuant to the Uniform Disposition of Unclaimed Property Act and no amounts may be applied to increase the benefits any member would otherwise receive under the State Employees Retirement Act.

(5) A participant or beneficiary who would have been required to receive required minimum distributions for 2009 but for the enactment of section 401(a)(9)(H) of the Internal Revenue Code, and who would have satisfied that requirement by receiving distributions that are either equal to the 2009 required minimum distributions or one or more payments in a series of substantially equal distributions, including the 2009 required minimum distribution, made at least annually and expected to last for the life or life expectancy of the participant, the joint lives or joint life expectancy of the participant and the participant's designated beneficiary, or for a period of at least ten years, shall

receive those distributions for 2009 unless the participant or beneficiary chooses not to receive such distributions. Participants and beneficiaries shall be given the opportunity to elect to stop receiving the distributions described in this subsection.

84-1319 Future service retirement benefits; when payable; how computed; selection of annuity; board; deferment of benefits; certain required minimum distributions; election authorized.

(1) The future service retirement benefit shall be an annuity, payable monthly with the first payment made no earlier than the annuity start date, which shall be the actuarial equivalent of the retirement value as specified in section 84-1318 based on factors determined by the board, except that gender shall not be a factor when determining the amount of such payments except as provided in this section.

Except as provided in section 42-1107, at any time before the annuity start date, the retiring employee may choose to receive his or her annuity either in the form of an annuity as provided under subsection (4) of this section or any optional form that is determined acceptable by the board.

Except as provided in section 42-1107, in lieu of the future service retirement annuity, a retiring employee may receive a benefit not to exceed the amount in his or her employer and employee accounts as of the date of final account value payable in a lump sum and, if the employee chooses not to receive the entire amount in such accounts, an annuity equal to the actuarial equivalent of the remainder of the retirement value, and the employee may choose any form of such annuity as provided for by the board.

In any case, the amount of the monthly payment shall be such that the annuity chosen shall be the actuarial equivalent of the retirement value as specified in section 84-1318 except as provided in this section.

(2) Except as provided in subsection (4) of this section, the monthly annuity income payable to a member retiring on or after January 1, 1984, shall be as follows:

He or she shall receive at retirement the amount which may be purchased by the accumulated contributions based on annuity rates in effect on the annuity start date which do not utilize gender as a factor, except that such amounts shall not be less than the retirement income which can be provided by the sum of the amounts derived pursuant to subdivisions (a) and (b) of this subsection as follows:

(a) The income provided by the accumulated contributions made prior to January 1, 1984, based on male annuity purchase rates in effect on the date of purchase; and

(b) The income provided by the accumulated contributions made on and after January 1, 1984, based on the annuity purchase rates in effect on the date of purchase which do not use gender as a factor.

(3) Any amounts, in excess of contributions, which may be required in order to purchase the retirement income specified in subsection (2) of this section shall be withdrawn from the State Equal Retirement Benefit Fund.

(4)(a) The normal form of payment shall be a single life annuity with five-year certain, which is an annuity payable monthly during the remainder of the member's life with the provision that, in the event of the member's death before sixty monthly payments have been made, the monthly payments will continue until sixty monthly payments have been made in total pursuant to section 84-1323.02.

Such annuity shall be equal to the actuarial equivalent of the member cash balance account or the sum of the employee and employer accounts, whichever is applicable, as of the date of final account value. As a part of the annuity, the normal form of payment may include a two and one-half percent cost-of-living adjustment purchased by the member, if the member elects such a payment option.

Except as provided in section 42-1107, a member may elect a lump-sum distribution of his or her member cash balance account as of the date of final account value upon termination of service or retirement.

For a member employed and participating in the retirement system prior to January 1, 2003, who has elected to participate in the cash balance benefit pursuant to section 84-1309.02, or for a member employed and participating in the retirement system beginning on and after January 1, 2003, the balance of his or her member cash balance account as of the date of final account value shall be converted to an annuity using an interest rate that is recommended by the actuary and approved by the board following an actuarial experience study, a benefit adequacy study, or a plan valuation. The interest rate and actuarial factors in effect on the member's retirement date will be used to calculate actuarial equivalency of any retirement benefit. Such interest rate may be, but is not required to be, equal to the assumed rate of return.

For an employee who is a member prior to January 1, 2003, who has elected not to participate in the cash balance benefit pursuant to section 84-1309.02, and who, at the time of retirement, chooses the annuity option rather than the lump-sum option, his or her employee and employer accounts as of the date of final account value shall be converted to an annuity using an interest rate that is equal to the lesser of (i) the Pension Benefit Guaranty Corporation initial interest rate for valuing annuities for terminating plans as of the beginning of the year during which payment begins plus three-fourths of one percent or (ii) the interest rate to calculate the retirement benefits for the cash balance plan members.

(b) For the calendar year beginning January 1, 2003, and each calendar year thereafter, the actuary for the board shall perform an actuarial valuation of the system using the entry age actuarial cost method. Under this method, the actuarially required funding rate is equal to the normal cost rate plus the contribution rate necessary to amortize the unfunded actuarial accrued liability

on a level-payment basis. The normal cost under this method shall be determined for each individual member on a level percentage of salary basis. The normal cost amount is then summed for all members. The initial unfunded actual accrued liability as of January 1, 2003, if any, shall be amortized over a twenty-five-year period. During each subsequent actuarial valuation, changes in the unfunded actuarial accrued liability due to changes in benefits, actuarial assumptions, the asset valuation method, or actuarial gains or losses shall be measured and amortized over a twenty-five-year period beginning on the valuation date of such change. If the unfunded actuarial accrued liability under the entry age actuarial cost method is zero or less than zero on an actuarial valuation date, then all prior unfunded actuarial accrued liabilities shall be considered fully funded and the unfunded actuarial accrued liability shall be reinitialized and amortized over a twenty-five-year period as of the actuarial valuation date. If the actuarially required contribution rate exceeds the rate of all contributions required pursuant to the State Employees Retirement Act, there shall be a supplemental appropriation sufficient to pay for the difference between the actuarially required contribution rate and the rate of all contributions required pursuant to the act.

(c) If the unfunded accrued actuarial liability under the entry age actuarial cost method is less than zero on an actuarial valuation date, and on the basis of all data in the possession of the retirement board, including such mortality and other tables as are recommended by the actuary engaged by the retirement board and adopted by the retirement board, the retirement board may elect to pay a dividend to all members participating in the cash balance option in an amount that would not increase the actuarial contribution rate above ninety percent of the actual contribution rate. Dividends shall be credited to the employee cash balance account and the employer cash balance account based on the account balances on the actuarial valuation date. In the event a dividend is granted and paid after the actuarial valuation date, interest for the period from the actuarial valuation date until the dividend is actually paid shall be paid on the dividend amount. The interest rate shall be the interest credit rate earned on regular contributions.

(5) At the option of the retiring member, any lump sum or annuity provided under this section or section 84-1320 may be deferred to commence at any time, except that no benefit shall be deferred later than the required beginning date. Such election by the retiring member may be made at any time prior to the commencement of the lump-sum or annuity payments.

(6) A participant or beneficiary who would have been required to receive required minimum distributions for 2009 but for the enactment of section 401(a)(9)(H) of the Internal Revenue Code, and who would have satisfied that requirement by receiving distributions that are either equal to the 2009 required minimum distributions or one or more payments in a series of substantially equal distributions, including the 2009 required minimum distribution, made at least annually and expected to last for the life or life expectancy of the participant, the joint lives or joint life expectancy of the participant and the participant's designated beneficiary, or for a period of at least ten years, shall receive those distributions for 2009 unless the participant or beneficiary chooses not to receive such distributions. Participants and beneficiaries shall be given

the opportunity to elect to stop receiving the distributions described in this subsection.

84-1320 Prior service retirement benefits; when payable; how computed; deferment; reduction in amount, when.

The prior service retirement benefit shall be a straight life annuity, payable monthly with the first payment made as of the annuity start date, in an amount determined in accordance with the State Employees Retirement Act, except that the payments may be made less often than monthly if the monthly payment would be less than fifteen dollars. At the option of the member, the first payment may be deferred to commence at any time, except that no benefit shall be deferred later than the required beginning date. Such deferred benefit shall be the actuarial equivalent, based on factors designated by the board, of the prior service benefit. In the event of retirement before age sixty-five under section 84-1317, the amount of the prior service annuity shall be reduced in accordance with the principles of actuarial equivalence based on factors designated by the board. Any member of the retirement system who ceases to be an employee before becoming eligible for retirement under section 84-1317, who has accrued a prior service retirement benefit as defined in the act, and who has been continuously employed by the state for ten or more years immediately prior to termination shall receive the prior service retirement benefit determined in accordance with the act upon attaining age sixty-five. At the option of the terminating member, such annuity may commence as of the first of the month at any time after such member attains the age of fifty-five or may be deferred, except that no benefit shall be deferred later than the required beginning date. Such election by the terminating member may be made at any time prior to the commencement of the annuity payments. Any terminating employee who forfeits a vested future service retirement benefit by withdrawing his or her employee account shall also forfeit any vested prior service retirement benefit to which he or she would otherwise be entitled.

84-1321 Employees; termination of employment; benefits; when; how computed; vesting; deferment of benefits; certain required minimum distributions; election authorized.

(1) Except as provided in section 42-1107, upon termination of employment before becoming eligible for retirement under section 84-1317, a member may, upon application to the board, receive:

(a) If not vested, a termination benefit equal to the amount in his or her employee account or member cash balance account as of the date of final account value payable in a lump sum or an annuity with the lump-sum or first annuity payment made at any time after termination but no later than the required beginning date; or

(b) If vested, a termination benefit equal to (i) the amount of his or her member cash balance account as of the date of final account value payable in a lump sum or an annuity with the lump-sum or first annuity payment made at any time after termination but no later than the required beginning date or (ii)(A) the amount in his or her employee account as of the date of final account value payable in a lump sum or an annuity with the lump-sum or first annuity payment made at any time after termination but no later than the required beginning date plus (B) the amount of his or her employer account as of the date of final account value payable in a lump sum or an annuity with the lump-sum or first annuity payment made at any time after termination but no later than the required beginning date.

(c) The member cash balance account or employer and employee accounts of a terminating member shall be retained by the board, and the termination benefit shall be deferred until a valid application for benefits has been received.

(2) At the option of the terminating member, any lump sum of the vested portion of the employer account or member cash balance account or any annuity provided under subsection (1) of this section shall commence as of the first of the month at any time after such member has terminated his or her employment with the state or may be deferred, except that no benefit shall be deferred later than the required beginning date. Such election by the terminating member shall be made at any time prior to the commencement of the lump-sum or annuity payments.

(3) Members of the retirement system shall be vested after a total of three years of participation in the system as a member pursuant to section 84-1307, including vesting credit. If an employee retires pursuant to section 84-1317, such an employee shall be fully vested in the retirement system.

(4) A participant or beneficiary who would have been required to receive required minimum distributions for 2009 but for the enactment of section 401(a)(9)(H) of the Internal Revenue Code, and who would have satisfied that requirement by receiving distributions that are either equal to the 2009 required minimum distributions or one or more payments in a series of substantially equal distributions, including the 2009 required minimum distribution, made at least annually and expected to last for the life or life expectancy of the participant, the joint lives or joint life expectancy of the participant and the participant's designated beneficiary, or for a period of at least ten years, shall receive those distributions for 2009 unless the participant or beneficiary chooses not to receive such distributions. Participants and beneficiaries shall be given the opportunity to elect to stop receiving the distributions.

84-1321.01 Termination of employment; account forfeited; when; State Employer Retirement Expense Fund; created; use; investment.

(1) For a member who has terminated employment and is not vested, the balance of the member's employer account or employer cash balance account shall be forfeited. The forfeited account shall be credited to the State Employees Retirement Fund and shall first be used to meet the expense charges incurred by the retirement board in connection with administering the retirement system, which charges shall be credited to the State Employees Defined Contribution Retirement Expense Fund, if the member participated in the defined contribution option, or to the State Employees Cash Balance Retirement Expense Fund, if the member participated in the cash balance option, and the remainder, if any, shall then be used to restore employer accounts or employer cash balance accounts. Except as provided in subsection (3) of section 84-1314 and subdivision (4)(c) of section 84-1319, no forfeited amounts shall be applied to increase the benefits any member would otherwise receive under the State Employees Retirement Act.

(2) If a member ceases to be an employee due to the termination of his or her employment by the state and a grievance or other appeal of the termination is filed, transactions involving forfeiture of his or her employer account or employer cash balance account and transactions for payment of benefits under sections 84-1317 and 84-1321 shall be suspended pending the final outcome of the grievance or other appeal.

(3) The State Employer Retirement Expense Fund is created. The fund shall be administered by the Public Employees Retirement Board. Prior to July 1, 2012, the fund shall be used to meet expenses of the State Employees Retirement System of the State of Nebraska whether such expenses are incurred in administering the member's employer account or in administering the member's employer cash balance account when the funds available in the State Employees Defined Contribution Retirement Expense Fund or State Employees Cash Balance Retirement Expense Fund make such use reasonably necessary. On July 1, 2012, or as soon as practicable thereafter, any money in the State Employer Retirement Expense Fund shall be transferred by the State Treasurer to the State Employees Retirement Fund and credited to the cash balance benefit established in section 84-1309.02.

(4) Prior to July 1, 2012, the director of the Nebraska Public Employees Retirement Systems shall certify to the Accounting Administrator of the Department of Administrative Services when accumulated employer account forfeiture funds are available to reduce the state contribution which would otherwise be required to fund future service retirement benefits or to restore employer accounts or employer cash balance accounts referred to in subsection (1) of this section. 84-1322 Employees; reemployment; status; how treated; reinstatement; repay amount received.

(1) Prior to January 1, 2020, except as otherwise provided in this section, a member of the retirement system who has a five-year break in service shall upon reemployment be considered a new employee with respect to the State Employees Retirement Act and shall not receive credit for service prior to his or her reemployment date.

(2)(a) A member who ceases to be an employee before becoming eligible for retirement under section 84-1317 and again becomes a permanent full-time or permanent part-time state employee prior to having a five-year break in service shall immediately be reenrolled in the retirement system and resume making contributions. For purposes of vesting employer contributions made prior to and after reentry into the retirement system under subsection (3) of section 84-1321, years of participation include years of participation prior to such employee's original termination. For a member who is not vested and has received a termination benefit pursuant to section 84-1321, the years of participation prior to such employee's original termination shall be limited in a ratio equal to the amount that the member repays divided by the termination benefit withdrawn pursuant to section 84-1321. This subsection shall apply whether or not the person was a state employee on April 20, 1986, or July 17, 1986.

(b) The reemployed member may repay the value of, or a portion of the value of, the termination benefit withdrawn pursuant to section 84-1321. A reemployed member who elects to repay all or a portion of the value of the termination benefit withdrawn pursuant to section 84-1321 shall repay the actual earnings on such value. Repayment of the termination benefit shall commence within three years after reemployment and shall be completed within five years after reemployment or prior to termination of employment, whichever occurs first, through (i) direct payments to the retirement system, (ii) installment payments made pursuant to a binding irrevocable payroll deduction authorization made by the member, (iii) an eligible rollover distribution as provided under the Internal Revenue Code, or (iv) a direct rollover distribution made in accordance with section 401(a)(31) of the Internal Revenue Code.

(c) The value of the member's forfeited employer account or employer cash balance account, as of the date of forfeiture, shall be restored in a ratio equal to the amount of the benefit that the member has repaid divided by the termination benefit received. The employer account or employer cash balance account shall be restored first out of the current forfeiture amounts and then by additional employer contributions.

(3) For a member who retired pursuant to section 84-1317 and becomes a permanent full-time employee or permanent part-time employee with the state more than one hundred twenty days after his or her retirement date, the member shall continue receiving retirement benefits. Such a retired member or a retired member who received a lump-sum distribution of his or her benefit shall be considered a new employee as of the date of reemployment and shall not receive credit for any service prior to the member's retirement for purposes of the act.

(4) A member who is reinstated as an employee pursuant to a grievance or appeal of his or her termination by the state shall be a member upon reemployment and shall not be considered to have a break in service for such period of time that the grievance or appeal was pending.

(5) Beginning January 1, 2020, if a contributing member of the retirement system ceases to be an employee and returns to service in any capacity with the state prior to having a one-hundred-twenty-day break in service, the member:

(a) Shall not be deemed to have had a bona fide separation of service;

(b) Shall be immediately reenrolled in:

(i) The defined contribution benefit if the member was contributing to the defined contribution benefit prior to ceasing employment; or

(ii) The cash balance benefit in which the member was participating prior to ceasing employment if the member was contributing to the cash balance benefit prior to ceasing employment;

(c) Shall immediately resume making contributions;

(d) Shall make up any missed contributions based upon services rendered and compensation received;

(e) Shall have all distributions from the retirement system canceled; and

(f) Shall repay the gross distributions from the retirement system.

(6)(a) Beginning January 1, 2020, if a contributing member of the retirement system ceases to be an employee and returns to permanent full-time or permanent part-time service in any capacity with the state after having a one-hundred-twenty-day break in service, the member:

(i) Shall be immediately reenrolled in:

(A) The defined contribution benefit if the member was contributing to the defined contribution benefit prior to ceasing employment; or

(B) The cash balance benefit in which the member was participating prior to ceasing employment if the member was contributing to the cash balance benefit prior to ceasing employment;

(ii) Shall immediately resume making contributions;

(iii) Shall continue receiving any annuity elected after the member ceased employment and before the member was reemployed; and

(iv) Shall be prohibited from taking any distributions from the retirement system until the employee again terminates employment with the state.

(b) For the purposes of vesting employer contributions made prior to and after reentry into the retirement system, the member's years of participation prior to the date the member originally ceased employment and the years of participation after the member is reenrolled in the retirement system shall be included as years of participation, except that if the member has taken a distribution, the years of participation prior to the date the member originally ceased employment shall be limited in a ratio equal to the value of the distribution that the member repays divided by the total value of the distribution taken as described in subdivision (6)(c) of this section.

(c) A reemployed member may repay all or a portion of the value of a distribution except for an annuity elected after the member ceased employment and before the member was reemployed. Repayment of such a distribution shall commence within three years after reemployment and shall be completed within five years after reemployment or prior to the member again ceasing employment, whichever occurs first, through (i) direct payments to the retirement system, (ii) installment payments made pursuant to a binding irrevocable payroll deduction authorization made by the member, (iii) an eligible rollover distribution as provided under the Internal Revenue Code, or (iv) a direct rollover distribution made in accordance with section 401(a)(31) of the Internal Revenue Code. If the member fails to repay all of the value of such a distribution prior to the member again ceasing employment, the member shall be forever barred from repaying the value of such a distribution taken between the periods of employment. The value of the member's forfeited employer account or employer cash balance account, as of the date of forfeiture, shall be restored in a ratio equal to the amount of the distribution repaid by the member divided by the amount of the distribution taken. The employer account or employer cash balance account shall be restored first out of the current forfeiture amounts and then by additional employer contributions.

(1)(a) In the event of a member's death before the member's retirement date, the death benefit shall be equal to (i) for participants in the defined contribution benefit, the total of the employee account and the employer account and (ii) for participants in the cash balance benefit, the benefit provided in section 84-1309.02.

(b) Except as provided in section 42-1107, the death benefit shall be paid pursuant to section 84-1323.02.

(c) If the beneficiary is not the member's surviving spouse, the death benefit shall be paid as a lump-sum payment or payments, except that the entire account must be distributed by the fifth anniversary of the member's death. If

the sole primary beneficiary is the member's surviving spouse, the surviving spouse may elect to receive an annuity calculated as if the member retired and selected a one-hundred-percent joint and survivor annuity effective on the annuity purchase date. If the surviving spouse does not elect the annuity option within one hundred eighty days after the death of the member, the surviving spouse shall receive a lump-sum payment or payments, except that the entire account must be distributed by the fifth anniversary of the member's death.

(2) A lump-sum death benefit paid to the member's beneficiary, other than the member's estate, that is an eligible distribution may be distributed in the form of a direct transfer to a retirement plan eligible to receive such transfer under the provisions of the Internal Revenue Code.

(3) For any member whose death occurs on or after January 1, 2007, while performing qualified military service as defined in section 414(u) of the Internal Revenue Code, the member's beneficiary shall be entitled to any additional death benefit that would have been provided, other than the accrual of any benefit relating to the period of qualified military service. The additional death benefit shall be determined as if the member had returned to employment with the State of Nebraska and such employment had terminated on the date of the member's death.

(1) Any member who is an employee, disregarding the length of service, may be retired as a result of disability either upon the member's own application or upon the application of the member's employer or any person acting in the member's behalf. Before any member may be so retired, a medical examination shall be made at the expense of the retirement system, which examination shall be conducted by a disinterested physician legally authorized to practice medicine under the laws of the state in which he or she practices, such physician to be selected by the retirement board, and the physician shall certify to the board that the member suffers from an inability to engage in any substantially gainful activity by reason of any medically determinable physical or mental impairment which was initially diagnosed or became disabling while the member was an active participant in the plan and which can be expected to result in death or to be of long-continued and indefinite duration. The medical examination may be waived if, in the judgment of the retirement board, extraordinary circumstances exist which preclude substantial gainful activity by the member. Such circumstances shall include hospice placement or similar confinement for a terminal illness or injury. The application for disability retirement shall be made within one year of termination of employment.

(2) The retirement board may require any disability beneficiary who has not attained the age of fifty-five years to undergo a medical examination at the expense of the board once each year. If any disability beneficiary refuses to undergo such an examination, the disability retirement benefit may be discontinued by the board.

(3) The retirement board may adopt and promulgate rules and regulations and prescribe the necessary forms to carry out this section.

84-1325 Employees; military service; credit; payments.

(1)(a) For military service beginning on or after December 12, 1994, but before January 1, 2018, any employee who, while an employee, entered into and served in the armed forces of the United States and who within ninety days after honorable discharge or honorable separation from active duty again became an employee shall be credited, for the purposes of the provisions of section 84-1317, with all the time actually served in the armed forces as if such person had been an employee throughout such service in the armed forces pursuant to the terms and conditions of subdivision (b) of this subsection.

(b) Under such rules and regulations as the retirement board may adopt and promulgate, any employee who is reemployed pursuant to 38 U.S.C. 4301 et seq., may pay to the retirement system an amount equal to the sum of all deductions which would have been made from the employee's compensation during such period of military service. Payment shall be made within the period required by law, not to exceed five years. To the extent that payment is made, (i) the employee shall be treated as not having incurred a break in service by

reason of the employee's period of military service, (ii) the period of military service shall be credited for the purposes of determining the nonforfeitability of the employee's accrued benefits and the accrual of benefits under the plan, and (iii) the employer shall allocate the amount of employer contributions to the employee's employer account in the same manner and to the same extent the allocation occurs for other employees during the period of service. For purposes of employee and employer contributions under this subsection, the employee's compensation during the period of military service shall be the rate the employee would have received but for the military service or, if not reasonably determinable, the average rate the employee received during the twelve-month period immediately preceding military service.

(c) The employer shall pick up the employee contributions made through irrevocable payroll deduction authorizations pursuant to this subsection, and the contributions so picked up shall be treated as employer contributions in the same manner as contributions picked up under subsection (1) of section 84-1308.

(2)(a) For military service beginning on or after January 1, 2018, any employee who is reemployed pursuant to 38 U.S.C. 4301 et seq., shall be treated as not having incurred a break in service by reason of the employee's period of military service. Such military service shall be credited for purposes of determining the nonforfeitability of the employee's accrued benefits and the accrual of benefits under the plan.

(b) The agency employing the employee shall be liable for funding any obligation of the plan to provide benefits based upon such period of military service. To satisfy the liability, the agency employing the employee shall pay to the retirement system an amount equal to:

(i) The sum of the employee and employer contributions that would have been paid during such period of military service; and

(ii) Any actuarial costs necessary to fund the obligation of the plan to provide benefits based upon such period of military service. For the purposes of determining the amount of such liability and obligation of the plan, earnings and forfeitures, gains and losses, regular interest, interest credits, or dividends that would have accrued on the employee and employer contributions that are paid by the employer pursuant to this section shall not be included.

(c) The amount required pursuant to subdivision (b) of this subsection shall be paid to the retirement system as soon as reasonably practicable following the date of reemployment, but must be paid within eighteen months of the date the board notifies the employer of the amount due. If the employer fails to pay the required amount within such eighteen-month period, then the employer is also responsible for any actuarial costs and interest on actuarial costs that accrue from eighteen months after the date the employer is notified by the board until the date the amount is paid.

(d) The retirement board may adopt and promulgate rules and regulations to carry out this subsection, including, but not limited to, rules and regulations on:

(i) How and when the employee and employer must notify the retirement system of a period of military service;

(ii) The acceptable methods of payment;

(iii) Determining the service and compensation upon which the contributions must be made;

(iv) Accelerating the payment from the employer due to unforeseen circumstances that occur before payment is made pursuant to this section, including, but not limited to, the employee's termination or retirement or the employer's reorganization, consolidation, merger, or closing; and

(v) The documentation required to substantiate that the individual was reemployed pursuant to 38 U.S.C. 4301 et seq.

(3) This section only applies to military service that falls within the definition of uniformed service under 38 U.S.C. 4301 et seq. Military service does not include service provided pursuant to sections 55-101 to 55-181.

(1) The Legislature finds and determines that protecting investments in buildings through the completion of deferred maintenance, repair, renovation, and facility replacement construction projects is of critical importance to the State of Nebraska. The Legislature further recognizes that arresting the continued deterioration of buildings, limiting the effects of inflation on the costs of such deferred maintenance, repair, renovation, and facility replacement construction, and bringing such buildings into compliance with current health and safety requirements at the earliest possible time is necessary for protecting such investment in the buildings of the State of Nebraska. 85-1414.01 Oral health care; practice of dentistry; legislative intent; Oral Health Training and Services Fund; created; use; investment; contracts authorized; duties.

(1) The Legislature finds that:

(a) The availability and accessibility of quality, affordable oral health care for all residents of the State of Nebraska is a matter of public concern and represents a compelling need affecting the general welfare of all residents;

(b) The development and sustainability of a skilled workforce in the practice of dentistry is a public health priority for the State of Nebraska; and

(c) According to research sponsored by the Office of Oral Health and Dentistry of the Department of Health and Human Services, the Nebraska Rural Health Advisory Commission, and the Health Professions Tracking Service of the College of Public Health of the University of Nebraska Medical Center:

(i) A majority of the ninety-three counties of the State of Nebraska are general dentistry shortage areas as designated by the Nebraska Rural Health Advisory Commission and more than twenty percent of the ninety-three counties have no dentist;

(ii) Eighty-two counties are shortage areas in pediatric dentistry as designated by the Nebraska Rural Health Advisory Commission;

(iii) The uneven distribution of dentists in the State of Nebraska is a public health concern and twenty-four percent of the dentists in Nebraska are estimated to be planning to retire by 2017;

(iv) Sixty percent of the children in the State of Nebraska experience dental disease by the time they are in the third grade; and

(v) It is estimated that more than twenty-five thousand children attending public schools in Omaha, Nebraska, do not have a means of continuing dental care.

(2) It is the intent of the Legislature to provide for the development of a skilled and diverse workforce in the practice of dentistry and oral health care in order to provide for the oral health of all residents of Nebraska, to assist in dispersing the workforce to address the disparities of the at-risk populations in the state, and to focus efforts in areas and demographic groups in which access to a skilled workforce in the practice of dentistry and oral health care is most needed. In order to accomplish these goals, the Legislature recognizes that it is necessary to contract with professional dental education institutions committed to addressing the critical oral health care needs of the residents of Nebraska.

(3) The Oral Health Training and Services Fund is created. The Coordinating Commission for Postsecondary Education shall administer the fund to contract for reduced-fee and charitable oral health services, oral health workforce development, and oral health services using telehealth as defined in section 71-8503 for the residents of Nebraska. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act.

(4) To be eligible to enter into a contract under this section, an applicant shall be a corporation exempt for federal tax purposes under section 501(c)(3) of the Internal Revenue Code and shall submit a plan to the commission as prescribed in subsection (5) of this section to provide oral health training, including assistance for the graduation of dental students at a Nebraska dental college, to provide discounted or charitable oral health services focusing on lower-income and at-risk populations within the state, and to target the unmet oral health care needs of residents of Nebraska. In addition, the applicant shall submit at least five letters of intent with school districts or federally qualified health centers as defined in section 1905(l)(2)(B) of the federal Social Security Act, 42 U.S.C. 1396d(l)(2)(B), as such act and section existed on January 1, 2010, in at least five different counties throughout the state to provide discounted or charitable oral health services for a minimum of ten years. An application to enter into a contract under this section shall be made no later than January 1, 2017.

§ 85-1414.01 UNIVERSITY, COLLEGES, POSTSECONDARY EDUCATION

(5) The plan shall include (a) a proposal to provide oral health training at a reduced fee to students in dental education programs who agree to practice dentistry for at least five years after graduation in a dental health profession shortage area designated by the Nebraska Rural Health Advisory Commission pursuant to section 71-5665, (b) a proposal to provide discounted or charitable oral health services for a minimum of ten years to residents of Nebraska, and (c) a proposal to provide oral health services to residents of Nebraska using telehealth as defined in section 71-8503.

(6) Any party entering into a contract under this section shall agree that any funds disbursed pursuant to the contract shall only be used for services and equipment related to the proposals in the plan and shall not be used for any other program operated by the contracting party. If any of the funds disbursed pursuant to the contract are used for equipment, such funds shall only be used for patient-centered oral health care equipment, including, but not limited to, dental chairs for patients, lighting for examination and procedure rooms, and other equipment used for oral health services for patients and for training students in dental education programs, and shall not be used for travel, construction, or any other purpose not directly related to the proposals in the plan.

(7) The contract shall require matching funds from other sources in a four-to-one ratio with the funds to be disbursed under the contract. The party entering into the contract shall specify the source and amount of all matching funds. No applicant shall receive an award amount under a contract under this section of more than eight million dollars. If more than one applicant meets the requirements of this section to enter into a contract and provides evidence that private or other funds have been received by the applicant as matching funds for such a contract in an amount greater than or equal to sixteen million dollars, each of such applicants shall receive an award amount under a contract equal to eight million dollars divided by the number of such applicants. If one of such applicants qualifies for a contract award amount of less than four million dollars, any other such applicant may receive a contract award amount up to eight million dollars minus the amount awarded to the applicant qualifying for less than four million dollars. The contract amount shall be awarded first to the applicant qualifying for the lowest contract award amount. The contract shall require full and detailed reporting of the expenditure of funds disbursed pursuant to the contract. Any party entering into a contract under this section shall report electronically to the Legislature within one hundred twenty days after the expenditure of the funds disbursed pursuant to the contract detailing the nature of the expenditures made as a result of the contract. In addition, any party entering into a contract under this section shall report electronically to the Legislature on an annual basis the charitable oral health services provided in school districts and federally qualified health centers and the number of recipients and the placements of students receiving oral health training at a reduced fee in dental education programs.

(8) The State Treasurer shall transfer the June 30, 2017, unobligated balance in the Oral Health Training and Services Fund to the Cash Reserve Fund on such date as directed by the budget administrator of the budget division of the Department of Administrative Services.

(1) An electric utility and a commercial broadband supplier may enter into a broadband facility agreement for the use of an electric utility easement or electric utility infrastructure, or both, to:

(a) Install, maintain, or own, or permit any commercial broadband supplier to install, maintain, or own, an attached facility for operation by a commercial broadband supplier in providing commercial broadband service; and

(b) Lease or otherwise provide to a commercial broadband supplier any excess capacity of attached facilities for purposes of providing commercial broadband service.

(2)(a) A broadband facility agreement shall contain one of the following with respect to the use of any electric utility easement:

(i) A statement that the electric utility has the legal right to authorize the use of the electric utility easement for commercial broadband facilities;

(ii) A statement that the commercial broadband supplier has compensated property owners for the use of the electric utility easement for commercial broadband facilities pursuant to subsection (5) of this section; or

(iii) A statement that the electric utility has given notice to property owners pursuant to subdivision (2)(b) of this section and the time for making a claim has expired.

(b) Notice pursuant to this subsection shall:

(i) Be sent by certified mail from or on behalf of the electric utility to the property owner at each of the following, as applicable:

(b) The property owner shall make reasonable accommodations for the electric utility or commercial broadband supplier to perform an appraisal or inspection of the real property within ninety days following any written request for an appraisal or inspection. If a property owner fails to make such accommodations, the electric utility or commercial broadband supplier has no further liability to the property owner with respect to such claim or cause of action. The electric utility or commercial broadband supplier shall promptly provide to the property owner a copy of any appraisal performed pursuant to this subdivision (b);

(7) For purposes of subsection (4) of this section, when prepaid wireless telecommunications service is sold with one or more other products or services for a single, non-itemized price, the seller shall elect to treat the price of the prepaid wireless telecommunications service (a) as such entire non-itemized price, (b) if the amount of prepaid wireless telecommunications service is disclosed to the consumer as a dollar amount, as such dollar amount, or (c) if the retailer can identify the portion of the price that is attributable to the prepaid wireless telecommunications service by reasonable and verifiable standards from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, nontax purposes, as such portion. If the amount of prepaid wireless telecommunications service is denominated as ten minutes or less or as five dollars or less, the seller may elect not to collect any prepaid wireless surcharge with respect to the retail transaction.

86-1101. Broadband telecommunications service; legislative intent.

86-1102. Rural Broadband Task Force; created; members; terms; advisory groups; staff assistance; powers; duties; expenses; meetings; report.

86-1103. Rural Broadband Task Force Fund; created; use; investment.

86-1101 Broadband telecommunications service; legislative intent.

The Legislature finds and declares that:

(1) The availability, quality, and affordability of broadband telecommunications service is important to the residents of Nebraska; and

(2) Because availability, quality, and affordability of broadband telecommunications service is lacking in certain rural areas in Nebraska, combined with greater investment in urban areas, the state may be facing a digital divide.

It is the intent of the Legislature that broadband telecommunications service in rural areas of the state should be comparable in download and upload speed and price to urban areas in the state where possible and that state resources should be utilized to ensure that the rural residents of the state should not be penalized simply because of their rural residence. It is further the intent of the Legislature that the residents of this state should have access to broadband telecommunications service at a minimum download speed of twenty-five megabits per second and a minimum upload speed of three megabits per second.

Source: Laws 2018, LB994, § 1.

86-1102 Rural Broadband Task Force; created; members; terms; advisory groups; staff assistance; powers; duties; expenses; meetings; report.

(1) The Rural Broadband Task Force is hereby created. Task force members shall include the chairperson of the Transportation and Telecommunications Committee of the Legislature and a member of the Legislature selected by the Executive Board of the Legislative Council who shall both serve as nonvoting, ex officio members, a member of the Public Service Commission who shall be selected by the chairperson of such commission, the chairperson of the Nebraska Information Technology Commission or his or her designee who shall act as chairperson of the task force, the Director of Economic Development or his or her designee, the Director of Agriculture or his or her designee, and the following members to be appointed by the Governor: A representative of the agribusiness community, a representative of the Nebraska business community, a representative of the regulated wireline telecommunications industry, a representative of the wireless telecommunications industry, a representative of the public power industry, a representative of health care providers, a representative of Nebraska postsecondary educational institutions, and a representative of rural schools offering kindergarten through grade twelve. The members appointed by the Governor shall serve for a term of two years and may be reappointed.

(2) The task force may appoint advisory groups to assist the task force in providing technical expertise and advice on any issue. The advisory groups may be composed of representatives of stakeholder groups which may include, but not necessarily be limited to, representatives from small and large wireline companies, wireless companies, public power districts, electric cooperative corporations, cable television companies, Internet service providers, low-income telecommunications and electric utility customers, health care providers, and representatives of educational sectors. No compensation or expense reimbursement shall be provided to any member of any advisory group appointed by the task force.

(3) The Nebraska Information Technology Commission shall provide staff assistance to the task force in consultation with staff from the Public Service Commission and other interested parties. The task force may hire consultants to assist in carrying out its duties. The task force shall review issues relating to availability, adoption, and affordability of broadband services in rural areas of Nebraska. In particular, the task force shall:

(a) Determine how Nebraska rural areas compare to neighboring states and the rest of the nation in average download and upload speeds and in subscription rates to higher speed tiers, when available;

(b) Examine the role of the Nebraska Telecommunications Universal Service Fund in bringing comparable and affordable broadband services to rural residents and any effect of the fund in deterring or delaying capital formation, broadband competition, and broadband deployment;

(c) Review the feasibility of alternative technologies and providers in accelerating access to faster and more reliable broadband service for rural residents;

(d) Examine alternatives for deployment of broadband services to areas that remain unserved or underserved, such as reverse auction programs described in section 86-330, public-private partnerships, funding for competitive deployment, and other measures, and make recommendations to the Public Service Commission to encourage deployment in such areas;

(e) Recommend state policies to effectively utilize state universal service fund dollars to leverage federal universal service fund support and other federal funding;

(f) Make recommendations to the Governor and Legislature as to the most effective and efficient ways that federal broadband rural infrastructure funds received after July 1, 2018, should be expended if such funds become available; and

(g) Determine other issues that may be pertinent to the purpose of the task force.

(4) Task force members shall serve on the task force without compensation but shall be entitled to receive reimbursement for expenses incurred for such service as provided in sections 81-1174 to 81-1177.

(5) The task force shall meet at the call of the chairperson and shall present its findings in a report to the Executive Board of the Legislative Council no later than November 1, 2019, and by November 1 every odd-numbered year thereafter. The report shall be submitted electronically.

(6) For purposes of this section, broadband services means high-speed telecommunications capability at a minimum download speed of twenty-five megabits per second and a minimum upload speed of three megabits per

second, and that enables users to originate and receive high-quality voice, data, and video telecommunications using any technology.

86-1103 Rural Broadband Task Force Fund; created; use; investment.

The Rural Broadband Task Force Fund is created. The fund shall be used to carry out the purposes of the Rural Broadband Task Force as described in section 86-1102. For administrative purposes, the fund shall be located in the Nebraska Information Technology Commission. The fund shall consist of money appropriated or transferred by the Legislature and gifts, grants, or bequests from any source, including federal, state, public, and private sources. 86-1202 Legislative findings and declarations.

The Legislature finds and declares that:

(1) The deployment of small wireless facilities and other next-generation wireless facilities is a matter of statewide concern and interest and public policy;

(2) Wireless products and services are a significant and continually growing part of the state's economy. Encouraging the development of strong and robust wireless communications networks throughout the state is necessary to address public need and policy and is integral to the state's economic competitiveness;

(3) Rapid deployment of small wireless facilities will serve numerous important statewide goals and public policy, including meeting growing consumer demand for wireless data, increasing competitive options for communications services available to the state's residents, improving the ability of the state's residents to communicate with other residents and with their state and local governments, and promoting public safety;

(4) Small wireless facilities, including facilities commonly referred to as small cells and distributed antenna systems, are deployed most effectively in public rights-of-way;

(5) To meet the public need and policy and the key objectives of the Small Wireless Facilities Deployment Act, wireless providers must have access to the public rights-of-way to densify their networks and provide next-generation wireless services;

(6) Uniform procedures, rates, and fees for permit issuance and deployment of small wireless facilities in public rights-of-way and on authority infrastruc-

ture, including poles, throughout the state are reasonable and will encourage the development of robust next-generation wireless networks for the benefit of residents throughout the state; and

(7) The procedures, rates, and fees in the Small Wireless Facilities Deployment Act, together with any taxes, fees, or charges imposed under section 86-704, (a) are fair and reasonable when viewed from the perspective of the state's residents and the state's interest in having robust, reliable, and technologically advanced wireless networks and (b) reflect a balancing of the interests of the wireless providers deploying new facilities and the interests of authorities in receiving fair value by recovering their costs of managing access to the public rights-of-way and the attachment space provided on authority infrastructure and reviewing and processing applications for the installation of small wireless facilities within the rights-of-way.

86-1236 Activities of wireless provider within right-of-way to deploy small wireless facilities and associated utility poles; provisions applicable.

(1) This section applies only to activities of a wireless provider within the right-of-way to deploy small wireless facilities and associated utility poles.

(2) An authority shall not enter into an exclusive arrangement with any person for use of the right-of-way.

(3) Subject to the exception in subsection (7) of section 86-1237, an authority may only charge a wireless provider on a nondiscriminatory basis the rate or fee provided in section 86-1239 for the use of any right-of-way for the collocation of small wireless facilities or the installation, maintenance, modification, operation, or replacement of a utility pole in the right-of-way if the authority charges other entities for the use of the right-of-way. An authority may, on a nondiscriminatory basis, refrain from charging any rate to a wireless provider for the use of the right-of-way.

(4) Except as provided in this section, a wireless provider shall have the right, as a permitted use not subject to zoning review or approval, to collocate small wireless facilities and install, maintain, modify, operate, and replace utility poles along, across, upon, and under the right-of-way so long as such facilities and poles do not obstruct or hinder the usual travel or public safety on such right-of-way or obstruct the legal use of such right-of-way by utilities or the safe operation of their systems or provision of service.

(5)(a) Any new or modified utility pole installed in a right-of-way shall not exceed the greater of (i) five feet in height above the tallest existing utility pole in place as of September 1, 2019, located within five hundred feet of the new utility pole in the same right-of-way or (ii) fifty feet above ground level.

(b) New small wireless facilities in a right-of-way shall not extend more than the greater of (i) fifty feet in height, including antenna, or (ii) more than five feet above an existing utility pole in place as of September 1, 2019, and located within five hundred feet in the same right-of-way.

(c) An authority shall have the right, at its sole discretion and subject to applicable nondiscriminatory regulations, to consider and approve an application to install a utility pole or wireless support structure that exceeds the height limits in this subsection for the right to collocate a small wireless facility and install, maintain, modify, operate, and replace a utility pole that exceeds such height limits along, across, upon, and under a right-of-way.

(6) An applicant may request approval from an authority, as part of the application process, to replace a decorative pole when necessary to collocate a small wireless facility. Any replacement decorative pole shall conform to the nondiscriminatory design aesthetics of the decorative pole being replaced.

(7) Except for facilities excluded from evaluation for effects on historic properties under 47 C.F.R. 1.1307(a)(4), as such regulation existed on January 1, 2019, an authority shall have the right to require design or concealment measures in a historic district established prior to January 1, 2019. Such design or concealment measures shall be objective and directed to avoid or remedy the intangible public harm of unsightly or out-of-character wireless facilities deployed at the proposed location within the authority's jurisdiction. Any such design or concealment measures shall be reasonable, nondiscriminatory, and published in advance, and shall not be considered a part of the small wireless facility for purposes of the size restrictions of a small wireless facility.

(8) An authority may require a wireless provider to repair all damage to a right-of-way directly caused by the activities of the wireless provider in the right-of-way and return the right-of-way to equal or better condition to that before the damage occurred pursuant to the competitively neutral and reasonable requirements and specifications of the authority. If the applicant fails to make the repairs that are reasonably required by the authority within fourteen days after written notice, the authority may undertake such repairs and charge the wireless provider the reasonable, documented cost of such repairs. An authority shall grant an extension of up to ten days to complete such repairs if the wireless provider requests such extension within the original fourteen-day period. In the event of immediate threat to life, safety, or to prevent serious injury, the authority may immediately undertake to restore the site and then notify the applicant and charge the applicant for all reasonable restoration costs.

86-1237 Issuance of permit for small wireless facility within right-of-way; applicant; procedure; cost; authority; powers; denial; grounds; Department of Transportation; powers.

(1) This section applies to the issuance of a permit for a small wireless facility within the right-of-way as specified in subsection (4) of this section and to the issuance of a permit for the installation, modification, and replacement of a utility pole by an applicant within a right-of-way.

(2) Except as provided in the Small Wireless Facilities Deployment Act, an authority shall not prohibit, regulate, or charge for the collocation of small wireless facilities or the installation, modification, or replacement of utility poles to support small wireless facilities.

(3)(a) An applicant that collocates a small wireless facility within an authority right-of-way or on a utility pole assumes the risk of loss, damage to, or loss of use of such facility when such pole is damaged, destroyed, or taken out of

service on authority property, except to the extent that such loss or damage is due to or caused by the negligence or willful misconduct of the authority or its employees, contractors, or agents. This subdivision does not preclude claims against entities other than the authority.

(b) The construction, operation, maintenance, collocation, or placement of wireless facilities, utility poles, or wireless support structures shall occur at no cost from an applicant to an authority unless otherwise agreed to in advance between an applicant and the authority.

(c) If the future maintenance or construction of an authority road requires the moving or relocating of wireless facilities, utility poles, or wireless support structures currently located within a right-of-way, such facilities, poles, or structures shall be removed or relocated by the owner of such small wireless facilities, poles, or structures at the owner's expense and as directed by the authority.

(4) Small wireless facilities shall be classified as a permitted use and not subject to zoning review or approval if collocated within the right-of-way. Small wireless facilities to be located in an airport hazard area as defined by section 3-301 shall comply with any regulations governing such area.

(5) An authority may require an applicant to apply for and obtain one or more permits to collocate a small wireless facility or install a new, modified, or replacement utility pole associated with a small wireless facility. Such permits shall be of general applicability and not apply exclusively to wireless facilities. An authority shall receive applications for, process, and issue such permits subject to the following requirements:

(a) Except as otherwise provided in subdivision (b) of this subsection, an authority shall not directly or indirectly require an applicant to perform services or provide goods unrelated to the permit, such as in-kind contributions to the authority, including reserving fiber, conduit, or utility pole space for the authority;

(b) An authority shall be allowed to reserve space on authority poles and the applicant shall cooperate with the authority in any such reservation, except that the authority shall first notify the applicant in writing that it is interested in reserving such pole space or sharing the trenches or bores in the area where the collocation is to occur. The applicant shall allow the authority to place its infrastructure in the applicant's trenches or bores or on the utility pole as requested by the authority, except that the authority shall incur the incremental costs of placing the conduit or infrastructure as requested. The authority shall be responsible for maintaining its facilities in the trenches and bores and on the authority pole;

(c) An applicant shall not be required to provide more information to obtain a permit than a communications service provider that is not a wireless provider, except as directly related to the impairment of wireless service in the immediate area of the proposed small wireless facility and except that an applicant may be required to include construction and engineering drawings and information demonstrating compliance with the criteria in subdivision (j) of this subsection;

(d) An authority may propose a technically feasible alternate utility pole location. The wireless provider shall cooperate with the authority to address the authority's reasonable proposal. The authority shall not require the placement

of small wireless facilities on any specific utility pole or category of poles or require multiple antenna systems on a single utility pole;

(e) An authority shall not limit the placement of small wireless antennas by minimum horizontal separation distances;

(f) An authority may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within nine months after the later of the completion of all make-ready work or the permit issuance date unless a delay is caused by lack of commercial power or communications transport facilities to the site. In such case the applicant shall have an extension not to exceed nine months. The authority and applicant may mutually agree to an additional extension;

(g) Within twenty days after receiving an application, an authority shall determine and notify the applicant in writing whether the application is complete. If an application is incomplete, the authority shall specifically identify the missing information in writing. The processing deadline in subdivision (h) of this subsection shall restart upon the first finding of incompleteness. The applicant may resubmit the completed application within thirty days without additional charge. Subsequent findings of incompleteness shall toll the application processing deadline in subdivision (h) of this subsection. The subsequent review shall be limited to the specifically identified information subsequently completed except to the extent material changes have been made by the applicant, other than those required by the authority, in which case a new application and application fee shall be submitted. Subsequent findings of incompleteness will toll the deadline from the time the authority sends notice of incompleteness to the time the applicant provides the missing information. The application processing deadline also may be tolled by agreement of the applicant and the authority;

(h) An application shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within ninety days after receipt of the application. An authority may extend the application processing deadline described in subdivision (g) of this subsection for a single period of ten business days if the authority notifies the applicant in advance before the day on which approval or denial is originally due. Upon mutual agreement between the applicant and the authority, the authority may extend the period for consideration of an application for thirty days;

(i) A permit shall authorize an applicant to undertake only certain activities in accordance with this section and does not create a property right or grant authority to the applicant to infringe upon the rights of others who may own or have other interests in a right-of-way, utility easement, or other privately owned property;

(j) An authority may deny a proposed collocation of a small wireless facility or installation, modification, or replacement of a utility pole that meets the requirements of section 86-1236 only if the proposed application:

(i) Materially and demonstrably interferes with the safe operation of traffic control equipment or the right-of-way;

(ii) Materially interferes with sight lines or clear zones for air or land transportation or pedestrians;

(iii) Materially interferes with compliance with the federal Americans with Disabilities Act of 1990 or similar federal or state standards regarding pedestrian access or movement;

(iv) Fails to comply with reasonable and nondiscriminatory spacing requirements of general application adopted by ordinance or resolution that concern the location of ground-mounted equipment and new utility poles. Such spacing requirements shall not prevent a wireless provider from serving any location;

(v) Fails to comply with applicable codes if they are of general applicability and do not apply exclusively to wireless facilities;

(vi) Fails to comply with the authority's aesthetic requirements that are reasonable, objective, and published in advance; or

(vii) Designates the location of a new utility pole within seven feet in any direction of an electrical conductor unless the wireless provider obtains the written consent of the public power supplier that owns or manages the electrical conductor;

(k) An authority shall document the basis for a permit application denial, including any specific code provisions on which the denial was based, and send such documentation to the applicant on or before the day the authority denies the application. The applicant may cure the deficiencies identified by the authority and resubmit the application within thirty days after the denial without paying an additional application fee. The authority shall approve or deny the resubmitted application within thirty days. Any subsequent review shall be limited to the deficiencies cited in the denial;

(l) An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority may, at the applicant's discretion, file a consolidated application for up to thirty individual small wireless facilities if the population within the jurisdiction of the authority is fifty thousand people or more, or up to five individual small wireless facilities if the population within the jurisdiction of the authority is less than fifty thousand people, instead of filing a separate application for each individual small wireless facility. Each small wireless facility within a consolidated application is subject to individual review, except that the denial of one or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same application or be a basis upon which to deny the consolidated application as a whole. If an applicant applies to construct or collocate several small wireless facilities within the jurisdiction of a single authority, the authority shall:

(i) Allow the applicant, at the applicant's discretion, to file a single set of documents that apply to all of the applicant's small wireless facilities; and

(ii) Render a decision regarding all of the applicant's small wireless facilities in a single administrative proceeding unless local requirements require an elected or appointed body to render such decision;

(m) Installation or collocation for which a permit is granted pursuant to this section shall be completed within one year of the later of the completion of all make-ready work or permit issuance date unless a delay is caused by the lack of commercial power or communications transport facilities at the site. In such case the applicant shall have an extension up to nine months. The authority and applicant may mutually agree to an additional extension. Approval of an application authorizes the applicant to maintain and operate the small wireless

facilities and any associated utility pole covered by the permit for a period of not less than five years, subject to applicable relocation requirements and the applicant's right to terminate at any time. The authority shall renew such permit for an equivalent duration so long as the applicant is in compliance with the criteria set forth in subdivision (j) of this subsection as such criteria existed at the time the permit was granted;

(n) An authority shall not institute a moratorium on filing, receiving, or processing applications or issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification, or replacement of utility poles to support small wireless facilities; and

(o) Nothing in the Small Wireless Facilities Deployment Act shall be construed to allow any entity to provide communications services without complying with all laws applicable to such providers. Nothing in the act shall be construed to authorize the collocation, installation, placement, maintenance, or operation of any communications facility, including a wireline backhaul facility, other than a small wireless facility or a utility pole, in a right-of-way.

(6)(a) Notwithstanding any other provision of the Small Wireless Facilities Deployment Act, for any construction, operation, collocation, maintenance, management, relocation, or placement of wireless facilities, utility poles, decorative poles, or wireless support structures that occurs above, across, under, or upon a state or federal highway right-of-way, as such term is defined in section 39-1302, or upon a state-owned utility pole, decorative pole, or wireless support structure, the application process, location, and installation of such facilities, poles, or structures, as such pertain to the present and future use of the right-of-way or state-owned poles or wireless support structures for highway purposes, shall be subject to the rules and regulations, guidance documents, and usual and customary permitting requirements of the State of Nebraska and the Department of Transportation, including, but not limited to, requirements, fees, rates, and deadlines for location and engineering review and response, liability and automobile insurance, indemnification of the Department of Transportation from liability, protection of public safety and property interests, and compliance with federal transportation funding requirements. Nothing in this subdivision affects, modifies, expands, or narrows the application or effect of any federal law, statute, rule, regulation, or order.

(b) Traffic signal utility poles and traffic control devices owned by the Department of Transportation shall not be used for the collocation of small wireless facilities under the Small Wireless Facilities Deployment Act. State highway lighting utility poles or decorative poles may be used for collocation of small wireless facilities only if:

(i) There are insufficient reasonable alternative collocation options at or near the requested location;

(ii) The small wireless facilities can be safely installed, operated, and maintained; and

(iii) The collocation of the small wireless facilities will not violate reasonable wind, ice, weight, and seismic load requirements on state highway lighting utility poles or decorative poles.

(c) Applicants that collocate small wireless facilities on state highway lighting utility poles or decorative poles assume the risk of loss or damage to, or loss of use of, such facilities when such poles are damaged, destroyed, or taken out of service on state property, except to the extent that such loss or damage is due to

or caused by the negligence or willful misconduct of the Department of Transportation or its employees, contractors, or agents. This subdivision does not preclude claims against entities other than the Department of Transportation.

(d) The construction, operation, maintenance, collocation, or placement of wireless facilities, utility poles, decorative poles, or wireless support structures shall occur at no cost to the Department of Transportation unless otherwise agreed in advance between an applicant and the department.

(e) The Department of Transportation may set and collect a reasonable application fee to cover its costs in administering the activities described in this subsection, a uniform and nondiscriminatory system of annual occupancy rates for the use and occupancy of state-owned property, and a uniform and nondiscriminatory system for setting fees, rates, terms, and conditions for make-ready work.

(f) If the future maintenance or construction of a state or federal highway by the Department of Transportation requires the moving or relocating of wireless facilities, utility poles, decorative poles, or wireless support structures located within the right-of-way, such facilities, poles, or structures shall be removed or relocated by the owner of the facilities, poles, or structures at the owner's expense and as directed by the department.

(g) Nothing in the Small Wireless Facilities Deployment Act affects or prevents the Department of Transportation from imposing its usual and customary permitting requirements for the deployment of wireless facilities that are not small wireless facilities.

(7) An authority shall not require an application, permit, or other approval or charge fees or rates for routine maintenance of small wireless facilities, replacement of small wireless facilities with small wireless facilities that are substantially similar in weight or windage or the same size or smaller, or for the installation, placement, maintenance, operation, or replacement of microwireless facilities that are strung on cables between existing utility poles in compliance with the National Electrical Safety Code. An authority may require a permit for work that exceeds original weight or windage or requires excavation or closing of sidewalks or vehicular lanes within the right-of-way for such activities.

(8) Any small wireless facility that is not operated for a continuous period of ninety days after completion of initial installation, excluding nonoperation due to a natural disaster or other unforeseeable circumstance or temporary equipment failure, shall be considered abandoned. If a small wireless facility is abandoned, the small wireless facility owner shall notify the authority within thirty days of the abandoned status of such facility and such owner shall remove the abandoned facility. The related utility pole shall also be removed unless such pole is otherwise being used by another utility or is owned by a party other than the owner of the removed small wireless facility.

86-1238 Activities of wireless provider within right-of-way; authorized; procedure; rates; terms and conditions.

(1) This section applies to the activities of a wireless provider within the right-of-way.

(2) A person owning, managing, or controlling authority poles in a right-of-way may enter into an exclusive arrangement with any person for the management of an attachment to such poles. A person who manages attachments to authority poles or who manages, purchases, or otherwise acquires an authority pole is subject to the requirements of the Small Wireless Facilities Deployment Act.

(3) An authority shall allow the collocation of small wireless facilities on authority poles using the process in section 86-1237.

(4) The rates provided under section 86-1239 to collocate on authority poles shall be nondiscriminatory regardless of the services provided by the collocating person.

(5)(a) The rates, fees, terms, and conditions for make-ready work to collocate on an authority pole shall be nondiscriminatory, competitively neutral, and commercially reasonable and shall reimburse all reasonable costs incurred by an authority in compliance with the Small Wireless Facilities Deployment Act.

(b) An authority shall provide a good faith estimate for any make-ready work necessary to enable the authority pole to support the requested collocation by an applicant, including pole replacement if necessary, within one hundred twenty days after receipt of a completed application. Make-ready work, including any pole replacement, shall be completed within ninety days after written acceptance of the good faith estimate by the applicant. An authority may require replacement of the authority pole only if it determines and provides details indicating that the collocation would make the authority pole structurally unsound.

(c) The person owning, managing, or controlling the authority pole shall not require more make-ready work than required to meet applicable codes or industry standards. Fees for make-ready work shall not include costs related to known preexisting or prior damage or noncompliance. Fees for make-ready work, including any pole replacement, shall not exceed actual costs or the amount charged to other communications service providers for reasonably similar work and may include reasonable consultant fees or expenses.

(d) For purposes of this subsection, make-ready work generally refers to the modification of utility poles or lines or the installation of guys and anchors to accommodate additional facilities.

86-1239 Requirement to pay rate, fee, or compensation; authority; limitation; occupation tax; application fee; limitation.

(1) An authority shall not require a wireless provider to pay any rate, fee, or compensation to the authority or other person other than what is expressly authorized by section 86-704, or, where applicable, section 14-109, 15-203, 16-205, or 17-525, or the Small Wireless Facilities Deployment Act for the right to use or occupy a right-of-way for collocation of small wireless facilities on wireless support structures or utility poles in the right-of-way or for the installation, maintenance, modification, operation, and replacement of utility poles in the right-of-way.

(2)(a) An authority that charges occupation taxes under section 86-704 shall not charge a wireless services provider any additional amount for the use of a right-of-way. An authority may charge a wireless provider that does not pay the

authority's occupation tax under section 86-704 either a rate of two hundred fifty dollars for each small wireless facility each year, or a fee equal to the occupation tax charged by the authority under section 14-109, 15-203, 16-205, or 17-525.

(b) The application fees for collocation of small wireless facilities on an existing or replacement authority pole shall not exceed five hundred dollars for up to five small wireless facilities on the same application and one hundred dollars for each additional small wireless facility on the same application.

(c) The application fees for the installation, modification, or replacement of a utility pole and the collocation of an associated small wireless facility that are a permitted use in accordance with the specifications in subsection (5) of section 86-1236 shall not exceed two hundred fifty dollars per pole.

(d) In the case of coapplicants for a single site, only one application fee may be charged for the site.

(3) The rate for collocation of a small wireless facility on an authority pole in the right-of-way shall be no more than twenty dollars per authority pole per year.

86-1240 Interpretation of Small Wireless Facilities Deployment Act; limitations.

Nothing in the Small Wireless Facilities Deployment Act shall be interpreted to allow any entity to provide services regulated under 47 U.S.C. 521 to 573, as such sections existed on January 1, 2019, without compliance with all laws applicable to providers of such services. The Small Wireless Facilities Deployment Act shall not be interpreted to impose any new requirements on cable operators for the provision of cable service in this state.

86-1241 Authority; powers and duties; limitations.

(1) Except as provided by the Small Wireless Facilities Deployment Act or applicable federal law, an authority shall continue to exercise zoning, land-use, planning, and permit-granting authority within its territorial boundaries, including with respect to wireless support structures and utility poles, except that no authority shall have or exercise any jurisdiction or authority over the design, engineering, construction, installation, or operation of any small wireless facility located in an interior structure or upon the site of any college or university campus, stadium, or athletic facility not owned or controlled by the authority, other than to comply with applicable codes. An authority shall evaluate the structure classification for wireless support structures under the standard of the American National Standards Institute found in ANSI/TIA-222, as such standard existed on January 1, 2019. Nothing in the Small Wireless Facilities Deployment Act shall authorize the State of Nebraska or any agency or political subdivision thereof, including an authority, to require wireless facility deployment or to regulate wireless services.

(2) Except as provided in the Small Wireless Facilities Deployment Act or as otherwise specifically authorized by state or federal law, an authority may not impose or collect a tax, fee, or rate on a communications service provider authorized to operate in a right-of-way by federal, state, or local law for the

provision of communications service over the communications service provider's communications facilities in the right-of-way, adopt or enforce any regulations or requirements on the placement or operation of communications facilities in the right-of-way by the communications service provider, or regulate any communications services.

86-1242 Disputes; court jurisdiction; rates; applicability.

A court of competent jurisdiction shall have jurisdiction to determine all disputes arising under the Small Wireless Facilities Deployment Act. Pending resolution of a dispute concerning rates for collocation of small wireless facilities on authority poles, the rates listed in section 86-1239 shall apply.

86-1243 Applicability of act.

The Small Wireless Facilities Deployment Act does not apply to the University of Nebraska system and its affiliates, the Nebraska state college system, the community college system, and all campuses, areas, and property of such systems.

86-1244 Public power supplier; negotiated pole attachment agreement; annual pole attachment rate; applicability of act.

(1) A public power supplier shall not be required to allow the collocation of small wireless facilities on utility poles owned, operated, or managed by a public power supplier except pursuant to a negotiated pole attachment agreement containing reasonable and nondiscriminatory terms and conditions, including, but not limited to, applicable rates, and the permit, operational, and safety requirements of the public power supplier.

(2) The annual pole attachment rate for the collocation of a small wireless facility supported by or installed on a utility pole owned, operated, or managed by a public power supplier shall be fair, reasonable, nondiscriminatory, cost-based, and set by the board of such public power supplier in accordance with section 70-655.

(3) Except for the findings and declarations set forth in section 86-1202, the definitions set forth in sections 86-1204 to 86-1235, and subsections (1) and (2) of this section, the Small Wireless Facilities Deployment Act shall not apply to public power suppliers or to the collocation of small wireless facilities on utility poles owned, operated, or managed by a public power supplier.

87-404 Franchise; termination, cancellation, or failure to renew; notice; when; good cause; noncompete agreement; reform; when; franchisor; duties.

(1) It shall be a violation of the Franchise Practices Act for any franchisor directly or indirectly through any officer, agent, or employee to terminate, cancel, or fail to renew a franchise without having first given written notice setting forth all the reasons for such termination, cancellation, or intent not to renew to the franchisee at least sixty days in advance of such termination, cancellation, or failure to renew, except (a) when the alleged grounds are voluntary abandonment by the franchisee of the franchise relationship in which event the written notice may be given fifteen days in advance of such termination, cancellation, or failure to renew; and (b) when the alleged grounds are (i) the conviction of the franchisee in a court of competent jurisdiction of an indictable offense directly related to the business conducted pursuant to the franchise, (ii) insolvency, the institution of bankruptcy or receivership proceedings, (iii) default in payment of an obligation or failure to account for the proceeds of a sale of goods by the franchisee to the franchisor or a subsidiary of the franchisor, (iv) falsification of records or reports required by the franchisor, (v) the existence of an imminent danger to public health or safety, or (vi) loss of the right to occupy the premises from which the franchise is operated by either the franchisee or the franchisor, in which event such termination, cancellation, or failure to renew may be effective immediately upon the delivery and receipt of written notice of the same. It shall be a violation of the Franchise Practices Act for a franchisor to terminate, cancel, or fail to renew a franchise without good cause. This subsection shall not prohibit a franchise from providing that the franchise is not renewable or that the franchise is only renewable if the franchisor or franchisee meets certain reasonable conditions.

(2) If restrictions in a noncompete agreement are found by an arbitrator or a court to be unreasonable in restraining competition, the arbitrator or court shall reform the terms of the noncompete agreement to the extent necessary to cause the restrictions contained therein to be reasonable and enforceable. The arbitrator or court shall then enforce the noncompete agreement against the franchisee, the guarantor, or any person with a direct or indirect beneficial interest in the franchise in accordance with the reformed terms of the noncompete agreement. The arbitrator or court may reform and enforce the restrictions in a noncompete agreement as part of an order for preliminary or temporary relief. Notwithstanding section 87-403, this subsection also applies to any noncompete agreement entered into by a franchisor headquartered in the State of Nebraska, unless otherwise agreed to by the franchisor and franchisee. This subsection applies to any noncompete agreement entered into before, on, or after April 8, 2016.

(3) If a franchisor is also a seller of a seller-assisted marketing plan as defined in section 59-1705 and has previously filed a disclosure document pursuant to section 59-1724 with the Department of Banking and Finance, and such franchisor subsequently executes a noncompete agreement in a stand-alone or ancillary agreement with a franchisee, a disclosure of such stand-alone or ancillary agreement shall be included with the annual updated disclosure document required to be filed under section 59-1724.
